S. E. ARMSTRONG, Town Clerk.

JOHNSON'S JOKE ON SIR WILFRID

How the Hiawatha Indian Chief's Son Answered the Premier's Question

Johnston Paudash's Trip to the Capita and its Incidents—Mistook for a Japanese.

The majority of the residents of Peterborough know Johnson Paudash, of Hiawatha, son of Chief Paudash, of the Rice Lake band of Indians. He is a frequent visitor in town and upon the occasion of a recent visit here, told some interesting incidents of a trip which he took to Ottawa a short time ago, in the interests of the tribe of which he is one of the heads.

Johnson is a good business head head and possesses business capabilities which surpass those of a great many of his white brothers. He is practically the business manager of the tribe, and many who have tried to get the best of him in a business deal known that he is capable of looking after the affairs of the tribe in a business-like manner.

As has been stated, Johnson took a trip to the Capital City a short time ago, and the object of his visit there was to interview the Government with reference to some matters of importance to the Indians of which he is one of the leaders.

While in Ottawa he saw Sir Wilfrid Laurier, and, according to his recital of the incidents of the meeting, he was royally entertained by the Premier, and he recalls that in the course of the conversation Sir Wilfrid said, "I suppose Johnson, since you are an Indian, you could tell me how it is that alcohol affects an Indian more quickly than a white man," and to this Johson replied,—"Well you know of course, Sir Wilfrid, that the alcohol affects the tissues of the brain, and since Indians are more susceptible to its influence, it must be because they have larger brains than the white men." Sir Wilfrid is reported to have laughed heartily at Johnson's philosophy, though whether he was prepared to accept it as the correct answer to his question or not, is not known.

At any rate, Johnson was given a good time, and a ten dollar bill from Sir Wilfrid's purse, with some good Havanas, with which he is making himself a good fellow with his friends here. It is also reported that the Premier was so much impressed with Johnson's ability that he offered him a position worth $960 a year in the Indian Department of of the Government, but Johnson was not prepared to leave Hiawatha, and prepared to remain there looking after the affairs of those under him.

He had other honours shown him while in Ottawa, which he very modestly recounts. On one occasion he met a gentleman on the street, who mistook him for a Jap, which, however, Johnson took as a doubtful compliment. This gentleman invited him to his home to meet his wife and daughters, and to take dinner. Of course Johnson accepted the invitation, but during the meal took occasion to inform his host and hostess that he was an Indian, and not, as he supposed, a Japanese. It is not reported, however, that his welcome was any the less cordial on that account.

Johnson returned to town a few days ago after having arrived at a satisfactory conclusion with the Government upon the matters, the settlement of which called him to the capital.

He is now in Toronto, representing the three bands, of Scugog, Rice Lake and Chemong Indians, in another matter of business.

MR. ADAM HALL AT CORDAGE WORKS

Is Acting as Manager Temparorily but May be Appointed

The Rope Department is Running and the Whole Plant will Soon be in Operation.

The rope room of the Canadian Cordage Company is running steadily now, and as soon as a large supply of manilla, which is now on its way to the Port of Boston, arrives, the whole plant will be put in operation. This was the information given the Examiner to-day by a director of the Company.

Mr. Adam Hall, the President of the Company is now spending considerable time at the works, acting in the capacity of manager, and it is reported that he will be appointed as manager at a meeting of the Board of Directors to be held in the near future. Mr. Hall, when interviewed this morning about it said that at the present time he was looking after the Company's affairs as would be natural in a man occupying the position of President of the Company, pending the appointment by the directors of a permanent manager.

—The weather was again very cold last night and 14 degrees below zero was marked. Towards morning the cold moderated greatly, and to-day is comparatively mild, but the mild conditions will be short-lived.

AN INDUSTRY COMING HERE

Committee of the Whole Voted on the Proposal Last Night.

Will be Reported on at Next Meeting of the Council on Monday.

At last night's meeting of the Committee of the Whole Council, an important proposal was voted on, by the members, and it is expected that next Monday night, when the regular monthly meeting of the council will be held, there will be a pleasant surprise sprung on the electors.

For some time negotiations have been proceeding for the establishment here of a large industry, and last night the Council, in Committee of the Whole, decided to recommend to the Council that they grant the concessions asked for, and this recommendation will be made to the Council at its next meeting, which will be held on Monday night.

The Aldermen are not giving out any information concerning this deal as it was decided at a recent meeting of the Committee of the Whole, that in future no information concerning the transactions of the Council in Committee of the Whole, would be given out until the report was presented to the Council. It is understood that the Mayor expressed himself as being greatly displeased at some of the Alderman who, prior to that time, had not respected the decision previously arrived at, to keep the proceedings of Committee of the Whole, secret, and they all promised to be good in future, and not divulge the business done in Committees.

For this reason no definite information with reference to the proposed new industry, is available at the present time, though, as a matter of fact, the opinion of the Alderman is that it is practically assured.

RIGHTS OF THE MUNICIPALITY

Ald. Adams on a Deputation to Ottawa

Asks the Government to Enact Legislation to Control Poles and the Conducts in the Streets.

Ald. Adame has returned from Ottawa, where he went as a member of a deputation appointed to interview the Government with reference to the rights of municipalities on the streets.

The deputation was composed of representatives from Toronto, Montreal, Ottawa, London, Peterborough, and the leading municipalities of Canada and asked that legislation be passed by the Dominion Government providing that no telephone poles be erected, or conduits constructed on any street or highway in a municipality without the consent of the local council, and upon such terms as the council may approve.

The delegation pointed out that under the recent decision of the judicial committee of the Privy Council the Bell Telephone Co. of Canada were held to have the right to erect poles and string wires thereon, and carry conduits along streets everywhere in Canada without the consent of the local municipal council, subject to the right of the municipality to direct and supervise the work and the location of the poles.

The municipalities are opposed to any private corporation having such powers, more especially as the municipality is liable for the condition of the roadway by reason of the poles being placed thereon. In cities the city council is unable to preserve the streets.

The delegation asked that to remedy these matters an amendment should be made to the Bell Telephone charter or that a general Act be passed.

The delegation was under the charge of the Union of Canadian Municipalities, of which Mr. Lighthall of Montreal, is chairman. The principal speakers were Mr. Lighthall, Mayor Urquhart of Toronto, and Counsel Fullerton of Toronto. What they asked was that the rights held by the Imperial Privy Council to be vested in the Bell Telephone be removed in the future by legislation in the interests of the municipalities.

Mr. Fullerton said that Parliament was steadily making amendments to the bill which more or less interefered with vested rights, and it should do so in this case.

Sir Wilfrid Laurier while Mr. Fullerton was speaking, said that the delegation should appoint a committee to draft a bill setting forth what was desired.

This was agreed to.

The interview took place in the premier's office, and there were present besides Sir Wilfrid, Sir William Mulock, Hon. R. W. Scott and Hon. Chas. Fitzpatrick.

The delegation was composed of Mayor Urquhart, Controller Hubbard, and Corporation Counsel Fullerton, of Toronto; Ald. Ferrestal and Stevley, London; Ald. Adams, of

Peterboro's Leading Shirt House.

NEW SCHOOL FOR SMITH TOWNSHIP

Debentures for $400. for School in Section No. 12—Council Meeting.

Bridgenorth, Jan. 30th. — The Smith council met to-day pursuant to adjournment; all the members present, the Reeve in the chair. The minutes of the last meeting were read and confirmed.

The trustees of S. S. No. 12, having applied to have debentures issued for building a school in that section, for to hsum of $400, it was moved by Mr. Garbutt and seconded by Mr. Graham, that a bylaw to authorize the issue of debentures for the sum of $400 for the erection of a school house in S. S. No. 12, Smith, be read a first time.—Carried.

On motion of Mr. Graham, seconded by Mr. Northey, the council went into Committee of the Whole on the second reading of the bylaw, Mr. Garbutt in the chair.

Council resumed. Chairman reported bylaw read without amendment.

On motion of Mr. Garbutt seconded by Mr. Graham, the bylaw was read a third time and passed. The debentures and coupons were then regularly signed by the reeve and clerk.

Moved by Mr. Graham, seconded by Mr. Northey, that the following claims be paid, viz., R. H. Leary, livery hire to deliver ballot boxes, $3; E. D. Young, goods to Mrs. Godfrey, $5; John Bell, work on road, $1.50; John Chittick, for polling booth, $5; Jopling Bros., goods to Mrs. Smith, $0.16; Municipal World for assessors guide, 50c.

After verbally appointing overseers of highways, pound keepers and fence viewers for the current year, the council adjourned to meet on Feb. 6th.

OBITUARY.

Mrs. R. W. Baker Passed Away Last Night.

The death occurred last night at her home in North Monaghan, of Frances Maria, the wife of Mr. R. W. Baker, after an illness of about four months, during which time she suffered from a gradually weakening disease, but she bore the pain incidental to it with exemplary patience.

Deceased was born in England 73 years ago, and came to Canada in 1866, and has lived in this vicinity ever since. Prior to her marriage she lived with Mr. Thos Allum.

She was married last January to her now bereaved husband.

She was a very active and useful member of Bethany Tabernacle, and was greatly beloved by all who knew her. She is survived by three brothers, one who lives in England, and two reside in Alberta, N.W.T.

—Awaiting ownership at the police station is a memorandum book in a brass case.

Colds

How often you hear it remarked "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded.

Chamberlain's Cough Remedy

has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. It counteracts any tendency of a cold to result in pneumonia.

15,000 WERE SLAIN

Slaughter of Brave Russian and Japanese Soldiers.

FAILURE OF THE RUSSIANS

Jap Artillery and Infantry Bombarded Whole Russian Line—A Contingency By Which Gen. Kuropatkin's Right Flank May Be Unprotected—Forward Movement the Object of the Russians in Attack.

Gen. Oku's Headquarters, Jan. 31. —Saturday afternoon the Japanese began a fierce bombardment with artillery and musketry along the whole line. The firing was kept up until midnight and was resumed at dawn Sunday, continuing until noon. The Russian reply was feeble. A movement of the Japanese left wing, for the purpose of surrounding and cutting off the Russians in the neighborhood of Pokowtai, is progressing slowly, as the resistance is stubborn. Should the Russian force be cut off it will result in leaving Gen. Kuropatkin's right flank unprotected.

Two divisions of Japanese troops attacked Pehowaki and drove four divisions of the Russians across the Hun River. Six hundred Russians were making a stand across the River. One Russian division made several attacks on Eantanpu to the east, but was driven back with a loss of over 4,000. The Japanese bombarded the entire Russian line. The Russianr replied feebly, showing little activity.

The casualties during the fighting at Chemchiahpao and Heikoutai are estimated at five thousand on the side of the Japanese and ten thousand on the Russian side.

Thousands Were Killed.

St. Petersburg, Jan. 31.—General Kuropatkin's attempt to break through the Japanese left wing and outflank Field Marshal Oyama's position on the Shakhe River seems to have failed. Field Marshal Oyama appears to have answered the Russian advance with a counter offensive movement, but no great disposition was shown to carry the war into the territory held by the Russians.

At the War Office the chief blame for the failure of the movement is laid to a sudden drop of the thermometer to 20 degrees below zero, with a high wind, which drifted the snow and rendered it hazardous to expose the troops to camping in the open plain, and also impeded transportation.

The operation entrusted to the second army, under Gen. Grippenberg, was the capture of Sandepas, which, once in Russian hands, would serve as a pivot for a flanking movement against Field Marshal Oyama, but Sandepas proved too hard a nut to crack, and the Japanese, taking advantage of the check of the Russians, hurried up their reinforcements and assumed the offensive on the Hun River, as well as along the railroad and the Great Mandarin road. The Russians, however, appear to have been successful in repulsing all the Japanese attacks. General Grippenberg did not press the attempt to storm Sandepas.

Owing to the flat trajectory and the enormous penetration of modern projectiles, the capture of the outer line of trenches on Thursday entailed heavy casualties, some thousands on both sides being killed or wounded. The news of this defeat is especially hard for the Government. The popular idea continues to be that the advance was undertaken to divert attention from the events in European Russia.

Kuropatkin's Aim.

Russian Headquarters, Huan Mountain, Sunday, Jan. 29.—(Delayed in transmission.)—The object of General Kuropatkin's latest offensive movement was to capture the important position at Sandepas, on the left bank of the Hun River, west of Schili River, and thereby outflank the Japanese from the Shakhe River and enable the Russian army to undertake a general advance.

At Sandepas the Japanese occupied a strongly fortified position, commanding the triangle formed by the confluence of the Hun River and the Shakhe River. The Japanese had erected there a fort of a permanent type with triple earthworks and trenches extending in a southwesterly direction. Several villages to the northeast were also strongly fortified. The positions were held by twelve battalions of Japanese partly drawn from Gen. Nogi's army and partly reserves. The Russians carried the first line of entrenchments, but were unable to maintain their position on the outskirts of Sandepas in the face of fierce cannonading. The fighting was transferred westward. The Japanese counter-attacked with a brigade of infantry endeavoring to envelope the Russians, but the cavalry protecting the Russian flank drove back the Japanese with heavy loss.

A counter attack on the villages captured by the Russians at the outset of the fight was also beaten off, but at the cost to the Russians of several thousand killed or wounded, including General Mistchenko who was wounded in the knee. The heaviest sufferers were the newly arrived brigade of riflemen. The official report of the casualties in the fighting at Hounlitadzy and Hugodi, Jan. 25 and Jan. 26, says they were 45 officers and 1,050 men. A hundred Japanese prisoners have arrived here. They belonged to the division before Port Arthur. The wounded are suffering from the cold, which is increasing.

Seven Sutherland Sisters' Hair Grower

GREW THIS HAIR

Ottawa, Ont., April, 1904.

Seven Sutherland Sisters:—

Dear Ladies,—I had lost all my hair, the top of my head being entirely bald for three years. After using your hair preparation for three weeks my head was covered with a new growth of hair. Now my hair measures about thirty-six inches in length and is improving all the time. I find the Hair Grower a fine dressing as well as a tonic and can recommend it to all.

Yours truly,

Serious Stomach Trouble Cured.

I was troubled with a distress in my stomach, sour stomach and vomiting spells, and can truthfully say that Chamberlain's Stomach and Liver Tablets cured me.—Mrs. T. V. Williams, Laingsburg, Mich. These tablets are guaranteed to cure every case of stomach trouble of this character. For sale by all druggists.

SUING FOR LOST LEG.

English Boy and His Father Suing Women Farmers For Injuries.

Toronto, Jan. 31.—Eric Tolgate, aged 16, came to Canada from England last August to learn farming. He is a son of Stanley Tolgate, a clerk in Law Society Hall, London, England. He also claims to be a nephew of Admiral Rowley, commander of King Edward's royal yacht Victoria.

When young Tolgate arrived in Toronto he was engaged by the sisters Heggler, Lizzie, Susan and Emily, who own and run a farm in Milliken township. He was to be paid $6 a month and board.

On Sept. 30, while the corn was being cut, Tolgate got caught in the mower. The result was that his leg had to be amputated. He claims that it was a windy day, that Miss Lizzie had charge of the machine and was driving the horses with plow lines and that she did not pursue a straight course up and down the field. He was gathering the cut corn, when he was run down by the machine.

He is suing for $5,000 and his father asks for the same amount. Justice Teetzel and a jury are hearing the case. The case will be finished this morning.

Carnegie Draws the Line.

Pittsburg, Jan. 31.—Andrew Carnegie has refused to have anything to do with improvements in Pittsburg which would bring him even into remote connection with the liquor traffic. The head of a large concern in Pittsburg has just returned from New York, where he went to see Mr. Carnegie about erecting a hotel larger than any one in the city, but he was told by Mr. Carnegie, while he thought such a building would make great returns financially, he would have nothing to do with it, since it would be necessary to have a liquor license in the hotel, and he would not lend his name or money to anything connected with the trade.

Taken to Amherstburg.

Toronto, Jan. 31.—The body of Russell H. Barrett, the young civil engineer, who fell out of a York street window to his death, was taken to Amherstburg yesterday on the 4.40 train. There is much conjecture but no light upon how he came to his death, and Coroner Aikin has commenced an inquest, which has been adjourned till Thursday evening. At yesterday's session, Dr. Cullen, who made the post-mortem, read his report. It stated death was caused by a fracture of the skull and hemorrhage of the brain, and that there were no marks of violence on the body. Dr. Riordan corroborated the report.

Accuse Wife of Neglect.

Toronto, Jan. 31.—"That John Honeywell came to his death on Saturday, Jan. 21, from pneumonia, accelerated by the neglect of his wife and family." Such is the verdict which Coroner Pickering's jury returned late last night at the morgue. The evidence of neighbors and medical men showed neglect on the part of the Honeywell family, which occupied a double stall in a barn in rear of 179 Jarvis street for about three months prior to Honeywell's death.

Back in Toronto.

Ottawa, Jan. 31.—J. G. Jardine, Canada's commercial agent in South Africa, has resigned his position on account of ill-health. Mr. Jardine has returned to Toronto.

WM. QUINN'S SUICIDE.

Young Dereham Farmer Shoots Himself in the Head.

Ingersoll, Jan. 31. — Yesterday morning Coroner Neff was called to Dereham where a young farmer, about 34 years of age, named William Quinn, committed suicide by sending a bullet from a revolver into his brain. The rash act was done at the home of his brother, Charles Quinn, at an early hour in the morning. Death was instantaneous, the bullet having entered the head just above to the front of the right ear. The circumstances go to show how determined Wm. Quinn was to take his own life. For an hour previous to the firing of the fatal shot he and his brother Charles sat together, during which time William repeatedly threatened to take his life. He accomplished his purpose when his brother went out, leaving him alone.

The Lady and the Man.

Montreal, Jan. 31.—Short-sightedness on the part of the lady is not sufficient reason for breaking off a marriage after the banns are published. Especially is this so when the lady has worn glasses for years. This was the reason Justice Archibald yesterday gave judgment in favor of Miss Anna Piche in her suit for breach of promise against Damase Limoges. She had sued for $10,000 and he admitted having promised to marry the young lady and having had the banns published. He had discovered a couple of days before the marriage that she was short-sighted, although she had always worn glasses since he first knew her. His reasons were not good enough for either the lady or the court.

Dr. Barnardo Speaks.

London, Jan. 31.—(C.A.P.)—At the Lord Mayor's meeting re child emigration, at which many spoke. Dr. Barnardo said Canada was unsuitable for children under 5. He had tried an experiment and found the death rate 200 in 1900. He thought farms under Mrs. Close's scheme would soon be known as workhouse farms all over the country. He put an amendment to the original resolution that the Local Government Board be requested to reconsider Mrs. Close's scheme. To effect the scheme would be very costly, if not impracticable. The resolution was declared carried by a large majority, though doubts where expressed whether a count of hands would have justified this.

C.P.R. Gets New Line.

Vancouver, Jan. 30.—It is reported that negotiations for the purchase of the Esquimalt and Nanaimo Railway from James Dunsmuir by the C.P.R. have been completed. The railway runs from Victoria to Wellington on Vancouver Island, and is about 75 miles in length.

First Snow in 20 Years.

Rome, Jan. 30.—Severe cold is being experienced in Italy. Mount Vesuvius is covered with snow and even at Palermo, Sicily, snow fell abundantly for the first time in twenty years.

KIDNEY TROUBLES OF WOMEN.

Thousands of women suffer from backache and kindred kidney ills

There is no need for any woman to be ailing for an instant. There is a sure and positive cure in

DR. PITCHER'S BACKACHE-KIDNEY TABLETS.

There is no one more to be pitied than the woman who has to drag through the day's work suffering from a terrible ache in the back, a darting pain between the shoulders, a heavy dragging pain in the loins, or a persistent headache that will not let up for an instant.

More than three-fourths of the sufferings of womankind come from disordered kidneys and poisoned blood—not from so-called "female troubles."

Get the kidneys acting right—have them filter the poisons from the blood and pains and aches flee and good health returns.

Here is a statement from Mrs. W. J. Smith, Smith's Falls, Ont., a woman who knows whereof she speaks:

"I believe Dr. Pitcher's Backache-Kidney Tablets did me more good than any remedy I ever used. My kidneys and back caused me much misery, but the Tablets promptly relieved me. I gave them to my little girl for weakness of the kidneys and the results were satisfactory. My mother also has used them and thinks there was never a kidney medicine to equal them."

Dr. Pitcher's Backache-Kidney Tablets are small, chocolate-coated and easily taken. Price 50c. a bottle of 50 Tablets, at druggists or by mail. The Dr. Zina Pitcher Co., Toronto, Ont.

WARSAW'S 160 DEAD

Strike Demonstrators Evidently in an Ugly Mood.

BAD FEELING IN BRITAIN

Foreign Office New Fears Anti-Russian Outbreak—Continued Russian Acts of Hostility the Cause—Military Attaches Sent to Warsaw to Enquire Into Attack On British Consul-General.

St. Petersburg, Jan. 31.—Yesterday passed in perfect quiet. The report that a bomb was thrown at the Governor-General's residence is unfounded. Interest has been transferred from St. Petersburg and Moscow to Warsaw, Lodz and Libau, where a state of siege has been proclaimed.

In the rioting at Warsaw on Sunday, at least 160 persons were killed or wounded. The strike continues unabated, and business is paralyzed. However, the crisis is by no means passed, and there is great apprehension here with regard to what the night may bring forth, especially if the attempt to disable the lighting system should be successful. The Warsaw demonstrators evidently are in an ugly mood.

The public reprimand administered to the Deputy Chief of Police, Roudbeil, of Moscow, on account of the posting of the anti-British telegram has been delivered, and in Government circles it is thought to be severe enough to satisfy British opinion.

Czar Approves Measures.

St. Petersburg, Jan. 31.—In an interview, Grand Duke Vladimir says: "The shooting by the troops was not planned by anybody; it was done under the ordinary laws of the Empire after the police had failed in their efforts to stop the procession."

With extraordinary emphasis he added:

"The military did their duty only, and they will do it again if necessary.

"It is a mistake to assert, as the foreign press does, that the mob had no warning. The regulation warning given the mob by three blasts of the bugles is in Russia equivalent to a reading of the riot act in America.

"The people of Russia are absolutely unfit for a constitution, and there will be none given. The Emperor is unshakably resolute on that point.

"The Emperor has been much grieved by the recent bloodshed, but he recognizes and admits the necessity thereof, and has expressed his determination to resist all revolutionary demands.

"He is determined to grant all proper reforms, but they will come by his own will."

BAD FEELING IN BRITAIN.

Foreign Office New Fears An Anti-Russian Outbreak.

London, Jan. 31.—Reports of continued acts of hostility to Great Britain and citizens of this country in Russia are causing considerable perplexity and anxiety in official circles here. At the Foreign Office there is evident apprehension of another popular anti-Russian outburst here, and while diplomats say there is no doubt that full satisfaction will be given for the Warsaw affair, the newspapers are unanimous in condemnation of Russia and attribute all incidents to anti-British sentiment.

At the Foreign Office yesterday it was intimated that these accumulative evidences of hostility, which, either accidental or intentional, are causing much apprehension, and it will be necessary for the Russian Government to give full and prompt explanation, or otherwise popular sentiment in the United Kingdom might create a serious situation. It was pointed out that while the injured Pro-Consul at Warsaw, Mucukain, is merely an interpreter and native clerk in the Consulate, that fact made no difference, and that it would be necessary to prove that the affair was not the result of the publication of the objectionable notices concerning which Ambassador Hardinge already has protested officially.

The following communication was issued by the Foreign Office last night: "Information has been received from the British Consul-General at Warsaw that he and Mucukain, the Pro-Consul, were attacked by soldiers on Jan. 28. Murray (the Consul-General) is not believed to have been injured, but Mucukain, who is a Russian subject, was wounded by sword cuts, and is in an hospital. Representations were at once made by Ambassador Hardinge to the Russian Government, which demanded that the Governor-General of Warsaw institute strict inquiry into the incident. His Majesty's Ambassador also sent Colonel Napier, the military attache, to Warsaw to report on the subject."

Bomb For a Prince.

Paris, Jan. 31.—The police early yesterday discovered a supposed bomb with a tube attached, containing a lighted fuse, in front of the house of Prince Troubeskey, an attache of the Russian Embassy here. The policemen extinguished the fuse and informed the authorities, who are investigating the affair.

A meeting was held last night in the Tivoli, Vauxhall, to protest against Russian autocracy. During the exit of the audience into the Avenue de la Republique, a bomb was thrown into the centre of the group of police and Republican Guards, in which stood Prefect Lepine and other high officials. Five persons were wounded.

Hock Arrested in New York.

New York, Jan. 31.—Johann Hock, wanted in Chicago on charges of murder, was arrested last night by the police of the West 47th street precinct. He is said to have admitted his identity.

ANGEL CHILDREN.

Is there any happier woman in this world than that mother whose each successive little one seems to her but one more darling angel to continually lift her thoughts toward the sunshine of perfect happiness? But sorry is the lot of that poor mother to whom motherhood has ceased to be a cause of rejoicing, but has become instead a burden to be dreaded and looked forward to with melancholy and apprehension.

"About three months before our last baby was born (which is our fourth), writes Mrs. Nellie Carl, of Myrtlepoint, Coos Co., Oregon, "my health was very poor. I had been troubled for about eight years with female disease. I doctored with good physicians but obtained no relief, so I wrote to the World's Dispensary Medical Association, and was advised to take Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' I did so, and am happy to say my health began to improve and I did my work up to the last, and felt splendid.

"I got along finely during confinement, and have the healthiest baby I ever saw. When he was three months old he weighed eighteen pounds; he is now seven months old and weighs twenty-four pounds. I can say I have had no return of my old troubles. I thank you very much for the good you have done me."

Any woman may write to Dr. R. V. Pierce, of Buffalo, N. Y., a statement of her case, which will be considered in absolute confidence by this physician who stands among the foremost specialists of the century in the treatment of women's diseases. He will send her (in a plain, sealed envelope) sound, sensible, valuable advice free of all charge.

Dr. Pierce's great thousand-page, illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, to pay the cost of mailing only, or cloth-bound for 50 stamps.

Sheep and Lambs—Receipts, 20,000; good to choice wethers, $5 to $5.65; fair to choice, $4 to $4.90; native lambs, $5.70 to $5.75.

Under a Delusion.

London, Jan. 31.—(C.A.P.)—Prof. Bryce, M.P., speaking at Lewes, said the protectionists were under a complete delusion about Canadian sentiment. He had been recently in Canada and found scant interest there in Mr. Chamberlain's scheme, which was scarcely even mentioned at the November elections. Opinion was divided, but certainly Canadian manufacturers feared British competition too much to let the tariff be lowered.

Very Old Trees.

An old yew tree stands in the churchyard at Fortingal, in Perthshire, which De Candolle nearly a century ago proved to the satisfaction of botanists to be twenty-five centuries old, and another is still standing at Hedsor, in Buckinghamshire, which is 3,240 years old. How De Candolle arrived at an apparently correct estimate of the enormous age of these living trees is a simple thing, and the principle is doubtless well known today to all. The yew, like most other trees, adds one line, about the tenth of an inch, to its circumference each year. But the oldest living thing in the world today as far as known is a cypress tree in Chapultepec, Mexico, that is 6,260 years old.

Fame.

Schumann, the famous musician, is the principal character of an amusing story told by a Vienna critic: "The composer once accompanied his wife, who was even then a celebrated pianist, to the palace when she went to play before the king of Holland and was gratified by the monarch's compliments of her performance. The composer was somewhat surprised, however, when the king turned to him and courteously inquired, 'Are you also musical?'"

DON'T BE AN ASS.

If you are buying a pair of shoes or a suit of clothes you are particular as to the honesty and reputation of the merchant. Your health is of more importance than either, yet you let quacks, medical fakirs and other humbugs deceive you by their deceptive offers of something for nothing. After being defrauded by these medical sharks you think all doctors are rogues, whereas, you alone are to blame. Why not first demand from them evidences of their honesty and responsibility as specialists. We have been located in Detroit 28 years and can give best of bank references.

READER Are you a victim? Have you lost hope? Are you contemplating marriage? Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What it has done for others it will do for you. CONSULTATION FREE. No matter who has treated you, write for an honest opinion free of charge. Charges reasonable. BOOKS FREE. "The Golden Monitor" (illustrated), on Diseases of Men.

No Names used without written consent. Private. No Medicine sent C. O. D. No names on boxes or envelopes. Everything confidential. Question list and cost of Treatment FREE.

The Board adjourned until Monday night, February 13th, 1905, at 7.45 o'clock.

TEA AND ENTERTAINMENT

Enjoyable Affair in Connection with St. Paul's Sunday Shool.

A very successful tea and entertainment was held at St. Paul's Church last evening in connection with the Primary and Kindergarten departments of the Sunday School. There was a large turnout of the scholars of these classes and a most enjoyable time was spent. Tea was served from 5 to 7 o'clock, after which an interesting programme was presented by the children, consisting of solos, recitations, choruses, etc. Rev. M. Ketchen was in the chair.

To-night a tea and entertainment will be given for the intermediate scholars.

The 57th Band will be at the Brock Street Rink to-morrow night.—Splendid ice and good music.

If this condition of things is kept up North Dakota will become a winter resort for the shivering inhabitants of the far East.

A LECTURE ON LIFE OF CHRIST

Was Delivered in All Saints' Church Last Night.

All Saint's Church was packed to the doors last evening, when Canon Dixon, of Toronto, delivered an illustrated lecture on "The Life of Christ." The lecture was preceded by prayer, offered by the Rector, Rev. Mr. Major, and throughout the programme hymns, sung by the congregation, were interspersed with the views.

The pictures were largely reproductions of paintings by the old masters, many by Tissot, Dore and Rubenstein being presented. As the programme proceeded passages of Scripture explanatory of the views presented, were read by the lecturer.

The lecture appeared to be thoroughly enjoyed throughout by all present.

The proceeds, which were satisfactory, were devoted to the Diocesan Mission Fund.

I have disposed of lease of my store and am going out of the grocery business. Big bargains in groceries will be given, as entire stock must be sold.—GEO. CARTON.

We Mean Business.

All over the City Clothing Store —from cellar to fourth story—reductions, deep and decided, are being made in Winter Suits, Overcoats, Trousers, Underwear, Hats, Caps and Furnishings.

NEW MEN IN COUNTY COUNCIL

Ten New Members who Sit in the Council.

All Have had Municipal Experience However—Their Record.

This afternoon at 2 o'clock the regular January meeting of the County Council of Peterborough opened at the Council Chamber at the Court House. The principal business of the afternoon session was the election of Warden, after which the Council adjourned till to-morrow morning.

The Council this year will be composed of the following members:—

Otonabee Division—Thos. J. Johnston, John Deyell.

Bridgenorth Division—Harry Garbutt and Samuel Stinson.

Lakehurst Division—John Monogue and Robt. Shaw.

Norwood Division—W. T. Buck and Jas. Andrews.

Lakefield Division—D. Maloney and Thos. Webster.

Of these members five are new, but one of the five has been a member of the Council before, Mr. Jas. Andrews, who was in the council some years ago, as Deputy Reeve, of Asphodel.

Mr. H. Garbutt, one of the two new men from the Bridgenorth Division, which includes the townships of North Monaghan, Smith and Ennismore, has been a member of the township council of Smith for 24 years, and was Reeve for two years. He will bring to the County Council a fund of valuable municipal knowledge, gained in his almost quarter of a century of municipal service. The other member from the Bridgenorth Division is also a resident of Smith township, and has also served in the Smith Council, having been a member of the council for six years. He is also well posted on affairs in connection with the municipality, and has made a good township legislator.

Mr. Thos. Webster, who is Mr. H. A. Moore's successor in the Lakefield Division, is a resident of Dummer Township, of which council he was a member for a number of years. This is his first break into county politics, but it is expected that he will make a worthy running mate to Mr. Maloney, who is the other representative from that Division.

Mr. John Deyell was elected by acclamation, with Mr. Johnston to represent the first Division, Otonabee, and he too comes to the council with a considerable experience in township council work, having for a number of years been Reeve of Otonabee, and he only retired from that office to accept that of County Councillor. He should prove a very valuable man to the county in the larger responsibility which he now assumes.

Mr. Jas. Andrews, who was elected to represent the Norwood Division, succeeds Mr. W. T. Curtis, as a desk mate of Mr. Buck, and he is the only man of the five new members who is not entirely new to the office. Some years ago he sat on the County Council as Deputy Reeve of Asphodel, in which township his home is and where he was for years a member of the council, occupying the offices of Councillor, Deputy Reeve and Reeve, respectively.

OFFICIAL FIGURES FOR THIS RIDING

Mr. Bradburn's Majority now Stands at 1174

Complete Returns for West Peterboro —How the Vote Went.

The official returns for West Peterborough, in the recent election were made at the Registrar's office to-day. Mr. Bradburn's majority now stands at 1174. The revised figures are:—

Total vote for McWilliams	1793
Majority for Bradburn	1174

Rejected votes, 24; Spoiled ballots 6; Tendered ballots 5.

The total vote polled was 4760.

WARDEN BUCK.

Mr. W. T. Buck, who was this afternoon elected Warden of the County of Peterborough by his fellow members of the County Council, is a son of Peterborough County, and a credit to it. Born in the Township of Asphodel, Mr. Buck is in the prime of life, and has been chosen as the presiding head of the body of County Legislators at a time when he can render the constituency he serves good and faithful work, and he brings to bear upon the duties of the office a mind well trained in municipal and county affairs.

Prior to his association with the County Council, which was in 1895, Mr. Buck was for four years township councillor of Asphodel, and later, having served the township well and faithfully in that office, he was elevated to the more responsible post of Reeve, and in that capacity he acted for two years, during which time the affairs of the township were well managed. During these two years Mr. Buck, under the old system of County Council constitution, was a member of the County Council, by virtue of his position of Reeve. When the change in the composition of the Councils was made, he was out for two terms, but has now been in the Council for two terms, and his district has again elected him to represent them for another two years. Mr. Buck has been a member of a number of important committees during his terms in the County Council and was chairman of the Committee on Equalization and Assessment, and the Committee on Schools. He was also a member of the Printing Committee.

The new Warden is a successful farmer in Asphodel, in which township he has always lived, and is looked up to there as a man of good executive ability, and a level-headed business man, and no doubt the same qualities which have made him a success in his own business will ensure his success as Warden of the County of Peterborough, a position which those who know him best agree that he will fill with credit to himself and to those who elected him to that office.

Mr. Buck for 12 years has acted as salesman for the Norwood Cheese Factory, and is also an extensive live stock dealer.

That Mr. Buck is worthy of the honour which has been conferred upon him by his colleagues no one who knows him will deny, and it is confidently believed that the affairs of the county will be safe in his hands.

MOUNT IRWIN

From Our Own Correspondent.

A cold chill passed here last night in which the thermometer marked 20 degrees below zero. The snow here is about two feet deep in the woods.

Mr. Daniel Reid, an old resident of Galway passed away after having been ailing for some time. The deceased was eighty-three years of age. He leaves to mourn his loss a son and three daughters, namely, Mrs. Jas. McGrath, of Kinmount; Mrs. William Clark and Mrs. John Allen, of Galway; Daniel Reid, of Kinmount. The funeral took place at nine o'clock Sunday morning to the R. C. Cemetery of Galway.

Tired all the Time.

Mrs. George Beattie, Carr's Brook, Colchester Co., N.S., writes:—"Last spring I was very much run down, felt tired all the time, and did not seem to have life or energy enough to do my work. Three boxes of Dr. Chase's Nerve Food did me a world of good, and made work a pleasure to me. I hae not had occasion to use any medicine since, and have recommended Dr. Chase's Nerve Food to all my friends."

MR. W. P. BUCK NEW WARDEN

Was Elected at This Afternoon's Session.

January Meeting of the County Council —Full Report To-morrow.

A full report of the meeting of the County Council which met this afternoon is crowded out of this issue.

The principal business was the election of a Warden, and that honour fell on Mr. W. T. Buck, of Asphodel.

Mr. Shaw moved, seconded by Mr. Maloney, that Mr. Buck be elected Warden for 1905, and the election was unanimous, no one having any other motion to make.

The new Warden was escorted to the chair of office and donned the robe amid the applause of the members.

The full report of the session will appear to-morrow.

HANDSOME BRACE OF GEORGIAN BAY TROUT

Caught by Indians Through Holes in the Ice.

Mr. J. S. Richardson exhibited at the Examiner office to-day a pair of large Georgian Bay salmon trout, which would weigh about 10 and 8 lbs. respectively. They were caught through the ice by Indians, who use hooks baited with smelts. Mr. Richardson says that the two fish shown are the advance guard of about a hundred pounds which will be sent to town in a day or two.

OBITUARY.

Mr. A. B. Cunningham, Reid street, received a telegram yesterday conveying the sad intelligence of the death of his mother, Mrs. William Cunningham, in Alliston. The deceased lady had been ailing for some time but her death was not expected. Only a few weeks ago the deceased's daughter died.

Mr. and Mrs. Cunningham left for Alliston this morning to attend the funeral.

UNION LABEL

Daily Examiner.

TUESDAY, JAN. 31, 1905.

TEMPERANCE AND PARTY POLITICS.

The Globe of Saturday prints an article emphasing the point that the combination of the temperance people with the liquor people, accounted very largely for the decisive defeat of the Ross Government, and concludes that, as a consequence of the co-operation mentioned, the Liberal party is "relieved from all 'pledges' to the temperance people," and "the way is now open for the positive and unhampered advocacy of an enlightened and progressive temperance policy." It may be suggested that the way might have been opened long ago, without risk of the entaglements that have resulted disastrously, had the Globe not taken so strong an attitude upon the temperance question, which, while it did not satisfy temperance people, even of Liberal leanings, yielded no compensating advantages in winning Conservative temperance support. Perhaps, seated in the editorial chair, and not in the realm of actual politics, the Globe has not appreciated the attitude of thousands who, while ostentatiously advocating temperance, never lost sight of advancing the fortunes of their party, even at the expense of the temperance interests they professed to have so greatly at heart. The Examiner is in full sympathy with the moral reform represented by a bona fide temperance movement, but not as it is viewed by many Conservative temperance men—as a medium for advancing party interests. To these, there is all the difference in the world between a Liberal and a Conservative temperance candidate.

In East Peterborough, the success in the recent election of the Liberal candidate — a practical temperance man — was, negatively, at least, due to the fact that he did not give prominence to his temperance principles, by insistently advocating them from the platform. If he had done so, he would have been a "mark" for a certain class of temperance men, whose zeal would have been kindled against him if such advocacy, to their minds, would have meant danger to the interests of the Conservative candidate. In not doing, as he might have done, Mr. Anderson avoided the tactical mistake in which the Globe followed Sir Oliver Mowat, and his successors, in pandering, by way of "pledges" to a temperance support, which could not be depended upon when it came into conflict with party considerations. We have had proof of that in West Peterborough. As we have previously indicated, at the general elections of 1902, loud-mouthed Conservative temperance men, were fairly rabid in their support of their candidate, ostensibly because he posed as a temperance candidate, but really because he was the Conservative candidate, as the event proved; for these same "temperance" men, in the late election, found no difficulty in supporting, as heartily, Mr. Bradburn, who was—not a temperance candidate—anything but one. The Examiner has no objection to their supporting Mr. Bradburn, for party reasons, but the objection is to their having made temperance a catspaw to pull political chestnuts out of the fire. Such men are a type of thousands in the Conservative party, and that any attempt to pander to the support of this class, either by "pledges," or otherwise, practically resulted in the undoing of the Liberal party on January 25th, is undeniable. They voted with their party independently of temperance considerations, as many misguided Liberals, tainted with the "broken-pledges" heresy, voted against their party, out of temperance considerations, and the two elements uniting with the solid vote of the liquor interests, naturally produced the result that was produced.

What is required of the Liberal party is to do what is the right thing, without regard to "Tory" temperance men who are only temperance men as long as Conservative party interests are not in question. We know some clergymen who are party politicians first and moral reformers when convenient. Their zeal for temperance reaches the strenuous stage when there's an opportunity of embarrassing a Liberal candidate, but when the subject would be embarrassing to a Conservative candidate, it is relegated to the status of general declamation—or the proverbial dumbness of the oyster is imitated. The recent election contest in West Peterborough furnished an illustration.

WOMEN AND TEMPERANCE.

In the Massey Music Hall, Toronto, last Sunday, Rev. G. M. Rourke, of Sioo City, Iowa, gave an address on the temperance question, and is reported as having said that if the young women of the land should themselves set up a high standard of living and demand the same of the young men who courted their hands it would go a long way towards removing the liquor evil. Unfortunately many of them do not. There was something in every young man's heart, said the speaker, which led him to seek the favour of the fair ones. What an influence for good the latter might have if they only wished! The trouble was a great many young women had no conception of true ideals, whatever. If the young man had the appearance of being stylish, if he appeared to be rich, even if he were poor, if he seemed popular among his associates, then no matter how many cigarettes he smoked, no matter if his tailor's bills remained unpaid, no matter if occasionally he was brought home in an intoxicated condition, he had an open road into their good graces. This kind of young woman could chew gum as well as the young man could chew tobacco. (Applause.) She would consider it a disgrace to be found scrubbing the kitchen floor with her mother; she would read dime novels, and would not know the difference between the Toronto Globe and the Almanac. (Applause.) As a mark of ladyhood and wisdom she would turn her back on parenthood in order to mingle with and be identified with those who were in the worldly show called popular.

Thus he endeavoured to show that the young women required attention as well as the men in temperance reform.

EDITORIAL NOTES.

If the returning officer in West Huron, had made the same technical error in making returns, in the interests of the Liberal as he did in the interests of the Conservative candidate, the welkin would have been made to howl with condemnation of "the machine," and there would have been a demand for the heads of the Cabinet Ministers on a charger. It appears that the returning officer at one polling subdivision omitted to fill in the proper form in the poll book. The vote was not counted and as a result the Conservative candidate is declared elected, though his Liberal opponent has the majority of the votes on the actual count, as will be shown by a recount. Many, if not most, of the wild charges of irregular methods brought against the Liberal Government had no better foundation.

TESTING QUALITY OF DAIRY PRODUCTS

A Cow Census Conducted at Cowansville, Quebec.

At the Eastern Ontario Dairymen's Convention, Mr. C. F. Whitley of the Dairy Commissioner's Branch, Ottawa, gave a very interesting account of a cow census which he conducted in the vicinity of Cowansville, Que., during the summer of 1904. Under his supervision seventy-two farmers kept daily milk records of their cows and three times a month took samples for testing from the milk of each individual cow in their dairies. In this way reasonably accurate figures were obtained.

For the month of June, the general average of all the herds tested was 652 lbs. of milk, yielding 25 lbs. of fat. In one case twenty-two cows had a yield for the month of 17,845 lbs. of milk and 722.5 lbs. of fat, an average per cow of 811 lbs. of milk and 32.4 lbs. of fat. In another herd of eleven cows, every animal was below the general average, the range being as low as 280 lbs. to 905 lbs. of milk per cow, and this herd consisted of Jersey, Guernsey, Ayrshire and Holstein grades and natives. In contrast to this, another herd of twelve cows of similar breeding yielded from 880 to 1115 lbs. per cow, so that every cow in the herd was above the average. This shows that the flow of milk depends upon the individuality of the cows even more than upon their breeding.

In the month of July a herd of twenty-seven cows, Jersey, Ayrshire, Holstein, and Shorthorn grades, gave 13,760 lbs. of milk and 475.7 lbs. of fat, an average of 509 lbs. of milk and 17.5 lbs. of fat per cow. This was typical of several herds consisting of mixed grades. The average record per cow is poor, noticeably below the average of the whole 1120 cows for July. The best showing was made by a Holstein grade, whose record is more than double that of the poorest cow. This dairy had five more cows than that first mentioned, and yet produced 4,000 lbs. less milk in the month. Another July record showed that one herd of six cows gave 2515 lbs. of milk, while another dairy of twelve cows gave 8,020 lbs.; twice as many cows gave over three times as much milk. In September one lot of twenty-three cows gave 9,120 lbs. of milk, and another lot of twenty-three yielded 11,200 lbs.

These records emphasize the need for knowing definitely the production of each individual cow.

The average production per cow must be improved by weeding out the poor ones. Figuring goes well with farming. With forethought and figures, the production of butter in the average farm herd can be increased at least 40 lbs. per year in five years. It has been done scores of times. It is safe to say that almost every farmer milking twenty cows has three on which he loses money. Until he keeps records, he cannot tell which they are. It will pay him to find out.

The wide variation in the total yields of butter by individual animals in the same herd is even more apparent in the records for longer periods. For four months the cows in one herd of fourteen varied from 40 to 114 lbs., the best cow yielding nearly three times as much as the poorest. The average for the herd was 81 lbs. per cow, while the general average of all the cows tested for four months was 93 lbs. Would not this man be better off if he disposed of at least four cows? Another herd varied from 51 to 127 lbs. per cow, with an average below the census average. It is probable that both men think they have pretty good cows.

For a period of five months, one dairy made the creditable showing of 190 lbs. of butter per cow, more than double the average of some other herds, and well above the census average of 115 lbs. per cow for five months. Indeed, every one of the twelve cows in this herd exceeded the general average, ranging from 147 to 251 lbs. These figures are encouraging. This man's record can be, and should be, equalled on a thousand farms in the next five years. Such results are obtained by using the scales and Babcock tester to detect the robber cow and get rid of her. Then, by the use of a good dairy-bred sire, and aiming at a standard of say 6,000 lbs. of milk and 250 lbs. of butter per cow, annually, a good herd can speedily be graded up. There are hundreds of dairy farmers who have thus raised the butter production of their herds in a few years from 150 or 175 lbs. to 300 lbs. per annum.

You Must Look To the Liver

If You Would Have Good Digestion and Good Health. It is Kept Alive by

DR. CHASE'S KIDNEY-LIVER PILLS

Bile in the blood is poison.

Bile in the intestines is necessary to digestion and the healthful action of the bowels.

Bile in the blood causes biliousness, headache, jaundice, muddy complexion and is the source of innumerable pains and aches.

The lack of bile in the intestines brings on indigestion, constipation, kidney derangements and a clogging of the whole digestive and excretory systems.

The liver separates bile from the blood, where it is poison, and pours it into the intestines, where it is of inestimable worth.

For this reason the health of the body is dependent on the health and activity of the liver.

By making the liver active when it becomes torpid and sluggish, Dr. Chase's Kidney-Liver Pills insure a healthful flow of bile into the intestines and the cure of all ailments arising from "bile poison," indigestion and constipation.

Set the kidneys right by using Dr. Chase's Kidney-Liver Pills and you will remove the cause of many pains and aches, of many annoying symptoms, of irritable temper and depressed spirits.

There is no liver regulator so certain of action, so quick to relieve, so lastingly beneficial.

"I was a sufferer for years with stomach trouble and terrible headaches, and spent a good many dollars in medicine without receiving any benefit. Hearing Dr. Chase's Kidney-Liver Pills highly recommended I determined to give them a trial and did so with most satisfactory results as I was very greatly benefitted and do not hesitate to recommend this treatment as the best obtainable for such ailments.'—Mrs. Thomas Covert, Highland Grove, Peterborough, Co., Ont.

Dr. Chase's Kidney-Liver Pills, 25 cents a box, at all dealers, or Edmanson, Bates & Company, Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box. 2

WOULD STOP THE EXPORT OF ASHES

Americans Purchase Large Quantities From Canada

Pay 5 Cents and Sell For 50 Cents Per Bushel

The next issue of the Horticulturist the government agricultural paper, will show that during the past year 43,302 bushels of hardwood ashes have been purchased by Americans at 5 cents a bushel and shipped to American farmers and produce growers, who pay about 50 cents per bushel. Examination and investigation to obtain the fertilising qualities of ashes shows that wood ashes contain at least six times as much nutrition as the ordinary fertilizers. The Government will be asked to take some action towards preventing the exportation of wood ashes and other powerful fertilizers.

Bought Chamberlain's Cough Remedy, and Sent it to Friends.

Mr. F. W. J. Fletcher, a druggist in Victoria, Australia, says: "A customer of mine, was so pleased with Chamberlain's Cough Remedy, which she had used for her children when suffering from colds and croup, that during a fortnight's time she obtained at my shop, nine bottles, which she sent to her friends in different parts of the state, telling how much good it had done and advising them to give it a trial." For sale by all druggists.

Your Ideal Cracker

Think of all the good kinds of crackers you ever tasted. The creamy whiteness of the first—the lightness of the second—the crispness of another—the appetising appearance of another—the delicious eating of the fifth. Then see how we've combined all these five points into one cracker.

Mooney's Perfection Cream Sodas

Conjure up your ideal—your perfect cracker—and you'll find it in Mooney's Perfection Cream Sodas.

Something New in----- **SARDINES.**

The best sardines in the world have been caught recently off the shores of Norway. These have immediately been pronounced by French and other European connoisseurs as Par Excellence. The best brand is put up by Stavanger Preserving Co., Norway, under the name of "Crossed Fish" brand. The fish are very small and very tender; they have been slightly smoked before being preserved, which not only adds to their delicacy of flavour, but prevents the indigestive "rising" after eating, so customary with ordinary sardines. The genuine sardine is far above the common herring sold as sardines, as all connoisseurs well know. To be sure you are getting the best order

"CROSSED FISH" BRAND

15c per tin. Each tin has a patent easy key opener. The fish can be taken out whole. ASK YOUR GROCER. "R. W. COOPER, of London, England, sole agent for Canada." **W. G. Patrick Co.**

CABINET MEETINGS

All Ministers But Hon. Messrs. Gibson and Evanturel Present.

PREMIER - ELECT WHITNEY

Conservative Leader Arrives in Toronto and Confers With Members—Many Reports Regarding the Formation of Mr. Whitney's Cabinet—Hon. George P. Graham Speaks of Recent Rumors.

Toronto, Jan. 31.—A Cabinet meeting lasting two hours, and at which all the Ministers, with the exception of Hon. Messrs. Gibson and Evanturel, were present, was held yesterday afternoon. At its close the reporters were informed that there was *no news*. It is understood that another meeting will be held to-day, and that one may also be held to-morrow. There is a general feeling that the Lieutenant-Governor will be notified of the resignation of the Government on Wednesday or Thursday. Some of the Ministers find they have a considerable amount of work to clear off, and, in spite of all their efforts, cannot get it disposed of as quickly as they desire. Hon. Mr. MacKay, Commissioner of Crown Lands, is one. He said yesterday there were several matters in his department still undisposed of, and which it would not be fair in the interests of the public to leave to an incoming Minister not familiar with the details.

News to Mr. Graham.

To a reporter who asked him yesterday if there was any truth in the rumor that he was to receive a position in the Dominion Cabinet on account of his services as organizer in the eastern part of the Province during the Federal campaign, Hon. Mr. Graham answered: "That is certainly news to me. It is true, of course, that I did take charge of eastern Ontario for the Dominion campaign at the wish of Sir Wilfrid Laurier. I fully appreciate the kindness of friends in connecting my name with such an important public position as that of Minister in the Dominion Cabinet, but the dearth of news since the Provincial election seems to be the excuse for the making of all kinds of conjectures."

Replying to a question regarding other reports Mr. Graham said: "Yes, I have read that my election is to be protested, but I am not worrying particularly over that. A protest was held over my head for a year or more after my first campaign, but was finally dropped. However, that is a matter over which I have no control, and I shall meet events as they happen."

Mr. Whitney in Toronto.

Mr. J. P. Whitney, M.P.P.-elect, Premier presumptive of Ontario, arrived in Toronto last night and registered at the Queen's, with his brother, Mr. E. C. Whitney of Ottawa. Mr. Whitney declined to answer any questions.

"There have been several reporters here, and I have told them all the same thing. I have nothing to say—not a word."

"Not even about your movements?"

"No. I am just here for a day or two, and have nothing settled."

Col. Matheson and Dr. R. F. Preston were also registered at the Queen's; Messrs. I. B. Lucas, W. R. Smyth, D. Sutherland, W. D. McLeod and J. Torrance at the Walker; Messrs. G. N. Kidd and J. W. Bruce at the Palmer.

Conferred With His Supporters.

Shortly after arriving at the Queen's Mr. Whitney met about twenty of his followers and was in consultation with them for about three hours. Naturally the conference dealt with the formation of the new Cabinet, and all sorts of rumors were floating around the hotel relative to the men likely to be called upon to join Mr. Whitney's first Administration. Toronto Conservatives had been planning for one of their members being Speaker, another Attorney-General, a third Chairman of one of the principal committees, and a fourth Minister of Agriculture. It is, however, almost certain that Toronto will have to be content with the appointment of Mr. J. J. Foy, K.C., as Attorney-General. Col. A. J. Matheson has the refusal of the Provincial Treasureship, and Mr. W. J. Hanna of the Provincial Secretaryship, while the new Ontario men will be invited to consult as to whom they prefer as Minister of Mines. Mr. J. W. St. John wants the Commissionership of Crown Lands, but it is now said to be unlikely that he will get anything at all. The chances of Mr. I. B. Lucas of Centre Grey, for the position are more favorable. J. M. Carnegie of East Victoria, is spoken of as the favorite for the Department of Agriculture, with Mr. G. N. Kidd of Carleton, as alternate. Dr. Willoughby, as one of the old fighters whose services the new Premier is anxious to recognize, is mentioned for the Works Department, although Col. J. S. Hendrie is a possibility. It is understood that while Mr. Whitney was willing to offer a Cabinet position to Mr. Andrew Miscampbell, that gentleman has expressed his preference for a permanent position, such as a Deputy Ministership in one of the more important departments, being content to wait a while for the vacancy. Mr. Whitney himself will probably be Minister of Education.

The impression among Conservatives is that Mr. Whitney will be sent for immediately on the acceptance of the resignation of the Government. Mr. Whitney will then ask for a day or two in which to finally select his Cabinet, and these will be promptly called to the city and sworn in. As soon as possible thereafter the members of the Cabinet will seek re-election, and should there be no opposition, about ten days or a fortnight will be all the time necessary to have the Cabinet once more members of the Legislature. After the bye-elections the Cabinet will settle down to prepare for the meeting of the Legislature, which, it is said, will not likely take place before the latter end of March, or even early in April.

FOUR VINDICATED.

Conspiracy Charge in Pickering Bribery Case Falls—Perjury Not Pressed.

Pickering, Jan. 31.—The argument in the charge of conspiracy brought against Messrs. William Stanley, Lorne Squires, William Vanstone and Wilfred O. Law, the evidence in which was heard last Tuesday, took place here yesterday before Magistrate Parker, and resulted in the charge being dismissed. In the charge of perjury against Messrs. Law, Stanley and Squires, in which the same evidence was depended upon, the case was not pressed, and the defendants having been formally arraigned were discharged.

Mr. Vanstone was seen by a reporter after the hearing, and expressed satisfaction with the proceedings so far as they had gone. But as a business man with a very large interest in the country, spending $150,000 annually, he felt that he could not continue to lie under the imputation which might be thought by some still to rest upon him, as the matter stands at present. In view of the further evidence which he said was certainly available, he was disposed to take further steps to fully clear himself. Meantime he is taking legal advice as to whether his position requires further vindication.

Mr. Kennedy Elected.

Port Arthur, Jan. 31.—According to returns received by the Liberals, Mr. Kennedy has a majority of 27. Conservative say it is nine. The returns are complete. St. Ignace Island gave Kennedy a majority of two, while Silver Mountain gave Preston six. The returning officer will make his declaration on Thursday. The Conservatives will demand a re-count.

Do Not Suppress a Cough.

When you have a cough do not try to suppress it, but remove the cause. The cough is only a symptom of some disease, and the disease is what you should cure, then the cough will stop of itself. The most common cause of coughing is a cold. Anodynes will promptly suppress the cough, and preparations containing chloroform, opium, etc., are used for that purpose, but they do not cure the cold. Chamberlain's Cough Remedy on the other hand does not suppress the cough, but relieves it by removing from the throat and lungs the mucus which obstructed the breathing and allaying the irritation and tickling in the throat. It also opens the secretions and effectually and permanently cures the cold as well as the cough. For sale by all druggists.

THE FIRST DIVISION.

Government Majority 40 in a Small Meeting of New House.

Ottawa, Jan. 31.—For the first time this year the masthead light, the signal of a night session, added its radiance last night to the windows' glow from Parliament Hill. Parliament, which has been taking life easily and getting acquainted, settled down to buisness more seriously, and dealt with a wide variety of matters. The greatest bone of contention was Mr. Lancaster's bill providing for further protection on level crossings. The Government's view was that the present machinery of the Railway Commission was sufficient, but all agreed on the importance of the subject, and the second reading passed unanimously. Mr. Lancaster, however, opposed the reference of the bill to the Railway Committee instead of its being dealt with in Committee of the Whole, and and the first division of the new House was the result. There was not a very large attendance, but the Government's majority was 40, including four members of the Opposition who accepted the reasonableness of the Government's proposition. Earlier in the day the resolution authorising the registration of union labels was debated and passed, and a bill introduced founded on the same by Mr. Ralph Smith. A number of questions were answered.

No Breakfast Table complete without

EPPS'S

An admirable food, with all its natural qualities intact, fitted to build up and maintain robust health, and to resist winter's extreme cold. It is a valuable diet for children.

COCOA

The Most Nutritious and Economical.

Bigamist Gets a Year.

Toronto, Jan. 31.—Pierre Lacroix, alias Brown, who lured Lilly Valley from her Vankleek Hill home and married her, though he already had a wife and children, was yesterday sent to the Central Prison for one year. His first wife was in court and identified him, but was inclined to blame the Valley girl for the trouble and not him. Lacroix pleaded that he did not "remember marrying her at all," but remembered "living with her or rather boarding with her 11 years."

Dougal McPhedran Killed.

Watford, Jan. 31.—Dougal McPhedran, a well known resident of this place, was struck and killed by Lehigh express No. 3, about a mile west of Watford, about 2 o'clock yesterday afternoon. Deceased was walking on the track and was on his way to visit his brother at Kingscourt. He was thrown about sixty feet, both legs being broken and his skull fractured. Dr. A. McPhedran of the faculty of the Toronto University Medical College, is a brother.

Canadian For Russell.

Toronto, Jan. 31.—Prof. J. W. Hart, a graduate of the O.A.C., and who in 1903 was appointed head of the dairy department in Illinois University, has been appointed director of the College of Agriculture in the State of Sao Paulo, Brazil, for five years, at a salary of $4,000 a year and expenses, increasing to $5,000. H. A. Morgan, B.S.A., also a graduate, has been appointed director of the State agricultural experiment station of Tennessee.

Writes Attorney-General.

Brantford, Jan. 31.—A. J. Wilkes, K.C., Crown-Attorney, has written the Attorney-General's Department asking that Kennedy, who was sentenced to two years in prison for assault, be prosecuted for rape. Kennedy was tried for the murder of Irene Cole, but was acquitted on perjured evidence.

Dominion Exhibition.

Ottawa, Jan. 31.—The Dominion Government has decided to give a grant of $50,000 to a Dominion exhibition, to be held this year during the coming summer at New Westminster, B.C.

Coldest Ever Known.

Quebec, Jan. 31.—The mercury dropped to 45 below zero at Gaspe Basin last week and keeps near the 30 mark almost daily. Old settlers say the like has not been known within their memory.

BASKET-BALL.

Everyone should see the basketball game between Albert College and Peterborough Y.M.C.A. boys club on Friday evening, Feb. 3rd, at 8 o'clock. The boys are getting in good shape and expect to play a strong game. Be there on Friday evening to cheer for Peterborough. There will be music and gymnastics during the evening.

HOCKEY.

On Saturday afternoon at the Y. M. C. A. rink, the Young Eagles will play the Ringers. The game will be called at 7 o'clock and promises to be a warm contest.

• • • •

At Montreal recently the Herald defeated the Star by 8-2. The Examiner promises not to defeat the Review any worse than this if they'll play.

• • • •

The Up-Town Hustlers challenge the West Enders, Barrie's Bedellas or Hickey's Terriers, and the furnished line-up of the Hustlers is as follws:—

Goal—R. Hillier.
Point—H. Miller.
Cover point—F. Buller.
Rover—T. Pentland.
Centre—E. Morphet.
Right—M. Robinson.
Left—E. Saunders.
Spare—A. Mann.

• • • •

W. Cavanah has been agreed upon as a referee for the Karnot-Farrier game on Thursday.

• • • •

The seniors are requested to be at the rink to-night at 7.30 to place their paraphanalia in the box.

• • • •

Last night a meeting of the City Hockey League Executive was held in the Y.M.C.A. and all the team except the Colonials were represented. The protest entered by the Verniers against the Earl Greys on the last game was heard and the game was thrown out and the teams will play it over again after the close of the schedule. Cameron will be allowed to finish the season with the Earl Greys.

The President and Mr. J. Hickey were instructed to arrange for a referee for the Karnot-Farrier game on Thursday.

• • • •

The Karnots will practice to-morrow night at 5.45 sharp, and the following players are asked to turn out:—Kingscote, Dormer, Quinn, Gilman, Campbell, Mulhern, O'Dette, Grose, Allin.

• • • •

A tie is existing in the T. V. hockey league between T. A. S., of Peterborough and Campbellford. The secretary of the league has arranged for the game to be played off in Lindsay on Friday evening. A special train will be run from Campbellford and it is expected that a large number of Peterborough people will avail themselves of the opportunity to see the game.

• • • •

Cobourg has protested the game played in Picton a few days ago, in which Picton defeated the visitors. The Cobourg team alleges that Picton played several players who were not eligible.

• • • •

The Cobourg and Colborne teams will meet in Colborne to-morrow night. Should Cobourg win it will leave the two teams a tie for the championship.

• • • •

There's a hoodoo lurking about our juniors somewhere. Some investigation should be made to find out who do it.

• • • •

The seniors are going to Port Perry to-morrow prepared to win and thus settle the district championship.

• • • •

The B.A.C. team is considering a challenge from an out-of-town team.

• • • •

It looks as though the Review and Examiner will not meet this winter. Ask the Review why.

• • • •

A fast and exciting game of hockey wa played at All Saints' rink on Saturday night. The contesting teams were the Amateur Assembly team and the Press Department teams, both of the C. G. E. Works. The former team won by the score of 9 to 3 in an easy contest, score being 5-0 at half time in favour of the Amateur Assembly team. The teams lined up as follows:—

Amateur Assembly.		Press Dept.
H. Manly	Goal	W. Erskine
Bill Sayles	Point	Bill Miller
Bob Manly	Cover Point	Mick Fitzsimmons
Jack McIntee	Centre	La Grander
Jack Logan	Rover	Percy Doughty
Harold McCabe	Left Wing.	B. Clarke
Norman Stockdale	Right Wing.	C. Miller

Umpire—Taffy Bennett.
Goal umpire—Arthur Flowers and Bill Abbott.

• • • •

Lindsay defeated Port Perry by 8-5 at the former place last night.

• • • •

The standing of the clubs in this district is now:—

	Won.	Lost.
Peterborough	5	1
Lindsay	3	3
Port Perry	0	4

Should Peterborough lose twice in Port Perry and Lindsay win twice in Port Perry, the locals and Lindsay would be tied. But that would be next to impossible.

CURLING.

LOCAL STOCK MARKETS

The following is from N. B. Darrell, 387 Water street.

January 31st.—There is nothing in the developments over night to cause any uneasiness in the part security holders or bring about any selling movement and while a somewhat irregular movement is expected we believe that the market will ultimately sell considerably higher and that purchases of the Erie, Pacifics, St. Paul and Coal stocks, Amn. Smelting and the steel should be made on all reactions. The U.S. Steel report will be issued immediately after the close of business to-day and this should be anticipated by higher prices for the steel stocks.—Town Topics.

Pains in the Chest.

Mr. John Clark, Port Hope, Ont., states:—"Last winter I was so bad with a cold that I could not speak above a whisper, and had great pains in the chest. A friend advised me to try Dr. Chase's Syrup of Linseed and Turpentine and one bottle cured my cold which I believe would have proven very serious if I had not used this medicine."

"THE DAYLIGHT STORE"

Mark Down Sale

Two hundred and eighty seven men have left our store since our Great Clearing Sale commenced with more than their moneys worth, and these 287 men will from now on always buy their clothing at this store. Why? because our reductions are genuine and they can believe our advertisements. We're not making money to be sure but we are Making Friends by the Hundreds.

You can make no investment that will pay such a handsome dividend as to buy clothing during this sale.

All Winter Wearables reduced in the same proportion. Now for a quick turning of stock into cash.

JUNIORS LOST A CLOSE GAME

Port Hope Youngsters Won by 4-3 Last Night.

Game was Fast and Checking Close—Small Crowd Saw Interesting Struggle.

The juniors lost their fifth consecutive game last night when the Port Hope juniors won a hard and fast game by 4-3. This is the third game the boys have lost by one goal and they are certainly travelling in hard luck. The youngsters play good hockey but seem to come out behind despite all their efforts.

There was only a handful of spectators present as both teams were out of the race before the game opened. The game, however, provided all kinds of interest and excitement for those present and it was anybody's game from start to finish. Towards the close things were decidedly interesting and at times it looked like a victory for the locals, but fate would not have it so. The game became real strenuous towards the close and several were put on the fence, tripping being the chief offence. The teams were very evenly matched, though the visitors were a bit faster on the line.

For the homesters Fitzpatrick played a splendid game between the nets, making some beautiful shots. Moore checked well, though a little too strenuously to suit the referee; his rushes up the ice were splendid. Long put up a steady game at cover, lifting well and checking closely. On the line Hall at centre showed up strongly and was at all times effective. McFarlane did not get going until the second half, when he did fine work, his rushes being speedy and effective. Gilman played his first O.H.A. game and certainly made good. He had all kinds of speed and checked and rushed in great shape. Smith worked hard but was not as effective as usual. The forwards at times played well together though the combination could have been much better.

Port Hope has a well balanced team and play good hockey. The forwards were fast skaters and good stick-handlers, while the defence was steady. Mercer and Alcott were conspicuous at all times while Gamble and McMillan made many good stops.

Referee Burns was impartial, but he allowed frequent off-sides to escape his notice.

The juniors play their last game here to-morrow night with Cobourg. The locals are bound to retrieve their lost laurels and will make a great effort to win out.

The teams lined up as follows:—

Peterborough.		Port Hope.
Fitzpatrick	Goal	Gamble
Moore	Point	McMillan
Long	Cover Point	J. McLean
McFarlane	Rover.	Rowden
Hall	Centre	Mercer
Smith	Right Wing.	Alcott
Gilman	Left Wing.	McLean

Referees—Burns, Toronto.
Penalty time-keeper—E. Wasson.
Time-keepers—F. A. Clarke, F. Curtis.
Goal umpires—McWilliams, Ford and Giddy.

The game at its commencement was somewhat tame in comparison to the close checking and fast work of the second half, although some of both teams "decorated the boards". Of the visitors McMillan, J. McLean and Gamble were each given one minute's rest, while Long and Hall of the locals were likewise penalized. The first goal went to the visitors, being scored by Rowden. Score 1-0.

Things proceeded very smoothly after the face-off till Alcott poked in another. Score 2-0.

Hall and Moore were sent up for one minute each, but the former on his return to the game made a very pretty rush in combination with Gilman and notched the first for the locals. Score 2-1.

No further scoring was done during the first half. Rowden was injured and went off with Smith.

HALF TIME.

At the commencement of the second half a mix-up occurred between Hall and Gamble, the visitors' goal-keeper, which resulted in both receiving five minutes. The goal umpires were changed—Ford taking the place of McWilliams. McFarlane was given a rest. Hall wound matters up by sending in another from a mix-up in front of goal. Score 3-3.

Moore went off twice. Mercer scored another for the visitors. Score 3-2.

Rowden was given one minute. The next goal was scored after a nice run by McFarlane, who passed to Hall, the latter sending it into the net. Score 3-3.

The time left to play was now becoming short, and the game became very fast and marked by close checking. Moore again went off. Mercer made the final score for the visitors. Score 4-3.

In the few minutes remaining the locals played a whirl-wind game, raining shots in from all directions and finished decidedly stronger than their opponents.

YOUNG PEOPLE HEARD INTERESTING LECTURE

Given by Mr. R. M. Dennisteun on "Jean Vanjean" Last Night.

The regular fortnightly meeting of the St. John's Young People's Society was held in the school room last night. There was a large attendance of members who heard with much delight a lecture on "Jean Valjean" by Mr. R. M. Dennistoun. This intensely interesting story was told in a manner which held the rapt attention of all present for an hour. Mr. Dennistoun showed himself to be thoroughly conversant with his subject and spoke with clearness and fluency.

At the conclusion of the address, a hearty vote of thanks was tendered the speaker, moved by Col. H. C. Rogers and seconded by Mr. W. H. Cluxton.

A vocal duet by Miss Ruth Dawson and Mr. Thos. Dawson was an enjoyable number as was the latter's solo "Asleep on the Deep".

A short business meeting was held at the close, when it was decided to have a sleigh drive about the town next Monday evening.

Two new officers were elected, Mr. J. Comstock, second vice-president and Miss L. Pratt, treasurer.

The Young People's Society is meeting with splendid success and the large attendance present at its gatherings speaks well for the interest which is being manifested.

SMITH'S FALLS TO BE HERE NEXT

First Round of Semi-final Games has Been Arranged.

The following semi-finals in the Intermediate series will be played on the dates mentioned:—

Winner of Group No. 2 (Peterborough) at winner of Group No. 1 (Smith's Falls) Monday, February 6th.

Winner of Group No. 1, at winner of Group No. 2, Friday, February 10th.

Winner of Group No. 3 (Markham or Newmarket) at winner of Group No. 4 (Orangeville or Owen Sound) Wednesday, February 8th.

Winner of Group No. 4, at winner of Group No. 3, Friday, February 10th.

Winner of Group No. 5, (Grimsby or Welland) at winner of Group No. 11, (Berlin or Galt) Wednesday, February 8th.

Winner of Group No. 11, at winner of Group No. 5, Friday, February 10th.

Winner of Group No. 6, (Victoria Harbour or Midland) at winner of Group No. 7, (Parry Sound), Tuesday, February 7th.

Winner of Group No. 7 at winner of Group No. 6, Friday, February 10th.

THE STANDING COMMITTEES

At the Wednesday Morning Session of County Council

Mr. Spencer Applied for Peddler's License—A Short Session.

The Coutny Council of Peterborough met on Tuesday afternoon in the regular January session.

Those present at the meeting on Tuesday afternoon were Messrs. Webster, Maloney, Dummer; S. Stinson, H. Garbutt, Smith; Robert Shaw, Harvey; John Menogue, Chandos, J. Deyell, T. J. Johnston, Otonabee; W. T. Buck, Jas. Andrews, Asphodel.

The first business of the council was the election of a Warden for the year, and, as stated, that honour fell upon Mr. W. T. Buck, Norwood.

Councillor Johnston moved, seconded by Councillor Moloney that Mr. W. T. Buck be Warden of the county for the year 1905.

The vote of the members was unanimous, and Mr. Buck was duly escorted to the Warden's chair, after having donned the robe of office, amid the applause of the members.

THE WARDEN'S ADDRESS.

The Warden-elect thanked the council for the honour conferred upon him in electing him to the office and asked for their co-operation in his efforts to look after the interests of the county. He expressed his opinion that with their good staff of officials the business of the council would be well attended to.

The minutes of the last meeting of the council were then read and approved.

COMMUNICATIONS.

The Clerk of Havelock wrote, sending $282.26, the county rate for the village, for last year.—Received.

The clerk of the united counties of Northumberland and Durham, wrote stating that $49.50 had been paid by those counties on account of the Wallace Point bridge. —Received.

The clerks of the different municipalities reported to the council as to the amount paid to the county treasurer during 1904, as follows:

Lakefield	$ 654 83
Otonabee	5622 70
Douro	2364 40
Chandos	195 00
Asphodel	2535 85
Peterborough	4332 67
Havelock	28 26
Dummer	1642 09
Co. of Victoria	9'23 12

They were received.

The executors of the will of the late Mrs. Foley presented a statement of the provisions of the will. —Received.

AUDITORS.

Mr. Menogue moved, seconded by Mr. Shaw, that Mr. T. G. Eastland, be one of the auditors for 1905. —Carried.

Mr. Shaw, moved, seconded by Mr. Maloney that Mr. W. H. Casement of Lakefield, be the second auditor.

The motions were carried.

Mr. Shaw further moved that the whole council be a committee to strike the standing committees for the year. This was also carried.

SCHOOL TROUBLES.

A deputation from School Section, No. 9, Smith, was present and Mr. J. McConkey addressed the council, stating that those whom he represented had a grievance. He said that they had advertised for a teacher, and could not procure one. They eventually secured Mr. Armstrong, and applied for a permit to allow him to continue to teach, but the Inspector refused to to do it, and the latter promised to send the names of some available teachers. This he had not done and he had later withdrawn the Government and Township Grant. He thought this was not justice to the section. The secretary had written to the Minister of Education who had replied that to refuse Mr. Armstrong the permit was an injustice and was a hindrance to the cause of education.

Mr. T. Elliott corroborated the statements of the former speaker, and said that he had remarked that he would rather pay $5 out of his own pocket than have Mr. Armstrong removed from the section.

Mr. Brown, the Inspector, was heard and reviewed the case, and remarked that he must carry out the law, and he stated that the Trustees knew that they were not acting within the provisions of the law in this matter. He said that the Trustees delayed advertising for a teacher until it was too late to secure a duly qualified teacher. Two of the trustees said to him that they had children who were about to try the entrance examination, but as far as he knew none of them ever tried the entrance.

Mr. McConkey said in reply to Mr. Brown, that they had advertised for teachers about Dec. 15th, but before the secretary could communicate with the applicants they had accepted other positions, and denied that he had ever said that he had children ready for the entrance.

He criticized the action of the inspector, and said that it was not due to the Inspector that the school was as good as it was at the present time.

It was finally decided to refer the matter to the Committee on Schools.

The Council then adjourned to go into Committee of the Whole.

WEDNESDAY MORNING.

The County Council opened its Wednesday morning session at 10.30 with Warden Buck in the chair.

THE NEW WARDEN

MR. W. T. BUCK, Asphodel,
Who was Yesterday Elected Warden of Peterborough County.

The minutes of the first session were read and approved.

STANDING COMMITTEES.

The committee appointed to strike the Standing Committees reported through Mr. Shaw, recommending that the County Property Committee be composed of Messrs. Johnston, Maloney, Stinson, Webster and Deyell, the latter being chairman.

That the Committee on Appointments be composed of Messrs. Menogue, Webster, Johnston, Andrews and Shaw, with Mr. Menogue chairman.

That the Committee on Roads and Bridges be composed of Messrs. Johnston, Garbutt, Stinson, Shaw, Menogue, Deyell, Andrews, Webster and Maloney, the latter being chairman.

That the Committee on Schools be composed of Messrs. Webster, Andrews Garbutt, Johnston, Deyell and Maloney. Mr. Garbutt to be chairman.

That the Committee on Petitions be composed of Messrs. Johnston, Garbutt, Menogue, Shaw, Webster and Stinson. Mr. Shaw to be chairman.

That the Committee on Printing be composed of Messrs. Shaw, Johnston, Menogue, Stinson and Andrews, the latter to be chairman.

That the Finance Committe be Composed of Messrs. Johnston, Garbutt, Stinson, Shaw, Menogue, Deyell, Andrews, Maloney and Webster, with Mr. Johnston chairman.

That the Committee on Equalisation and Assessment be composed of Messrs. Johnston, Garbutt, Shaw, Menogue, Deyell, Andrews, Stinson, Maloney and Webster, the latter to be chairman.

That the Joint Committee be composed of Messrs. Menogue, Andrews, Stinson, Maloney, Johnston and Shaw, with Mr. Stinson chairman.

The report was adopted.

Mr. Wm. Spencer, of Enniskmore, applied for a peddler's license, and his application was referred to the Finance Committee.

The Council then adjourned to go into committee work.

MR. WM. COONEY DIED IN OREGON

Son of Benj. Cooney Passed Away There, in January.

Mr. Benj. Cooney received word today of the death in Salem, Oregon, U. S.A., on January 10th, of his son, William Cooney, at the age of 42 years and 8 months, and 22 days.

The deceased was born in Peterough and lived here for a number of years prior to his removal to the West, where he has lived ever since.

—N. B. Darrell's 'phone number has been changed from 325 to 437.

—During the month of January the Brock street rink was open for skating 36 times.

QUICK FIT

Why wait a week for a suit from your tailor?

Select a Semi-ready—try it on before you order it, and know just how the cloth pattern will make up before you buy it.

If you like it, have what changes you want on it before it is finished—then have it sent to your home—and even then your money back for any cause.

CRESSMAN'S, PETERBORO'

ITALIAN AGAIN USES THE KNIFE

Levero Cupido Probably Fatally Stabbed Last Night.

Guilty Party not yet Captured—Likely a Drunken Fight.

Another stabbing affray took place last night, and as a result, an Italian named Levero Capido lies in a precarious condition in St. Joseph's Hospital. The police have been unable to locate the party who did the stabbing nor can they ascertain the particulars of the assault, but it is supposed that it is another case of a drunken row in which knives were used. Pamphilo Marfeso is the name of the guilty party, it is learned.

The stabbing took place at the Italian settlement on Simcoe street, about six o'clock. The victim was stabbed in the abdomen, besides receiving several small cuts on the left side of the body, the left arm and shoulder. The gash in the abdomen is very serious, and peritonitis is feared.

Efforts were made to have the injured man conveyed to the hospital without informing a doctor or the police about the affair. The Dan Spence Ambulance was summoned but it was necessary to have a doctor's certificate before the ambulance could be used, and consequently the affair was made public.

Dr. Coughlin is the attending physician.

A DAILY MAIL FOR FRASERVILLE

Mr. R. R. Hall has Secured This From the Department

A Convenience Which will be Appreciated—Goes Into Effect at Once.

It will be interesting to those who elected Mr. R. R. Hall, to represent West Peterborough in the Dominion House of Parliament, to know that already he has shown practical evidence that he is going to make a good live representative.

Through representations made by him, the Post Office Department has authorized an increase in the mail service, consisting of an additional mail daily except Sunday, from Fraserville post office. This improved service goes into effect at once.

The residents of the district served by the Fraserville office, will appreciate very highly the efforts of Mr. Hall in securing for them this improved service.

HAPPY AND HEALTHY.

A Beautiful Canadian Girl Saved From Catarrh of the Lungs by Pe-ru-na.

MISS FLORENCE KENAH.

Miss Florence E. Kenah, 434 Maria street, Ottawa, Ont., writes:

"A few months ago I caught a severe cold, which settled on my lungs and remained there so persistently that I became alarmed. I took medicine without benefit, until my digestive organs became upset, and my head and back began to ache severely and frequently.

"I was advised to try Peruna, and although I had little faith I felt so sick that I was ready to try anything. It brought me blessed relief at once, and I felt that I had the right medicine at last. Within three weeks I was completely restored and have enjoyed perfect health since.

"I now have the greatest faith in Peruna." *F. E. KENAH.*

WOMEN should beware of contracting catarrh. The cold wind and rain, slush and mud of winter are especially conducive to catarrhal derangements. Few women escape.

Upon the first symptoms of catching cold Peruna should be taken. It fortifies the system against colds and catarrh.

The following letter gives one young woman's experience with Peruna:

Miss Rose Gerbing is a popular society woman of Crown Point, Ind., and she writes the following:

"Recently I took a long drive in the country, and being too thinly clad I caught a bad cold which settled on my lungs, and which I could not seem to shake off. I had heard a great deal of Peruna for colds and catarrh and I bought a bottle to try. I am pleased that I did, for it brought speedy relief. It only took about two bottles, and I considered this money well spent.

"You have a firm friend in me, and I not only advise its use to my friends, but have purchased several bottles to give to those without the means to buy, and have noticed without exception that it has brought about a speedy cure wherever it has been used."—Miss Rose Gerbing.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

UNION LABEL

Daily Examiner.

WEDNESDAY, FEB. 1, 1905.

EDITORIAL NOTES.

If Mr. Charles Calder, member-elect for South Ontario, looks anything like the picture of him the World prints, it is no wonder that Nicholas Brown, as alleged, had to spend money so lavishly to secure his return.

The big majorities piled up on Jan. 25th, for Conservative candidates in Toronto, have not awed the city council into taking an advance position in the interests of temperance. The council has voted against a reduction of licenses in the city to 125.

Will Premier Whitney, repeal, asks the Brantford Expositor, the succession dues, the tax on corporations, and hand back the control of liquor licenses to the municipalities? Well, hardly. There are good enough things to talk about while in opposition, but are not likely to be attempted by anyone who is entrusted with the responsibility of office.

Much has been made by Conservative journals of the quantity and quality of the Cabinet material in Mr. Whitney's following, but, if rumour is correct, it is a queer commentary on this estimate that he should have to look outside his elected supporters for a suitable Minister of Education.

Alderman Hubbard of Toronto, turns up a new point in the temperance discussion. He declared at a recent meeting of the city council, during the discussion regarding the reduction of licenses, that if the churches paid their share of the taxes, the city need not look to the hotel business as a means of increasing the revenue. He asserted that the churches were assessed at five million dollars and didn't pay any taxes. He voted against the reduction of licenses.

The Government, in providing for the construction of the Grand Trunk Pacific, will be responsible for much larger development results than will flow directly from the building of the new transcontinental line. The project has stimulated the Canadian Pacific to compete actively, with the result that in addition to new lines in Ontario, the C. P. R. is extending its system in the Northwest. The effect will be that not only will the people have additional railway service, but the benefits that should come from competition.

TO PREVENT THE GRIP.

Laxative Bromo Quinine, the world-wide Cold and Grip remedy, removes the cause. Call for the full name and look for signature of E. W. Grove, 25c.

A CARNIVAL AT KEENE

First Fancy Dress Ice Carnival was Held Last Week

Interesting Personal Items From That Village—Mrs. Eaton's Death Regretted.

(From Our Own Correspondent)

Keene, Jan. 31.—Miss Bella McFarlane visited friends in Peterborough for a few days this week.

The following are the vital statistics for the Township of Otonabee for the year 1904 as registered with Mr. J. M. Drummond, Township Clerk:—Births, 66; deaths, 44; marriages, 15.

Mr. Bert Howden, of Peterborough, was in the village on Wednesday.

Miss Laura Sager, of Peterborough, spent Sunday with her friend Miss Kathleen Walsh.

Dr. J. M. Shaw was in Toronto on Thursday and Friday attending the Annual Convocation of the Grand Chapter of Royal Arch Masons of Canada.

Miss Annie McIntyre returned on Friday from the Toronto General Hospital where she had undergone treatment for appendicitis. We are pleased to report that she has entirely recovered.

Mr. A. St. A. Smith, of the Bank of Toronto office, spent Sunday at his home in Millbrook.

We are pleased to report that Mr. Richard Elmhirst is rapidly recovering from a severe illness.

A 'bus load of young people from Peterborough spent a very enjoyable evening at the home of Mr. and Mrs. Mark Plunkett on Tuesday.

Mr. Geo. Byrom disposed of his farm stock and implements by auction on Tuesday, realizing over $1,000. Mr. C. Stapleton was auctioneer. Mr. Byrom intends going West in the spring.

The news of the death of Mrs. W. Eaton at Oxbow, Assa., came as a great shock to her many friends in Keene and vicinity. She passed her early life here and was a general favourite among her young friends. It was at first thought that interment would take place here, but it is understood that the deceased has been interred at Oxbow.

The hockey team went to Campbellford on Saturday and achieved another brilliant defeat. The score was 15—5 in favour of Campbellford.

Master John Drummond, of Westwood, is visiting Mr. J. Drummond.

Mrs. Roach and Miss Flora returned on Saturday from a pleasant visit with Campbellford friends.

The first carnival of the Keene Curling and Skating Rink Co. this season, was held on Friday evening last. On account of the bad state of the roads there were not many from outside places, but there was a good attendance from Keene and the vicinity. There was a large number in costume but, as usual, quite a number did not hand in their cards and their names do not appear on the list. Mr. J. R. McIntyre distributed the prizes and announced that the next carnival would be held Feb. 7th. Following is a list of those in costume:—

PRESENTATION TO MRS. GEO. TAYLOR

By Members of the Warsaw Methodist Church

Other News From That Village—An Interesting Wedding.

(From Our Own Correspondent)

Warsaw, Jan. 30th.—We are having a fine old-fashioned winter and large quantities of wood and lumber are being handled in this locality.

The election was a quiet day here except in the matter of the storm which lay so heavy upon us.

The many friends of Mrs. A. Alexander and Miss M. Payne are delighted to have them with them once more, though it is only for a short time. The above named ladies went some time ago to the West, where each has made her mark in her chosen profession, Calgary being their location. Mrs. Alexander is a daughter of Mrs. Lynn, of town, and conducts an extensive millinery business; while Miss Payne, who is a daughter of Mr. George Payne, formerly of this place, but now of Lakefield, has some time ago graduated as a trained nurse, and as such, stands high in the estimation of all who know her.

Miss Ethel Allen and Miss Bertha Bell of Smith, have been guests at the home of Mrs. S. R. Payne, for the last few days.

Expressions of regret are heard at the departure of the Rev. Mr. Battisbee and family who have been transferred to Young's Point. They had made warm friends while here.

Miss Lumsden, of Keene, is visiting at the home of her sister, Mrs. John Marr.

Our new school teacher, Miss A. Elmhirst, of Otonabee, has made a favourable impression, having begun her work so far as one can learn in a vigorous and systematic manner. We all bespeak for teacher and pupils a successful year.

A large party of the people of the Methodist congregation here drove over to the home of Mr. and Mrs. Geo. Taylor, on Thursday evening, where an enjoyable time was spent and a beautiful silver tea service was presented to Mrs. Taylor. The following is the address which was presented by Mrs. S. R. Payne and in a suitable reply was made by Mr. S. R. Payne:—

Dear Mrs. Taylor,—On hearing of your probable removal from amongst us, in church fellowship, we, as representing the Warsaw Methodist Congregation, have a sincere desire to express in some tangible way, our due appreciation of your long, efficient and valuable service as organist.

Many times you have by great effort and inconvenience to yourself been present to take your important part in the worship of Almighty God, which is so becoming of us all. We have sought this occasion to thank you and also Mr. Taylor for your faithful help, and ask you to accept this tea service as a token of your love and esteem which you so well deserve.

We shall ever pray that God our common Father, may guide you and Mr. Taylor in each varied step of life's remaining path, that together we may sing those soul inspiring anthems of salvation in our heavenly home.

We shall now continue to wish that circumstances would be so adjusted that you may yet remain amongst us to share in our effort to maintain every good word and work in this our community.

Signed on behalf of the committee,
MRS. URIAH PAYNE,
MRS. STEWART PAYNE.

Going somewhat afield to the north, there transpired a pleasing event on Wednesday evening, being the marriage of Mr. James M. W. Tighe, of Douro, to Miss Sarah, daughter of Mr. and Mrs. Robert Brown, of Dummer. Only relatives of the contracting parties were present, but made a goodly company.

The ceremony was performed by the Rev. H. McQuade. The groom was assisted by his brother, Robert Tighe, the bride was attended by her sister, Miss Martha Brown. After the ceremony the guests partook of a bountiful repast and a pleasant evening was spent. The bride was the recipient of beautiful presents. North Dummer is thus parting with one of the most estimable young ladies where Mrs. Tighe was held in highest esteem. The young people will take up residence in Douro at once.

Communion service was held at the Methodist church here on Sunday morning and was largely attended.

Mr. E. McDonald has disposed of his undertaking and furniture business and intends going into farming. Mr. Levi Payne, we understand is the purchaser of the McDonald property.

Tired all the Time.

Mrs. George Beattie, Carr's Brook, Colchester Co., N.S., writes:—"Last spring I was very much run down, felt tired all the time, and did not seem to have life or energy enough to do my work. Three boxes of Dr. Chase's Nerve Food did me a world of good, and made work a pleasure to me. I has not had occasion to use any medicine since, and have recommended Dr. Chase's Nerve Food to all my friends."

TO ADOPT THE PAROLE SYSTEM

Daily Population in Penitentiaries is Increasing

Report of Inspectors Show the State of the Work for the Year.

(Toronto News Special)

Ottawa, Jan. 31.—The reports of the Inspectors of Penitentiaries show the average daily population of the penitentiaries to have been 1,236, as against 1,224 in 1902-1903. The inspectors remark that the fluctuations are an indication rather of the ebb and flow of police vigilance than of the relative number of crimes committed.

The most important portion of the report is a vigorous advocacy of the parole system. It says:—"The principal officer engaged in prison gate work, Brigadier Archibald, of Toronto, has voluntarily undertaken to give special attention to convicts released on parole from our penitentiaries, and since the commencement of the current fiscal year he has been devoting his recognized abilities and energy to the work. The interest aroused by his efforts is already apparent, and we are confident that the present year will mark an important epoch in the history of Canadian penology. The operation of the parole law has been a boon to many delinquents and an equal advantage to the State. With the supplementary provision for the employment of a parole agent of experience, ability and whole-souled devotion to the work there can be little doubt that the benefits intended and anticipated by the statute will be more fully realized, at least insofar as those paroled from Federal institutions are concerned."

The report also draws attention to the fact that 12 per cent. of the convicts are under 20. It goes on to argue for the adoption of the indeterminate sentence.

Pains in the Chest.

Mr. John Clark, Port Hope, Ont., states:—"Last winter I was so bad with a cold that I could not speak above a whisper, and had great pains in the chest. A friend advised me to try Dr. Chase's Syrup of Linseed and Turpentine and one bottle cured my cold which I believe would have proven very serious if I had not used this medicine."

REASON No 8
WHY YOU SHOULD USE
Red Rose Tea

Because it is accepted as a standard of quality.

Red Rose Tea can be found in the sample room of nearly every tea firm in Canada. It is used as a standard of quality by which they judge their own teas.

A large London, Eng. Tea firm recently asked their correspondents in Montreal to send them samples of the best brand of tea sold in this country—they sent Red Rose.

This is a very high tribute to Red Rose Tea. If you will try the tea you will feel like endorsing this tribute.

PURE SEEDS BILL.

Hon. Mr. Fisher's Measure Affords An Interesting Subject For Debate in House of Commons.

Ottawa, Feb. 1.—The agriculturists, who sent many new faces to the Commons last November, had their interests before the House for almost the whole of yesterday's session, when Hon. Sydney Fisher's bill respecting the inspection and sale of seeds was considered in Committee of the Whole. The interest in the subject was intense and unabating, and the bombardment of questions which met Mr. Fisher was a tribute to the value of the measure, and the frank and full explanations which the Minister gave were proof of his keen grasp of the question. The object of the bill in brief is to require more efficient cleaning of seeds, so as to reduce the quantity of seeds of noxious weeds to the lowest possible percentage. The attitude of the Opposition, though critical, was not generally unfriendly, and was an improvement on the hostility with which they met the bill when it was up last session. The discussion was marked by the maiden speeches of several new members. The bill stands for further consideration for a few of the clauses.

Bills Introduced.

Bills presented to Parliament yesterday were:

A bill to incorporate the Atlantic, Quebec & Western Railway—Mr. Gauvreau.

An act respecting the Molsons Bank—Mr. Ames. This bill provides for the redistribution of capital stock in $100 shares, instead of $50 shares.

An act to incorporate the St. Mary's & Western Ontario Railway Company—Mr. McIntyre.

An act respecting certain patents of the Canada Car Company—Mr. Demers.

An act respecting the Ottawa, Northern & Western Railway—Mr. Parmelee.

An act respecting certain patents of the Goodwin Car Company—Mr. Demers.

An act incorporating the Calgary, Red Deer & Battleford Railway Company—Mr. Logan.

An act incorporating the Moose Jaw & Edmonton Railway Company—Mr. Logan.

Mr. Fielding in Vienna.

Mr. Fitzpatrick gave notice of a resolution conferring special benefits on members of the superior court who may be appointed chairman of the Railway Commission.

Mr. Foster asked when the Minister of Finance and the Minister of the Interior would be in the House.

The Premier replied that he did not know when to expect Mr. Fielding, who, on account of a domestic matter, had been detained in Vienna. Mr. Sifton, he said, would return to the capital about Feb. 15.

140,000 Coming Here.

The Commissioner of Immigration announced yesterday that reports which he has received show that the immigration to Canada this year will be in the neighborhood of one hundred and forty thousand people. Though the steamship companies have raised the rates the passenger bookings are decidedly heavy, and the new immigrants will to a large extent be of the English-speaking race. An influx of about forty thousand is expected from the Western States into Canada, and the department is flooded with applications for land and information respecting it. The advance guard European immigration party of one hundred went through Ottawa Monday. They were bound for Winnipeg and the West.

G.T.P. Bonus Goes Through.

Edmonton, N.W.T., Feb. 1.—The bylaw granting the G.T.P. a bonus of $100,000 for the establishment of shops and a union depot here was carried yesterday by 800 to 43.

LA GRIPPE'S RAVAGES.

The Victims Left Weak, Nerveless and a Prey to Deadly Diseases.

La grippe, or influenza, which sweeps over Canada every winter, is probably the most treacherous disease known to medical science. The attack may last only a few days, but the deadly poison in the blood remains. You are left with hardly strength enough to walk. Your lungs, your chest, your heart and nerves are permanently weakened, and you fall a victim to deadly pneumonia, bronchitis, consumption, rheumatism, or rocking kidney troubles. Dr. Williams' Pink Pills never fail to cure the disastrous after effects of la grippe because they purify the blood and sweep away its poisonous germs. Every dose makes new, warm, rich blood which brings health and healing to every part of the body. This proved in the case of Miss Dorsina Langlois, of St. Jerome, Que., who says: "I had a severe attack of la grippe, the after effects of which left me racked with pains in every part of my body. My appetite completely failed me; I had severe headaches, was subject to colds with the least exposure, and grew so weak that I was unable to work at my trade as dressmaker. I tried several medicines without the slightest success until a drug clerk advised me to take Dr. Williams' Pink Pills. I acted upon his excellent advice and the pills rapidly and completely cured me. My strength returned, the headaches and cough disappeared, and I am again enjoying my old-time health. I am satisfied that if sufferers from la grippe will use Dr. Williams' Pink Pills they will speedily recover from those after effects which makes the lives of so many people a burden."

Dr. Williams' Pink Pills cure all the common ailments due to weak and watery blood, such as anaemia, headaches, sideaches, indigestion, neuralgia, rheumatism, sciatica, nervousness, general weakness and the special ailments that growing girls and women do not like to talk about even to their doctors. But only the genuine pills can do this, and you should see that the full name "Dr. Williams' Pink Pills for Pale People," is printed on the wrapper around each box. If you cannot get the genuine pills from your druggist send direct to the Dr. Williams' Medicine Company, Brockville, Ont., and they will be mailed 50 cents a box or six boxes for $2.50.

BURNED TO DEATH.

John Ort's Remains Found in the Ruins of the Barn.

Zurich, Feb. 1.—About 5 o'clock yesterday afternoon the large bank barn of Jacob Ort of the Bronson line, about two miles northwest of Zurich, was burned to the ground. John Ort, an elderly man, who had been living with his brother Jacob, perished in the flames. Some of his bones have been found; it is supposed to be a case of suicide.

Miss Lydia Ort was returning home from a neighbor's when she noticed smoke pouring from the barn and hastened to the stables. At a great risk she managed to turn out all the horses and cattle safely. Mr. Ort and members of the family were away from home at the time.

Child Ate Strychnine.

Tillsonburg, Feb. 1.—What might have resulted in a fatality was averted Monday by a narrow margin. It appears that the two-year-old son of Mr. and Mrs. William Andrews was entrusted with a box of tablets, which contained a percentage of strychnine, and being sugar-coated the child ate seven or eight of the tempting looking tablets and soon developed symptoms of strychnine poisoning. Medical aid was summoned and hopes are now entertained for its recovery.

R.M.C. Cadet Hurt.

Kingston, Feb. 1.—Cadet Watson of Montreal, returning to the Royal Military College after hockey practice, was in an upset in the roadway and came out of the mix-up with a broken left arm. He was removed to a battery hospital, where his arm was re-set. Other cadets were more or less injured, the van going over several times as the horses dashed along.

LORD HUGH CECIL SPEAKS.

Sees Chamberlain Aiming to Divide the Empire.

London, Feb. 1.—(C. A. P.)—Lord Hugh Cecil, M.P. (Conservative free trader), speaking at Preston, said Mr. Chamberlain's whole scheme was one to divide the Empire into classes with conflicting interests. He believed every word Mr. Chamberlain had spoken had done harm to the cause of union within the Empire. While they might hold the people together by ties of pecuniary interest, they would never generate sentimental regard if imports were to be looked upon as evils, and in that case foreign countries and the colonies would look upon our exports as evils. He did not think the country would accept the protectionist doctrine, but would hold to that free commercial system which was the charter of justice and freedom.

Strathcona Entertains.

London, Feb. 1.—(C. A. P.)—Lord and Lady Strathcona, at the Hotel Cecil last night, welcomed a large and distinguished assembly, including representatives of most of the foreign Embassies, excepting Russia and Japan. The occasion was a ball promoted by the city of London International Commercial Association, with the object of promoting peace between the nations of the world. The Lord and Lady Mayoress attended in full state costume.

Want London Capital.

London, Feb. 1.—(C. A. P.)—The C.A.P. learns that three agents of the concessionaries of the proposed Nova Scotia Eastern Railway has for months past been attempting to raise capital in London to start operations. The agents have directly approached several likely financiers, but so far have been unsuccessful.

Catarrah Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

Sold by druggists, price 75c.

U.S. Senator Indicted.

Portland, Ore., Feb. 1.—After many days of silence the Fedral grand jury yesterday returned three indictments in connection with the investigation into the land frauds, which it is alleged have been perpetrated upon the United States Government. The first indictment is against United States Senator John H. Mitchell, Congressman Binger Herman, S. A. D. Puter, Horace W. McKinley, Emma L. Watson, Daniel W. Tarpley, Elbert K. Brown, Nellie Brown, his wife; Henry A. Young, Frank H. Walgamot, Clarke E. Loomis and Salmon B. Ormsby.

Canada For a Cruise.

Halifax, N.S., Feb. 1.—The trim steam cruiser Canada, the pioneer perhaps of a great Canadian navy, will leave on her first trip abroad since she came here from the English builders, and for a month or two she will fly the blue ensign in other than Canadian waters.

NEW RAILWAYS.

Petitions Before Parliament For Two in Province of Ontario.

Ottawa, Feb. 1.—Mr. Calvert presented in the House yesterday the petition of George C. Thompson, manufacturer; William Meredith, C. E.; William M. Smith, manufacturer; Joseph Montgomery, barrister, and James Paywood, commercial agent, all of Toronto, for a bill of incorporation as the Canada-Middlesex Railway Company, with power to construct an electric railway from Niagara Falls, Ont., through the Counties of Welland, Lincoln, Wentworth, Brant, Oxford and Middlesex to a point in or near the city of London. The headquarters of the company are to be in Toronto, its capital stock $500,000, and power is asked to issue debentures to the extent of $35,000 per mile.

The petition of the London & St. Clair Railway Company was also presented by Mr. Calvert. The petitioners, W. D. Matthews, Herb. C. Hammond, C. A. Hamilton, Henry Beatty and Robert A. Smith of Toronto, ask for a charter to build a standard gauge railway, "from a point on the line of the Ontario & Quebec Railway, west of the city of London, to a convenient point on the St. Clair River, at or near Sarnia, or between Sarnia and Lake St. Clair."

Rosseau Committed For Trial.

New York, Feb. 1.—Gessler Rosseau, who was arrested in Philadelphia and brought here on a charge of sending a concealed explosive to the Cunard steamship Umbria, in this city two years ago, was yesterday committed to the Tombs Prison without bail, to await trial. Rosseau pleaded not guilty.

Hackneys and Ponies.

Toronto, Feb. 1.—The Canadian Pony Society and the Hackney Horse Association last night met here and elected officers. The latter association decided to nationalize their register, and the Pony Society made three presentations to Reserving officers.

One Legislature Prorogued.

Winnipeg, Feb. 1.—Sir Daniel MacMillan, Lieutenant-Governor, prorogued the Manitoba Legislature yesterday afternoon with customary formalities. The King's speech laid special stress on the negotiations to be inaugurated for the extension of Manitoba's boundaries west and north.

You know the action of fruit.

Apples, on the kidneys—oranges, for stomach and appetite—prunes and figs for the bowels. But—fresh fruit won't CURE these organs when diseased: they can only HELP to keep them well.

Fruit-a-tives

or Fruit Liver Tablets

can—and DO—cure. They are fruit juices—but changed chemically and medicinally, by our secret process. So remarkable is this convertion, that "Fruit-a-tives" cure all Stomach, Liver, Kidney and Skin Diseases, where the fresh fruit would have no effect on the trouble.

Why An Emulsion?

Because an emulsion (Scott's) of cod liver oil is agreeable to the taste, while the plain oil is repulsive. Because Scott's Emulsion is easily digested, while the plain oil is not. Because Scott's Emulsion enters the system quickly and without effort, while the plain oil is a burden and a tax on the stomach. Because Scott's Emulsion remains sweet after entering the system, while the plain oil is likely to ferment because of its slow action. Because

SCOTT'S EMULSION

contains not only the best of the pure oil but other valuable properties, while the plain oil offers nothing but the crude properties of the raw oil. Because Scott's Emulsion is always the same in purity, strength and composition, while the plain oil is apt to vary in all three of these particulars. Because Scott's Emulsion is a hundred times more beneficial and desirable than any plain oil could be.

Something New in----- SARDINES.

The best sardines in the world have been caught recently off the shores of Norway. These have immediately been pronounced by French and other European countries as Par Excellence. The best brand is put up by Stavanger Preserving Co., Norway, under the name of "Crossed Fish" brand. The fish are very small and very tender, they have been slightly smoked before being preserved, which not only adds to their delicacy of flavour, but prevents the indigestive "thing" after eating, so customary with ordinary sardines. The genuine sardine is far above the common herrings sold as sardines, as all connoisseurs well know. To be sure you are getting the best order

"CROSSED FISH" BRAND

15c per tin. Each tin has a patent easy key opener. The fish can be taken out whole.

WEDNESDAY, FEB. 1, 1905.

'Prentice Boys No. 7.

An urgent meeting of 'Prentice Boys, No. 7, is called for to-night at called for to-night at eight o'clock in the lodge rooms. A full attendance is requested. By order, F. Reynolds, Master.

Wax Candles.

Henry & Co's north window is artistically dressed with a display of genuine wax candles bought from Will & Baumer of Syracuse. Next Sunday will be "Candlemas Sunday," so that all who require these candles should make certain to call at Henry & Co's, and get their supply early.

Come to the Brock Street Rink to-night. The 57th Band will be there and the ice is in splendid condition

With the Chorus Class.

Mrs. Morrow's Chorus Class will meet as usual this evening, and it is expected there will be a large attendance. Solos will be given by Miss Wilson and Miss B. Curtis, and the choruses thoroughly taken up. There was a large attendance at last week's rehearsal at which Miss Mabel Richey sang the "Lost Chord," and Miss Ruth Dawson and Mr. Tom Dawson gave a duet.

—Miss Minnie Griffin, dressmaker 1-2 George street, over Dutton's store, has returned to town, and is prepared to receive orders from her old and any new customers as well. 6d

MR. RICHARD WHITE DISCLAIMS HIS SEAT

In Smith Township Council—Was School Trustee at Time of Nomination.

Yesterday Mr. Richard White filed with the township clerk the necessary document disclaiming his seat in the Smith Township Council. Accordingly there will be a new election.

According to the statute, no one is permitted to be a member of the council who is a school trustee at the time of his being nominated; even though his term of office as a school trustee may expire before the day of election of the council.

It seems that when Mr. White was nominated on Monday, Dec. 26th, he was then a school trustee, though his term of office in that capacity expired two days later, on Dec. 28th. Because of this objection has been made to his election and he was served with a notice that proceedings would be taken to unseat him and asking him to take advantage of the provisions allowing councillors to disclaim their seats. Mr. White did this yesterday, and consequently there will be a new election.

THE SOCIAL WORLD.

Interesting Personal Items Gathered by Reporters.

Mr. Dawson Richardson of Winnipeg, Manitoba, is in town for a few days.

Mrs. J. R. Stratton will receive to-morrow afternoon from 4 to 5.30 o'clock.

Mr. R. S. Todd returned yesterday from Winnipeg, where he spent the last six months.

Mrs. R. McMahon of Merrickville, is visiting her mother, Mrs. M. O'Connell, East Ward.

Mr. Horace L. Sutcliffe, formerly connected with the office staff of the Canadian Cordage Works, left yesterday for New York. He took with him the best wishes of the large circle of friends he formed when in Peterborough, and also excellent testimonials from the authorities of the company as to his efficiency and fidelity of service.

Mr. Jos. McClung, the popular merchant tailor, of Hunter street, spent last week in Philadelphia attending the annual convention of the National Custom Cutters' Association. He was one of twenty-five delegates who represented Canada at this gathering of expert garment cutters, and gathered in all the new ideas in gentlemen's fashionable dress which came before the convention of over 200 skilled draughtsmen. Mr. McClung also visited New York during his trip.

—A meeting of St. Luke's Sunday school teachers will be held after the service to-night.

CABINET CHANGE IN TORONTO

The Ross Government Will Retire on Saturday.

Mr. Whitney has Slated His Cabinet Ministers.

Special to the Examiner.

Toronto, February 1st. — It is not improbable that the resignation of Hon. Mr. Ross will be handed to His Honour the Lieutenant-Governor on Saturday next. The work of putting in order the affairs of the departments, demanding the attention of the outgoing Ministers, has delayed the date of resignation. Hon. Mr. Ross will remain in the House, and will lead the Opposition in the Legislature.

It is understood that Mr. Whitney has completed his arrangements for forming a Cabinet. He has left the city for his home in Morrisburg, and will not return till summoned by the Lieut.-Governor to assume the reins of office.

MADE-UP "NEWS" FROM PETERBORO'

The Toronto World's "Fac"t-Monger Dreams Again

Sensational Stuff Regarding Hon. Mr. Stratton's Intentions.

The Toronto World has the following despatch:

Peterborough, Jan. 31, (Special). —Although Hon. J. R. Stratton practically took charge of the organization and spoke at several meetings for William Anderson in East Peterborough, Anderson was only elected by 118, whereas in 1902 his majority was 443. It is stated by Mr. Stratton's intimate friends that he will run for the Commons in East PeterborouEgh, and that John Finlay, the present member, will be transplanted to a good job at an early date. Mr. Stratton's ambition, it is known, is a seat in the Commons. He will not discuss his future plans. It is generally believed here that the late Provincial Secretary will make a big effort to get to Ottawa before the present year is ended. He intimated in a recent address his probable return to public life.

If the World seeks to get reliable information for its readers, it has, in this case, been served from a very bad source. Mr. Stratton, as he stated at the time of his retirement from public life, retired in order to be left free to attend to his own private business, and he is attending to his own business accordingly. Mr. Stratton, the World to the contrary, notwithstanding, is not looking for Mr. Findlay's position, nor any other man's position. He has no ambition to displace anybody. Mr Findlay knows that Mr. Stratton has no desire to occupy his seat. Mr. Stratton is now in private life, minding his business, an example the World's "fact"-monger might decently follow.

FORESTERS' ANNUAL CARNIVAL FEBY. 17TH.

The Event of the Season Will Take Place That Night.

The 27th annual carnival, under the auspices of Court Peterborough, C.O.F., will be held on Tuesday, Feb. 14th, at the Brock street rink. A good list of prizes will be given for fancy dress and comic costumes, and the prospects are that the event will surpass even the successes of former years. The 57th Band will furnish music for the occasion, and there will doubtless be a large nmuber of skaters in costume. This will probably be the only fancy dress carnival of the season here, and from past successes it is safe to assume that the Foresters will provide an evening of pleasure for the hundreds who will want to attend this event of the season.

Further particulars will be given later.

We Mean Business

All over the City Clothing Store—from cellar to fourth story—reductions, deep and decided, are being made in Winter Suits, Overcoats, Trousers, Underwear, Hats, Caps and Furnishings.

EXPORT DUTY NOT ADVISABLE

Mr. W. H. Meldrum is of this Opinion with Respect to Wheat

Says the Time has not Arrived yet—Effect Would be to Lower Price of Grain.

Mr. W. H. Meldrum was interviewed this morning with reference to the proposal of the Montreal Board of Trade to ask the Government to impose an export duty on wheat, and he was of the opinion that such a course would be suicidal to the best interests of Canada, and his opinion is that the result, while it might secure a temporary advantage to the Canadian millers, would not be to the advantage of the farmers.

Mr. Robert Meagher of Montreal, is the one who has been active in the advocacy of the imposition of an export duty on wheat, and he points out that the increasing of the milling business in Canada, and, sending the raw material—wheat—out in the manufactured state, would be a benefit not only to the farmers but to the whole Dominion. The placing of an export duty on wheat would cause the United States miller to establish his mill in Canada instead of in Minneapolis and Duluth. Mr. Meighen also pointed out that the by-products would be of immense advantage to the farmers of eastern Canada and of the whole Dominion. The mill by-products were required in dairying, poultry, swine husbandry, and cattle and sheep feeding. Mr. Meighen spoke strongly in favour of the Canadian Parliament passing resolutions in favour of Mr. Chamberlain's policy, under which, he pointed out, Canadian flour would enter the British market free and flour ground in the United States would be taxed. Under such a policy Canadian wheat would have to be ground in Canada.

Mr. Meldrum is not of the same opinion as Mr. Meighen, and believes that since the Canadian farmer wants the market of the world open to him it would be bad policy to place an export duty on his wheat, the effect of which would be to lower the price of wheat in Canada, which would be the first disadvantageous result to the Canadian farmer.

There is one particular in which, in Mr. Meldrum's opinion, the change suggested might benefit Canada, and that is, if all the grinding were done in this country the farmers would be able to secure cheap offal for food for their cattle.

The action of the U. S. Congress in allowing Canadian wheat to be ground in American mills in cases where the mills have been bonded, has aroused a great wave of disapproval among the United States farmers and at the next session of Congress the matter will be thrashed out.

But the conditions which made it desirable for the United States millers to import Canadian grain this year, may not occur again for years, but Mr. Meldrum believes that it will only be a matter of a short time before the United States will have reached its limit of wheat production, and of course then it will have to depend upon imported grain.

When asked if the order were passed now imposing an export duty on wheat, there would be any tie-up of the milling trade because of the increased business, Mr. Meldrum said that their were at present milling facilities in Canada sufficient to grind every bushel of grain grown in Canada, and as a matter of fact, the mills in this country did not run more than half the year.

He was of the opinion that the good results following the introduction of an export duty on timber imposed by the Ontario Government would not follow the introduction of a similar policy with respect to wheat.

INJURED WHILE SLEIGH-RIDING

A Lesson Which Children Should Learn.

Parents Might Take Warning and Forbid Their Children to Jump on Sleighs.

Last winter the Examiner had occasion to call attention to a practice indulged in by too many of the children in town, and to point out the great danger they were running, and it again becomes necessary to repeat the same warning, and this warning should have a greater effect for it is illustrated by a practical example of the evil results of the practice condemned.

Those who frequent the streets at all must see the great number of children, both boys and girls, who indulge in the very dangerous habit of jumping on sleighs and cutters, and that there are not a greater number of accidents recorded than there are, is nothing short of miraculous, and it cannot be hoped that this good luck will continue forever.

Yesterday, at the corner of Brock and George streets, a sleigh, upon which there were a number of children, went into a pitot-hole, and the result was that one of the girls, a daughter of Mrs. Byrne, fell off and under the sleigh, the hind runner of which passed over her body.

Fortunately no bones were broken, but she was badly bruised, and required the services of a physician to attend her injuries, which, while they were not particularly serious, were very painful and she will be confined to the house for some time.

A number of minor accidents have been reported earlier in the season, and they are occurring almost every day, and will continue doubtless until some one learns a severe lesson by a serious accident, which is likely to happen at any time if the practice is continued.

Parents should warn their children of the danger of jumping on sleighs, and the drivers, while probably they shrink from doing it, would in reality be doing the children a kindness by refusing to allow them to jump on their sleighs, thereby endangering their lives and limbs.

It is to be hoped that this warning will be sufficient.

IMPROVEMENTS IN C. P. R. SERVICE

Report That Another Local Train Will be put on

Early Morning Train From Toronto—Noonday Local for the West.

It is probable that an important change will be made in the local service of the C.P.R. in the near future, and this change if it is made will supply a long felt want.

It has long been recognized that if the Toronto papers could reach here earlier in the day than they do at present, it would be a great advantage, and it has often been pointed out that other towns not any nearer Toronto than Peterborough, and in many cases, much farther than this town, receive their morning mail in some instances hours before it reaches here.

In Port Hope for instance, the train from the west reaches there about 10 o'clock and the distance between Port Hope and Toronto and Peterborough and and the same city are about equal.

If the proposal now being made is carried out, and there are indications that it will be, the inconvenience now complained of will be remedied.

It is stated that instead of one local train on the C.P.R. as there is at present, there will be two. One will leave Toronto early in the morning and arrive here about 9 o'clock, or shortly after. Then on the return trip this train will leave here about noon going west, which will give four trains each way daily except Sunday.

A change is contemplated also on the morning local going west. It is proposed to have the train which leaves here at 7.12 now, run one hour later, leaving here at about 8.15 and arriving in Toronto about 9.30.

The improvement which this change would make over the present system is one which would be appreciated by many hundreds of persons, not only in Peterborough, but also in proportion all along the line.

The local authorities have received no official information that this service will be inaugurated, but they admit that it has been proposed, and would not be surprised if an announcement were to be made any time now. They are non-committal as to what opinion they hold themselves, but it will be remembered that prior to the inauguration of the fast service on the G.T.R. with the early morning train, the officials scouted the idea and said that they did not believe it would pay, but it was started, and the best proof of its success is the fact that the C.P.R. is about to inaugurate an improved service to meet it.

Probably the greatest convenience of the new service will be the early morning train from Toronto, while of course the noon train for the west will also be a convenience.

Come to the Brock Street Rink tonight. The 57th Band will be there and the ice is in splendid condition.

Better Bag One.

Ladies' hand bags in various kinds of leather, braided leather handles, patent automatic fasteners, gun metal trimmings, fitted with purse and card case, regular price, each from 60c., to $3; clearing sale price 48c, 70c, 88c, $1.35, $1.62, and $2.10. Come and see. A. H. Stratton & Co.

I have disposed of lease of my store and am going out of the grocery business. Big bargains in groceries will be given, as entire stock must be sold.—GEO. CARTON.

NEW CHURCH WILL BE BUILT

Methodists Decide to Erect a Church in South End of the Town

The Lack of Accomodation at Present Demands This—Committee Appointed to Select a Site—Last Evening's Meeting.

Last evening representatives of the three Methodist churches in town met in the Y.M.C.A. parlour to consider the expediency of erecting a new church in the southern end of the town. This matter has been under consideration for some time, and the need for such a church were plain to all, owing to the rapid growth in the population of the south end, and it was felt that there should be better church accommodation for those living in that section.

There were present Rev. Messrs. Dr. Crothers, W. J. Jolliffe, and J. G. Lewis; Messrs. D. W. Dumble, A. W. Cressman, B. F. Ackerman, W. G. Ackerman, W. G. Morrow, Dr. Morrison, Ald. Batten.

After a lengthy discussion and careful consideration, it was resolved that a new church should be built, and a committee, consisting of Messrs. Morrow, Ackerman and Porter was struck to select a site, and also a financial committee named, consisting of Messrs. B. F. Ackerman, H. C. Stabler, W. G. Morrow, A. W. Cressman, G. Carton, A. B. Cunningham.

It is the intention to push the scheme with vigour, as the demand for the church is very great, Charlotte street church being unable to accommodate nearly all the applicants for pews.

The scheme will be fathered by all the Methodists of Peterborough until it is sufficiently established to take care of itself.

The opening of new streets south of Romaine street, will lead to a large amount of building on park lots during the summer, and new factories are constantly bringing in new families, so that there is already in prospect a large constituency requiring church accommodation.

SAW MR. WHITNEY

Had Many Conservative Callers In Toronto Tuesday.

GOVERNMENT IS STILL IN

Conservative Cabinet Makers Hard At Work—With One Exception All Conservative Members Offered Mr. Whitney Loyal Support—Some Cabinet Possibilities—Ministers Will Meet To-Day.

Toronto, Feb. 1.—Mr. J. P. Whitney, Premier-elect, who has been in Toronto since Monday evening, has not yet been called upon to form a Government, and will leave the city this morning for his home at Morrisburg. On Thursday a reception will be tendered him there, in which Conservative members of the Legislature and Commons from the surrounding counties will participate. The reception will really take the form of an afternoon and evening meeting, at both of which speeches will be delivered and a musical program given. It is not expected that Mr. Whitney, who will deliver a short address at each gathering, will make any pronouncement of public importance. Mr. Whitney, who stayed at the Queen's Hotel, received a large number of callers there yesterday, and was also busily engaged in answering the many letters of congratulation which still continue to reach him by every mail.

To a reporter he said he was not yet ready to make any statement for publication. He had entirely recovered from the natural fatigue induced by the recent arduous campaign, and said he felt exceedingly well.

"I am going down to Morrisburg in the morning," he stated in reply to questions. "There won't be anyone from Toronto, but several of the members from around the district will speak. No, I don't, of course, know anything about the resignation of the Government. It will probably be several days yet. We are in no hurry at all, and they should take plenty of time to dispose of their business."

No Change Yet.

A Cabinet meeting was held yesterday afternoon, at which all the members were present with the exception of Messrs. Gibson and Evanturel. It did not last very long, and at its close the newspaper men were informed there was no news. It is understood that the resignation of the Government will not take place before Saturday at any rate, and that Monday is the more probable date. None of the Ministers are taking up any new matters, as all are exceedingly anxious to clear off all the details that it is proper they should deal with before the new Ministers assume office. Another meeting will be held to-day.

Among the callers on Mr. Whitney yesterday were Sir Mackenzie Bowell; Mr. Samuel Fox, M.P.P., West Victoria; Mr. J. W. St. John, M.P.P., West York; Mr. W. R. Smyth, M.P.P., West Algoma; Mr. W. H. Hoyle, M.P.P., North Ontario; Dr. Willoughby, M.P.P., East Northumberland; Mr. G. N. Kidd, M.P.P., Carleton; Mr. J. H. Carnegie, M.P.P., East Victoria; Mr. J. W. Pearce, M.P.P., N. Hastings; the Toronto city members; Mr. R. L. Joynt, ex-M.P.P. for Grenville, and many others. Mr. Whitney was in the very best of spirits, as were also all of the callers.

It was freely stated in the hotel corridors last night that every member of the party who had the slightest claim to a Cabinet position had, with only one exception, left himself absolutely in Mr. Whitney's hands. They would serve him cheerfully in any position he offered them, or with equal cheerfulness as private members. Not one of them would say who the member was who had endeavored to lay down conditions to the Premier-elect. They were, however, quite emphatic in declaring that Mr. Whitney had absolutely refused to recognize the right of a member to dictate what his position in the Cabinet or party should be.

BOMB FOUND IN PARIS

But It Did Not Explode and the Police Are Silent—Eighteen French Anarchists Have Been Arrested.

Paris, Feb. 1.—Another bomb was discovered at 2 o'clock this morning in front of the Hotel Deux Mondes, in the Avenue de L'Opera There was no explosion.

The authorities refuse any information.

French Anarchists Arrested.

Eighteen arrests have been made here in connection with the throwing of a bomb at a group of police and Republican Guards, after the meeting of the Social Revolutionists last night. Twelve of the suspects have been released and the others are held on suspicion. Special police surveillance has been established over the Russian Embassy. Among the men arrested the authorities have identified Francois, a well known professional Anarchist and intimate associate of Emile Henry and Ravachol.

CUTICURA SOAP

The World's Greatest Skin Soap.

The World's Sweetest Toilet Soap.

Sale Greater than the World's Product of Other Skin Soaps.

Sold Wherever Civilization Has Penetrated.

Millions of the world's best people use Cuticura Soap, assisted by Cuticura Ointment, the great skin cure, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for baby rashes, itchings and chafings, for annoying irritations, or too free or offensive perspiration, for ulcerative weaknesses, and many sanative, antiseptic purposes which readily suggest themselves to women, especially mothers, as well as for all the purposes of the toilet, bath and nursery.

Cuticura Soap combines delicate emollient properties derived from Cuticura, the great skin cure, with the purest of cleansing ingredients and the most refreshing of flower odours. No other medicated soap ever compounded is to be compared with it for preserving, purifying and beautifying the skin, scalp, hair and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath and nursery. Thus it combines in one soap at one price the most effective skin and complexion soap, and the purest and sweetest toilet, bath and nursery soap.

Cuticura Resolvent, Liquid and in the form of Chocolate Coated Pills, Cuticura Ointment and Cuticura Soap are sold throughout the world. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Australia, R. Towns & Co., Sydney; Boston, 137 Columbus Ave. Potter Drug & Chemical Corp., Sole Proprietors.

PLOT BEHIND RIOTS

Anarchists Make Tools of Innocent Russian Workmen.

THE MASSACRE JUSTIFIED

Grand Duke Vladimir Says It Was Necessary—Would Not Have Attracted Unfavorable Notice in Any Other Country—Michael Davitt Says Revolution Is Not Yet Ripe.

St. Petersburg, Feb. 1.—In an interview, Grand Duke Vladimir says: "I have stood aghast at the frightful stories of the butchery of innocent people which they have printed. I know they say well-intentioned patriots with a priest at their head, coming peacefully to place their grievances before His Majesty, were ruthlessly shot down in the streets, but we know that behind this peaceful procession was an Anarchistic and Socialistic plot of which the overwhelming majority of the workmen were merely innocent tools. We know from examination of the dead and those arrested that some alleged priests were actually revolutionary agitators and students in disguise. We had to save the city from a mob. Unfortunately, to do so, innocent and guilty suffered alike. But suppose 140,000 men had reached the gates of the Winter Palace; they would have sacked it as the mob sacked Versailles. From the palace they would have gone elsewhere, and the whole city would have been delivered over to anarchy, riot, bloodshed and flames. Our duty was the duty of every Government. The same situation has confronted cities in other countries. Why, because this occurred in Russia, should the whole world point the finger of scorn at us?"

Revolution Not Yet Ripe.

New York, Feb. 1.—Michael Davitt, wiring The Journal from St. Petersburg, says:

Official society is laughing at the English correspondents' predictions of an uprising yesterday. If the people of the other cities of Russia are as unprepared as the capital you may expect the overthrow of the Government about a month after there is a successful revolution in Colorado or Florida. No organisation capable of producing revolution exists. Ninety-eight per cent. of the Russian people are peasants, attached to the soil, and unable to read and write. Any proposal to overthrow the throne or the Czar would be as unpopular among the stolid masses as a suggestion to abolish the Papacy would be to the world of Catholicism. Reform must come, and soon, but it will arrive along the lines of development. Deeds of terrorism will probably continue as heretofore, but any actual revolution is out of the question for the present. It is rumored that most of the English and French correspondents will be politely asked to withdraw after the successful flotation of the next Russian loan. I am informed that six of the nine journalists arrested recently are Jews.

AT WARSAW.

Troops Withdrawn From Centre of City Leave 300 Dead.

London, Feb. 1.—The Daily Mail's Warsaw correspondent reports a restoration of comparative peace, though the city is still in a condition of dangerous ferment.

"The majority of the troops," the correspondent says, "have been withdrawn from the centre of the city, and the end of the strike is in sight. There is some fighting still in the outer suburbs, and cases of treacherous stabbing of soldiers are growing more frequent. Vehicular traffic has been resumed and supplies of food are arriving.

"Hundreds of domiciliary visits and arrests have been made. All suspected persons are stopped, searched and arrested if found to be carrying weapons. "Careful investigation convinces me that the dead number 300.

"The rumors of dynamite outrages at Lodz, and that 25,000 Lodz workmen are marching on Warsaw are unfounded. The Lodz men have struck but remain quiet."

A Deliberate Act.

St. Petersburg, Feb. 1.—An unconfirmed report is in circulation that it has been officially ascertained that the discharge of grape from a saluting gun during the ceremony of the blessing of the waters on Jan. 19, and which imperilled the lives of the Emperor and members of his family was a deliberate act of the terrorists, their tool being a private soldier of the saluting battery.

Police Kill a Girl.

St. Petersburg, Feb. 1.—Last evening the police surprised a meeting of strikers in a tavern and fired, killing a girl and wounding four other persons.

Folgate Gets No Damage.

Toronto, Feb. 1.—The Civic Assize Court yesterday afternoon decided the youth Eric Folgate was not entitled to any damages from the Heggler sisters for the loss of a leg. He and his father sued for $5,000 each.

Changes in Railways.

Halifax, N.S., Feb. 1.—The Midland Railway, running between Windsor and Truro, fifty-eight miles in length, will shortly become part of the Dominion Atlantic Railway system.

Jarvis Remanded Once More.

Windsor, Feb. 1.—Jarvis, the man who shot Police Officer Nash, was remanded yesterday for eight days by Police Magistrate Bartlett. Sergeant Nash is not able to appear yet.

TRIAL AT NEXT ASSIZES.

Selkirk Official Accused of Erasing Voters Names.

Selkirk, Man., Feb. 1.—Preliminary investigation into three charges against Lawrence Duggan, returning officer for Selkirk, of erasing names of Wm. Isbester, George Rowland and William Scarry from lists of voters supplied to him for use in the Dominion election was resumed here yesterday morning.

G. H. Walker, prothonotary of King's bench, and clerk of election court, produced documents transmitted to him by Clerk of Court in Chancery at Ottawa, including lists purporting to have been used by deputy returning officers.

E. W. B. Knott appeared for the Crown, and E. L. Howell for the defence. Formal evidence of deputy returning officers and scrutineers was put in, and on the case for the Crown closing Mr. Howell stated that he did not propose to call any evidence for the defence.

Counsel then addressed court, and the magistrate announced that he would commit accused to take his trial at the next Assizes.

To Cross Ice Floes.

St. John's, Nfld., Feb. 1.—Finance Minister Jackman was apprised yesterday by the authorities at Bay of Islands that a strange light was visible Sunday night on Tweed Island at the mouth of the bay, which island is uninhabited. The crews of four American herring vessels which are frozen in believe the light to have been made by shipwrecked men, probably the crew of the Gloucester fishing vessel Perkins or Atalanta. The Finance Minister has ordered officials to take the necessary steps to solve the mystery. A party of men has been organized who will travel across the floes with dogs, sledges, boats and food, to rescue the men if they are unable to leave there otherwise.

BATTLE WAS BLOODY

Nearly 50,000 Russians and Japs Lost at Sandepas.

RUSSIANS 42,000—JAPS 7,000

Kuropatkin Still Continues to Bombard Sandepas, Where Many Japanese Are Frozen to Death—Terrible Sufferings of the Wounded—Loss of Heikoutai Weakens the Russian Position Materially.

London, Feb. 1.—The Daily Telegraph's Tokio correspondent says the Russian casualties in the engagements from Jan. 25 to Jan. 29, are now estimated at between 36,000 and 42,000 and those of the Japanese at 7,000.

Russians Leave 1,200 Dead.

Tokio, Feb. 1.—Manchurian headquarters telegraphing Monday reports that in the fighting since Jan. 23 at Likaisaten, Chenchiehnao and Heikoutai, the Russians left over 1,200 dead on the field. The Russians Monday shelled the Japanese centre, using field guns and mortars. Simultaneously they shelled a portion of the Japanese left, using twelve heavy field guns.

Russ Wounded Number 3,500

Mukden, Feb. 1.—Constant streams of wounded men are arriving here from the right flank, including Lieut.-Gen. Mistchenko. According to official army organ the wounded number 3,500. The cold is intense, and the condition of the wounded causes the greatest anxiety, because the exposure of their wounds to the frost induces gangrene.

Kuropatkin Bayonets Japs.

St. Petersburg, Feb. 1.—General Kuropatkin in despatches dated Jan. 29 and 30 reports that the Japanese losses in the recent fighting were heavy, many being bayonetted and sabred. The total number of Japanese prisoners already exceed 300. The Russian losses Jan. 28 among the advance posts were five officers and 50 men. Since Jan. 25 the losses are 10,000. The Russians continue to successfully bombard Sandepas, where many Japanese have been frozen to death.

Heikoutai a Serious Loss.

Tokio, Feb. 1.—It is believed that the loss of Heikoutai weakens the Russian position, and probably will compel material change in the Russian front in that vicinity. Heikoutai will be strongly defended by the Japanese, who are now occupying the Russian works. The Japanese Monday captured off Hokkaido Island, northern Japan, the British steamer Wyefield, loaded with contraband for Vladivostock.

Customs Revenue Receipts

Ottawa, Feb. 1.—The customs receipts for the Dominion for the month of January were $3,004,849, an increase of $30,106 over January, 1904. For the seven months the revenue from customs was $24,208,967, an increase of $580,462 over the seven months for 1903-4.

Carroll D. Wright Retires.

Washington, Feb. 1.—After 20 years as United States Commissioner of Labor, Carroll D. Wright retired from that office yesterday. He left last night for Worcester, Mass., to assume the presidency of Clark College. His successor, is Dr. Charles P. Neill of this city.

Succession Duties For Province.

Toronto, Feb. 1.—The Treasury Department will receive $3,000 from the estate of the late Mrs. H. F. Bronson of Ottawa. The estate is valued at about $145,000, but there were large bequests to charity, which are not assessable under the succession duties act.

Married a Score of Women.

Chicago, Ill., Feb. 1.—Chief of Police O'Neill yesterday declared his belief that Johann Adolph Hoch, alleged to have been married to over a score of women, has murdered at least twelve of them.

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon.

Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant.

"Your 'Golden Medical Discovery' is a sick man's friend," writes Geo. N. Turner, Esq., (Dr. Financial Secretary International Brotherhood of Teamsters), 2308 California Street, Denver, Colo. "For the past seven years my health gradually failed. I lost my appetite, became nervous and debilitated, very despondent and unable to sleep. No medicine helped me until I tried Dr. Pierce's Golden Medical Discovery. It put new life into my veins and increased vitality until I could once more enjoy life and attend to my business. Eight bottles effected a complete cure and gladly do I recommend it."

Dr. Pierce's Pellets—only one or two a day will regulate and cleanse and invigorate a foul, bad Stomach, torpid Liver, or sluggish Bowels.

BEWARE OF LIQUID CATARRH CURES.

Alcohol Holds Out False Hopes.

Catarrh sufferers who have become slaves to liquid catarrh remedies, as soon as they stop the treatment find themselves worse instead of better. These unfortunate victims often learn from their physician for the first time that a liquid catarrh remedy simply makes the mucous membranes drunk, destroys the natural sensations of the parts, deceiving them by false stimulation into the belief that the medicine is helping. Everyone knows that alcohol in any form will deceive. It deceives the head, it deceives the hands, it deceives the feet, but nowhere in the body is alcoholic deceit more apparent than upon the mucous membranes. Catarrh can never be cured by alcoholic deceits and the people are learning to avoid alcohol catarrh cures. Furthermore, they are fast learning that Smith's Triple Cure, handy, efficient and in tablet form, is far better and yields more lasting results. Catarrh sufferers know that while liquid remedies give temporary relief, because the alcohol makes the membranes drunk, such medicines soon intensify their trouble. They become slaves to the alcohol habit as surely by using liquid catarrh remedies as when whiskey is used as a beverage. Smith's Triple Cure not only is free from alcohol, but it actually cures catarrh in every part of the body—dry catarrh, stomach catarrh, bowel catarrh, systemic catarrh, in fact, there is no form of catarrh that Smith's Triple Cure does not cure fully and completely. Have nothing, therefore, to do with alcohol or liquid catarrh remedies, but use Smith's Triple Cure, which consists of four separate preparations, three in tablet form, to be used internally, curing catarrh of the stomach, liver, bowels, pelvis and systemic catarrh, and making rich, red blood, and a catarrh cream used locally, curing catarrh of the head and nasal passages, bronchial catarrh and catarrh of the lungs. A full two weeks' course of the four preparations in one large box, sold at only 50 cents by all dealers, the greatest value for the money ever offered. If your druggist won't supply you, send 25 two-cent stamps by mail today and we will send it postpaid and guarantee safe delivery. Address W. F. Smith Co., 185 St. James St., Montreal.

LIVERPOOL GRAIN AND PRODUCE.

Liverpool, Jan. 31.—Wheat—Spot steady; No. 1 Cal., 7s 0½d. Futures quiet; March 7s 1d, May 7s 0½d, July 7s.

Corn—Spot, American mixed, new, easy, 3s 11½d; American mixed, old, quiet, 4s 10½d. Futures steady; March 4s 0⅝d, May 4s 1⅜d.

Bacon—Cumberland cut dull, 37s.

Lard—American refined, in pails, quiet, 35s.

Peas—Canadian steady, 6s 9d.

Receipts of wheat during the past three days, 114,000 centals, including 39,000 American.

NEW YORK DAIRY MARKET.

New York, Jan. 31.—Butter—Strong; receipts, 8038. Street prices, extra creamery, 29½c to 30c. Official prices: Creamery, common to extra, 20c to 24½c; do., held, common to extra, 24c to 28c; state dairy, common to extra, 18c to 26c; renovated, common to extra, 16c to 23½c; western factory, common to choice, 16c to 23c; western imitation creamery, common to choice, 19c to 24c.

Cheese—Firm, unchanged; receipts, 582.

Eggs—Steady, unchanged; receipts, 8017.

CATTLE MARKETS.

Cables Steady—Hogs Active and Strong at Buffalo.

London, Jan. 31.—Live cattle are quoted at 11c to 12c per lb.; refrigerator beef, 9¼c per lb.; sheep, 12c to 13c per lb.

TORONTO LIVE STOCK.

Receipts of live stock at the City Market were 49 carloads, composed of 508 cattle, 1282 hogs, 875 sheep and lambs and 50 calves.

Only a few shipping cattle were offered. Prices ranged all the way from $4.25 to $4.70 per cwt. for steers weighing from 1200 to 1400 lbs. each. Bulls, $3.25 to $4 per cwt.

Choice picked lots sold at $4 to $4.25, with two or three extra cattle good enough in quality to export, that brought a little more money; fair to good at $3.70 to $4; medium at $3.40 to $3.70; common at $2.50 to $3.12½; canners at $1.40 to $2 per cwt.

There was a fair demand for feeders of good quality, several Western Ontario farmers being on the market to purchase. Feeders, 1050 to 1200 lbs., sold at $3.50 to $3.80; feeders, 900 to 900 lbs. each, sold at $3.25 to $3.40 per cwt.; stockers, 500 to 700 lbs. each, sold at $2.50 to $3 for medium to good quality.

About 25 milch cows and springers, principally of common to medium quality, sold at from $30 to $50 each, but better quality cows would bring more money.

Good to choice quality veal calves were in excellent demand at firm prices. Common calves sold at $3.50 to $4.50 per cwt., while good to choice veals sold at from $5 to $6 per cwt.

The demand for sheep and lambs was not as good. Export ewes sold at $4.50 to $4.60; bucks, at $3.50 to $3.75; lambs at $5.50 to $6.25 per cwt.

About 1300 hogs sold at an advance of 10 cents per cwt. Mr. Harris paid $5.50 for selects and $5.25 for lights and fats.

EAST BUFFALO CATTLE MARKET.

East Buffalo, Jan. 31.—Cattle—Receipts, 200 head; fairly active and steady; prime steers, $5.25 to $5.50; shipping, $4.40 to $4.85; butchers', $4.25 to $4.75; heifers, $3.25 to $4.50; cows, $2.50 to $4.15; bulls, $2.75 to $4; stockers and feeders, $2.25 to $4.15.

Veals—Receipts, 125 head; active; $4.50 to $6.25.

Hogs—Receipts, 7000 head; active; strong; 5c higher; heavy and mixed, $4.90 to $4.95; yorkers, $4.85 to $4.90; pigs, $4.80 to $4.85; roughs, $4 to $4.40; stags, $3 to $3.50.

Sheep and Lambs—Receipts, 2400 head; active and steady; native lambs, $6.50 to $8; no Canadas.

NEW YORK LIVE STOCK.

New York, Jan. 31.—Beeves—Receipts, 206; no trading in live cattle; feeling steady. Exports, 900 cattle, 1600 sheep and 3600 quarters of beef; to-morrow, 3800 quarters of beef.

Calves—Receipts, 167; steady; veals, $5.50 to $8.50; no good veals here.

Sheep and Lambs—Receipts, 447; steady; common, $4; lambs, $7.65 to $8; no strictly prime here.

Hogs—Receipts, 5687; none for sale; nominally firm on Buffalo advices.

CHICAGO LIVE STOCK.

Chicago, Jan. 31.—Cattle—Receipts, 5150; steers, $5.50 to $6.25; poor to medium, $3.60 to $5.40; stockers and feeders, $2 to $4.25.

Hogs—Receipts, 20,000; mixed and butchers', $4.65 to $4.87½; good to choice, heavy, $4.80 to $4.90; rough, heavy, $4.65 to $4.75; light, $4.55 to $4.75; bulk of sales, $4.70 to $4.77½.

Sheep and Lambs—Receipts, 15,000; good to choice wethers, $5.10 to $5.60; fair to choice, mixed, $4 to $4.90; native lambs, $5.50 to $7.65.

Princess Has Appendicitis.

London, Feb. 1.—The Princess Victoria, daughter of King Edward, underwent an operation for appendicitis at Buckingham Palace, yesterday morning. The operation was performed by Sir Frederick Treves, surgeon in ordinary to the King.

A bulletin subsequently issued says: "The circumstances of the operation were favorable. The Princess bore it very well, and is progressing very satisfactorily." The Princess, who has been ill for some time, came to London Jan. 27 to prepare for the operation. She was born in 1868.

Snow Bank 40 Feet Deep.

Halifax, N.S., Feb. 1.—Another heavy northeast snowstorm, which is in progress all over Nova Scotia, has again tied up the railways' traffic. Trains are again being cancelled. There is more snow on the ground now than at any time during the past twenty years. In the vicinity of Halifax there is about four feet on the level. On the railway the snow is said to be banked up from thirty to forty feet in height.

Toronto Press Club Officers.

Toronto, Feb. 1.—The election of officers of the Toronto Press Club was held last evening at the King Edward and resulted: Hon. president, Prof. Goldwin Smith; president, Victor Ross (Globe); vice-president, W. H. Greenwood (World); treasurer, M. B. McDonald (Mail and Empire); secretary, Bert Roadhouse (Telegram). An executive will be chosen later.

Newspaper Man Stricken.

Stratford, Feb. 1.—William Mowat, for many years editor of The Beacon, and lately of Mowat's Bank, now defunct, was stricken with paralysis. He is in an unconscious condition, and his recovery is doubtful. Mr. Mowat is over 70 years of age.

HOCKEY.

The Nationals have arranged to go to Port Hope next week to play the T.C.S. team of that town.

• • • •

At 5.45 to-morrow night the Cereal office team and Hickey's Terriers will play at the Brock street rink.

• • • •

The seniors went to Port Perry to-day where they play to-night. A win should result. The team will line up as usual.

• • • •

The Charlotte Street team to play the George Street team to-night, will be picked from, Ryan, Roddy, Moore, H. Roddy, Saunders, Alfords, Sanderson.

On Friday night at the Brock street rink the tie in the Trent Valley League in this district will be played off, T. A. S. and Campbellford will be the opposing teams.

• • • •

On Saturday night at the Brock street rink from 5.45 to 6.30 the Porcelain Works and Montreal House teams will play in response to the challenge of the Montreal House team. The captain of the latter team is Eugene Hurtubise, while Wm. O'Keefe will captain the Porcelainers.

• • • •

The Young Wingers won their eighth victory yesterday, when they defeated the Grace Sunday School team by a score of 5-4. The line-up was was follows:—

Grace S. S.		Wingers.
R. Parnell	Goal,	G. Bane
N. Hopkins	Point,	H. McMillen
B. Hopkins	Cover Point,	J. Brisbou
N. Allison	Centre,	F. Hayes
A. Greer	Left Wing,	W. Waram
S. Carter	Right Wing.	J. Fitzgerald

• • • •

To-morrow night's game in the City League are attracting unusual interest. The first game between the Farriers and Karnots will undoubtedly be the best of the season. Neither team has as yet lost a game and as there is a strong but friendly rivalry existing between the clubs, there will be a very large turnout of supporters of each club. The Karnots are somewhat lighter, but their speed should overcome this handicap and altogether one of the best games of the year is assured. The winning team will practically have the league championship.

At 9 o'clock, the Colonials and Verniers meet. Those teams are going at a fast clip and should provide an interesting contest.

• • • •

One of the most exciting games of the season was played last night on the Brock street rink when the Y.M.C.A. went down to defeat with McWilliams' Clear Grits. The play was fast and the checking close, ending in a victory for the Grits by a score of 3-2. The teams lined up as follows:—

Y. M. C. A.		Grits.
Garside	Goal	G. McFadden
F. Cresseman	Point	J. Gillespie
D. Loomis	Cover Point	W. Todd
Wilson	Rover	B. Lang
F. Bell	Centre	H. Hall
L. Dobbin	Right Wing.	R. Todd
N. Darling	Left Wing.	C. Clarke

The referee was Mr. B. Cameron.

• • • •

A very fast and exciting game was played last night on the Brock street rink between the Aberdeens and the Beavers. The first half of the game was rough and as the Aberdeens do not pretend to be able to play a rough game of hockey, they got the worst of the game in the first half, the score being Aberdeens 1, Beavers 0 at half time. But in the second half the referee got stricter and as the Beavers could not play their slashing game the Aberdeens got the best of it, and at full time the score stood Aberdeens 7, Beavers 2. Halpin at goal for the Beavers played a very good game but was not in it with S. Wade, who tended goal for the Aberdeens. The Beaver defence played their best but was not fast enough for the Aberdeens forward line, whose great combination would fool them every time. The Aberdeens' defence was very strong and would not allow the Beavers to go through them at all. The Aberdeens lined up as follows:—

Goal, S. Wade; point, A. Harrison; cover point, H. Staunton; centre, E. Harrison; rover, H. Harrison; left wing, C. Ray; right wing, C. Lech. The Beavers are still after the Aberdeens to have another game and the Aberdeens will play them another game any old time at all, but it is up to the Beavers to get the rink this time as the Aberdeens have got the ice for the last two games. C. Ray and A. Harrison were the stars and Mr. W. Giroux was referee.—Contributed.

POPULAR CONCERT BY 57th BAND

Selection from Wange, ... Morse
(From DeWolfe Hopper's Latest Success)
Concert commences at 8 o'clock sharp, Admission 10 cents.

GOD SAVE THE KING.

REMAINS OF LATE MRS. STANLEY

Have Arrived from Brainerd, Minnesota.

Funeral Will Take Place To-morrow Afternoon.

The remains of the late Mrs. Geo. Stanley, whose death was reported in these columns a few days ago, arrived here to-day from Brainerd, Minn., and the funeral will take place to-morrow afternoon at 3 o'clock, from the residence of her mother, Mrs. Samuel Long, Sophia street, to the Little Lake Cemetery.

The Brainerd Despatch says of the deceased:

Mrs. George Stanley died yesterday afternoon at 4.10 o'clock at St. Joseph's Hospital, and the loss of an estimable lady is keenly felt throughout the city by a large circle of friends.

The dissolution occurred after an illness of several weeks, the direct cause of the death being cancer of the stomach. Several weeks ago when she complained it was not thought that there was anything serious the matter but when the exact condition was determined it was known that she could not live long and the husband and other relatives were apprised of the fact. Since then it has been but a matter of time for the end must surely soon come.

Mrs. Stanley was in her thirty-ninth year and had lived in Brainerd for about 12 years. She was Mrs. Martyn when she married Mr. Stanley and she had three children by her first husband, Harry and Sid Martyn and Mrs. Bella Logan, all well known here. She is also survived by a brother, F. D. Long, of Park Rapids, another brother, Robert Long, of Montana and a mother, three brothers and five sisters, four of them living in Ontario, and one, Mrs. Geo. Crawford, in Ireland, besides a devoted husband who is well known in this city.

The deceased was one of the most highly respected ladies in the city and her friends were legion. She was popular in several orders of which she was a member, principal among which were the D. of H., Foresters and Royal Neighbours. She was known for her loyalty to friends and her sunny, cheerful disposition under almost every circumstance.

The remains will be taken from the Losey & Dean undertaking parlours to-morrow at 10 o'clock to the home of Mrs. F. D. Stillings, where they will lie in state until Monday noon when they will be taken to Peterborough, Ont., her old home, where they will be buried and where her mother now resides. Brief funeral services will be held at the Stillings home Monday morning at 10 o'clock. The following gentlemen will act as pall bearers, accompanying the remains to the noon train: M. J. Reilly, C. A. Walker, J. J. McCarthy, James Smith, R. G. Vallentyne and H. P. Dunn.

Mr. Stanley and F. D. Long, the latter a brother of the deceased, will accompany the remains to Ontario.

INTERESTING NEWS BRIEFY TOLD.

Things We All Like to Hear About.

—A report of the Board of Health meeting this morning is held over.

—To-night at the Brock street rink the band of the 57th Regt. will be present.

—To-night at 7 o'clock the inaugural meeting of the Board of Education will be held.

—At St. Andrew's church on Friday night service preparatory to communion will be held.

—At the police court this morning a man charged with non-support was remanded for one week.

—A large quantity of good readable matter has been unavoidedly left over until to-morrow.

—The regular weekly prayer meeting of St. Andrew's congregation will be held to-night at eight o'clock.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. E. Hoover, 222 McDonel street. 'Phone 190.

—The proposed local Scotch Choir to be consisted should organize a bagpipe band for accompaniment purposes.

—A number of fine, strictly high-class genuine steel engravings for sale at greatly reduced prices at the "Fremery," 428 George street.

—Dr. Amys, having purchased the property and practice of the late Dr. Pigeon, who resided at 270 Charlotte street, Peterborough, he will on and after Jan. 31st, have his surgery at the above address instead of as in the past on Lake street, Fifth Ward. Office hours,—8.30 to 10 a.m., 2 to 3.30 p.m., 7 to 8 p.m. 6dlw

—If you bake bread, then you must buy flour. Try our special bread brand, also pastry flour, best of satisfaction. Also canned tomatoes, peas, and corn. For good, crisp vegetables, such as parsnips, carrots, beets, turnips, cabbage, onions, California celery, Lipton's Jellies and pickels, and potatoes. Call upon James R. Bell, 161 Hunter street. 'Phone 455. Also farm for sale.

—There is a movement on foot to organize the vegetable growers of Ontario into an association. There are at present a number of local associations but it was felt that more could be accomplished with a Provincial organization. A meeting will be held in Toronto a week from next Wednesday to formulate a plan, and it is probable that an organizer will be appointed.

LOST.

DOG LOST.—ON SATURDAY, 28 JANUARY, 1905, a fox terrier pup, three months old, white body, black marks on head. Finder kindly leave word at 396 Simcoe street, or this office, 42-36.

TO FORM A SCOTCH CHOIR

The Movement was Inaugurated at the Meeting Last Night

Clan Alpine Camp, Sons of Scotland, held a most successful open meeting last night in Brooke's hall, Chief Jack Macpherson presiding. About one hundred invitations were issued, and the response was most gratifying to the members of the Camp, who acted as hosts. The Camp was honoured with a visit from Mr. A. Fraser, of Toronto, Grand Chief of the Order, who was very warmly received, and who in the course of the evening delivered an interesting address in which he held up the ideals of Scottish character and urged that steps be taken to revive Scottish sentiment in town by holding frequent meetings, at which the songs, literature and history of Scotland could be cultivated. The Scottish people had a duty to perform to their nationality, which was apt to be over-looked in the hurry and bustle of life, but which, nevertheless, must be discharged if the lovers of Burns, Scott and other heroes of Scottish history and romance were true to their race and to their own best instincts. Songs, music and speech were the order of the evening, and the quality of the local talent was demonstrated to the delight of all those present.

At the close of the programme a committee was formed to interest the Scottish element of the community in the objects of the Camp, and an effort will be made to form a Scottish choir for the rendering of part songs at the social gatherings to be held during the winter, which may culminate in a Scottish concert on a large scale.

CHANGED HANDS.

LeGros' Cigar Store and Barber Shop.

The undersigned has purchased from the LeGros' estate the Cigar Store and Barber Shop so long known by that name, and will continue to carry on the business in future in the same premises, under the name of

Mac's

Cigar Store and Barber Shop.

The Tobacco and Cigar Store will be re-stocked with the choicest goods on the market, including the most up-to-date Smokers' Sundries of all kinds.

The Barber Shop will undergo such a complete change as to make it second to none That means quick service, no long waits, and good work. We promise you'll find a good barber at every chair. "You're next."

I therefore solicit a share of the public patronage, assuring customers that my own personal attention will be a guarantee that both branches of the business will be conducted in a manner to give entire satisfaction. We're out for your trade The services of Mr. LeClair, who has been connected with the business for so many years, has also been retained.

The Robe and Coat event of the Season.

THE BEGINNING OF FEBRUARY MARKS AN IMPORTANT EVENT—A CLEARING SALE OF FUR ROBES AND FUR COATS.

As Furs have been getting higher and higher priced each season and this sale's prices will be lower than last season's prices, isn't that reason enough for present buying?

Read our short list of February prices, which you will find but a sample of what we are doing in our entire Fur stock, and then figure it out if it isn't better than banking money.

3 only pieced Grey Goat Robes, extra large size, regular $6.00 ..... now $4.00	2 only Coon Skin Coats, whole skins, reg. $40.00 qualities.... now each $20.00
6 only Black Mountain Bear Robes, extra large size, regular $15.00, now $11.00	8 only Coonskin Coats, whole skins, reg. $50 qualities..... now each $27.50
8 only Black and Brown Mountain Bear Robes, large size, reg. $13..now $9.00	10 only Coonskin Coats, whole skins, reg. $65.00 quality..... now each $50.00
3 only Buffalo Calf Robes, large size, reg. $25.00 ..... now $19.00	4 only Australian Coon Coats (best quality) reg. $45.00 quality, now each $35.00
6 only Black Russian Dog Coats, regular $20.00..... now each $14.00	6 only Astrachan Jackets, regular $40.00 quality..... now each $30.00
4 only Brown Calf Coats, reg. $25.00 qualities..... now each $18.00	12 only Ladies' Fur-lined Jackets, price $15.00 for $7.50, $25.00 for $10, etc.

You will see from Above that Prices are Reason Enough

for the purchase of these high-class Furs, but there are others. Protection of health should not have money consideration. An hour's exposure to extreme weather might cause irreparable damage—and don't forget the after years of comfort. Come in and have a look through, as our stock is not of the cheap class made so often for no other purpose than to be sold by auction, but is all home manufactured and guaranteed.

TRIBUTE TO A GREAT CANADIAN

Mr. John Bertram as a Firm Believer in Forestry

Former Peterborough Man was Influential on the Forestry Association.

The first number of the Canadian Forestry Journal, published by the Canadian Forestry Association, just to hand, contains, among other articles, a tribute to a former Peterborough citizen, and one who took a very deep interest in Forestry affairs, the late Mr. John Bertram. It says:—

It is with profound regret that we have to chronicle the death of Mr. John Bertram, of Toronto, which took place on the 28th November, 1904. It is only necessary to read the last Annual Report of the Canadian Forestry Association to understand the loss which the Association has suffered in his removal. The paper read by him on "Forest Management in Ontario," the interested and strong way in which he took part in the discussions, and the kindly manner in which, at the close of proceedings, he referred to the pleasure which he had felt at being present, and to his hopes of attending the next meeting at the City of Quebec, all show how much and how deeply the Association has been indebted to him. From the beginning of its career he gave it hearty support, and had previously, in the year 1901, contributed a paper on "The Economic Management of Pine Forests," which attracted a great deal of attention, and first gave to many people the idea that an improvement in forest exploitation was possible. At the time of his death he was a member of the Board of Directors of the Association.

This explains why the Forestry Association should mourn Mr. Bertram's death. But his activities were far more widespread than the forestry movement. A successful business man, he had large interests on his hands in the Bertram Engine Works Company, and in the Collins' Inlet Lumber Company, and although he did not enter active politics, except for the short time from 1874 to 1878, when he sat as a member of the House of Commons, he always took a live interest in public questions, and their discussion, and gave large public service. As a member of the Ontario Forestry Commission appointed in 1897, he did valuable service to the province, and helped to shape the policy of steady progress in forest administration which that province has shown. And in his private business he carried out the forestry principles which he advocated in public, for the limits of the Collins' Inlet Lumber Company were being cut under his direction with the aim of having a sustained yield, of cutting the forest interest only, and not the capital. In 1903, the Dominion Transportation Commission was organized with Mr. Bertram as the chairman. The instructions to this Commission were to make a full enquiry into the transportation question as affecting Canada. This work had not been completed at the time of his death. Thus he was connected in a public way with what he considered the most important public questions in the Dominion. In his own words, "There are two great questions in Canada, transportation and forestry."

A man of strong intellectual power and a clear and able thinker, an honest and fearless exponent of his views, yet not seeking the public eye, his influence on public affairs has been greater than many have known or thought. Canada needs such men, and their places are not easily filled.

The heartfelt sympathy of the members of the Canadian Forestry Association will go out to the friends of our deceased fellow member.

NEXT MEETING IMPORTANT ONE

Many Matters of Interest at the Council Meeting on Monday.

The next meeting of the Town Council, which will be held on Monday next will be one of more than ordinary importance. The question of the new industry, which was discussed at the last meeting of the Committee of the Whole will be dealt with, and one of the Aldermen promises that there will be a surprise for the people of the town when the announcement is made on Monday night.

Another matter in which considerable interest has been taken, is that of the appointment of a plumbing inspector, and it is probable that this office will be filled at the next meeting.

Applications for the position have been received, and the vexed question of who is to secure the appointment will be threshed out at that meeting. The appointment is an important one, as it is one which requires the occupant of the position to possess a thorough knowledge of the plumbing business.

There is a probability that the matter of assessors will be discussed at this meeting. It is understood that the appointments recommended by the Committee of the Whole at a former meeting will be withdrawn and the whole matter brought up again.

REPORT WAS A FAVOURABLE ONE

Medical Health Officer Reports that Death Rate is Low.

Meeting of Board of Health Yesterday Morning—The Business.

The Board of Health met on Wednesday morning in the town clerk's office. There were present Messrs. R. Neill, chairman; Dr. Burnham, G. Schneider and Wm. Eyres.

An account from St. Joseph Hospital for $27, and one from Ormond & Walsh for $11.85, were referred to the Medical Health Officer and the Sanitary Inspector for a report.

Dr. Bingham, Medical Health Officer, submitted his report for the year

To the Board of Health, Peterborough:

In making out my annual report it is a pleasant duty to state that the health of the town during the past year was in many respects highly satisfactory. No fatal scourge of epidemic disease visited the town during the year, and the infectitious diseases which made their appearance were of a mild type, except the few unfortunate cases which proved fatal.

The number of diphtheria patients reported was 75; the deaths, 9.

The number of scarlet fever cases reported was 28; the deaths 2.

The number of deaths reported from all causes, 180. This makes 12 per thousand of the population, which is considered a low mortality rate for a town or city. Many of the death occurred in the hospitals here, and in strictness might not be reckoned in with the mortality of the town, as the patients had been brought in from outside places. If these were deducted the rate would be about 9 in the 1,000. The diseases which caused the fatal issues were: tuberculosis, heart failure, pneumonia, cancer, diphtheria, dropsy, appendicitis, Bright's disease, apoplexy, old age, typhoid fever, anaemia, paralysis, scarlet fever, bronchitis, abcess and inflammation of the brain.

The amount of sanitary work done during the year greatly exceeded that of any previous year. The inspection of wells, inspection of premises, the enforcement of all the provisions of the Health act, and the adjustment of an endless variety of complaints, afforded your sanitary inspector and health officer all the work they could do. It is also due to the citizens to say that they did all they could to assist us in the sanitary work of the town, and is is only fair to add that the influence of your sanitary inspector in carrying out the provisions of the Health Act was of the greatest importance.

The scavenger work of the town was done during the year by a large and efficient staff of men. Some gentlemen take up the mal-odorous profession as a means of livelihood, while others engage in the business irregularly and without portfolio. The following are some of the causes of disease which we have to a certain extent under our control: Sewer gas, bad air, bad water, bad food, bad conduct and bad sanitary conditions in the home. These are all prolific causes of disease, which with intelligence can be avoided.

In respiration the lungs give out a large amount of carbonic acid gas, which in a confined space poisons the air and renders it unfit to be breathed again. Hence the necessity of large sleeping apartments, which should be filled with fresh air and sunshine every day. In addition to the causes of disease already mentioned, some add the mosquito and the house fly. The mosquito injects the germ of malaria into our veins, and the house fly, with spongy feet, collects the invisible germs of disease and spreads them over our food.

In closing this brief report we would take the opportunity of enumerating some of the uncommon material advantages enjoyed by the town—a salubrious air, an abundant water supply, an extensive sewerage system, unlimited railway facilities, numerous wealthy industries, where thousands get employment, an excellent street car service and the night made brilliant by the light and power companies. All these advantages, together with a law abiding population of fifteen thousand may well entitle Peterborough to an honourable position among the fair cities of the Dominion.

J. BINGHAM, M. H. O.

The report was received and a copy will be sent to the Provincial Board.

Dr. Gray was heard, and addressed the Board in opposition to the use of anti-toxin.

The matter was referred to the Medical Health Officer.

The Board adjourned.

SOARING OATS

A Jump From 33 Cents to 39 Cents in a Few Days.

The honest farmer, who has a good stock of oats in his bins these days, has a sort of gold mine. From some cause there has been a sharp advance in price within the past few days to 39 cents, which is being paid at the Cereal Works to-day. The rise in price is mainly due to a shortage, not of oats, but of offerings, and the latter is due doubtless to the extremely bad condition of the country roads. Besides, throughout the province there is a considerable demand for feeding purposes. It is not expected that the rise will be permanent; when the roads improve oats will begin to come in more freely, and there may be a set back to more normal prices.

—The Ladies' Aid of St. Andrew's church will hold their regular monthly meeting to-morrow afternoon, (Friday) at 3.30 o'clock.

Peterboro's Leading Shirt House

BOYS', YOUTHS' and CHILDREN'S CLOTHING

We still have a complete range of sizes in our Boys' Clothing Dept., excepting size 28 in Norfolk Suits. Our many customers know the MERITS OF OUR CHILDREN'S CLOTHING, and when we announce to them that we are discontinuing this department and are clearing the balance of our stock at the

and in some cases below, it needs no argument.

Cressman's

W. G. FERGUSON IS CHAIRMAN

Was Elected to Preside Over Board of Education

Standing Committees Were Appointed —Short Meeting Last Night.

Last night the inaugural meeting of the Peterborough Board of Education was held, and practically the only business transacted was the election of the Chairman and the appointment of the Standing Committees.

The choice of the Board fell on Mr. W. G. Ferguson, who has been a member of the Board for fifteen years, and who during that time has given considerable time and attention to the work of the Board and is consequently in a position to give good service to the cause of education by reason of his thorough knowledge of the requirements of the local educational institutions.

Those present last night were Messrs. J. J. Hartley, John Crane, Wm. Pringle, W. H. Hill, Dr. Burnham, Jas. Stevenson, Robt. Fair, W. G. Ferguson, L. M. Hayes, Harry Morgan, Dr. Morrison, H. P. Kennedy, B. F. Ackerman, F. J. Jameson, R. B. Rogers.

The Secretary, Mr. W. G. Morrow, opened the meeting and asked for the election of a chairman for 1905, and Mr. W. G. Ferguson was declared elected chairman on the first ballot.

Upon assuming the position of chairman of the Board Mr. Ferguson thanked the members in a few words for the honour which had been conferred upon him by his election as the presiding officer of the Board, and expressed the hope that the interests of education in Peterborough would be advanced by the Board during the year. He asked for the co-operation of the members of the Board.

A committee composed of Messrs. Hartley, Morrison Hayes, Burnham and Hill was appointed to strike the Standing Committees for the year.

Mr. W. H. Hill, the Chairman of the Committee, presented the report which recommended that the following gentlemen constitute the committees:—

Property,—Messrs. Crane, Stevenson, Hamilton, Morgan, Hartley, Jamieson. Mr. Crane chairman.

Finance, (— Messrs. Hayes, Fair, Eastwood, Ackerman, Burnham. Mr. Hayes chairman.

Supervision. — Messrs. Pringle, Morrison, Hill, Rogers, Kennedy. Mr. Pringle, chairman.

Appointments—The whole Board. W. H. Hill, chairman.

Building—Messrs. Kennedy, Morrison, Crane, Hartley, Hayes, Rogers. Mr. Kennedy, chairman.

The committee simply reported recommending that the standing committee be composed of the members mentioned, and later the committee themselves elected their chairmen by ballot.

This concluded the business of the Board which then adjourned.

—Invitations are being issued for the Charity "Bal Poudre" to be held in the Oriental Hotel on Friday evening, Feb. 10th.

UNION LABEL

Daily Examiner.

THURSDAY, FEB. 2, 1905.

WAITING.

Some of the Conservative members are impatient, because the Ontario Cabinet ministers have not sooner resigned. This impatience is natural, first, because some of these members are anxious to know the best, or the worst — whether they will be chosen as Cabinet Ministers, or set aside for future reference. The delay of the Ministers in resigning is quite easily explained. During the six weeks' election campaign, in which the Ministers took their share of work, the work of the departments, lacking their personal attention, naturally fell into arrears, and to clear up these arrears and to leave everything in as good shape as possible for their successors, requires a little time.

In the meantime the members of the new Cabinet, whom, it is said, Mr. Whitney has decided upon, can have a little time to reflect upon the magnitude of the responsibility they are about to assume. They need to do so, for they will find the post of a Cabinet Minister something quite different in its exacting requirements, from the role of critics-at-large on the Opposition benches.

SUDDEN DEATH IN OMEMEE

Death of Mr. Wm. Ingram Formerly of Manvers.

From our Own Correspondent.

Omemee, Jan. 30th.—The weather is extremely cold, but excellent sleighing and roads in all directions.

Election excitement is settled down and business is being resumed.

The people are anxious to see the new Whitney Government ride both liquor and temperance horses without being jostled or thrown off.

We have had some very sudden deaths particularly that of Wm. Ingram, who died last Wednesday, from inflammation of the stommach. He had reached the age of 66 years and had been a very hard working man, making his home and property chiefly in Manvers, but of late living seven miles east of Omemee. He leaves one son and four daughters to mourn his loss. The funeral was largely attended last Friday, Rev. Mr. Whitlaw conducting the service.

We hope that since Mr. T. E. Bradburn has been elected for West Peterborough with such a large majority, he will use some of his influence in getting the Peterborough Sugar Beet Co. revived. Many of the patrons here are anxious to continue raising beets since the price of sugar has advanced.

THE NICKEL POLICY.

The Brantford Expositor, in referring to a statement made in one of an opposition orator's recent speeches, makes this good point:—

His statement that the production and refining of Ontario nickel gave more employment to labour in New Jersey than in this province is far from the truth. The refining process is now carried to an advanced stage in Ontario, and only a very small proportion of the value of the finished product is imparted by labour outside the Province. The The Ontario Government in the session of 1901 or 1902 proposed to take power to prohibit the export of nickel matte if it should be demonstrated that the refining process should be carried on in Canada. Mr. Whitney, and his followers, with one exception, Mr. Carscallen, of Hamilton, (and he didn't dare to chirp about it at the Sudbury meeting, but sat silent and heard his policy denounced), opposed the policy of an embargo, and accused the Government of holding a club over the head of the nickel-mining industry. The power was not exercised, but the Government's attitude had the desired effect of inducing the Canada Copper Company to transfer most of the refining to this country.

SUNDAY SCHOOL ENJOYABLE EVENING

St. Paul's Scholars Annual Tea and Entertainment.

The Primary Kindergarten and Cradle Roll Departments of St. Paul's Sunday school, held their entertainment on Monday evening. Tea was served from 5 to 7 o'clock to the children, and their parents, of which there were over 150. In The tables were arranged in the Sunday school room, and the children greatly enjoyed their tea.

At 7 o'clock the programme was opened, the Lord's Prayer being chanted by the children. Then followed a splendid address by Dr. Torrance, to which the children listened with great interest and amusement. A duet by little Misses Jean Anderson and Georgina Long, was the next in order, and was heartily applauded. Miss Cameron's class next gave a chorus, "Jack Frost," which was well received, the children giving motions, which were very effective. A solo, a doll song, by little Agnes Carmichael, was very sweetly sung, her childish voice and sweet enunciation, together with her manner of handling her doll, evoked hearty appause. Master Fred and Miss Kitty Torrance, then sang a duet, which was one of the best items on the programme. A solo by little Miss Long sung in a clear sweet voice, was the last number before the drill, which was the most amusing number on the programme. The children were all dressed to represent the characters they were producing, and all did their part with exceptional grace and charm of manner.

The following were the characters: May Nelson, carrying broom, fold of Mother Goose coming, and her family; Mother Goose, Milmas Nelson, soon appeared, dressed in usual Mother Goose garb, and stood in the centre to bow to each character. Humpty Dumpty, Kenny Laing, succeeded in gracefully falling off the chair while the song was being sung by the children. Along comes Old Mother Hubbard, dressed in chacteristic fashion, hobbling along by means of a cane; after making her bow to Mother Goose she sang, "Old Mother Hubbard went to the Cupboard," which was very amusing.

Little Boy Blue, Rapsie Pringle, next appeared, and succeeded in blowing his horn with great enthusiasm.

Polly Put the Kettle On, was little Meta Meredith, and putting her kettle on very gracefully skipped around around to the singing of the familiar song.

Little Bo-Peep, was Lillian Moore, who was very prettily dressed in blue and white. She acted her part very nicely while the children all sang for her.

Little Jack Horner, George Dodds, with his plum pie in his hands, skipped to the music. Hi-diddle-diddle, Donald Hunter, performed his part exceedingly well. The little Sparrow and his bow and arrow, little Margaret Conmal and Donald Pringle, was then presented. The solo was sung by little Margaret Donald, standing with bow and arrow, ready to shoot the sparrow. This was perhaps the sweetest of the characters, as both were so small. Jack and Jill, Jack Fife and Gracie Thompson, was well received, the children entering heartily in the singing and the game. Sing-a-Song-o'-Sixpence, Queen, Jean Anderson; King, Hugh Carmichael; Maid, Clara Mason; Page, Francis White. The little queen looked very pretty in her white dress and crown, and with grace and dignity performed her part effectively. The king's long scarlet robe was quite suggestive of royalty and the little maid was indeed pretty, unconsciously hanging out her clothes. All performed their parts well and it goes to show that there is no lack of talent in St. Paul's, as only two of those who took part were outsiders.

After singing the "Sand Man All" and "God Save the King," the children's evening was brought to a close. —Com.

ACCIDENT TO MISS HILLMAN

Lakefield Lady Breaks Her Arm by a Fall.

Great Interest in Curling—The School Board Meets.

Lakefield, Feb. 1st.—Mr. and Mrs. W. V. Reynolds and family left on Friday. Mrs. Reynolds and family are going to spent the winter at Toronto Junction, Mr. Reynolds is going to Cuba to cultivate his property at Heriduru.

Miss Tanner, who has been spending a couple of weeks with friends in Peterborough has returned home.

Mr. and Mrs. E. A. Tanner have returned from Toronto, where they were spending a couple of days.

The first meeting of the new School Board was held in the Town Hall on Wednesday evening last. The new members took the declaration of office and business was started for the present year.

A crowd of young folks from the village drove to Peterborough on Monday evening to attend a skating party, held in the Brock street rink.

The many friends of Miss Hillman will learn with regret that she had the misfortune to fall while walking on the ice and brake her arm. Dr. J. R. Fraser was called in and the injured member set. At last reports the patient was doing as well as could be expected.

Miss Montgomery of Keene, is the guest of Mrs. J. H. Bettis, of Regent street.

Miss Jennie Kearney, of Young's Point, is the guest of Miss Lillie Montgomery, of the village.

Miss Mina Payne, of Calgary, N.W.T., who, for the past two weeks has been visiting her father, Mr. Geo. Payne, left for her home in the West on Tuesday.

Miss Rowley, of Peasley, is visiting in the village the guest of the Misses Spence.

Miss Pratley, of Peterborough is the guest of Miss J. N. Johnson.

The Epworth League of the Methodist Curch held an At Home at the home of Mrs. Bettis on Monday evening, when a most enjoyable evening was spent. The entertainment was in the form of an Autograph Social.

Miss Nina Sherin is visiting with friends in Millbrook.

Mr. J. M. Kilbourn, of Owen Sound, is spending a couple of days in the village.

Miss Pearson, of Peterborough, is the guest of Mrs. Samuel Pearson of the village.

Miss Houston, of Winnipeg, is the guest of Mrs. Roland Johnson.

The following rinks played at curling for the brooms this week both games proved very exciting and the result was as follows:—

J. Moffat	A. Northey
W. J. Baptie	F. X. Fortier
J. W. Ridpath	Geo. Baptie
C. S. Tanner, 10.	F. A. Kilbourn, 7.
H. Simpson	L. Payne
R. S. Strickland	R. P. Davidson
J. W. Ridpath	F. X. Fortier
F. M. DeLaFosse, 11.	J. Moffatt, 8.

Children Are Underfed

THE RESULT IS WEAKNESS, RICKETS, ST. VITUS' DANCE AND MANY ILLS OF CHILDHOOD —THE CURE IS

Dr. Chase's Nerve Food

"Nine-tenths of children are underfed," writes a great English scientist who made an exhaustive study of the subject.

Children require double nourishment—to enable them to grow as well as to repair the wear and tear consequent on living.

Active exercise of mind and body, together with growth of physiological changes, consume nerve force at a tremendous rate, exhaust the supply of rich blood, and leave the body weak and liable to disease.

Pallor and weakness, weak eyes, nervousness, skin disease, rickets, St. Vitus' dance and constant liability to catch cold and to contract the disease of childhood are the result.

As a means of restoring the vitality of weak, puny children, there is no preparation so effective as Dr. Chase's Nerve Food.

Being mild and gentle in action and powerful as a creator of new, rich blood and nerve force, this great food cure is admirably suited to the needs of children, soon adds new, firm flesh, and tissues to the weak and emaciated body and restores the vigour of robust childhood.

There is no means by which nourishment is so directly applied to the blood and nerves as by the use of Dr. Chase's Nerve Food, because this preparation is composed entirely of the elements of nature which are required to build up and restore strength to the system.

Mrs. R. Wareham, 267 Sherbrooke street, Peterborough, Ont., states—"One of my children has suffered a great deal with nervous headaches, dizziness and sleeplessness, and in fact, was all run down, pale and languid. These troubles we attributed to over-study and confinement at school. She began using Dr. Chase's Nerve Food, and I can say I have found this treatment exceedingly helpful. It has relieved her of headache, steadied her nerves and built up her system wonderfully. We can see a great change in her, as the colour is returning to her face, and she is gaining in flesh and weight."

Dr. Chase's Nerve Food, 50 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box. 3

MOUNT IRWIN

From Our Own Correspondent.

Tuesday, January 31st.

A cold chill passed here last night in which the thermometer marked 20 degrees below zero. The snow here is about two feet deep in the woods.

Mr. Daniel Reid, an old resident of Galway passed away after having been ailing for some time. The deceased was eighty-three years of age. He leaves to mourn his loss a son and three daughters, namely, Mrs. Jas. McGrath, of Kinmount; Mrs. William Clark and Mrs. John Allen, of Galway; Daniel Reid, of Kinmount. The funeral took place at nine o'clock Sunday morning to the R. C. Cemetery of Galway.

A REVIEW OF THE PAST YEAR

As Respecting Industrial and Labour Conditions in Canada.

The Labour Gazette for January, in addition to its usual monthly survey of conditions of employment, trade disputes, immigration returns, industrial accidents, etc., contains a series of special reviews dealing with the calendar year of 1904 from an industrial and labour standpoint.

The leading article of the issue gives an extensive and detailed account of the general conditions of industry throughout Canada during the year, each of the important branches of employment being given separate treatment, and topics such as the wages movement, tendencies in cost of living, interruption to industry, the effect of weather on industry, legislation enacted affecting industry and labour, proceedings of labour organizations and employers' associations, being dealt with in detail. The year on the whole shows a somewhat lower degree of activity than was reported under the usual conditions of expansion which prevailed during 1903, though in the majority of the branches a very favourable showing was presented, and a marked advance occurred in several localities, notably in Western Canada. The wages movement, as compared with 1903, was practically stationary, though farm and unskilled labour received higher remuneration than ever before. Prices of staple commodities were on the whole higher than in 1903, rents in particular showing a marked increase.

In the number of strikes and lockouts, which are dealt with in a separate article, the year showed a great improvement as compared with 1903, the total number of disputes in existence being only 103 as compared with 160 in the preceding year, and 123 in 1902. The number of workingmen involved in strikes during 1904 was 15,685, and the loss of time in working days approximately, 278,956.

A very interesting review of the issue deals with the industrial accidents which were reported as occurring in Canada during 1904, this being the first return of the kind ever presented to the Dominion. The article is based on the tables of accidents reported from month to month in the Labour Gazette, publication of which was first begun in the November, 1903, issue of the Gazette. These statistics are carefully analyzed from various points of view, tables being used throughout to illustrate the significance of the returns. The railway service with a total of 243 fatalities, was shown to involve the greatest amount of personal danger to employees, though heavy returns were also shown under the heading of mining, with 106 fatal accidents, general transport with 100 fatal accidents, the metal trades, with 103 fatal accidents, and the lumbering and saw-milling industries with 69 fatal accidents. Comparatively few fatalities were reported in the other branches of employment. Among the branches reporting accidents which did not result fatally, the metal trades stood first with 492, the railway service following with 331. Under general transport 169 accidents of this class were reported; in the woodworking trades, 153, in the building trades, 133, in the agricultural industry, 1117, and amongst unskilled labourers 121. An especially valuable portion of the article is that which analyses the causes of the different accidents. A large number of the fatal accidents reported to agriculturists, for example, are shown to have been the result of farmers being struck by trains while marketing their produce. In the lumbering industry the largest number of fatal accidents were caused by falling trees. In mining, explosions caused the greatest loss of life. In the building trades the largest number of fatalities resulted from workmen falling from buildings. In the metal, woodworking, food and tobacco preparation and leather trades, the great majority of the injuries, fatal and otherwise, were received by workmen while employed about machinery. It will be seen that statements of this kind, when extended over a period of time, will prove of the greatest practical value both as a guide to possible legislation and from an economic and industrial point of view.

A GUARANTEED CURE FOR PILES

Itching, Blind, Bleeding or Protruding Piles. Druggists refund money if PAZO OINTMENT fails to cure any case, no matter of how long standing, in 6 to 14 days. First application gives ease and rest. 50c. If your druggist hasn't it send 50c in stamps and it will be forwarded post-paid by Paris Medicine Co., St. Louis, Mo.

DISCUSSED MANY LIVE SUBJECTS

At the First Supplementary Farmer's Institute Meeting

Good Meetings at 4th. Line, Smith—The Speakers.

The first supplementary meeting of the West Peterborough Farmers' Institute was held at the Orange Hall, Con 4, Smith, on Tuesday afternoon and evening, Jan. 31st. The attendance at the afternoon meeting was not large, but those present evinced much interest in the proceedings, paying close attention throughout to the speakers, Messrs. A. E. Sherrington, of Walkerton; R. H. Field, of Addison, and F. E. Kilne, of Lakefield, who proved to be well versed in their subjects. Mr. R. Q. Dench, President, occupied the chair, and his facetious remarks and well-told anecdotes added materially to the programme, and kept the audience in constant good-humour.

Mr. Sherrington spoke on "Conservation of Soil Moisture." In opening he invited discussion, remarking that it frequently brought out many facts and much information which might otherwise have been tion of his address to an extiontion of his address to an explanation of the evil effects on the land, of a scarcity, and also of a superabundance of water. These evil effects, in either case, could be overcome by proper cultivation. In his remarks on cultivation he recommended that the seed-bed should be prepared by a disc-harroiw and made as fine as possible, in order that the seed after germinating might take hold of the soil without difficulty, coarse soils being more porous. He also advised that the farmers should procure the best and plumpest seed possible. As a fertilizer, wood ashes were preferable to land plaster, as ashes contain the proper chemical agents to secure good results. He also gave some valuable advice regarding the beneficial effects upon the soil of plant foods—dark soils containing a larger percentage of humus or decayed vegetable matter and retain the moisture better than lighter soils.

Mr. R. H. Field next spoke on the subject of "The Requirements of a Dairy Cow, Care and Management." He pointed out the various characteristics pertaining to a good type of dairy cow, illustrating his remarks by a carefully prepared drawing. This was followed by some observations on the best method of rearing calves, insisting upon the absolute cleanliness of all utensils used in feeding. In speaking in reference to the care and handling of cattle, he strongly condemned brutality, as being unnecessary under any circumstance. Regarding the best method of feeding he said he had obtained the best results from clover hay, corn ensilage, and a quantity of straw with the corn ensilage. This should be fed twice a day. He considered a lactation period of ten months as sufficient for a cow. He concluded with some advice with reference to the proper care of milk.

EVENING SESSION.

The evening meeting was much better in point of attendance, many ladies being present. It took the form of a public entertainment, the programme being interspersed with musical selections by Messrs. McGregor, Young, Graham and Campbell. Miss Courtney acted as accompanist. A pleasing dialogue was also given by Masters Orville and Albert Young.

Mr. F. E. Kilne, of Lakefield, read a paper on "The Care of Milk Before It Reaches the Factory." He added a few remarks on the impossibility of making good cheese from milk which has not been properly cared for, emphasizing the necessity of proper aeration, as well as perfect cleanliness in regard to the utensils. He summed up by quoting the following Golden Rule of successful dairying:—"Be clean; keep cool."

Mr. Field followed with an address on "Farming." He addressed his remarks more particularly to young people, pointing out the benefits of formulating a well-defined and business-like policy at the outset of an agricultural career; much of the feeling of drudgery and dissatisfaction which might be felt in later years would thus be obviated.

Mr. Sherrington spoke on "Beautifying the farm." No other class of people, he said, have such natural opportunities to beautify their homes as has the farmer, and he urged that more attention be devoted to this matter, in the way of proper laying out of grounds, removal of unsightly buildings, construction of wire fences, etc. He also advocated the laying out of lawns and curved driveways when possible. He also advocated the planting of Norway Spruce trees on the north and west sides of the house, pointing out the many benefits of such a windbreak. The trees should be planted from 4 to 8 feet apart. He also made a few remarks on the value of trees in conserving the moisture of the land.

Mr. Wm. Collins, secretary of the Association, urged that all should enroll as members of the Institute, and many availed themselves of the opportunity.

The speakers were the recepients of a hearty vote of thanks, moved by Mr. T. D. Young, President of the Central Smith Dairy Company, and seconded by Wm. Graham, as was also the chairman.

The representatives of the press wish to express to Councillor Graham and Mr. Robt. Darling, their thanks for courtesies shown them.

Perfect Confidence.

When there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford, of Poolesville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success. My child, Garland, is subject to severe attacks of croup and it always gives him prompt relief." For sale by all druggists.

THE FAST PACE

that we lead in this present generation, wears out many a heart in comparatively short time. Horses that we use for racing purposes we treat with care and concern, machinery and other mechanical devices that we use continually we oil and keep in good condition, but the heart that must pump a whole lifetime, we neglect, overwork and misuse and only give it thought when it becomes weak and irregular and can no longer properly distribute our blood to all parts of our body. If you are living a fast life—dissipating or working hard, you must give your heart some nutriment so that it can stand the strain,

DR. AGNEW'S HEART CURE

is the best heart food. It will make your heart strong and healthy. It builds up the walls and tissues of the heart and enables it to distribute pure, clear blood to all parts of the body.

Mrs. J. Calcott, Strathroy, Ont. says "I have used Dr. Agnew's Heart Cure with the best possible results. Before I secured it I suffered greatly with chronic Heart disease and from nervousness and sleeplessness which it had induced. This remedy gave relief in 3 minutes and has brought back my usual health.—2

Dr. Agnew's Ointment and Liver Pills will relieve any case of piles in two or three nights.

BATTLE OF THE HUN

Horrors of a Winter Campaign Graphically Told.

SANDEPAS WAS SET ON FIRE

Troops Hurled Against Defences Made Impenetrable By Severe Cold Without Avail—Blood Froze on Lacerated Flesh of the Wounded Soldiers—Man Powerless Before Nature.

Russian Headquarters, Huan Mountain, Feb. 2.—The five days' combat, which will be known as the battle of the Hun River, was fought on a plain broken only by Southern Amethyst Mountains, around Yentai, the solitary eminence of which is the Liaoyang tower of bloody memory.

The bright glare of the sun, reflected from a dazzling expanse of snow, was painful to the eyes, and it was with difficulty that one could follow here and there black streaks marking the Russian columns, or wavering skirmish lines dashing against what resembled dull grey rocks, but which, in reality, were the villages of Lidiatoun and Tanlepu, and the extensive hamlet of Sandepas, bastioned by Chinese defences, and converted by the Japanese into veritable fortresses, surrounded with wire entanglements and earthworks.

Exposed to intense cold, the mounds of earth had become impenetrable. For five days Russian soldiers unavailingly hurled themselves against the defences, and field artillery pounded them until the frosty air reverberated with the thunder of cannon, the din of bursting shells and the rattle of musketry. The gunners actually wept with despair at their impotence. Mortar batteries came up at a gallop in the hope of demolishing the fortifications. Night and day, the stream of shells was poured against the earthworks, but without effect.

The men seemed indifferent to hunger or cold, which latter was of Arctic intensity. Their fingers, hands and feet were benumbed, while stinging snow and dust blinded them. The slightest wound caused excruciating pain. Warm blood no sooner exuded from lacerated flesh than it began to freeze. Wounded could not be left exposed, and, if they did not receive attention within an hour, they died.

Everything that could be done was done, but man was powerless in the face of nature, which heaped tortures upon the troops, and defeated the plans of the commander. The battle yielded no practical result

OYAMA REPORTS.

Russians Repulsed On Every Hand Up to January 31.

Tokio, Feb. 2.—Field Marshal Oyama, reporting Tuesday, says that the Russians bombarded his centre and right wing on Jan. 30, and sent small bodies of infantry to attack the Japanese outposts, where they were repulsed.

On the same day heavy Russian guns fiercely shelled Piyentai and Chenchiehpao. On Jan. 31 the Russians bombarded Chenchiehpao, Lapati and Litajentan and two companies of infantry attacked Chenchiehpao, advancing from the south end near Pietailzu. The Japanese repulsed them.

On Jan. 30 two companies of Russian infantry unsuccessfully attacked Yatzupao, two miles northwest of Chenchiehpao, and two battalions of Russian infantry and a regiment of cavalry failed in an attack on Tutaitza.

Field Marshal Oyama, in reporting the wounding of Lieut.-Gen. Mitschenko, which he had learned of some Russian prisoners, characterized Gen. Mitschenko's attacks upon the Japanese flank as brave.

Tired all the Time.

Mrs. George Beattie, Carr's Brook, Colchester Co., N.S., writes:—"Last spring I was very much run down, felt tired all the time, and did not seem to have life or energy enough to do my work. Three boxes of Dr. Chase's Nerve Food did me a world of good, and made work a pleasure to me. I has not had occasion to use any medicine since, and have recommended Dr. Chase's Nerve Food to all my friends."

JUDGMENT RESERVED.

Sir William Meredith and Justice Teetzel Hear Wentworth Protest Argument.

Hamilton, Feb. 2.—Should the ballots that were numbered on the back by Deputy Returning Officer Vallens be counted or not is the problem on which Chief Justice Meredith and Justice Teetzel will sleep for an indefinite period. They came to Hamilton yesterday and heard argument in the Sealey-Smith election protest, and after they had heard it they reserved judgment.

W. O. Sealey was elected for the House of Commons for Wentworth at the recent Federal elections by majority of 15. E. D. Smith, his Conservative opponent, applied for a re-count which was conducted by Judge Snider. The judge found that in one of the Beverley divisions, where Sealey had a majority of 25, the deputy returning officer had numbered the ballots on the back, and his honor threw all the ballots for that division out, and Sealey's majority of 15 melted into a minority of ten.

Judge Snider then declared Smith elected. Mr. Sealey entered a protest, and by agreement it was arranged that only the question of the numbered ballots was to be submitted to the court.

When You Have a Cold.

The first action when you have a cold is to relieve the lungs. This best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This Remedy will cure a severe cold in less time than any other treatment, and it leaves the system in a healthy and natural state. It counteracts any tendency towards pneumonia. For sale by all druggists.

Two Burn to Death.

Montreal, Feb. 2.—Two men were burned to death in a fierce fire which broke out last evening in the tannery at the corner of Frontenac and Rachel streets, near the East End Abattoir, occupied and operated by Fred Galibert, glove manufacturer. The names of the dead are H. Cyrus and P. Zimber. Cyrus was a Russian military man, who deserted his army about a month ago. He had been in the employ of Mr. Galibert only three weeks. P. Zimber, the other victim, was a Montreal boy, of Irish parentage. He was 22 years of age, and was married three weeks ago.

Bought By the N.Y.C.

Ottawa, Feb. 2.—At midnight Tuesday night the Ottawa and Norfolk Railway passed from the receiver's hands, and is now controlled by the New York Central. The present officials will continue in their positions, with H. W. Gays as general manager.

Do not fail to hear them. Tickets at The Examiner Office, Sanderson's, Ormond & Walsh's, and from W. Stocker.

PERFECT MODEL

Something About the New Turbine Steamer "Victorian"

A model of uniqueness and completeness is the model of the new ocean steamer "Victorian" on exhibition in the Grand Trunk up-town office. The model shows the new boat to splendid advantage, and is perfect in every particular. The "Victorian" is the first of the two turbine-driven ships ordered by the Allan Line, and was launched from the shipbuilding yards of Messrs. Workman, Clarke & Co., Belfast, on August 25th, 1904. She is one of the most handsome vessels ever built in Belfast, and her three propellers will be a novel feature in an Atlantic liner. The length of the vessel is 540 feet, the breadth 60 feet, and the depth 40 1-2 feet. The accommodation will of course be of the best with every possible convenience and up-to-date fixtures.

The propellers revolve at a very high speed, from 270 to 300 revolutions per minute, and she will be one of the fastest ocean vessels afloat.

The steamer will make her first trip across the Atlantic about March 1st, and on June 10th will take a large representation of the Canadian Manufacturers' Association to England.

Them odel on exhibition at Mr. Bunton's office is being viewed with interest by the citizens of the town generally.

TROUBLE IN THIS COUNCIL

Bomanville Will Have New Election for Councillors.

A new election for councillors will take place in Bowmanville, two of the members of the Council having resigned. The resignation of one was accepted, but that of the second was laid over and in the meantime legal action was taken to unseat him.

The ground for action as set forth above is because that at the last meeting of the 1904 council, Dec. 30th, accounts in favour of Councillors Brock and James were passed by resolution of council and paid on Dec. 31st, after both men had been nominated for the 1905 Council.

Councillor James, who is editor of the Statesman, is the one against whom legal action will be taken to unseat him, though he had placed his resignation before the council.

Another Case of Rheumatism Cured by Chamberlain's Pain Balm.

The efficacy of Chamberlain's Pain Balm in the relief of Rheumatism, is being demonstrated daily. Parker Triplett of Grigsby, Va., says that Chamberlain's Pain Balm gave him permanent relief from Rheumatism in the back when everything else failed and he would not be without it. For sale by all druggists.

MR. CAVANAGH'S EQUINE PURCHASES

Bought Ten Horses in Lindsay and Paid $1700.

—Mr. "Ted" Cavanagh, proprietor of the Phelan House, Peterborough, was in Lindsay yesterday, buying horses. He secured ten fine animals, for which he paid $1700. A very fine team was supplied by Mr. Eph. Evans of Yelverton, the other five were bought from Mr. John McMillan, who lives near Port Perry. "Ted" says there are still lots of good horses in the country—one has only to offer the proper price to bring them out.—Post.

HELP WANTED FOR SANITORIUM

County Council Asked to Contribute to Gravenhurst Hospital

Deputation From the Law Association Waits on County Council—Their Request.

WEDNESDAY AFTERNOON.

The Council resumed its open session at 2.30 p.m. Wednesday afternoon, and the first matter claiming the attention of the Council was a matter brought up by Mr. Humphries, of Aspinodel, who addressed the Council with reference to the Free Consumptive Hospital at Gravenhurst. Mr. Humphries proposed that two or three free cots be established by the County Council for the use of patients from this County, or in case they were vacant by patients from the other parts of the province. He considered this a most worthy cause, and instanced the case of his niece, who was ill and the doctors advised that she should be sent to Gravenhurst. She stayed there three months, and at the end of that time she was much improved, but she stayed there for six months, and at the end of that time she came home and has been perfectly well ever since, which is now nine months ago, and the doctor says that she will probably never be affected again with it. Mr. Humphries said that in Peterborough County there are between 50 and 60 persons who are affected with the disease, and many of them are not able to pay anything for their maintenance at the Hospital. He thought that the amount required was so small that no one would feel it in the slightest. He asked the Council to give this matter its most serious consideration.

At the conclusion of Mr. Humphries' address Mr. D. W. Dumble, who happened to be present, asked the Council to hear Mr. J. W. Bennett, who also happened to be at the session, and who was thoroughly conversant with the Sanatorium.

At the request of the Council, therefore, Mr. Bennett addressed the members and gave his personal experience in the Sanatorium. He thought that there was no institution in Canada that deserved greater support than that at Gravenhurst. The cost of a free cot at the Hospital for a year was $300, which might seem large until the conditions are understood, and it must be remembered that the diet is costly, and the cost of operating the Hospital for various reasons is high.

The value of the institution rested almost solely upon the treatment and Mr. Bennett said that if the trouble were taken to provide this treatment at their homes, the patients could be successfully treated. But the trouble is that unless one goes to the Hospital he will not take the treatment afforded at the Hospital in his home.

There was no trouble to cure the disease if it were taken in time, but the great danger is that the disease is not looked after at an early stage.

Mr. Bennet stated that contrary to the general impression the disease was not heriditary.

Mr. Dumble added a few words to those of his legal brother, and very strongly urged the council to accede to the request made by Mr. Humphries. It could not be urged that the council is voting money to an outside institution, because there is only the one for the whole province, and there are patients there from all parts of Ontario, and all are treated alike. He believed the whole community would sustain the council in making any grant which they might see fit.

Mr. Shaw moved that the matter be referred to the Finance Committee.

Mr. G. W. Hatton next addressed the council on behalf of the Peterborough Law Association, and asked the council to grant a sum of money to provide furnishing the Law Library. Mr. Hatton said that the Association paid each year towards the maintenance of the Library about $150, and the Ontario Law Association pays about $270 each year, but the expenditure of this money is limited by certain restrictions, and the money received has been devoted to the purchase of books, and the Library at present was insured for $3,000. He quoted from the report of the inspector, in which reference was made to the local association, and he suggested that a floor covering and some comfortable chairs be provided, and these improvements Mr Hatton asked for.

While the local members of the association might put up with the conditions themselves, it was somewhat galling to them to have to introduce the visiting members of the profession to a room as bare and as uninvititing as that of the library here.

There was danger of having the grant given by the Ontario Association withdrawn if after having had their attention called to the inadequate premises no remedy is provided, and he hoped that this would not be so, because he hoped that the council would see fit to make the grant asked for.

Mr. Dumble endorsed the words of his colleague and said that this was really a public matter, and it was an economy. If the lawyers were good men and knew their business, and did not bungle things, the sessions of the County Court were shortened. The council had always used the Law Association well in the past and he had no doubt that when the needs of the association were known, they would make the grant asked for.

Mr. Bennett added a few words to those of the former speakers and thanked the council for the system of electric lighting had been installed and hoped that the request would be granted.

The matter was referred to the Committee on County Property, and the council adjourned to 10 o'clock on Thursday morning.

THURSDAY MORNING.

The Council met in Committee this morning and devoted the entire morning session to the work of the different committees.

FORTY SEVEN YEARS SERVICE

Mr. James Eakins Spent that Length of Time With Dickson Co.

Died Last Night After Three Month's Illness—A Valuable Employee.

Last night Mr. Jas. Eakins died at the family residence, 664 George street, as the result of a protracted illness. An attack of pleurisy, following an illness from typhoid fever, which later developed into pleuro-pneumonia, being the cause of his death.

The late Mr. Eakins was 60 years of age, and for 47 years has been identified with the Dickson Company, latterly in the capacity of superintendent of the woods department, and during this period of nearly half a century of service, he has only been incapacitated from work once, and that was 15 years ago, when he suffered from diphtheria.

The deceased has been a resident of Peterborough since childhood, coming here from county Cavan, Ireland, his birthplace, with his parents at an early age, and living here ever since.

When he was 13 years of age he entered the employ of the Dickson Company, which was at that time managed by Mr. Samuel Dickson, who gave the company its name, and at a time when the woods operations of the company were carried on within a stone's throw of the present site of the Dickson Company's mill, instead of a day's journey from the town.

The company's operations at that time were, however, quite extensive and limits were held in Stanhope and Anson townships in Haliburton county, and later limits in Scott township were secured.

After Mr. Eakin's promotion to the position, which he held until his death, he had under his charge about 350 to 400 men during six months in the year, and proved himself a most capable employee of the company, and one whole place it will be hard to fill.

The late Mr. Eakins was married to Miss Wright, a member of an English family, who came to this country from Newcastle-on-the-Tyne, about 40 years ago, and settled in Stanhope township, and it was while engaged in his work in that section that the deceased became acquainted with the lady who is now his widow. She survives him with two daughters, Josephine and Lena.

He was a stounch supporter and consistent member of St. Paul's Presbyterian church.

The funeral will take place tomorrow afternoon at 2.30 o'clock, from the family residence, George street, to the Little Lake cemetery. Service will be held at the house at 2 o'clock.

Pains in the Chest.

Mr. John Clark, Port Hope, Ont., states:—"Last winter I was so bad with a cold that I could not speak above a whisper, and had great pains in the chest. A friend advised me to try Dr. Chase's Syrup of Linseed and Turpentine and one bottle cured my cold which I believe would have proven very serious if I had not used this medicine."

Sale of Cutters.

Attention is directed to the overstock of cutters at the agency of the McCormack Harvesting Implement Warerooms in the National Hotel block, opposite the market, Charlotte street. These cutters are all Armstrong and Brantford make, known to be among the best in Canada. The prices have been sacrified in order to clear them out of the way of the new agricultural implements now arriving for spring work. Sale starts Saturday. See advt. 1d1w

NO TRACE OF MISSING MAN

Thomas Gemmell Said He Was Going to Attend his own Funeral.

Left His Boarding House at Noon Yesterday—Had Been out of Work and was Despondent.

"I am going to a funeral, to my own funeral" were the words which Thomas Gemmell used as he left his boarding house yesterday noon and he has not been seen or heard of since as far as can be ascertained by those interested in him.

Mr. Gemmell come to Peterborough about eight months ago from Scotland and has been employed at the C.G.E. Works as an engineer. He is a man of about 70 years of age and is unmarried. About two weeks ago he went to board at Mr. David Sanderson's, 148 Park street, and a few days afterwards he lost his situation at the Works. This misfortune seemed to worry him greatly and he talked of leaving town and going to Toronto and said yesterday that he had packed his trunk and would be leaving soon. Yesterday after dinner, he secured in a strange mood and told Mrs. Sanderson that he was going to attend a funeral. Mrs. Sanderson asked him who was dead, and he replied that it would be his own funeral. He left the house and up to noon today had not returned. He did not take any of his belongings with him, so that he could not have left town to stay. Grave fears are entertained as to what has become of him. It is said that he has been drinking quite heavily of late.

Enquiry was made to-day at the police station but no information as to the missing man's whereabouts could be secured. He has no relatives or friends in this country.

Mark your tickets for the Meister Quartette at Ormond & Walsh's Drug Store. Plan opens at 8 o'clock tomorrow, Friday afternoon. The programme submitted is an entire change from that last presented. The best advertisement this concert has is the pleasant memories of those who heard the last concert here. This is an opportunity to hear a famous quartette that should not be passed over. Mark your tickets early.

—At the Police Court this morning a drunk was fined $2.00, while a drunk and disorderly was taxed $2 and costs, or $5.85 altogether.

CAPT. SALMON'S CASE

Hon. Raymond Prefontaine Explains His Resignation.

THE CAPTAIN PREJUDICED

Minister of Marine Welcomes the Opportunity to Clear Up Some Misapprehensions Which Existed in Respect to This Matter—Canada to Make Her Own Explosives - Militia Estimates.

Ottawa, Feb. 2.—The resignation of Captain Salmon from the position of Wreck Commissioner, as a result of friction with the Government over the Canada-Cape Breton investigation last summer, was the subject of a spiffited debate in the House yesterday on a motion by Mr. Ames of Montreal, for the correspondence in the case.

Hon. Raymond Prefontaine welcomed the motion as an opportunity for him to clear up some of the misapprehensions which existed in respect to this matter by Captain Salmon having said his judicial actions had been interfered with by the Minister of Marine and Fisheries telling him to see the counsel for the Richelieu & Ontario Navigation Company, one of the parties to the investigation.

Cleared His Position.

Mr. Prefontaine cleared his position by showing his powers in the matter, by stating that Captain Salmon was prejudiced in the case, and had intended giving judgment prematurely to influence a civil case in the Admiralty Court at Quebec, and that Captain Salmon had then only a slender tenure on his position, and was only retained to dispose of some cases then before him.

Most of the remainder of the day was occupied in Committee of Supply, an interesting discussion taking place last night on the relation of Canada to the cost of our defences. Sir Frederick Borden announced his hope of having all the raw material necessary for Canadian ammunition made in Canada.

Mr. Walter Scott, in the absence of Mr. Frank Oliver, introduced a bill respecting the Calgary & Edmonton Railway Company.

Foreign Trade.

Hon. Wm. Paterson, replying to a question by Mr. Foster, gave some details of the exports and imports for the current fiscal year up to December 31 last. The total importation of merchandise for these six months was $123,043,650, of which $74,788,987 was from the United States and $28,923,454 from Great Britain. The total exports of merchandise amounted to $118,438,246, of which $113,229,216 was home products, and of the latter $63,072,205 went to Great Britain and $38,077,788 to the United States.

Hon. Mr. Prefontaine told Mr. Lefurgey that the Government had contributed $80,000 towards the Marconi wireless telegraph station at Glace Bay, and that the delay in getting it in operation was due to change of site and bad weather.

Another Arsenal.

Militia estimates were under discussion in the House last night.

Col. Fowler asked if it was the intention of the Government to establish another arsenal.

Sir Frederick Borden replied that such was the intention, and he hoped before the end of the session to supply further information and perhaps a contract. It was desirable that ammunition should be manufactured at more than one place, and that one place should be in the vicinity of Ottawa. All explosives, he said, should be manufactured in Canada.

In reply to a question from Col. Fowler, Sir Frederick stated that the Government had not been advised of any change regarding the garrison at Halifax.

Mr. Osler protested against the desecration of the Plains of Abraham and their historic environment by a water tower of the Ross Rifle Company's works being erected on top of one of the old martello towers.

Sir Frederick Borden regretted the offence to Mr. Osler's aesthetic taste and promised to see if the matter could not be remedied.

Presentation to Hon. John Costigan.

Ottawa, Feb. 2.—A presentation of a cabinet of silver cutlery was made to Hon. John Costigan last night in honor of his completion of his 70th birthday. Mr. Costigan has been 44 years in public life and 38 years in the Commons. All these years he has represented Victoria, N. B. Sir Wilfrid Laurier, who made the presentation on behalf of the Liberal members of Parliament, referred to these facts in Mr. Costigan's political history. He referred to Mr. Costigan as a fair enemy and a loyal supporter. A number of local Irishmen were present.

DR. PITCHER ASSURES A CURE.

Those who suffer from lumbago, rheumatism, gravel, blotches and pimples, impure blood, sediment in the urine, scalding pain, and difficulty, too frequent calls, dropsical swellings of the feet and legs, can find rapid and permanent cure in Dr. Pitcher's Backache Kidney Tablets. Fire Burns Hotel.

Winnipeg, Feb. 2.—King Edward Hotel at Stoughton, N. W. T., near Arcola, was destroyed by fire Tuesday night; loss, $10,000.

EXPECTS CALL SATURDAY.

Mr. Whitney Leaves Toronto—Hon. Mr. Charlton's Application For Recount Dropped—Mr. Smith Not Afraid.

Toronto, Feb. 2.—Mr. J.P. Whitney, Premier-elect, left the city for his home at Morrisburg yesterday morning. To-day his fellow-townsmen and a large number of Conservatives from the surrounding districts will extend him a monster reception. He will not return to the city until he is called upon by the Lieutenant-Governor to form a Government, and it is understood that he expects to receive that call on Saturday. In spite of his known objections to such a proceeding, Toronto Conservatives are determined to celebrate Mr. Whitney's triumph by a monster reception or banquet to him, and preliminary steps to that end are already under way.

A meeting of the Cabinet was held yesterday afternoon, but at its close the reporters were informed there was no news for them. Another meeting will be held to-day.

A Threatened Protest.

Among the Premier's callers yesterday was Mr. C. N. Smith, M.P.P. for Sault Ste. Marie. Mr. Smith said that he was not worrying much about the threatened protest against his election. So far as the Liberals of the Soo were concerned, the election had been conducted cleanly and straightforwardly; they had nothing to be ashamed of or afraid of.

Recount Application Dropped.

Hon. Mr. Charlton has dropped the application for a recount in South Norfolk, which was to have taken place at Simcoe to-day. He is still unwell, and as there is no prospect that he will be sufficiently recovered to go to Simcoe in the next few days, he decided not to ask for a postponment.

Tunnel Under Detroit River.

Detroit, Mich., Feb. 2.—The News yesterday afternoon said that it is able to state upon reliable information that, as a result of the unification of the New York Central, Lake Shore, Michigan Central and Big Four systems, a tunnel will be immediately constructed under the Detroit River to facilitate the transportation of cars and avoid the delays that are caused by the ice every winter. The tunnel will be built by the Vanderbilt interests, independent of other roads, and the equipment is to be the finest that engineering skill can devise.

CZAR MET WORKMEN

Tells Them They Were Led Astray by Traitors and Enemies.

PARDONS TRANSGRESSIONS

Crime to Come to Him As a Rebellious Mob—States That His Solicitude For the Working Classes Will Impel Him to Take Measures to Improve Their Lot—Drank Czar's Health.

St. Petersburg, Feb. 2.—Emperor Nicholas yesterday afternoon received at Tsarskoe-Selo a deputation of 34 workmen, representing the employes of the factories and workshops of St. Petersburg. The deputation was accompanied by Minister of Finance Kokovsoff and Governor-General Trepoff, and proceeded by the Imperial road to Tsarskoe-Selo, where carriages were awaiting them at a point near the Imperial Pavilion. On arriving there, the workmen were admitted to one of the halls of the palace. The Emperor entered the hall, accompanied by Grand Duke George Michailovitch, General Hosse, the Minister of the Imperial Court and the commandant of the palace. The workmen bowed to His Majesty, who said:

"Good day, my children."

The workmen replied:

"We wish Your Majesty good health."

The Emperor then said:

Led Astray.

"I have summoned you in order that you may hear my words from myself and communicate them to your companions. The recent lamentable events with such sad, but inevitable results, have occurred because you allowed yourself to be led astray by traitors and enemies to our country. When they induced you to address a petition to me on your needs they desired to see you revolt against me and my Government at a period when all Russian workmen should be laboring unceasingly in order that we might vanquish our obstinate enemy. Strikes and disgraceful demonstrations led the crowds to disorders which obliged, and always will oblige, the authorities to call out troops. As a result innocent people were victims. I know that the lot of the workingman is not easy. Many things require improvement, but have patience.

He Will Forgive.

"You will understand that it is necessary to be just towards your employers and to consider the condition of our industries. But to come to me as a rebellious mob in order to declare your wants is a crime. In my solicitude for the working classes, I will take measures which will assure that everything possible will be done to improve their lot and secure an investigation of their demands through legal channels. I am convinced of the honesty of the workmen and their devotion to myself, and I pardon their transgressions. Return to your work with your comrades, and carry out the tasks allotted to you.

"May God assist you."

At the conclusion of his speech, the Emperor told the members of the deputation to communicate his words to their comrades, and said he would supply them with printed copies of his address.

After leaving the palace, the deputation proceeded to a neighboring church, where they prayed, and after kissing ikons placed lighted candles before the shrines. Subsequently, they were given dinner in a building which formerly was the high school of Tsarskoe-Selo.

One of the members of the deputation proposed the health of the Emperor, which was drunk with cheers.

At 4.30 p.m. the delegates drove to the Imperial Palace, whence they took the train for St. Petersburg.

REFER TO FINANCE MINISTER.

Manufacturers Refuse to Treat With Men Till They Go to Work.

St. Petersburg, Feb. 2.—The association of St. Petersburg Manufacturers has adopted the following resolutions:

First—All points of the men's demands concering the eight hours per day; participation of the men in fixing pay for piece work and regulation of the internal workings of factories, etc., shall not be discussed, but submitted to the Minister of Finance with a view to their settlement legislatively.

Second—Regarding special demands advanced at the different works, discussion is inadvisable till the men have resumed work.

Third—Recognizing that the men were drawn into the movement by other than economic causes, the association unanimously voted that no mutual bitterness exists, and has therefore decided to meet the workmen, not to apply the penalties for wasted time, not to endeavor to discover the instigators and leaders of the strike, nor to employ special measures against them, and to collect funds for the support of the families of the victims, and in this respect to make no difference between voluntary and coerced strikers.

Fourth—The association in order not to create a precedent by paying workmen for the time they have been engaged in the strike will grant assistance to their necessities which need not be repaid.

Russians Explain It.

St. Petersburg, Feb. 2.—The preliminary official report of the attack made on the British Consul General, Mr. Murray, and Pro-Consul Mucukain, at Warsaw, has put another complexion on the affair. According to the report, which already has been communicated to Sir Charles Hardinge, the British Ambassador, the consuls were in a crowd on the street while it was being cleared, the Pro-Consul receiving a cut on the forehead, but whether from a Cossack sabre or a knife in the hands of one of the rioters has not yet been definitely established. The consuls were not attacked, since the action of the Cossacks was not especially directed against them.

Tried By Regular Tribunal.

Paris, Feb. 2.—The correspondent of The Temps at St. Petersburg telegraphs that he has had an interview with Governor-General Trepoff, who said a regular judicial tribunal would try those implicated in the riots at St. Petersburg, instead of a military or administrative commission.

Prince Mirsky Retires.

St. Petersburg, Feb 2.—The retirement of Interior Minister Sviatopolk-Mirsky was officially announced yesterday, ill-health being assigned as the reason.

Chief of Police Shot.

Odessa, Feb. 2.—Chief of Police Gelovine was shot close to the police station in the centre of the city yesterday morning and was wounded in the right shoulder. The wound is not dangerous.

HEALTHY OLD AGE

There Is No Reason Why People of Three Score Years and Ten Cannot Be Active, Bright and Healthy. Nature's Way of Making Old People Well.

In old people, no matter how healthy the individual may otherwise be, there is often a tendency to coldness of the extremities, sluggishness of the circulation, torpidity of the liver and constipation. This tendency is really a condition, and one of the many accompaniments of old age and not a disease. If there is one remedy more peculiarly adapted for this condition than another, that remedy is Smith's Pineapple and Butternut Pills. They impart energy to the whole system, invigorate the circulation, increase the flow of digestive juices, thus improving the stomach action and nutrition. They quickly relieve all unpleasant symptoms usually experienced by old people, resulting in torpidity of the liver, constipation, feeble circulation, headaches, etc. Smith's Pineapple and Butternut Pills are of inestimable value not only in advanced age, but also in people of all ages. They prevent premature wrinkles, give a health glow to the skin, and under their antiseptic and blood cleansing influences the complexion retains its freshness, while sallowness permanently disappears. Hundreds of grateful old ladies in their letters write: "Your pills make me look and feel ten years younger." Smith's Pineapple and Butternut Pills always make old age comfortable, and promote digestion and nutrition by their specific action on the stomach, liver and bowels. They always cure sick headache, constipation and biliousness in one night. 25 cents at all dealers.

All genuine signed W. F. Smith.

CHAMBERLAIN AGAIN.

Ex.-Colonial Secretary Continues His British Fiscal Campaign.

London, Feb. 2.—(C. A. P.)—Mr. Chamberlain, speaking at Gainsborough, urged upon his audience the desirability of thinking Imperially without reference to antiquated conditions of themselves and their country.

Referring to the colonial support in the late war, he said for the first time it made possible an organized union of all the different parts of the British Empire for the common objects gain. He quoted the remarks of Sir Wilfrid Laurier, Premier Deakin, and the late Cecil Rhodes. Dealing with the colonial offer, he said: When Sir Wilfrid Laurier says: "We offer to meet you to make a treaty with you by which you shall treat us and we will treat you a little better than we both treat foreigners," I do not know any name in the English language that I can give that statement, except an offer. This offer Sir Wilfrid made has been repeated in different words and in different forms, but always to the same effect, not only by the statesmen of Canada, whichever side of politics they are on, but also by the statesmen of the other self-governing colonies. He told his audience they were not bound to open their mouths and shut their eyes and take whatever the colonies gave them. They were asked to meet friends and relations in a friendly meeting and see whether the Empire cannot be more closely united on a basis of preferential policy. He told his audience they had been asked to meet the overtures of Canadians by a flat and insulting refusal to a proposition which would readily be entertained in the case of a foreign country. He ventured to say the colonies being high-spirited nations, if treated in such a way would seek elsewhere the sympathy they asked.

Only Permanent Benefit.

London, Feb. 2.—(C.A.P.)—At a meeting held at his house, Lord Brassey emphasized the opinion that emigration is the only permanent benefit for the unemployed. He appealed for subscriptions for that purpose.

Twenty-Nine Wives Answer.

Chicago, Feb. 2.—Two indictments charging bigamy were voted against Johann Hoch by the grand jury yesterday. Three of Hoch's supposed wives were witnesses before the grand jury, while at the criminal court building, awaiting to appear before the grand jury, the three women met each other for the first time. Four supposed wives of Johann Hoch have been discovered since Tuesday. The total is now 29.

Passed Restless Night.

London, Feb. 2.—The bulletin issued yesterday morning by the physicians attending the Princess Victoria, who was operated on for appendicitis at Buckingham Tuesday, says she passed a restless night, but otherwise is as well as can be expected.

This weather is rather hard on the coal bin.

BANK WILL APPEAL.

Justice Anglin Decides in Favor of the Dominion Government.

Toronto, Feb. 2.—Justice Anglin yesterday decided that the Bank of Montreal must pay to the Dominion Government $75,705, less $12,450, recovered from A. Martineau, the clerk in the Militia Department, who went into forgery on a large scale. The bank will appeal.

The Quebec, Royal and Sovereign Banks, through which the forged cheques were cashed, are released of liability, Justice Anglin holding that the acceptance of the cheques when they came through the clearing house by the Bank of Montreal led others to believe that the cheques were good.

Fireman Will Die.

Niagara Falls, Feb. 2.—At 7.30 last evening Fireman F. Neustadt of Sarnia, while under engine 761 on train No. 85 in the Grand Trunk yards, raking out the ash-pan, yard engine 76 placed the conductors' van on the opposite end of the train, and in doing so moved the train that engine 761 was on and crushed both legs of the fireman. He was taken to St. Catharines Hospital on the 8.10 p.m. train, but is not expected to live. He has a young wife and two young children residing at Sarnia.

Clydesdale and Shire Horses.

Toronto, Feb. 2.—The third annual Canadian Clydesdale and Shire Show opened yesterday with a large number of interested spectators and students from the Ontario Veterinary College and the O.A.C., Guelph. There were about 100 entries. The animals were in the pink of perfection. The Association elected officers at the evening meeting. They decided to nationalize the Clydesdale stock register.

The Holstein Friesan Association of Canada held their annual meeting here yesterday, and elected officers.

Succumbs to Burns.

Winnipeg, Feb. 2.—Mrs. Robert Moore, St. Charles, near the city, succumbed to burns received by an explosion of a coal oil stove.

Mrs. Roblin, wife of the Premier, was thrown from a sleigh owing to a runaway on a turn and slightly injured.

Premier Roblin left yesterday for Cuba.

Who would exchange the merry noise of children at play, with the childless home where the clock tick can be heard hour after hour in the dull silence? But there are a great many who would like to people the silent house with the children that fate has refused them. Fate is often in this case only another word for ignorance. Many a glad mother dates her happiness from the day she first began the use of Doctor Pierce's Favorite Prescription. It often happens that with the cure of female weakness and the establishing of the delicate womanly organs in sound health, the way is opened for the joy of motherhood. "Favorite Prescription" is a specific for the chronic ailments peculiar to women. It cures them perfectly and permanently.

No other medicine can do for women so much as "Favorite Prescription." Do not therefore let any other medicine be palmed off on you as "just as good."

"Favorite Prescription" contains no alcohol, opium, cocaine or other narcotic. It is strictly a temperance medicine.

"I can truly say your medicine is a friend of mine," writes Mrs. Arthur Brait, of Ainsworth, Ontario, Canada. "I am mother of four children and suffered greatly at times at birth of first three. When three months along with the last one I began to think of trying some medicine to ease those terrible pains, and asked our doctor whether there was anything he could give me to lessen labor pains. He said there was nothing that could help me. Then thought I would write to Dr. Pierce. He advised me to take his 'Favorite Prescription.' I started to take it at fourth month. I was very weak, had heart trouble and would faint away two or three times a day. Our doctor could not help me and life was a drag. I would often say, oh, if I could only die in one of these spells; but I took five bottles of 'Favorite Prescription' and felt better every way. Got along well at the time of delivery. I had heard of painless childbirth, and I thought it must be a good medicine that would help those pains, for I know now for myself, and can not tell it plain enough. Your 'Favorite Prescription' is the best medicine as we mothers know. I advise my friends to try it. Baby is now four months old and is a strong healthy boy."

Dr. Pierce's Pellets Cure Constipation.

LATEST SPORT

HOCKEY.

Cobourg are now champions of this district and will meet the winners of the Kingston Group.

• • • •

Picton defeated Colborne by 18—8 on Tuesday night. Gerow of last year's Picton team practically played the whole game for the winners.

• • • •

Barrie defeated Midland last night 6 to 5 at the former place, thus putting Midland out of the running for the championship. Victoria Harbour are now champions of that district.

• • • •

Well, Peterborough is going to be farther than Midland in the championship race anyway.

• • • •

Berlin has a great team this year and many pick them as intermediate champions.

• • • •

Adam Hall's "Souvenirs" do hereby challenge a team picked from other shops in town to play a game of hockey as soon as the ice can be secured. Union shops only.

• • • •

The following will be the line-up of St. Andrew's Guards in to-night's game with the Guild team — Goal, J. Logan; point, E. Reid; cover point, F. C. Richardson; rover, R. McKnight; centre, H. Roseborough; right wing, A. VanEvery; left wing, E. Carrie.

• • • •

The Colonials will line up this evening as follows against the Verniers: Goal, McCoy; point, Frost; cover point, Henry; rover, McWilliams; wings, Callaghan and Foley; centre, Rourke.

• • • •

The Examiner has been asked to publish the following:

A mistake was made in Monday night's issue as to the fact that the Ringers defeated the Treasurers, as they were called, by a score of 3—2. This is utterly wrong, as the score resulted in a score of 3—3. The other goal scored for the Ringers was scored after time was up. They will not meet on Saturday as the ice cannot be secured.

• • • •

The Excelsiors hereby challenge the Water Lilies to a game of hockey to be played as soon as possible. The line up for the Excelsiors will be as follows: Goal, E. Cronin; point, P. Lynch; c. point, J. Eano; centre, H. Callaghan; r. wing, C. Morrow; l. wing, C. Callaghan, rover, S. Lewis.

• • • •

The Karnots had a good work out last night and claim to be in good shape for the game to-night. The teams were—

Karnots.		Farriers.
	Goal	
Kingscote		Thornton
	Point.	
Dormer		Belleghem
	Cover Point	
Quinn		Squires
	Rover	
Mulhern		Long
	Centre	
Campbell		Simpson
	Left Wing.	
Gilman		Nicholls
	Right Wing.	
Grose		Smith

The game between Smith's Falls and Peterborough scheduled for February 10, will probably be played on Feb. 9th, in order that it may not interfere with the Bal Poudre.

• • • •

The sudden death game in the Trent Valley League between Campbellford and the T.A.S. ordered for Friday night, has been called off, Campbellford having refused to play either in Lindsay or in Peterborough.

• • • •

Probably the fastest game in the City League series of this season will be that which will be played to-night between the Karnots and the Farriers. These two teams are represented as being the best in the League, and their record this season seems to indicate that the team which wins to-night will probably land the championship, and will wear the Examiner lockets. Both teams are confident of victory and the contest should be a good one.

Captain Cavanah of the Seniors will referee the game.

• • • •

The Uptown Hustlers won from the Y. M. C. A. last night in the Brock street rink by a score of 3-2. The game was close and very rough at intervals. The Uptown Hustlers are faster skaters and superior in stick handling but lack combination. The score at half time stood 2-0 in favour of the Y. M. C. A., but it was not long before the Hustlers broke away and scored 1-2-3 in the last half to their opponents nil. G. Nicholls made a very satisfactory referee.

• • • •

Two interesting games were played in the Guild Hockey League last night at All Saints' rink. In the first game Charlotte and George Street teams played a tie game for the second time this season, the score being 5—5. The George Street team was leading by 5-3 at one time, but their opponents finished strong. The game was clean and proved to be one of the best of the season.

The teams were—

George Street		Charlotte Street
	Goal	
Metheral		Ryan
	Point	
Wood		Roddy
	Cover Point	
Hill		Moore
	Forwards.	
Mann		H. Roddy
Weekes		Alford
Robertson		Saunders

Referee—B. Rickey.

In the second game, All Saints' defeated St. John's by 5-2 in an interesting contest. This gives All Saints' a good lead in the League.

The teams were—

All Saints'		St. John's
	Goal	
McCabe		Staunton
	Point	
Rickey		Comstock
	Cover Point	
Hopkins		Ellis
	Forwards.	
Rush		Morphet
O. Dusty		Seymour
Cranfield		Weir
D. Dusty		Ray

Referee—C. Robertson.

TWO FAST GAMES IN CITY LEAGUE

Karnots and Farriers to Battle for first Place To-night.

To-night's city league games should attract a record crowd. One of the finest games that have as yet been seen this winter is certain to result when the Farriers meet the Karnots in a game which will virtually decide the championship of the league.

The game between the Verniers and Colonials should also be a splendid one as both teams are fast and are evenly matched.

CURLING.

The following games were played last night:

W S Dodds,	T J Lillie,
W Æ Talbot,	W H Meredith,
J D Collins,	E B Clegg,
D Belleghem, sk...9	G E Whiten,...15
R M Waddell,	W Smith,
David Hall,	A H Stratton,
D Walker,	R Hicks,
W G Morrow, sk...10	S D Hall.....8
W H Dennham,	A Moore,
W D Campbell	J Bogue,
C E Frost,	J Brandon
R Neill, sk...13	R J Frost.....11

• • • •

The Peterborough-Lindsay Cup is being played for to-day, 8 rinks a side, 4 rinks playing here and 4 rinks playing in Lindsay on Tuesday.

• • • •

Three rinks go to Keene to-morrow for a friendly game.

BASKET-BALL.

To-morrow night a great game of basket-ball will be played between the Belleville College team and the Arrows. The college team has achieved a good reputation and the Arrows will be in a position to give the visitors a hard contest. In addition to the basketball game there will be a programme of gymnastic exercises which should prove very interesting.

• • • •

PETERBOROS LOST A CLOSE GAME

Port Perry Won Last Night by the Score 6—5.

The seniors, minus Crowley and Morgan went to Port Perry last night and lost a very close game by 6—5, and as a result the district championship is still unsettled. Last night's game was fast and well contested and under the circumstances the locals did about as well as was expected. The loss of Crowley and Morgan disorganized the team which would have undoubtedly won had these players been in the game. Parnell who has been on the wing all year, was played at centre and Long, a junior, played at right wing, a position strange to him. Moore, the junior's point, played at cover. Both these young players did well and with more experience will easily make good in the faster company.

Port Perry played in better form than in either of their games here, being accustomed to the small rink which was none too well lighted. At half time the score was 2—2. The game was at all times close and exciting. The line-up was:

Peterborough—Goal, Wasson; point, Glover; coverpoint, Moore; rover, Cavanah; centre, Parnell; right wing, Long; left wing, Graham.

Port Perry—Goal, Stewart; point, Powers; coverpoint, Carnegie; rover, D. Stewart; centre, C. Denison; wings, Jamieson, Vansicklar.

Referee—W. McCord, of Toronto.

Lindsay has two and Peterborough one more game to play in Port Perry. If Lindsay lose one of the games, Peterborough will be champions without playing again in Port Perry.

SALVATION ARMY BAND FESTIVAL

A Good Programme Will be Rendered on Thursday.

The Salvation Army Band will give another of their excellent musical festivals on Thursday night. The last one was enjoyed by everyone present, and this one promises to be a better one still. A number of the children and young people will take part in this and will make it more interesting. The following programme will be rendered.

Opening exercises ... ...Adjt. Jennings
Selection, "Banner March"...Full band
Recitation, "Without Beer"..... ... Fred Jennings
Reading... ... ...Mary Blogg
Cornet solo ...Deputy Bandmaster Northcott
Vocal solo... ... ...Bandsman Payton
Dialogue, "In Life's Great Harvest Field
Selection, "Norwegian" ... ...Band
Recitation, "Conquering Grace"..... Ethel Bright
Instrumental, organ ...Pearl Payton
Vocal solo... ... ...Bandsman Gandy
Bar bell drill... ... ...Children
Reading, "As we Forgive"J. Vincent
Selection, "Prince of Peace"...Band
God Save the King.

THE WEEK'S NEWS FROM HAVELOCK

What is Taking Place in the Busy Railway Town.

From Our Own Correspondent.

Havelock, Jan. 31.—Mr. and Mrs. McQueen stopped off here for a short visit to Mr. Wm. Henshall. They were en route from Montreal to Owen Sound.

Miss Mabel Pitney, of Belleville, is in town visiting her cousin, Mrs. T. Curtis.

Miss May Smith, of Madoc, is visiting Mrs. Jas. Birkett, of town.

Mr. John Farmer, of Watertown, is in town renewing old acquaintances.

Mrs. Martin is visiting friends in Smith's Falls and Montreal.

Mr. T. E. Dineen has been confined to the house for the past few days by a bad attack of quinsy and other unwelcome complications. We hope he will be out again in a few days.

Those who are organising the forthcoming concert are working hard to make it a success, and are practicing almost nightly. If strict application to the task on hand is a criterion, it will be an unqualified success.

We are pleased to learn that Mr. N. C. Stibbs is able to be out of bed again. We hope his recovery will be permanent and that he will soon be at his duties again. It is rumoured that he will be leaving for Toronto Junction when he is again fit for duty.

Mr McArthur took a drive to Norwood a few days ago and has since been laid up with an attack of catarrh.

Miss Mary Jane O'Hara of Philadelphia has been in town visiting her brother, Mr. Stephen O'Hara, but has now returned home.

The new hotel facing the station is rapidly nearing completion and Landlord Armstrong is expected to have everything in shape in a few weeks' time. This will be a much-needed improvement, as Hotel accommodation in the town is very limited at the present time.

The rink has been doing a thriving business lately, as the ice has been in first class condition. Large crowds have been enjoying the exhilarating pastime nightly, and the rink seems to be becoming more popular, especially with the fair sex, who turn out nightly in large numbers.

The members of the English church are arranging a concert, and have been fortunate enough to secure the services of Mrs. Andrews of Toronto, the Scotch singer.

Messrs. H. Cook and W. White, attended the funeral of the late W. B. Stevens, of Smith's Falls, on Monday.

Chamberlain's Stomach and Liver Tablets. Unequalled for Constipation.

Mr. A. R. Kane, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are in my judgment the most superior preparation of anything in use to-day for constipation. They are sure in action and with no tendency to nauseate or gripe." For sale by all druggists.

MARRIED

BOLTON — HAMLIN. — At the Charlotte street church parsonage on Tuesday, December 20, 1904, by the Rev. W. J. Jolliffe, B.C.L., William H. Bolton, of Peterborough, to Ethel M. Hamlin, of South Monaghan.

LANGTON — HANLEY. — At the Charlotte street church parsonage, on Wednesday, Feb. 1st., 1905, by the Rev W. J. Jolliffe, B.C.L., Wm. J. Langton, of Peterborough, to Edna M. Hanley, of Mount Pleasant.

DIED.

EAKINS. — At his residence, 364 George street, on Wednesday, Feb. 1st, 1905, James Eakins, formerly of the Dickson Company.

Funeral from the family residence to-morrow, at 2.30 o'clock p.m., service at the house at 2.30 p. m. No flowers.

GUARANTEED CURE FOR PILES

Itching, Blind, Bleeding or Protruding Piles. Your druggist will refund money if PAZO OINTMENT fails to cure you, in 6 to 14 days. 50 cents.

TEH MEISTER SINGERS' CONCERT

"Music" Again Expresses his Enthusiastic Sentiments.

To the Editor of the Examiner:

Dear Sir,—Anyone who has not heard a concert of the Meister Singers can form no possible idea of the splendidly perfect music they produce. "Meister" is all right for they are masters of their work in every particular. I heard them in Toronto and a short time after I heard them in Peterborough, and if I am spared I shall hear them again on next Tuesday night. An entire change of programme is announced for their concert here, but if it were the same programme I would not miss it, for the perfection of concerted music they present cannot be heard too often by one who loves good music. I am the more anxious to hear the Meister Singers again for I believe this is their last visit to this country. Every member of the quartette is an artist, and their solo work is as satisfactory as their ensemble singing and that is high praise. Any person who wishes to hear the best part singing he ever heard, will realize his ambition I believe by hearing them next Tuesday night. I have no pecuniary interest in the concert, but I don't want my fellow citizens to miss such a superb musical treat.

Yours truly,

MUSIC

THE SOCIAL WORLD.

CHANGED HANDS.

LeGros' Cigar Store and Barber Shop.

The undersigned has purchased from the LeGros' estate the Cigar Store and Barber Shop so long known by that name, and will continue to carry on the business in future in the same premises, under the name of

Mac's

Cigar Store and Barber Shop.

The Tobacco and Cigar Store will be re-stocked with the choicest goods on the market, including the most up-to-date Smokers' Sundries of all kinds.

The Barber Shop will undergo such a complete change as to make it second to none. This means quick service, no long waits, and good work. We promise you'll find a good barber at every chair. "You're next."

I therefore solicit a share of the public patronage, assuring customers that my own personal attention will be a guarantee that both branches of the business will be conducted in a manner to give entire satisfaction. We're out for your trade. The services of Mr. LeClair, who has been connected with the business for so many years, has also been retained.

T. W. McDonough.

Formerly of Hamilton.

OVERSTOCK SALE ..of.. CUTTERS

We have received an extra consignment of superior Cutters, which we have decided to sell at Greatly Reduced Prices in order to make room for large shipments of Farm Implements for spring, now arriving.

The superiority of these Cutters can be seen at a glance. No such opportunity has occurred in Peterborough for years of buying the best Cutters in the Canadian market at the prices at which they will be sold.

Don't delay, get one now if you want one. There will not be any more at the price. On view any time at our warerooms.

Sale Starts Saturday, February 4th,

and will be continued until every cutter is sold. Also a large stock of

First-class Horse Blankets, Robes, Rugs, Harness, etc.,

All reduced in price At THE

McCORMACK AGENCY.,

DEALERS IN FARM MACHINERY AND IMPLEMENTS,

Charlotte St., National Hotel Block, Opposite the Market, Peterboro'

Agency for the Anglo-Saxon Stock Feed.

The Robe and Coat event of the Season.

THE BEGINNING OF FEBRUARY MARKS AN IMPORTANT EVENT—A CLEARING SALE OF FUR ROBES AND FUR COATS.

As Furs have been getting higher and higher priced each season and this sale's prices will be lower than last season's prices, isn't that reason enough for present buying?

Read our short list of February prices, which you will find but a sample of what we are doing in our entire Fur stock, and then figure it out if it isn't better than banking money.

3 only pieced Grey Goat Robes, extra large size, regular $6.00.....now $4.00	3 only Coon Skin Coats, whole skins, reg. $40.00 qualities....now each $30.00
6only Black Mountain Bear Robes, extra large size, regular $15.00, now $11.00	8 only Coonskin Coats, whole skins, reg. $50 qualities.....now each $37.50
8 only Black and Brown Mountain Bear Robes, large size, reg. $13..now $9.00	10 only Coonskin Coats, whole skins, reg. $65.00 quality.....now each $50.00
3 only Buffalo Calf Robes, large size, reg. $25.00.....now $19.00	4 only Australian Coon Coats (best quality) reg. $45.00 quality, now each $35.00
6 only Black Russian Dog Coats, regular $20.00.....now each $14.00	6 only Astrachan Jackets, regular $60.00 quality.....now each $50.00
4 only Brown Calf Coats, reg. $25.00 qualities.....now each $18.00	12 only Ladies' Fur-lined Jackets, 4 price, $15.00 for $7.50, $25.00 for $10, etc.

You will see from Above that Prices are Reason Enough

for the purchase of these high-class Furs, but there are others. Protection of health should not have money consideration. An hour's exposure to extreme weather might cause irreparable damage—and don't forget the after years of comfort. Come in and have a look through, as our stock is not of the cheap class made so often for no other purpose than to be sold by auction, but is all home manufactured and guaranteed.

Notice to Creditors

IN THE MATTER of the estate of Thomas Grady, late of the Township of Otonabee, in the County of Peterborough, farmer, deceased.

NOTICE is hereby given pursuant to "The Revised Statutes of Ontario" 1897, chapter 129, that all creditors and others having claims against the estate of the said Thomas Grady, who died on or about the 21st day of December, 1904, are required, on or before the 2nd day of March, 1905, to send by post prepaid or deliver to Daniel O'Connell, Esquire, of 134 Hunter street, of the said town of Peterborough, solicitor for the executor of the last will and testament of the said deceased, their Christian and surnames, addresses and descriptions, the full particulars of their claims, the statement of their accounts and the nature of the securities, if any, held by them.

And further take notice that after such last mentioned date the said executor will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which he shall then have notice, and that the said executor will not be liable for the said assets or any part thereof to any person or persons of whose claims notice shall not have been received by him at the time of such distribution.

DATED the 30th day of January, 1905.

A Chance To Save The Pennies.

Never despise the day of small things. Friday and Saturday will end our Great Winter Reduction Sale, and will be the last and best chance of the season to save the pennies. When usual cost is a nickle we cannot save you a dime, but we can put a penny or two in your purse.

As we are now at the termination of our fiscal year, the goods listed below must be closed out at any price before the beginning of our new year. All Goods that have been keenly reduced during our Reduction Sale are now subject to even keener price pruning :—

LADIES' FRENCH OPERA FLANNEL BLOUSES

A beautiful soft quality of all wool Flannel, in black, navy, fawn, green and cardinal, $2.00 value **$1.25**. $3.00 value **$2.00**.

PRINTED FRENCH OPERA FLANNEL

A serviceable washing material in pretty designs and colourings—spots, stripes, persian and florals, 50c. value for **35c. a yard.**

PRINTED WRAPPERETTES

In spite of three weeks of extraordinary selling we are still showing a good assortment at the following reductions. 20c. value **25c.** 20c. value **12½c.** 12½ and 15c. value **8c.** a yard.

WASH GOODS

To make room for our enormous spring importations which will soon be arriving, we have made still further additions to our table of Wash Goods. At **25c.** a yard formerly 50 and 75c. a yard. At **15c.** a yard, formerly 35 and 45c. a yard. At **10c** a yard, formerly 15 to 25c. a yard.

WE WANT TO MAKE SATURDAY A RECORD REMNANT DAY

And to that end we have laid out on our two centre tables all our remnants and short ends of Dress Goods, Cloths, Tweeds, Wash Goods, Flannels, Wrapperettes, Flannelettes, Linens, Curtain Muslin, etc., and have marked them at prices which are bound to sell them.

A FEW MANUFACTURERS' MILL ENDS OF LADIES' COVERT CLOTH COATING, the new fabric and shade for spring, in lengths 2 yards to 3½ yards.

OUR STOCK REDUCTION SALE OF DRESS GOODS

Has been very successful, and why should it not be when we are selling

AT 75c.

Dress Goods, Suitings, Cloths, etc., in black, plain, colours and mixtures, goods that sold formerly at **$1.00 to $1.50** per yard.

AT 50c.

Tweeds, Serges, Cloths, Voiles, Zibelines, etc., in black, plain colours and colour combinations, goods that are good value at 75c, 90c, and **$1.00** per yard.

AT 35c. and 50c. per yard—Dress Tweeds, Meltons, Voiles, Cashmeres, Serges, Venetian etc., etc., in black and colors, regular prices 35c. to 65c. per yard.

REMNANTS OF LINOLEUM

Last week we advertised two ends of Linoleum, and both were quickly picked up. Five ends for this weeks offering as follows—1 end 9 ft 8 in by 12 ft, regular $6.50 for **$5.20**. 1 end 8 ft 3 in by 11 ft 4 in, regular $5.75 for **$4.20**. 1 end 9 ft by 14 ft 10 in, regular $8.00 for **$6.00**. 1 end 12 ft by 10 ft 9 in, regular $11.25 for **$8.75**. 1 end 12 ft by 14 ft 7 in, regular $13.50 for **$13.00**.

REMNANTS OF CARPETS

In Brussels, Tapestry and Wool, in lengths of from 7 yards to 25 yards, sufficient for a stair, hall or small room. These ends are left overs of our best patterns and we are offering them to close out at

25 per cent discount

STOCK REDUCTION SALE PRICES WILL POSITIVELY END SATURDAY NIGHT.

PROMOTIONS ON WORK OF TERM

A Change Made in the Method of Public Schools.

Monthly Reports Will be Made by the Teacher—Promotion to be Based Chiefly on Term Work.

The Examiner was shown to-day a copy of the monthly report which has just been adopted in the town public schools, and upon which the promotion of pupils from grade to grade will hereafter be mainly determined.

The school subjects are classified into four groups. Group one comprises attendance, punctuality, conduct and class recitation, each valued at 75 marks. Group two includes reading, spelling, writing, drawing and mental arithmetic, valued at 50 marks each. Group three takes in arithmetic, grammar, geography and composition with 100 marks each. In group four, there are history and literature, valued at 100 each, and physiology and nature study, valued at 75 each.

A pupil, to be entitled to promotion, is expected to secure, during the term, an average of 66 2-3 per cent. in each subject and 75 per cent. of the total in group one; 50 per cent. in each subject and 60 per cent. of he total in group two; 40 per cent. in each subject and 60 per cent. of the total in group three; 40 per cent. in each subject and 50 per cent. of the total in group four; and 66 2-3 per cent of the grand total.

Should a final examination be given, as is usually done at the close of the summer session, the marks obtained will be averaged with those secured during the term.

These reports are to be sent out at the end of each month and by a careful scrutiny of them parents should be able to form a satisfactory estimate of the progress their children are making.

The results anticipated from this method of determining the pupils standing are — better attendance, the least possible difficulty with discipline, more regular progress during the school sessions, and, from the higher standard exacted, greater thoroughness and proficiency in the different subjects taught.

LAMENTED DEATH OF MISS NICHOLL

Bright Young Lady Died in Dummer Township—Norwood News.

From Our Own Correspondent.

Norwood, Feb. 1.—Mr. Samuel Girvin, of Peterborough, is staying with friends in town.

Mr. Alex. Fraser is in Toronto on business this week.

Mr. Percy Spence, of Lakefield, was the guest of Mr. A. B. Greenbank last week.

An evening with Bengough in his original entertainment will be given under the auspices of the High School on Tuesday evening in the town hall. Everything is being done to make it a pleasing and enjoyable evening.

Misses Stephenson, of Campbellford, are staying with their sister, Mrs. B. W. Squire.

Messrs. Roxburgh & Son shipped this week two carloads of wheat.

Miss Lexie Munn, of Indian River, is visiting Mr. and Mrs. G. H. Nethel.

Miss Ethel Searight returned home this week from Moncton, N.B., for a few days.

On Friday, the 27th Jan., the death of Mary Adelaide Nicholl, youngest daughter of the late Charles Nicholl, 8th line, Dummer, occurred. A cold contracted last summer followed by a rapid decline in spite of all that medical skill and careful nursing could do, is the brief story of her illness and decease. The funeral service was conducted on Tuesday, the 31st, by her pastor, Rev. Geo. A. McLennan, B. A., Norwood, in the presence of a very large assembly of relatives and personal friends of the deceased. The interment was made in the Norwood Cemetery. Miss Nicholl was a young woman of singularly beautiful life, naturally of a retiring disposition. She found her place and mission as a Christian worker, in those quiet, thoughtful, unselfish and kindly services in His name, which, while they may not be observed by the crowd, bind with golden chains of love the heart of those who were the recipients of them. It was not to be wondered at that she was a great favourite with the members of a large family, and circle of her friends. Her patience during her illness was most manifest and begotten of a personal interest in Jesus Christ as her Saviour. Her end was peace. She leaves behind her four brothers and a sister to whom the tender sympathy of the entire community extends. Blessed are the dead which die in the Lord, from henceforth ye saith the spirit, that they may rest from their labours and their works do follow them, —Rev. 14; 13.

Better Bag One.

Ladies' hand bags in various kinds of leather, braided leather handles, patent automatic fasteners, gun metal trimmings, fitted with purse and card case, regular price, cash from 69c., to $3; clearing sale price 48c, 70c, 98c, $1.35, $1.62, and $2.10. Come and see. A. H. Stratton & Co.

THE COMMITTEES WERE APPOINTED

First Meeting of the new Board of the Separate School.

The regular meeting of the Separate School Board was held on Wednesday evening, all the members being present. Mr. Jas. Murty was elected chairman of the Board for the year 1905.

Rev. Father McColl was re-appointed as Superintendent of Schools.

Mr. John Corkery was re-appointed secretary-treasurer.

Mr. M. L. Hayes was re-appointed the High School Trustee.

Messrs. Thos. Duignan and Harry Carveth, were appointed auditors.

The Standing Committees for the year were named as follows:

Finances — Messrs. Henry, Lane and Ball.

School Management — Messrs. Hickey, Burns and Hourigan.

Property — Messrs. Carveth, Primeau and Gosselin.

The first named on each committee is the chairman.

The minutes of the last meeting were read and adopted.

Several accounts were received and referred to the Finance Committee.

The reports of the attendance for the month of January were received:

	On roll	Av.
Central School	212	199
Convent	250	202

The reports was referred to the auditors.

Supplies asked for the schools by the several principals were referred to the Property Committee.

The Board then adjourned.

VALUED MEMBERS WERE HONOURED

Presentations and Addresses at Meeting of Daughters of England.

At the close of the regular meeting of the Daughters of England last night, the members presented to their worthy Surgeon, Dr. Young, a beautiful gold locket, suitably engraved for his faithful services as Medical Officer of the Order during the last seven years. The following address accompanied the presentation, the address being read by Mrs. J. Booth and the presentation being made by Mrs. Tovey:—

Peterborough, February 2nd, 1905.

Lady Lansdowne, No. 22.

To Dr. Young,—We, the members of the Daughters of England, desire to express and show to you congratulations for your special services performed to the members. We can hardly express to you Sir, our many thanks for your valuable duties and your prompt attention of the past and we hope it will not cease while Medical Officer. We ask you to accept this small token of our best respect hoping you will ever stand by the society in the future.

Signed on behalf of the officers and members of the lodge.

The doctor responded in a very suitable manner, thanking the ladies for their gift and the kindness shown to him for his services.

The Society also presented the Worthy Past President, Mrs. Booth with a beautiful parlour lamp and the following address:—

Peterborough, February 2nd, 1905.

Lady Lansdowne No. 22.

To the Worthy Past President, Sister Booth,

Dear Sister,—We, the members of the Daughters and maids of England, wish to express to you our gratitude and thanks for the many acts of kindness shown to us by you during your term of President. But we feel that we cannot express our thanks as we should for your faithful services and prompt attendance as President. We ask you to accept this gift as a token of the love and esteem which we hold for you, we hope that you will be as faithful in the future as in the past and that you will ever stand by the society and its members.

Signed on behalf of the Officers and Members of the Lodge.

Sister Booth thanked the officers and members for their kindness toward her and assured them that as far as possible she would be as faithful to the society as in the past.

A short programme was rendered and refreshments served after which the meeting was closed by the singing of the National Anthem.

THE SOCIAL WORLD

The Eko Camp Gave Delightful Dance Last Evening.

A charming dance was given last night by the members of Eko Camp, in the Foresters' Hall, Simcoe street. About fifty couple were present, and all enjoyed themselves immensely.

The Misses Doris are to be complimented on the excellent quality of the music supplied. Mr. L. B. Ramsden was secretary of the committee, which is deserving of much praise for its efforts in behalf of the affair.

$18.00 Blue and Black Serge.

The price of serge has been increasing rapidly and is likely to be still higher. We saw this coming sometime ago and gave our orders to the European Houses for sufficient goods to meet our demands for a year. We can therefore guarantee the same quality goods at the same price which has made this our special.

The cloth is made by the finest manufacturers in the world—absolutely fastdye, and will wear until you are tired of it.

Semi-ready Tailoring

CRESSMAN'S, PETERBORO'

BOY'S GYMNASIUM CLASS WINNERS

The Results of the Month's Contest in the Gymnasium Classes.

At a meeting held in the Y.M.U.A. Wednesday evening a Red and Blue membership contest was organized to begin Monday, Feb. 6th, and to conclude on Wednesday, March 15.

It is some years since a Red and Blue contest was held and it is confidently expected that the membership of the association will be largely increased as a result of this one.

The following compose the Blue side,—R. J. P. Dormer, Captain; W. D. Campbell, G. L. Galley, A. Kingdon, D. Downie, Wm. Shay, E. E. Lord, R. Dobbin, Wm. McLaren and H. McNellis. For the Reds,—G. L. Johnston, Captain; R. E. Harding, H. J. Latimer, R. McClennan, Jno. Hardwick, Geo. Robertson, Wm. Richardson, M. Rosenburg, Reg. Green and Jas. Downing.

Besides these 20, every member of the association is expected to work on one side or the other after choosing his favourite colour.

Every dollar in fees, new or renewals, or locker rents, counts a point—no subscriptions to count.

The contest will wind up with a banquet on the closing night, to be tendered to the winning side.

Meetings of the sides will be held at once to complete organization for the greatest membership push in connection with the Peterborough Y.M.C.A.

MR. J. L. SQUIRES MADE AUDITOR

Appointed by County Council in Place of Mr. Eastland.

FRIDAY MORNING.

The County Council resumed its business at 10.30 o'clock, on Friday morning, with Warden Hall presiding, and all the members of the council present.

The minutes of the last two meetings were read and approved.

The Warden announced that Mr. T. G. Eastland was not in a position to accept the office of auditor to which he was elected, and it would therefore be necessary to elect a successor.

Mr. Andrews moved that Mr. J. L. Squires be elected to fill the vacancy thus made. Mr. Webster seconded the motion which was carried.

The Council then adjourned to go into committee.

PAINFUL ACCIDENT.

Son of Rev. J. G. Potter Seriously Injured at School.

Carlyle Potter, the nine-year-old son of Rev. J. G. Potter, met with a most distressing accident on Wednesday night. The accident occurred at the West Ward School, upon the steps of which he slipped and fell, breaking the femur about two inches below the hip-joint.

He was removed to the hospital, where he is at present getting easily, and is doing as well as can be expected under the circumstances.

Comparative Reduction Sale at ROUTLEY'S.

It would afford you much pleasure and gratification if in need of the undermentioned goods, to compare the prices and goods. We feel sure that your verdict would be decidedly in our favour.

UNION LABEL

Daily Examiner.

FRIDAY, FEB. 3rd, 1905.

MR. WHITNEY AND CORPORATIONS.

The influence of corporations, sometimes tyrannically, and always, selfishly, exercised is becoming somewhat of a menace, especially in the United States. Arbitrary exercise of power pushed to extremes is sure to defeat its purpose and excite reaction. The action of the "trusts" of various kinds in the United States which ride rough-shod over popular rights, is attracting the attention of the administrative authorities. President Roosevelt is asking the people of the United States to stand by him in his efforts to curtail the powers of the trusts, railway, and otherwise. This support must not be half-hearted, for he has a gigantic task before him. Recent facts made public show that state or other legislatures are in the pay of the trusts, that is, the votes of the legislatures are a purchaseable and purchased commodity. So that the primary source of authority must be solidly arrayed against the trusts which are the masters of the secondary source of authority, the representative bodies. There is a disposition in Canada to co-operate practically, if not intentionally, with the United States authorities through our anti-trusts legislation. The people of Canada are also becoming aroused. There is a movement among municipalities looking to Dominion legislation to curtail the extravagant powers conferred upon corporations by legislation. The Ontario Government has had the audacity to question the rights of great corporations to exist and thrive under the protection of provincial institutions, without contributing something in the way of taxation for the privileges they enjoy. That in itself, represents a determination to provide that powerful corporations should be brought to recognise their responsibility to the state, which creates them, and to the people, who through their representatives, constitute the power of the state.

Mr. Whitney will soon have placed upon him a large responsibility, and and it remains to be seen in what spirit he will meet it, especially in view of the new temper of the people towards corporations. No doubt, with a sense of his responsibility, his sentiments will change. While the legislation providing, under the Supplementary Revenue Bill, for the taxation of corporations, was in process of enactment, Mr. Whitney opposed it, and after it came into effect, he put himself on record, and declared that, should he be returned to power, he would repeal the law, and permit great wealthy corporations to go tax-free. But, then, Mr. Whitney was looking for power, and, apparently willing to make any bid that promised to effectuate his desire. Now he is in power, and we shall see if he will carry out the promise made at New Hamburg, to abolish this form of taxation, which brings into the provincial treasury between three hundred and four hundred thousand dollars per year. It is not probable that he will carry out his policy in this regard—he cannot afford to do so, but he can well afford to take a strong stand, for he has a numerically large majority behind him. In this respect, no premier of Ontario was ever so well equipped to adopt, and carry out, a big policy in the interests of the province, no matter what influences might be arrayed against him, and every true citizen of Ontario will watch with interest the manner in which Mr. Whitney will rise, or fail to rise, to his responsibility.

EDITORIAL NOTES.

James Haverson, solicitor of the canned Victuallers' Association, says: "Let me just say that, whatever else may be said against the Ross Government, the Ross administration cannot be charged that they did not enforce the Liquor License Act, which is as well enforced and as well observed as any law on the statute books and those who assert to the contrary don't know what they are talking about."

Mr. Whitney must feel very grateful for the abundant advice he is receiving as to the composition of his Cabinet. The Examiner, while has no suggestions to offer, ventures the opinion that he will do well to include in his Cabinet Mr. W. H. Hoyle, the able representative for North Ontario. During his time in the Legislature he has shown himself to be one of the ablest, most eloquent, most fair minded and broad minded members of the Opposition, much better fitted for an important portfolio than some of the noisy and self-assertive new lights who have been mentioned in connection with Cabinet honours.

ALCOHOL AS A FOOD.

The London Lancet says, "It has now been established by several well-known classical researches that up to a point alcohol is a food and past that point it is a poison. To draw a sharp line of demarcation which shall define for all persons when its action as a food exactly ceases and when its affect as a poison exactly begins, is barely possible." Will there now be a crusade to permit of the sale of the "food" on Sundays? However, the Lancet's views are coldly scientific, and may not suit the "soaks." It says "One and a half fluid ounces, (a tablespoonful and a half,) of pure alcohol is the utmost quantity that can be completely utilised as food in the human body per diem, according to experimental observation. A quantity ingested additional to that amount therefore may escape oxidation, incomplete products of combustion, so to speak, may be formed, and toxic effects ensue. It is therefore interesting to consider what amounts of the ordinary alcoholic drinks contain this permissible allowance of alcohol—say, one and a half fluid ounces—which is assumed to be the extreme limit of the oxidising power of the body. Taking brandy and whisky to contain 50 per cent. by volume of alcohol, three fluid ounces, or six tablespoonsful of these spirits would contain the maximum allowable daily dose. This would be the equivalent of about two glasses of brandy or whiskey and water per diem, each containing three tablespoonsfuls of spirit and a half pint of water, to exceed which would be to risk a toxic result. Port and sherry, with their average of 20 per cent. of alcohol, would contain the permissible amount of alcohol in seven ounces, or a little over two wineglassfuls, assuming each to contain about three fluid ounces. The limited quantity of white wines, claret, or champagne, with 10 per cent. of alcohol, would be 15 fluid ounces, while one and a half fluid ounces of alcohol represent about 30 fluid ounces or a pint and a half of table beer."

If six tablespoonfuls of brandy daily is the limit, and anything over that "a poison," there is a pretty good temperance lesson in the Lancet's consideration of the question. And there is such a variety of foods to choose from before we come to alcohol that most of us can get along very well without it. The fact remains that whether it be conceded to be a food or not, alcohol is wisely treated as a dangerous but useful drug, to be used where expert knowledge suggests, just as strychnia, digitalis, arsenic, belladonna, hydrocyanic acid, cocaine, opium, and many other powerful drugs are used. There it will do no harm, but much good.

MEN MOULD THE WORLD'S CHARACTER

To Greater Extent Than Women is the Decision of Debating Club.

A very pleasant and interesting programme was rendered Wednesday evening by the Y.M.C.A. Literary and Debating Club. The Club is meeting a much-felt need for many who are unaccustomed to speaking and thinking upon their feet. The programme for the evening was as follows:

Impromptu address, (3 min.) by T. H. Hutchinson.

Impromptu address (3 min.) by Mr. Coleman.

Current events, by A. Trothewey.

Debate—Resolved that woman has done more for moulding of the character of the world than has man. Affirmative D. Downie, H. V. Snook. Negative M. Rosenburg, M. Coleman.

The judges rendered a decision in favour of the negative. Mr. H. R. H. Kenner, of the Collegiate Institute, very kindly acted in the capacity of critic and gave the men some very valuable advice. Meetings are held every other Wednesday evening at 8 o'clock. Any senior member of the Association is elegible for membership.

COBOURG AFTER CANAL OUTLET

Mayor of That Town Believes Town Should pay Engineer to get Levels.

Cobourg seems to be determined to obtain the outlet for the Trent Canal if there is any possibility as the following extract from the inaugural address of the Mayor of that town will show:—

"I would like to have not only the assistance of this council but the citizens of the town generally to support us in every way to bring about the outlet of the Trent Valley Canal at or near the town of Cobourg and as there will no doubt be strong efforts made by other places to have this outlet we should stand shoulder to shoulder council and citizens and see that we get our rights and that no undue influence is brought to bear on anyone having the matter under their control, and if the engineer's report should not favour Cobourg I would recommend that this town procure an engineer of its own to take the levels, and compare the same with those of the Government engineer, because I have always thought and still have strong conviction that this is the best place on the North shore of Lake Ontario for this canal outlet."

THE COBALT ORE IS VERY RICH

$1900 per Ton is What the Assay Showed.

Messrs. D. A. Dunlap and N. A. Timmons passed through Toronto on Monday en route to New York. They have shipped to that city two carloads of cobalt ore from the new deposits near Cobalt Station, Nipissing District, and they believe the sample is just as rich as that of recent shipments, when 20 tons assayed $38,000.

Mr. William Galbraith, of Bracebridge, who was in charge of the Government party surveying a part of Sheraton Township, Nipissing district, has just sent his report to the Surveys' office. He says that the land is mostly arable, and of a fine quality, while there is an abundance of excellent spruce and pine.

So far over 30,000 applications from veterans for land grants have been received; 17,000 certificates have been issued, and only 4,000 of the holders have taken advantage of the offer. The certificates hold good for four years from the date of issue.

HOW RUSSIANS ARE DOWNTRODEN

Families of Soldiers are Left Without Support—Great Suffering.

The wives of reservists are often left destitute with three or four children to maintain. The breadwinners are hurried off to the front, and no provision is made for those who are dependent on them. The Government seems absolutely indifferent to the misery that is thus caused. In some towns crowds of hungry and homeless children are to be seen in the streets. One case came to my notice that was particularly sad. Just before her husband left, the wife of a reservist died in giving birth to her third child. The man thereupon killed his three children, and they were buried with their mother. The man, in explaining the motives that made him commit such a terrible crime, said that he could now go cheerfully to the front as his children would not suffer.

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

F. J. CHENEY & CO., Props., Toledo, Ohio.

Sold by druggists, price 75c.

NO SUBSTITUTE

has yet been found for cod liver oil. There are so-called extracts, wines and cordials of cod liver oil that are said to contain the active principles but not the oil itself. This is absurd on its face. You might as well extract the active principles of wheat and make bread with them. The best form of cod liver oil, that can be digested and assimilated most easily, is Scott's Emulsion.

We'll send you a sample free.
SCOTT & BOWNE, Chemists, Toronto, Ont.

A TRAGEDY OR COINCIDENCE?

Strange Action of a Port Hope Collie Dog Excites Suspicion

Belief That the Dog's Master has Been Drowned for the Animal Will not Leave Water's Edge.

(Port Hope Times.)

The mysterious behaviour of a black collie dog has convinced many people that a tragedy has taken place and that the dog's owner, whoever he may be, lies drowned in Lake Ontario somewhere near the foot of King street. The behaviour of the dog has caused a sensation among those who know of it.

The dog is a black collie with a partly white face. Last Thursday morning the animal was noticed on the iceberg opposite Mr. Burt's house, but no special attention was paid to it until the evening when it was seen that the dog had not left the place all day. The curiosity of Mr. Thomas Burt and Mr. Wm. Ray was aroused and they took a lantern and went down in the evening to see if the dog was there still. As they approached it was lying on the edge of a large iceberg looking mournfully down into the water, but when they drew near it ran away. When they withdrew it immediately came back and resumed its solitary vigil. Several times it appeared to be about to jump into the water.

The dog remained on the ice all night and on Friday morning although nearly frozen was still in the same spot. Food was taken to it but it would not touch it, and when any one approached it invariably ran away. On Friday night Mr. Wm. Ray succeeded in enticing the dog to his house, on King street, but on Saturday morning when it was released it ran straight for the lake and stayed all day around the same spot as previously.

The dog has since gone occasionally to Mrs. Ray's house when it felt the pangs of hunger, but immediately after being fed it returns to the lake. Many people are convinced that someone has fallen into the lake, but no one has been heard of as being lost. On Sunday many people went to the spot where the dog keeps its vigil, but the animal ran away as the parties approached, as if it feared that it would be removed.

Mayor Chalk and Mr. Thos. Thompson, of Hope, drove down to the place on Monday morning, but could not see the dog. Mr. Chalk, when asked by a Times reporter if the council would take any steps to solve the mystery, said he did not know what could be done just now, as no one had been heard of as missing. Chief Bond also has received no report of a missing person.

To drag the lake at present would be very difficult, as often it is impossible for a rowing boat to go near the icebergs without danger of being smashed to pieces. Then again no one would know exactly where to dredge, as pieces of the iceberg on which the dog was lying on Thursday have been washed away.

No solution, other than that the dog's owner has been drowned, has been suggested. The dog is not apparently known to anyone in town, and its owner may be a stranger to the neighborhood. In that case it is possible that the mystery may never be solved and that the faithful hound will alone have the key to a tragedy which it cannot disclose.

GOOD ADDRESSES AT ENNISMORE

Farmers' Institute Meetings There, Were Successful

Entertainment in the Evening—Good Results of Institute Work.

The second of a series of supplementary meetings of the West Peterborough Farmers' Institute, was held in the capacious new T. A. S. Hall, Ennismore, on Wednesday afternoon. The attendance at the afternoon meeting was small, but those present paid marked attention, and acquired much valuable information from the addresses, which were delivered by Mr. R. H. Field, of Addison, Mr. A. E. Sherrington, of Walkerton, and Mr. F. E. Kline of Lakefield.

Mr. R. Q. Dench, president, took the chair at 2.30 o'clock, and delivered a few preliminary remarks in his usual happy manner.

Mr. Field first addressed the audience on the subject of "Dairying," illustrating his remarks from time to time, by referring to a specially prepared picture of a Jersey cow. He took this subject by request, instead of that of "Bacon," as was announced. He did not enter into a discussion of breeds, but pointed out many of the leading physical features which distinguish the good "beef" cow from the ideal "dairy" type — the "beef" animal being somewhat square in shape, with straight back line, while the most desirable for "dairy" purposes are wedge-like in shape, sloping in general lines from the hind quarters forward. The skin should be soft and velvety. His remarks on the care and management of cattle were given an attentive hearing by the audience. He insisted particularly, on kindness in the treatment of cattle, ugly and vicious cattle being largely the result of brutality.

A paper on "The Care of Milk Before it Reaches the Factory," was read by Mr. F. E. Kline of Lakefield. Mr. Kline dealt with this question in a particularly able and comprehensive manner, and his concluding remarks on the handling of whey aroused much interest amongst the audience, and gave rise to a discussion in which many valuable facts were brought out. Mr. Kline expressed himself as being strongly in favour of feeding whey at the factory.

Owing to the lateness of the hour Mr. Sherrington did not speak on the subject of "Small Fruits for the Farmers' Gardens," as was announced. He made a few remarks explanatory of the aims and objects of the Institute, and the valuable results which are attending its efforts throughout the country.

Mr. Wm. Collins, the secretary, reminded the audience of the desirability of enrolling as many members of the Institute as possible.

EVENING SESSION.

At the evening session, which opened at 8 o'clock the hall was filled to the doors. A pleasing feature was the large attendance of ladies, who considerably outnumbered the male portion of the audience. The unavoidable absence of Rev. Father Fitzpatrick was felt, as he has always displayed a keen interest in Institute matters; he was unfortunately compelled to be away yesterday, however. The programme of addresses by the visiting delegates was pleasingly interspersed with music, recitations, etc. The chair was most acceptably filled by Mr. John N. Telford, one of Ennismore's most progressive agriculturalists, and who has always taken a deep interest in the work of the Institute.

The opening number was a selection by the orchestra, which was pleasingly rendered.

Miss Zeta Galvin's song, "Teasing," was also much appreciated by the audience, and was greeted with much applause.

Mr. Sherrington next delivered his address on "Small Fruits for the Farmer's Garden," which was crowded out at the afternoon session. He however was obliged to shorten it considerably, touching only on the most vital points, as he also delivered a short address on "Poultry" later in the evening. Every farmer should have a fruit garden, he said, the cost being so slight, when considered with the benefits to be derived. The gardens should be laid out in long straight rows, using a horse in preparing the land, thus saving much labour and expense. He first discussed the cultivation of strawberries. They should be planted in spring in rows 3 1-2 feet apart with the plants from 15 to 24 inches apart in the rows. Two rows four rods long would be sufficient for any family. The plants should be obtained as near home as possible, as long exposure to the air has an injurious effect. The ground should be spaded in order to conserve its moisture. The blossoms should be pinched off the plants in order to prevent fruition during the first season, which should be devoted to the production of more plants, rather than fruit. A cultivator should be run through the rows, when the "runners" spread. The plants should be covered with straw in the fall. Only one crop should be taken off—the plants being transplanted to a new bed for the second season. A rotation in three-year terms should thus be kept up. As to the best varieties for cultivation he recommended "Michael's Early" as the best for table use in the early season; "Brandywine" and "Saunders" for preserving, as they are dark and firm and mature late in the season. His recommendations in regard to other small fruits were: — Raspberries—"Reliance" and "Turner's" as early berries and "Cuthberts" and "Phoenix" for preserving purposes.

Blackberries — "Conrath" and "Hilborn."

Red Currants — "Fay's Prolific" and "Cherry."

Black Currants — "Naples" and "Champion."

Gooseberries—"Downing."

Miss Celia Twomey followed with a song which received a well-merited encore.

The next was a selection by the orchestra which was followed by a quartette by Telford Bros.

Mr. J. K. Galvin rendered a song with banjo accompaniment in a very pleasing manner, and received an enthusiastic recall.

The address on "Farming" given by Mr. Field received an attentive hearing. Mr. Field stated that this was the largest audience which he had addressed in five years of institute work. He spoke particularly to the young men, whom he claimed should receive a financial interest in the farm, as this would lead to an added interest in the work, and also have a tendency to keep them at home. He also pointed to the value of education, as an aid in intelligent and progressive farm work.

Mr. Jas. Guiry followed with a well rendered song entitled "Cordalia Malone," after which Miss Veronica Galvin gave a recitation which was exceptionally clever for one so young.

Mr. Sherington spoke next on "Breeding, Feeding and Marketing Poultry." If for no other reason, poultry should be raised for the saving which they effect in the disposition of waste foods, and also for their value in the destruction of insects and vermin. Comfortable poultry houses are a necessity. A wooden house is inexpensive, and is better than concrete, brick or stone. Poultry houses should be warm, and properly ventilated, though drafts must be carefully avoided. In his remarks on feeding he advised that conditions in winter should should be kept similar to those of summer. He recommended the feeding of green foods, such as mangels, turnips, and clover, with the grains. The grains which are fed should be mixed, oats, barley and wheat being the best. A warm bran mash should be fed in the morning, as it is more easily digested than grain. Plenty of fresh water should be supplied. He next dealt with the subject of the preparation of poultry for the market. The best varieties should be selected, Wyandottes and Rocks being his favourites. He pointed out the characteristic differences distinguishing the desirable from the undesirable types for market purposes. Those with long legs, long neck and snake-like head, cannot be fattened easily, while those broad in the back, full in the breast, and short and wide in the legs will put on flesh rapidly. Before killing, they should be placed in small pens or crates and should be fed ground oats, buckwheat and ground barley mixed in milk, to which a little tallow should be added for the last ten days. Three weeks feeding of this ration is sufficient. The fowls should be killed by dislocation of the neck, and plucked while warm. They should be starved from 24 to 36 hours before killing. The speaker closed with a few remarks on the best methods of giving the fowls an attractive appearance before marketing.

A delightful sextette, "Sweet Twilight Hour," closed the musical part of the programme. This was rendered by Misses C. Twomey, M. A. Crough, F. Scollard, E. Carew, Zeta Galvin and E. Scollard. The accompanists of the evening were Misses Galvin, Guiry and Telford.

A vote of thanks to the speakers and those who so kindly assisted in the programme, was moved by Mr. Kline and seconded by Mr. Dench. This was followed by the singing of God Save the King.

BOWEN ADVOCATES FORCE.

Only Way to Bring Venezuela to Terms He Says.

New York, Feb. 3.—According to Washington advices to The World despatches received at the State Department yesterday from U. S. Minister Bowen at Caracao indicate that a rupture with Venezuela is imminent.

Mr. Bowen's patience is at last exhausted, and he has recommended that he be recalled, and that diplomatic relations with Venezuela be severed. He says that the attitude of the Castro Government remains uncompromising to the last degree, and that he can see no encouraging indications that a peaceable settlement of the American claims. He advises that force be applied as the only means of bringing President Castro to terms.

Drawbacks May Be Allowed.

Washington, Feb. 3.—The United States Attorney-General has rendered an opinion in which he holds that drawbacks may be allowed on exported flour made in part from imported wheat. He also holds that evidence of books of account may be used to establish the right of manufacturer to a drawback. The question was raised by Secretary Shaw. The drawback may be allowed to within one per cent. of the customs duty paid on the imported wheat, the present duty on which is 25 cents a bushel. The Secretary at once will begin the preparation of regulations to carry this opinion into effect.

Electric System For Sarnia Tunnel.

Ottawa, Feb. 3.—The Railway Commission are now in correspondence with the Grand Trunk Railway Company in regard to the projected improvements in the Sarnia Tunnel. The company propose to spend half a million dollars in the installation of an electric system, and the Commission are not disposed to insist upon undue haste where the expenditure of so large a sum is concerned.

New Trial For Kennedy.

Brantford, Feb. 3.—Chief Slemin yesterday morning received from Toronto a warrant granting a new trial for Joseph Kennedy, who, though acquitted on the charge of murdering little Irene Cole, will be tried on a charge in the same connection, which carries with it penalties of an extreme nature. Kennedy will surely be brought here. He is now serving a term in the Central Prison.

Tired all the Time.

Mrs. George Beattie, Carr's Brook, Colchester Co., N.S., writes:—"Last spring I was very much run down, felt tired all the time, and did not seem to have life or energy enough to do my work. Three boxes of Dr. Chase's Nerve Food did me a world of good, and made work a pleasure to me. I has not had occasion to use any medicine since, and have recommended Dr. Chase's Nerve Food to all my friends."

HOUSE OF COMMONS

Great Range of Subjects Handled by Parliament.

CANADA NOT RECONCILED

British Embargo On Our Cattle Still Objected to—Sir Wilfrid Laurier's Bill Amending the Mounted Police Act Read a Third Time—Reclaiming Criminals—Police Officers Rebuked.

Ottawa, Feb. 3.—The wide range of subjects which engage the attention and demand the consideration of the Dominion Parliament is a striking illustration of the expanding and diverse interests of the larger Canada of to-day. The removal of the embargo which prevents the importation of Canadian cattle into Great Britain for feeding purposes, the proper operation of the machinery of responsible Government for the far-off Yukon Territory; the protection of the long frontier line stretching from the Lake of the Woods to the Rocky Mountains; the security of life and property and the maintenance of law and order throughout the vast territory stretching away into the eternal snow of the Arctic, and the uplifting and restoration of the submerged elements of social life, with numerous other problems in Government, afforded a bill of fare of sufficient diversity to interest every member of the House yesterday.

Subjects in the House.

The Minister of Agriculture gave an emphatic repudiation to the suggestion by Mr. Chaplin that Canadians are satisfied to have their cattle tabooed by the Mother Country.

Sir Wilfrid Laurier indicated that the Government are determined to maintain the splendid reputation which the Canadian West has earned for preservation of law and order, and that the immigrants who are flocking in by hundreds of thousands may rely upon continued security of life and property.

The Minister of Justice presented a gratifying report of the operation of the parole system, under which many men have been enabled to retrieve the mistake of youth or momentary lapse from the path of rectitude. Incidentally he administered a severe rebuke to over-zealous police officers, by whose officiousness the road back to respectability had been barred to their less fortunate fellows.

The resignation, owing to ill-health, of Mr. Robert Reford from the Transportation Commission was announced by the Premier.

First Third Reading.

Sir Wilfrid Laurier's bill amending the Mounted Police Act had the honor of getting the first third reading of the session. The bill passed through the committee stage and was read a third time with comparatively little argument.

The estimates of the Department of Justice were taken up in committee of supply. Some highly gratifying reports of the parole system were made to the House. Mr. Fitzpatrick said that there were ten parole men in one institution in Toronto. The same institution recently expressed a willingness to employ three more parole men if they were recommended. The parole men are required to report once a month to a police officer. In some cases the police went to the trouble of notifying the employer. "This," said Mr. Fitzpatrick, "is an act of cruelty." He explained the process by which paroles are granted, and incidentally bestowed generous praise on Inspector Archibald of Toronto. So greatly are the services of Mr. Archibald valued by the department that it has asked him to become a permanent Government official, devoting all his time to the Government service. Mr. Archibald has consented and has applied to General Booth for release from Salvation Army work.

There was considerable discussion over the manufacture of binder twine at Kingston Penitentiary, but resulted in nothing.

The House adjourned at 6 o'clock.

SERVICES WERE VERY SUCCESSFUL

Work of Mr. H. D. Kennedy Highly Spoken of in Cornwall.

Writing to the Christian Guardian Rev. E. B. Ryckman, D.D., of Cornwall, says:

"The church here has had a season of revival. Mr. H. D. Kennedy, the evangelist, was with us from the middle of November until Christmas. Sixty persons have been received into membership. Mr. Kennedy's services were very highly appreciated. His preaching is always with power, full of precious evangelistic truth, and of absorbing interest to the congregations. He has the gift of securing the most intense attention of his hearers. His methods are those with which the Methodist church has been familiar from the former days. Seekers are urged to come forward, converts to testify and to use their influence with their unsaved friends, and church members to throw themselves into the work. The impression remains on the minds of the Cornwall people that the old-time revival is not a thing of the past."

INTERESTING NEWS BRIEFY TOLD.

Things We All Like to Hear About.

—The Finance Committee will meet to-night.

—It was 16 degrees below zero at 7 o'clock this morning.

—Ysaye the fiddler gets $800. per each concert—pretty ysaye money.

—This morning Peterborough had it 10 degrees below zero. At noon it was 7 below.

—The George street Boys Choir will practice on Sunday afternoon instead of this evening.

—To-night the service preparatory to the communion, will be held in St. Andrew's, commencing at 8 o'clock.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. E. Hoover, 222 McDonel street. 'Phone 199.

—A contempory asks "What the rich are doing to-day?" It should know better—newspapers do not reveal business secrets.

—A number of fine, strictly high-class genuine steel engravings for sale at greatly reduced prices at the "Frenery," 428 George street.

—When a man sits in with "the bunch," the first drink he asks for is a Scotch highball. Towards the end of the session he asks for a Hotch skyhall.

—Master Carlyle Potter, who broke his leg on Wednesday, is recovering nicely, and this morning was quite cheerful. He is expected to improve from now on.

—The Primary and Junior Teachers' Union will meet to-night at the Y.M.C.A., at a quarter to eight o'clock. Miss Ivah Fisher will teach the primary lesson, and Sheriff Hall, the Junior.

—The Deputy Commissioner of Fisheries for the province of Ontario stated that the revenue from fisheries during 1904, would amount to about $50,000, this being the highest total yet reported.

—Levero Cupido, the Italian, who was stabbed on Tuesday night, is doing as well as could be expected, although his condition is still considered to be quite serious. His assailant has not as yet been captured.

—Miss Minnie Griffin, dressmaker 480 1-2 George street, over Dutton's store, has returned to town, and is prepared to receive orders from her old and any new customers as well. 6d

—To-night the 57th Band concert will be held, and it promises to be largely attended. The programme to be presented is a good one, and those who enjoy good music well rendered should attend. The admission is 10 cents.

—When sweets less carefully put up are liable to derange digestion, it will be found that Hawley's Own Make of candies are temptingly healthful, being made up on the basis of pure fresh fruits and sugars. 426 George street. 'Phone 455. 3d

—A report of the city engineer of Toronto, showed that the day labour system, employed in 27 out of 38 additions made to the sewerage system, effected a saving of $4,500 over the figures of the new lowest tender, being about 25 per cent. on the total expenditure.

—Removal—On account of increasing business, we have been compelled to move to larger premises, at 364 Water street, opposite Ontario Bank. Please accept our thanks for past patronage. Furniture, stoves and other household goods bought and sold M. T. Butcher & Son. dtf

—Mountain trout, finnan haddie, white cod fish, herrings, also wax candles, Lipton's jellies and pickles, fancy biscuits, clover honey, canned peas, tomatoes and corn, cheap; cabbage, celery, parsnips, beets, turnips, potatoes and spy apples. James B. Bell, 161 Hunter street. 'Phone 455. Also farm for sale.

—Dr. Amys, having purchased the property and practice of the late Dr. Pigeon, who resided at 270 Charlotte street, Peterborough, he will on and after Jan. 31st, have his surgery at the above address instead of as in the past on Lake street, Fifth Ward. Office hours,—8.30 to 10 a.m., 2 to 3.30 p.m., 7 to 8 p.m. 6dlw

—On Monday evening a reception to the young people of St. Andrew's church will be tendered, when an address will be given by Rev. Alex. Esler, M.A., of Cooke's church, Toronto, and a good programme of music, etc., will be given. All the young people of the church will be welcomed.

—The members of the "Tennyson Club" entertained a number of their gentlemen friends at the residence of Mrs. McClennan, 198 Barnardo avenue, on Wednesday evening, when a most delightful time was enjoyed by all present. The evening was sepnt in a musical and literary manner, and the ladies proved excellent hostesses.

—Some years ago the salary of the president of the United States was increased from $25,000 to $50,000. A bill is now before Congress to increase the amount to $100,000, and to provide that a retiring president after quitting office shall be given a pension of $25,000 a year for life. The days of democratic simplicity, so far as our neighbours are concerned, appear to be at an end.

—The land sales of the Canadian Pacific Railway Company, for November, aggregated 23, 392 acres, for which they realized $112,261, an average of about $4.80 per acre. The total sales from January 1st amounted to 488,468 acres for the sum of $2,097,946 ,a much better showing than the sales att he beginning of the year would have led one to anticipate. The Canadian Northwest Land Company, during November, disposed of 6,100 acres for $40,420, or an average of $6.63 per acre. From January 1st this company has sold 50,440 acres for $331,240. The land thus sold this year was to actual settlers, who, in by far the larger majority of cases, have already begun the work of cultivation and production.

THE SOCIAL WORLD.

Interesting Personal Items Gathered by Reporters.

Mr. F. H. Dobbin of the Review is a candidate for the executive of the Canadian Press Association.

Mr. G. W. Rannoy of Belleville, is in town on a visit. He is thoroughly recovered from his recent illness.

FUNNY STORY FROM MONTREAL

Dispatch Says Works of C. G. E. There will be Closed—The Facts of the Case.

A despatch from Montreal to-day says:

"The Montreal plant of the Canadian General Electric Company, it is announced, will be shut down in April and the equipment removed to Peterborough, because the cost of power is one-third greater in Montreal than it is in Peterborough. It is further pointed out that lower factory costs follow very low cost of power, and the company look to effect an economy of fully 20 per cent. in these costs as compared with Montreal."

It is learned here that this despatch is misleading, for as a matter of fact the works of the company in Montreal have not been operated since last April, when the announcement of their closing and the removal of the plant to Peterborough, was announced in the Examiner.

DURHAM WANTS TO BE SEPARATED

From the Sister County of Northumberland—Some Complaints.

The people of Durham county are seriously considering applying for separation from Northumberland, and a letter in the Canadian Statesman, published in Bowmanville, says:

"I don't see that the council would be exceeding its duty were it to consider separation of Durham from Northumberland for county purposes. Everyone seems to admit that it would be in the interest of Durham to do so, but there seems to be no one to move in the matter. I am told that in 1906 the questions of new county buildings and also of a poor house, are likely to be settled, and it seems to me that the present time is most opportune to settle the matter for all time to come. If it is left till after the said buildings are erected, and we have to pay our share of such buildings, we may as well be content to remain as we are, and not only put up with paying the lion's share of the cost of these buildings, but also the keeping up of Northumberland's bridges, from which we get no benefit at all."

MR. THOS. BODDY WILL SOON RETIRE

It is Understood That he Will Relinguish From his Present Position

It is understood that Mr. T. E. Boddy, city ticket agent of the C. P. R., for many years, will, in the course of a month or so, retire from that position. For some time Mr. Boddy's health has been unsatisfactory, and, it is said, that he will seek a change in country life. Mr. Boddy has during his occupancy of the important position, whose duties he has filled so satisfactoirily, both to the company and the public, won a large and well deserved popularity, and the regret of his numerous friends at his retirement will be intensified by the fact that ill-health is the cause. Mr. Boddy's successor is not yet announced.

Y. M. C. A.

Each month there is a contest held between the boys of the gymnasium classes at the Y.M.C.A. Two captains are chosen, and these in turn choose their sides. Games, races and contests are participated in. The winner of each event secures one point. The team which makes the greatest number of points each month, will have published the names of its members, and this month's winners are:

For Junior School Boys — Wallace Armstrong, Melville Turner, capts. Wallace Armstrong's side won by a majority of one point. His team consisted of Ed. Mann, Leslie Fife, Evans White, Roy Scott,, Max Fife, Stan. Madill, Herb. Johnson, Elmer Sanderson, Harold Meldrum.

Junior Intermediates. — Arthur Hall, Chas. Thornton, captains. Arthur Hall's side won by a majority of two points. His team consisted of Fred Hall, Preston Grange, Hugh Dark, Fred Baker, John Moss, Ed. Moss, Alred McGregor, Harry Lloyd, Jos. Barraclough, Wellington Henthorne.

MARKET FARMERS DELIVERY OF PRODUCE

Failure to Deliver Means, Loss and Inconvience to Housewives.

Complaints frequently reach the Examiner of the failure of some farmers who visit the market to deliver the produce purchased by town residents. Recently several cases of this kind have occurred, and housewives have been put to great inconvenience, who, in many cases, had to pass Sunday without the supplies they had purchased on the market. A still greater neglect is represented by farmers who fail to deliver goods after they have been purchased and paid for. In these latter cases the police are the right persons to deal with such delinquents.

PLAN OPEN.

Mark your tickets for the Meister Quartette Concert at Ormond & Walsh's Drug Store. The programme submitted is an entire change from that last presented. The best advertisement this concert has is the pleasant memories of those who heard the last concert here. This is an opportunity to hear a famous quartette that should not be passed over. Mark your tickets early.

A DEPUTATION TO THE CAPITAL

County Council Will go There in the Near Future.

Will ask Government to Take Over the Swing Bridges in the County.

The members of the county council will go as a deputation to Ottawa in the course of a short time to interview the Government with reference to the latter taking over the swing bridges in the county over the Trent Valley Canal and other waterways within the boundaries of the county.

It is possible, too, that at the same time a delegation regreseenting the Town Council and the Board of Trade will go to Ottawa with reference to the completion of the canal, and the two forces will join hands to impress upon the Government the desirability of completing at an early date the canal.

Of course the county is as largely interested in the canal 's completion as is the town, and it is felt that this will be an opportune time to have the views of the county and town bodies impressed upon the members of the Government.

LADIES ENTERTAINED CHOIR AND TEACHERS

Very Enjoyable Affair at Murray Street Church Last Evening.

Last evening the choir and teachers and officers of the Murray street church and Sunday school, were entertained in a most happy manner by the ladies of the church. After the regular choir practice a supper was served in the school room. A most delightful hour was spent in speeches and song. Col. E. B. Edwards presided, with the pastor, Rev. F. J. Scott, as vice-chairman. Short but crisp remarks were made by Messrs. Dr. Scott, G. Lee, Hudson, Boutley and Cunningham. Solos were sung in enjoyable style by Mrs. Miller and Miss Florence Hall. The affair was a most pleasant one for all concerned.

WEDDING BELLS.

A quiet wedding was solomnized at Charlotte street church parsonage on Wednesday, Feb. 1st, the bride being Edna M. Hanley, the eldest daughter of Mr. William Hanley of Mount Pleasant and the groom, William J. Langton, second son of Mr. John Langton. The bride was assisted by Miss Emma Law, while the groom was supported by his brother, Mr. Harry Langton, all of town. After the ceremony the bridal party partook of a dainty tea at the residence of the groom's parents, after which a very pleasant evening was spent in games and music. The bride received many beautiful and costly presents. Mr. and Mrs. Langton will reside at 250 Reid street, Peterborough.—tom.

CUSTOMS RECEIPTS SHOW INCREASE

The Last Month Over $1100. Ahead of January 1904.

The customs receipts for the month of January show an increase of $1,118.46 over those of the same month last year. The following are the figures:

January, 1905, $15,883.18.
January, 1904, $14,764.72.

That the increase is not quite so large as in some previous years is accounted for by the fact that the usual large spring importations have not yet arrived.

FUNERAL OF THE LATE MRS. STANLEY

Remains Were Interred in Little Lake Cemetery.

Yesterday afternoon the funeral of the late Mrs. George Stanley whose death occurred in Brainerd, Minn., took place from the residence of her mother, Mrs. Samuel Long, Sophia street, to Little Lake Cemetery. The funeral was largely attended by the friends of the deceased lady, who was well known here.

Among those who were present at the funeral were:—Mrs. Henry Lindsay, Rochester, N.Y.; Mrs. Owen O'Rourke, Fessenden, Ont.; Mrs. John White, of Norwood, who are sisters and Messrs. George Stanley, the bereaved husband; F. D. Long, of Park Rapids, Manitoba, and Alex. Long, and Geo. Long, who are brothers of the late Mrs. Stanley. Mrs. Geo. Crawford, another sister, lives in Ireland, and Mr. Robert Long, a brother, is in Missoula, Montana.

The funeral ceremony was performed by Rev E.A. Langfeldt. The pall bearers were:—Wm. Pease, J. Stewart, J. Tighe, A. Bartley, J. White, and R. Long.

THOMAS GEMMELL HAS TURNED UP

Says He Had No Intention to Commit Suicide.

Mr. Thomas Gemmell, whose disappearance was reported yesterday has turned up, and visited the Examiner to-day to contradict the rumour that he had left his boarding house with suicidal intent. He claims that he left to go back to his former boarding house, and he also states that he did not say anything about going to his own funeral.

He had no intention of leaving town, and fears that the report circulated about him will cause a misapprehension on the part of his friends.

POLICE COURT NOTES.

Italians Charged With Assisting Marfeso to Escape.

At the Police Court this morning Harold Phampelon was again up on the charge of obtaining money under false pretenses. The case, which had a hearing on Monday last, was remanded till next Monday.

Alphonso Manzi, Ciceri De Palma, and Fabiano Marfeso were charged with assisting Pumphollo Marfeso, who is connected with Tuesday's stabbing affray, to escape. They were remanded for a week.

MOTION BY M. WITTE

Rejected by the Russian Committee of Ministers.

PRESENTED TO THE EMPEROR

Czar Empowers the Finance Minister to Draft a Scheme For the Reform of Social Legislation Particularly Applying to the Workmen's Question — Meanwhile Ministers Formulate Proposals.

St. Petersburg, Feb. 3.—Order appears to have been generally restored in Russia, the exceptions being in Poland. Even in Warsaw, however, there has been a return to conditions approximating the normal.

The committee of Ministers sitting at St. Petersburg has formulated and the Emperor has sanctioned a number of proposals looking toward the establishment of the Senate upon a basis of closer connection with the throne; doing away with the administrative orders suspending certain laws, and in other ways checking the evils that have arisen through the arbitrary acts of Ministers or officials.

The committee of Ministers distinguished three fundamental points as bases for defence laws:

First—Prevention of violation of laws.

Second—Investigation of powers and methods of action of those responsible for the administration of the laws.

Third—Responsibility of officials.

The committee decided that it was expedient to establish local courts of justice connected with the Senate and with the institution of the Senate of the post of first president, with the right of personal relations with the Emperor.

A number of other changes clarifying the rights of plaintiffs under the civil code and in the general way of securing a broader interpretation and construction of the laws were decided upon by the committee; and all the proposals were sanctioned by the Emperor on Jan. 29.

M. Witte to Draft Scheme.

The committee of ministers rejected a motion made by M. Witte that the committee should express an opinion regarding the events of Jan. 22, and take steps to prevent a repetition of such incidents. The motion was rejected on the ground that such action was beyond the jurisdiction of the committee of ministers. M. Witte, whose motion was placed upon the minutes, thereupon submitted to the Emperor a memorandum which His Majesty approved and the committee of ministers had an extraordinary meeting Jan. 31 to consider this memorandum. The question of an inquiry into the incidents of Jan. 22 was discussed and the Finance Minister was empowered to draft a scheme for the reform of social legislation particularly applying to the workmen's question.

Gorky Released.

St. Petersburg, Feb. 3.—Maxim Gorky, the author, who was arrested shortly after the disturbances at St. Petersburg, Jan. 22, has been released from custody.

Would-Be Assassin Identified.

Odessa, Feb. 3.—The assailant of Chief of Police Galnivine, who was shot in the right shoulder Wednesday, has been identified as Abraham Stilman, an artisan, from Berdihheff. Chief Galnivine is progressing satisfactorily, but the bullet has not been extracted.

Mirsky to Go Abroad.

St. Petersburg, Feb. 3.—Prince Sviatopolk-Mirsky has been granted leave to go abroad for 11 months.

Warsaw Papers Resume.

Warsaw, Feb. 3.—The local newspapers will resume publication today. The editors met yesterday morning and unanimously agreed that as the censor would not permit them to tell the truth regarding the disturbances, they would absolutely refrain from mentioning the subject except in the official reports, which they are compelled to publish.

Against the Czar.

Lemberg, Feb. 3.—Thousands of workmen engaged in a demonstration against the Emperor of Russia yesterday, marching through the streets with banners inscribed, "Hurrah for the Polish revolution," and "Down with the Czar." The procession stopped and howled in front of the Russian Consulate. The police finally dispersed the crowd and made many arrests.

Disturbances At Cracow.

Vienna, Feb. 3.—Serious disturbances are reported at Cracow. Last night thousands of workmen gathered at the monument of Wioslrwics, where Deputy Daszinski, the leader of the Galician Socialists, made a speech denouncing the Emperor of Russia, whose portrait was torn amid shouts of vengeance. The police dispersed the demonstration. Fifteen persons were seriously wounded and many were arrested.

JAPS BEATEN BACK.

An Artillery Duel Proceeding Around Sandiapu—Large Number of Frozen Japanese Corpses Found.

Mukden, Feb. 3.—After the Russian bombardment of Sandiapu Wednesday, the Japanese tried to drive them off but failed. The indications are that the Japanese will abandon Sandipau. The usual artillery duel is proceeding at the centre. Ten Japanese battalions, which attacked the Russian left, were repulsed with heavy losses. The latest returns of the Russian losses during the recent fighting show that 13,000 men were killed or wounded. General Kondratevitch being among the latter.

Japs Again Beaten Off.

Tsinkhelchen, Manchuria, Feb. 2.—The Japanese offensive in the neighborhood of Dsiantchen, 14 miles southeast of Tsinkestchen has been beaten off. The Japanese felt their killed and carried off a couple of hundred wounded. The Russians sub-frozen corpses of Japanese wounded who had tried to crawl off from Chenhatin Pass. The appearance of these corpses were frightful. The bodies were scantily clad.

Japs As Disease Fighters.

Gen. Oku's Headquarters, Feb. 3.—Japanese field surgeons and field hospitals have accomplished a triumph according to statistics obtained by the Associated Press from the chief surgeon of Gen. Oku's army. There have been in the entire army since the landing on May 6, only 40 deaths from disease.

The figures show that up to Dec. 1, there were treated 84,642 cases of disease. Of these 40 resulted fatally, 18,578 patients recovered, 5,609 were sent to Japan, and the remainder were undergoing treatment when the figures were compiled. It is believed that these figures are unequalled in the history of warfare. There were only 183 cases of typhoid and 342 of dysentery, while of beri-beri there were 5,070. The other cases of disease were not serious.

The casualties in General Oku's army from May 6 to Dec. 19, were: Killed, officers 210, men 4,917; wounded, officers, 743, men 20,337; missing, officers 4, men 402. Sixteen per cent. of the wounded died, 19 recovered in the field and 65 per cent. were sent to Japan. Eighty-five per cent. of the wounds were inflicted by rifle shots, 8 per cent. by artillery and 7 per cent. by cold steel. The largest percentage of recoveries was in the cases of chest wounds. Most of the recoveries were due to the small calibre of the rifle bullets.

Kuropatkin Struck Grippenberg.

Paris, Feb. 3.—The St. Petersburg correspondent of L'Echo de Paris says, under reserve, that General Grippenberg is to return to Russia under a cloud. Kurpatkin accuses him of engaging Japanese forces at Sandepas outnumbering his own, and refusing to retire when Kuropatkin ordered him to do so, thus sacrificing 10,000 men. The correspondent asserts that an altercation occurred, in which Kuropatkin struck Grippenberg.

"CRIMINALLY GUILTY."

Plain Language Concerning Treatment of Tuberculosis Victims.

Toronto, Feb. 3.—Dr. Hodgetts, in his masterly report to the Provincial Board of Health yesterday morning, characterized as criminal negligence the apparent disinclination of the municipal authorities of the Province to deal with the question of providing municipal sanitaria for consumptives, and strongly urged the necessity for such institutions. The comment was provoked by the fact that the deaths from tuberculosis had increased from 2,072 to 2,165, as compared with last year.

The total deaths for the year 1904 were 25,415, as compared with 25,267 in 1903. Those from infectious diseases were: Smallpox, cases 309, deaths 4; scarlatina, cases 3,165, deaths 129; diphtheria, cases 3,045, deaths 438; measles, cases 526, deaths 32; whooping cough, cases 268, deaths 90; typhoid, cases 1,262, deaths 397; tuberculosis, cases 2,228, deaths 2,165. The total deaths numbered 25,411, against 25,276 in 1903, giving a rate of 12.6 per 1,000, as against a rate of 12.8 for the past year.

The increase in deaths from enteric fever called for more than passing notice. It owes its origin mainly to a contaminated water supply, and therefore it should be the especial duty of local authorities to maintain a more careful oversight of this essential of life, and to this end a systematic examination of all waters used in a municipality, whether it be a rural or urban district, should be entered upon by all boards, and to carry out this work every city and every large town should have its own laboratory.

Ten Women Dead.

Hornellsville, N. Y., Feb. 3.—The official investigation into the accident at Stephen's Crossing, which resulted in the death of ten of Hornellsville's most prominent women and the injury of three others, was begun yesterday by Coroner Frank L. Sutton, and examination of witnesses was begun. Both the engineer and the fireman of the train testified that the whistle had been blown twice as the train neared the crossing and that the bell was ringing at the time the accident occurred. The examination was then postponed until such time as the women have sufficiently recovered from their injuries to appear.

Horse Breeders Elect Officers.

Toronto, Feb. 3.—The Canadian Horse Breeders' Association held its annual meeting with Dr. Andrew Smith in the chair. The secretary's report was one of congratulation. The treasurer reported receipts amounting to $8,583, and a balance on hand of $4,763.81. The officers elected were: President, Dr. Andrew Smith, Toronto; First Vice-President, Thomas, Graham, Claremont; Second Vice-President, Wm. Hendrie, jr.; Secretary-Treasurer, H. Wade, Toronto. In the evening the fifth annual banquet was held at the Walker House.

Mrs. Stewart Wanted.

Toronto, Feb. 3.—The Christian Scientists, Sarah Goodfellow, Elizabeth Lee, Isabella M. Grant and William Brundreth, were again before Magistrate Denison yesterday on the charge of manslaughter of Wallace Goodfellow. The court room was crowded. Owing to the police being unable to locate Mrs. Stewart, who is wanted by the Crown as a witness, the case was adjourned until Wednesday next.

Pains in the Chest.

Mr. John Clark, Port Hope, Ont., states:—"Last winter I was so bad with a cold that I could not speak above a whisper, and had great pains in the chest. A friend advised me to try Dr. Chase's Syrup of Linseed and Turpentine and one bottle cured my cold which I believe would have proven very serious if I had not used this medicine."

Cables Unchanged — Cattle Trade Slow in American Markets.

London, Feb. 2.—Live cattle are quoted at 11c to 12c per lb.; refrigerator beef, 9¼c per lb.; sheep, 12c to 13c per lb.

TORONTO LIVE STOCK.

Receipts of live stock at the City Cattle Market were 94 car loads, composed of 813 cattle, 2602 hogs, 819 sheep and lambs and 36 calves, also 9 car loads of Chicago cattle.

There were no straight loads of shipping cattle offered. A few lots picked from loads of butchers' cattle sold at $4.25 to $4.60; export bulls were slow of sale at $3 to $3.50 per cwt.

There were few good butchers' cattle offered. The best sold at $4 to $4.15 per cwt, and few brought these prices. Medium to good sold at $3.75 to $3.90; common, $3 to $3.50; inferior, $2.50 to $3.

There were few feeders or stockers offered and prices were unchanged. One load of 900-lb. feeders sold at [illegible] per cwt.

About 25 milch cows and springers sold at $30 to $49 each.

About 40 veal calves sold at firm prices; good to choice, $5 to $6 per cwt, and medium to common at $3.50 to $4.50 per cwt.

Deliveries were light; 819 sold as follows: Ewes at $4.50 to $5 per cwt, bucks at $3.50 to $3.75, lambs at $5.50 to $6.50 per cwt.

Mr. Harris bought about 2700 hogs at $5.50 for selects and $5.25 for lights and fats.

MONTREAL LIVE STOCK.

Montreal, Feb. 2.—The receipts of live stock at the East-end Abattoir Market this morning were 500 cattle, 200 sheep and lambs, 50 calves and 300 hogs. Owing to the severe cold and stormy weather, the attendance of buyers was slim, consequently trade in all lines was rather quiet, but as supplies were smaller than usual, the undertone to the market was steady and prices showed no important change. Beef cattle sold at 4½c to 4¾c; good 4c to 4¼c; fair, 3½c to 3¾c; common, 2½c to 3c; inferior, 1½c to 2½c per lb. Sheep were in demand at 3½c to 4c and lambs at 5c to 5½c per lb. The quality of the calves was poor and prices ruled low at $2 to $4 each. Live hogs met with a good demand and prices were strong at $5.75 to $5.80 per cwt, weighed off cars.

EAST BUFFALO CATTLE MARKET.

East Buffalo, Feb. 2.—Cattle—Receipts, 100 head; slow; prime steers, $5.25 to $5.50; shipping, $4.40 to $4.85; butchers', $4.25 to $4.75; heifers, $3.25 to $4.50; cows, $2.50 to $4.15; bulls, $2.75 to $4; stockers and feeders, $2.25 to $4.15.

Veals—Receipts, 150 head; active at $4.50 to $8.25.

Hogs—Receipts, 4500 head; fairly active; and 5c higher; heavy, mixed and yorkers, $5 to $5.05; pigs, $4.95 to $5; roughs, $4. to $4.50; stags, $3 to $3.50.

Sheep and lambs—Receipts, 600 head; sheep active and steady; lambs slow and 10c lower; lambs, $6.50 to $8; yearlings, $6.50 to $7; wethers, $5.75 to $5.90; ewes, $5 to $5.50; sheep mixed, $2.50 to $5.60.

NEW YORK LIVE STOCK.

New York, Feb. 2.—Beeves—Receipts, 731; no trading of importance; feeling a trifle weak.

Calves—Receipts, 304; veals active and firm; barnyard calves steady; westerns easier; veals, $5 to $10; little calves, $4 to $4.50; barnyard calves at $3 to $3.50; westerns, $3.10.

Sheep and lambs—Receipts, 3275; sheep steady; lambs slow but generally steady; closed trifle weak; sheep, $4 to $5.75; culls, $3 to $3.50; lambs, $7.25 to $8.35; culls, $5 to $6.50.

Hogs—Receipts, 4265; nearly all consigned direct; market firm.

CHICAGO LIVE STOCK.

Chicago, Feb. 2.—Cattle—Receipts, 10,000; good to prime steers, $5.70 to $6.20; poor to medium, $3.60 to $5.40; stockers and feeders, $2.35 to $4.25.

Hogs—Receipts, 31,000; mixed and butchers', $4.65 to $4.85; good to choice heavy, $4.80 to $4.90; rough heavy, $4.60 to $4.70; light, $4.55 to $4.80; bulk of sales, $4.65 to $4.77½.

Sheep—Receipts, 15,000; good to choice wethers, $5.25 to $5.65; fair to choice mixed, $4.15 to $5.10; native lambs, $6.00 to $8.

YANKEES THREATEN CANADA.

Government to Be Called to Account Re Fish Destroyers.

Albany, Feb. 2.—Unless a reply is received from the Canadian Government within a few days to the invitation to co-operate in the attempt to prevent the destruction of fish in Lake Champlain and the St. Lawrence by fishermen, an appeal will be made to President Roosevelt to officially call the attention of the Canadian Government to the depredations of the offending fishermen. The President will be asked to request the Canadian Government to put a stop to the evil without further delay. It is more than a month since delegations from the New York and Vermont Legislatures called on the Government officials at Ottawa and presented the protest of both States. No reply has been received, and the Canadian fishermen, who are said to be favored by their Government, have ignored the request made by the two States.

E. O. Sent to Jail.

Winnipeg, Feb. 3.—The further hearing of the Provencher election case was continued before Magistrate McMicken yesterday morning, and was responsible for a sensation, the returning officer, Alexander Ayotte, being committed to jail for refusing to answer a question as to the person from whom he received the voters' lists.

Injuries Fatal.

St. Catharines, Feb. 3.—G. T. R. Fireman F. K. Newstadt, who was crushed under his engine at Niagara Falls on Wednesday evening, died in the hospital here. He was 27 years of age and leaves a widow and two children. He was lying under the engine raking out the fire box when a coupling was made and the moving of the train caught him.

A GENERAL HOLIDAY

The People of Morrisburg Extend Honor to Mr Whitney.

MEETINGS WERE CROWDED

Proceedings Opened With a Triumphant Parade—An Illuminated Address Presented—Mr. Whitney Declares the Victory At the Polls Was Not a Party One—Many Congratulatory Speeches Made.

Morrisburg, Feb. 3.—The Conservatives of Dundas and the surrounding counties with the people of this town extended to Premier-elect Whitney yesterday a reception that for sympathetic warmth left nothing to be desired. So great were the crowds that, in accordance with a prearranged plan to meet such a contingency, the event really resolved itself into afternoon and evening meetings, held in the Music Hall, the former being preceded by a triumphant parade around the town. The collegiate institute and the schools were all closed for the day, and most of the stores and business establishments shut down during the afternoon. Though Morrisburg is strongly Reform, there was not a single untoward incident, all the citizens combining with the visitors to give expression to their appreciation of the high honor that the people of Ontario have conferred upon their fellow-townsman. Mr. Whitney, as well as a number of prominent Conservatives, delivered addresses at each meeting. On the whole, Mr. Whitney's remarks, his first public addresses since his victory, were moderate in tone. It was evident that he already feels the weight of the responsibility soon to become his.

Dr. T. F. Chamberlain, recently a Provincial Government official, a former resident of Dundas County, who defeated Mr. Whitney in Dundas in 1886, and was recently the opponent of Mr. Broder, M.P., spoke at the evening meeting. He had just arrived from Toronto, and simply desired, he said, to drop politics for the time being and add his personal congratulations to those extended to Mr. Whitney, who in a few hours would be called upon to form a Government. It was his hope that Mr. Whitney would, after forming his Cabinet, be re-elected by acclamation. That he believed also expressed the sentiments of Sir Wilfrid Laurier and Hon. Geo. W. Ross.

Mr. H. H. Ross, ex-M.P., for Dundas, and Dr. Reddick of Winchester, having delivered short addresses, Mr. Irwin Hilliard presented to Mr. Whitney an illuminated address on behalf of the citizens and electors of Dundas County. As the address was handed to Mr. Whitney little Miss Ruth Hilliard presented to Mrs. Whitney a bouquet of white roses.

Mr. Whitney's Reply.

In replying, Mr. Whitney, after expressing pleasure at the kindly references in the address, thanked Dr. Chamberlain for his personal utterances and such friendly sentiments as those they had just heard. Continuing, Mr. Whitney, in a general reference to his political career, paid a high tribute to the character of the late Hon. A. S. Hardy. As an instance, he said that two days after the Legislature had been adjourned in 1898 Premier Hardy had asked if Mr. Whitney would meet him, and on the latter complying Mr. Hardy requested his opinion as to the proper time for the elections. Mr. Whitney presented his view, both agreed as to the time, and the elections came off in March. The speaker considered this a great compliment to him, one, he thought, that could not be paralleled in the history of Ontario since Confederation. Mr. Whitney spoke feelingly of the kindly words several of the speakers had used in reference to Mrs. Whitney, and of the influence of women in the life of the country. In concluding he said that as far as their capacity and knowledge led them, himself and the men associated with him would do all in their power to deserve the confidence of the people. He hoped the people would never have to say of him, when the time of trial came, that he failed to be equal to the occasion.

At the close of his address, which was frequently applauded, the formal proceedings closed, and Mr. Whitney held another informal reception.

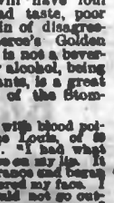
BAD STOMACH MAKES BAD BLOOD.

You can't make sweet butter in a foul churn. Every farmer's wife knows this. Your stomach churns and digests the food you eat, and if foul, torpid or out of order, your whole system suffers from blood poisoning. You will have foul breath, coated tongue, bad taste, poor appetite and a whole train of disagreeable symptoms. Dr. Pierce's Golden Medical Discovery, which is not a beverage composed of whisky or alcohol, being entirely free from intoxicants, is a great regulator and invigorator of the Stomach, Liver and Bowels.

"About a year ago I was ill with blood poisoning," writes Miss Evelina Louis, of 48 Walter Street, Buffalo, N. Y. "I had what seemed to be a small cold sore on my lip. It became very angry in appearance and began to spread until it nearly covered my face. I was a frightful object and could not go out, also the strong symptoms of my appearance. I used a blood medicine which did not give me any relief. Then I began to take your 'Golden Medical Discovery.' I was greatly gratified with the first bottle and after taking the second bottle was completely cured, the erysipelatous eruption disappeared and my blood was cleansed. My complexion is clear and fresh and I have daily better my former health for some time before. Dr. Pierce's Golden Medical Discovery is certainly a most remarkable medicine."

Don't accept a substitute for a medicine which performs such cures and which has a uniformly successful record of nearly forty years to its credit. It's an insult to your intelligence for a dealer to try by over-persuasion to palm off upon you in its stead some inferior article with no record to back it up. You know what you want; it is his business to meet that want.

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 680,000 copies a few years ago at $1.50 per copy. Last year we gave away 50,000 worth of these invaluable books. This year we shall give away 50,000 worth of them. Will you share in this generosity? If so, send only 21 one-cent stamps to cover cost of mailing only the book in paper covers, or 31 stamps for cloth binding. Address: Dr. R. V. Pierce, Buffalo, N. Y.



Constipation although a little ill begets big ones if neglected. Dr. Pierce's Pellets cures constipation.

IMMEDIATE RESULTS.

"I take great pleasure in informing you that the box of Smith's Buchu Lithia Pills sent me three weeks since have been exceedingly helpful, so much so that I enclose the money for another box, wishing to get them soon. I mean to get well if there is any chance. Wishing to hear from you soon, I am, your friend,"

MRS. A. B. CARR, Caledonia, Ark.

"You will find enclosed twenty five cents for one box of your Smith's Buchu Lithia Pills. I have taken one box and they have helped me very much, and will you be so kind as to send me one more box by return mail?"

JOHN A. CRAM, Manton, R. I.

MAY RESIGN SATURDAY.

Mr. Whitney Not in Hurry to Assume Premiership.

Toronto, Feb. 3.—The new Cabinet will not be formed until Monday or Tuesday of next week, a high authority at the Parliament buildings said yesterday. The old Ministers held a session yesterday afternoon and will meet again to-day to wind up. If they get through the resignation of the Premier and his colleagues will probably be handed to the Lieutenant-Governor on Saturday, with the recommendation that he send for Mr. Whitney.

Mr. Whitney, it is understood, does not desire to be called until next week, and the Cabinet has not been rushing through the matters before it, knowing Mr. Whitney's wishes.

Kennedy Elected.

Winnipeg, Man., Feb. 3.—At noon yesterday, Returning Officer McDougall declared Kennedy (Liberal) elected member for Port Arthur and Rainy River, by a majority of 25.

Commission Issued.

Toronto, Feb. 3.—The Ontario Government yesterday issued a commission empowering Sir William Ralph Meredith, Hon. Chief Justice Moss, Mr. Justice Street, Provost Street Maclem and A. B. Aylesworth, K. C., to enquire into the charges made against members of the faculty of the University of Toronto. The commission authorizes them to summon witnesses and to require them to give evidence on oath.

WITH THE PRESSMEN.

Officers Elected For the Year—Interesting Topics Discussed.

Toronto, Feb. 3.—The election of officers at the Canadian Press Association yesterday resulted in the promotion of the men in high places as has been the practice of the association for many years. Arch. McNee of The Windsor Record, succeeded John A. Cooper to the president's chair; A. H. U. Colquhoun became first-vice president, and John R. Bone, secretary-treasurer, while A. E. Bradwin of Blyth, takes over the duties of assisting the secretary-treasurer. For the second vice-presidency, David Williams, W. E. Smallfield, P. D. Ross, William Ireland, C. W. Young and J. T. Clark were nominated, and for the executive committee, a contest will take place between M. A. James, L. S. Channel, J. F. Mackay, W. E. Smallfield, F. H. Dobbin, C. H. Mortimer, W. M. O'Burne, W. Ireland, J. M. Thompson, D. Williams and H. J. Pettypiece. The balloting will take place to-day. George E. Gibbard and R. W. Dillon of St. Mary's, were re-elected auditors.

The report of the retiring secretary, Jos. T. Clark, showed that there were now 300 names on the membership roll, an increase of 45 during the year, and that the finances were in a satisfactory condition.

Mr. Cooper, the retiring president, delivered an exhaustive presidential address, reviewing the work of the year.

P. D. Ross, L. S. Channel and Lieut.-Col. J. B. Maclean will report to-day on the advisability of forming a Dominion association. A letter from Sir Hugh Gilzean Reed suggested an affiliation of all British press associations.

At the afternoon session the first subject taken up was advertising, having regard for the schedule of rates adopted by the association for weekly papers.

The question of clubbing between city and weekly papers brought out many varied opinions.

President Cooper spoke strongly at the close of the meeting on the question of the nationalization of the telegraph and telephone systems of the country, and trusted the resolution committee would bring in an utterance on the subject.

After an all-day session in the Board of Trade, which was attended by about 100 members, representing the daily and weekly press of the province, the Association had a most pleasant evening in McConkey's palm room last night, when the annual dinner was held. The chair was occupied by John A. Cooper, the retiring president, and the vice-chairs by Arch. McNee, the incoming president, and David Creighton. The guest of honor was Dr. Goldwin Smith, and there were also at the head table H. F. Gardner, Benjamin Suite, president of the Royal Society of Canada; Hugh Clark, and P. D. Ross of Ottawa, and others, many accompanied by ladies. An innovation was the hearty drinking of a toast to "The Ladies" immediately after royalty was honored, accompanied by the refrain "For they are jolly good fellows."

The speakers of the evening were Benjamin Suite, president of the Royal Society of Canada, on Canada; Dr. Goldwin Smith, H. F. Gardner and David Creighton, on "The Press of Yesterday"; P. D. Ross of Ottawa, and Hugh Clark, M.P.P., on "The Press of To-day;" and J. S. Willison and Rev. J. A. Macdonald of The Globe.

RUSSIANS AT SANDEPAS.

Artillery Set Fire to the Town On January 30.

St. Petersburg, Feb. 2.—General Kuropatkin, telegraphing under date of Jan. 30, says Sandepas was that day set on fire by the Russian artillery.

In a telegram dated Jan. 31, the commander-in-chief reports a continuance of a successful bombardment of Sandepas, and says that Russian balloonists had noticed that a portion of the Japanese garrison had been without town during the day.

The general mentions a number of minor attacks and counter attacks at outposts, villages and passes already reported.

From the reports of the general staff, it is not clear yet whether the fighting on the Hun River is ended. The Russians continue the bombardment of Sandepas and apparently a strong force of Russians is between Sandepas and Shakzpu to check the Japanese, who seem to be trying to use their former turning movement across the Hun River.

Engine Kills Party.

Hornellsville, N.Y., Feb. 2.—A sleighing party from the Universalist Church of Hornellsville was struck by a Pittsburg, Shawmut and Northern engine near Arkport last evening. Six were killed and many injured.

Dominion Rifle Association

Ottawa, Feb. 2.—The annual meeting of the Dominion Rifle Association met yesterday in the old railway committee rooms of the House of Commons, and adjourned until March 1, without transacting any business. Lieut.-Col. Hughes, one of the vice-presidents for Ontario, presided, and said that on account of the illness of the president, Col. J. M. Gibson, it was decided to adjourn for a month. Major C. F. Winter said that March 1 would be convenient for Earl Grey to attend.

Four Blocks Burned.

Schenectady, N.Y., Feb. 2.—A fire of unknown origin swept the south side of State street early yesterday morning for a distance of several hundred feet. Four business blocks were almost completely destroyed, and two others on each side of the fire zone are damaged. The estimated loss is $200,000, only partly covered by insurance.

HEAR THE

MEISTER QUARTETTE

OF LONDON, ENG.,

In the OPERA HOUSE,

Tuesday Ev'g, Feb'y 7th

The Local Papers claimed for them on their appearance here in December, the greatest Quartette that ever visited the town.

Tickets at Sanderson's, Ormond & Walsh, The Examiner Office and W. Stocker.

LATEST SPORT

HOCKEY.

Lindsay plays in Port Perry to-night.

• • • •

The seniors will practice to-night from 7 till 8 o'clock.

• • • •

Morgan and Crowley will be in shape for the next game.

• • • •

Belleville may protest Percy Bond of Cobourg, who it is claimed is over the age limit.

• • • •

The seniors go to Port Perry on Monday and the return game will be played here Thursday.

• • • •

Last night the Grace Church Sunday School defeated the North Enders by 6-2 in a fast game.

• • • •

The West Enders accept the challenge of the Up Town Hustlers for a game of hockey to be played as soon as they can procure the rink.

• • • •

If Port Perry defeats Lindsay to-night it will not be necessary to play any further games in this section. A win for Lindsay will mean another trip to Port Perry for the locals.

• • • •

To stem the tide of the success of the All Saints hockey team, a wag suggests that a combination seven be selected from the other sevens in the league and a match be arranged between "All Saints" and "All Sinners".

• • • •

Someone has figured it out that Berlin, Victoria Harbour and Peterborough will be left in the semi-finals after the next two rounds are played. Peterborough to reach the semi-finals will have to defeat Smith's Falls and then trim the winner of the Orangeville-Markham series. Stranger things than this have happened.

• • • •

The games with Smith's Falls next week should be good contests. The team which the locals are to meet is not the team which defeated the Peterboros on New Years day. It was the senior O.H.A. team which the locals met on that occasion. The boys should have no great difficulty in disposing of the intermediate septette.

• • • •

That Berlin man didn't get away with his bluff. He no sooner announced that the Germans were the greatest hockey players on earth, than Marlboros, who have an off night or two, echoed "Trot 'em out". And, by the way, it's up to somebody to trim that Berlin outfit, and do it well. They've been Kaiser of a fence corner league so long, that they've got as autocratic in their ways as a section boss on a railway. If the Marlboros will take them out to one side and give them a small dose of soothing syrup they'll be doing the hockey world a distinct favour.—Telegram.

The attention of the O.H.A. is called to the following important epistle. "We seen in last night's issue of the Examiner that the Aberdeens said the Beavers played a very rough game of hockey, but it was just the opposite way. There was only one of the Beavers adorned the fence where one of the Aberdeens was off four times in ten minutes and one of the well known men of the rink had to jump on the ice and had to put a muzzle on h'm for fear he would go wild. Yours truly,

THE HAPPY BEAVERS.

• • • •

The Junior Eagles and the Ringers will play to-morrow from 6 to 7 at the Y. M.C.A. rink. The teams will line-up as follows:—

Eagles.		Ringers.
	Goal.	
Revoy		Brisbois
	Point.	
Coughlin		F. Carleton
	Cover Point.	
Cecil Hays		Ray Carleton
	Rover.	
Carl Hays		F. Heffernan
	Centre.	
L. Sheehy		L. Gilgour
	Left Wing.	
G. Hyde		W. Welsh
	Right Wing.	
E. Kelly		F. Hays

(Referee—Verney Hays.

• • • •

A fast game of hockey was played in the Brock street rink last night between St. Andrew's Guards and Young Men's Guild. The score at half time was 1-1 and at full time 2-1 in favour of the Guild. Logan in goal for the Guards played an excellent game, stopping shot after shot. Reid and Richardson on the defence played well and stopped many dangerous rushes. McKnight was the star of the forwards, but all played a hard game, checking back hard and passing quick. In the second half the play was very fast, neither team scoring until the last minute of play when Dormer broke away and rushed by the Guards' defence and scored. Time was called with the score 2-1. Mr. Henry Kingscote refereed to the satisfaction of both teams. The teams lined up as follows:—

Guards.		Guild.
	Goal.	
John Logan		Giroux
	Point	
Ernie Reid		Shirley
	Cover Point.	
Fred. Richardson		Patterson
	Rover	
Rufus McKnight		—— ——
	Centre.	
Hall Rosborough		E. Dormer
	Left Wing.	
Elzie Curry		Richardson
	Right Wing.	
Arthur VanEvery		McDonell

The Guild team played six men against seven throughout the game.

• • • •

All the O.H.A. group championships but two are now settled, and these will be determined one way or the other to-night. In some sections the second round is being played already.

A remarkable feature of the first round was the continuity of cold weather. Only one of about 225 scheduled games was postponed for lack of ice, and that was played within the time limit, January 31st. The group winners:—

Senior.

Group No. 1.—Morrisburg.
Group No. 2.—Smith's Falls or Kingston Frontenacs.
Group No. 3.—Marlboros.

Intermediate.

Group No. 1.—Smith's Falls.
Group No. 2.—Peterborough.
Group No. 3.—Markham.
Group No. 4.—Orangeville.
Group No. 5.—Grimsby or Welland.
Group No. 6.—Victoria Harbour.
Group No. 7.—Parry Sound.
Group No. 8.—Thessalon.
Group No. 9.—Gore Bay.
Group No. 10.—Berlin.
Group No. 11.—Woodstock.
Group No. 12.—Goderich.

Junior.

Group No. 1.—Queen's III.
Group No. 2.—Cobourg.
Group No. 3.—Uxbridge.
Group No. 4.—St. Andrew's.
Group No. 5.—Parkdale.
Group No. 6.—Owen Sound Wellingtons.
Group Nos. 7 and 8.—Stratford.
Group No. 9.—Gravenhurst.
Group No. 10.—Meaford.

BASKET-BALL.

A basketball game will take place to-night at the Y.M.C.A. gymnasium, between the Albert College team of Belleville, and the Boys' Club. Between the haives the audience will be entertained with music and an exhibition of gymnastics. Admission 15 cents.

CURLING.

Three rinks of local curlers went to Keene to-day to play a friendly game with the team of that place.

• • • •

LINDSAY AGAIN HOLDS THE CUP

Peterborough Beaten at Home and Abroad Yesterday.

Yesterday eight rinks of Peterborough curlers went down to defeat at the hands of the Lindsay knights of the broom in the competition for the Lindsay-Peterborough cup. The four rinks playing in Lindsay were up against the two Lindsay Tankard rinks and the two district cup rinks and as the scores show the locals were "up against it." The play here was close and at all times interesting, the visitors being four shots to the good at the close. Skip Neill's rink was the only quartette to show a balance. The scores were:—

Lindsay.	Peterborough.
W. Carley	S. Sharpe
W. Kearns	R. Hicks
W. Hungerford	R. J. Frost
R. A. Miller, sk. 17.	T. Rutherford, sk 15
A. B. Terry	A. Parker
J. H. Johnson	J. McClung
J. M. Nelson	M. Hamilton
W. Nesdler, sk. 14.	R. Neill, 14
A. B. Thomas	H. Foote
J. J. McDonald	J. Stanger
J. Boxall	C. Rutherford
T. Gage, sk. 23.	S. Ray, sk. 12.
A. Higinbotham	J. Robinson
A. Watson	Dr. Wightman
N. McSway	C. N. Brown
F. Knowlson, sk. 18.	G. H. Giroux, sk. 14
Total, 66.	Total, 62.

Majority for Lindsay, 4 shots.

• • • •

The scores in Lindsay were as follows:—

Lindsay.	Peterborough.
Ross Harstone	A. Moore
F. W. Greer	W. H. Meredith
Dr. Walters	S. T. Medd
G. A. Little, sk. 24.	R. Waddell, sk. 8
F. Coke	J. E. A. Fitzgerald
T. Burke	J. T. Tilley
L. McIntosh	H. B. Clegg
W. McLennan, sk 18.	W. G. Morrow, sk 9.
R. Butler	J. Fowler
G. H. M. Baker	D. Hall
G. McFadden	J. H. Aylmer
F. Crandell, sk 21.	J. Cornish, sk 19.
A. Fisher	J. Johnston
G. H. Hopkins	Dr. Greer
M. H. Sissin	J. S. Knapman
W. R. Widdiss, sk 25.	D. Davidson, sk 9
Total 99.	Total 45.

Majority for Lindsay 54 shots.

Grand totals—Lindsay, 156; Peterborough 102.

Majority for Lindsay 54 shots.

CANADA A GREAT CEREAL COUNTRY

The Frontenac Company and its New Plant at Kingston—Orange Meat, the Breakfast Food for the Nation.

A representative of the Frontenac Cereal Company, of Kingston, was in town to-day, and gave an interview to the Examiner, in which some interesting facts were learned concerning this great cereal company, which has one of the largest cereal plants in the world. This company manufactures the now famous breakfast food, Orange Meat, and it has apparently taken a great hold upon the people of this country, as the facts stated in the interview will show:

The company began the manufacture of this food a little over a year ago, and the demand has been so great that they were compelled to have additional room from which to supply an enormous increase in trade. They have just completed in Kingston, a large four story-structure, most substantially built, entirely of concrete, and are placing within it, most modern machinery. When all is completed it will be one of the finest equipped cereal plants in the world.

The company own and control the patents for this delicious food, and the ovens that they use in baking it are the only ones of the kind, as the patents fo these are also exclusively owned and controlled by this company, hence forming no part of the equipment of any other cereal mill.

In an interview with one of the representatives of the company, he stated that the capacity of their mill had not been sufficient to take care of the local trade, and at the same time supply the demands of the export business. He stated that they have representatives in every city of the Dominion, and also a representative in Australia. They hope that with the increased capacity afforded by the new mill, they will be able to take care of all the export trade, inclusive of England and Newfoundland, from which countries they have already had large demands for the cereal. He also stated that since they first began to manufacture the cereal, the mill had not been idle and that to-day they were 2,000 cases behind with their orders.

When asked as to what he attributed the great demand for Orange Meat, he said it was the same old story — "the proof of the pudding is in the eating,"—and that people who had been using inferior grades of foods now eat nothing but Orange Meat. It had been the aim of this company to place upon the market the most delicious and appetizing breakfast food to be procured. An analysis at the laboratory of Queen's University of the different breakfast foods made shows that Orange Meat contains a much larger percentage of nutrition than any other foods on the market.

The capacity of the new mill will be several thousand cases per day, and they hope by running day and night shifts to take care of the enormous trade that will come to them. In connection with the cereal plant they will also operate their flour mill, which is one of the best equipped in the country, the product of which has the reputation of ranking among the most superior grades on the market, and it also manufactures a very high grade of corn meal. In connection with these plants, the company owns one of the finest elevators on the Great Lakes.

Situated as they are at the junction of Lake Ontario and the St. Lawrence, the great national waterway, it is possible to bring the wheat down from the Northwest by all-water route route to the elevator, and after it is manufactured into the different cereals, transportation by either rail or water is available for distribution to important points in the province or to the seaboard.

Canada can well point with pride to this industry, the product of which will spread her name and fame to every civilized country on the globe.

FARRIERS AND COLONIALS WON

In the City League Games Last Night.

Fastest Games of the Season Were Played—Good Hockey.

The City League last night justified its existence, when two of the best games of the season were played, and it is safe to say that in none has there been greater excitement than in the first game last night, when the Karnots and Farriers met for the first time in the City League series.

It was a well played contest and was anybody's game until the gong sounded full time. These two teams played splendid hockey and the league championship should rest somewhere not far from the better of the two.

The City League has certainly served the purposes for which it was organized, that of the development of the younger players and in a short time at the present rate there will be a bunch of candidates for higher places, recruited from the ranks of the City League.

The two teams in the first game were very evenly matched, and it was anybody's game to within three minutes of full time, during which the Farriers notched two goals and won the game.

At half time the score was 2-0 in favour of the Farriers and it looked like that team for the winners. During the second half, however, the Karnots played equally good hockey, and at one time were a goal ahead. They are not as heavy as the Farrier team, but are faster and altogether they are very evenly matched.

Shortly after play started in the second half the Karnots sent one goal in and in a few minutes scored a second, and with the score two all, they went in to play fast hockey, and within five minutes of full time added another goal, making the score 3-2. Squires made a nice lift from centre and the score was tied, and with less than three minutes to play a fourth goal was scored for the Farriers and the game pulled out of the fire.

The game was fast and clean, only two players deserved the fence for rough work, one from each team, Squires and Gross. It was characterized by close checking.

Both goal-kespers played a splendid game, Kingscote having the most to do and he stopped some hard shots, which looked good for scores. The forwards on both teams stood the pace well, and were fresh at the finish.

Long was the star for the winners and Nicholls also played a good game. The defence did effective work and saved the day for the team.

Gilman and Mulhern were the pick of the Karnots' forwards, both working hard and in the last half particularly playing their positions well. Quinn made the best play of the game when he took the puck from cover point through the whole Farrier team for a score.

The teams lined up as follows:—

Karnots.	Farriers.
Goal	
Kingscote	Thornton
Point.	
Dormer	Belleghem
Cover Point	
Quinn	Squires
Rover	
Mulhern	Long
Centre	
Campbell	Simpson
Left Wing.	
Gilman	Nicholls
Right Wing.	
Gross	Smith

Referee—W. H. Cavanah.

The Karnots commenced strong, managing to keep the puck hovering in the vicinity of their opponents' goal for some time after the face-off. Their efforts proved ineffective, however, their rushes being too individual in character. The Farriers then got busy and transferred the scene of operations to the other end of the rink where Long sent one in. Score 1-0.

The next goal also went to the Farriers, Simpson doing the trick. Score 2-0.

Some fast individual work ensued, and considerable close checking was indulged in. No further scores were made however, during this half.

HALF TIME.

The team work during this half was distinctly better, and some fast combination rushes were made, Gilman's work, especially, displayed a marked improvement, he making a fine rush and passing to Mulhern, who scored the first for the Karnots. Score 2-1.

Squires went off for one minute, Quinn made a fine individual rush down centre ice, almost the entire length of the rink and sent in another, evening the score. Score 2-2.

Excitement was very keen after this and both teams exhibited some good combination work. Mulhern raised the Karnots' hopes by again finding the nets after a nice dodging rush. Score 3-2.

Grose went on the boards for one minute. Long equalized matters once more by scoring after a nice rush down the centre. Score 3-3.

One minute was left to play and the excitement reached its highest pitch. Within the last few seconds Squires landed one into the nets by a long and well-directed shot, winning the game for the farriers by a score of 4-3.

OVERSTOCK SALE of CUTTERS

We have received an extra consignment of superior Cutters, which we have decided to sell at Greatly Reduced Prices in order to make room for large shipments of Farm Implements for spring, now arriving.

The superiority of these Cutters can be seen at a glance. No such opportunity has occurred in Peterborough for years of buying the best Cutters in the Canadian market at the prices at which they will be sold.

Don't delay, get one now if you want one. There will not be any more at the price. On view any time at our warerooms.

Sale Starts Saturday, February 4th,

and will be continued until every cutter is sold. Also a large stock of

First-class Horse Blankets, Robes, Rugs, Harness, etc.,

All reduced in price At THE

McCORMACK AGENCY.,

DEALERS IN FARM MACHINERY AND IMPLEMENTS,

Charlotte St., National Hotel Block, Opposite the Market, Peterboro'

Agency for the Anglo-Saxon Stock Feed.

The Robe and Coat Event of the Season.

THE BEGINNING OF FEBRUARY MARKS AN IMPORTANT EVENT—A CLEARING SALE OF FUR ROBES AND FUR COATS.

As Furs have been getting higher and higher priced each season and this sale's prices will be lower than last season's prices, isn't that reason enough for present buying?

Read our short list of February prices, which you will find but a sample of what we are doing in our entire Fur stock, and then figure it out if it isn't better than banking money.

3 only pieced Grey Goat Robes, extra large size, regular $6.00.....now $4.00	2 only Coon Skin Coats, whole skins, reg. $40.00 qualities....now each $30.00
6only Black Mountain Bear Robes, extra large size, regular $15.00, now $11.00	8 only Coonskin Coats, whole skins, reg. $50 qualities.....now each $37.50
8 only Black and Brown Mountain Bear Robes, large size, reg. $13..now $9.00	10 only Coonskin Coats, whole skins, reg. $65.00 quality.....now each $50.00
3 only Buffalo Calf Robes, large size, reg. $25.00.....now $19.00	4 only Australian Coon Coats (best quality) reg. $45.00 quality, now each $35.00
6 only Black Russian Dog Coats, regular $20.00.....now each $14.00	6 only Astrachan Jackets, regular $40.00 quality.....now each $30.00
4 only Brown Calf Coats, reg. $25.00 qualities.....now each $18.00	12 only Ladies' Fur-lined Jackets, 1 price, $15.00 for $7.50, $25.00 for $10, etc.

You will see from Above that Prices are Reason Enough

for the purchase of these high-class Furs, but there are others. Protection of health should not have money consideration. An hour's exposure to extreme weather might cause irreparable damage—and don't forget the after years of comfort. Come in and have a look through, as our stock is not of the cheap class made so often for no other purpose than to be sold by auction, but is all home manufactured and guaranteed.

Thos. Barrie & Co.,

MANUFACTURING FURRIERS.

Type Can't Talk!

A Chance To Save The Pennies.

Never despise the day of small things. Friday and Saturday will end our Great Winter Reduction Sale, and will be the last and best chance of the season to save the pennies. When usual cost is a nickle we cannot save you a dime, but we can put a penny or two in your purse.

As we are now at the termination of our fiscal year, the goods listed below must be closed out at any price before the beginning of our new year. All Goods that have been keenly reduced during our Reduction Sale are now subject to even keener price pruning :—

LADIES' FRENCH OPERA FLANNEL BLOUSES

A beautiful soft quality of all wool Flannel, in black, navy, fawn, green and cardinal, $2.00 value **$1.25**. $3.00 value **$2.00**.

PRINTED FRENCH OPERA FLANNEL

A serviceable washing material in pretty designs and colourings—spots, stripes, persian and florals, 50c. value for **25c. a yard.**

PRINTED WRAPPERETTES

In spite of three weeks of extraordinary selling we are still showing a good assortment at the following reductions. 30c. value **25c.** 20c. value **12½c.** 12½ and 15c. value **8c.** a yard.

WASH GOODS

To make room for our enormous spring importations which will soon be arriving, we have made still further additions to our table of Wash Goods. At **25c.** a yard formerly 50 and 75c. a yard. At **15c.** a yard, formerly 35 and 45c. a yard. At **10c** a yard, formerly 15 to 25c. a yard.

WE WANT TO MAKE SATURDAY A RECORD REMNANT DAY

And to that end we have laid out on our two centre tables all our remnants and short ends of Dress Goods, Cloths, Tweeds, Wash Goods, Flannels, Wrapperettes, Flannelettes, Linens, Curtain Muslin, etc., and have marked them at prices which are bound to sell them.

A FEW MANUFACTURERS' MILL ENDS OF LADIES' COVERT CLOTH COATING, the new fabric and shade for spring, in lengths 2 yards to 3½ yards.

OUR STOCK REDUCTION SALE OF DRESS GOODS

Has been very successful, and why should it not be when we are selling

AT 75c.

Dress Goods, Suitings, Cloths, etc., in black, plain, colours and mixtures, goods that sold formerly at **$1.00 to $1.50** per yard.

AT 50c.

WARDEN BUCK WAS ENTERTAINER

Annual Dinner of the Warden was a Great Success

Mr. Hall Says Trent Valley Canal Must be Completed—Other Speeches.

Last night the members of the County Council of the County of Peterborough, participated in the event, which is looked forward to by the members with pleasure — the Warden's banquet. It has come to be a time-honoured custom for the Warden, following his election to that office to give a banquet to the members of the council, county officials, etc., and that last night, which was held in Long's palm parlour, was one of the most enjoyable ever held in the county.

Mr. W. T. Buck, the newly-elected Warden, was the host, and he entertained his guests right royally, and added to his popularity as a jolly good fellow, and a man whom all who meet are favourably inclined to.

The after-dinner speeches given last night, while they sparkled with wit and humour, were the words of men who have the best interests of the county at heart, and they evidenced this fact in their speeches, in which reference was made to measures, the adoption of which would be calculated to advance its interests.

It was recognized by all the speakers that the one thing which was the most to be desired in this county was the completion of the Trent Valley Canal and the address of Mr. Hall, M.P., on the subject, gave evidence of the interest which he takes in this project, and he promised to do all he could at Ottawa to insure the early completion of that great waterway.

Those present at last night's social gathering, in addition to Warden to Warden Buck, were: Messrs. D. Hughes-Charles, R. R. Hall, M.P., J. E. Belcher, county engineer, T. M. Hunter, ex-warden, John Deyell, W. Webster, T. J. Johnston, R. Shaw, E. A. Peck, county solicitor, D. Maloney, E. M. Elliott, county clerk, Jas. Andrews, Saml. Stinson, G. W. Fitzgerald, F. J. Bell, W. H. Robertson ,John Menogue ,H. Garbutt.

The quality of the repast of which the guests of the Warden partook, was fully up to the "Long" standard, which is saying all that is necessary, and it is also needless to say that it was thoroughly enjoyed.

After the inner man had been satisfied, a toast list was proceeded with Mr. Buck acting as chairman, and in opening, he expressed the pleasure it gave him to meet the members of the council around the festive board on this occasion. He had in former years participated in similar events, at which the respective wardens had been the hosts, and he was pleased, since he had been honoured by the council, to extend to them the hospitality of which in previous years he had been a participant.

He proposed the toast to "The King," which was honoured in the usual patriotic manner.

Mr. E. A. Peck then proposed the toast to "The House of Commons and the Legislative Assembly," and in the course of a happy speech referred to the greatness of the County Council, and an institution which had done a great deal for the county, and the community at large. There were, however, he said, some minor institutions, among them, the Dominion Parliament, and the Legislative Assembly, and he was pleased to see the representative of West Peterborough present.

Mr. R. R. Hall, M.P., responded to this toast, and said that the county at present was not in a very satisfactory condition as far as transportation matters are concerned, and he hoped that some remedy might be provided in the near future. He instanced the case of freight being carried from New York to Chicago for 15 cents per hundred pounds, as compared with 18 cents from New York to Peterborough, which was 600 miles shorter. The only way to remedy this difficulty in regard to freight rates was by the completion of the Trent Canal.

There was no doubt that one of the greatest factors in making Minneapolis and St. Paul the great cities they are was the presence of abundant power facilities, and he thought that at neither of these cities was there as much power available as at and around Peterborough and in the Midland District. He promised to give the matter every consideration as a member of the Dominion Government and he hoped that in due time the Canal would be completed, and Peterborough would forge ahead at a rate never before anticipated. He thanked the proposer of the toast and those present for the manner in which he had been received.

MUNICIPAL CORPORATIONS.

The next toast honoured was that to "Municipal Corporations,' proposed by Mr. Shaw, and responded to by Mr. Garbutt, who styled himself one of the infants of the present Council, since this was his first session in the Council under the present system. He had been a member of the council in years gone by under the old system, but had been out for a number of years. He was pleased to meet the members of the council again, and he contrasted the conditions this year with those on one occasion when it had taken two days to elect a Warden.

Mr. Johnston also spoke in response to this toast, and expressed his pleasure at being present, and hoped that many more such pleasant gatherings would be enjoyed in the future.

Mr. Jas. Andrews was the last to speak to this toast and said it was a great pleasure to be present as the guest of his colleague. Mr. Buck, who was the unanimous choice of the Council for Warden.

A GREAT COUNTY.

"The County of Peterborough' was the next toast honoured and was proposed by Mr. G. W. Fitzgerald, who said that he felt somewhat lonesome sometimes at not being in the Council. He referred to the many pleasant occasions in which he had met with the members of the council in the past, and he and Mr. Hughes-Charles indulged in some pleasant cross-firing, to the great delight of those present. He congratulated Mr. Buck upon his election to the wardenship of the county, and expressed his belief that the council, as constituted this year, was a progressive and able one.

Mr. T. M. Hunter responded to the toast, and congratulated the new Warden upon his election to the wardenship, and said that he felt sure he would fill the office with credit. When one thought of the position of Peterborough County, one must come to the conclusion that it was a great county, and the town of Peterborough need not take second place to Toronto even, in some things.

The people of the county owed very much to Hon. J. R. Stratton and the representatives from the East Riding for the help they had given the county in securing roads and other public works.

The county never was more progressive than it was to-day, and even if hard times should come the farmers were in a good position to stand the depression.

BANKING INTERESTS.

"The Banking Interests," was proposed by Mr. Stinson and responded to by Mr. D. Hughes-Charles, county banker, who made a humorous speech in the course of which he expressed his pleasure at being present at the participation of what he understood was a time-honoured custom.

The banking interests were a large factor in the business life of Canada, and the system of banking in Canada was one calculated to develop the resources of the country. The local banks were all right in a way, but the system of branch banks was much better. The Bank of Commerce was perfectly satisfied with the management of the county's finances under the present clerk.

He thought that members of Parliament should be chosen from the County Councils, for service in the council gave them a good training in public affairs.

He was always pleased to meet the members of the County Council for they represented the better class of farmers in the community, and he paid a high tribute to the present and preceding councils in Peterborough.

THE WARDEN.

The toast to the Warden was proposed by Mr. D. Maloney, who said that Mr. Buck's long service in the council had well earned for him the honour which had been done him by electing him to the Warden's seat.

Mr. Buck responded briefly, and thanking the members of the council for the honour they had done him. He was pleased to be Warden of the County of Peterborough, which was one of the best counties in Ontario.

He welcomed Mr. Hall and Mr. Hughes-Charles and expressed regret that Mr. Bradburn and Mr. Anderson were unable to be present. He believed that the present council was the best the county had ever had.

The toast to "County Officials' was proposed by Mr. Deyell and responded to by Mr. J. E. Belcher, who expressed his pleasure at being present for about the thirtieth time, since it was about thirty years since he was first appointed County Engineer. Mr. Belcher referred to the fact that he was the person who brought the first bridge-building industry to Canada, the Toronto Bridge Company, now the Dominion Bridge Company. Reference had also been made to the Trent Valley Canal, and Mr. Belcher said that it was the canal that brought him to Canada, although he had never worked on it. The canal is a great undertaking, and she hoped that it would be completed at an early date.

There was no county in Ontario equal to that of Peterborough. Mr. Belcher expressed his pleasure at being present, and hoped to be spared to attend many more similar gatherings.

Mr. Peck, County Solicitor, was the next speaker and congratulated Mr. Buck upon his elevation. It was an honour which he deserved not only because of his ability and his length of service, but also because of the District he represents. It may be called the "fighting division." The position of Warden of Peterborough was one of which anyone might well be proud, and the county itself was one of which all its residents might be proud. He fully agreed with Mr. Hall that the Trent Canal should be completed at an early date.

He thought that the county should insist upon the early completion of the Canal, because manufacturers had assured the town that if the canal were completed they would locate here.

Mr. E. M. Elliott, County Clerk, also spoke to this toast and expressed his pleasure at being present, and also at his pleasure in occupying the position of clerk. The County of Peterborough had been governed by the most progressive Council in the province, and the cost of county management was as low as that of any in the province. He was pleased to state that in a month's time the council would be free from the bank overdraft. He paid a high tribute to the assistance which Mr. Peck had rendered him since he took office. He hoped that none of the members would ever have cause to regret having appointed him to his position.

Mr. Menogue proposed the toast to the "Press" which was responded to by the representatives present, and the gathering dispersed.

—On Monday night Mr. R. M. Dennistoun will give a lecture at a meeting of the Men's Guild of All Saints' church. All the members of the church are invited.

Peterboro's Leading Shirt House

Gentlemens' Odd Trousers, 32 to 46

We have a complete range of sizes in Gentlemens' Odd Trousers, composed mostly of fancy striped worsteds, in both light and dark colours. These do not belong to our Semi-Ready Ward Robe and we desire to clear them out and make room for our new spring stock. To do this we will sell on Saturday and the following week any pair of these trousers at

25 per Cent.

less the price marked. It's a chance to save where savings count.

Cressman's

CABINET CHANGE TO COME NEXT WEEK

Probable Composition of the Whitney Cabinet.

Special to the Examiner

Toronto, February 4th. — The latest information regarding the political situation in Toronto, which seems to be reliable, is that very early in the week Hon. Mr. Ross will resign and Mr. Whitney be called upon to form a Cabinet. There are many guesses as to the composition of his Cabinet, but the following are put down as the most likely names: Premier, Mr. Whitney, Messrs. Foy, Hanna, Willoughy, Reaume, Matheson, Carnegie, Smith, (Algoma,) with St. John and Downey as Ministers without portfolio.

It is to be hoped that Mr. Carnegie will not be passed over in the composition of Mr. Whitney's Cabinet. Not only is he, perhaps, the best fitted of any of the names mentioned, but he will be a Cabinet representative of the Midland District, nearly all the other members of the prospective Cabinet mentioned being from the extreme east and west of the province.

SCHOOL OF INSTRUCTION MAY BE ESTABLISHED

For the 57th. Officers—Negotiations now on Foot for Same.

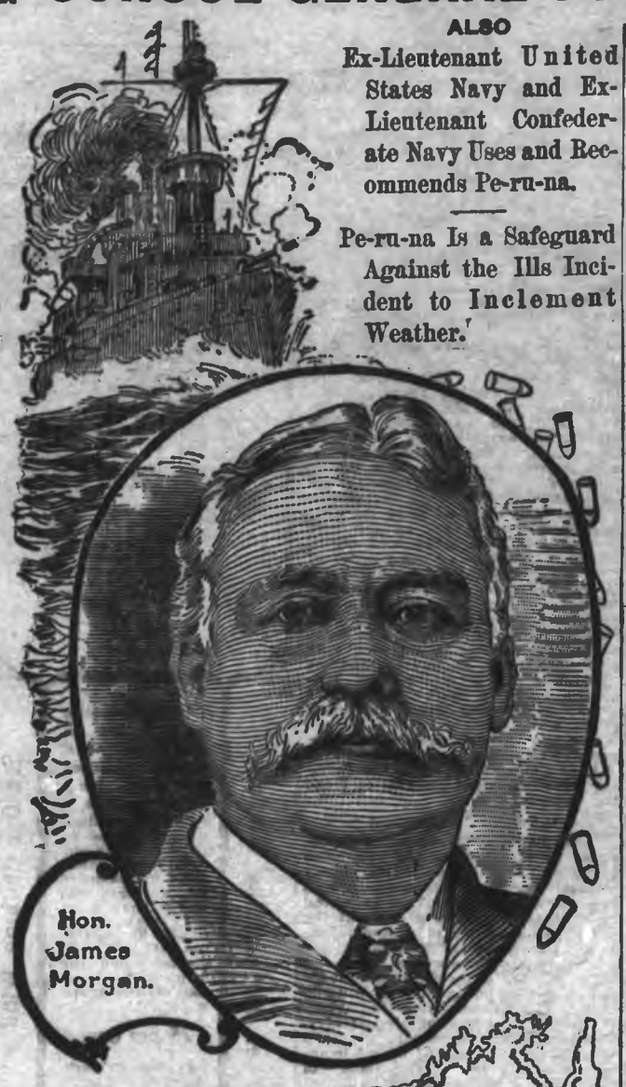
Negotiations are being made for the establishment of a provisional school of instruction in infantry drill for officers, non-commissioned officers and men of the 57th Regiment, and by next week it will be definitely known what will be done. Col. Miller was interviewed to-day in regard to the matter and he said that he had made application for the school, and had been instructed to ascertain how many would qualify for non-commissioned officers, and if there was a sufficiently large number to warrant the establishing of the school it would be done. He expected to know definitely next week. The course of instruction was six weeks, and all junior and non-commissioned officers will be expected to attend to qualify for their several ranks. The class will meet in the evening and will be a great boon to the regiment here if it is established. An officer and a drill instructor will be detailed to conduct the classes.

SPENT THE EVENING AT DOWNER'S CORNERS

Mr. and Mrs. T. Hooper, Sr., Were Surprised by Their Friends.

Last night a pleasant gathering was held at the residence of Mr. and Mrs. T. Hooper, sr., at Downer's Corners ,when about twenty-five of the friends of the lady and gentleman, gathered at the house and took them by surprise, and spent the evening with them. Needless to say they were warmly welcomed and a delightful evening was spent in games, music, etc. Refreshments were served by the visitors and about one o'clock the company dispersed. The team was kindly provided by Mr. David Chamberlain of Douro.

The Ex- CONSUL GENERAL TO AUSTRALIA



ALSO

Ex-Lieutenant United States Navy and Ex-Lieutenant Confederate Navy Uses and Recommends Pe-ru-na.

Pe-ru-na Is a Safeguard Against the Ills Incident to Inclement Weather.

HON. JAMES M. MORGAN, 1785 Twentieth Street, Washington, D. C., Ex-Lieutenant U. S. Navy, Ex-Lieutenant Confederate Navy, and Ex-Consul General to Australia, writes:

Peruna Medicine Co., Columbus, Ohio:

Gentlemen:—"The use of your Peruna as a remedy or cure for catarrh by many of my friends who have been benefited by the same, as well as my own experience as to its efficacy and good tonic properties causes me to recommend it to all persons, and you are at liberty to use this endorsement and my photograph if it will give any force to same."—James M. Morgan.

Catarrh of the Head Which Affected Hearing Cured by Pe-ru-na.

Mr. J. Emile Tanguay, No. 333 John St., Quebec, is Secretary of the Jacques Curling Club of Quebec, one of the leading sporting clubs in the city. Its members are composed of young men of the best families. He writes:

"Last winter I caught a severe cold which developed into a severe case of catarrh of the head, affecting my hearing especially. My eyes ran, my system seemed to be generally clogged up. I was advised by a club friend to try Peruna, and did so at once. To my delight I found a change set in for the better within three days, and in eight days I was entirely well."—J. Emile Tanguay.

Mr. Adolph Koehler, President of the North Side Turnerschaft, writes from Clark and Leland Ave., Chicago, Ill.:

"It is with pleasure that I endorse Peruna as a first-class medicine especially for catarrhal affections of the throat and lungs. I have used it with much benefit and several of my friends have been cured of catarrh entirely where Peruna was used."—Adolph Koehler.

"Nothing Better Than Pe-ru-na for Catarrhal Troubles," Says Ex-Congressman C. P. Dorr.

C. P. Dorr, Hotel Johnson, Washington, D. C., Ex-Congressman from West Virginia, writes:

"I can cheerfully recommend Peruna to anyone who wants a safe and permanent cure for catarrh. For throat, lung and catarrhal trouble there is nothing better than Peruna."—C. P. Dorr.

Colds Lead to Chronic Catarrh.

A common cold is acute catarrh, which quickly becomes chronic catarrh if allowed to remain.

Every cold snap leaves in its trail thousands of cases of catarrh, many of whom for want of an effective remedy, will suffer from this disease the rest of their lives.

Is there anything that can be done to prevent all this?

In the first place, Peruna used at the proper time will prevent taking cold. In the second place, Peruna will cure a cold in from two to five days.

Again, Peruna will cure catarrh quickly in the first stages, and finally Peruna will also cure chronic catarrh, if used properly and persistently.

Peruna kept in the house and properly used will therefore not only act as a safeguard against the ailments which result from sudden cold waves, but will also prove a sure remedy for this class of ailments.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Peruna can be purchased at any first-class drug store for $1.00 per bottle.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

fine of $200 each and costs, of these Simeon Hewett and Wm. Morrish paid their fines.

The following persons served a term of imprisonment in default of payment of their fines, upon conviction: Wm. Gilmour, Patrick Sullivan, Wm. Stewart, Bryan Linton, William McCormack. The remaining two persons reported, John Sullivan and Benj. Palmer, were acquitted. All persons reported were prosecuted, except W. H. Banbury, who removed to the United States before the trial, and F. McLean, who died before the trial.

SOUTH PERTH.

In this riding, Moscrip, the member-elect, was unseated, and the persons reported for corrupt practices were dealt with as follows:

William Irving, fined $200; $100 remitted and balance paid; John Graham, fined $200, left the country; Patrick Graham, case dismissed. Wm. Tobin, Frank Lyons, Burns and Perrin were also prosecuted, but convictions were not obtained owing to their having left the country or to insufficient evidence.

NORTH WATERLOO.

The election prosecutions in North Waterloo failed for lack of evidence to convict. Wildfong and Cummings were both prosecuted, in July, 1901, and both discharged. The following persons were also prosecuted: John R. Eden, Hugh G. Roberts, Wm. Wessler, Michael Schell, J. M. Scully.

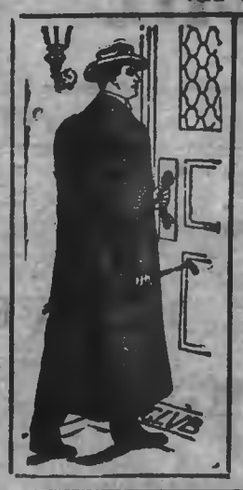
HALTON.

The following persons were prosecuted in the County of Halton: W. Dowdie, A. E. Cross, T. A. Dent, W. Halliday, T. Lyons, M. Quinn, C. F. Ryan, J. W. Wallace, G. Storey, R. Sherwood, H. H. Hanna, J. Evans, W. Elliott and T. Dowdle. G. Storey, T. A. Dent and C. E. Ryan were each convicted on three charges, and the amount of penalty attached by the Court to each conviction was $100 and costs.

It is to be explained in regard to the above record that ALL the persons prosecuted and punished WERE LIBERALS except those mentioned in connection with the Calder (South Ontario) election trial. This absolutely disposes of the statements made by both Mr. Whitney and Mr. Burnham, that "NOT ONE LIBERAL reported had been prosecuted or punished," and to the extent that the electors were deceived by their misrepresentations, to that extent they obtained support upon false pretenses. This shows the necessity of a public speaker to inform himself accurately of the alleged facts he employs.

No matter what Mr. Burnham or Mr. Whitney assert; no matter how much they relied upon the information supplied by partisan sources, the facts above recited as to the prosecution and punishment of Liberal election workers are correct, matters of record in the places where the prosecutions took place. The public can draw their own conclusions.

"THE DAYLIGHT STORE"



Mark Down Sale

Two hundred and eighty seven men will from now on always buy their clothing at this store. Why? because our reductions are genuine and they can believe our advertisements. We're not making money to be sure but we are Making Friends by the Hundreds.

SATURDAY, FEB. 4, 1905.

EDITORIAL NOTES.

The Bobcaygeon Independent rises to remark that Whitney is at the helm. Virtue reigns supreme. Vice has crept under the barn. Happy Whitney! Happy distillers! Happy brewers! Happy land!

The liquor men, the Hamilton Times says, voted against Ross because he conceded too much to the temperance party, and the temperance people voted against him because he did not go far enough in his temperance legislation to suit them. It was a case of heads I win tails you lose.

The Toronto News advocates the increase of the salaries of Cabinet Ministers about one hundred per cent., the Premier to get $10,000, and the common members $8,000 each, instead of $4,000. What with doubling the salaries of Ministers, increasing the number, and "boosting up" civil service salaries to correspond, the cash surplus in the bank to the credit of the province would melt like this winter's snow next April.

The Brantford Expositor says Mr. Whitney has now an opportunity to concede a two-cent passenger rate on railways in New Ontario, which may receive Provincial subsidies. But, remarks the Hamilton Times, there were lots of things Mr. Whitney wanted to do while in Opposition that he will not likely do now that he is in office. There is the repeal of the succession duties, for instance, which "robbery of the dead," as the Spectator called it, caused it to shed so many tears for the poor fortunate ones.

FALSE "FACTS" FLATLY REFUTED

How Mr. Whitney and Mr. J. H. Burnham Decieved the Electors.

Their Statement That no Liberals were Punished for Corrupt Practices Contradicted by the Records.

The Conservatives in the recent general election conducted the campaign almost exclusively on the corruption cry, and that cry was presented with an infamous distortion of truth and vehemence in inverse proportion to the facts behind their claims. The people, as the result indicates seem to have been influenced by these so called "facts," and the "arguments" based upon them. In the interests of truth and to show to what extent the electors were justified in this regard in turning out a Government with a splendid administrative record, to give place to one of very problematical usefulness in this sense, an example of the misstatements justifying the charge that Mr. Whitney obtained support on "false pretenses" may be submitted.

In the Peterboroughs the corruption end of the campaign was entrusted very largely to Mr. J. H. Burnham, and he certainly was stopped by no paltry considerations such as having his statements square with the facts. Nor was Mr. Whitney any more careful to lower his orational bucket into the well of truth.

Speaking at Zion on Jan. 31st, Mr. Burnham as reported in the Review thus:

In the five years from 1898 to 1903, 42 Liberals were reported for bribery, and 22 for corrupt practices. In the same period of time the number of Conservatives reported for bribery was 22 and for corrupt practices 7. The total number of Liberals reported is 65 and Conservatives 29. Of the 29 Conservatives reported by the election judges, 17 were proceeded against by the Government and punished, while NOT ONE OF THE LIBERALS REPORTED HAD been proceeded against or punished in any form.

Mr. Whitney evidently used similar figures in his address in Kingston on Jan. 24th. He is thus reported in the Mail and Empire of Jan. 25th:—

"Search of the records from Jan. 1st, 1898, to Jan. 1st, 1905, gave the following results,—Liberals unseated 14; Conservatives 8; Liberals reported for bribery and corrruption, 75; LIBERALS PUNISHED 0; Conservatives reported 29; Conservatives punished, 17, for bribery in South Ontario. 'Mr. (Pense, (the Liberal candidate) or any one else wants to challenge the correctness of these figures, let him do so,' said Mr. Whitney, 'and I will furnish the official proof of the correctness of what I have stated. Premier Ross when he makes his RECKLESS STATEMENTS ABOUT PUNISHING LIBERALS and Conservatives alike, takes good care not to go into details."

The Examiner the day after Mr. Burnham's Zion speech was delivered, pointed out the incorrectness of his figures, and especially of his statement that "NOT ONE of the Liberals had been proceeded against, or punished, in any form."

The following day Mr. Burnham wrote a letter to the Review, in which he re-asserted his statements, claiming that they were based on a report issued at (Conservative) headquarters.

Now, the evident aim of both Mr. Burnham and Mr. Whitney, was to create the impression that the Government was not willing to punish Liberal election wrong-doers, and was willing to profit thereby.

Conservatives Punished.

In the South Ontario Provincial election of 1898, Mr. Chas. Calder, the Conservative member-elect, was unseated for corrupt practices — "the most brazen corruption," one of the judges said, "he ever knew," and among the persons reported for corrupt practices, were the following, punished, as below:

Thomas E. Baker, fined $800 and costs; $500 of the fine remitted by trial judges, and balance paid.

W. H. Thomas, fined $400; $200 remitted by trial judges, balance paid with costs.

Lewis Luke, fine of $200 and costs; paid.

The following persons were convicted and committed to gaol in default of payment of fine of $200 each and costs: Austin McGrail, James McGrail, William Beare, Patrick Shearin, William Hayes.

The following persons were convicted and fined $200 each and costs, but absconded before the time fixed for payment by the trial judges had elapsed, Arthur Stapleton and David Lockwood.

The following persons were prosecuted and acquitted upon the trial of the prosecution: Stuart Bruce, Aaron Harman, W. P. J. Jones. G. H. Banbury, absconded before the day fixed for the trial.

McLean was reported, proceedings were commenced, but he died before the trial.

Liberals Punished.

In November, Hon. John Dryden was elected at the bye-election, and in the election trial following the protest, among the persons reported, the following were dealt with as below: Simeon Hewett, of Brantford; John Sullivan, Wm. Morrish, Wm. Gilmour, Patrick Sullivan, William Stewart, Bryan Linton, Wm. McCormack and Benj. Palmer, reported. Of the nine persons so reported, seven were convicted and ordered to pay a

A CAUSTIC DEBATE

Storm in the House of Commons During Friday's Session.

MR. BLAIR'S RESIGNATION

Debate Over Judge Killam's Retiring Allowance—Mr. Hance J. Logan Shows Up Opposition's "Diabolical Machinations"—Ministers Make Indignant Denials—Very Little Information Is Available.

Ottawa, Feb. 4.—The first oratorical storm of the session developed yesterday over the proposal to provide a retiring allowance for Mr. Justice Killam upon his appointment to the Chairmanship of the Railway Commission. This formed the basis for a general debate, with many references to the resignation of Mr. Blair, in which both sides gave lusty sword thrusts at the connection of the other part with that event. However, no definite charges were made, and the tempest subsided.

The resolution referring to Judge Killam's case was introduced by Mr. Fitzpatrick, and was at once opposed by Mr. W. F. Maclean, who objected to the power of removing the Chairman of the Commission being transferred from the Governor-in-Council to Parliament.

Sir Wilfrid Laurier rallied the Opposition on their fear of trusting the representatives of the people, and pointed to the need of making Judge Killam's position as satisfactory financially as it would be did he remain on the Bench.

Mr. Foster wanted an explanation of why Mr. Blair resigned, and asked why he was appointed to the position when his colleagues would not trust him to negotiate the Grand Trunk Pacific Railway scheme.

Mr. Hance Logan said the Opposition knew why Mr. Blair resigned, and declared that the Opposition, had their "diabolical machinations" to defeat the Government succeeded, would have made Mr. Blair Minister of Railways.

Mr. W. H. Bennett had a stormy hour in an effort to provoke the Government into discussing the matter, and his insinuations against several of the Ministers met with indignant denials, and this line of speech was finally ruled out by the Speaker.

Mr. Alex. Johnston then challenged Mr. Bennett to make his charges, if he had any. The resolution was eventually adopted, not one Opposition member having challenged Mr. Killam's fitness for the position.

Mr. Blair Gave No Reason.

On the motion being put to report the resolution, Mr. Foster renewed his request for a statement from the Government as to the cause of Mr. Blair's resignation.

"Not a single member of the Government," Mr. Fitzpatrick replied, "had any knowledge of his intention to tender that resignation; and all we knew was the statement in Mr. Blair's telegram, that he had resigned. The telegram was received on Oct. 18, and the resignation was accepted on the 31st. We had hoped that the cases heard would have been decided, but that was not done."

"No explanation was given as to why he resigned," asked Mr. Foster.

"Absolutely none," was the Minister's emphatic reply.

"So far as the Government was concerned, the resignation came to us as a bolt from the blue."

He added that the Prime Minister would bring down Mr. Blair's telegram.

The resolution was then reported, the bill founded upon it read a first time, and the House adjourned at 11 o'clock.

THE PRESSMEN.

Canadian Association Will Try and Secure Uniform Postage.

Toronto, Feb. 4.—The Canadian Press Association concluded its business yesterday morning by passing several resolutions on matters of benefit to the newspaper business. The question of postage was well discussed. A new regulation issued by the Postal Department requires publishers to weigh their papers before mailing, make up the bundles for route distribution and prepay the amount due on the week's issue This brought complaints from several members, and a resolution that there should be a uniform rate on newspapers. A sub-committee will be appointed to follow this up.

Another resolution urges printers to observe the conditions required by insurance companies to secure better rates. So long as printing offices neglected the rules of cleanliness, order and sanitation, there would be no relief. The declaration in favor of Government ownership of telegraphs and telephones was reaffirmed.

It was resolved to take steps to have other associations affiliate to form a Dominion Press Council, and to getting Dominion incorporation for the present association.

J. T. Clark was elected second vice-president, and the following executive was chosen: G. S. Channel, Sherbrooke Record; F. H. Dobbin, Peterboro Review; John F. Mackay, Globe; W. E. Smallfield, Renfrew Mercury; D. Williams, Collingwood Bulletin

John A. Cooper was presented with an address by P. D. Ross on behalf of the members. The next summer's tour will probably be to Quebec and Newfoundland.

A MAIL CARRIER'S EXPERIENCE.

CURED OF KIDNEY TROUBLE AND PAIN IN THE BACK, FROM WHICH HE SUFFERED MANY YEARS, BY

Dr. Pitcher's Backache-Kidney Tablets.

Mr. James Taggart, mail carrier for the past eighteen years, Palmerston, Ont., gives the history of his case as follows: "For a good many years I have had kidney trouble and pain in the back. It is so many years ago that I can hardly say what it came from, but I think it came from a heavy lift; after that the back grew weaker and weaker. I tried everything, and never got a bit of relief until I got a bottle of Dr. Pitcher's Backache-Kidney Tablets. They cleared up the pain, soreness and kidney trouble, and strengthened the back."

The action of Dr. Pitcher's Backache-Kidney Tablets is rapid and positive, curing backache, eruptions, blood humours, dropsical swellings, gravel, smarting and scalding of the urine, frequently rising at night, rheumatic pains and all kidney troubles of young and old. Price 50c. a bottle at druggists or by mail, The Dr. Zina Pitcher Co., Toronto.

All are welcome.

Tired all the Time.

Mrs. George Beattie, Carr's Brook, Colchester Co., N.S., writes:—"Last spring I was very much run down, felt tired all the time, and did not seem to have life or energy enough to do my work. Three boxes of Dr. Chase's Nerve Food did me a world of good, and made work a pleasure to me. I has not had occasion to use any medicine since, and have recommended Dr. Chase's Nerve Food to all my friends."

THAT FACTION FIGHT.

Gouin Weir and Turgeon Retire From Quebec Cabinet.

Quebec, Feb. 4.—There is nothing definite yet in the Provincial Cabinet crisis, but it is stated that the resignations of Hon. Messrs. Gouin, Weir and Turgeon will be in the hands of Prime Minister Parent before the next Cabinet meeting today. It is stated that the Provincial Treasurer, Mr. McCorkill, will follow. Mr. Alexander Taschereau is spoken of as a future member of the Cabinet. Hon. Mr. Parent, who was to start for South America in the interest of his health, has cancelled the trip.

Abbey's Effervescent Salt

Burning of "The General Slocum."

The thrilling scenes attendant upon the burning of the New York excursion steamer, "The General Slocum," will be reproduced by Merritt and Pritchard's "Biograph" Moving Picture Company, at the opera house, on Feb. 9th, 10th and 11th. They are from actual photographs and are the most notable series of moving pictures to be produced this season. Other views include a realistic representation of "Fighting the Flames," Coney Island's great fire show; "Tracked by Bloodhounds, or a Lynching at Cripple Creek;" "The Pioneers or the Massacre by the Indians;" "Driven from Home," and the "Great Train Robbery." These are but a few of the many to be shown, and in other cities where it has been seen, the collection has been pronounced the best moving picture show out this season. Beautifully illustrated songs are sung by the noted baritone, Frank Dee, from Keith's circuit. The entertainment provided is a high class one in every respect and one sure to please all patrons. Admission, 10c., 20c., and 30c. dd

THE MEISTER SINGERS

Plan open at Ormond & Walsh's Drug Store. Mark your tickets to-night. Concert Bradburn's Opera House Tuesday, February 7th.

THE SOCIAL WORLD.

Interesting Personal Items Gathered by Reporters.

Miss Sadie Staunton was called home from New York to-day owing to illness in her family.

Mr. Leo Coughlin, who broke his leg some months ago, is able to be around by means of crutches.

Mr. and Mrs. A. L. Davis of Peterborough, will come to town for a long visit to Hon. George A. Cox.—Globe.

The engagement of Miss Emily Constance Benson, second daughter of Judge Benson of Port Hope, and a granddaughter of the late Dr. McCaul, Toronto, and Captain Robert C. Morris, R. A., son of the late Hon. Alex. Morris, first Lieut.-Governor of Manitoba, is announced. Miss Benson has been in England for several months, and is at present with her cousins in Devonshire. Captain Morris is stationed at Gosport, near Portsmouth.—Globe.

MESSRS. NELSON, CLARRY AND CO.

Will Represent Messrs. J. R. Heintz & Co. in Peterborough—An Amalgamation.

As will be noticed by reference to the Examiner's advertising columns Messrs. Nelson, Clarry & Co., will represent in Peterborough the well known stock Exchange House of Messrs. J. R. Heintz & Co. Mr. W. F. Nelson, as well as Mr. E. B. Clarry, has been in the brokerage business in Peterborough for some years and in the amalgamation they will have associated with them Mr. Ed. Dawson, formerly of the Canadian Express Co. The new firm will occupy the offices formerly occupied by Mr. Clarry.

Messrs. J. R. Heintz & Co. is one of the oldest established houses doing business in Canada, having been in business continuously since 1879, and have always been known for their good service and their reliability.

Messrs. Nelson, Clarry & Co., will pay special attention to the buying and selling of unlisted securities and will conduct a general real estate business.

The Reds and Blues.

Interest has already begun to increase in the Red and Blue membership contest, after members, which opens at the Y.M.C.A. on Monday evening at eight o'clock. No better men could have been selected as leaders, than Mr. R. J. P. Dormer, the hustling chairman of the Membership Committee, who champions the Blues, and Mr. G. L. Johnston, the aggressive Social Department chairman, who is sure he will be able to lead the Reds to victory. It is a time for every Y.M.C.A. man to get to work.

Pay And be Paid.

All persons indebted to the firm of

H. LeBRUN & Co.

are requested to settle their accounts before

COME ON FRIDAY IF YOU CAN, BUT IF YOU CAN'T COME FRIDAY, COME SATURDAY.

RICHARD HALL & SON
Direct Importers, 383 and 385 George Street.

Sunlight Soap is recommended, by those who have investigated the different kind of soaps, as being the best and purest on the market. Those who have gone still farther and tried the different methods state that the Sunlight way of washing is greatly superior to ordinary methods because it requires much less work and makes the clothes whiter and cleaner. Because Sunlight Soap is quite pure and free from adulteration it will not injure delicate fabrics or the user's hands.

SUNLIGHT SOAP

ASK FOR THE OCTAGON BAR

Sunlight Soap washes the clothes white and won't injure the hands.

LEVER BROTHERS LIMITED, TORONTO. 16a

SECRETS OF THE HAND.

Things That Are Revealed to the Touch of the Blind.

The handshake of some people makes you think of accident and sudden death. Contrast this ill boding hand with the quick, skillful, quiet hand of a nurse whom I remember with affection because she took the best care of my teacher. I have clasped the hands of some rich people that spin not and toil not and yet are not beautiful. Beneath their soft, smooth roundness what a chaos of undeveloped character!

All this is my private science of palmistry, and when I tell your fortune it is by no mysterious intuition or gypsy witchcraft, but by natural, explicable recognition of the embossed character in your hand. Not only is the hand as easy to recognize as the face, but it reveals its secrets more openly and unconsciously. People control their countenances, but the hand is under no such restraint. It relaxes and becomes listless when the spirit is low and dejected, the muscles tighten when the mind is excited or the heart glad, and permanent qualities stand written on it all the time.

As there are many beauties of the face, so the beauties of the hand are many. Touch has its ecstasies. The hands of people of strong individuality and sensitiveness are wonderfully mobile. In a glance of their finger tips they express many shades of thought. Now and again I touch a fine, graceful, supple wristed hand which spells with the same beauty and distinction that you must see in the handwriting of some highly cultivated people. I wish you could see how prettily little children spell in my hand. They are wild flowers of humanity and their finger motions wild flowers of speech.—Helen Keller in Century.

Nothing Else so Good as Bu-Ju

Read What Mrs. S. Jones of 5 Carlisle St., Toronto, Says.

5 Carlisle street, Toronto, Feb. 19, 1904:

Clafin Medican Co., Windsor, Ont.,

Gentlemen,—I have had no benefit from anything I have taken equal to "Bu-Ju." I have received great relief, and trust that by continuing I shall entirely lose the rheumatism from which I have suffered so long. I shall do my best to tell my friends.

Yours truly,
MRS. S. JONES.

Mrs. Jones has gone through the experience of thousands of others. She has suffered as millions of patient women are suffering all over the world until they find the proper remedy. Mrs. Jones found it in "Bu-Ju," the Kidney Pill, and naturally feels like telling her friends and the public generally of the benefit she received, so that they too may be cured.

Rheumatism is only one of the many maladies that result from disordered kidneys, and "Bu-Ju" is an infallible cure for rheumatism, if it taken as directed. All druggists sell "Bu-Ju." Do not continue to suffer. Try it and you will be benefitted. 2

Funny Stories.

"Ha, ha!" said the jovial man as he slapped an acquaintance on the back. "I'm glad to see you. I have one of the funniest stories on record, and you are just in time."

"I don't care for it," was the candid reply. "You see there is often a pathetic side even to humor. I have just been out with my architect, and he showed me three of the funniest stories I ever saw. If I hadn't been paying for them I'd have laughed myself silly."

Deepen Baby's Dimples

Keep the wee one plump and rosy.
The right food, rightly eaten, will do it.
More and more mothers are learning the food value of

Mooney's Perfection Cream Sodas

The more they learn about these crackers, the more they rely on them for the children's health and strength.

Most grown folk esteem them a dainty delicacy. Mothers know them for what they are—a wholesome, nourishing food as well as a table luxury.

The air-tight, moisture-proof packages preserve their freshness and crispness.
In 1 and 3 pound packages at grocers.

MOONEY BISCUIT & CANDY CO., LIMITED, STRATFORD, CANADA

CAREER OF UPS AND DOWNS.

Romantic Story of Prince Chilkoff, Russian Minister of Railways.

Fortunately for the Czar he has a practical railroad man as Minister of Railways and Transportation, else the troubles in getting soldiers and supplies to the front over the Siberian Railway might be even greater than they are. The story of how this member of the Cabinet of the Russian Emperor came to hold his important post is one of the most romantic in the annals of the Czar's great realm. Forty years ago Prince Michael Chilkoff was working in a machine shop in Philadelphia for a dollar a day, and glad enough, too, he was to get that.

PRINCE MICHAEL CHILKOFF.

In 1857 he came to the United States and spent a year in travel and study of railroads. Shortly after his return Alexander II. issued the proclamation freeing the serfs. This resulted in extensive losses for the elder Prince Chilkoff, who held large estates. The latter became very bitter against the reform, but the son, who has acquired democratic ideas in the United States favored it, and this led to a quarrel between him and his father, in consequence of which he renounced his title and set sail for the United States.

He landed in Philadelphia almost penniless and secured employment in a machine shop. His wife, who fully sympathized with his ideas, was with him. He stayed in the machine shop until he had learned the business of making locomotives from the ground up. Then he went to South America and worked his way up in the service of a railroad in Argentina. Returning to Russia under the name of John Magill, which he had worn in the United States, he secured a position as engineer of a locomotive, but the knowledge he had acquired made him of service to the Government, and his advancement from one position to another followed until he became Imperial Minister of Railways and was restored to possession of title and estates. He is probably the only member of the Czar's cabinet who has worked as a boilermaker and locomotive engineer.

Insulted His Legs.

Apropos of knee breeches a correspondent of the London Express quotes an anecdote from Captain Gronow's "Recollections" which puts the whole case in a nutshell. The baillie de ferrette was always dressed in knee breeches, with a cocked hat and a court sword, the slender proportions of which greatly resembled those of his legs. "Do tell me, my dear baillie," said Montrond one day, "have you got three legs or three swords?" Soon after which, we should imagine, the baillie went home.

Her View.

She—There is no excuse for a man dancing badly. He—But if he cannot dance otherwise? She—Oh, that merely would be an excuse for not dancing at all.

Not His Own.

"Is the house you now live in your own?"

"Not now."

"You have sold it?"

"No; got married."

Burdens may be the ballast that saves the ship.—Chicago Tribune.

FACTS IN FEW LINES.

Interesting Paragraphs Gathered From All Sources Concerning All Sorts and Conditions of Men and Things.

The production of samovars (teakettles) in Russia amounts to over 4,000,000 rubles every year.

New blast furnaces are being erected on the Island of Elba, in the Mediterranean. The isle is famous for its wonderful iron ore.

A sarcophagus dating from the year 1000 and containing human remains has been discovered by some workmen while digging a well in the Rue des Gobelins, Paris.

The public health committee of Camberwell, London, proposes to fit up the public baths in the borough for cricket practice during the winter months. Apparently the Camberwellians do not bathe in winter.

Ten years ago in England and Wales there was one insane person to each 324 of the population. Now the ratio is one to each 288. The increase in lunacy is attributed to a considerable degree to the intense strain of modern life.

The Northeastern Railway Company of England is experimenting with small motor freight cars in the agricultural districts. They distribute fertilizing materials and cattle feed to the farmers and return with farm produce to be shipped by rail.

Robert Moffatt is about to give up Midneck farm, Westerkirk, Dumfries, Scotland. The farm was originally granted to Thomas Moffatt by Robert Bruce in 1302. In 1670 the Moffatts sold it to the Duke of Buccleuch, but continued as tenants to this day.

In Birmingham, England, resides one Tommy Tank, who has spent his life in alternate attempts to live up to and to escape the hoodoo of his name. He has signed the pledge forty times. Last week he made his one hundred and seventeenth appearance in the police court.

Though butterflies and moths are found widely distributed all over the globe, they are by far the most abundant in the tropics. For instance, Brazil can show to the collector not less than 700 different species within an hour's walk of Para. There are not half as many in all Europe.

A new sect known as John the Baptist Pilgrims are conducting a mission in the north of Ireland and are gaining fresh adherents daily. They believe in baptism by immersion, in having "no certain dwelling place and in depending upon God for the necessaries of life." They have all things in common and address one another by their Christian names.

It was stated at a meeting in London that Europeans in Africa sometimes used the "trade" gin and rum sent out for the natives for mixing paint instead of turpentine. No European ever dreamed of drinking it. Potato spirit made in Germany is the principal medium of commerce with the natives of West Africa. Its use by the natives was described as "deadly."

French West Africa is to be an Eveless paradise. The governor general has intimated to the minister of the colonies that the number of stations and posts offering facilities for married officers or functionaries are very few and that great inconvenience is already caused by the difficulty of providing family quarters. The minister is requested to stop the further ingress of families, and an order has just been issued warning all whom it may concern that appointments in West Africa must henceforth be accepted on the basis of bachelorhood. Army officers will, of course, leave families behind.

Noted Russian Statesman.

The recent Imperial manifesto of the Czar of Russia on the subject of reforms in that country was a great victory for the Conservative Liberals over the reactionaries and again brings into prominence M. Sergius Witte, President of the Committee of Ministers, and former Minister of Finance. M. Witte is regarded as the only man with sufficient force and energy to handle the great questions now confronting Russia.

Sergius Witte reached his high position by his own endeavors. He was

M. SERGIUS WITTE.

the son of poor parents and began life as a clerk in a railway office. He rose to be manager and finally became Government director of railroads. Later he was put in charge of the Board of Public Works and twelve years ago was made Minister of Finance, by far the most important office in the Cabinet of the Czar. It was under M. Witte's direction that the city of Dalny, near Port Arthur, was built. For the past year or so he has figured little in the direction of affairs of the Empire, having been superseded as Minister of Finance, but his star seems now to be again in the ascendant.

The Fifteenth Century Gambler.

In the time of King Henry IV. of England the "smart set" managed to play bridge or its equivalent without shocking the susceptibilities of those who think it wrong to play for money. The fifteenth century gambler, according to one historian, "played at cards for counters, nails and points in every house more for pastime than for gain." "Everie scholar or petyte (little one) that plaies for money is to be expelled," ordains a grammar school charter of the period. One of the duties of hospital sisters was "to make dilygentt searche amonge the poore for cards or dice."

Spiteful.

Kate—Do you think it's true that people catch anything through kissing? Madge—Oh, I don't think so. See how often you've been kissed and you've never caught anybody yet.

He who brings ridicule to bear against truth finds in his hand a blade without a hilt.—Lander.

How to Shoot a Rattler.

The writer once saw an Indian kill a rattlesnake in a very peculiar manner. The rattler was about ten feet from the Indian, who was resting the rifle on his knee, apparently taking aim.

Whenever he moved the weapon a few inches the snake would move around and get exactly in line with it. Then, to show how the thing was done, the Indian moved about the snake in a circle, and the reptile moved as if its tail were a pivot, always keeping the head and body in line with the gun. The Indian then agreed to bandage his eyes and shoot the snake in the mouth.

The writer bandaged the Indian's eyes, and, holding the gun by his side at arm's length, the latter pulled the trigger, and the ball entered the snake's mouth and passed the whole length of its body.

"How did you take aim?" was the query.

"The snake he take aim," was the reply.

We have talked with an old hunter on this proposition, and he claims that a rattlesnake will always range directly in line with a gun or stick pointed at it.—Exchange.

No Breakfast Table complete without

An admirable food, with all its natural qualities intact, fitted to build up and maintain robust health, and to resist winter's extreme cold. It is a valuable diet for children.

COCOA

The Most Nutritious and Economical.

Paralysis May Be Creeping Upon You

In a Score of Ways the Warning is Given, If You Will But Heed It and Restore the Nervous System—Study the Symptoms Stated Here.

Paralysis is sudden and unexpected only to those who are unfamiliar with the symptoms of declining nerve force.

After the stroke has come, bringing helplessness and suffering, the victim looks back to find that there were months, or possibly even years, of warning symptoms.

Paralysis, or loss of power of movement, is caused by the exhaustion of nerve force and is the natural result of neglected nervous diseases.

Paralysis can usually be cured by Dr. Chase's Nerve Food, and always prevented if you begin treatment with the first indications of nervous exhaustion.

Dr. Chase's Nerve Food is the most successful treatment for diseases of the nerves on account of its extraordinary blood-forming and nerve-creating power.

Gradually and certainly it instils new force and vigor into the wasted and depleted nerve cells, and overcomes the wasting process which is undermining the system and leading slowly but certainly to paralysis.

Symptoms

Twitching of the nerves or muscles.
Brain fag or headache.
Numbness in any part of the body.
Sleeplessness.
Nervousness and irritability.
Nervous dyspepsia.
Tendency to anxiety and worry.
Loss of memory.
Sparks before the eyes.
Weak and easily fatigued.
Inability to concentrate the mind.
Loss of energy and ambition.
Difficulty in controlling the movement of arms or legs.
Muscular weakness.
Pains and cramps in legs.
Sensitiveness to light, noise and sound.
Feelings of melancholy and disagreement.

You cannot afford to waste time and money in experimenting when this treatment of proven worth is at hand to cure you.

Put Dr. Chase's Nerve Food to the test and you will not wonder why so many surprising cures have been brought about by its use.

Was Stricken With Paralysis

Lost Power of Speech and Could Not Walk—A Bad Case, the Doctors Said.

Mrs. R. W. Sutherland, St. Andrew's, Man., writes:—"In February, 1903, I was stricken with paralysis, fell helpless on the floor and had to be carried to bed. The doctor pronounced it a bad case, as I had no power in my tongue or left leg. I remained in that condition for six months without obtaining benefit from the doctor's prescriptions or other medicines.

"My husband advised me to try Dr. Chase's Nerve Food, and by the use of this treatment all symptoms of the disease disappeared. I can now talk plainly, my leg is all right and I can do my house work. How grateful I am to be cured by so wonderful a remedy."

Dr. Chase's Nerve Food

50 cents a box, 6 boxes for $2.50, at all dealers or Edmanson, Bates & Company, Toronto. To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

Superfluous Hair

Removed by the New Principle

De Miracle

It is better than electricity, because it does not scar or produce a new growth. Better than X-ray, because it does not burn, scar or paralyze the tissues under the skin. Better than depilatories, because it is not poisonous; therefore, it will not cause blood poisoning, or produce eczema, which is so common with depilatories, and does not break off the hair, thereby increasing its growth.

Electrolysis, X-ray or depilatories are offered you on the bare word of the operators and manufacturers. DE MIRACLE is not. It is the only method which is indorsed by physicians, surgeons, dermatologists, medical journals and prominent magazines.

DE MIRACLE will be mailed to any address, sealed in plain wrapper for $1. Your money back without question if it fails to do all that is claimed for it.

Our booklet—the most complete treatise on Superfluous Hair ever published—containing the testimonials of numerous physicians and surgeons and those of hundreds of others—will be sent free, in plain, sealed envelope, upon request. Write for it to-day to DE MIRACLE CHEMICAL CO., 26 Queen Street West, Toronto, or

REASON No 10

WHY YOU SHOULD USE

Red Rose Tea

Because it is Reliable.

Some one has said: "A single fact is worth a shipload of argument."

A few facts: I introduced this tea to the public about ten years ago. In that short time the business has grown to such proportions that we now occupy the largest Tea warehouse in Canada.

This enormous business has been built up without extensive advertising.

The merchants who commenced handling Red Rose Tea ten years ago are the most enthusiastic in its praises to-day.

The merchants who sell it, the people who drink it, have found that it could be relied on

The brand, "Red Rose Tea," is accepted everywhere as a guarantee of the highest quality, and those who drink it are its best advertisers.

Ask some of your friends about it.

THE ANCIENT GREEKS

THEY WERE MASTERS IN THE SCIENCE OF GOVERNMENT.

Many Sturdy Qualities Had the Multitude, but the Individual Could Not Stand Prosperity—One Brilliant Exception to the Rule.

The statues and literary masterpieces of Hellas, whose themes were mainly legendary, are responsible for the impression that the ancient Greek was cast in the heroic mold. The heroic Greek was a turbulent, masterful, egotistic demigod. He had no counterpart in any historical figure except Alexander the Great, who deemed himself a descendant of Achilles, the sea nymph's son, and acted very much like him.

The Greek of history was an uncommonly consistent republican. In the tolerance he gave to individualism and the capacity he showed—inside his city state—for collective action he carried the science of government and of political self control in some respects to a height from which all subsequent history is a descending slope. While maintaining democratic standards, he did not enforce nor bow to that tyrannous and narrowing public opinion which in our own time threatens to cast all men in much the same mold. He found a place in his scheme of things for diversities of natural bent—for the effeminate dress of Alcibiades, the tub of Diogenes, the railings of Cleon, the austerities of Aristides, the satire of Aristophanes, the arrogance of Phocion. The democracy of Athens was never the democracy of the dead level. It meant opportunity, not a steam roller.

As creditable a story is told on the side of collective action. Greek politics implied, as Mahaffy has observed, "the reasonable discussion of the public, the final decision of the majority, the submission of magistrates and rulers to the will of the people." The Greek "multitude" was tolerant, patient, loyal to its leaders and capable, as it showed in the Peloponnesian war, of making exemplary sacrifices and of initiating and unintuitively a course of action for a protracted period. The whole population of Athens, for instance, abandoned the country and took to their ships, leaving the enemy to destroy their city and their possessions while they sought him and finally conquered him on the sea. For that fortitude it would be impossible to find a modern parallel.

The civic qualities are uppermost in the great period of Greek history—a keen appreciation of humor that acted as a safety valve to the turbulence of assemblies, an aptitude at public speaking which was useful in battle as in council. Every free Greek was at once a legislator, an orator, a potential admiral or general.

There was one capital defect in the Hellenic character. The individual Greek could not stand prosperity. As Grote put it, "The effects of a copious draft of glory on the temperament of an enterprising and ambitious Greek were perfectly maddening." He was a good loser, but nearly always a bad winner. Almost every conspicuous Greek of history became at the end a corruptionist or a traitor. Miltiades, victor of Marathon, became a pirate and died in imprisonment. Themistocles was negotiating to betray the Grecian armament to the great king the day before he destroyed the Persian fleet at Salamis. Alcibiades betrayed in turn the Athenians, the Spartans and the Persians. Demosthenes was banished for embezzlement. The Syracusan leaders became tyrants when they could. Of all Greeks only Timoleon, the Corinthian who freed Syracuse, was at once honorable, fortunate and acclaimed.

Although the Hellenic world fringed the Mediterranean and the Black seas from end to end, the significant political history of Greece is almost altogether the history of Athens and Sparta. The great places of heroic legend, Ithaca and Pylos and Phthia and Arcadia and Argos and Corcyra, "the Phaeakes' land," figure but faintly in the historical period. Ithaca was only a barren rock, Arcadia a recruiting ground for rustic mercenaries and Argos and Corcyra and such states as Aetolia, Messena, Thessaly and the Achaean League ancient prototypes of the rude and turbulent Balkan states of today. The transitory pre-eminence of Thebes was the pre-eminence of its one great soldier, Epaminondas.

Between them Spartans and Athenians wrote the great story of political Greece. The Spartans were more a military brotherhood than a state, the men dining in barracks and visiting their families by stealth and all freemen despising wealth and any toil except that of the gymnasium, the drill ground and the battlefield. They were a proud, shy, self contained, home keeping people, so ill at ease and unpracticed in public speech that the word "laconic" has become a proverb. Their cautious political sense, their military discipline, their long lived dynasty and their unbroken maintenance of one form of government secured them the instinctive deference of other Greeks.

What the Spartans were not the Athenians in their best period were—eager wanderers over the earth, traffickers, imperialists, orators, scholars and artists. They were always "getting forward." As the slower Peloponnesians complained, every acquisition was made by them the basis of a new venture, and when they measured arms with the complainants they showed that they could be as constant in misfortune and as elastic in rising from crushing disaster as they were aggressive in pressing an advantage.—New York Mail.

ENGLISH GOLD LEAF.

The Reason Its Manufacturers Pack It In Bibles.

"James," said the English gold manufacturer, "we are bout of Bibles. Go downtown and buy six dozen."

James in due course returned with the Bibles in a handcart. They were taken from him by three men, their covers were torn off, and the pages were trimmed with sharp knives down to a certain small size. Then these little reduced papers were sewed together into a multitude of small books.

The small books were distributed among the hands, and in them the firm's output of gold leaf was packed—between every two Biblical leaves a leaf of gold.

"It seems irreverent, not to say sacrilegious, I know," said the head of the firm, "but we halways do so. We have done so for generations. Gold leaf is halways put on the market in little books made of Bibles.

"Why? I'll tell you why. Gold leaf must be packed between printed instead of plain pages, for the reason that it would slip out of plain pages, which are too smooth for it, whereas the indentations made by the types on the printed pages are just sufficient to hold the leaf in place firmly. That's why printed pages are used.

"We choose among all printed pages Bible ones, for the reason that the Bible is the best printed book a-going. The type is more evenly set, and the printing is finer than in any other work, and we need the best typesetting and printing in our business, you know, for any roughness or unevenness is apt to tear the gold leaf.

"That's why all English gold leaf is packed in Bibles. It's a necessary thing to do, but all the same I've often wondered that the churches 'ave never gotten after us gold leaf manufacturers for our hirreverence."

DRUGGING CHILDREN

The mother who gives her little one "soothing" stuff when it cries, surely does not realize that she is simply drugging it into insensibility with a poisonous opiate. But that is just what she is doing. All the so-called "soothing" medicines, contain poisonous opiates; they are all harmful, some of them dangerous, and should never be given to children. Baby's Own Tablets are sold under a positive guarantee that they contain no opiate or harmful drug. The Tablets speedily cure all stomach troubles, constipation, diarrhoea and simple fevers; they break up colds, prevent croup, ease the pain of teething and give healthy, natural sleep. When the little ones are cross, peevish and ailing give them Baby's Own Tablets and you will find that there is a smile in every dose. You can get the Tablets from every medicine dealer or by mail at 25 cents a box, by writing the Dr. Williams' Medicine Co., Brockville, Ont.

MOTHER OF PEARL.

The Engaging of Inlayers In Precious Woods.

The sole curiosity for sightseers in the city of Hanoi, a town of the French Tonquin, is the industry of inlaying mother of pearl in precious woods. In fact, one street, called the Street of the Inlayers, is given up to the trade. The workmen are genuine artists, combining artistic perception with great manual skill. Furnished with rude tools, but with great patience and skill, these workmen produce articles of great beauty. They have applied the principle of division of labor, or specialization, to their work. The cabinet makers first put together the various parts of the materials to be incrusted. The joining is done without the aid of nails and with a nice system of dovetailing and use of paste, of which lacquer is the base. From this cabinet maker the wood passes into the hands of the designer, who makes sketches for its ornamentation on rice paper.

These designs are transferred to the wood by the inlayer, whose duty it is to choose the pearl that will best serve to bring out the beauty of the design. The mother of pearl is obtained from a large species of shellfish, called casque, caught chiefly upon the shores of the island of Poulocondar.

The inlayer cuts the pieces of pearl into little bits and chooses the combination of colors which will make the contrast necessary for the artistic success of his work. The iridescence is heightened by the use of pearl dust furnished by a kind of mussel taken from the brooks of that region. When the bits of mosaic are chosen the inlayer tries to give them the form of the design chosen and disposes them as a mosaic in the wood. The crude morsel is made translucent by pumice stone. The pearl is then fixed in a vise, and the labor of patience begins. Kneeling before the vise, he shapes the pieces with a file no larger than an ordinary color crayon. When the pearl is shaped it is necessary to trench it in the wood. This is ordinarily done by children fourteen or fifteen years old. The bits of pearl are then set in the grooves and fixed with paste. The whole is gently heated to melt the paste and so fill the interstices. The design is then polished, varnished and given the finishing touches. The work has been counterfeited, but never successfully.

Discovery of the Ichthyosaur.

Ichthyosaurus is a name much jested with because it rivals the mastodon as a most widely known fossil, dating back to its discovery by Sir Edward R. Home, between 1814 and 1819, in the marine deposits of Lyme-Regis, England. The name, signifying "fish lizard," shows that this animal impressed Konig, its describer, as having a fishlike backbone combined with a shoulder girdle of the lizard or saurian type. This term could not have been more happily chosen, because, while retaining the skeleton of an atavistic and extremely ancient lizard, the ichthyosaur evolved a most strikingly modern external likeness to certain very familiar animals of the sea.—Henry Fairfield Osborn in Century.

A Fine Opening For a Young Man.

"Yes," said Mrs. Malone to the old friend who was picking up the threads of family history, "my Bobby, he's traveling with a circus now."

"Pretty hard work, isn't it?" inquired the interested caller.

"Never a bit of it," returned the proud mother of Bobby. "He's living like a gentleman, he is—hands in his pockets, as ye might say—for it's a handsome salary he gets, and every blessed thing he has to do is to lay his head in the lion's mouth a matter of some two or three times a day or thereabout."—Youth's Companion.

His Waterloo.

Sister Sue—It's no use. Gertrude says she'll never speak to you again. You know how sensitive she is about her hair. Loveboy—But I don't understand. Gertie's hair is my one admiration. It is the precise tint of auburn that I—er— Sister Sue—Well, what did you say to her when you called to take her out to your automobile? Loveboy—I was simply astonished to find her on the steps waiting for me. So I sang out, "Hello, ready!"

Try Gin Pills at our expense

We want every man and woman in Canada who suffers from Kidney and Bladder Troubles, to write us for a free sample of Gin Pills.

We want everyone who has sick friends to send us their names and addresses, that we may mail them, free of charge, a sample box of Gin Pills.

100,000 Sample Boxes Given Away.

There are hundreds who are martyrs to Kidney Trouble, having tried everything else without relief. There are dozens in every town who may have Kidney Trouble without knowing it. If you are pale—losing flesh—can't sleep—no appetite—if you constantly desire to urinate—if the urine is scanty, burning or highly colored—if the feet and hands are swollen—if the eyesight is dimmed—if there are frequent pains in the back, through the hips and legs—then you have the most positive symptoms of Kidney Trouble.

These are the people, we hope, who will send in their names that Gin Pills may cure them.

What They Are

Each Gin Pill contains the medicinal properties of one and one-half ounces of best Holland Gin. The harmful substances—and the alcohol—are left out. These medicinal principles are combined with several other remedies of exceptional value—and the whole made up in the form of a small, pleasant pill. These are the famous Gin Pills that have the largest sale—and the greatest number of cures to their credit—of any Kidney and Bladder remedy, ever introduced in Canada.

What They Do

Gin Pills cure "Cold on the Kidneys," Inflammation of the Kidneys, Uric Acid, causing Gout and Rheumatism, Ulceration and Inflammation of the Bladder, Painful and Suppressed Urine, constant desire to urinate, Gravel or Stone in the Bladder, and all other troubles, caused by sick Kidneys and Bladder. They never fail to relieve the sharp, shooting pain, make urination easy, natural and regular, strengthen the organs and effect a speedy and permanent cure.

Won't you try Gin Pills at our expense? It costs nothing. Simply a post card. Ask us to send a sample box free—say in what paper you saw this advertisement—and sign your name and address. Do it to-day—NOW.

BLOOD DISEASE CURED.

If you ever contracted any Blood or Private Disease, you are never safe until the virus or poison has been eradicated from the system. Don't be satisfied with a "patch up" by some family doctor. Our New Method is Guaranteed to Cure or No Pay. No Names Used without Written consent.

Cured When all Else Failed

"Could I live my early life over, this testimonial would not be necessary, though I was no more sinful than thousands of other young men. Early indiscretions, later excesses, exposure to contagious diseases all helped to break down my system. When I commenced to realize my condition I was almost frantic. Doctor after doctor treated me but only gave me relief—not a cure. Hot Springs helped me, but did not cure me. The symptoms always returned. Mercury and Potash drove the poison into my system instead of driving it out. I bless the day your New Method Treatment was recommended to me. I investigated who you were first, and finding you had over 25 years' experience and responsible financially, I gave you my case under a guarantee. You cured me permanently, and in six years there has not been a sore, pain, ulcer or any other symptom of the blood disease."

25 Years in Detroit. 250,000 Cured. M. A. CONLEY.

We treat and cure Varicocele, Blood Poison, Nervous Debility, Stricture, Impotency, Secret Drains, Kidney and Bladder Diseases.

Consultation Free. Question Blank for Home Treatment and Books Free.

Constipation

Fruit is nature's laxative. Plenty of fruit will prevent Constipation, but won't cure it. Why? Because the laxative principles of fruit are held in peculiar combination and are very mild.

After years of labor, an Ottawa physician accidently discovered the secret process by which

Fruit-a-tives

or Fruit Liver Tablets

are made. He used fruit juices, but by combining them in a peculiar way, their action on the liver, kidneys, stomach and skin is increased many times.

"FRUIT-A-TIVES" TABLETS contain all the medical properties of fruit—are a mild and gentle laxative—and the only permanent cure for Constipation, Torpid Liver, Sick Headaches, Bad Stomach and Kidney Troubles.

All druggists have them.

50 cents a box.

FRUIT-A-TIVES, Limited, OTTAWA.

CHOSEN FRIENDS OPEN MEETING

Splendid Addresses Heard Last Evening.

Mr. W. J. McCammon of Belleville and Other Speakers—Interesting Programme.

A splendid success was the open meeting of the Canadian Order of Chosen Friends held last evening in the S.O.E. Hall. There was a fairly large representation of members present, who enjoyed a thoroughly interesting programme, the feature of which was an address by the Past Grand Chief Councillor, Bro. W. J. McCammon, of Belleville, whose remarks were spirited and well chosen. Short speeches were also given by Bro. David Miller, of Council No. 72, Toronto, Past Chairman of Committee on Laws, and Bro. E. A. Davis, of Napanee.

The President, Mrs. T. Anderson, was in the chair.

The programme opened with a well executed solo by Mr. D. R. Gardiner, who was forced to respond to an encore.

Bro. David Miller was called upon for a speech. He said he was taken by surprise, not having anticipated being asked for an address. It was not his first visit to Peterborough, he having visited the town when he was Grand Chief of the Sons of Scotland. He had been connected with the Order of Chosen Friends for fourteen or fifteen years, and never regretted having joined it. He was more interested to-day than ever before. Last year was the best in the history of the Order. There had been increased surplus and membership, over 4,000 applications having been received.

In matters of economy and well invested funds the society was doing better work than the Order. He was very glad to find that they had Organizer Shibley here. With the co-operation of the members he thought that the organizer could do good work.

Peterborough was a grand town, and although large enough to be incorporated as a city, he thought the citizens were wise not to undertake such a step, remarking that it was better to be a first-class town than a third-class city. The speaker closed with the paraphase, "Governments may come and Governments may go, but the Order of Chosen Friends goes on for ever."

Mr. J. Miller contributed a very well rendered cornet solo and responded to an encore. A recitation by Mrs. C. Clarke was well received.

Bro. E. A. Davis, of Napanee, was asked to address the meeting. He said that a bad cold prevented him from speaking at any length, but stated that he was in Peterborough to assist Organizer Shibley, and asked for the co-operation of the members of the Order.

Mr. Gardiner was heard in another solo, which met with much applause.

The past Grand Chief Councillor, Bro. W. J. McCammon of Belleville, then addressed the meeting. He was very pleased to be present with the Order, and to see so many present, especially so many ladies. Wherever there was a large number of ladies associated with a society the affairs of the organization ran smoothly.

He was very glad to find Organizer Shibley in Peterborough. There was a large field and the work was arduous. He urged upon the members the necessity of co-operating with the organizer. All could devote a few hours each week to the work.

It was eighteen years ago since the Order of Chosen friends was formed in the City of Hamilton, when the first Council was organized. It was given the name Canadian to distinguish it from a similar order in the United States. It was a loyal Order, composed entirely of Canadians. During the past eight years a noble work had been accomplished. Nearly 30,300 members had been enrolled, $2,000,000 collected and $1,500,000 paid out to heirs of deceased members. There was on hand a surplus of about $500,000.

The Grand Officers met three or four times a year at Hamilton for the purpose of regulating the affairs of the Order. He was proud to state that during the eighteen years of the Order's existence not one dollar had gone astray or been embezzled. The Grand Council met once a year at Hamilton to receive reports. The Peterborough Council would have the privilege of sending members to that meeting and it was their duty to see that the reports were correct.

The speaker urged his hearers to be more active in the work, to support their officers and attend the meetings more regularly.

Another branch in connection with the Order of Chosen Friends was the Sick Benefit Department. There was generally a source of weakness and trouble in fraternal insurance societies, but the Order had never had any difficulty. All claims had been promptly paid.

Mr. J. Miller gave an excellent vocal solo after which refreshments were served and the meeting dispersed after a thoroughly enjoyable evening.

AFRAID TO EAT MANY THINGS

If You are Take the Advice of a Well-Known Toronto Man and use Dodd's Dyspepsia Tablets—What They Did for Him.

What to eat and when to eat it probably occupies more general attention now than at any other period in the history of the world. The reason is that owing to bad teeth and disordered digestive organs nearly everybody has some form of Indigestion or Dyspepsia. People generally will therefore be interested in knowing that there are thousands of people in Canada who once faced a hearty dinner with fear and trembling, who now eat what they like, when the like, and enjoy it too. They have used Dodd's Dyspepsia Tablets.

One of these is Mr. R. A. Barton, of 23 Tyndall avenue, Toronto, well known in Queen City business circles. "Yes," Mr. Barton says, "there was a time when I was afraid to eat many things that would have suited my taste. Now I can eat whatever is set before me, asking no questions. Dodd's Dyspepsia Tablets did it after all the doctors I consulted had failed. It took perhaps a dozen boxes to fix up my stomach, but it is all right now. If you're troubled that way try Dodd's Dyspepsia Tablets.

BAND CONCERT WAS POPULAR

Splendid Programme Presented at Opera House

The Band was in Good Form—Solo Numbers Well Rendered Last Evening.

The members of the 57th Regiment Band have every reason to feel gratified with the result of last night concert in the opera house. This is the first concert which they have given for some time, and it is to be hoped that they will be heard more frequently as the concert season progresses — their programmes being invariably of a nature which appeals to the public. The band deserves great credit — its reputation as one of the best military-concert bands in the country considered — for providing such an excellent entertainment, at such a low price of admission.

The programme, which was largely of a "popular" nature, though containing some numbers which would appeal to the most cultivated musical taste, was excellently rendered throughout, and appeared to be thoroughly appreciated.

Holtzman's popular two-step, "Uncle Sammy," the initial number, was given in a catchy style, which at once appealed to the audience. This was followed by the ever-popular "Zampa" overture; this was rendered in a particularly pleasing style, the parts blending most harmoniously — delicate piano passages being brought out in an especially fine manner. After this came the sprightly "Karama," a Japo. rhapsodie, by Vivian Grey.

Mr. Gliddon's cornet solo, the "Nankeg Polka," by Hartman, received an enthusiastic and well-merited recall. It is hoped that in the future Mr. Gliddon will be heard more frequently as a soloist.

A characteristic piece, entitled "A Kansas Two-Step," by Prior, closed the first part of the programme. A well-executed dance by Mr. J. Guerin who displayed much dexterity and flexibility of motion, accompanied this number.

The second half of the programme opened with Godfrey's "Reminiscences of All Nations." This number gave great pleasure, the audience appearing equally fascinated by the rendition of the war-like "Marseillaise," the sprightly "St. Patrick's Day," the soul-stirring "Watch on the Rhine," — even the somewhat bumptious "Yankee Doodle" receiving its share of attention. The Russian National Anthem made one almost forgive the North Sea episode. The double quartette number from the musical comedy, "Under Southern Skies," was rendered with fine artistic taste, the expression being most delicate and refined. This was followed by Michaelis' "Turkish Patrol." Mr. Lewis Mendel gave as a mandolin solo, the "Ave Marie" from Mascagni's "Cavalleria Rusticana;" this appeared very popular with the audience and received a hearty encore.

The programme was concluded by a selection from "Wang," De Wolf Hopper's latest success in musical comedy.

Perfect Confidence.

When there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford, of Poolesville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success. My child, Garland, is subject to severe attacks of croup and it always gives him prompt relief." For sale by all druggists.

PRODUCTIONS OF A LOCAL FIRM

The Peter Hamilton Co., Ltd., Issues its 1905 Catalogue.

The 1905 catalogue of the Peter Hamilton Company, Limited, has just been issued from the Examiner presses, and is being distributed by the Company. The catalogue as a work of art and as an example of typographical skill is noteworthy, as it is also for the clear and concise way in which the different machines are described. not only was the typographical work done by the Examiner but the work of preparing the matter was also largely done in this office.

The Peter Hamilton Company aims to keep the quality of its machines up to or a little in advance of the standard, and their staff of designers are always on the lookout to make any improvements which they believe will increase the efficiency of the machine, and the result is that to-day they pride themselves on the fact and not without cause, of having a line of tilling and harvesting machinery which is unequalled in the world for efficiency.

In the catalogue the different machines are fully described, and every farmer should have a copy, if it is only for his own information.

Emphasis is laid on the fact that these machines are Canadian made and it is due to his fellow citizens that a man who earns his living in a country and finds in it a market for his own labour should patronize home production wherever possible. Even beyond equal terms where the goods are equal in quality this preference should go. This ought to appeal to any fair minded man, and no tariff should be necessary to ensure the practical endorsement of the sentiment.

POLICE COURT NOTES

At the police court this morning, a young man was charged with vagrancy. He was remanded until Tuesday.

Two young men were charged with being drunk and disorderly on Jan. 20th. Both pleaded guilty and were fined $2 and costs, totalling $7.20 each, which was paid.

When You Have a Cold.

The first action when you have a cold is to relieve the lungs. This best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This Remedy will cure a severe cold in less time than any other treatment, and it leaves the system in a healthy and natural state. It counteracts any tendency towards pneumonia. For sale by all druggists.

Anti-Blur

prevents your glasses from steaming up when going from the cold into a warm room. Try a package and have comfort in wearing glasses.

These will be sold on Friday, Saturday and Monday for 98c

At the same time there will also be placed on sale

28 only Waists

in Flannel, Voile, etc. Some of these are very richly embroidered. These Waists were $2.25, $2.50, $3.00, etc., but will all be placed on sale at one price, viz:

$1.25

These Waists are sold at a small fraction of their price, and we cannot undertake to lay aside, alter or exchange them.

While you are here have a look through our Ready-to-wear Section. We have perhaps the largest department exclusively devoted to these goods. We can always show you the biggest stock and the choicest styles in RAIN COATS, MANTLES, DRESS SKIRTS, UNDERSKIRTS, WAISTS and WRAPPERS.

The Free Art Silk Classes are in session all this week and next week. The Hardanger and Lace Work Classes begin on Monday, February 13th and last two weeks also.

Colds

How often you hear it remarked "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded.

Chamberlain's Cough Remedy

has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. It counteracts any tendency of a cold to result in pneumonia.

A BROKEN RAIL.

Ten Cars of a Freight Train Go Off the Track.

Fort William, Feb. 4.—Because of a broken rail, west-bound freight train No. 12, was wrecked early yesterday morning, 12 miles west of Rat Portage. Ten cars were thrown over a 50-foot embankment, destroying over $10,000 worth of freight and rolling stock. This happened at 1 a.m., and the line was cleared in six hours. No one was killed or dangerously injured, the crew having a miraculous escape.

One May Die.

Montreal, Feb. 4.—Three passenger coaches of the night C.P.R. train on the Laurentian Mountain section, left the tracks and tumbled down the embankment. Seven passengers were injured, Mrs. Maner of St. Agatha, probably fatally. This is the first accident to a passenger train on this section.

Perils of Railroading.

Hamilton, Feb. 4.—George Broadbent, employed at the G.T.R. roundhouse, had his leg broken yesterday afternoon. He was crushed between an engine and a water tank.

Passenger Train Wrecked.

Findlay, Ohio, Feb. 4.—The northbound Detroit limited passenger train, No. 4, on the Cincinnati, Hamilton and Dayton Railroad, was wrecked one mile north of Belmore last night. The accident was caused by a split rail. The chair and cafe cars toppled over, and Mrs. Florence Frasier, aged 50, of Sidney, Ohio, was killed, her skull being crushed. The conductor was the only one of the train crew seriously injured. About 12 passengers were injured.

Fell to His Death.

Montreal, Feb. 4.—George E. Robertson of the firm of George E. Robertson & Co., manufacturers and commission agents, of 32 Recollet street, fell down an elevator shaft, a distance of about 12 feet, yesterday afternoon, and died shortly after in the General Hospital.

Fell Thirty Feet.

London, Feb. 4.—A workman on the New Byron bridge, Herbert Franks, fell a distance of 30 feet yesterday and broke both arms, one leg and a rib. His recovery is probable.

YOUNG AGAIN AT SEVENTY-TWO

How Calixte Richard, J. P., Feels After Using Dodd's Kidney Pills.

They Make the Kidneys Strain out of the Blood all the Seeds of the Diseases That Trouble Old Folks.

Acadie Siding, Kent Co., N. B., Feb. 3rd. — (Special.) — After suffering for forty years from kidney trouble, Calixte Richard, the well known Justice of the Peace here, is fully recovered, and he says, that Dodd's Kidney Pills cured him.

"Yes," says Mr. Richard, 'I had Kidney Trouble for over forty years with the result that I was a worn-out man at seventy-two. Then I started taking Dodd's Kidney Pills, and the result is that the pain is gone from my back, and I am able to work again."

Dodd's Kidney Pills make the old feel young again. They make the Kidneys sound and sound Kidneys strain out of the blood the seeds of the diseases to which the old are subjected such as Backache, Rheumatism, Urinary and Bladder Troubles, etc.

Madman Kills Eight.

Victoria, B.C., Feb. 3.—A mad man ran amuck with a knife in a town of Borneo and before he was overpowered eight persons lay dead upon the street and seventeen others had been wounded. The information was received in port. The town where the wholesale killing occurred is known as Lahad Datu, and the headquarters of the Parvel Bay Tobacco Company are located there.

Killed By a Train.

Comber, Feb. 3.—Eben Moon, a farmer, of Rochester township, Essex County, was killed by the fast eastern M.C.R. express at an early hour yesterday morning, at Ruscombe station, four miles west of here. The unfortunate man was driving across the track at the time. His buggy was struck and demolished, but the horse escaped injuries. The body was badly mangled.

Death Was Accidental.

Toronto, Feb. 3.—"Purely accidental," was the verdict brought in by the coroner's jury, that enquired into the death of H. H. Barrett, the civil engineer, who fell out of a York street lodging house window.

MUZZLE CIVIL LORD

Daily Chronicle Suggests That Course to Premier Balfour.

LEE CREATED SENSATION

Recent Disposition of Naval Forces Would Enable Britain to Strike First If Trouble Occurred in the North Sea —British Fighting Power Practically Doubled Within Last Few Weeks.

London, Feb. 4.—A speech delivered in the Hampshire village of East Leigh Thursday evening by Arthur Hamilton Lee, Civil Lord of the Admiralty, has created a sensation.

In dealing with the recent distribution of Great Britain's naval forces, Mr. Lee frankly declared that Great Britain had not so much to keep her eyes on France and the Mediteranean, but had to look with anxiety, though not with fear, towards the North Sea, and the fleets had been so distributed as to enable them to deal with any danger in that direction, should it unfortunately occur.

If war unhaphily should be declared, he continued, under existing conditions the British navy would get its blow in first, before the other side had time to read in the papers that war had been declared.

He maintained that "by recent naval reforms Great Britain's strength as a naval fighting power had been practically doubled during the last few weeks."

The speech, which was delivered at a railway dinner, in no wise political in character, is commented upon in some of the London morning newspapers as exceedingly indiscreet and likely to be resented by Germany, at which it evidently pointed. The Daily Chronicle suggests that Premier Balfour should muzzle his Civil Lord of the Admiralty.

DEATH OF PULPIT ORATOR.

Rev. Dr. Smith Passes Away From Pneumonia At Galt.

Galt, Feb. 4.—Rev. J. K. Smith, M.A., D.D., for many years one of the foremost ministers of the Presbyterian Church of Canada and a pulpit orator of wide fame, died in his apartments at the Hotel Imperial here Thursday night from pneumonia, in the 78th year of his age.

The deceased was born in Aberdeen, Scotland, and was one of four brothers who entered the ministry. He had various important charges on both continents—in Canada at Ramsay, Lanark, Brockville, Galt, Halifax, Brockville and Port Hope; in the States at San Francisco, Cal.; and in Scotland at Forfar and other places.

In 1887 he was elected moderator of the Presbyterian Church. The degree of D.D. was conferred upon him by the Presbyterian College, Montreal. A widow, daughter of Captain James Cumming, of Williamstown, Ont., and his sons, William of New York and Ernest of Detroit, survive him.

NO DIFFERENCE

No distinction is made as to the kind of Piles that Dr. Leonhardt's Hem-Roid cures.

The names Internal, External, Bleeding, Blind, Itching, Suppurating, etc., are simply names of the different stages through which every case will pass if it continues long enough.

Piles are caused by congestion or stagnation of blood in the lower bowel, and it takes an internal remedy to remove the cause.

Dr. Leonhardt's Hem-Roid is a tablet taken internally.

It is a permanent cure and no case of Piles has ever been found it failed to cure. Money back if it does.

A guarantee with every package. Price $1.00 at any druggist's, or The Wilson-Fyfe Co., Limited, Niagara Falls, Ont.

FINAL MEETING.

Resignation of the Ontario Government a Matter of Hours.

Toronto, Feb. 4.—It is understood that the final meeting of the Ross Cabinet will be held to-day. The Government have practically concluded all the business which it was incumbent upon them to deal with, and unless unforseen circumstances arise to-day's meeting will be followed by their resignation, notification of which may not be made until Monday. As soon as the resignation is received the Lieutenant-Governor will, of course, call upon Mr. Whitney to form a new Government. A meeting of the Cabinet was held yesterday afternoon, but at its close the reporters were informed that there was no news for them.

Close Election.

Goderich, Feb. 4.—The recount for West Huron took place here yesterday before His Honor Judge Doyle, who got through the examination of the ballots but reserved his decision till to-day. It is stated that the result will either be a tie or one of a majority for either candidate.

Charters Gains Seven Votes.

Brampton, Feb. 4.—The recount of the votes cast in the Peel election took place before Judge McGibbon yesterday. The net result was a gain of seven votes for Charters, leaving the Liberal majority at 25.

Died Aged 109.

Watford, Feb. 4.—Probably the oldest man in the Dominion died in Brooke township yesterday in the person of John Holbrook, aged 109 years. Deceased was born in the County of Carlow, Ireland, and came to Canada at the age of 20. After residing at Smith's Falls for eight years he settled in Brooke, where he resided up to the time of his death.

Six Large Buildings Burn.

East St. Louis, Ill., Feb. 4.—Six large office and store buildings here were destroyed or badly damaged by fire yesterday, and several persons injured. The loss is estimated at $265,000.

Free, to any Woman who bakes her own Bread

Thousands of women are writing in every week for the "Royal Household" Recipes—they explain the new and easier way of making bread. Make a trial with the new Royal Household Flour, which is purified by electricity—you would not believe there could be such a difference in flour—these receipes are certainly worth asking for. Send a postal card to-day.

HERE IS JUST ONE TESTIMONIAL OUT OF MANY THOUSANDS RECEIVED.

Savonas, Three Mile Creek, B.C., November 26th, 1904.

I have been using your flour exclusively since I came to Canada, fourteen years ago, and have been using "Royal Household" since its introduction. To show you how I value it, my grocer lately could not supply me with it, and rather than use another brand, even temporarily, I sent to Kamloops, twenty-five miles away, and had it shipped to me per C. P. R., preferring to pay the railway charges rather than use an inferior brand. In fact, if I could not get it otherwise, I would ship it direct from the mills. I can always rely on having good bread when using it and nothing tends more to keep harmony in a home.

(Signed) MRS. T. SMITH.

Brother's Heroism For Brother.

Ottawa, Feb. 4.—Willie Armour of Carleton Place, aged 14 years, last week fell into scalding water and badly scalded his arms and chest. He was brought to the Protestant Hospital here and the scalds proved obstinate, not healing. The doctors decided that grafting was the only hope, and Robby, an 11-year-old brother, bravely consented to submit to the operation, parting with sufficient skin to save his brother. The operation is likely to prove eminently successful. The little brother's heroism is loudly praised.

Tisza's Cabinet Resigns.

Budapest, Hungary, Feb. 2.—Emperor Francis Joseph yesterday morning received in audience Premier Tisza at Vienna. The latter handed His Majesty the resignation of the Hungarian Cabinet. The Emperor has summoned Count Julius Andrassy, one of the foremost Opposition leaders, to Vienna.

EFFORT WAS FUTILE

Kuropatkin's Soldiers Could Not Drive Back the Japs.

HELD THEIR OWN ON THE HUN

Casualties Were Very Heavy From Jan. 25 to Jan. 29, the Japanese Losing 7,000 and the Russ ans 10,000 Men—Japanese Charge Russians With Mutilating Their Wounded.

Tokio, Feb. 4.—Manchurian headquarters, telegraphing Thursday, says that on that day the Russians resumed their activity in front of the Japanese left, and that there has been constant skirmishing along the fronts of both the opposing forces, exchanges of heavy artillery fire taking place. The Japanese again charged the Russians with mutilation of their wounded.

Portions of the report follow:

"On Wednesday, Feb. 1, in the direction of the right, small bodies of the enemy attacked us in all directions. Our outposts repulsed them. On Thursday, Feb. 2, from 6 o'clock in the morning, Russian artillery on the west front of Ta Mountain and Liuchiengtun, shelled Fangshen and Putsaowo and their vicinities. The enemy's infantry immediately surrounded Fangshen, but we repulsed them.

"In the direction of the centre on Thursday the enemy's artillery, situated about a mile and a quarter north of the village of Shakhe, and on Wenpao Mountain, bombarded the southern heights of Shakhe village. Constant collisions between scouts took place to the north of Chenglingtsu and Yaotun. In the direction of the left, on Thursday, the enemy's artillery fiercely bombarded Chenghiepao. Our artillery responded.

"The enemy has built a railroad from Suchiatun, which is five miles north of Lamuting, to Suhupao, and has opened traffic thereon. At eight o'clock on Thursday morning the enemy's field and heavy guns concentrated a fire against Yatsupao (two miles northeast of Chenghiepao). Subsequently a Russian division entered the village of Chengtun and despatched a brigade to attack us. We repulsed the brigade. Our pickets, consisting of an officer and 28 men, was surrounded near Huanglashatzo, Jan. 26. Our picket resisted to the last, when most of the wounded surrendered. The enemy mutilated all our wounded."

Field Marshal Oyama's Report.

Field Marshal Oyama, telegraphing Thursday, reports that the extreme Japanese left holds a line along the Hun River, with its extreme left established on the right bank. The main body of the Russians, after their defeat at Heikoutai, retired across the Hun River and occupied Muyupao, Shufangtai and a portion of Changtan. On Wednesday the Russians began constructing defensive works in the neighborhood of Shufangtai, Chungchiawopeng and Changtan. Russian cavalry patrols were seen Wednesday along the line of Tzuyuta, Pipaetzu and Yuhpaotazu. The Russians made a series of small attacks on the right army and the left flank of the left army, but were repulsed in each instance.

Details of the fighting from Jan. 25 to Jan. 29, which Field Marshal Oyama officially designates as the battle of Heikoutai, shows that the operations were more extensive, the forces engaged larger and the fighting more desperate than the first reports indicated. The Japanese casualties totaled 7,000. According to the Japanese estimate, the Russians lost over 10,000. The army fought in a driving snowstorm. It was bitterly cold and very difficult to see. A night attack delivered early in the morning brought success to the Japanese.

In his report Field Marshal Oyama says: "Our object had not been attained, so I encouraged all columns to make night attacks. All columns of the attacking force expected annihilation. We attempted several attacks and movements, but suffered heavily by the enemy's artillery, especially the machine guns. All columns continued the attack with all their might. The enemy, unable to withstand our vigorous attacks, began to retreat at 5.30 in the morning. Our forces, charging into Heikoutai, occupied the place firmly and entirely at 9.30 o'clock in the morning."

The Russian force engaged is estimated by the Japanese at seven divisions, with a division of cavalry. Prisoners report that the Fourth Russian Infantry Regiment was practically annihilated.

Russians Lose 100.

St. Petersburg, Feb. 4.—The Emperor has received the following despatch from Gen. Kuropatkin: "The Japanese, during the night of Jan. 31, attacked Djantanchenan, on the left bank of the Hun River, opposite Changtan. They captured the village, but subsequently were driven out with great loss. The Russian casualties were 100. The Japanese after a severe cannonade, re-attacked our forces at Djantanchenan at noon Feb. 1. The Russians first retired, but ultimately re-occupied the village although some outlying parts are still in the hands of the enemy. Up to Feb. 1, 133 Japanese prisoners have arrived at Mukden."

BOOZE OR MEDICINE?
Which will you have? If a woman suffering from one of the delicate ailments peculiar to your sex it will be well for you to know that Dr. Pierce's Favorite Prescription is the only remedy advertised for such maladies which is absolutely free from intoxicating liquors and all other harmful agents. The good you feel from its use is not the delusive exhilaration from a tippling beverage, from which the system reacts into a worse condition than before. It may be a little slower in manifesting its bracing and invigorating action, but its benefits are none the less positive and, best of all, they are lasting. It's an honest medicine—not a beverage.

"I have been taking your medicine for the last three weeks and can say I am gaining strength," writes Mrs. Jennie Khary, of 68 Third Madison Street, Mount Pleasant, Iowa. "I have been having very poor health all winter. I despaired of our family doctor ever getting me well while taking the medicine. I took Dr. Pierce's medicine several years ago, and knew it was good for any one suffering with female troubles. Have taken only two bottles and am gaining strength very fast. I sleep just as my sleep when I was well. Your 'Favorite Prescription,' 'Heart Remedy' and 'Golden Medical Discovery' restored me and I had cold and numb spells my heart would almost stop beating. Have had one child since first taking your medicine. If I continue with your treatment am positive I will be cured."

Every suffering woman in this land should write to Dr. Pierce and learn how certainly he can help her to health and strength. It costs nothing to write and positively free the advice of one of the most experienced physicians in this country. His great thousand-page book, the Common Sense Medical Adviser, in cloth paper covers, will be sent free for 21 one-cent stamps the bare cost of mailing it, sent to pay for cloth bound Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's ORIGINAL Little Liver Pellets first put up by Old Dr. R. V. Pierce over 40 years ago have never equalled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They gently relieve and cure Biliousness and Sick Headache. Invigorate and tone the stomach and their attendant disorders. One or two a laxative, three or four a cathartic.

Don't allow the dealer to insult your intelligence by offering his own remedy to you instead of this well-known preparation of Dr. Pierce.

WHAT IS BILE

The Important Work It Accomplishes.

How to Insure a Healthy Supply.

The principal work of the liver is the secretion of bile—a golden brown, mucilage-like substance, composed of certain liver elements or salts, mucus and coloring matter. It is the natural antiseptic and cathartic of the bowels. A torpid liver means deficient bile secretion, which later means constipation with its attending evils.

The bile plays a most important part in promoting healthy digestion. Its absence results in congestion of the bowels, with indigestion, and to correct this and secure healthy bile secretion Smith's Pineapple and Butternut Pills have a very selective action—in fact, they cure biliousness with the bilious headache, driving the fecal contents out of the body, which, if permitted to remain, would poison the whole system and rapidly undermine the general health.

Never permit yourself to become bilious. A sick headache, a sudden attack of indigestion, or a fitful diarrhoea with dizziness and a yellow-coated tongue call for the prompt use of Smith's Pineapple and Butternut Pills. They are by far the best remedy to empty the bowels and relieve congestive conditions. They act as a true tonic to the liver, preventing as well as curing constipation. One or two of these pills taken every night mildly stimulates the liver and corrects biliousness without the driving purgative effects of harsh drugs. Their gentle laxative action especially commends them to ladies, who bloat after eating and are subject to periodical headaches. To secure a healthy secretion of bile, thus establishing perfect bowel regularity, these little pills possess merits peculiarly their own, not found in other remedies.

Smith's Pineapple and Butternut Pills always cure constipation, biliousness and sick headaches in one night. All dealers, 25 cents. All genuine signed W. F. Smith.

A CURE AT THE PEOPLES PRICE.

SOSONOVICE STRIKERS ARE 40,000.

They Forcibly Drag Their Bosses to Place of Meeting—Bloody Riot At Lodz.

Sosonovice, Feb. 4.—About 40,000 men are now out on strike. At a meeting of strikers yesterday the men forcibly dragged officials belonging to the management of various concerns to the place of meeting. All the speakers insisted on the preservation of order. The men's demands include a minimum wage of 75c. a day, eight hours to constitute a day's work; various reforms in factory management and old age pensions. After the meeting 12,000 strikers marched six miles to the Dombrovad district in perfect order, but everywhere persuading workmen to strike. Yesterday afternoon strikers went to the railway station of Streshemeshiz, seized and bound the officials, wrecked the station buildings and stopped trains in both directions.

Bloody Riot At Lodz.

Berlin, Feb. 4.—The Lokal Anzeiger's Warsaw correspondent reports that at Lodz there was a bloody encounter on Friday, the military firing on strikers and causing great havoc. In the fight several days ago, the correspondent says, sixteen strikers were killed and fifty-eight wounded, of whom thirty-eight were severely injured.

Barons Take a Head.

Moscow, Feb. 4.—At a private meeting of the Provincial nobility yesterday, after a discussion of the reform propositions, it was decided to vote for a modified form of address to the Government to the effect that the nobility are eagerly awaiting a word from the Emperor which would show that the bonds uniting the throne and the people are still unbroken and the Emperor would, when he deemed advisable, summon elected representatives of the people to participate in the Government.

HIS MAJESTY THE CZAR.

Receives Deputation of Five Workmen At Tsarskoe Selo.

London, Feb. 4.—A news agency despatch from St. Petersburg says Emperor Nicholas yesterday received at Tsarskoe Selo, a deputation of five workmen from the State Printing Works. His Majesty questioned each man closely regarding the character of the work and hours of employment, expressed satisfaction with those who had conscientiously performed their duty and said he hoped to visit the establishment in person. The audience took place in the great hall. His Majesty, in dismissing the delegation, asked them to convey thanks in his name to their comrades, who had done good work in the service of the state. He expressed satisfaction with the hearing of the delegates.

To Try Gorki.

St. Petersburg, Feb. 4.—It is the intention of the Government to bring Maxim Gorki and seven other authors and publicists to trial on political charges. Governor-General Trepoff, who received the Associated Press yesterday, said: "The whole case is now in the hands of the Ministry of Justice, which is conducting the investigation, at the conclusion of which the procurator general will decide whether the prisoners shall be tried by a civil or a military court."

Six Persons Die.

Lodz, Russian Poland, Feb. 4.—In a conflict between troops and strikers at the Kounitzer factory here yesterday, the former fired, killing six persons and wounding 48. Shooting also occurred at the Keller lace factory.

Gorki Still Locked Up.

St. Petersburg, Feb. 4.—The report of Maxim Gorki's release is incorrect. Three of the eight members of the delegation to Interior Minister Sviatopolk-Mirsky—Hesson, Miakotin and Karcieff—who were arrested Jan. 21, have been released provisionally, pending an investigation.

DRAGGED 100 YARDS.

Frank Cochrane, Mentioned For Cabinet Portfolio, Loses Right Leg.

Toronto, Feb. 4.—Frank Cochrane, a well-known mining expert of Sudbury, met with an accident Thursday by which he lost a leg. He was returning on the Soo Express from Toronto and alighted at Wahapitae for a few minutes. In attempting to board the moving train he fell between the coaches and caught the coupling pins as he fell, holding on this way while his leg was ground under the wheels. He was dragged 100 yards before the train was brought to a stop. At the hospital at Copper Cliff his right leg was amputated below the knee by Drs. Gibson, Webb and Howey.

Mr. Cochrane is one of the best known Conservatives in New Ontario, and no man is better informed on mining. He was a candidate a year ago in West Nipissing, and was defeated. He has been mentioned in connection with the new ministry of mines to be established by Mr. Whitney.

Actor Accidentally Shot.

Prince Albert, Feb. 4.—Tom Marks, the actor, was accidentally shot in the foot in a hotel here. The weapon was in the pocket of Corporal Spaulding of the N.W.M.P., who had taken it from a drunken man. Marks' injury is not serious.

A Year For Bigamist.

Toronto, Feb. 4.—Harry Harris will spend a year in the Central for bigamy.

Lavina Purcell, aged 17, unhappily married and convicted of theft of a fur coat, was given six months in the Mercer.

LATEST SPORT

HOCKEY.

Now for Smith's Falls.

[redacted]

In all future matches goals will count, not matches.

• • • •

St. Andrew's Guards challenge McWilliams' "Clear Grits".

• • • •

Woodstock and Berlin look to be the strongest in the West.

• • • •

The seniors will leave on the 11.35 train for Smith's Falls on Monday.

• • • •

Smith's Falls won their district by default, the other teams dropping out of the running.

The team had a fine practice last night. All the boys will be in shape for Monday's game.

• • • •

The Farriers and Karnots with either the T. A. S. or Colonials will go into the semi-finals in the City League.

• • • •

Thursday night between 5.15 and 6.45 the Cereal Office team played Hickey's Terriers and were defeated by a score of 4-3.

• • • •

This morning a fast game of hockey was played at "Strathcrmond" rink when the "H.C.L's" and Alerts played a tie game.

• • • •

This is the first year since 1902, when the championship came this way, that the Peterboros have won the district championship.

• • • •

Rockey Hockey Hockey

The Strollers, of Kingston, are trying to arrange a game here with the juniors, says the Whig.

• • • •

Port Perry has not been beaten at home this year. The rink is small and poorly lighted and visiting teams are at a great disadvantage.

• • • •

Markham won from the Intermediate St. Georges by 9-8 in extra time at Markham Thursday night winning the championship of Group No. 2.

• • • •

If the locals keep up their great scoring record in home games, there will be something doing before many weeks are passed. In four games the team has scored 46 goals to their opponents 18 or an average of 11½ to 4. All of which is pretty fair work.

• • • •

The Ontario Bank hockey team went to Lakefield yesterday and lost to the team of that place by 7-1. At half time the score was 3-0. Lakefield scored most of their goals on long lifts, the poor lighting bothering the Bankers defence greatly. The Bankers team was:

Goal,—Sawers.
Point,—Edwards.
Cover point,—Brownscombe.
Forwards,—Mulhern, McFarlane, Strickland and Greene.

• • • •

One of the fast forwards on the George Street Guild team, it is understood is nursing a lame leg since the last game in which the team participated. It is expected, however, that with the careful and tender attention which he is receiving, he will be able to be out again in a few days.

• • • •

An interesting game of hockey was played on Wednesday night at the Y. M. C. A. rink, when the Northern Lights met and defeated the Rough Riders by a score of 5-1. The line-up was:—

Rough Riders.—Goal, S. Hero; point, K. Clancy; cover point, C. Stevens; rover, C. Holland; centre, Primeau; right wing, O'Shea; Left wing, O'Toole.

Northern Lights.—Goal, J. Coughlin; point, L. Miller; cover point, A. Coughlin; centre, J. Revoy; left wing, Harigan; right wing, Brotherson; rover, Guerin.

Referee—L. Hogan.

• • • •

PETERBOROS' ARE DISTRICT CHAMPIONS

Lindsay's Defeat at Port Perry Last Night Settled the Question.

Port Perry put it all over Lindsay last night by 12-3 at the former place, giving the locals the district championship without any more games being played. Both Lindsay and Peterborough are scheduled to play again in Port Perry, but as the result of these games will not affect the standing of the teams, the games will not be played. The standing of the teams is now as follows:—

	Won.	Lost.
Peterborough	5	3
Lindsay	3	4
Port Perry	2	4

• • • •

CURLING.

The rink skipped by Little, of Lindsay, Thursday, defeated Flavelle's Winnipeg rink the night before by 17-4, so that the local rink which went up against Little's aggregation had no snap.

• • • •

PETERBORO' CURLERS WON FROM KEENE

Local Players Were 5 Shots to the Good Yesterday.

Three rinks of local curlers journeyed to Keene yesterday to play a friendly game with the team of that place. The ice was in good shape and the games were interesting and closely contested, Peterborough winning by five shots. The following were the rinks and scores:—

Keene.	Peterborough.
J. Moore	J. E. A. Fitzgerald
Dr. McWilliams	H. Foote
J. R. McIntyre	J. S. Knapman
M. Kennedy, sk 15.	T. Brightman, sk 21.
J. Reid	Dr. Eastwood

Dr. Shaw	A. Moore
G. Brown	G. Stephenson
C. Bell	T. H. Wallace
J. McCamus, 22.	W. G. Ferguson, sk 13.
Total, 47.	Total, 53.

Majority for Peterborough, 5 shots.

ARROWS WON FROM ALBERT COLLEGE

An Interesting Basket-ball Match at the Y. M. C. A. Last Night.

The Arrow basketball team won a comparatively easy victory over the Albert College team of Belleville, at the Y. M. C. A. last evening before a large number of spectators. The score was 39-14 in favour of the locals. The play was interesting and especially in the first half was quite close. In the second half the visitors played loosely and the home team had things in their own hands. Lack of combination was the chief defect in the visitors' play. The game was a clean one and but few points were scored from fouls. At half time the score was 14-3. The Arrows' team was:—Defence, W. Miller and J. Ross; centre, A. Hodgson; forwards, M. Robinson and F. Richardson. Referee—P. K. Holmes. Umpire—W. Campbell.

A very interesting programme was presented during the evening. The school boys gave some interesting marching and a special tumbling squad by the junior school boys Leaders' Corps was well executed. The parallel bar work by the senior school boys Leader Corps was cleverly done. Vocal solos by Messrs. Homer Herd and J. Sproule and instrumental numbers by Mr. F. McCoy were highly enjoyed.

THE BREAD SLEIGH TOOK A SPILL

Was Run Into and the Staff of Life was Scattered.

Complaints are being made from time to time of reckless driving on the streets, and a number of minor accidents are being reported caused by this recklessness.

Yesterday a bread sleigh owned by the Lush bakery came to grief at the corner of McDonel and Water streets, by being run into by a heavy sleigh, which came around the corner driven rapidly, and before the driver of the bread sleigh could get out of the way his rig was struck and considerably smashed up. The bread flew in all directions, and the horse which became detached from the sleigh ran away until it was caught down the street. Luckily no one was hurt, but the accident might easily have been more serious and some steps should be taken to put a stop to what has developed into a dangerous practice, indulged in by the divers of a number of heavy sleighs in town, and it is said that those driving wood sleighs are the worst offenders in this respect.

FOR WOMEN

Much That Every Woman Desires to Know

About Sanative Antiseptic Cleansing

And about the Care of the Skin, Scalp, Hair and Hands

Too much stress cannot be placed on the great value of Cuticura Soap, Ointment and Resolvent in the antiseptic cleansing of the mucous surfaces, and of the blood and circulating fluids, thus affording pure, sweet and economical local and constitutional treatment for weakening ulcerations, inflammations, itchings, irritations, relaxations, displacements, pains and irregularities peculiar to females. Hence the Cuticura remedies have a wonderful influence in restoring health, strength and beauty to weary women, who have been prematurely aged and invalided by these distressing ailments, as well as such sympathetic afflictions as anæmia, chlorosis, hysteria and nervousness.

Women from the very first have fully appreciated the purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy which have made the Cuticura remedies the standard humour remedies of the civilized world.

Millions of women use Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for annoying irritations and ulcerative weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves, as well as for all the purposes of the toilet, bath and nursery.

Cuticura Resolvent, Pills and in the form of Chocolate Coated Pills, Cuticura Ointment and Cuticura Soap are sold throughout the world. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Australia, R. Towns & Co., Sydney; Boston, 137 Columbus Ave. Potter Drug & Chemical Corp., Sole Proprietors.

Send for "A Book for Women."

MRS. HELEN HENRY DIED IN CAMERON

Mother of Mr. Wm. Henry of Town—Dies at a Ripe old Age.

The death occurred at Cameron, Fenelon Township, Friday morning, of Helen Patterson, relict of the late James Henry, and mother of Mr. Wm. Henry, of the Children's Aid Shelter.

The deceased died of pneumonia, after an illness of three weeks' duration, this being the first illness in a life time of 83 years.

Surviving her are three daughters,—Mrs. Thomas Maunder, of Mariposa; Mrs. John Cameron, of Bryson, and Mrs. Douglas, of Lindsay; as well as three sons,—Alexander, at home, and William, of town. Deceased was born in Scotland, all her children with the exception of Alexander and Maggie being also born there.

The body will arrive in town on the nine o'clock train this evening. The funeral will take place on Monday morning at ten o'clock, from the residence of Mr. Henry, corner of Charlotte and Stewart streets, and proceed to the Little Lake Cemetery for interment. The husband of the deceased was buried here about two years ago.

NARROW ESCAPE FROM INSTANT DEATH

Lady Tried to Cross G. T. R. Track at Charlotte Street.

What might easily have proved a fatal accident was very narrowly averted about noon to-day at the G.T.R. crossing on Charlotte street. The gates were down as there were trains moving on the tracks. As soon as one train had passed, a lady went under the passenger gate and started to cross the track. She was watching the train which had moved to the south and did not look to see the Lakefield train approaching from the north. The engineer, fortunately, saw the lady on the track and shut down the emergency brakes and shouted at her, just in time to save her life.

Frequently of late narrow escapes of this nature have been reported at both the Charlotte street and Simcoe street crossings. If the public will not pay heed to these gates, their usefulness will be lost, and serious accidents are bound to ensue. Trains are often arriving both from the north and south and to attempt to cross the tracks such as was done this morning is extremely dangerous.

The Examiner has been asked to urge upon the public the necessity of taking greater precaution in regard to these crossings.

Sunday Content.

"A Sunday well spent brings a week of content." Come to the Peterborough Bookstore and get your Sunday reading. All the new February magazines are now in, besides the best selling books. Special Bible sale to-night — Bibles with teachers' references; well lined, solid leather back. Denistoun's patent index, only $1.95. A. H. Stratton & Co.

RUGBY BOYS ENTERTAINED

Guests of Mr. and Mrs. C. G. Graham on Friday Evening

Presentation to the Popular Secretary-Treasurer of the Club.

The Peterborough Rugby Club last night were hospitably entertained at the home of Mr. and Mrs. C. G. Graham, Grand Central Block. The affair took the form of a complimentary banquet to the Club by Mr. Graham, who has held the office of Secretary-Treasurer for the past two years.

The arrangements were most complete and altogether the members spent one of the most enjoyable evenings in the history of the Club. At the conclusion of a most excellent supper, an informal toast list was run off. The toast-master being Mr. E. S. Clarry, President of the Club. Captain Wm. Crowley, in proposing the toast of the Secretary-Treasurer, made eulogistic reference to Mr. Graham's work in that capacity. He spoke of the very high esteem in which Mr Graham is held by the young men of the town generally. He concluded his remarks by asking Mr. Graham to accept as a token of esteem from his fellow Club members a beautiful pair of gauntlets.

Mr. Graham who was not aware of what was in store for him, replied in appropriate words, and thanked the members of the club for their kindness towards him on this and other occasions. He hoped that the pleasant association between him and and the Rugby Club would continue for many years to come.

Other toasts were responded to, which, together with songs and recitations, made up a most interesting programme.

A feature of the evening was the presentation to the membrs of the team, of a large group picture of the team of 1904.

The boys all expressed their sincere thanks to Mr. and Mrs. Graham for the hospitality extended them, and the evening was brought to a close with the singing of the National Anthem.

TO-DAY'S MARKET

Oats the Highest Price of the Season To-day—Other Prices.

There was a fairly large market this morning. No marked variations in prices were noticed, being much the same as last week, with the exception of oats which have taken a sharp advance during the week.

Chickens were offered at from 90c to $1.25 per pair.

Quite a large number of turkeys were noticed, the prices ranging from $1.75 to $2; geese, which appeared to be scarce, went for about $1.25. The quantity of pork offering was quite large, prices ranging from 8c to 9c. Live weight prices were from $5.40 to $5.75. Hind quarters of beef, of which there was also considerable offered, went for 6c.; forequarters bringing 5c. Eggs were fairly plentiful, and brought 28c. There was also no scarcity of butter; it went at 24c. Hardwood was offered at from $6 to $7, tamarack bringing $4.50. There was considerable timothy hay in the morning but it appeared to go out very quickly at prices ranging at from $9 to $10 per ton. Clover hay was not much in evidence although some was offered at $8. Oats reached their highest point since the advance began, the price to-day being 40c.

LOST.

LOST.—ON FRIDAY, BETWEEN THE rink and Mr. Potvin's store, a vocal music book. Finder will greatly oblige by leaving same at this office. 5128-2t

BOY WANTED — TO CARRY ROUTE in the North-western portion of the town. Apply at this office. dtf.

CHANGED HANDS.

LeGree' Cigar Store and Barber Shop.

The undersigned has purchased from the LeGree' estate the Cigar Store and Barber Shop so long known by that name, and will continue to carry on the business in future in the same premises, under the name of

Mac's

Cigar Store and Barber Shop.

The Tobacco and Cigar Store will be re-stocked with the choicest goods on the market, including the most up-to-date Smokers' Sundries of all kinds.

The Barber Shop will undergo such a complete change as to make it second to none. That means quick service, no long waits, and good work. We promise you'll find a good barber at every chair. "You're next."

I therefore solicit a share of the public patronage, assuring customers that my own personal attention will be a guarantee that both branches of the business will be conducted in a manner to give entire satisfaction. Wish out for your trade. The services of Mr. LeClair, who has been connected with the business for so many years, has also been retained.

T. W. McDonough.

Formerly of Hamilton.

The Robe and Coat Event of the Season.

THE BEGINNING OF FEBRUARY MARKS AN IMPORTANT EVENT—A CLEARING SALE OF FUR ROBES AND FUR COATS.

As Furs have been getting higher and higher priced each season and this sale's prices will be lower than last season's prices, isn't that reason enough for present buying?

Read our short list of February prices, which you will find but a sample of what we are doing in our entire Fur stock, and then figure it out if it isn't better than banking money.

3 only pieced Grey Goat Robes, extra large size, regular $6.00 ..... now $4.00	2 only Coon Skin Coats, whole skins, reg. $40.00 qualities .... now each $30.00
6 only Black Mountain Bear Robes, extra large size, regular $15 .... now $11.00	8 only Coonskin Coats, whole skins, reg. $60 qualities ..... now each $37.50
8 only Black and Brown Mountain Bear Robes, large size, reg. $18. now $9.00	10 only Coonskin Coats, whole skins, reg. $65.00 quality ..... now each $50.00
3 only Buffalo Calf Robes, large size, reg. $25.00 ..... now $19.00	4 only Australian Coon Coats (best quality) reg. $45.00 quality, now each $35.00
6 only Black Russian Dog Coats, regular $20.00 ..... now each $14.00	6 only Astrachan Jackets, regular $40.00 quality ..... now each $30.00
4 only Brown Calf Coats, reg. $25.00 qualities ..... now each $18.00	13 only Ladies' Fur-lined Jackets, 1 price, $15.00 for $7.50, $25.00 for $10, etc.

You will see from Above that Prices are Reason Enough

for the purchase of these high-class Furs, but there are others. Protection of health should not have money consideration. An hour's exposure to extreme weather might cause irreparable damage—and don't forget the after years of comfort. Come in and have a look through, as our stock is not of the cheap class made so often for no other purpose than to be sold by auction, but is all home manufactured and guaranteed.

ELECTRICAL DEVELOPMENT

Mr. F. Nicholls Delivers an Address on Niagara Power

An Interesting Address—6,750,000 to 16,800,000 Horsepower at the Falls.

An address, quite unique in its topic, one of fascinating interest, "Niagara's Power, Past, Present and Prospective," was delivered before the members of the Empire Club, Toronto, on the 19th ult., by Mr. Frederic Nicholls, vice-president, and the General Manager of the Electrical Development Company, of Ontario, and president of the Canadian General Electric Company.

No natural object has excited more wonder, admiration, curiosity, or scientific speculation, or has been the theme of more descriptions and comment by travellers than the Cataract of Niagara. It seems to be entering upon another marvellous phase as the producer of electrical power on an enormous scale. When first seen by a white man in 1697 he cannot but have been over-powered by a sense of the prodigious force of the falls as manifested by the thunderous roar of the waters as they struck the channel 160 feet below the rocks over which they have been pouring for thousands of years, wasting inconceivable power. Geologists affirm that the waters which now flow through Lake Erie and the Niagara River, ages ago ran along the Ottawa Valley and one scientist predicts that in time the Great Lakes will drain into the Mississippi by way of Chicago.

The water power of the Niagara River is estimated to be from 6,750,000 to 16,800,000 horse power. Sir William Siemens, in 1877, was the first to suggest the utilisation of this power by converting it into electricity. Soon after Lord Dufferin, then Governor-General, urged that a strip of land along the river side, be devoted to a public park. This, after a long delay, was done. The land was bought and debentures issued by the Ontario Government to meet the cost. The park, named after Queen Victoria, was placed in the care of three commissioners who employed an eminent scape gardener, well known in Montreal, to lay out the land so as to give picturesque views of the Falls. A small charge was made to use the park in the hope thus to cover the interest on the debentures, the salaries of the superintendent, Mr. James Wilson, C.E., who is well known in Montreal, an office-clerk and other officers. The revenue, however, was far below the needs of the park. Numerous offers soon began to flow, in from prospectors in the United States and England for the right of constructing works to utilize the river for electrical purposes. Eminent electricians visited the park to report on proposed schemes. One scientist, who was then, and remains still, in an eminent position as an expert, was not enthusiastic over the project, as he regarded the transmission of an electric current for ten miles as having no promise of commercial success.

Events move rapidly in the electric sphere. Several optional agreements were entered into which came to nothing and there was every probability that the enterprise of "harnessing Niagara" as a producer of workable power would be in the hands of Americans.

In January, 1903, a franchise was granted to the Electrical Development Company of Ontario, the capital of which, $6,000,000, has been exclusively subscribed and paid for by Canadians. The following directors were elected by the shareholders on the 21st of March, 1903: Messrs W. Mackenzie, Col. H. M. Pellatt, Frederic Nicholls, Senator Cox, and Jas. Ross. Col. Pellatt was elected president, Frederic Nicholls, vice-president, and general manager, and Wm. McKenzie, 2nd vice-president. The works will have a capacity of 125,000 horse-power. The ten mile limit of transmission has been so extended that the company has secured contracts to supply power to Toronto, and transmission lines are proposed to other points within a distance of 150 miles from the Niagara Falls Generating Station. It is anticipated that power can be supplied so cheaply that manufacturing enterprises will be established in the Niagara District, converting the whole of that district into a hive of industry.

As an exhibit of Canadian financial and organizing capacity the electrical works at Niagara Falls may challenge comparison with any in the world.

ANNUAL MEETING OF BACHELOR CLUB

The Members of B. A. C. Club Elect Officers and Recieve Reports.

On Saturday night the annual meeting of the B.A.C. Club was held in Long's palm parlours, when the reports of the various officers were received, and the officers for the year elected. Preceding the business meeting an oyster supper, served by Mr. Long, was enjoyed.

The retiring president, reviewed the past year, the first in the history of the club, and made some suggestions with reference to the future policy of the organization, after which Mr. E. M. Best, secretary-treasurer, presented the financial statement, which showed the existence of a satisfactory state of affairs.

The election of officers resulted as follows:

President—E. M. Best.
Vice-President—R. N. Jolliffe.
Secretary-treasurer—J. W. Wood.
Additional member of the executive—Mr. S. S. Moore.

A number of new members was received into the club after the usual formality.

—The Ladies' Aid Society of the Charlotte street Methodist church, will hold their annual meeting in the parlour of the church on Tuesday afternoon.

J. SUTCLIFFE & SONS

LOCK COMPANYS ANNUAL MEETING

Reports Showed Company to be Prosperous

Usual Dividend of 6 per Cent was Declared and Sum Added to Rest Account.

The annual meeting of the Peterborough Lock Manufacturing Company took place this afternoon, at the office of the company. The directors' report showed the company to be in a prosperous condition, the past year being one of the most satisfactory since the commencement, nineteen years ago. The employment to the men was steady throughout the year, and the quantity of manufactured goods disposed of the largest in its history. Ten years ago the company melted only ten tons of iron per year; now they melt over 250 tons per annum.

The following officers were elected:

President—Hon. J. R. Stratton.
Vice-President—A. L. Davis.
Directors — W. G. Morrow, T. H. Fortye, and Wm. Irwin.

The company paid the usual dividend of six per cent., and carried a good sum to rest account.

WERE KILLED SLEIGH-RIDING

Fatal Accidents From Which Lessons Should be Learned

Many Children in Peterborough Risk Their Lives—Practice Which Should be Stopped.

In the Toronto Sunday World, two despatches appeared from which lessons may be learned. They are as follows:—

Battle Creek, Mich., Feb. 4. — While a party of eight boys were coasting down Beech street hill here to-day their bob-sled crashed into a rapidly moving Michigan Central train. George Landy, aged 12, was instantly killed and Leo Sharkey, aged 10, had his left leg severed by a car wheel. The other six lads were not injured. Five of them fell or rolled off the whizzing bob. The sixth uninjured lad was thrown on the pilot of the engine when the sled struck it and managed to clutch the flagstaff. He clung to it desperately until the train was stopped.

Detroit, Feb. 4th.—Eight children, hitching behind a sleigh on hand sleds, were struck by a street car at the corner of Sixth and Abbott streets to-day. Four of them were seriously hurt, one fatally, and the others escaped with minor bumps and injuries. Marion Donovan, aged 17, died later, and John Donovan is in a critical condition. The others were badly cut and bruised.

The Examiner has already this winter called attention to the dangers of riding on sleighs, and gave one instance of an accident, but it appears that this warning was not sufficient. Nearly every day children may be seen riding down the hill on Hunter street, from the Cathedral and crossing the G. T. R. tracks. It would seem to be hardly necessary to point out the danger of this practice, but apparently this danger is not regarded as being serious, or at any rate it is not heeded, and it is quite probable that some of these days an accident similar to that recorded above will teach them a lesson which will be dearly learned.

PLENTY OF WATER IN THE OTONABEE

For Power and Navigation Purposes if Properly Regulated.

The contention, frequently made, that the headwaters of the Otonabee were insufficient for canal purposes, is not tenable, facts showing that proper conservation and regulation of the waters in the north, will yield an abundant flow, not only for canal purposes but for the equally important purposes of power development.

In anticipation of the ratification of the arrangement for the transfer of the jurisdiction over certain dams in the northern waters from the Ontario to the Dominion Government, the control of these has been placed in the hands of Mr. J. H. McClellan, canal superintendent. The result has been that a careful use of stop logs and other means has resulted in a steady and sufficient flow of the river to the advantage of mills and power development, the latter especially requiring steady supply. The fact that, in an unusually dry season following an autumn practically without rainfall, there is by the regulation of the waters by Mr. McClelland, a steady and sufficient supply of water, proves undoubtibly that in a season of normal rainfall, with proper regulation of the northern waters, there will be an adequate supply of water for all purposes. And when dams are reinforced and more complete conservation means adopted, there is no reason to doubt that the problem of adequate water power in the Otonabee for power and navigation purposes is satisfactorily solved.

Semi-ready Trousers.

An extra pair of trousers will often save the cost of a new suit of clothes.

We would like to sell you a pair—if we did, we think we would make you a regular customer.

Why not give us an opportunity to prove our claim to you—that Semi-ready clothing is superior in design, fit and workmanship to the average tailor garments?

If you would be a judge to the extent of one pair of trousers—we will be perfectly willing to abide by your decision. We have them in prices ranging from $3.50 to $7.00

449

Semi-ready Tailoring

CRESSMAN'S, PETERBORO'

REQUEST OF THE DUCK HUNTERS

Want no Exclusive Rights Granted to Anyone in Rice Lake.

Mr. Edwin Foley and Mr. John Dinsdale, of Keene, the former the President of the Keene Gun Club, were in town today and circulated a petition for signatures to ask the Government to protect the rights of those living in the vicinity of Rice Lake in shooting ducks and to protest against granting any exclusive rights in any part of the Lake.

These gentlemen report that they have met with splendid encouragement in circulating the petition and none had refused to subscribe to the petition, which is as follows:—

To the Hon., The Minister of Public Works:—

Sir,—We, the residents of Keene, the vicinity contiguous to the waters of Rice Lake, see with alarm that the shooting in these waters has not been protected heretofore as it should have been and regret that the sale of ducks is allowed. Also that certain parties are trying to secure the option of exclusive shooting in the said waters.

We humbly ask that you prohibit the sale of ducks and do not grant any license to any parties for exclusive shooting, but reserve it to us, as is undoubtedly our right, and we hereby agree on our part to do our utmost to see that the law is not infringed in any way. Trusting that you may see fit to grant our petition, we, your petitioners, as in duty bound, will ever pray.

This particular petition had 91 signatures when it was presented to the Examiner, and it was represented that there were a number of other petitions couched in similar terms, which were also largely signed. These will be presented to the Minister of Public Works in the course of a short time, and those who have the matter in charge are hopeful that their request will be granted.

ARCHIE MITCHELL CALLED AWAY

Young Man who Formerly Lived Here Died in Fergus.

Mr. Robt. Kerr, of Richard Hall & Sons, received a telegram this morning from Fergus, informing him of the death in that town this morning of Mr. Archie Mitchell, who prior to his departure from town was employed on the staff of that store in the capacity of decorater. He has been away from here some months now, and has been sick ever since, and in fact left because of ill health.

Previous to his connection with the Richard Hall store, which was of about a year's duration, he was employed with J. Sutcliffe & Son, and during his residence here he became quite well-known and was popular with those with whom he was associated.

His death was not unexpected, but the intelligence cannot help causing regret among his friends here.

The funeral will take place on Wednesday at 2.30 o'clock at Fergus.

Comparative Reduction Sale at ROUTLEY'S.

FINANCES ARE IN GOOD SHAPE

Statement Presented at Annual Meeting of Norwood Board.

Mr. Squires was Elected Chairman—Other Business Transacted.

(From Our Own Correspondent)

Norwood, Feb. 1. — The annual meeting of the Norwood Public and High School Boards of Education, was held to-night with the following members present: Messrs. J. Breckenridge, C. A. Waters, E. P. Cuffe, P. W Stevenson, J. A. Finlay, Dr. Robertson, Thos. Fraser, Thos. Waller, A. S. Harrison, H. Drain, J. L. Squire.

C. W. Waters, Thos. Waller, A. S. Harrison, and J. L. Squire took the declaration of office.

The county appointment had not as yet been received.

The secretary called for nominations for chairman, and it was moved by P. W. Stevenson, seconded by J. Breckenridge, that Mr. J. L. Squire be chairman for the coming year.

There being no other nomination, Mr. Squire was made the unanimous choice of the board.

The minutes of the last annual meeting and also the last regular meeting were read, and upon amendment, approved.

The standing committees were then drafted as follows:

Executive Committee — Messrs. J. L. Squire, P. W. Stevenson, C. W. Waters, E. P. Cuffe and T. Fraser.

Property Committee — Messrs. Dr. Robertson, A. S. Harrison, Thomas Waller, Hugh Drain, A. Finlay.

Supply Committee — Messrs. E. P. Cuffe, C. W. Waters, A. S. Harrison, Thos. Fraser, Hugh Drain.

Finance — Messrs. J. A. Finlay, P. W. Stevenson, Thos. Fraser, E. P. Cuffe, Dr. Robertson.

Dr. Robertson submitted a testimonial for Mr. Closs, late Science Master in the High School.

Mr. A. J. Finlay reported on behalf of the Finance Committee, as follows:

FINANCIAL STATEMENT.

Total expenditure 1904 per auditors' statement	$8,772 32

Deduct outside revenue as above	550 00
Balance, net amount paid by Corporation of Norwood and Township of Asphodel for maintenance of Public School and Model School in 1904.	$2,236 36

The report was received.

Moved by Dr. Robertson, seconded by H. Drain, the following resolution:—

Resolved, that it shall be the duty of the chairman of the Property and Supply Committees to furnish to the Board monthly statements of all expenses incurred within their departments.

Moved by Dr. Robertson, seconded by Hugh Drain, that the Special Committee, composed of Messrs. Squire, P. W. Stevenson, E. P. Cuffe and Dr. Robertson, investigate the matter of coal consumption and report at next meeting, and also consider the duty of the janitor, etc.

The report of Mr. Davidson, re attendance of school was presented, and showed that the attendance was 120, and 116 paid fees. Mr. Davidson's report was very favourable, regarding attendance, teachers, and decipline. Mr. Davidson on the suggestion of High School Inspector Seathe, recommended the procuring by the Board certain appliances and apparatus costing in the neighbourhood of sixty dollars.

Moved by Messrs. Stevenson and Waters, that the matter of equipment for science department be left in the hands of the Supply Committee.—Carried.

A communication was received from Mr. R. H. Leighton, asking for increase of salary.

Moved by Messrs. Waller and Breckenridge, that the communication be laid over for consideration at the next meeting.

A communication from Mr. George Jones, asking increase of salary.

Moved by Messrs. Drain and Waller, that the Board advertise for a janitor, and his duties be defined.

An abstract of the auditors' report was presented and it was moved by Messrs. Cuffe and Harrison, that the auditors' report be placed in the hands of the Finance Committee.—Carried.

The following accounts were presented:—

Copp, Clark Co.....	93 51
Mr. Nicholl	67 33
A. Fife.....	50 00
Mrs. D. Harrison	3 75
Mr. Jones.....	15 00
Dr. Patterson.....	31 65

Moved by Messrs. Stevenson and Drain, that the accounts as presented be referred to their several Committees and if found correct, paid; except the accounts of Copp, Clark Co. and Dr. Patterson, which are to be paid as presented.—Carried.

Moved by Messrs. Stevenson and Drain, that the Board of Health be notified that in the future in case of fumigation of schools the Board of Education request that it be left in the hand of the Board of Education.—Carried.

The meeting then adjourned.

GROWING UP

There's something the matter with the child that fails to grow up. A child that grows up too much, however, without proper filling out of flesh, is almost as badly off. Nothing will help these pale, thin "weedy" children like Scott's Emulsion. It supplies the rounding out of flesh and the rich inward nourishment of blood and vital organs which insures rapid growth a healthy and uniform development.

APPOINTMENTS FOR THE YEAR

Were Made by the County Council.

Several Committees Reported—Friday Afternoon and Saturday's Sessions of the Council.

FRIDAY AFTERNOON.

The County Council resumed its session at 4.40 after having spent the day in Committee work.

APPOINTMENTS.

The Committee on Appointments presented its report through Mr. Menogue, recommending that,—

That Mr. John F. Doherty, of Norwood, be appointed a Trustee of the Norwood High School.

That Mr. Robert Shaw and Mr. E. A. Peck be appointed members of the Board of Audit on Accounts in connection with the Administration of Justice.

That Mr. John E. Belcher, C.E., be appointed County Engineer, his remuneration to be for such services as he shall be called upon by the authority of the Council, to perform.

That Dr. William Caldwell be appointed Gaol Surgeon at a yearly salary of $150.00, payable as formerly, the sum to cover all his expenses.

That Mr. Henderson Nesbitt be appointed Caretaker of the Court House at a yearly salary of $175.00 payable as formerly.

That Mr. Thomas Flood be reappointed caretaker of the Pigeon Creek Bridge at a yearly salary of $75.00.

That Mr. W. J. McIlmoyle be reappointed caretaker of the Buckhorn Bridge at a yearly salary of $5.00.

That the Warden and Messrs. Stinson and Mahoney be representatives of the County on the Board of Management of the Peterborough Historical Society.

That Mr. Edward Young be re-appointed caretaker of the Nassau Bridge at a yearly salary of $5.00.

That Mr. Wm. Lockington be re-appointed Caretaker of the Nassau Bridge at a yearly salary of $5.00.

That Mr. Wm. O'Leary be re-appointed Caretaker of the Mud Lake Bridge at the same salary as last year and that he be not permitted to order any material for repairs to the County Bridges or for any other County purposes unless authorized to do so by Mr. Garbutt.

That Mr. J. C. Bates be re-appointed Caretaker of the Burleigh Bridge at a yearly salary of $5.00.

That the appointment of a Caretaker of the Gannon's Narrows Bridge be left in the hands of Mr. Shaw with power to appoint one at a yearly salary of $30.00.

That the engagement of Caretakers for the Locks and Wallace Point Bridges be left in the hands of Mr. Stinson and for Fenelon Bridge in the hands of Mr. Doyell.

That for the purpose of the Inspection of Schools this County be divided into two Districts as follows:—

SCHOOL INSPECTOR.

District No. 1.—Consisting of the Municipalities of Asphodel, Belmont, Burleigh and Anstruther, Chandos, Douro, Dummer, Norwood and Havelock.

District No. 2.—Consisting of the Municipalities of Ennismore, Galway, Harvey, North Monaghan, Smith, Otonabee, and Lakefield. And that two Inspectors shall be appointed who shall be required to alternately inspect the schools in each division, each half year the salary and travelling allowances for each year to be divided between the Inspectors equally. This provision is to take effect from the 1st July next, and the Inspectors appointed are to execute contracts with the County to give effect to this provision.

That Mr. J. E. Brown be appointed School Inspector for Division No. 2, and that Mr. H. C. Mann be appointed Inspector for Division No. 1, these appointments to take effect from 1st July next and the Inspectors to exchange Districts each half year in accordance with the preceeding paragraph.

That Thomas Wilson, of Warsaw; Peter Nicholls, of Hall's Bridge, Thomas Cullen, of Bridgenorth; Duncan Brown, of Apsley; John McMullen, of Westwood; and R. J. Graham, of Havelock, be appointed County Constables.

The report as presented was adopted.

SCHOOLS.

The Committee on Schools, through its Chairman, Mr. H. Garbutt, reported, and recommended that,—

The Report of the Public School Inspector be received and printed with the minutes of this council.

That with reference to the complaint of the Trustees of School Section 9, Smith, the Inspector be requested to take steps to have the Legislative Grant for 1904 paid over to this School Section, and to Number 3, Anstruther, also.

That the matter of appointing an additional School Inspector and of determining the Districts to be inspected by each, be referred to the Committee on Appointments.

The report was, on motion, adopted.

DIVISION OF PRINTING.

Mr. Andrews, Chairman of the Committee on Printing, presented the report of that Committee which recommended that,—

The County Clerk is instructed to grant to the Norwood Register, Lakefield News, and Havelock Standard alternately, the printing of the lists of convictions and of the Assessment Schedules at the same prices as in last year.

That all other printing be divided by the County Clerk in as equitable a manner as possible between the Peterborough Examiner, Peterborough Review, and Peterborough Times, save that the County Clerk shall apportion between the Lakefield News, Norwood Register, and Havelock Standard, the printing of Letter Heads, posters, and such other work as he can conveniently order from them.

This report was also adopted.

COUNTY PROPERTY.

The report of the Committee on County property was presented through the chairman, Mr. Doyell. It was adopted and recommended that,—

The Chairman be authorized to have the counter in the centre room in the Registry Office extended along the westerly side of the room in accordance with the suggestion of the Registrar.

That the Chairman be authorized to have a linoleum placed on the floor of the Law Library and the walls papered.

That no action be taken upon the application of the County Judge for allowance toward expense of telephone at his residence.

That the communication from the Inspector of Prisons, etc., with reference to the erection of a County House of Refuge, be left with Warden for consideration.

That the Chairman be authorized to make such repairs to and procure such supplies for the Court Buildings as may be required from time to time.

ROADS AND BRIDGES.

The Committee on Roads and Bridges reported through its Chairman, Mr. John Moloney. The report, which was adopted recommended that,—

The communication from the Western Ontario Good Roads Association be received and that of the Commissioner of Highways be received and laid over for further consideration.

That the Chairman be authorized to sign and direct payment of the pay sheets for work which has been done on Pigeon Creek bridge.

That the supervision of the Bridges of the County be apportioned as follows:—

To Mr. Andrews, all bridges in Belmont and Methuen.

To the Warden, all bridges in Asphodel.

To Mr. Johnston, the Indian River bridge, and the Leary, Evans, Armstrong and Hope bridges.

To Mr. Doyell, the Bensfort, Keene Station, and Allendale bridges.

To Mr. Moloney, all bridges in Lakefield and Douro, (including the Nassau bridge.)

To Mr. Webster, all bridges in Dummer and the Youngs Point bridge.

To Mr. Shaw, all bridges in Harvey, Galway, and Cavendish and the Gannons Buckhorn and Union Creek bridges.

To Mr. Menogue, all bridges in Burleigh, Anstruther and Chandos and the bridge at Burleigh Falls.

To Mr. Garbutt, the Chemong and Pigeon Creek bridges.

To Mr. Stinson, the Locks and Wallace Point bridges and the boundary bridges on western limits of Monaghan and Smith.

That the Commissioners be empowered to make such repairs from time to time as they deem necessary and that the Treasurer pay therefore upon the order of the Commissioner. But where the repairs are likely to exceed $100.00 the Commissioner shall first obtain the approval of a County Councillor from an adjoining division.

That the whole Council be a deputation in conjunction with the Council of Northumberland and Durham to wait upon the Dominion Government, and request the Government to relieve the Counties of the cost of swinging and maintaining the bridges crossing the Trent Canal system.

The placing of notices on the bridges calling the attention of Traction Engine owners to their duty in protecting the flooring and structure of the bridges be left to the Chairman.

That the building of a new bridge at Indian River be left in the hands of Mr. Johnston, Mr. Webster, the Warden and the Chairman of this Committee with power to Act.

That the Warden, the Chairman of the Committee and Mr. Menogue inspect the bridge known as McAuley's Bridge over Ezel's Creek in the Township of Burleigh and report at the June Session of this Council.

That a special grant of $75.00 each be given to the Municipalities of Harvey, the United Townships of Galway and Cavendish, the United Townships of Burleigh and Anstruther, the Township of Chandos, and the United Townships of Belmont and Methuen, for repair to roads and bridges therein, and that Mr. Shaw be commissioner for Harvey, Galway and Cavendish; Mr. Menogue for Burleigh, Anstruther and Chandos, and Mr. Andrews for Belmont and Methuen.

A By-law authorizing the appointment of James L. Squires, of Norwood, and W. H. Casement, of Lakefield, as auditors of the County accounts for the year at a salary of $40 each was passed, as was a by-law to confirm the report of Committee on appointments, similar by-laws confirming the reports of the Committee on Roads and Bridges and County Property.

The Council adjourned to meet at 10 o'clock on Saturday morning.

TO PREVENT THE GRIP.

Laxative Bromo Quinine, the world-wide Cold and Grip remedy, removes the cause. Call for the full name and look for signature of E. W. Grove, 25c.

THE STRIKE CENTRE

Poland Now Cynosure of Eyes Turned on Russia's Troubles.

REFUGEES REACH PRUSSIA

Polish Newspapers Estimate the Total Number of Strikers At 400,000—Martial Law Declared By the Czar in Three Polish Governments—Report On Attack On British Consul-General.

Berlin, Feb. 6.—The Lokal Anziegers, Kattowitz, Prussia, correspondent says the arrival of the refugees from Russian Poland, is assuming large dimensions and that every incoming train is crowded, mostly with women and children. Most of the Russian towns near the frontier are filled with refugees.

The strike in Russian Poland, the correspondent says, is still spreading, and is affecting the entire industrial region from Sosnavice to Granica, on the Austrian frontier. Polish newspapers estimate the total number of strikers at 400,000.

The Lokal Anziegers Warsaw correspondent says: "At Lodz yesterday during the funeral of 15 victims of the recent troubles, a fight between workmen and the military broke out, two of the latter being killed and 15 wounded.

"Serious labor disturbances are announced from Sielce, Russian Poland, and Lubin, 60 miles southeast of Warsaw."

Martial Law Declared.

St. Petersburg, Feb. 6.—The strike movement in Poland has spread to the Governments of Warsaw, Petrikau, Kalisse, Radom, Lubin and Suvalki. Martial law has been declared in Kalisse, Radom, Siedlec.

Russia Apologizes to Britain.

St. Petersburg, Feb. 6.—Foreign Minister Lamsdorff in an official note to Sir Chas. Hardinge, the British Ambassador, has formally disavowed the action of Deputy Chief of Police Roudneff of Moscow, in posting a placard asserting that the strikers were assisted with money from Japanese and British sources with the purpose of crippling the arsenals and other Government works.

Incident Is Closed.

Warsaw, Feb. 6.—Col. Napier, the British military attache, who was sent here to investigate the alleged attacks by Russian Hussars on British Consul-General Murray and Mr. Mucukain, the pro-consul, has returned to St. Petersburg to report to the Embassy. The incident is regarded as closed.

To Please the Workmen.

St. Petersburg, Feb. 6.—In accordance with the Emperor's ukase of Dec. 25 the commission of ministers has decided to establish at the ministry of finance a committee for the preparation of a draft of workmen's state insurance law.

Barons Take a Hand.

Moscow, Feb. 6.—The assembly of nobles yesterday voted on two addresses to the Emperor and the Conservative address was adopted by a vote of 219 to 148. After a lengthy discussion, however, the assembly decided to forward both the Liberal and Conservative address to His Majesty. The Conservative address declares the present troublous time is not the right moment to consider any re-organization of the system of Government, and expects the autocratic ruler to rule in consciousness of his strength, for in greatness his power lies in the strength and hope of the Russian people.

In a State of Panic.

Warsaw, Russian Poland, Feb. 6.—Reports from Czentochowa, Russian Poland, say that the city is in a state of panic. The inhabitants are barricading their doors and windows in consequence of the attitude of the strikers.

Disown Deputation.

St. Petersburg, Feb. 6.—The workmen to the number of 4,000 in the car shops here have drawn up a manifesto disclaiming the delegates who were put forward as representing them in the deputation which visited Emperor Nicholas at Tsarkoe-Selo on Wednesday, Feb. 1. They assert these men were selected by the employers and were not representatives of the workmen. The employes of one or two other factories may follow suit, but the workmen in general are inclined to stand by the deputation.

Charged With Murder.

Montreal, Feb. 4.—An inmate of the Montreal jail named Arsene Thalon will be charged in the police court to-day with the murder of one Cadotte, whose body was found in the river last August. The two men quarrelled, hence the charge.

Operation On Miss Fielding.

London, Feb. 4.—The operation performed by Dr. Lorenz a few days ago in Vienna on Miss Fielding was carried out successfully, and excellent results are hoped for, "but," as Miss Fielding says, "time will tell."

Catarrh Cannot be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

ACCIDENTS IN LONDON.

Bottle Explodes and Two Are Burned—Baby's Escape From Cremation.

London, Feb. 6.—Mr. and Mrs. Wm. C. Falls of 882 Burwell street were dressing for the military ball Friday evening, and the two-year-old baby was left in the cradle in the bedroom. Cries of the child were heard and Mr. Falls hurried to find the clothes which covered the little one in flames. He snatched the baby from the cradle, and, opening the window, tossed the burning coverlets into the yard. In doing so, his hands were badly burned. The origin of the blaze is a mystery.

An unfortunate accident happened to Mr. and Mrs. Percy Millman of 24 Grosvenor street, who were also preparing to go to the military ball. Mrs. Millman was removing a slight stain from one of her gloves when a small bottle of benzine ignited from a lighted lamp and exploded, her dress catching fire. Mr. Millman, with the aid of coats and wraps, extinguished the flames. Mrs. Millman was, however, severely burned on the right side, and on the hands, while his hands were badly burned.

A second attempt to commit suicide was made by James Ryan yesterday morning. He secured a razor and slashed his throat, but the jugular vein was not injured.

Herbert Franks, who fell from Byron Bridge Friday afternoon to the river bed, a distance of 80 feet, sustained fractures of both arms and one leg, one rib also being broken. Franks was working on the superstructure and lost his hold.

Girl Burned to Death.

Pictou, N.S., Feb. 6.—Mary McEachern, a servant, was burned to death and several other persons injured in a fire that destroyed the Revere Hotel early yesterday. There were twenty guests besides the proprietor, his family and the servants in the house when the fire was discovered. The exits were cut off by the flames, and all, with the exception of Miss McEachern, jumped from second or third storey windows. The servant's body was found in the ruins near her chamber window, from which she evidently had tried to escape.

Horses Run Over Him.

Toronto, Feb. 6.—William, only son of W. H. B. Medd, Willowdale, aged 7 years, died on Saturday as the result of an accident. Mr. Medd has about 50 horses on his farm. On Friday evening when his men were driving them into their stalls, after exercise, they ran over little Willie, who, in some unexplained way, got among them. He was kicked in the head and never regained consciousness.

Traveler Is Asphyxiated.

Toronto, Feb. 6.—Shortly before noon yesterday employes of the Savoy Hotel, kept by Charles Rogers, at 60 York street, noticed a strong smell of gas coming from one of the bedrooms. The door was forced open and the occupant, Robert B. Hemstreet, was found dead. Deceased had been a guest of the hotel for two days. He had a friend to supper with him Saturday evening, and retired about 11 o'clock. The gas jet was about one quarter turned on. Hemstreet was about 50 years of age, and lived in Otterville, where his family reside. He was a commercial traveler. He completed arrangements Saturday to enter the employ of the Dairy Supply Co. His duties were to commence to-day. Letters in his possession showed that he had been in poor health, and that he was worried over other matters. An inquest is not considered necessary.

Shot Himself With Revolver.

Montreal, Feb. 6.—Edward C. Eaton, manager of the hardware firm of Frothingham & Workman, while practicing on Saturday evening in the Revolver Club, Victoria Armory, was accidentally shot, the bullet penetrating his left lung and lodging in the left shoulder. His condition is serious.

Rear-End Collision.

London, Feb 6.—No. 3 Wabash express, westbound, plunged into the rear-end of a freight train at Lawrence Station yesterday at one o'clock, compelling, on account of the track being blocked, the eastbound express, No. 8, to run from Glencoe to Suspension Bridge over the Grand Trunk. The engineer of the express engine was the only person hurt. He is expected to recover. The passengers received nothing more serious than a severe shock.

The Worst Kind.

After Piles have existed for a long time and passed through different stages, the suffering is intense—pain, aching, throbbing, tumors form, filled to bursting with black blood.

Symptoms indicating other troubles may appear to a thoroughly Pile-sick person.

This is when Hem-Roid, the only internal, the only absolute Pile cure, brings ther esults that has made its fame.

It will cure the most stubborn case in existence and bonded guarantee to that effect goes with each package.

It is to be had for $1.00 at the drug store, or from the Wilson-Fyfe Company, Limited, Niagara Falls, Ont. For sale by Jas. Lynch, druggist, Hunter street.

Tomato Trouble Goes On.

St. Catharines, Feb. 6.—The difficulty between the Amalgamated Canners' Association and the tomato and fruit growers over the price to be paid for tomatoes and corn for the coming season seems as far from settlement as ever. The price hitherto paid for tomatoes has been 25c. per bushel. This season the growers have decided not to sign contracts at less than 30c.

Panama Canal in Ten Years.

Washington, D.C., Feb. 6.—The American Minister to Panama has submitted to the State Department a report, in which he says:

"If the next six months show a progress corresponding to that of the past six months, it is the conviction of the best engineers on the Isthmus that a sea level canal can be constructed and ready for large vessels by Jan. 1, 1915."

Nine Nations

Now Use Liquozone. Won't You Try It—Free?

Millions of people, of nine different nations, are constant users of Liquozone. Some are using it to get well; some to keep well. Some to cure germ diseases; some as a tonic. No medicine was ever so widely employed. These users are everywhere; your neighbors and friends are among them. And half the people you meet—wherever you are—know some one whom Liquozone has cured.

If you need help, please ask some of these users what Liquozone does. Don't blindly take medicine for what medicine cannot do. Drugs never kill germs. For your own sake, ask about Liquozone; then let us buy you a full-size bottle to try.

We Paid $100,000

For the American rights to Liquozone. We did this after testing the product for two years, through physicians and hospitals, after proving, in thousands of different cases, that Liquozone destroys the cause of any germ disease.

Liquozone has, for more than 20 years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor with alcohol. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of $1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

There lies the great value of Liquozone. It is the only way known to kill germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Any physician or hospital not using Liquozone will be gladly supplied for a test.

CAPTURE OF ALLEGED MURDERER.

Wanted in Winnipeg, Is Finally Arrested in St. Paul, Minn.

Winnipeg, Feb. 6.—Followed by the police for over three weeks and with certainty that, if captured, he would have to face a charge of murder, Frederick Swaredas' race for liberty was brought to sudden termination at St. Paul, Minn., Saturday morning, where he was arrested by Detective Johnson of the Thield Detective Agency, on a description sent south by Chief McRae, who has wired Johnson to bring the prisoner to Winnipeg.

Swaredas is believed to have been the prime mover in the murder of the negro, George King, whose dead body was found lying on the track in the C.P.R. yards on the morning of Jan. 17. Two men, Cynear and Raga, have been charged with the murder of King, and four other Gallicians, Ren Slobogion, Shnad Nasaruk, John Raga and Stefan Stodola, are held, charged with aiding and abetting.

Revolution in Venezuela.

Willemstad, Curacoa, Feb. 6.—There is good reason here to believe that a revolution in Venezuela is contemplated. A revolutionary agent who has arrived at Willemstad from Colombia reports that money and arms for such an undertaking have already been secured.

Tired all the Time.

Mrs. George Beattie, Carr's Brook, Colchester Co., N.S., writes:—"Last spring I was very much run down, felt tired all the time, and did not seem to have life or energy enough to do my work. Three boxes of Dr. Chase's Nerve Food did me a world of good, and made work a pleasure to me. I have not had occasion to use any medicine since, and have recommended Dr. Chase's Nerve Food to all my friends."

A SANATORIUM FOR PETERBORO'

Proposal to Establish one here Will be Made

Special Meeting on Thursday Night to Consider it—Hilliard Farm the Probable Site.

A meeting will be held on Thursday night in the Council Chamber at which a conference of the Board of Health, Town Council, Board of Trade and Medical Association, will take place, with reference to the proposal to establish here a consumption sanatorium.

The meeting is being called at the instence of no particular organization, but the project is the work of some local gentlemen who are anxious to have some steps taken to provide a place where the consumptives of the town and county may be treated. It is stated that there are in this county about 70 persons who are at the present time afflicted with this dread disease, and it is pointed out that this fact is a serious menace to those who are not afflicted, but who may be made so by coming into contact with those who are.

Dr. Hodgetts, Chief Officer, Provincial Board of Health, will be present at the meeting, and will give an address on the subject of consumption or tuberculosis, as it is more properly called, and it is probable that some action leading to the establishment of a sanatorium here will be taken.

A gentleman who has made a study of the question informed the Examiner to-day that in his opinion Peterborough is just as well situated for the carrying on of a system of treatment for those affected lung trouble, as is Gravenhurst, because he insisted that it is altogether in the treatment of the patients, and not so much in the climate.

On the other hand there are those who state that the climate is an important factor in the treatment, and it is said that the air here is not as good as that in Muskoka, because of its greater humidity.

However, this is a matter upon which there will have to be expert advice given, and probably Dr. Hodgetts will be able to throw some light on it. The proposal that has been made is to erect the sanatorium on the Hilliard farm recently purchased by the town, though whether this property will be available for this purpose is not known.

THE TRUSTS AND GUARANTEE CO., LIMITED.

Eighth Annual Meeting.

The eighth annual meeting of The Trusts and Guarantee Company, Limited, was held in the offices of the company, 14 King street west, Toronto, on Jan. 26th, 1905, and the reports presented show another year of prosperity and progress. During the year the earnings of the company have been satisfactory — sufficient to provide for the payment of two half-yearly dividends at the rate of five per cent. per annum upon the paid-up capital stock of the company, and to leave a balance to be placed to the credit of profit and loss account, bringing the total of that account up to $100,313.59. The confidence of the shareholders in the standing of the company was shown by the fact that during the year there was an increase made in the paid up capital of $185,295.12, bringing the total paid-up capital of the company to $1,004,165.31.

At the directors' meeting held after the meeting of the shareholders, Hon. J. R Stratton was re-elected President. D. W. Karn and C. Kloepfer were re-elected vice-Presidents.

Bulletins reporting the Smith's Falls game to-night will be posted at the Brock St. Rink, where as each goal is scored it will be bulletined with features of the game. Ticket holders will be admitted free as usual; other skaters 15c, and spectators 10c.

SNOW-SHOEING PARTY ARRIVES IN TOWN

Have Been on a Tour of Northern Ont. —Left for Home This Morning.

Among the arrivals at the Snowden House on Saturday evening, was a snow-shoeing party, composed of Messrs. John J. Murphy of Halifax, N.S., C. C. Mallock, Ottawa, S. Durgwall, Port Hope and Alfred Thompson, Cobourg.

The party has been on an extended tour through Northern Ontario, covering many hundreds of miles on foot. They arrived in town from Lindsay and left this morning, being driven to Rice Lake, from whence, it is understood, they will again proceed on snow shoes.

GOOD ATTENDANCE AT MEN'S MEETING

An Address at the Y. M. C. A. Yesterday on "The Inspiration of Ideals"

There was a good increase in the men's meeting at the Y.M.C.A. yesterday when Rev. Dr. Crothers delivered a most practical talk on "The Inspiration of Ideals." The men listened with deep attention and the whole meeting was an inspiration in itself. Mr. Jno. H. Sproule sang "A Dream of Paradise," and Mr. Norman Redpath "Guard While I Sleep." Both of these young men possess splendid voices and their solos were rendered with good effect. Rev. Dr. Crothers will speak again next Sunday.

SOME ASPECTS OF HIGHER CRITICISM

Regular Meeting of the Ministerial Association Held This Morning.

The regular monthly meeting of the Ministerial Association, was held this morning at the Y.M.C.A., when the following members were present: Rev. J. C. Davidson, president, in the chair, Dr. Crothers, W. J. Jolliffe, J. G. Lewis, A. H. Brace, W. Major, Dr. Torrance, and E. A. Langfeldt.

A lengthy and interesting discussion, was participated in regarding the importance of school visitation and arrangements made for changing plan published, to fill an existing vacancy.

The following members will visit Nicholl's Hospital this month: Revs. Dr. Torrance, W. J. Jolliffe, Dr. Crothers and E. A. Langfeldt.

Rev. Dr. Crothers read a paper on "Some Aspects of the Higher Criticism."

The paper was most scholarly and evinced wide reading, and went to show that Higher Criticism has a place in biblical interpretation, and has already done a great work in removing difficulties and giving a clearer and more intelligent view of the Bible as a whole.

A vote of thanks moved by Rev. E. A. Langfeldt, and seconded by Rev. Mr. Jolliffe, was tendered Dr. Crothers for his able address.

A most interesting and friendly discussion then took place on Ministerial Etiquette.

FUNERAL OF THE LATE MRS. HENRY

Took Place This Morning to the Little Lake Cemetery—Private Funeral.

The funeral of the late Helen Patterson, relict of the late Jas. Henry, who died in Cameron, Fenelon township, on Friday last, took place this morning to the Little Lake cemetery, from the residence of Mr. Wm. Henry, son of the deceased, Stewart street.

The funeral was private, only the members of the family and near relatives, being present. These included three daughters of the deceased, Mrs. Thos. Maunder, of Mariposa, Mrs. J. Boyson, off Cameron, and Mrs. Douglass, of Lindsay, and her sons, Alex. of Cameron, and Wm. of town.

The service was held at the house Rev. Dr. Torrance officiating. The pall-bearers were Anson and Clinton Henry, nephews of the deceased, and her two sons.

Everybody wants Pedigree's Baby Sodas.

CONSISTENCY AND INCONSISTENCY.

To the Editor of the Examiner,—

Dear Sir, — I observed in the press a day or two ago a letter to the press over the signature of Rev. J. C. Davidson, in relation to the late provincial elections. In this letter the reverend gentleman undertakes for him, an impossibility—to discuss matters in a non-partisan spirit. To my mind and observation, and as far as my memory goes, there is not a minister in town, with perhaps one exception, who has more industriously used, for partisan ends, his pulpit position, his military position, or his chairmanship of the Ministerial Association, than Rev. J. C. Davidson. It is pretty generally known that when anything can be said, or suggested, that can be turned to the disadvantage of the Liberal party, there is little neglect to take occasion by the hand. Liberal members of the 57th Battalion, and many members of the congregation on the occasion of the the annual church parade to St. John's church, will remember the reverend gentleman's strongly partisan reference to the Dundonald incident, which was tantamount to an abuse of the hospitality he was extending to the members of other congregations present on this special occasion — an utterance which, it is said, extorted an apology to his commanding officer, and others.

It would not, perhaps, be worth while to refer to the brotherly kindness exhibited in the means adopted to secure the presidency of the Ministerial Association, were it not to illustrate the easily possible reasons for this otherwise laudable ambition. It was known that for months he was endeavouring to have a political resolution put through the association, and the influence of the presidency would facilitate his success.

When has the reverend gentleman ever exhibited any of the broad-minded tolerance he advocates, and applauds in the letter in question? It is a praiseworthy act for a Liberal to vote Conservative, but there are no "bouquets" for the Conservatives who vote Liberal. To those who know the reverend gentleman, there is much amusement in his inquiry as to "what is to become of our boasted freedom if—we we are to be mere voting machines, morally bound to vote according to the dictates of a party convention"? When did the writer of the letter referred to apply the doctrine of political independence involved in this question? Why should he set up a standard which he himself is not willing to live up to? His position in this regard is very like a man who seeing the evils of strong drink says to his fellow-men, "I am fond of a glass of grog myself, but you must abstain, no matter what I do."

In recalling these things I do not do so from personal animus, I wish merely to call attention to the inconsistency of an attitude which permits the practice of partisan actions by the writer of the letter in question, and demands independent political action in others, provided always that it is exercised against Liberals and in the interests of Conservatives.

I do not object to ministers having their own political convictions if they can exercise them consistently, but to my mind it is a misuse of the prestige their position is supposed to confer, for them to demand in others a higher standard of political independence than they are prepared to live up to themselves. No minister is eligible to preach lofty independence in politics who cannot divorce himself for one moment from an intense partizan attitude. There are at least two ministers in town who seem to be willing to preach the higher morality in politics but who fail to practice it, even if great moral interests are thereby sacrificed, or if the interests of the party they stand by through evil and good report are likely to be injuriously affected.

It is well known to the Ministerial Association of Peterborough how its present chairman tried for months to put through a political resolution, of the strongest partisan character, but failed to do so owing to the better judgment and fairness of his associates, and to better give effect to his partisan campaign he also sent copies to other Associations to adopt. The tone of the resulting correspondence and the opinion of his action which the correspondence brought out should have opened his eyes, but his party-blindness seems to have been pretty deep, for we find him in the letter to the Toronto News adopting another form of the object aimed at by the resolution in question. I have no objection to the reverend gentleman parading himself as double dyed Conservative, but when he presumes to come out as a champion of political independence, I must decidedly object. His writings should conform to his actions in this respect.

Yours truly,
"CONSISTENCY."

A CLOSE TONGUE MAKES A WISE HEAD

A Correspondent Appeals for More Civic Reticence.

To the Editor of the Examiner,—

Sir, — I frequently observe in the report of the proceedings of the town council, and copied in the press of other other towns, remarks of our councillors, and public men, complaining of the unfavourable freight rates offered Peterborough, and the press seems to delight to make comments upon the situation.

My object in writing is to see if these meetings cannot be held more privately, and if the press itself cannot be more judicious in ceasing to give publicity to domestic matters. They should be discussed with closed doors by the council and the Board of Trade. It strikes me if matters are going wrong they should be dealt with as a business man would deal with them. If the railways are not treating us fairly, let the railway officials be seen, and have it pointed out. If Peterborough is to have any advantage from the railways it cannot be obtained with a band wagon, because it can easily be seen that no advantage can be given in the way in which Peterborough is going about it.

Do you think manufacturers looking for sites will give any attention to Peterborough when its own councillors and citizens, are complaining of its conditions, and position?

If Mr. Charles has been appointed to go to Ottawa or Montreal in reference to freight rates, why should he not go without a despatch being sent to every paper in the country?

If Mr. Hall, M.P., is going to do anything about it in Ottawa, with the Railway Commission, can it not be done without reporting every speech he makes on the subject?

Then, if the town council, Board of Trade, and county council, are not shrewd enough to have their discussions take place with closed doors, should not the press, which is supposed to be wisdom itself, see that these ill-considered complaints and resolutions are not kept out of print?

Everybody knows, who knows anything about the town's affairs, that while our railway rates might be improved, they are no worse than they have always been. If conditions are to be made better, would a business man take a band wagon along with him when he went to see about it?

Does it never strike the Mayor that resolutions to appoint committees to investigate alleged grievances should not be made public? No business man parades his whole business affairs before the public, for he would be watched at every turn.

It is conditions of trade that affect the Cereal Company, and nothing else. They find it more advantageous to grind in the United States, and are doing so.

It looks bad to see in the press of the province headlines such as the following: "Peterborough's Cereal Works Closed Down," "Poor Freight Rates in Peterborough," "A Million Dollars Locked up," "Bad Transportation Facilities." This is what the council and citizens have been inviting, much to the injury of Peterborough.

It is not pleasant to see our own town made a fool of in this matter.

Yours,
"Citizen."

BIG PROGRAMME FOR THE COUNCIL

To-night's Meeting of the Town Council an Important one.

To-night the regular monthly meeting of the town council will be held, and a number of very important matters will be discussed by the members. The committees, during the first month of the year have been getting busy, and the probabilities are that some voluminous reports will be presented.

The Committee of the Whole has been dealing with the question of a new industry for the town, and the impression is that the arrangements have been practically completed for the establishment of this industry, the nature of which has as yet not been announced. Representatives of the Company have met the Council in Committee of the Whole, and the terms practically agreed upon. All that is required being the sanction of the council, which will be asked to-night.

Ald. Johnston, the Chairman of the Fire, Water and Light Committee, has some plans for the improvement of the town fire-fighting system, and for the extension of the fire limits, and the report of that committee will no doubt be presented at this meeting of the council.

The time for the reception of applications for the position of plumbing inspector, has expired, and the applications will be considered doubtless by the council at the meeting to-night.

These with other matters of almost equal importance will claim the serious consideration of the city fathers, and the meeting will be one in which considerable business will be done.

AN EVANGELIST AT TABERNACLE

Mr. David Buchanan, of South America Preached

Spoke at Bethany Tabernacle Twice Yesterday—The Power of the Gospel.

At Bethany Tabernacle yesterday Evangelist David Buchanan, of South America, spoke at both the the morning and the evening services.

At the evening service, which was followed by communion and the reception of members, Mr. Buchanan took as his text Romans 1st chapter, 14th verse. This was the same as that from which he spoke when he last addressed the congregation, explaining that though he might have chosen a different subject this contained sufficient thought for a number of discourses. The Gospel is a power, he said, greater even than the example of a perfect life. "What is Gospel?" he asked. In answer, he referred to 1st Corinthians, in the 15th chapter of which may be found the foundation stone of Gospel truth. Jesus when He died on the cross was a substitute for sin. Many examples of substitutes were cited from the Scriptures.

Our necessity to have an advocate was showff in our liability to sin, and also by the power which Satan has. Satan asked for Peter and lost him; Jesus prayed for Peter and got him. The power of prayer was shown. He next took up three phases of Christ's life which he subdivided as follows:—1st, Christ on the Cross; 2nd, Christ on the Throne; 3rd, Christ in the heart. Despite all that Christ has done for us, however, sorrow at times fills the Christian heart, and the removal of dear ones causes us to bow our heads in distress. He again referred to the 15th chapter of 1st Corinthians, pointing out the glories of the resurrection which awaited those who believed, — "Whosoever cometh to Him, He will in no wise cast out."

Previous to Mr. Buchanan's discourse the pastor announced that a memorial service for a member of the congregation who passed away recently will be held next Sunday. The offertory at last night's service was devoted to the building fund of the church.

Hear the Meister Singers and assisting artists to-morrow evening in the Opera House. This is the most famous quartette in all Britain. Mr. Roland Henry is the most popular humorist that has visited Peterboro'. Plan at Ormond & Walsh's Drug Store. The general admission is 35c.

THE END BEGINNING

Gen. Kuropatkin Tenders His Resignation to the Czar.

GEN. GRIPENBERG RECALLED

Difficulties in the Manchurian Campaign Have Weakened the Hearts of the Commanders, the Chief of Whom Fears Polish Disaffection in His Army —Russia Admits Readiness to Yield On Conditions.

London, Feb. 6.—Gen. Kuropatkin, commander of the Russian forces in the Far East, has tendered his resignation to the Emperor, and Gen. Gripenberg has been recalled from his command of the second Manchurian army.

Despatches say that Gen. Kuropatkin resigned because his relations with his generals were unpleasant. Another source of Gen. Kuropatkin's woes has been his fear of betrayal by the Polish troops, of which his army has a large percentage

With the resignation of General Kuropatkin, European military experts believe that the Russian Manchurian campaign has collapsed. Dissatisfaction prevails among the soldiers owing to the treatment of their brothers at home and the officers, discouraged with a long string of defeats, have begun to quarrel among themselves.

The transportation of troops to the Far East is now made at long intervals.

Unconfirmed At St. Petersburg.

St. Petersburg, Feb. 6.—According to Gen. Kuropatkin's latest reports, which indicate the wounding of a third Russian general, Dembowski, the operations at Sandiapu and the fighting at Shakhe have been momentarily suspended.

The Russians successfully repulsed the latest attack of the Japanese eastward with heavy loss. The cold is still intense, there being 24 degrees of frost.

There are indications that the Japanese are preparing to break their inactivity on their own account as soon as the weather moderates.

The War Office is closed and no further facts regarding the reports that Gen. Kuropatkin is about to give up his command can be obtained.

Interest in the ill-starred attempt to capture Sandepas is eclipsed by the withdrawal of Gen. Gripenberg and unconfirmed reports regarding the retirement of Gen. Kuropatkin. According to the latest information received by the War Office, operations on the right flank of the Russian army are at a standstill. The extreme right of the Russians continues to hold Chiantsanhenan, on the Hun River, six miles northwest of Sandepas.

Russia Ready to Yield.

London, Feb. 6.—The announcement of Germany's desire to initiate a peace movement can now be supplemented with important information regarding the attitude of both Russia and France. The statement may be made without qualification that Russia will welcome peace the moment she is able to place one signal success to the credit of her arms. France will offer her services to this end whenever such an opportunity arises. Hence imperative instructions were sent to Gen. Kuropatkin to attempt to snatch a victory in a general or partial engagement at any cost.

All Night Artillery Fight.

Mukden, Feb. 6.—During the night of Feb. 1 the Japanese artillery facing the Russian right opened a terrific fire on the Russian positions southeast of Sandiapu in preparation for an attack. The Russian artillery replied, and the cannonading lasted until after noon. During the night of Feb. 2 the Japanese attacked the Village of Schantan and adjoining Russian positions; but by daylight of Feb. 3 they had been defeated along the entire front. The Russians even advanced slightly. The Russian losses were about 800, and those of the Japanese were heavy. Japanese prisoners believe than an important movement is pending

Japs Retake Vantzee Pass.

Tsinkhetchen, Manchuria, Feb. 6.—A reconnoissance in force was undertaken Feb. 1 by the Russian advanced posts towards Dziantchan, 14 miles southeast of Tsinkehtchen. The troops started at early morning and by noon drove in the Japanese outposts to Santziache, then moving round Vantzee Pass, the Russians flanked the position of the Japanese east and compelled the Japanese to fall back to Chapten Pass. The Russians stormed and occupied a portion of Vantzee Pass at 10.30 p.m., but the Japanese being reinforced by 6,000 men, the position of the Russians was untenable. Having carried out the mission of feeling the enemy's strength, the Russians then withdrew, fighting, capturing a few Japanese. The Russian loss was nine wounded.

Attack of Russians Repulsed.

Tokio, Feb. 6.—There were a number of serious skirmishes along the Shakhe and Hun Rivers on Friday night and small bodies of Russians attacked Waike and Titi Mountains and places in those vicinities. Reports received from Japanese Manchuria headquarters say that all the attacks were repulsed.

Friday afternoon Russian batteries stationed at Miuchientun and Wanpao Mountain, north of the Shakhe River, and at other places shelled the Japanese positions. Saturday morning 600 cavalry, comprising one force, and two companies of infantry and one battery, another, simultaneously attacked Chitaitse, on the right bank of the Hun River. The Russians appeared to have reserves. The Japanese garrison at Chitaitse was defending the place when the report of the attack was forwarded.

Republic of Japanese.

St. Petersburg, Feb. 6.—General Kuropatkin in a report to Emperor Nicholas, says:

"No fighting was reported on Feb. 4. At present activity is confined to operations by our volunteers, which harrass the enemy. There is artillery firing on both sides, and a hasty strengthening of positions by both Russians and Japanese."

General Kuropatkin on Friday reported the repulse of the Japanese advance guard on the left flank towards Saosyr and Chansan with slight losses, the Japanese leaving 50 dead on the field.

TORPEDO BOATS ATTACKED.

French Journals Declare Court At Paris Will So Find.

Paris, Feb. 6.—The close of the testimony before the International Commission inquiring into the North Sea incident has been followed by a rather noticeable diminution of confidence in British circles concerned with the case, and a corresponding elation on the part of the Russians.

The French press, which is strong pro-Russian, gives marked prominence to statements that the Russians have virtually won their case, the usually conservative Temps and Journal asserting positively that the majority of the court now favors the Russian theory that torpedo boats attacked Vice-Admiral Rojestvensky's squadron.

On the contrary, intimations are made that the tendency within the court is rather in the opposite direction. The reports favorable to the Russian view appear to result mainly from the positiveness of the testimony of Captain Clado and other Russian officers, that they saw torpedo boats attack the squadron, whereas the strongest British witnesses did not swear that no torpedo boats were there, but merely that they did not see them there.

THE GOVERNMENT'S RESIGNATION.

Tuesday Will See Mr. Whitney Called Upon to Form Cabinet.

Toronto, Feb. 6.—The resignation of the Ontario Government will be made known to the Lieutenant-Governor some time today. His Honor will thereupon call upon Mr. J. P. Whitney, the Premier-elect, to form a new Government. Mr. Whitney, it is expected, will be notified before evening, and will be in the city to-morrow in response thereto.

Several of the Ministers left town for their homes after Saturday's Cabinet meeting, but all will probably be at the buildings again during the week. The public business that the outgoing Government had before them and which it was proper that they should deal with has been cleared off. Stories that wholesale increases of salary and batches of new appointments have been made have no foundation in fact. The Government is, it is asserted, acting with exactitude in all matters affecting the public welfare.

JUDGE KILLAM APPOINTED

The Railway Commission Vacancy Filled By the Government.

Ottawa, Feb. 6.—Justice Killam has been appointed Chairman of the Railway Commission, and will enter upon his new duties right away. The choice of his successor on the Supreme Court Bench has not been made

"Pro-Anglica Catholics."

Rome, Feb. 6.—Reports have just reached the Vatican of the formation of a large Roman Catholic party in England under the leadership of the Duke of Norfolk. The new league, styled the "Pro-Anglica Catholics," counts as members all the prominent Roman Catholics of the United Kingdom, including several peers of the realm. Its purpose is to obtain more favorable Roman Catholic legislation from both Houses of Parliament, especially regarding the partial support of Roman Catholic schools by the Government. All regulations and details concerning the new league have been submitted to and approved by the Vatican authorities.

Three Ministers Out.

Montreal, Feb. 6.—The crisis was brought to a focus on Saturday forenoon, when three of Premier Parent's Cabinet Ministers—Hon. L. Gouin, Minister of Public Works; Hon A. Turgeon, Minister of Agriculture, and Hon. W. A. Weir, Minister without portfolio—tendered their resignations, which were later in the day accepted by the Lieutenant-Governor, Sir Louis Jette, on the recommendation of Premier Parent. It is reported that the Premier has asked for a postponement of the meeting of the House, but of this there has been no confirmation, as he will neither affirm or deny the statement in pursuance of his oath of office.

Crushes Argentine Revolt.

Buenos Ayres, Feb. 6.—In the course of an attack on a police station on Saturday morning several rioters were killed, about 80 were injured and some 250 arrested. Order has been completely restored and yesterday the city presented a normal aspect. The revolution being practically crushed, the Government has annulled the decree calling out the reserves.

Balfour's Notable Device.

London, Feb. 6.—(C.A.P.)—H. H. Asquith speaking at Heywood, described the proposed colonial conference as Premier Balfour's notable device for patching up his own party and postponing the decision of the country.

French General Strike.

Charleroi, Feb. 6.—The Miners' Congress, by a large majority, has decided to declare a general strike today.

Pains in the Chest.

Mr. John Clark, Port Hope, Ont., states:—"Last winter I was so bad with a cold that I could not speak above a whisper, and had great pains in the chest. A friend advised me to try Dr. Chase's Syrup of Linseed and Turpentine and one bottle cured my cold which I believe would have proven very serious if I had not used this medicine."

END OF HORSE SHOW.

Annual Meeting of Winter Fair Board and Sheep and Swine Breeders.

Toronto, Feb. 4.—The Clydesdale and Shire show, after a very successful week, closed yesterday, with a good attendance and the congratulations of a large number of visiting stockmen who have been attending the annual meetings of the different breeders associations.

Winter Fair Board.

The members of the Ontario Provincial Winter Fair met last night, with the president, A. W. Smith, in the chair. The financial statement showed receipts of $13,795.56 and expenditures a little over that amount. These officers were elected: Honorary president, F. W. Hodson, Ottawa; president, Arthur Johnston, Greenwood; secretary-treasurer, A. P. Westervelt.

The Swine Breeders.

The Dominion Swine Breeders' Association held their annual meeting yesterday. The financial statement showed receipts of $6,706, and an expenditure of $4,612. Officers elected are: Hon. president, F. W. Hodson; president, Thomas Teasdale, Concord; vice-president, R. H. Harding, Thorndale; secretary-treasurer, A. P. Westervelt, Toronto; assistant recording secretary, J. W. Nimmo, Toronto.

The Sheep Breeders.

The Dominion Sheep Breeders' Association held their annual meeting, with R. H. Harding in the chair. The treasurer reported receipts of $2,801.15, and expenditures of $2,750.02. These officers were elected: President, J. M. Gardhouse, Weston; vice-president, John Campbell, Woodville; secretary-treasurer, A. P. Westervelt, Toronto; auditor, J. M. Duff, Guelph.

MR. R. L. BORDEN, M.P.

Conservative Leader Unopposed in County of Carleton.

THE PROCEEDINGS PLEASANT

Courtesy of the Liberals Acknowledged - Presentation to Mr. Edward Kidd, Who Made Room For Mr. Borden—The Leader Speaks and Stands By the Platform On Which He Fell.

Ottawa, Feb. 6.—Mr. R. L. Borden is now member for Carleton County in the Parliament of the Dominion. Saturday he was elected by acclamation for that constituency, a result which the Government did their best to expedite, The Secretary of State made a point of asking the returning officer, Mr. P. J. Coffey, Registrar of Carleton County, to facilitate in every possible way Mr. Borden's return. With that object in view the returning officer made a copy of the certificate of election, which he handed to the Opposition leader at the close of the nomination proceedings. The original Mr. Coffey himself delivered at the residence of Mr. Lamothe, Clerk of the Crown-in-Chancery. No obstacle now exists to prevent Mr. Borden taking his seat to-day, if he should so desire. He proposes, however, not to take his seat until Tuesday.

There has perhaps never been so great an aggregation of Parliamentary talent present at any nomination proceedings, or, to be more accurate, at any election, as was witnessed at Richmond. Fully forty Conservative members went from Ottawa to show their esteem for their leader.

Many Speakers.

In all some thirty gentlemen spoke, including R. H. McElroy, President of the Conservative Association of Carleton; Warden Bradley, Andrew Broder, Dr. Barr, Dr. Daniel, Senator Kirchhoffer, Dr. Chisholm, Colonel Sam Hughes, Messrs. McCarthy (Northwest Territories), Alcorn, Cochrane, Lennox, Armstrong, Wright (Muskoka), Stables, Caldwell, Herron, Blain, MacLaren, Barker, W. D. Hogg, G. N. Kidd, M.P.P., Edward Kidd, ex-M.P., and the Conservative leader, Mr. Borden. The addresses were all of three minutes' duration, excepting that of Mr. Borden, who was on his feet about twenty-six minutes. The tone of each was appreciation of the unselfishness displayed by Mr. Kidd in resigning in Mr. Borden's favor, and of the obligations which the Conservatives had conferred upon the party by endorsing the action of their late representative.

A Liberal's Good Words.

Mr. J. E. Caldwell, who ran for Carleton as Liberal candidate at the last Dominion election, and Mr. Donald Hector Maclean represented the Liberals at the meeting. The former in a fine, manly speech alluded facetiously to himself as a thin slice of ham sandwiched in between great slices of Conservative bread. On behalf of 1,200 Liberals who voted for the speaker at the general election he extended the right hand of fellowship to Mr. Borden. Mr. Caldwell reminded his hearers that one of the planks in his platform was a declaration in favor of the leader of the Opposition receiving the same salary as members of the Cabinet, and he expressed the hope that the matter would be taken up by the present Parliament and carried to a successful conclusion.

Mr. G. N. Kidd, the local member, who is a thoroughgoing Tory of the real old-fashioned type, in the few utterances which he delivered, said it must be refreshing to those who sat to the left of the Speaker, after seeing so many narrow-featured and narrow-minded Grits, to come out to Carleton and observe the Conservative stalwarts.

Colonel Hughes referred to Mr. Borden as the future Premier, and to Mr. G. N. Kidd as a member of Mr. Whitney's Cabinet.

The New Member.

Mr. Borden was the last speaker, and before he was called upon a handsome illuminated and framed address was presented to Mr. Edward Kidd by the Conservative Association as a token of their appreciation.

Mr. Borden was given a magnificent reception by the audience, composed of the cream of the Conservative party in Carleton. The leader said that notwithstanding the result of the contest in his native Province, Nova Scotia had as warm a place in his heart as it ever had. So far as his own personal interests were concerned he might very well have remained out of political life, but he had preached the doctrine that every progressive man when called upon must come forward and take some share in the public life of the country even at the sacrifice of his inclination and personal interest. The great service which Mr. Kidd had performed in the resignation of his seat was one which should be appreciated and ever remembered by Conservatives throughout Canada. He expressed his appreciation of the very graceful and generous words which Mr. Caldwell had uttered, also of the courtesy of his political opponents in not forcing the Conservatives to the inconvenience of a contest. The Conservative party had not one word to withdraw from the platform and principles which they advocated in the last campaign.

Stand By Former Platform.

"We stand for everything for which we then stood," said Mr. Borden. "We believe that the policy which we advocated during the years we have been in Opposition is a fair and right policy in the interests of the people. You have spoken of me as the next Premier of Canada. I do not know how that may be, but the Conservative party, whether in power or out of power, shall at all times stand for Canada and the best interests of Canada, in all places under all conditions and under whatever leadership. We are men who believe as much in Canada, who stand as strongly for Canada when we are in Opposition as when we are in power."

Mr. Borden referred to Mr. Whitney as having fought a splendid fight under many discouragements, and to his having carried Ontario by a majority such as had never been won in any Province before. "I congratulate my friend Mr. Whitney," observed the Conservative leader, "but I especially congratulate the great Province of Ontario and the many Liberals who, Mr. Whitney says, voted for his policy and the progressive Government which I know he will give to this Province."

BAD! BAD!! BAD!!!

Bad blood comes from bad digestion—bad stomach, bad liver, bad kidneys—attended with bad, foul breath, coated tongue, bad taste, bad headaches, bad appetite and kindred symptoms. Had as these all are, and serious as are the diseases to which they lead, Dr. Pierce's Golden Medical Discovery comes to the relief and cure of all these by regulating and invigorating STOMACH, LIVER, BOWELS and KIDNEYS, and putting all these organs in good order.

"Golden Medical Discovery" contains no alcohol, opium or other harmful drugs; neither does it contain sugar or syrup, which are injurious to some stomachs. Without any of these it retains its pleasant taste and marvelous healing qualities in the most trying climate. Don't let a selfish medicine seller cheat you out of your health by giving you a substitute. He's only looking out for a larger profit, and for your good. Shun him. Honest, unselfish dealers recommend the "Golden Medical Discovery."

"Send your remedies are not for the dear, but are cheap in evidence, for I personally know of many scores of persons in this city who have been restored to health and strength by your medicines," thus writes Mrs. Mary Hall, of 1301 Jefferson Street, Philadelphia, Pa., of 1301 Jefferson Street. "I know that Dr. Pierce's Golden Medical Discovery is most valuable in cases of derangement of the liver, having taken the medicine some two years ago when I had a bad attack of liver trouble, and I never used a medicine before that did me so much good. I have known Dr. Pierce for twenty-five years, and do not wonder at his success. He is a physician and man of sterling character, is possessed of extraordinary skill, and he has in his Sanitarium a corps of specialists who are chosen because of their unusual knowledge and professional skill."

If suffering from any obstinate, lingering ailment, write to Dr. Pierce and get, free of charge, sound medical advice. He has the counsel and assistance of a large staff of expert specialists.

The People's Common Sense Medical Adviser, by R. V. Pierce, M. D., Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Paper-bound FREE on receipt of 21 one-cent stamps for mailing only; or cloth-bound for 31 cents. Address the Author, as above.

SMITHS BUCHU LITHIA PILLS

A POSITIVE CURE FOR RHEUMATISM AND ALL FORMS OF KIDNEY AND BLADDER ILLS.

A CURE AT THEIR PRESENT PRICE.

ATALL DEALERS—25 CENTS.

All genuine signed W. F. Smith.

How to Secure One and Enjoy the Best of Health in Nature's Way.

WOULD YOU HAVE A BEAUTIFUL COMPLEXION

Healthy beauty is the only kind that charms. Of what avail is the sallow pretences of an invalid? Artificial beauty obtained by use of lotions, washes and powders can never be more than skin deep. It is the pimples of mental fear, and that healthy flow to tissues that gives symmetry of development, that removes. Depend upon it that these little pills will not only correct a bad complexion, but will be scrubbed at the basis of beauty. Their action is upon the blood and your will be scrubbed at the basis of beauty. Their action is upon the blood and your will have no use for artificial beautifiers. Begin right to cleanse the blood of impurities, remove a bad complexion, but that is no excuse for your using cosmetics to cover up defects. Pills to cleanse the blood of impurities, remove pimples, use Smith's Pineapple and Buttermilk Soap. Under the active influence of these wonderful little vegetable pills the blood is revitalized and enriched, the nerves are strengthened and your whole body becomes rosy and red, showing the circulation is normal and active as Nature intended it should be. Try this plan, use Smith's Pineapple and Buttermilk Pills each night for two weeks and you will be astonished at the beauty and brilliancy of complexion and purity of skin that

We'll Vouch for Your Appearance

Put yourself in our hands and you have our word for satisfactory fit and making, and especially for those little peculiarities which harmonize with your individuality.

NOTE:—During the between-season times we aim to keep our tailors busy by reducing all our winter stock of tweeds and other cloths—about 20 per cent. off.

Injured Watches

REMEMBER—Should your timepiece be left where amateurs are employed, its future usefulness might be seriously impaired. Our staff of watchmakers are all experienced workmen, careful to a degree, and a breakage in your Watch can be repaired by these experts in so complete a manner as to re-invest you with its services the same as though nothing had happened. Charges never high.

FROST'S

DIAMOND HALL, PETERBOROUGH

LATEST SPORT

CURLING.

A meeting of all members is called for Tuesday evening in the rink parlours at 7.30 p.m., to arrange for bonspiel and other business.

• • • •

The Sheppard-Neill trophy competition will be played between Peterborough and Orillia clubs on Tuesday, February 14th, 8 rinks a side, 4 rinks in Peterborough and 4 rinks in Orillia.

• • • •

HOCKEY.

"Chaucer" Elliott will referee to-night's game in Smith's Falls.

• • • •

A meeting of the Executive of the City League will be held to-morrow night at 7.30 in the Y.M.C.A.

• • • •

The Young Crescents failed to show up on Saturday to play the Young Canadians and the latter claimed the game.

• • • •

The Young Wringer hereby challenge the Crescents to a game of hockey to be played at the Y.M.C.A. rink on Wednesday night.

• • • •

While the seniors have lost a couple of exhibition games it is worthy of notice that the team which plays to-night he not been beaten this season.

• • • •

The Lead Pipe Cinch Apprentices do hereby challenge Adam Hall's Souvenirs to a friendly game of hockey in the Brock street rink as soon as possible. J. McNichol, captain.

• • • •

The team which plays in Smith's Falls to-night left on the noon train and will be composed as follows:—Goal, Wasson; point, Glover; cover point, Crowley; rover, Cavanah; centre, Morgan; right wing, Parnell; left wing, Graham. Messrs. Fred. Clarke and Jas. McCabe will accompany the team.

• • • •

On Saturday night Mr. Hewett, secretary of the O.H.A. ordered Belleville and Cobourg Juniors to play off the tie in this district at Peterborough, and arrangements were made accordingly, later, however, it was decided to play home and home games and that ordered to be played here has been cancelled.

• • • •

The Young Ringers defeated the Young Eagles at the Y.M.C.A. rink on Saturday evening, by a score of 6-2. The teams were:—

Eagles.—Goal, Lavoye; point, C. Hayes; cover point, C. Hayes; rover, V. Hayes; centre, Morrow; right wing, Downey; left wing, Coughlan.

Ringers.—Goal, Brisbois; point, F. Carleton; cover point, R. Caritol; rover, Chef ernan; centre, Gilray; right wing, F. Hayes; left wing, W. Welsh.

Referee.—W. Flannery.

• • • •

The Maple Leaf Hockey team met the Rough Riders, of Ashburnham, at All Saints' rink, on Saturday afternoon. The game resulted in a tie, the score being 3-3. The line-up was as follows:—

Maple Leafs.—Goal, W. Ellenbeck; point, E. White; cover point, V. Corkery; rover, J. Guerin; centre, R. Desautel; right wing, V. Lewis; left wing, B. Heenan.

Rough Riders.—Goal, S. Holland; point, V. Clancy; cover point, Gorman; rover, O'Shea; centre, L. Giroux; right wing, C. Conroy; left wing, Stevens.

Referee—V. Campbell.

• • • •

SMITHS FALLS' GAME BULLETINS

Progress of the Game To-night Will be Reported at the Rink.

The rink management has made arrangements to give the patrons of the rink to-night a report of the game being played in Smith's Falls. A series of bulletins reporting the progress of the game will be received by special telegraphic service and as each goal is scored it will be reported.

The game is bound to be a close one and many will be interested in the result, consequently the move to supply those in town with news of the progress of the game will prove very popular.

The bulletins will be posted as soon as they are received so that all who attend the rink will see them.

The usual charge for skating will be made, 15 cents, to those who are not ticket holders, while for spectators the admission will be 10 cents.

• • • •

THE STOOL TOPS' GREAT VICTORY

A Great Game Between two Teams From the Wm. Hamilton Co.

Those who were fortunate enough to witness Friday night's hockey match between the Pattern Shop and the Office Bunch of the Wm. Hamilton Mfg. Co., were amply repaid by being treated to one of the most brilliant and scientific games yet played this season. It was practically a walk over for the Stool Tops, as the result was never in doubt.

The Wood Butchers smarting under their defeat of two years ago at the hands of the Office Staff, thought they had the "goods" in the shape of a hockey team that could trim anything around the works, and so challenged the Office to a return game, which was quickly accepted, but after last evening's one-sided score of 7 to 1, it is safe betting they will never wield the stick again.

The game, which was clean and fast, started about 10.15, and in a few minutes the Stool Tops notched their first tally. They increased it to three before half time was called, while the Wood Butchers failed to locate the net. At the beginning of the second half by a nice piece of combination between Doris and Dobson, the latter, who by the way played the best game of the night, located the net in less than twenty seconds. This seemed to wake the patternmakers up and by a pretty individual rush Moore scored their first, last and only goal.

Before time was called the Stool Tops increased their lead to six goals. During the latter part of the game the Wood Buthers had to call in the assistance of the spectators, one of whom assisted Sharpe in tending goal for the last fifteen minutes of play.

For the Stool Tops all shone brilliantly, but Dobson at centre, was the star, penetrating the Wood Butchers' defence, and scoring at will. The rest of the team all played hard, and upheld in a creditable manner the honour of the office. The teams lined up as follows before Mr. Harold Dunsford, who proved a very fair and efficient referee.

Stool Tops.		Wood Butchers.
	Goal.	
Lockington		Sharpe
	Point.	
Potvin		Dawson
	Cover Point.	
Doris		Buchanan
	Forwards.	
Richardson		Braund
Dobson		Moore
Cameron		McKee

Goal umpires—Garrow, Seward.

Time keepers—Bennet, Sharpe.

It is safe betting that the Pattern Shop will not be heard from again.

Patternmakers who can play hockey just a little bit are sure of a job.—Communicated.

LOCAL HORSES GO TO OTTAWA

Mr. Martin Connors and Dr. Johnston Enter Horses at the Ottawa Winter Races.

Mr. Martin Connors, of the City Hotel, went down to Ottawa last night to attend the ice races of the Central Canada Racing Association, which are being held there this week. Mr. Connors has several horses entered, the first to start being Blucher in the $1,000 five mile stake. Other of Mr. Connor's entries are,—Lady Gothard in the 2.35 pace stake, purse $1,000 on Tuesday; also in the 2.32 trot and pace, purse $1,000 on Saturday, Token in the 2.28 pace, purse $400 on Thursday.

Dr. Johnston's horse, Donna Belle, is also entered at the meet, he having gone down on Friday. Other members of the Turf Club will go this evening.

ARRIVALS AT CITY HOTELS

The following are the arrivals at the various hotels:—

Oriental.—E. E. Shortell, Toronto; J. D. McLachlan, Montreal; G. A. Roome, Montreal; W. Kirkland, Montreal; A. Mints, Montreal; F. W. Warne, Toronto; J. Long, London; E. H. Hoyt, Montreal; J. L. McMartin, Morrisburg; J. D. Couch, Toronto; W. R. Madill, Toronto; R. D. Fairburn, Toronto.

National.—J. W. McBurney, Toronto; J. B. Weller, Belleville; R. A. White, Gooderham; H. E. McMaster, Canadaigua, N. Y.; G. E. Lang, Lindsay; W. L. Dodds, Port Hope.

Snowden House.—John J. Murphy, Halifax, N. S.; C. C. Mullock, Ottawa; S. Durgwall, Port Hope; Alfred Thompson, Cobourg; J. R. Myers, Toronto; John Robinson, Hamilton; F. J. Walker, Toronto; C. McArthur, Toronto.

LOCAL STOCK MARKETS

The following is from N. B. Darrell, 327 Water street.

January 6th.—Technically the market is in a strong position and it is the opinion in the best quarters that higher prices for the active stocks will be established during the coming week. We look for an active movement in Leather, pfd., the Steel stocks, Gould shares, Copper and the Coalers later in the week and advise taking advantage of any recessions to buy these.—Town Topics.

The Slocum Disaster.

Among the most notable scenes that Merritt & Pritchard Biograph Company presents on Thursday, Friday and Saturday, next, 9th, 10th and 11th, is the New York excursion steamer disaster, The General Slocum; lynching at Cripple Creek, tracked by bloodhounds, Coney Island great fire, massacre by Indians, the great train robbery. These are only a few of the many pictures to be seen and another feature is the beautiful illustrated songs sung by Frank E. Dee, a noted baritone from Keith's circuit. News comes from the Auditorium, Quebec, highly recommending the attraction. The prices are popular—10c, 20c and 30c. The attraction only plays the larger cities. Montreal, Kingston, Quebec, Ottawa and Toronto.

GUARANTEED CURE FOR PILES

Itching, Blind Bleeding or Protruding Piles. Your druggist will refund money if PAZO OINTMENT fails to cure you, in 6 to 14 days. 50 cents.

—The next assembly of the Never Learn Club will be held on Wednesday night in the Foresters' Hall. Those who received invitations for the last dance are invited to attend without another invitation.

—Three days after St. Valentine's day—that is Feb. 17th—the second of the series of popular band concerts will be held in the Opera House. Entire change of programme; soloists will be announced later.

—When sweets less carefully put up are liable to derange digestion, it will be found that Hawley's Own Make of candies are temptingly healthful, being made up on the basis of pure fresh fruits and sugars. 426 George street. 'Phone 485. 6d

—The Rev. Mr. Major preached last evening at All Saint's church from the text:—"Whatever ye do in word or deed, do all in the name of the Lord Jesus giving thanks to God and the Father by Him."—Col. 3; 17.

—Removal—On account of increasing business, we have been compelled to move to larger premises, at 364 Water street, opposite Ontario Bank. Please accept our thanks for past patronage. Furniture, stoves and other household goods bought and sold M. T. Butcher & son. dtf

—Mountain trout, flounn haddie, white cod fish, herrings, also wax candles, Lipton's jellies and pickles, fancy biscuits, clover honey, canned peas, tomatoes and corn, cheap; cabbage, celery, parsnips, beets, turnips, potatoes and spy apples. James R. Bell, 161 Hunter street. 'Phone 455. Also farm for sale.

—A St. Thomas young man, before going out the other night, put a lighted electric lamp in his bed-clothes so that they would be nice and warm when he came in. The bed was on fire when he returned. Young men who are in the habit of hiding their light under a bushel of bedclothes will take due warning.

—Dr. Amys, having purchased the property and practice of the late Dr. Pigeon, who resided at 270 Charlotte street, Peterborough, he will on and after Jan. 31st, have his surgery at the above address instead of as in the past on Lake street. Fifth Ward. Office hours,—8.30 to 10 a.m., 2 to 3.30 p.m., 7 to 8 p.m. 6d1w

—To-night at St. Andrew's church a reception will be held for the young people of the church, and a most enjoyable time is anticipated. Rev. Mr. Esler of Cooke's church, Toronto, will be present, and deliver an address. Refreshments will be served to the visitors and all young people of the congregation are invited.

—The regular monthly meeting of St. Paul's Young Men's Guild, will be held to-morrow night in the lecture room of the church, when Rev. Mr. Ketchon will give an address on "My First Sermon," and Mr. R. F. McWilliams will speak on "My First Campaign." Refreshments will be served, and all the young men of the church are invited to be present. 2d

—The annual meeting of the Canadian Association for the prevention of consumption, will be held in Ottawa on the 15th of March next. The afternoon will be devoted to the routine business of the Association. In the evening a lecture will be delivered by Dr. Adams, of Montreal, on some phase of the crusade against consumption. His Excellency the Governor-General, will preside on the occasion.

—The Quebec Chronicle, of Jan. 17, speaks very highly of the biograph or living pictures, presented by the moving picture Company in that city, and which is to appear in the opera house here on Feb. 9th, 10th, and 11th. There is an entire absence of vibration, and the scenes presented, being from photographs, are exciting and true to life, including photographs of the slaughterous battle of the Yalu between Japs and Russians.

THE SOCIAL WORLD.

Interesting Personal Items Gathered by Reporters.

Mr. R. R. Hall, M.P., returns to Ottawa this evening.

Mr. Jas. Mulligan, of the Provincial Secretary's Department, Toronto, is in town for a day or two.

Miss Bertha Parnell is the guest of her cousin, Miss Jennie Pearce, Marmora, for a couple of weeks.

Mr. Joseph Armstrong, formerly of Peterborough, left last week for Manitoba, where he will reside in future.

Mr. F. H. Dobbin of the Review, was elected to a position on the executive of the Canadian Press Association, at its recent meeting held in Toronto.

Miss B. Thompson of Pine street, and Miss Flossie Tinney, Cobourg, are in Peterborough, the guests of Mr. and Mrs. W. J. Nelson.—Port Hope Guide.

Jack Shannon, Will Lockhart and M. Isbister, of Sarnia, accompanied by Miss Ida Shannon, and Miss Maggie Isbister, are visiting friends in town.

The many friends of Mrs. A. E. Ames in Peterborough, will be glad to know that he has sufficiently recovered to be removed from London to her home in Toronto.

Mr. White, who has charge of the Turnbull Company's housefurnishing department, this season, left this morning to visit the manufacturing centres to pick up the latest novelties and ideas in his line.

Mr and Mrs Storey of Rat Portage, are in town renewing old acquaintances. Mr. Storey was for many years an engineer on the G.T.R. and now has a similar position with the C.P.R. at the former place.

At the Toronto Conservatory of Music last week, Miss Lillian Moore, passed her piano examinations, heading the list and taking first class honours. Miss Moore is a pupil of Miss Alice Roger, at the Peterborough Conservatory of Music.

Mr. L. S. Channel, proprietor of the Sherbrooke, Que., Daily Record, was in Peterborough over Sunday, the guest of Mr. R. J. Todd, on his way back from Toronto, where he had been attending the Press Association meeting. Mr. Channel was elected a member of the executive of the Association for 1905.

Mr. R. N. Jolliffe, who for almost a year has filled very acceptably a position on the reportorial staff of the Examiner, has resigned to go into the study of music, in which profession he has already won distinction. He will now devote his entire time to it. Mr. Jolliffe's successor is Mr. R. J. Choate, of Toronto, son of Mr. A. F. Choate of Warsaw, who will go the rounds in his capacity as news-gatherer for the Examiner, and the same generous treatment accorded Examiner reporters in the past, is bespoken for Mr. Choate.

POLICE COURT NOTES

At the police court this morning, Harold Phampelon, who was remanded on Friday, on a charge of obtaining money under false pretences, was allowed to go. He has several more serious charges against him in Lindsay, where he will be dealt with.

Roderick Pringle Dead.

Toronto, Feb. 6.—In the death yesterday at the Queen's Hotel of Robert Roderick Pringle, the Canadian turf loses one of its oldest and best known devotees. Deceased who was in his 68th year, had his summer home in Cobourg, but spent the winter months at the Queen's. On Jan. 26 he became seriously ill with angina pectoris and passed away yesterday. The funeral takes place to Cobourg to-morrow morning. He was generally accorded first place among judges of thoroughbred horses in Canada, and his reputation extended all over the United States facing circuit.

Committed For Trial.

Windsor, Feb. 6.—Thomas Tomlinson, an Amherstburg grocer, as treasurer of the Amherstburg Steam Drillmen's Society, No. 604, had in his possession $499.97 when he was displaced. Tomlinson refused to give up the property, and he was charged with larceny and committed for trial. Bail was fixed at $800.

WANTED.

WANTED. — A GOOD GENERAL SERVANT. Apply at once at 113 Simcoe street. d1.

LOST.

TAKEN FROM THE NATIONAL HOTEL between one and two o'clock on February 4th, a gentleman's overcoat, containing a pair of fur lined gloves and a muffler. The party who took same by mistake is requested to return to the National. d1

CHANGED HANDS.

LeGros' Cigar Store and Barber Shop.

The undersigned has purchased from the LeGros' estate the Cigar Store and Barber Shop so long known by that name, and will continue to carry on the business in future in the same premises, under the name of

Mac's

Cigar Store and Barber Shop.

The Tobacco and Cigar Store will be re-stocked with the choicest goods on the market, including the most up-to-date Smokers' Sundries of all kinds.

The Barber Shop will undergo such a complete change as to make it second to none That means quick service, no long waits, and good work. We promise you'll find a good barber at every chair. "You're next."

I therefore solicit a share of the public patronage, assuring customers that my own personal attention will be a guarantee that both branches of the business will be conducted in a manner to give entire satisfaction. We're out for your trade. The services of Mr. LeClair, who has been connected with the business for so many years, has also been retained,

T. W. McDonough.

Formerly of Hamilton.

Advertise in the Examiner

The Robe and Coat Event of the Season.

THE BEGINNING OF FEBRUARY MARKS AN IMPORTANT EVENT—A CLEARING SALE OF FUR ROBES AND FUR COATS.

As Furs have been getting higher and higher priced each season and this sale's prices will be lower than last season's prices, isn't that reason enough for present buying?

Read our short list of February prices, which you will find but a sample of what we are doing in our entire Fur stock, and then figure it out if it isn't better than banking money.

3 only pieced Grey Goat Robes, extra large size, regular $60.00.....now $40.00	2 only Coon Skin Coats, whole skins, reg. $40.00 qualities....now each $20.00
6only Black Mountain Bear Robes, extra large size, regular $15.00, now $11.00	8 only Coonskin Coats, whole skins, reg. $60 qualities.....now each $37.50
8 only Black and Brown Mountain Bear Robes, large size, reg. $13..now $9.00	10 only Coonskin Coats, whole skins, reg. $65.00 quality.....now each $50.00
3 only Buffalo Calf Robes, large size, reg. $25.00.....now $19.00	4 only Australian Coon Coats (best quality) reg. $45.00 quality, now each $35.00
6 only Black Russian Dog Coats, regular $20.00.....now each $14.00	6 only Astrachan Jackets, regular $20.00 quality.....now each $20.00
4 only Brown Calf Coats, reg. $25.00 qualities.....now each $18.00	12 only Ladies' Fur-lined Jackets, ½ price, $15.00 for $7.50, $25.00 for $10, etc.

You will see from Above that Prices are Reason Enough

for the purchase of these high-class Furs, but there are others. Protection of health should not have money consideration. An hour's exposure to extreme weather might cause irreparable damage—and don't forget the after years of comfort. Come in and have a look through, as our stock is not of the cheap class made so often for no other purpose than to be sold by auction, but is all home manufactured and guaranteed.

Thos. Barrie & Co.

PREMIER ROSS RESIGNS OFFICE

Advises Lieut.-Governor to Call on Mr. Whitney, to Form Government

New Premier to Call at Government House at Five O'clock.

Special to the Examiner

Toronto, Ont., Feb. 7. — Shortly after 1 o'clock this afternoon, Hon. G. W. Ross drove, unaccompanied to Government House and handed to Lieut.-Governor Clark the resignation of himself and his colleagues, handed over the great seal of the Province and advised his Honour to call upon Mr. J. P. Whitney to form a Government. The Premier-elect is not in Toronto this morning, but is expected to arrive from Morrisburg this afternoon at 4.30. It is probable that a few minutes after he reaches here he will proceed to Government House in response to a message from the Lieut.-Governor, and that he immediately will hand his Honour a list of the men he desires to be sworn in as holders of portfolios. The official swearing in of these gentlemen may take place this evening.

ST. JOHN'S YOUNG PEOPLE'S DRIVING PARTY

Drive About Town Followed by Refreshments at Guild Room.

There was a good attendance at St. John's young peoples' sleighing party last night, three bus loads leaving the post office at about 8 o'clock. After an enjoyable drive around town till about ten o'clock the party adjourned to the Guild room, where refreshments were served by the young men. The party separated about 10.45 o'clock.

—Miss Williamson's Raffia Class in connection with the Y.W.C.A. will meet to-night at 7 o'clock.

J. SUTCLIFFE & SONS

COUNCIL GRAPPLED WITH BIG QUESTIONS

Two Assessors Were Appointed Last Night, at a Salary of $500 Each—Thos. McKee, and Thos. McGrath, the Appointees.

Trades and Labour Representatives Want an Assessement Commission — But Their Contention was Overruled.

Plumbing Inspector Will be Appointed Later—Committee of the Whole will Deal With it—Other Matters Discussed.

The town council held what was practically its first business meeting of the year last night, when a sitting, lasting almost till midnight, was held and then all the matters were not dealt with, for at 11.30 Ald. Johnston, chairman of the Fire, Water and Light Committee, arose to address the council on the question of fire protection for the town, and to throw out a "feeler," so that the ratepayers may have an opportunity of expressing their opinion on the proposed changes in the fire fighting system now in vogue. A motion to adjourn, however, deprived Ald. Johnston of the privilege of carrying out his plan, and the meeting ended shortly before the hour of midnight.

There was considerable routine business, which occupied much time, but the question of assessment was the one which caused the greatest amount of discussion.

The Committee of the Whole reported recommending that Messrs. T. McKee and Thos. McGrath, be appointed assessors, at a salary of five hundred dollars each, and the only opposition to this recommendation came from the aldermen representing the Trades and Labour Council, Messrs. Johnston, Crowe and Begley, the latter, however, while expressing his belief in the principle of appointing an assessment commission, frankly admitted that he was not prepared to say that at the present time the appointment of one man was desirable, and he was rather inclined to think that the appointment as suggested by the report, was a step in the right direction, and would eventually lead to the adoption of the commissioner plan.

The other aldermen were apparently in favour of the appointment of two men, as suggested by the report, which was adopted, and a bylaw passed accordingly.

In defining the duties of the assessors some discussion arose as to the preparing of a plan of the town with all the lots with their area marked on it. This was considered by Ald. Adams as essential to the work of the assessors, and he moved that a clause be inserted in the bylaw giving this as part of the assessors' duties. The Mayor thought it was not necessary to have such a plan, and Ald Tovey objected on the ground that they were not acting "on the square," in springing this work on the assessors at the last minute, which assertion Ald. Adams characterized as an imputation which should be withdrawn, as he was quite prepared to have the work done at the expense of the town, if the assessors were not prepared to do it for the amount of their salary, but he thought they would very probably prepare such a plan themselves as a help to their work, even if they were not asked to do it. A clause adding this to their duties was included in the bylaw.

The question of the appointment of a plumbing inspector was brought up, and a bylaw appointing him was submitted for its first reading, but on the motion to go into committee for the second reading it was decided to refer the matter back for consideration to the Committee of the Whole.

Those present at the meeting of the council were: Mayor Best, Ald. Begley, Johnston, Scott, Hicks, Adams, Batten, McIntyre, Hall, Tovey, Leary, Crowe, Mason, in addition to a large number of ratepayers.

The minutes of the last meeting were taken as read and approved.

COMMUNICATIONS.

The following communications were read and dealt with in the manner indicated:

From Alfred J. Cameron, Ontario Land Surveyor, saying that he estimated cost of survey of reserve along the river front at about $150, which included $75 already paid for work which will be used now. —

From Duncan MacGregor, applying for the position of plumbing inspector, enclosing testimonials as to his competency to successfully fill the position of plumbing inspector, and suggesting that his services be paid for by the following method: The town to pay $300 per year, and a small addition for each contract, of $50 and under, of $1.50. For each contract of $200 and under, $4; every additional $100, or fraction thereof, over $200, $1 extra. — Received.

From R. M. Dennistoun and J. W. Bennet, asking the council to attend a meeting to consider the question of the establishment of a sanatorium for the treatment of tuberculosis patients, to be held on Thursday night.—Received.

From R. R. Hall, M.P., asking for a petition from the corporation for the money from the Government for the armoury site. There is now no difficulty in the way of having the matter put through at an early date if the above action is taken by the council.—Town Solicitor.

From H. J. Smyth, claiming $40 for damages to a new cutter through the snow being piled too close to the Street Railway tracks. — Legal Committee.

From William Taylor, asking for refund of peddler's license. — License Committee.

From W. J. Green, tax collector, submitting a statement of the amount of taxes collected during January, as follows: $530.09, with interest on the same, $26.55. — Finance Committee.

From the Peterborough Light and Power Co., protesting against being taxed for the electric light poles, wires, etc., in Ashburnham, and the car barn, as under the contract with the town the company was not to pay any taxes, the $400 pole rental covering it.—Franchise Committee.

From J. S. Richardson, asking for refund of peddler's license.—License Committee.

From the Canadian Fire Underwriters' Association, asking the council to take the necessary precautions to have the fire fighting apparatus in good order.—Fire, Water and Light Committee, and the Water Commissioners.

From Dennistoun, Peck, Kerr and Stevenson, solicitors for the Board of Education, asking the council to close the option given by the Bishop of Peterborough for the site for the Collegiate Institute. The latter submitted that the town authorities must take the lead in the matter, since it was through that body that the negotiations were carried on with the Dominion Government, and not with the Board of Education.—Legal Committee.

From the Town Engineer submitting his annual report and showing the amount expended on works in his charge.—Board of Works.

From G. E. Whiten, asking the privilege of making a photograph of the council.—Received.

From R. M. Dennistoun, secretary of the Children's Aid Society, asking for a renewal of the grant made to that Society, and extending thanks for past assistance. — Received.

From ratepayers, asking that an electric light be placed at the corner of Stewart and Dalhousie streets.—Fire, Water and Light Committee.

From Andrew T. Thompson advising the council that an application will be presented for the incorporation of the "Georgian Bay and Seaboard Railway, at the present session of the Dominion Parliament. — Received.

From Thos. McKee, T. McGrath and Wm. Aldridge, applying for reappointment as assessor.—Received.

From W. G. Morrow, enclosing a copy of the estimates for the Board of Education for the year 1905.—Received.

From R. R. Hall, enclosing a letter from the Deputy Post Master General, and stating that the plans and specifications for the improvements at the Peterborough Post Office have been approved, and that an order is being placed for a new set of boxes, and these will be installed with three delivery wickets and two entrances to the post office. These changes will now be carried out as speedily as possible.—Received.

From the Water Commissioners, asking that the council incorporate in the bill to be presented to the Legislature, a provision that all surplus money arising from the management of the water works, remain to the hands of the Water Commissioners to form part of the contingent fund which has been established under authority of the act of the Legislature of 1903, chapter 74, and to obtain the necessary amendments.—Received.

THE ASSESSORS.

Ald. Hicks presented the following report of the Committee of the Whole:—

Your Committee of the Whole Council begs leave to report and recommend as follows:—

That two assessors be appointed to do the assessing of the town this year.

That Thomas McKee and T. B. McGrath be appointed Assessors at a salary of $500 each and that their duties commence immediately after the passing of the by-law appointing them.

That the charge for the past year to the granolithic walks for engineering be three per cent. and to the sewers five per cent.

That 25 per cent. of the cost of the concrete mixer be charged to granolithic sidewalks constructed in 1904.—Carried.

That the Chairman of the Board of Works and the Mayor be authorized to have the concrete mixer fitted up for the season's work.

The report was adopted as read:—

FIRE, WATER AND LIGHT COMMITTEE.

Ald. Johnston presented the following report of the above committee, which was adopted:—

Your Fire, Water and Light Committee beg leave to report as follows:—

That your committee authorized the Chairman to sell two of the gray horses and one bay horse in the fire department for $375 and to purchase three horses to take their place, the horse purchased to be paid for on the order of the Chairman of this Committee and we recommend that this be approved.

We also authorized the Chief of the Fire Department to rent a suitable horse required for the fire hall until the team was purchased.

We recommend that an account from R. Parnell for $21.63 for services as Relief Teamster in the fire hall be paid.

We recommend that as John Montgomery was off duty owing to having been injured by an accident, the Treasurer be authorized to pay him his wages due on January 15th last.

We recommend that the following supplies asked for by the Fire Brigade be procured:—4 smoke masks, 2 hydrant keys, 6 hose keys, 6 rubber coats, 6 pairs rubber boots, 1 crowbar, 20 2½-2 inch hose washers, 1 pitchfork, 2 keys to fit hydrants at Cereal Works, 1 set of new wheels for hose waggon, 400 feet new hose, 1 dresser was wash stand for Mr. Walmright's room, 2 white spreads for firemen's beds and 12 hose hangers for hose tower. Also that the bedrooms and other rooms be cleaned as needed.

All of which is respectfully submitted,

BOARD OF WORKS.

Ald. Adams presented the following report of the Board of Works:—

Your Board of Works begs leave to report and recommend as follows:—

That the term for the completion of Mr. John Robson's sewer contract be extended to May 15th, 1905, and he be paid 85 per cent. on the work completed, provided he obtains the consent thereto of his sureties to the satisfaction of the Town Solicitor or procures a bond covering the whole work and this variation from Wm. Snowden and Vincent Eastwood, the bond to be in form approved by the Town Solicitor.

That the request of R. W. F. B. Davidson for permission to connect his house with a sewer to be built on Aylmer street be granted provided he pays the whole cost of the work and that the connection be made at a junction and not at a manhole.

That the Town Engineer be instructed

Peterboro's Leading Shirt House

Hard Front Shirts

Just before our new stock of Shirts arrive we find it necessary to decrease our present stock of Hard Front Shirts. This can only be done by first decreasing the price, which we have done to an extent that crowns this as the Shirt event of this season. See our furnishing window and buy this week.

Cressman's

REASON No 11

WHY YOU SHOULD USE

Red Rose Tea

Because it is always fresh and sweet.

My teas are shipped to St. John direct from where they grow, instead of being imported from London, where teas often lie in warehouse for several months.

The sales of Red Rose Tea are so large that any one lot of tea seldom remains on hand more than a few weeks; fresh lots arrive by every steamer.

Then, in the grocery store, Red Rose Tea is never dead stock. Except where being first introduced, the demand is such that each shipment is sold in a very few weeks.

From start to finish, Red Rose Tea is handled so that the consumer is sure to get it while it is fresh and sweet.

Daily Examiner.

TUESDAY, FEB. 7, 1905.

SALARIES OF THE ONTARIO MINISTERS.

An agitation is being conducted in some quarters for the increase of the salaries of Ontario Cabinet Ministers. This is a subject which will bear investigation. The matter turns upon the fact of the present salaries being insufficient to enable Cabinet Ministers to efficiently maintain the dignity of the position. The salary of the premier of Ontario is now $7,000. Add to that the sessional indemnity of $1,000, and we have a practical salary of $8,000. The salary of the other Cabinet Ministers is $4,000, and the sessional indemnity added, makes it $5,000. This is, perhaps, as much, and more, than the Ministers would acquire in their private capacities. It is often urged that the demands upon Ministers, by reason of their positions, is a great drain upon their incomes. This is much over-rated. The Examiner should know, and is in a position to state that the combined outlay represented by visits of ladies with subscription lists, and other schemes demanding recognition, would not amount to over $200 per year. It does not seem that a large increase of Ministers' salaries, like that proposed, is called for. If the increase is made upon the grounds suggested —the increased cost of living — a similar all-round increase in the salaries of civil servants could not be gracefully denied.

The financial resources of the province are not unlimited and there is urgent need of every cent of available revenue to meet the increasing requirements of Education, Agriculture, etc., etc., not to speak of development operations, including colonization roads, which in view of the rapid increase of settlement will create large demands upon provincial funds. The Examiner does not object to increased provincial expenditure—without such increase there would be no progress — but the increase must be for productive purposes and demanded by circumstances, not as a matter of sentiment or ostentation. Cabinet Ministers should have adequate salaries, but no more than sufficient to permit them to maintain their positions with dignity and sufficient to place the above anxiety on the score of income so that they can be left free to devote their undivided attention to their official duties. It seems that an official income of $8,000 for the Premier of the Province, and $5,000 for the members of the cabinet is ample to cover these requirements.

Bad Teeth and Cancer.

Walter Whitehead, the well known English surgeon, believes it possible that cancer may be due to bad teeth. Addressing the students of the Victoria Dental hospital, he said that to drain, trap and ventilate a house for a man with bad teeth was waste of money, for he polluted the purest air as he breathed it and contaminated the most wholesome food as he ate it.

Didn't Pan Out.

"I thought you said you had a gold mine in that play of yours."

"I had," answered Mr. Stormington Barnes, "but it was one of the kind that sells stock and never pays any dividends."

Never Had the Coveted Chance.

Harris—When you go to the polls, of course you vote for what you think is the ideal man? Berry—Why, I never was a candidate for public office in all my life.

THE INSTITUTE'S LAST MEETING

Two Well-Attended Meetings at Stewart's Yesterday.

Speakers were Messrs. A. E. Sherrington, R. H. Field, and T. E. Kline—Interesting Subjects Discussed.

The third supplementary meeting of the West Peterborough Farmers' Institute was held at the Union Hall, Stewart's, Otonabee Township, on Thursday, Feb. 2nd. The small attendance at the afternoon session was doubtless accounted for by the inclemency of the weather. The delegates present were,—Mr. A. E. Sherrington, of Walkerton; Mr. R. H. Field, of Addison, and Mr. F. E. Kline, of Lakefield. The chair was most acceptably filled by Mr. R. Q. Dench, of Lakefield.

Mr. Sherrington spoke on "How to Make an Orchard Profitable; Planting Pruning and Grafting." He strongly advised the cultivation of orchards, recommending the disc-harrow as the best means. This assists in conserving the moisture of the soil. Rye, rape, or some green crop should be sown, as this will act as a mulch, adding to the humus in the soil. A cover crop also assists in preventing the frost from penetrating so deeply into the ground. He next dealt with the subject of pruning. This should be done annually, not every 5th or 10th year as too great a number of large limbs have then to be taken off at one time. A knife or a very fine saw should be used, the cutting being done very close to the body of the tree, all heavy cuts on limbs being painted. March or April are preferable to June for pruning. In his remarks on spraying he pointed out the dates when this can be done to best advantage and spoke of the various troubles which have to be encountered, mentioning black-spot, fungus, coddling-moth, black-knot, scab, currant-worm and caterpiller among others. In the discussion which followed his address he gave some valuable hints on grafting.

Mr. Field next spoke on the subject of "Cultivation." The soil must be cultivated for the dual purpose of destroying the weeds, and of conserving the soil moisture. The depth of the plowing should depend upon the soil, subsoiling only in heavy clay land. Fall ploughing should be done in October. In the spring a cultivator and disc-harrow should be used, and the land worked till a good seed-bed is prepared. In case of heavy rains resulting in a crust forming on the surface, he advised the use of a light harrow. He preferred rolling the land before sowing rather than afterwards, as the latter has a tendency to form a crust and cause evaporation. As soon as the crop is removed, it is well to cultivate again with disc-harrow or gang-plough, thus starting any weed-seed to grow; any growths of this nature being turned down in the fall-ploughing. He gave a three and four years rotation of crops which might be cultivated to good advantage.

EVENING SESSION.

At the evening meeting Mr. Dench again took the chair.

This meeting was well attended, and the various solos and recitations which were interspersed with the addresses added much to the attractiveness of the programme.

Mr. Field in discussing the subject of 'Farming," spoke of the requirements of the successful farmer, showing the importance of putting into practice progressive and business like methods. He should be as thoroughly a master of his work as the business or professional man. Boys should be taken into the confidence of their parents and permitted to assist in all transactions in connection with the farm. The home should also be made as cheerful as possible.

A solo was next rendered by Mr. Bert Deyell in a pleasing manner.

This was followed by a paper on "The care of milk before it reaches the factory," by Mr. Kline, who displayed a thorough knowledge of his subject; the discussion which followed the reading of his paper proved especially interesting.

A recitation by Miss Emily Deyell was received with much applause.

Mr. Sherrington's address on "Small Fruits for the Farmers' Garden," contained much valuable information. In opening he referred to the Ontario Agricultural College and the good work it was accomplishing in the real of agriculture, and also to the advances being made through the Farmers' Institute system. His remarks on the propagation of fruit were similar in most respects to those given at the Engelmore meeting of the previous evening.

The programme was concluded by a well rendered song by Miss Helen Hanbidge.

A vote of thanks to the speakers, the president, and the secretary, was moved by Mr. S. Matchett, seconded by Mr. R. Hanbidge; one to those who assisted in the programme, and those who so kindly entertained the visiting delegates, was moved by Mr. Sherrington, seconded by Mr. Collins.

Mr. Collins the secretary, is to be congratulated on the successful results of his work in the way of enrollment of new members. To his constant and untiring efforts in the interests of the Institute, the success of the series of meetings just concluded, is in no small measure, responsible. Mr. Collins has been for years connected with the Institute, being at one time president, which position he relinquished for the somewhat more strenuous one of secretary.

Colds Become Pneumonia

AND BRING FATAL RESULTS IN A REMARKABLY SHORT TIME—THE SAFEGUARD IS

DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE.

Nearly everybody knows that pneumonia results from neglected colds and yet there is scarcely a newspaper you pick up these days but contains the report of some fatality from this deadly disease.

Colds are so common that the danger they carry with them is overlooked.

In Dr. Chase's Syrup of Linseed and Turpentine you have a positive cure for colds and a complete safeguard against such serious developments as pneumonia and consumption.

The exceptional curative properties of turpentine and linseed are well known, and in Dr. Chase's Syrup of Linseed and Turpentine they are combined with half a dozen other ingredients in such a way as to be pleasant to the taste, and wonderfully powerful in the cure of throat and lung diseases.

Such ailments as croup bronchitis and asthma are quickly relieved and entirely cured by this treatment.

There is, we believe, no medicine so well suited for family use as a cure for coughs and colds, and as a safe-guard against the deadly ailments which so frequently arise from them.

Mrs. J. Provost, Renfrew, Ont., states:—"My fourteen-year-old boy had a very severe cold in the chest last winter and I really thought he was going to die. He coughed nearly all the time and sometimes would spit up blood. We had about given up all hopes of his recovery when I heard of Dr. Chase's Syrup of Linseed and Turpentine. After using one bottle there was a great change in his condition, and I can positively say that he was completely cured by two bottles and he has not been troubled since. I never saw medicine take such quick effect and can sincerely recommend it."

Dr. Chase's Syrup of Lindseed and Turpentine, 25 cents a bottle; family size, three times as much, 60 cents, at all dealers, or Edmanson, Bates & Co., Toronto. To protect you against imitations, the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

Concealed Baby's Birth.

Brockville, Feb. 4.—The inquest on the body of the infant child found concealed in a basket at Greenbush, on the 24th ult., was resumed here yesterday, before Coroner Dr. Lane of Mallorytown. The circumstances surrounding the finding of the body were detailed by witnesses, and Lucy Blanchard, the young unmarried woman, suspected of being the mother, acknowledged the fact on the stand, and stated that she had previously disposed of two other children in a similar manner. The doctors who made the autopsy testified that the infant was still-born. The jury returned a verdict charging the woman with concealment of birth. On this charge she was immediately arrested and committed by P. M. Deacon to stand her trial at a higher court.

U. S. FREES EVERYTHING.

Sweeping Decision of U.S. Officials Following Attorney-General's Opinion.

New York, Feb. 7.—The Washington correspondent of The Tribune, whose announcements upon Government policy are often official, declares that as a result of the decision of Attorney-General Moody, allowing a draw back of duty upon wheat imported for the manufacture of flour for export, free hides, free wool, free lumber—in a word, free raw and partially manufactured materials of every sort and description—are now at the disposal of American manufacturers engaged in the export trade. By the provisions of the circular of instructions issued by the Secretary of the Treasury, pursuant to the opinion of the Attorney-General, manufacturers may import every class of material, pay the duty at the time of its importation and recover 99 per cent. of such duty when it is shown that the imported article is contained in a finished product subsequently exported.

CANADA'S NEW MINT.

Sir Wilfrid Laurier Explains Expected Benefit—Copy of Mr. Blair's Letter of Resignation Ordered.

Ottawa, Feb. 7.—That Canada, with an annual gold production of $20,000,000, should have her own mint, and that the circulation of Canadian specie throughout the commercial world, which will naturally follow the conversion of her native gold into coin of various denominations up to $20, will be a potent factor in developing and expanding the commercial interests of Canada, was the position taken by Sir Wilfrid Laurier in the House yesterday. The Premier also presented for the consideration of the House the alluring picture of a Canadian mint coining British sovereigns out of Canadian gold as a contrast to the existing condition under which Canadian gold is sent to the United States to be minted into foreign coinage and Canadian coin is the product of the Imperial mint. The discussion was precipitated by the pessimism displayed by Mr. J. G. H. Bergeron, and echoed by Hon. George E. Foster, regarding the necessity for the new mint, the contract for which the Minister of Public Works announced he had let. Sir Wilfrid, replying to a question regarding the Yonge street bridge, intimated that the Government had absolutely nothing to do with the matter of expediting the work of construction, the commencement of which was a matter between the railway companies and the city of Toronto. An order was given to bring down copies of Mr. Blair's resignation and the correspondence connected therewith, and in Committee of Supply a number of items for the Works Department were passed.

COUNCIL GRAPPLED WITH BIG QUESTIONS

(Continued from First Page)

that in future no private sewer connections be made at manholes in the sewer.

That the Peterborough Radial Railway Co. be permitted to make two drainage connections with the sewer to drain their derailing device on Lock street, provided the drainage is found to be necessary, the company to carry the drains to connections in the sewer and to deposit with the Treasurer $2.00 for inspection.

That tenders for 2,000 bbls. more or less of cement be advertised for, on the same specifications as were used last year.

The report was adopted.

LEGAL COMMITTEE.

Ald. Scott presented the following report of the Legal Committee:—

Your Legal Committee begs leave to report and recommend as follows:—

That the Town Solicitor be instructed to give notice of the intention of the Council to apply for Legislation for the following purposes:—To confirm a by-law to aid the Peterborough Cereal Co., to confirm a by-law to aid the Peterborough Shovel Co., to confirm a by-law to authorize the borrowing of $8,000 to pay for alterations in the heating apparatus in the Central Public School, to confirm the purchase from the Roman Catholic Episcopal Corporation of the sites for the Armory and Collegiate Institute and the conveyance to the Dominion Government and Board of Education of the respective sites; to authorize the changing of the method of paying for the construction of granolithic sidewalks from the local improvement system to a general tax; to confirm debenture by-law passed recently, and to incorporate the Town as a city.

That Robert G. Sturgeon be appointed Inspector of Plumbing at a salary of $400 a year.

That upon a new option being obtained from the Roman Catholic Episcopal Corporation for lots 4, 5 and 6 north Murray west George streets and lots 4, 5 and 6 south McDonel west George at the price of $50,000 an option be given by the Town to the Dominion Government of lots Nos. 3, 4, 5 and 6 north Murray west George streets for an Armory site and of the right to use lots 5 and 6 south McDonel west George streets for drill purposes for the sum of $10,000.

The report was adopted.

FINANCE COMMITTEE.

Ald. Mason presented the report of the Finance Committee as follows:—

Your Finance Committee begs leave to report and recommend as follows:—

That the Chairman and the Town Solicitor be authorized to enquire in Toronto as to the best form in which to issue instalment debentures to meet the requirements of the market and that the Treasurer be authorized to pay their expenses.

That the expenses of the Chairman of the Board of Works in attending at Ottawa with the deputation that waited on members of the Dominion Government in regard to the control of streets by the municipalities be paid.

That in order to keep a check on the purchase of supplies the Chairman of each department issue orders for such supplies as are needed for his department, and that the Town will not be responsible for purchases made without a written order from the head of the department.

That the Chairman and Ald. Adams be authorized to re-arrange the method of keeping the vouchers of the Corporation.

That the Waterworks debentures authorized by by-law No. 1117 be issued as asked by the Water Commissioners, namely, to provide $5,000 on April 1st, $5,000 on July 1st and $5,000 on September 1st.

That the Peterborough Radial Railway Co. be sent an account for the expense of flooding their skating rink.

That the following accounts be paid:—

That the Treasurer be authorized to pay for the use of the premises for polling booths at the late election for the Legislative Assembly in accordance with a certificate from Mr. James A. Hill, Returning Officer.

The report was adopted as read.

COURT OF REVISION.

Ald. Scott presented the following report of the Court of Revision:—

Your Court of Revision begs leave to report and recommend that John Calvert having paid $1.00 dog tax in error for a tenant, and the tenant having taken out a tag for the dog the $1.00 be remitted to Mr. Calvert and that a cheque be issued for that purpose.

The report was adopted.

STREET OPENING COMMITTEE.

Ald. Adams presented the report of the Street Opening Committee as follows:—

Your Street Opening Committee begs leave to report and recommend that the Town Solicitor be asked to write to all property owners owning land required for opening George street south to Lansdowne street and north to Hilliard street, and obtain such agreements or options as may be necessary, reqodd to May 15th next.

The report was adopted.

OTONABEE SURVEY.

Ald. Adams moved the first reading of a by-law respecting the survey of the reserve along the banks of the Otonabee River. The bylaw provides that an agreement be entered into between the Council and A. J. Cameron to perform the work of the survey, at a cost not exceeding $75, in addition to that amount already paid. The bylaw was passed.

THE ASSESSMENT QUESTION.

Ald. Hicks moved the first reading of a bylaw to appoint assessors for the town for the year 1905. The bylaw provides that Thos. McKee and Thos. McGrath be appointed assessors at a salary of $500 each per year. The other clauses defined the duties of the assessors.

ONE ASSESSOR WANTED.

Ald. Johnston objected to the first clause of the bylaw, saying that he had advocated the appointment of one Assessment Commissioner instead of two assessors, and thought that at this time when changes were being made in the assessment system was an opportune time to make the change to a Commissioner. This position is one which requires considerable time to fill acceptably, and although he was not finding fault with the work that had been done by the assessors in the past, he thought that it was impossible for anyone to do the work unless one's whole time was devoted to it. The first year's work might be labourious but he could not see why the change could not be made this year as at any further time.

The appointment of an Assessment Commissioner would do away with a great deal of the work now done by the Court of Revision, and he thought that the commissioner if appointed could do the work better than it has been done in the past by the assessors.

ALD. CROWE'S OPINION.

Ald. Crowe followed endorsing the views of Ald. Johnston, saying that he was thoroughly of the opinion that the proper plan was that of the Commissioner. If more than one was appointed, why not have four as well as two. In the past fault had been found with the work of the the assessors, and he thought that they were looking to the council to remedy it. In other places the Commissioner plan had been tried and in most cases it had proved satisfactory.

He had been approached by a number of heavy property owners in town and they were all in favour of the appointment of a Commissioner, and he was of the opinion that the majority of the people were convinced that this was the better plan.

Ald. Begely said that this question had engaged the attention of the council for some time but that he was not in a position to say that he was in favour of the appointment of a Commissioner this year, and if one were appointed and made blunders it would be an unfortunate thing for the town. If the report appointing two assessors were adopted, he felt that a concession had been made.

TWO MEN BETTER THAN ONE.

Ald. Hicks could not see the difference between appointing two assessors and a commissioner and an assistant. By the latter plan it realy meant giving it to one man who farmed it out, and made $200 or $300 on it. He thought that this was just the time when no change should be made to the appointment of a Commissioner. He was prepared to accept the work of two men in preference to that of one man, and especially this year, when the changes were made in the assessment act.

TOO MUCH FOR ONE MAN.

Ald. Adams agreed that this matter was an important one, and felt that it was almost too much to put upon one man, this year especially. The committee felt that the two could work together this year, and perhaps that in the near future when the town became a city a Commissioner could be appointed.

There had been a feeling in the past that the assessing in one particular ward had not been the same as it was in the other wards, by the other two men, and he thought by appointing two men this defect could be remedied, and this was, he believed, the strongest reason for appointing two assessors. If the assessors this year successfully grappled with the provisions of the new Act, the knowledge they would gain would be of value to those who might be appointed in the future.

WARD ONE HEARD FROM.

Mayor Best called the attention of the council to the fact that this decision was arrived at by a majority of the council, and the choice made by ballot. Complaints were made that the assessment had been raised in No. 1 ward, and this ward had paid every dollar of bonuses given to all the new industries, through the increased taxation.

The clause was finally passed without amendment.

Ald. Adams advocated the insertion of a clause in the bylaw authorizing the assessors to have a plan prepared of the town, which would help them in their work of arriving at the value of the assessment, and moved that clause 8 of the bylaw be amended to this effect.

PLAN SHOULD BE PAID FOR.

Ald. Johnston asked if the council expected to get the plan made for the paltry sum of $500 a year each in addition to their other duties. He thought the plan a very necessary adjunct to the assessing, but thought the work of preparing it should be paid for.

Ald. Mason thought the suggestion a good one, but that the town should supply the plan, and it should not be expected that that the assessors should provide it themselves.

Ald. Begley thought that if the two assessors did their work satisfactorily, and prevented the "howls" which had been made in the past, they would have earned their $500.

Ald. Hall seconded Ald. Adams' motion to include the preparation of a plan in the duties of the assessors.

Ald. Tovey said that this question of preparing the plan had never been talked of in the committees, and he thought the council should act square, which he considered was not being done in springing it on the assessors at the last moment.

SOME CROSS-FIRING.

Ald. Adams retorted, saying that he wished the previous speaker to withdraw his remark regarding not acting on the square. He was perfectly satisfied to have the assessors paid for the work of preparing the plan if it entailed any extra work.

Ald. Crowe thought that Ald. Adams was on the right track, but that a committee might be appointed to confer with the assessors in this matter.

The Mayor was of the opinion that the clause should pass as read, and moved to this effect.

The amendment moved by Ald. Adams was carried on a vote of 7—5, those voting yea being Ald. Johnston, Begley, Hicks, Crowe, Hall, Scott and Adams.

The bylaw as amended was passed.

PRESERVATION OF WALKS.

Ald. Adams presented a bylaw to provide for the preservation of the granolithic walks in Peterborough, one of the provisions being that no one shall sprinkle salt on or cut the walks, nor use an axe or other similar implement on them. Persons convicted of a breach of this bylaw are liable to a fine not exceeding $50. The bylaw was passed.

A bylaw was presented by Ald. Mason to grant $300 to the Children's Aid Society, $25 per month being paid on the first of each month. The bylaw was passed.

Ald. Hicks moved the first reading of a bylaw to consent to the C. P. R. constructing a siding across Rink street. This siding is intended to accommodate the works of the Peterborough Shovel and Tool Company. The bylaw was passed.

A bylaw was presented by Ald. Scott authorizing the execution of an option in favour of the Minister of Public Works for the purchase of a site for an armoury, for the sum of $10,000. The property referred to is one-third of the Separate school grounds on Murray street, the total cost of which is to be $30,000. The bylaw was passed.

PLUMBING INSPECTOR.

Ald. Mason moved the first reading of a bylaw to appoint a plumbing inspector for the town. After the first reading of the bylaw the communication of Mr. MacGregor in reference to this question, was re-read. Mr. MacGregor stated that if he were given the position he would give up his present plumbing business and give his whole time to the work, but during the spare time if he had any he would do some other work.

A PLUMBER'S OPINION.

At this juncture Mr. MacGregor was given the privilege of addressing the council and said that he had gone into the plumbing business in town with the main object of improving the sanitary conditions of the town, and as was so anxious to do this that he was prepared to throw up his present business and give all the time necessary to do the inspection, which at first would entail the spending of considerable time, but later it might be made easier. He advocated the raising of the salary by imposing a tax upon the plumbers.

There was trickery in the plumbing business and it took a pretty competent man to catch the tricky plumbers.

Ald. Leary moved, seconded by Ald. Hicks, that the second reading of the bylaw be dispensed with and that the matter be referred back to the Committee of the Whole, which was carried.

Ald. Johnston asked for leave to discuss the matter of providing improvements to the fire protection of the town, which included the fitting up of the present fire hall and installing a new alarm system, as well as extending the fire limits, but as it was 11.30 the Aldermen evidently thought it too late to enter into a discussion of such an important subject, and a motion to adjourn was carried.

POLICE COURT NOTES

Their Worships F. J. Jameson and H. Rush, presided at the police court this morning in place of Police Magistrate Dumble, who is ill with a cold.

There was only one case up, that of William Flood, who was charged with soliciting alms. He was remanded for a week, when it is expected the Police Magistrate will deal with the case.

MARMALADE ORANGES

We have just received the first lot of fancy marmalade oranges. These are very clear and bright, being perfectly free from specks. As usual, we supply the only up-to-date slicers in use. W. H. Hamilton. 3t

Clown Brand Oranges.

We have just received direct from California a full carload of Clown brand oranges. This is the best brand of one of the best packers in California. Ask for Clown Brand Oranges. S. A. OKE, 376 George street. Telephone 18.

Opera House—Three Night's.

Commencing Thursday, Feb. 9th. Judging from the reports from other cities where they have exhibited, the Merritt and Pritchard Biograph Company, is one of the finest attractions that has visited Canada in years. The General Slocum disaster alone is worth more than the price of admission, without the other fifty attractions given by this company. They come highly recommended from Quebec City. Prices, 10c., 20c., and 30c; matinee, Saturday afternoon, 10c adults, 20c. 1d

ARTHUR HOBSON DIES AT HOSPITAL

Died at St. Joseph's Hospital—A Particularly Sad Case.

The death occurred at St. Joseph's Hospital yesterday of Arthur Hobson, from a complication of diseases, resulting in heart failure. He had been in poor health for about six months previous to his demise.

Deceased, who was 25 years of age, was born in England, and was employed latterly as a machinist at the C.G.E. works, having been engaged previous to this with the Peter Hamilton Manufacturing Company for some time.

The deceased young man leaves a wife to mourn his loss, having been married less than one year ago.

The funeral takes place at four o'clock to-day from D. Belleghem's Undertaking establishment. The pall bearers will be chosen from the members of Lansdowne Lodge, S. O. E., with which society he was associated while in Toronto.

PRESENTATION TO MISS ANNIE WESLEY

Speeding a Parting Employee of Robt Fair and Company.

Miss Annie Wesley, who has for some years been chief assistant in the dress making department of the Golden Lion, on the occasion of her retiring to take charge of the dressmaking department of Cressman & Co., was kindly remembered by her late associates. About fifteen young ladies of the department, with which she had been connected, called upon her at her residence, George street, last night, and on their behalf, Miss Maggie Dougan presented her with a handsome gold ring, set with pearls and a topaz, accompanying the gift with a neat little address. The evening was pleasantly spent in games, etc., after which refreshments were served.

Test the Kidneys.

Allow the urine to stand in a glass vessel for twenty four hours, and if at the end of that it is clouded, or has left a sediment in the bottom of the vessel, you may be sure that your kidneys are diseased. As a means of invigorating the action of the kidneys and making them strong and healthy, there is no preparation so prompt, and none so thorough, as Dr. Chase's Kidney-Liver Pills.

Beautiful Valentines.

We are having an unusually large advance sale of valentines this year. Our novelties seem to be irresistable. The demand for score cards and evening games, as well as valentines, indicates that many are preparing to celebrate the day in a social way. All supplies for party games at the Peterborough Bookstore. A. H. Stratton & Co.

PARK STREET BAPTIST CHURCH

Notes Respecting To-night's Event—The Pastor at Midland.

The Ladies' Circle of the Baptist church, Park street, invite their many friends and the public generally to their reception to-night at the church at 8 o'clock. A choice programme is provided, solos and duets; a dialogue of four characters in costume, which is a captivating number. Addresses will be given by Miss Coleman, Matron of Nicholls Hospital, on Mission work in New York. A special feature will be nursing among the poor, and the Rev. Freeman Scott, M.A., of Murray street, and a black board talk by Rev. A. H. Brace.

Refreshments will be served to the entire congregation.

A liberal thank offering is looked for and will be equally divided between Home and Foreign Missions.

The Rev. A. H. Brace preached every night last week in the Midland Baptist church with most encouraging results. The Rev. A. W. Torrie, B.A., who was pastor of a local church here, is now in charge. He will pay a return visit early in April and take part in the contemplated special work in the Park street church.—Com.

QUIET WEDDING AT ST. PETER'S CATHEDRAL

Nuptials of Miss Maud Kelly and Mr James Lynch, This Morning.

A quiet wedding was solemnized at St. Peter's Cathedral at six o'clock this morning when Maud Kelly, daughter of Mr. Daniel Kelly, of Asphodel, was married to Mr. James Lynch, Peterborough's well known and popular druggist.

The ceremony was performed by Rev. Dr. O'Brien, in the presence of the immediate relatives of the bride and groom.

The bridesmaid was Miss Loretta Kelly, sister of the bride, while the groom was supported by his brother Mr. George Lynch.

After the ceremony the wedding breakfast was served at the residence of Mr. John Moloney, with whom the bride has resided since childhood. The happy couple left on the 7.10 train for a brief trip to Toronto and points west. The many beautiful presents which were received testify to the esteem in which both the contracting parties are held by their many friends.

THE SOCIAL WORLD.

Interesting Personal Items Gathered by Reporters.

Mr. J. B. Douglas, of the Douglas shoe store is in Montreal this week, buying his spring stock.

Mr. and Mrs. H. P. Kennedy have gone to Toronto where they will remain for a few months.

Mrs. McDonald, of Lakefield, who has been visiting Miss Young at 294 Stewart street, returned home today.

Mr. A. L. Davis, of Toronto, was in town yesterday attending the annual meeting of the Peterborough Lock Company.

Miss Lillie Carter, of Hastings; Miss Myrtle Buchanan, of Havelock and Julia Carter, of Havelock, are visiting Mrs. Ross Payne, town.

Messrs. J. J Turner, Jr., and A. Kingdon, and Miss L. Stewart, are in Toronto attending the Church Sunday School Convention as delegates from St. Luke's church.

A number of delegates from town will attend the Diocesan Sunday School Convention of the Anglican Church which opened in Toronto today. Rev. Mr. Davidson went up to-day. Rev. Mr. Major will go tomorrow.

Dr. Hodgetts, Secretary of the Provincial Board of Health, has received the honour of being made a Fellow of the Royal Institute of Public Health, which has its headquarters in London, England. Dr. Hodgetts, F.R.I.P.H., will attend the sanatorium conference in the Council chamber Thursday night.

When You Have a Cold.

The first action when you have a cold is to relieve the lungs. This best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This Remedy will cure a severe cold in less time than any other treatment, and it leaves the system in a healthy and natural state. It counteracts any tendency towards pneumonia. For sale by all druggists.

A. H. Stratton & Co.	527 86

PROPERTY COMMITTEE.

The report of the Property Committee was received and adopted as follows:

Your Property Committee beg to report:

That pursuant to instructions given by the Board your Property Committee advertised for tenders for green hardwood and have ordered 65 cords of four foot beech and maple, at $5.50 per cord, from the Chamberlen estate, and ten cords of green cedar at $3.35 per cord, from D. Dunlop, to be delivered at the various schools as specified by your committee.

All of which is respectfully submitted.

John Crane, Chairman.

COMMUNICATIONS.

From John Lacheur, janitor of the South Ward School, applying for an increase of salary.—Referred to the usual committee to report.

RESOLUTIONS.

Moved by Mr. Morrison, seconded by Mr. Eastwood, that A. Williamson's account of $4.27, be confirmed.—Carried.

Mr. John Crane, chairman of the Property Committee, stated that an account of about $500 was due to Mr. Adam Hall, and it was moved by Mr. Eastwood, seconded by Mr. Hill, that that it be paid.—Carried.

A motion regarding the heating of the two lower rooms of the Central School, was referred to the Property Committee.

Mr. J. E. Belcher was on motion heard, and submitted plans of the new Collegiate Institute, which were thoroughly discussed and laid on the table.

The Board then adjourned.

COUNTY COUNCIL VISITS OTTAWA

To Ask the Dominion Government to Assume Bridges.

The members of the County Council left at noon to-day for Ottawa, where they will have an interview with the Government, asking the latter to assume the expenses in connection with the operation of the several swing bridges over the line of the Trent Valley Waterway in this county. Mr. R. B. Hall, M.P., arranged the interview for the deputation. Press representatives also accompanied the deputation.

Another Case of Rheumatism Cured by Chamberlain's Pain Balm.

The efficacy of Chamberlain's Pain Balm in the relief of Rheumatism, is being demonstrated daily. Parker Triplett of Grigsby, Va., says that Chamberlain's Pain Balm gave him permanent relief from Rheumatism in the back when everything else failed and he would not be without it. For sale by all druggists.

Miss London, of Montreal, will be at Messrs. Richard Hall & Son's store for a few days demonstrating a new novelty in a fastener for neck ribbons. It is simple, neat and inexpensive, selling at 25c each. The economic feature of this novelty is that it does away with the trouble of remaking the bows every time you put a ribbon on and off, which does away with the soiling and creasing of them. She is also showing some new styles in bows and knots and will be pleased to make up ribbons into these styles for those purchasing the novelty fastener.

ENLARGEMENT OF THE FIRE HALL

Ald. Johnston Submits a Proposition to do This

$9000 Will pay Entire Cost of Enlargements and Extra Equipment.

The Fire, Water and Light Committee of the Town Council will be called together by the chairman, Ald. W. J. Johnston, some night during this week to give consideration to a proposal made by the chairman for the improvement of the present fire-fighting appliances of the town.

This morning Ald. Johnston in an interview with the Examiner gave an outline of the changes which he considers would meet the requirements of the town. He referred to the fact that recently the town voted the sum of $20,000 for the purpose of improving the waterworks system of the town, by laying additional hydrants, etc., the object of which will be to provide a better fire protection to the town among other things. This Ald. Johnston believes is a step in the right direction, and should be followed by other improvements in the fire-fighting apparatus, which his proposal will provide.

He referred to the fact that on two occasions bylaws have been submitted to the ratepayers to authorize the expenditure of money on the fire protection system, and on both occasions they were defeated.

The last, that submitted last summer, was one which contemplated the expenditure of $25,000 for building a new fire hall at the corner of Hunter and Aylmer streets, the purchase of a chemical engine, and other apparatus. This bylaw, however, suffered a like fate with that preceding it. Although Ald. Johnston does not consider that the fact of the ratepayers defeating the bylaw should be taken as an indication that they are opposed to any improvements being made to the system of fire protection at present enjoyed by the town, but attributes its defeat to other causes.

The plan which Ald. Johnston will ask the committee to consider is one which contemplated not the spending of $25,000, but of $9,000 only, and he is confident that equally good results will follow. In the first place he does not propose to erect a new building, but would enlarge the present fire hall to provide the extra room required. He would utilize for fire hall purposes the store to the west of the present hall, now occupied by Drummond & Duffus, and owned by the town. This will give a frontage of 45 feet instead of 22 feet as at present.

Then a number of changes are contemplated at the rear of the hall, at present five horses are kept by the Department, and the chairman is authority for the statement that the stabling accomodation is very defective, and not only is it defective but decidedly unsanitary, and some improvement in this respect will have to be made in the near future in any case. What Ald. Johnston proposes is to extend the stable across the whole 45 feet of the enlarged fire hall so that all the horses will be directly behind the engine and hose wagon, which they are not at present. He would also extend the building back 20 feet at the rear to meet the present waggon house, and would remove altogether the unsightfly and unhealthy hog pen in connection with the market. This extension he would make two stories high, and the second story could be used for storing feed, so that it would not be necessary to purchase it in small quantities, as at present.

He would make two wide entrances—one from Water street and one from the market—which would make it easier to return the engine and hose reels to the hall, after having been to a fire, than to back in, as is necessary now.

Alderman Johnston mentions as another point in favour of his enlargement plan, that the heating apparatus in the town buildings, could be extended to the enlarged fire hall; whereas with a new building duplication of heating apparatus, and consequent duplication of expense for heating would be necessary. He also submits that payment for the enlargement could be made out of current revenue, spread over three years, that is $3,000 per year. We may feel safe enough now, but Alderman Johnston thinks that it only needs a big fire to demonstrate the necessity as well as practical economy of an improved fire extinguishing system.

Ald. Johnston estimated that these improvements would cost in the neighbourhood of $3,000, the expenditure of which amount would provide a building equal to all requirements for years to come.

The other improvements will cost $6,000, divided as follows: $3,000 for the new alarm system and an equal amount for the purchase of a chemical engine, ladders, hose, etc., and with this expenditure of $9,000 it is believed that the equipment will be such as to bring it fully up to the requirements of the Underwriters' Association, and that consequently the fire insurance rates will be reduced a considerable extent.

Then, too, it is proposed to extend the fire limits slightly on George street. They at present extend from Dublin to King streets, and the extension proposed is from King to Dalhousie street on the south, and from Dublin to Antrim street, on the north. This extension, it is believed, will work no hardship on any one, and will insure the erection of a much better class of buildings in the town.

These matters will be thoroughly discussed by the committee, and, later, will be brought up in the council.

Y. M. C. A.

Senior Intermediate Gymnasium Rally.

Every Senior Intermediate Gymnasium man is especially requested to be present at the gymnasium class next Monday night. Association work will start as usual at 8.15 o'clock and will close at 9 o'clock. After class a reception will be held in the parlour. Addresses by the prominent men of the town will be given relative to the physical department. There will also be music rendered by local talent. After which there will be served light refreshments by the Leader's Corps. Every Senior Intermediate is expected to be present. Monday evening, 8.15, February 13th.

Colds

How often you hear it remarked "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded.

Chamberlain's Cough Remedy

has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. It counteracts any tendency of a cold to result in pneumonia.

Price 25c. Large Size 50c

Do You Know

AN ASSASSIN'S WORK

Procurator-General of Finland Shot Down in His Home.

PRECURSOR OF TERRORISM

Son Rushed to His Father's Help and Fought a Duel With Revolvers With His Murderer—Both Were Wounded, and Assassin Was Arrested—Crime Was of a Political Nature.

Helsingfors, Feb. 7.—Soisalon Soininten, Procurator-General of Finland, who before he was ennobled was known by the name of Johnsson, was assassinated yesterday by a young man, whose identity up to the present time has not been determined. The assassin and Soininten's son were both wounded in a revolver duel following the killing. The motive of the crime apparently was purely political, the slain official being a prominent member of the Government party.

The murderer appeared at the procurator's residence at 11 o'clock yesterday and sent in a card bearing in French the name of Alexander Gadd, who is in the Russian service. The young man, who was smartly dressed in an officer's uniform, was promptly admitted to the officials private study, and on his entrance fired four shots from a revolver, one of the bullets piercing the breast of the procurator, who expired almost immediately.

Son Fights Assassin.

His 17-year-old son, hearing the shots, rushed in from an adjoining room and fired three or four shots at his father's assailant, whose right leg was broken below the knee by a bullet. He was also slightly wounded in the shoulder, and a finger of his hand was struck. The assassin fired the one bullet remaining in his revolver at Soininten's son, wounding him slightly in the calf of his right leg. He then endeavored to escape, but fell unconscious to the floor in the ante-room. There he was seized. Doctor Wasatjerna was called immediately, but found the procurator beyond need of his services. The assassin was removed to the surgical hospital, where he lies guarded by police, answering no questions and evidently unconscious. His recovery, however, is thought to be certain. Up to the present the authorities have been unable to identify him. He is of dark complexion and apparently between 25 and 30 years of age.

The Senator's Career.

Johnsson was born in 1856, and practiced at the Finnish bar. He was highly esteemed, and had held various Government appointments, including that of provincial judge. He was appointed Procurator of the Senate in 1901, and in the same year was made Procurator-General of the Duchy of Finland. Johnsson was regarded as a wise and patriotic official. It is understood that it was at his initiative that the Finns exiled by Governor-General Bobrikoff were allowed to return to Finland.

Precursor of Terrorism.

St. Petersburg, Feb. 7.—The news of the assassination of Soisalon Soininten, Procurator-General of Finland, though occurring before noon on Monday, was not known generally in St. Petersburg last night, but may be expected to produce an immense sensation when it becomes public, as it will be regarded as the precursor of an era of terrorism for which the events of January in St. Petersburg and throughout Russia gave the signal. Until the identity of the assassin is known it will be impossible to establish positively the motive for the attempt, but the present conditions in Finland render it almost certain that the crime is of a purely political character and of the same nature as that of Count Bobrikoff, the Governor-General of Finland, in June of last year.

Russification Opposed.

The Russification of Poland has been meeting with great opposition and creating much bitterness, especially since the formation of the party of active resistance, recruited from the bolder spirits of the original party of passive resistance to which the perpetrator of the latest crime probably belongs. With the conference of revolutionary parties of Russia, comprising representatives of the Finnish active resistance party, the Polish National League, the Russian Emancipationists and other revolutionary organizations in Berlin last November, a program for general concerted action was drawn up and the assassin of Soininten undoubtedly was in touch with the dissatisfied element throughout Russia.

Plot Against Government.

Berlin, Feb. 7.—The Vossische Zeitung's correspondent at Czestochowa send the following: "The military are taking sharp measures against the populace. Many soldiers and police have already been killed. Some high officers have been arrested for plotting against the Government. The people are living in extreme excitement and great fear. Many have fled to foreign countries. There have been a number of dynamite explosions caused by Socialists, but they have failed to do much damage. The schools have been closed.

New Torpedo Is Obeyed.

St. Petersburg, Feb. 7.—Lessner's torpedo factory here resumed work yesterday. The managers dismissed the employes in obedience to Governor-General Trepoff's orders and then re-engaged them.

Grain Inspector Dispensed With.

Ottawa, Feb. 7.—An order passed council on Saturday dispensing with the services of Edward Adamson as grain inspector at Toronto. His salary was $2,000.

British Fleet Will Visit U.S.

London, Feb. 7.—The British squadron will visit American ports. Prince Louis of Battenberg will be in command.

Shiloh's Consumption Cure The Lung Tonic

when the first sign of a cough or cold appears. It will cure you easily and quickly then—later it will be harder to cure.

Prices, 25c., 50c., and $1.00. 311

ROSS MINISTRY RESIGNS OFFICE

Retirement of Liberal Government Officially Announced.

THE CALL TO MR. WHITNEY

Cabinet Ministers Say Farewell to Staff—Hon. Mr. Ross Will Lead, and Hopes to Have Some Influence On Legislation in Opposition — When Premier-Elect Will Arrive in Toronto.

Toronto, Feb. 7.—Official information was given last night that Hon. Mr. Ross and his colleagues will resign this afternoon, and that his Honor the Lieutenant-Governor will be advised to send for Mr. Whitney to form a new Administration.

Mr. Ross said yesterday that, although the elections were disappointing, he looked forward with much pleasure to relief from the cares of office, and accepted the decision of the electors cheerfully.

A Tribute to His Followers.

He expressed his great appreciation of the energy and tact with which the Liberal candidates conducted the last campaign, and also of the generous support given by the Liberal party to himself and colleagues under somewhat trying circumstances. No leader could have had a more loyal or disinterested following, and this, Mr. Ross said, was to him a very pleasant reflection after so many years of public service. The same remark applied to his colleagues, some of whom had been members of three different Administrations, and from all of whom Mr. Ross parted with regret.

Will Lead the Opposition.

On the Opposition side of the House Mr. Ross said he hoped still to have some influence in shaping legislation and in forming public opinion. To serve his native Province in any capacity was a privilege he greatly prised and his retirement from office would not in any way abate his interest in the Liberal party or in the prosperity of the Province, for which that party had done so much in the last thirty-four years.

Ministers Said Good-Bye.

The only other Ministers at the Parliament buildings yesterday were Hon. Messrs. Dryden, Charlton and McKay. They said good-bye to the staffs in their various departments. Mr. Dryden's leavetaking was naturally marked by a touch of pathos, as many of his staff have been in intimate relationship with him during his fifteen years' term of office as Minister of Agriculture. He will remain in town for some time, and during business hours will be at the offices of the Continental Life Insurance Company, of which he is president.

Mr. Whitney will arrive in the city this afternoon from Morrisburg, and may be sworn in as Premier before nightfall. That ceremony may, however, be postponed until to-morrow. In any event it will be as Premier that Mr. Whitney will address the public reception which the Conservatives of Toronto have decided, despite his objections, to tender him on Wednesday evening in Massey Hall. Last night all the six Conservative Ward Associations and the Young Men's Conservative Club met and arranged for their part in the demonstration.

Should the weather permit, the demonstrators will assemble at the Queen's Hotel about 7.40, and a torchlight procession will be formed, with three or four bands, and this procession will start at about 8 o'clock, march along Front to York, to King, to Yonge, to Shuter streets and Massey Hall, where a public meeting will be held.

Ald. McGhie, Chairman of the Central Conservative Association, will preside, and Ald. Geary will probably read the congratulatory address, to which the new Premier will respond.

Word received in the city late last night indicates that the new Premier will not on the occasion of the demonstration outline any policy or give any inkling of what he proposes to do at the first session of the Legislature.

Ontario Railway Commission.

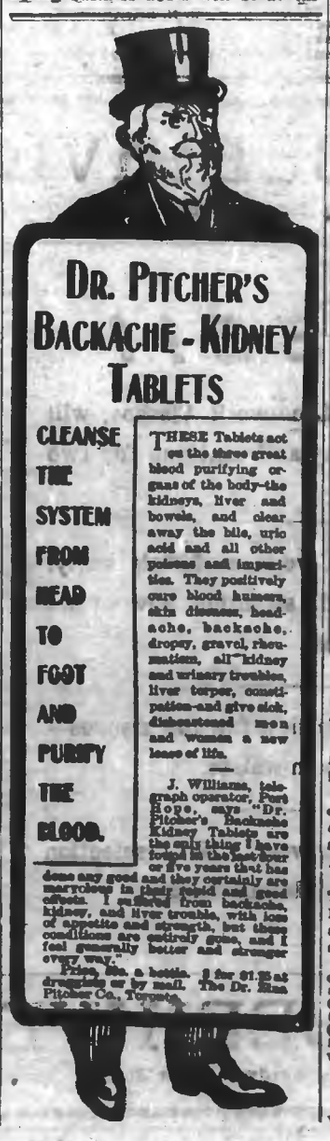
Toronto, Feb. 7.—The commission appointed by the Legislature to take evidence on the question of railway taxation will hold its final session in the Parliament buildings on Thursday of this week, when its report will be completed for submission to the Legislature.

Aged Official Dead.

Meaford, Feb. 7.—Thomas Plunkett of Meaford, for 42 years clerk of the third division court of Grey, died suddenly at his residence here on Saturday evening. He was born at Carleton Place, Lanark County, 75 years ago. From there he removed to Owen Sound, where in 1863 he received his appointment as division court clerk. He is survived by a widow, four daughters and one son.

As An Eye Opener.

London, Feb. 7.—(C. A. P.)—The Standard says the importation of No. 1 hard wheat into the United States will help to open the eyes of Englishmen to the great value of the Canadian wheat fields and the desirability of encouraging their development.



DR. PITCHER'S BACKACHE-KIDNEY TABLETS

CLEANSE THE SYSTEM FROM HEAD TO FOOT AND PURIFY THE BLOOD.

THESE Tablets act on the three great blood purifying organs of the body—the kidneys, liver and bowels, and clear away the bile, uric acid and all other poisons and impurities. They positively cure blood humors, skin diseases, headache, backache, dropsy, gravel, rheumatism, all kidney and urinary troubles, liver torpor, constipation and give rich, disheartened men and women a new lease of life.

J. Williams, telegraph operator, Port Hope, says "Dr. Pitcher's Backache Kidney Tablets are the only thing I have found in the last year or five years that has done any good and they certainly are marvelous in their speed and good effects. I suffered from backache, kidney, and liver trouble, with loss of appetite and strength, but these conditions are entirely gone, and I feel generally better and stronger every way."

Price, 50c. a bottle. 3 for $1. Sent prepaid on receipt of price or by mail. The Dr. Pitcher Co., Toronto.

DROWNED TO SAVE FRIENDS.

J. A. Maclaren of Ottawa the Victim of a Peculiar Accident.

Toronto, Feb. 7.—Dr. J. T. Fotheringham of Carlton street, uncle of the unfortunate young man, received word from Vancouver, B.C., last night that John Alexander Maclaren, fourth son of David Maclaren, the well-known capitalist of Ottawa, was drowned near Barnet, 12 miles from Vancouver, on Saturday afternoon, Feb. 4.

Young Maclaren, with two comrades in a canoe, was leading the way to a camping place for a string of canoes containing workmen of the Maclaren firm. There were three canoes in the lead. Maclaren and his comrades were in the first one. They struck a heavy sea and were capsized. Two of the canoeists caught a log and urged Maclaren to join them. He declined, believing the log would not hold up three. He clung to the upturned canoe. The next canoe came along and offered to take him aboard. He saw it was already overladen and told the men to make for the shore and return for him.

When they returned they found he had righted the canoe and had crawled into it, but apparently had fainted from his exertions and had drowned in the water shipped by the canoe in being righted. Everything was done to revive him, but in vain.

John Alexander Maclaren was 25 years of age, an old boy of Bishop Ridley College, a second year medical student in Trinity University, and a favorite wherever known. He left Toronto three years ago and went to the Yukon, being associated with Governor Ogilvie. This winter he had come down from the north and was in charge of the firm's interests in British Columbia at Barnet. The body will be taken to Ottawa for interment next Monday.

Conductor Dies of Injury.

Toronto, Feb. 7.—As a result of injuries sustained in an assault committed upon him some months ago James Galvin, a conductor on the Toronto Street Railway, died at his home, 32 St. Clarens avenue, on Sunday. It was while on a late night run last fall that Galvin, in demanding the fare from a couple of passengers was set upon by them and brutally assaulted. The men were sent down for short terms. Galvin was 42 years of age, and is survived by a widow and five small children.

Brakeman's Fatal Impulse.

London, Feb. 7.—On Sunday morning H. W. Nigh of this city, a C.P.R. brakeman, was killed at Elmsdale. He ran ahead of his train to turn a switch, fell and was killed. He was 30 years of age, and leaves a widow.

One Killed, Ten Injured.

Portland, Ore., Feb. 7.—An unknown man was killed and ten persons were injured yesterday in a runaway street car. The car ran away on a grade, and on striking a curve jumped the track. The car was almost chopped to pieces before the last of the injured could be removed.

LEADERS OF REBELS RAN.

Men Then Surrendered and the Argentian Revolt Is Over.

Buenos Ayres, Feb. 7.—Government troops attacked the rebels, who had fortified themselves at Mendoza, at dawn yesterday. Soon afterwards the rebel leaders and officers fled to the mountains, whereupon the men surrendered unconditionally. The rebels had sacked the local branch of the National Bank of Buenos Ayres and seized $300,000. Numerous arrests have been made, and the city is now quiet. The revolt is over.

Late information shows that the insurrectionary movement is now restricted to Cordoba. Generals Winter, Benavides, Garia and Roca, with largely superior forces, are surrounding the city. The rebels are holding Senator Yofre.

The only group of rebels in the Province of Buenos Ayres, 170 men strong, has been defeated near Pirovano Station Two officers and seven men were killed and 121 surrendered. The rest, with Commandant Villamayor, are retreating, and Government troops are in pursuit.

DON'T BE HYPNOTISED,

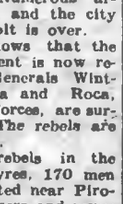
Hoodwinked, hoodooed, or over-persuaded into accepting a substitute for Doctor Pierce's Favorite Prescription with its record of nearly 40 years, embracing hundreds of thousands of cures of woman's peculiar ailments. It's the only remedy for woman's ills sold by druggists, that is not full of "booze"—poor Whisky, or bad alcohol.

A guarantee of $1000 is offered that "Favorite Prescription" contains no alcohol, opium or other harmful drug. Keeps in any climate.

"Favorite Prescription" is a powerful invigorating tonic, and imparts strength to the whole system and to the womb and its appendage in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

It's an insult to your intelligence for a dealer to attempt to palm off upon you an alcoholic substitute for this well-famed medicine. You know what you want. It's his business to meet the need. When he urges some substitute he's thinking of the larger profit he'll make—not of your welfare.

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 680,000 copies a few years ago, at $1.50 per copy. Now we cure away these worth of these Invalids' Hotel Guides. This year we shall give away $50,000 worth of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only, for book in paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.



If out of health, write to old Dr. Pierce. He will send you good, fatherly, professional advice without charge.

Pierce's Pellets are the smallest, the easiest to take, and the easiest in the way they act. No griping, no violence, no disturbance to the system while under their influence. They are also the favorite with Little Lives. Some one has said by old Dr. R. V. Pierce, over 40 years ago. They have been much imitated, but never equalled.

They come in vials, always fresh and reliable, a convenient vest-pocket remedy.

IS YOUR CATARRH REMEDY CURING YOU

If You Are Unconsciously Using An Alcoholic Liquid Remedy Stop At Once.

People soon learn that the true test of a catarrh remedy is whether it cures to stay cured. Have you ever inquired why a liquid catarrh remedy makes you feel better for a time? It is because the alcohol in the liquid remedy makes the mucous membranes drunk. It deprives them of sensation, it inspires false hopes and always leads to alcoholic deceits. A permanent cure by any liquid dyspepsia or catarrh remedy is simply impossible. The alcohol used in liquid preparations makes it almost a travesty to call them remedies. They incite the worst forms of catarrhal trouble rather than cure such troubles. Can a physician be found who will truthfully say that any liquid catarrh remedy is worthy of use? Every physician knows that it is an absurdity for anyone to claim that catarrh, dyspepsia or any form of blood disease can be cured by a so-called liquid catarrh cure. In this connection it is wise to consider carefully the best means for relief. Smith's Triple Cure, that grand old remedy, consisting of four separate preparations, three of which are in tablet form, and used internally and another in the form of a catarrh cream, contains no alcohol and never leads to false hopes. It makes you feel better the first day, and each day following is but a repetition of the first day's experience. It restores the mucous membranes in every part of the body. It positively cures catarrh, dyspepsia and all blood diseases. If you have long been a slave to a liquid catarrh remedy, break away from the habit. Use Smith's Triple Cure, and health, abundant, full and complete, will be yours. Four separate preparations, lasting a full two weeks for 50 cents, the greatest value for the money ever offered. If your druggist won't supply you, send us 25 two-cent stamps by mail today and we will send it, postpaid and guarantee safe delivery. Address W. F. Smith Co., 125 St. James St., Montreal.

Peas, bush	0 70	....
Buckwheat, bush	0 54	....

LIVERPOOL GRAIN AND PRODUCE.

Liverpool, Feb. 6.—Wheat—Spot, nominal; futures, quiet; March, 7s 1d; May, 7s; July, 7s.

Corn—Spot, steady; American mixed, new, 4s ¼d; American mixed, old, 4s 1½d; futures, quiet; March, 4s 1⅛d; May, 4s 2½d.

Bacon—Cumberland cut, easy, 53s.

The imports of wheat into Liverpool last week were 69000 quarters from Atlantic ports, 15,000 quarters from Pacific and 69,000 quarters from other ports.

The imports of corn from Atlantic ports last week were 79,500 quarters.

NEW YORK DAIRY MARKET.

New York, Feb. 6.—Butter—Strong; receipts, 8271; street prices, extra creamery, 31c to 31½c; official prices, creamery, common to extra, 22c to 31c; do., held, common to extra, 22c to 29c; state dairy, common to extra, 19c to 27c; renovated, common to extra, 17c to 24c; western factory, common to extra, 17c to 24c; western imitation creamery, common to extra, 20c to 26c.

Cheese—Firm; receipts, 462; state, full cream, small, colored and white, fancy, 12¼c; do., fine, 12c; do., late made, colored and white, choice, 11½c; do., fair to good, 10½c to 11c; do., poor, 9c to 10c; large colored and white, fancy, 12¼c; do., fine, 11½c to 11¾c; do., late made, colored and white, choice, 11c to 11¼c; do., fair to good, 9½c to 10c; do., poor, 8½c to 9¼c; skims, full to light, 4c to 10¼c.

Eggs—Strong; receipts, 3113; state, Pennsylvania and nearby fancy selected white, 30c to 32c; choice, 34c to 35c; do., mixed, extra, 24c to 25c; western firsts, 32c; do., seconds, 30c to 32c; southerns, 25c to 30c; refrigerators, 22c to 26c.

CATTLE MARKETS.

Cables Unchanged—Hogs Are Much Firmer at Montreal.

London, Feb. 6.—Live cattle are quoted at 11c to 12c per lb.; refrigerator beef, 9¾c per lb.; sheep, 12c to 13c per lb.

TORONTO JUNCTION LIVE STOCK.

Receipts of live stock at the Union Stock Yards were 41 carloads, composed of 817 cattle, 60 sheep, 7 hogs and 1 horse.

Shipping cattle sold all the way from $4.25 to $4.65, the bulk going at $4.50 to $4.75 per cwt. Export bulls sold at $3.25 to $3.65 per cwt.

Picked lots of butchers', 1175 to 1250 lbs. each, equal in quality to best export cattle, sold at $4.40 to $4.60 per cwt., but there were few of this class. Loads of best butchers' sold at $4.25 to $4.35; fair to good at $3.85 to $4.15; common at $3.40 to $3.65; inferior at $2.25 to $3.25 per cwt.

H. P. Kennedy quotes the prices for hogs as unchanged; selects, $5.30; light and fats at $5.25, with the market weak at these quotations.

MONTREAL LIVE STOCK.

Montreal, Feb. 6.—(Special.)—The receipts of live stock were 1600 cattle, 100 sheep and lambs, 200 calves, 300 hogs. A feature of the trade was the continued strong feeling in the market for hogs, and prices advanced 25c per 100 pounds, which is due to the small supplies coming forward, and the good demand for the same from packers early in the day. Meddens asked $5.25 for selected lots, but the best bid from buyers was $5.10, which figure they declined to accept later, and all offerings of such were sold, while mixed lots brought $5.75 per 100 pounds, weighed off cars. There was no important change in the condition of the market for cattle. The feeling was steady, under a fairly good demand for the best grades, but common and inferior stock moved slow, as the market continues to be glutted with that class of beef. Choice cattle sold at 4½c to 4¾c; good at 4c to 4¼c; fair at 3¼c to 3¾c; common at 2½c to 3c; inferior at 1½c to 2¼c per pound. The tone of the market for sheep and lambs was firm, owing to the small supply and good demand; sheep sold at 3½c to 4c and lambs at 5c to 5½c per pound. The demand for calves was good, but the quality of the stock coming forward is poor, and prices still low at $3 to $5 each.

EAST BUFFALO CATTLE MARKET.

East Buffalo, Feb. 6.—Cattle, receipts, 3800 head; fairly active; 10c to 15c higher; prime steers, $5.50 to $5.75; shipping, $4.50 to $5.25; butchers', $4.25 to $4.85; heifers, $3 to $4.50; cows, $2.50 to $4; bulls, $2.75 to $4; stockers and feeders, $2.50 to $4.15; stock heifers, $2 to $2.25; fresh cows and springers, $2 to $4 higher; good to choice, $45 to $54; medium to good, $35 to $42; common, $24 to $30.

Veals—Receipts, 750 head; active; $4.50 to $9.75.

Hogs—Receipts, 15,300 head; active; 10c to 15c higher; heavy and mixed, $5.50, a few at $5.35; yorkers and pigs, $5.30; roughs, $4.25 to $4.75; stags, $3 to $3.50.

Sheep and lambs—Receipts, 20,000 head; active; lambs, $6.50 to $8.25; yearlings, $6.05 to $7.25; wethers, $5.75 to $6; ewes, $5 to $5.50; sheep, mixed, $2.50 to $5.70.

NEW YORK LIVE STOCK.

New York, Feb. 6.—Beeves—Receipts, 3973; steers, 10c higher; bulls, steady; medium and good cows, firm to 10c higher; common cows, steady; native steers, $4.50 to $6.15; bulls, $2.50 to $4.25; cows, $1.55 to $3.50; calves, steady; exports to-morrow, 1045 cattle, 1346 sheep and 3560 quarters of beef.

Calves—Receipts, 694; good veals, about steady; medium and common, 15c to 25c lower; barnyard and western calves, 25c lower; veals, $5 to $9.75; little calves, $4 to $4.25; barnyard calves, $3 to $3.50; western, $3.

Sheep and lambs—Receipts, 4435; sheep, barely steady; prime to choice lambs, full steady; all others slow, with an easier feeling; sheep, $4 to $5.75; western wethers, $5.95; culls, $3 to $3.75; lambs, $7.50 to $8.40; one deck, $8.50; yearlings, $6.25.

Hogs—Receipts, 9216; nominally higher on Buffalo advices; no sales reported.

Palma's Colleagues Resign.

Havana, Feb. 4.—All five members of the Cabinet visited President Palma Thursday and presented their resignations. They stated that they desired, since President Palma had announced his allegiance to the moderate party, to open the way for him to make whatever selections for Cabinet officers he chose, under the new conditions. President Palma declined to consider their resignations and added that his joining the moderate party was purely a personal act, and did not necessarily affect the Cabinet. The Cabinet members, however, are well aware that there will be changes after consultations between President Palma and the moderate leaders.

U.S. Drawback Goes

Washington, Feb. 6.—Secretary of the Treasury Shaw has announced that manufacturers of flour from imported wheat, mixed with domestic wheat, will be allowed a drawback under the opinion of the Attorney-General, dated Jan. 24, 1905, on several conditions, the most important of which is that a complete and detailed record must be kept, showing the quantity of wheat imported, the date of manufacture and the amounts of imported and domestic wheat used in the manufacture of such grade and brand of flour.

DRS. KENNEDY & KERGAN

Specialists in the Treatment of Nervous, Blood, Private and Special Diseases of Men and Women. 12 Years in Detroit.

No Names used without Written Consent. Cures Guaranteed.

Thousands of young and middle-aged men are annually swept to a premature grave through early abuse or later excesses. Chas. Ashcroft was one of the victims, but was rescued in time. He says: "I learned an evil habit. A change soon came over me. I could feel it; my friends noticed it. I became nervous, despondent, gloomy, had no ambition, easily tired, evil forebodings, poor circulation, pimples on face, back weak, dreams and drains at night, tired and weak mornings, burning sensation. To make matters worse, I became restless and contracted a blood disease. I tried many doctors and medical firms—all failed till Drs. Kennedy & Kergan took my case. In one week I felt better, and in a few weeks was entirely cured. They are the only reliable and honest Specialists in the country."

READER—We guarantee to cure you or no pay. You run no risk. We have a reputation and business at stake. Beware of frauds and imposters. We will pay $1,000 for any case we take that our NEW METHOD TREATMENT will not cure.

We treat and cure Nervous Debility, Varicocele, Stricture, Weak Parts, Kidney and Bladder Diseases. Consultation free. Books free. Call or write for Question List for Home Treatment.

Injured Watches

REMEMBER—Should your timepiece be left where amateurs are employed, its future usefulness might be seriously impaired. Our staff of watchmakers are all experienced workmen, careful to a degree, and a breakage in your Watch can be repaired by these experts in so complete a manner as to re-invest you with its services the same as though nothing had happened. Charges never high.

FROST'S

DIAMOND HALL, PETERBOROUGH

LATEST SPORT

CURLING.

Play in the Ontario Tankard finals opened this morning at Toronto.

• • • •

TURF.

At the Ottawa ice races, Martin Connor's Blucher was unplaced in the 2.24 pace or trot. There were twelve entries.

• • • •

HOCKEY.

Fenelon Falls T.V.L. septette trimmed the Lindsay O.H.A. team by 4-3 on Lindsay ice last night.

• • • •

The Farriers and Colonials will meet between 10 and 11 o'clock to-night at the Brock street rink.

• • • •

The T.A.S. and Campbellford will play off the tie game in this district at Cobourg next Friday night.

• • • •

The Northern Lights will play the Maple Leafs on the Y.M.C.A. rink from 9.30 to 10.30 o'clock Wednesday night.

• • • •

Mr. S. S. Moore went to Ottawa to-day, presumably to play point for the Stanley Cup holders in their next game in defence of the trophy.

• • • •

The first game of the home and home games between Cobourg and Belleville was played at the latter's place last night and resulted in a tie, 6-6. It was poor hockey.

The match played last Saturday evening in the Brock street rink between the Porcelain C. G. E. team and the Montreal House's sporting team came out 8 to 6 in favour of the latter. The game was a good clean and swift one well refereed by Mr. R. Brown of this town. The teams:—

C. G. E. Porcelain.		Montreal House.
	Goal	
A. Steer		E. Hollingsworth
	Point	
Wm. O'Keefe		Wm. Grady
	Cover Point	
I. Turcotte		Leon Sergent
	Forwards.	
Wm. Morton		E. Hurtubise
John Morton		Wm. Stevens
O. Kennedy		C. Blewett

• • • •

SMITHS FALLS' GAME BULLETINS

Enterprise of Rink Company Brought Result of Game to Patrons of Rink.

The announcement that the different stages of the hockey game at Smith's Falls would be bulletined at the rink, filled the ice last night with shakers, and attracted a large crowd to the galleries. The most lively interest was taken in the result. When the first bulletin showed a score of 1-1, it was felt that the game would be a battle royal, but when the score at half time showed 5-1 in favour of Smith's Falls it was felt that the home lads would show their strength in the *finish*,—as the result proved the first bulletin after half time showing 4-3 was received with cheers which were renewed with added vim when the final bulletin proclaimed the home boys victors by a score of 6-3.

• • • •

ANOTHER STRIDE TO THE FINALS

Peterboro' won at Smith Falls Last Night by 5--3

Close and Exciting Game—The Return Game Here on Thursday.

The Peterboros won a splendid victory at Smith's Falls last night in the second round of the intermediate O. H. A. series. The score was 5-3 in favour of the locals, which means that it is pretty certain that the Peterboros will go into the next round. The game, according to reports, was a fast and scientific exhibition, the teams being well matched. The winners were somewhat heavier, but the Smith's Falls bunch played a fast and strenuous game throughout and were always dangerous. At half time the score was a tie, three all, but as usual, the Peterboros finished in strong fashion, notching two goals while great defence work kept their opponents from finding the nets.

The play was comparatively clean throughout and was very interesting from the spectators' standpoint. Both teams displayed fair combination but strong defence work on both sides proved very effective in breaking up rushes.

For the home team Dunn and Poulin were the stars, their stick handling and skating being splendid.

All the winners showed up in good form and their was not much to choose, Wasson is improving at every game and his work last night was very commendable.

Smith's Falls has a fine large rink, though the lighting is not equal to that of the Brock street rink.

The line-up was as follows:—

PETERBOROUGH.
Wasson
Glover
Crowley
Cavanah
Parnell, Morgan, Graham,
Gallipean, Dunn, Armstrong.
Poulin
Hammond
Lee
Mercer
SMITH'S FALLS.

"Chaucer" Elliot gave general satisfaction as referee.

Though the Peterboros won last night they had to work all the time and there will be another splendid exhibition when the teams meet here on Thursday. The Smith's Falls septette play a splendid game and will provide one of the best exhibitions of the year for the local lovers of hockey.

Bleeding, Protruding Piles.

Mrs. Jas. Brown, Hintonburgh, fered from nearly every form of suffered from nearly every form of Piles for twenty years, both here and in the Old Country, and have tried nearly every remedy. I am only doing justice to Dr. Chase's Ointment when I say that I believe it is the best remedy obtainable for bleeding and protruding piles, of which it has cured me."

—Dr. Amys, having purchased the property and practice of the late Dr. Pigeon, who resided at 270 Charlotte street, Peterborough, he will on and after Jan. 31st, have his surgery at the above address instead of as in the past on Lake street, Fifth Ward. Office hours,—8.30 to 10 a.m., 2 to 3.30 p.m., 7 to 8 p.m. 6diw

—The regular monthly meeting of St. Paul's Young's Men's Guild, will be held this evening in the lecture room of the church, when Rev. Mr. Ketchon will give an address on "My First Sermon," and Mr. R. F. McWilliams will speak on "My First Campaign." Refreshments will be served, and all the young men of the church are invited to be present. 2d

—The Singer calendar and almanac for 1905, published by the Singer Sewing Machine Company, are both unusually attractive and interesting. The effective chromatic scenes of "Jacques Cartier at Hochelaga, 1535," illustrates an important event in the settlement of Canada. The astronomical calculations and other data in the almanac are valuable. Copies may be secured at the branch office of the company, George street, from the local agent, Mr. D. H. Little.

—The Ogilvie Mills Co., Limited, certainly do things in the right way. Since their advertisements of Royal Household Flour have appeared in the newspapers, they have received thousands of testimonials from women all over Canada, who have used Royal Household in their home baking. These kind expressions of the superiority of this flour have been entirely voluntary on the part of the ladies. In order to show their appreciation of this courtesy, the Ogilvie Company have had a very fine painting reproduced in all the original colours and copies suitable for framing are being mailed to each one who has sent in a testimonial. It was a graceful way of saying "Thank you!" and cannot fail to keep Royal Household Flour in pleasant remembrance.

CHARITY BALL.

To the Editor of the Examiner:

Dear Sir,—I would like if you would be good enough to let the public know if the proceeds of the Charity Ball to be held on Friday evening are to be dispensed by the regular authorized Charity Board of the town, or if it is to be handed over to the Kings' Daughters of St. John's Church to be dispensed by the ladies of that church to the needy of that denomination. It must be remembered that the 'King's Daughters" represent St. John's Church and no other denomination, so that if the proceeds are to be devoted to charity, let the mantle be sufficently broad to cover all.

Yours truly,
ONE INTERESTED.

The Examiner is not informed as to the distribution of the funds for the enterprise mentioned, but it is to be assumed that the proceeds will be so applied as to justify the patronage which is expected from the public.

LOCAL STOCK MARKETS

The following is from N. B. Darrell, 337 Water street.

Americans in London 1-8 to 1-4 higher. Stocks plentiful in loan crowd. Interstate commerce takes up case against coal roads in Wash. to-day. Western traffic managers say business largely affected by cold weather. Great scarcity of good investment bonds. National lead report will show earnings largest for several years past. 20 Roads for 4th week Jan., average gross increase 12.4 p. c. $5,750,000 gold in bars will go to Paris Thursday; $1,000,000 will go to Argentine and three million both in gold coin will go to Cuba this week. R.D.G. shipments of anthracite for Jany more than 300,000 tons less than in Dec. —Summary.

Mrs. Morrow's Choral Class.

Mrs. Morrow's studio will be closed to-night to allow her pupils an opportunity of attending the Meister Singers' concert.

Mrs. Morrow's choral class will meet to-morrow night at the T. A. S. rooms, at 7.30. Mrs. C. B. McAllister will sing Gounod's "My Redeemer and My Lord." Mr. Vernon Morphet will also contribute "The Song of the Reapers."

The solo contributed by Mr. Anderson last Wednesday night was well received. Mr. Anderson possesses a splendid baritone voice and sang with good effect.

The Band will be at the Brock St. Rink to-morrow, Wednesday night. 2

TO-NIGHT.

Hear the Meister Quartette in the Opera House *tonight*. *No more* pleasing concert has ever been given in *Peterborough*. *This* is an opportunity that should be taken advantage of. General Admission 35c.

The Robe and Coat Event of the Season.

THE BEGINNING OF FEBRUARY MARKS AN IMPORTANT EVENT—A CLEARING SALE OF FUR ROBES AND FUR COATS.

As Furs have been getting higher and higher priced each season and this sale's prices will be lower than last season's prices, isn't that reason enough for present buying?

Read our short list of February prices, which you will find but a sample of what we are doing in our entire Fur stock, and then figure it out if it isn't better than banking money.

3 only pieced Grey Goat Robes, extra large size, regular $6.00.....now $4.00	2 only Coon Skin Coats, whole skins, reg. $40.00 qualities....now each $30.00
6 only Black Mountain Bear Robes, extra large size, regular $15.00, now $11.00	8 only Coonskin Coats, whole skins, reg. $50 qualities.....now each $37.50
8 only Black and Brown Mountain Bear Robes, large size, reg. $18..now $9.00	10 only Coonskin Coats, whole skins, reg. $65.00 quality.....now each $50.00
3 only Buffalo Calf Robes, large size, reg. $25.00.....now $10.00	4 only Australian Coon Coats (best quality) reg. $45.00 quality, now each $35.00

4 only Brown Calf Coats, reg. $25.00 qualities.....now each $18.00	12 only Ladies' Fur-lined Jackets, 1 price, $15.00 for $7.50, $25.00 for $10, etc.

You will see from Above that Prices are Reason Enough

for the purchase of these high-class Furs, but there are others. Protection of health should not have money consideration. An hour's exposure to extreme weather might cause irreparable damage—and don't forget the after years of comfort. Come in and have a look through, as our stock is not of the cheap class made so often for no other purpose than to be sold by auction, but is all home manufactured and guaranteed.

ELIZABETH STREET

East of Hunter St. Bridge,

HON. J. P. WHITNEY CHOSES CABINET

How the Portfolios are Distributed.

Hon. J. W. St. John to be Speaker of the New House.

Special to the Examiner.

Toronto, Feb. 8th. — Hon. J. P. Whitney announced his Cabinet today, as follows: Premier and Attorney-General, Hon. J. P. Whitney; Minister of Crown Lands, Hon. J. J. Foy; Minister of Agriculture, Hon. Nelson Monteith; Provincial Treasurer, Hon. A. J. Mathieson; Minister of Education, Hon. R. A. Pyne; Provincial Secretary, Hon. W. J. Hanna; Minister of Public Works, Hon. J. O. Reaume. Without portfolios, Hon. Adam Beck, Hon. J. S. Hendrie, and Hon. W. A. Willoughby; Speaker, Hon. J. W. St. John.

HON. J. P. WHITNEY, K. C., LL.D.
Premier and Attorney General.

As Ministers in accepting office automatically vacate their seats, it is expected that the writs for these new elections in the several constituences, will be issued immediately, and it is further expected that the return of the Ministers will be unopposed.

HOSPITAL TENT ON EXHIBITION

Interesting Exhibit on View in Messrs. J. J. Turner & Sons Window.

An interesting exhibit is on view in Messrs. J. J. Turner & Sons' window. This is a miniature model of a hospital tent, designed for use in the isolation and treatment of small-pox and other contagious diseases.

The tent which is made entirely of satin, has a double wall, the outer dimensions being 15 x 30 feet, and the inner 14 x 29, with side walls 6 feet in height.

Mr. Turner states that these tents have been placed in all parts of the Dominion, and have given general satisfaction. They are at present in use by the Boards of Health of both the Ontario and the British Columbia Governments, as well as that of the city of Cleveland, U.S.A.

The model will be sent to Toronto to-day, and will be exhibited at the permanent exhibition in connection with the Toronto Hospital.

The enterprise and progressiveness of the manufacturers, in placing an article of such undoubted merit on the market is in keeping with the well known reputation of Messrs. J. J. Turner & Sons as the foremost sail, tent and awning manufacturers in the Dominion.

THE "KINGS DAUGHTERS"

Testimony of Agent of Childrens' Aid Society.

To the Editor of the Examiner,—

Dear Sir, — In answer to your correspondent of yesterday, I can testify that the "King's Daughters" are not only doing a noble work, but are doing it without any regard to denominations whatever. As an officer of the Children's Aid Society I am in a position to know, and I have great pleasure in stating what is correct to my own knowledge in regard to the strictly undenominational character of the work of the "King's Daughters."

Yours truly,
Geo. Cochrane,
Agent Children's Aid Society.

An official of the King's Daughters communicates to the Examiner some facts, supplying the information called for by a communication in yesterday's issue. It is stated that the King's Daughter Society is not strictly denominational, the members representing at least three denominations. Nor is the charity dispensed on denominational lines—the wants of all in need, so far as possible, being met, without regard to religious belief. It is also stated that the funds resulting from the charity ball will not be included in the funds of the Kings' Daughters, but simply handed over to them for distribution for charitable purposes, having regard only to need, not denomination.

THE DEPUTATION WELL RECEIVED

Minister of Railways and Canals Favourably Impressed by its Claims.

Representatives of Peterborough, Durham and Northumberland Counties at Ottawa.

Special to the Examiner.

Ottawa, Feb. 8th. — The joint deputation from Peterborough, Durham and Northumberland counties, waited on Hon. Mr. Emmerson, Minister of Railways and Canals, to-day, requesting the Government to take over the maintenance of the swings on the Benefort, Wallace Point, Locks, Chemong, Gannon's Narrows, and Pigeon Creek bridges. The deputation was cordially received by Hon. Mr. Emmerson, and the case stated by Messrs. Holland, Cobourg; and Donaldson, Cavan; Peck and Belcher, Peterborough. Hon. Mr. Emmerson expressed himself as favourably impressed with the views presented, and promised consideration. He asked for statement of present cost of maintenance of swings, and the number of bridges. The main point made by the deputation was that until the waters were made navigable, there was no necessity for swings and consequently the Government should maintain them.

"MY FIRST SERMON" "MY FIRST CAMPAIGN"

The Harrowing Experiences of Parson and Politician.

The Young Men's Guild of St. Paul's church, was greeted with a more than usual attendance at their regular weekly meeting last night, the attraction in the way of speakers being unusual.

The president, Mr. Percy McLean, presided. After prayer by Dr. Torrance, a popular solo was sung by Mr. Homer Herd, with such good effect that he was recalled.

The popular assistant pastor, of St. Paul's Rev. Mr. Ketchen, delivered his promised address on:

"MY FIRST SERMON."

Rev. Mr. Ketchen began what proved a highly entertaining, as well as humorous address, by stating that he had completed his full term in college and was holidaying on the old farm back in Huron, when his first sermon was given to the world. "He had fought a good fight, and had finished his course"—of seven long years in the laborious toil of classics and theology. Looking back over those college years he longed for freedom to breathe out in God's magnificent university—in the pure air and green fields around that homely old farm. After weeks of refreshment there came a day in early June when everything was radiant with glory; he had been dreaming pleasant dreams under the sturdy old apple tree, when the village minister came along. After hearty congratulations, and words of encouragement, he was told that a meeting of the Presbytery was to take place in the village, and that he was expected to preach his first sermon. "I stood speechless," said Mr. Ketchen. "To preach my first sermon in that old village church, before all my old acquaintances, when I knew that 'a prophet had no honour in his own country!' It was too much," but he had to acquiesce. Mr. Ketchen depicted in both humorous and harrowing details, the two long weeks spent in preparation for the momentous event, "at a cost," he remarked, "of ten pounds of flesh." He minutely described the congregation which confronted him, the old faces of men and women. He would never forget the occasion—especially when he had reached his "third head," his whole effort was spoiled by catching a glance of the young woman whose tenderest affections he had roused during former happy boyhood days.

"MY FIRST CAMPAIGN."

The President then called upon their Vice-President, Mr. R. F. McWilliams, to deliver his promised address on his first political campaign.

Mr. McWilliams began by saying that "about two weeks ago there was a heavy snow storm. It began in Toronto, spread all over the Province and reached Peterborough. I happened to be out that day and got well snowed under. But I dug myself out again, and here I am little the worse of the event." He remarked that there were many things in "my first campaign" that must be left unsaid, and many things that were worth the thoughtful attention of all. He described the weeks of unremitting toil, day and night, the difficulties and hardships to be encountered over rough roads in stormy winter weather, the character of the audiences and their peculiarities in town and country. The work of canvassing, the number of meetings to be addressed each day in parts of the riding hardest to reach, etc. The pleasant and unpleasant features of the campaign were interestingly illustrated, and a general reference made to the large expense involved in organizing, prosecuting the canvass and getting out the vote. He closed his address by moderately advocating compulsory voting as a means for preventing the expenditure of so much money at elections.

Frock Suits.

The Frock Suit gives the designer a finer opportunity to show his ability than any other suit excepting the Dress Suit.

Our enormous output permits us paying salaries which induce the best designers in America to enter our employ. The average merchant tailor cannot do so.

The ideal Frock Coat is the Semi-ready Frock Coat. It is close fitting at the waist; long, medium width collar, and lapel slightly convexed to end of roll.

The coat is large and easy at chest, broad shoulders tapering to the waist, shaped naturally over the hips and the beautiful full skirt completes the perfection in design. 448

Semi-ready Tailoring

CRESSMAN'S, PETERBORO'

OBITUARY.

Death of Mr. R. J. Kerr, at Fairberry Nebraska.

Mr. Isaac Kerr, of South Monaghan on Saturday evening received intelligence of the death of his brother, R. J. Kerr, at Fairberry, Neb., on Jan. 24th.

The deceased, who was 54 years of age, was born in South Monaghan, where his former friends and associates will be pained to learn of his demise. He went to Western Ontario about 26 years ago, being at that time in the employ of the G.T.R. and from thence to Nebraska, where he resided up to the time of his death.

The body was interred at Fairberry, the funeral being under the auspices of the A.F. and A.M.

The deceased leaves behind a wife and three daughters. One brother, George, resides in Paris, Ont., and Isaac, at the homestead, South Monaghan.

SPLENDID ADDRESS AT GUILD MEETING

St. Andrew's Young Men Spent Enjoyable Evening.

The regular meeting of St. Andrew's Young Men's Guild last evening was well attended. The president Mr. C. E. Anderson, was in the chair and after the usual transaction of business, an address on "The Life of Napoleon" was given by Rev. J. J. Wright. The speaker had studied the life of this famous character thoroughly and made his remarks very interesting. He dealt with his rise, development, military training and career as a soldier and leader, his relations with the other European powers and his downfall. In concluding he applied the lessons which might be learned from his life, to the present. The address was a scholarly discourse and was much appreciated.

A hearty vote of thanks, moved by Mr. W. S. Campbell and Mr. H. Sidmison was tendered Mr. Wright on behalf of the Guild.

At the conclusion of the address several members of the Guild took part in a discussion on the address.

PRACTICAL BENEVOLENCE

How the Sons of England Care for Compatriots.

The benevolence of the Sons of England Benevolent Society is not a mere name — it develops into beneficence when occasion presents, as it did in the case of the late Arthur Hobson. Although deceased was not a member of Lansdowne Lodge, he was a brother Englishman, and the brethren took charge of the funeral arrangements. In addition, they are interesting themselves in the fortunes of the young widow, whose approaching maternity, as well as her otherwise unprovided condition, appeals strongly to our common humanity.

Free Phonograph Concert at Street Railway Rink, to-morrow, Thursday night.

HAPPY AND HEALTHY.

A Beautiful Canadian Girl Saved From Catarrh of the Lungs by Pe-ru-na.

MISS FLORENCE KENAH.

Miss Florence E. Kenah, 434 Maria street, Ottawa, Ont., writes:

"A few months ago I caught a severe cold, which settled on my lungs and remained there so persistently that I became alarmed. I took medicine without benefit, until my digestive organs became upset, and my head and back began to ache severely and frequently.

"I was advised to try Peruna, and although I had little faith I felt so sick that I was ready to try anything. It brought me blessed relief at once, and I felt that I had the right medicine at last. Within three weeks I was completely restored and have enjoyed perfect health since.

"I now have the greatest faith in Peruna." R. E. KENAH.

WOMEN should beware of contracting catarrh. The cold wind and rain, slush and mud of winter are especially conducive to catarrhal derangements. Few women escape.

Upon the first symptoms of catching cold Peruna should be taken. It fortifies the system against colds and catarrh.

The following letter gives one young woman's experience with Peruna:

Miss Rose Gerbing is a popular society woman of Crown Point, Ind., and she writes the following:

"Recently I took a long drive in the country, and being too thinly clad I caught a bad cold which settled on my lungs, and which I could not seem to shake off. I had heard a great deal of Peruna for colds and catarrh and I bought a bottle to try. I am pleased that I did, for it brought speedy relief. It only took about two bottles, and I considered this money well spent.

"You have a firm friend in me, and I not only advise its use to my friends, but have purchased several bottles to give to those without the means to buy, and have noticed without exception that it has brought about a speedy cure wherever it has been used."—Miss Rose Gerbing.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

DUTIES OF THE NEW ASSESSORS

By-law Defining the Duties and the Salary

Was Passed at the Meeting of the Council Last Night.

The bylaw appointing Thos. McKee and Thomas B. McGrath, as assessors for the year 1905, at a salary of $500 each, further enacts:

"That the assessors hereby appointed, are required, and it shall be a part of their duty, in addition to all other duties defined by the Assessment Act, to add up each part of their roll, and insert in the proper columns in ink, in which the total of each page, and complete the recapitulation of the same at the end of the rolls in the blank forms prepared and intended for that purpose.

"That the assessors hereby appointed are required, and it shall be a part of their duty to make and complete the assessment by wards, each separate and distinct from the other, and the assessment shall be made by streets, the names of the owners and tenants being entered in consecutive order, upon each street, commencing at the south in the cases of streets running north and south, and at the east in the cases of streets running east and west.

"That the said assessors in making their assessment of wards Numbers One and Two, shall also at the time of making their assessment, indicate in a column made for that purpose in the assessment rolls, the lots, and parts of lots, charged under and by virtue of Bylaw No. 589, with the respective annual assessment in the schedule therein mentioned.

"That the assessors in making the assessment of streets, in respect of which local improvements have been made, or in respect of which the notices for local improvements have been given, shall enter in a column provided for the purpose the frontage on such streets of each owner and tenant.

That the assessors shall, when making their assessment enter in a book to be provided for the purpose, the name, age and residence of every child between the ages of eight and fourteen years resident in the municipality, and the names and residence of such child's parent or guardian and return this book to the Clerk of the municipality with the assessment roll.

That in addition to the duties of the assessors hereinbefore mentioned, it shall be their duty to make a census of all the children in each household in the municipality between the ages of five and twenty-one years and to ascertain and enter on the roll all other information required by law to be ascertained and entered.

That the assessors shall within one week after the appointment enter on the discharge of their duties and prepare for the making of the Assessment, and have a plan prepared of all the streets, showing each lot and sub-division, and shall begin to make their rolls not later than the first day of July next, and shall complete the same on or before the first day of October next shall deliver to the Town Clerk such rolls completed and added up with the proper affidavit attached, sworn to by both assessors.

That the assessors hereby appointed are required, and it is made part of their duty, to enter opposite the name of each person assessed, the street and number of the houses or premises occupied by him or her.

That the assessors hereby appointed are required within one week after their appointment to enter into a bond each in the sum of $500 with two securities in the sum of $500 each for the proper discharge of their duties as such assessors.

That the duties of the assessors as herein defined shall apply and have reference to the several Wards of the Town and the assessment and the recapitulation for the whole shall be made up and completed and sworn to by both assessors.

IN THE HOUSE AGAIN

Introduction of the Conservative Leader, Mr. Borden.

CENSUS AND STATISTICS

Mr. Fisher's Bill to Consolidate Certain Branches—Industrial Information to Cover the Whole Dominion—Standard Box For Packing Apples—Clause of Both Bills Passed in Committee.

Ottawa, Feb. 8.—R. L. Borden, member-elect for Carleton, took his seat in the House a few minutes after 3 o'clock yesterday afternoon. He was escorted by Hon. George E. Foster and F. D. Monk. The Opposition members vigorously applauded as Mr. Borden entered the Chamber and when he took his seat after the formalities of introduction were complied with, the applause broke forth "afresh." Many members on the Government side of the House joined in the demonstration. And this was not the end of the amenities which characterized Mr. Borden's return to the House. A large bouquet of roses had been placed on his desk by his followers. The Liberals sent over another floral contribution in honor of the occasion.

Sir Wilfrid's Geniality.

After routine Sir Wilfrid Laurier stated that he had reserved for Mr. Borden a place on the Privileges and Elections Committee and also on the Banking and Commerce Committee. He welcomed Mr. Borden back to the House. Mr. Borden replied that he was grateful for the welcome extended to him by the Prime Minister.

"I have arrived a little later than I intended," added Mr. Borden, "but I think I am entitled to the sympathy of my right honorable friend, as he had a similar experience himself once."

A huge batch of petitions were presented protesting against the erection of telephone poles on the public highway without the consent of the municipality.

Bills Introduced.

The following bills were introduced:

An act respecting the Niagara and Welland Power Company.—Mr. Guthrie.

An act respecting the Regina & Hudson Bay Railway Company.—Mr. Scott.

An act respecting the Vancouver, New Westminster & Yukon Railway Company.—Mr. MacPherson.

An act respecting the Lake Champlain & St. Lawrence Ship Canal Company.—Mr. Gervais.

Census and Statistics.

Hon. Sydney Fisher's bill respecting census and statistics was given its second reading, and the House went into committee thereon. He explained that it was a bill to consolidate the census law, the law on general statistics and the law on criminal statistics, all of which dealt with the same subject. It was intended also to provide in part the machinery for a permanent census office. He had asked for this change on the ground of public utility, believing the object would prove of great value. It would provide a permanent census staff of experienced and efficient men, which would be a great gain in the work of each decennial census. It would also provide for official and reliable statistics on many subjects every couple of years or so in the periods between the usual censuses. It would be more complete than the Statistical Year Book. The appointment of enumerators was not contemplated, as he believed the work could almost all be done from the central office by correspondence, by sending out forms to correspondents and to those from whom the information was desired. Information respecting agricultural statistics might be secured say every two years, and industrial and mortuary statistics say on alternate years. Perhaps it would be advisable to take a census of the Northwest Territories this year, in view of their organization into a Province, and afterwards perhaps every five years in view of the rapid increase and frequent change in the population. The cost would probably be close to $40,000 a year including the sum at present spent, an approximate increase of $20,000, and this sum, he thought, would cover the expenditure for some years, though the desire of the people for more information might cause the expenditure ultimately to grow.

The remainder of the afternoon sitting was consumed in the discussion of the details of the bill.

Several clauses having been passed, the committee reported progress.

Packing of Apples.

Mr. Fisher moved the House into committee on his resolution providing that when apples are packed in Canada for export for sale by the box they shall be packed in good and strong boxes, the inside dimensions of which shall be not less than ten inches deep, eleven inches wide and twenty inches long, containing 2,200 cubic inches. He explained that the fruit growers and packers had agreed unanimously in the adoption of this size, which was known as the British Columbia box. This measure would not interfere with the packing of apples in barrels.

The committee reported progress on this resolution, in order to allow the Minister an opportunity of considering suggestions offered, and the House adjourned.

Bleeding, Protruding Piles.

Mrs. Jas. Brown, Hintonburgh, fered from nearly every form of suffered from nearly every form of Piles for twenty years, both here and in the Old Country, and have tried nearly every remedy. I am only doing justice to Dr. Chase's Ointment when I say that I believe it is the best remedy obtainable for bleeding and protruding piles, of which it has cured me."

EMBARGO AS SEEN BY ONSLOW.

Does Not Believe in Taking It Off From Canada Yet.

London, Feb. 8.—Lord Onslow, in the course of a speech at Yeovil to a gathering of influential farmers' clubs, said there was another trouble which came upon his shoulders from brethern in Canada. In 1896 the Government found it absolutely necessary to pass the act prohibiting the importation into this country of any animals from abroad, from British colonies as well as from foreign countries, except for immediate slaughter at the ports of debarkation.

The leader of the Opposition in the House of Commons only a few days ago announced that he was in favor of re-opening British ports to cattle coming from Canada. Such a step would be most impolitic and dangerous.

Farmer Shoots Himself.

Beamsville, Feb. 8.—Robert Pook, an aged farmer of Clinton township, who lived near here, shot himself yesterday morning. He was dead before a doctor could arrive. His wife died Sunday, and, it is supposed that grief over her death drove him to end his life. He was 76 years of age. At breakfast nothing peculiar was noticed about his actions.

Midland Railway Sold.

Montreal, Que., Feb. 8.—At a conference held yesterday between the directors of the Midland Railway Company of Nova Scotia and General Manager Gifkins of the Dominion Atlantic, the purchase of the Midland by the Dominion Atlantic was agreed to for the sum of $1,500,000.

SKIN AND BLOOD PURIFICATION

Cuticura Soap, Ointment and Pills

Cleanse the Skin, Scalp and Blood

Of Torturing, Disfiguring Humours with Loss of Hair

WHEN ALL ELSE FAILS

Thousands of the world's best people have found instant relief and speedy cure by the use of Cuticura Soap, Ointment and Pills in the most torturing and disfiguring of itching, burning and scaly humours, eczemas, rashes, itchings and inflammations.

Thousands of tired, fretted mothers, of skin-tortured and disfigured babies, of all ages and conditions, have certified to almost miraculous cures by the Cuticura remedies, when the best medical skill had failed to relieve, much less cure.

Cuticura Treatment is local and constitutional — complete and perfect, pure, sweet and wholesome. Bathe the affected surfaces with Cuticura Soap and hot water to cleanse the skin of crusts and scales and soften the thickened cuticle, dry without hard rubbing, and apply Cuticura Ointment freely to allay itching, irritation and inflammation, and soothe and heal, and lastly take Cuticura Resolvent Pills to cool and cleanse the blood, and put every function in a state of healthy activity. More great cures of simple, scrofulous and hereditary humours are daily made by Cuticura remedies than by all other blood and skin remedies combined, a single set being often sufficient to cure the most distressing cases when all else fails.

Cuticura Resolvent, liquid and in the form of Chocolate Coated Pills, Cuticura Ointment and Cuticura Soap are sold throughout the world. MR. WHITNEY CALLED

Undertakes the Task of Forming New Government.

THE CONSERVATIVE CABINET

All the Members of the New Administration Will Be Sworn in To-day—Mr. Whitney Did Not Give Out the List, But Indications Are Given—Mr. Ross' Farewell.

Toronto, Feb. 8.—Yesterday afternoon Hon. Geo. W. Ross drove from his residence to Government House, where, shortly after 1.30 o'clock, he tendered the resignation of the Government to the Lieutenant-Governor, and handed over the great seal of the Province. Mr. Ross was not accompanied by any of his colleagues in the late Ministry. He had luncheon with His Honor. The Government's resignation was, of course, accepted.

About 2.30 four of Mr. Ross' late Cabinet, A. G. MacKay, William A. Charlton, George P. Graham and John Dryden, called on the Lieutenant-Governor, but only in an informal way, as usage does not decree that any but the Premier should resign. Mr. Ross remaied at Government House until 3.15.

Arrival in Toronto.

Mr. Whitney arrived at ten minutes before 6 o'clock. His train was an hour and a half late. E. C. Whitney, the well known lumberman of Ottawa, brother of the new Prime Minister, accompanied by his Ethopian valet, "Charlie," were also on the train. The brothers Whitney were met at the depot by Dr. Pyne, member-elect for East Toronto, and others, and walked to the Queen's Hotel. On his arrival Mr. Whitney received a package of letters and telegrams and at once retired to his room.

The summons from Government House came shortly after 6. Commander Law, secretary to Lieutenant-Governor Clark, called on Mr. Whitney and verbally submitted His Honor's wishes, which were carried out by Mr. Whitney proceeding to Government House.

Whitney Accepts Task.

'I accepted the task of forming a new Government, and I hope to get through with it to-morrow," Mr. Whitney told the press in describing what transpired at Government House.

Mr. Whitney further said he expected he would have the men chosen for the Cabinet with him this morning. He had asked them to come to Toronto to-day, and would have to secure acceptance before the names were submitted to the public.

During the evening quite a number of members-elect called on Mr. Whitney. Among them were Dr. Willoughby, Dr. Reaume of Windsor, Adam Beck of London, A. C. Pratt of North Norfolk, Dr. Lewis of Orangeville, J. J. Foy, Dr. Pyne, J. W. St. John and Dr. Nesbitt of Toronto.

Who May Be Ministers.

Though Mr. Whitney has not yet announced his Cabinet, it is surmised by unmistakable indications that he will be associated in the administration of the affairs of the Province with the following members-elect:

J. J. Foy, South Toronto.
W. J. Hanna, West Lambton.
Col. Matheson, South Lanark.
Dr. Reaume, North Essex.
Dr. Willoughby, East Northumberland.
Nelson Monteith, South Perth.
Adam Beck, London.
Major Hendrie, West Hamilton.

A new portfolio, that of mines, is to be created and in all probability W. R. Smythe of Algoma, will be placed in charge.

Dr. Pyne is slated for the post of Speaker of the new Legislature.

Mr. Whitney has summoned the above gentlemen to meet him at the Queen's Hotel early this morning. This means that he has made up his mind on his Cabinet, but as he has not consulted the men he proposes to honor the slate may be subjects to some modifications. It is not expected that any will decline to enter the new administration. There is, however, the possibility that there may be some refusals, but the choice is so large that Mr. Whitney will have no difficulty in filling their places.

Tory Toronto's Welcome.

Premier Whitney will to-night receive the plaudits of Tory Toronto, and the first Conservative leader of Government in this province in a lifetime—almost—will be honored in a manner worthy of the significance and importance of the event. It is expected that several hundreds of the members of the ward associations will be in line when the parade moves off from the Queen's at eight o'clock. Numerous business men along the route of march have intimated an intention to decorate, and a liberal display of pyrotechnics has been assured. The procession will leave the Queen's at 8 sharp.

Old Man Found Dead.

Niagara Falls, Feb. 8.—Hiram Sutton, an old resident of Lundy's Lane, was found dead Monday. He was sitting in his chair. Mr. Sutton, who was 75 years of age, lived alone.

Nearly All of Them On Strike.

Charleroi, Belgium, Feb. 8.—It was announced yesterday that 22,957 miners out of 39,442 employed in the collieries of this district, are now on strike.

Test the Kidneys.

Allow the urine to stand in a glass vessel for twenty four hours, and if at the end of that it is clouded, or has left a sediment in the bottom of the vessel, you may be sure that your kidneys are diseased. As a means of invigorating the action of the kidneys and making them strong and healthy, there is no preparation so prompt, and none so thorough, as Dr. Chase's Kidney-Liver Pills.

When your appetite TAKES A VACATION, bring it back with a morning glass of

Meals seem too far apart after the gentle, relieving effects of Abbey's Effervescent Salt.

AT ALL DRUGGISTS, 25c AND 60c A BOTTLE

JUDICIAL APPOINTMENTS.

Mr. Idington to Supreme Court and Mr. Clute to High Court.

Ottawa, Feb. 8.—Justice Idington of Toronto has been appointed to the Supreme Court to fill the vacancy created by the appointment of Justice Killam to the chairmanship of the Railway Commission.

Justice John Idington was appointed to the High Court bench in Ontario last year. He is in his 65th year, having been born near Morriston, Ont., Oct. 14, 1840. He graduated LL.B. at Toronto University in 1864, was called to the bar that same year and entered upon the practice of his profession at Stratford where he continued until called to the bench.

The salary of a High Court judge is $5,000; of a puisne judge of the Supreme Court $7,000

Mr. R. C. Clute, K.C.

Mr. R. C. Clute, K. C., succeeds Judge Idington on the High Court Bench.

Not For Him.

Toronto, Feb. 8.—Chief Justice Falconbridge said yesterday that he would not accept an appointment to the Supreme Court bench even if it were offered. It would mean leaving Toronto for Ottawa, make him a *junior judge and make no difference* in salary.

Justice Killam Takes Seat.

Ottawa, Feb. 8.—When the Railway Commission met yesterday Justice Killam took his seat as chairman. The London switching case was up for consideration. Before proceeding with this case M. K. Cowan for the Grand Trunk and Charles Drinkwater for the C.P.R. wished Judge Killam the same success on the board as he had on the bench. The new chief commissioner thanked Mr. Cowan and Mr. Drinkwater for their remarks.

PAINFUL RHUEMATISM.

How it is Caused by Bad Blood, and Why it is Cured by Dr. William's Pink Pills.

Not many years ago doctors thought rheumatism was only a local pain caused by cold or wet in ageing joints and muscles. Now they know that rheumatism is caused by the blood becoming tainted with uric acid from disordered liver and kidneys. This acid eats into the vital organs. It destroys their vitality, contracts the muscles, stiffens the joints and irritates the nerves. Then cold and wet make every bone groan with aching rheumatism. You blame the weather, but the real cause is acid in the blood. The stiffness spreads and the pains grow worse each year until you are a helpless cripple, tortured day and night. Perhaps the disease may spread to the heart—and that means sudden death. You must not neglect rheumatism—but you can't cure it with liniments plasters or hot cloths. They cannot possibly touch the blood. The only sure scientific cure is Dr. Williams' Pink Pills, because they actually make new blood. They sweep out the painful acid, loosen the joints, and muscles, brace up the nerves, and strengthen the liver and kidneys for their work in casting out impurities. This is proved by the thousands of suffering rheumatics who have been made well and strong by Dr. Williams' Pink Pills. Mr. T. H. Smith, of Caledonia, Ont., is one of these many witnesses. He says: "For a number of years I was badly troubled with rheumatism, and was so crippled up I could scarcely do any work. I tried a number of medicines, but they did not help me. I saw Dr. Williams' Pink Pills advertised as a cure for rheumatism and decided to try them. Before the third box was gone I found myself much better. I continued to use the pills throughout the winter and they have completely cured me. I got so I could work on the coldest day without a coat and not feel a twinge of the trouble. I think every rheumatic sufferer should promptly take Dr. William's Pink Pills."

Dr. Williams' Pink Pills cure men and women who are crippled with lumbago, rheumatism, sciatica, paralysis and even locomotor ataxia, because they actually make new, rich red blood. This new blood sweeps the painful, poisonous impurities out of the system and puts the whole body into a healthy state. Nothing but good rich blood can do that—and nothing can give you healing blood except Dr. Williams' Pink Pills. If the blood is bad the nerves are bad, for the nerves feed on the blood. That is the cause of sleeplessness, nervousness, hysteria, St. Vitus dance, neuralgia, and loss of vitality in men and women. Dr. Williams' Pink Pills faithfully used cure these diseases and other blood disorders such as anaemia, biliousness, indigestion, heart troubles, backache, kidney trouble and decline. But you must get the genuine pills. The "something else just as good" medicine which some dealers try to persuade their customers to take never cured anything nor anyone. See that the full name, "Dr. Williams' Pink Pills for Pale People," is on the wrapper around every box. If in doubt write direct to the Dr. Williams' Medicine Co., Brockville Ont., and the pills will be mailed at 50 cents a box or six boxes for $2.50.

LINER DAMARA WRECKED.

Has On Rocks 20 Miles East of Halifax—A Boat Load of 18 Men Is Missing.

Halifax, N. S., Feb. 8.—The Furness Line steamer Damara went ashore at Pleasant Point, off Musquodoboit Harbor, near Halifax, yesterday morning, and one boat containing eighteen men is missing. The Damara, commanded by Capt. J. D. Gorst, was on the voyage from Liverpool to Halifax via St. John's, Nfld., which latter port she left Sunday night. The steamer struck during a thick snowstorm. Orders were at once given to reverse the engines, but as the water was making rapidly the effort to get her afloat was given up and it was decided to abandon her.

Two boats put off containing the crew and the passengers, thirty in all, one in charge of the captain and the other in charge of the mate. A few seconds after they left the ship, she was lost in the darkness, and the boats rowed towards what they thought was the land. The sea was running high and the weather was down to zero.

After hours of hard work, during which much suffering was experienced, the mate's boat made a landing in a desolate place miles away from the nearest telegraph office, but up to the present nothing has been heard of the captain's boat, and grave anxiety is felt for its safety.

Wrecking steamers will leave at once for the scene. The Damara was built at Glasgow in 1885, and is a vessel of 1,779 tons. She has a general cargo for Halifax.

She had three passengers.

Under Serious Charge.

New York, N. Y., Feb. 8.—After being found yesterday in a room in an hotel in West 23rd street, beside the dead body of a woman, a man, who described himself as Dr. Clarence McDonald, a physician, of Port Hawkesbury, N.S., and after as an interne in an institution on Randall's Island, was locked up in the Tombs

HAD TO HIDE IT

A MOTHER wrote us recently that she had to keep Scott's Emulsion under lock and key—her children used to drink it whenever her back was turned. Strange that children should like something that is so good for them. It's usually the other way.

Scott's Emulsion

makes children comfortable, makes them fat and rosy-cheeked. Perhaps that's why they like it so much—they know it makes them feel good.

Older people, too, who are thin or delicate will find Scott's Emulsion a wonderful strength-giver and flesh-builder.

This picture, in the form of a trade-mark label, is on the wrapper of every bottle of the genuine Scott's Emulsion.

The Russo-Japanese War is the subject of an interesting lecture, illustrated by 120 coloured views by Realgn Edwards of Montreal in the Salvation Army Barracks to-night. This lecture has been a success and delighted crowded audiences in East Ontario and Quebec.

Opera House.

Thursday night and balance of week. The Great General Slocum disaster in which hundreds of lives were lost. This scene is from original photos and is only one of the fifty others that will be presented by the Merritt & Prichard Biograph Company, which comes here highly recommended. Popular prices, 10c, 20c, and 30c. 1d

A Coming Social.

The senior intermediate gymnasium boys' class will hold a social evening on Monday. All members of the class are to attend the regular class from 8.15 to 9 o'clock, after which there will be a programme in the parlour. There will be music and addresses by prominent professional and business men, and refreshments will be served by the leaders' corps.

Everybody wants Paterson's Baby Socks.

COUNTY ORANGE LODGE ELECTED OFFICERS

Annual Meeting Held Last Evening in the Orange Hall.

The annual meeting of the County Orange Lodge of West Peterborough was held last evening in the Orange Hall on Simcoe street, when a very successful meeting was held, most of the lodges in the county being well represented.

The following officers were elected:

Bro. J. W. Stewart... ... ... .W.C.M.
" John C. Waldie... ... .D.C.M.
" Robt. Weir... ... ...Co. Chap.
" W. H. G. Armstrong .. .Co. Sec
" Col. J. W. Miller ... ...Co. F. S.
" Ald. J. Batten ... .Co. Treas.
" W. E. Bartley... ... ...Co. D. of C.
" M. E. Weir... ... ...Lec.
" B. Everett... ... ...Dep. Lec
" W. Brumwell... ... ...Dep. Lec

The above officers were duly installed by W. Bro. J. B. McWilliams, P.C.M., and Past Junior Dep. Grand Master of Eastern Ontario.

Y. M. C. A. NOTES.

SaturdayNight "Pop" at Y. M. C. A.

A treat is in store for all members of the Y.M.C.A., their parents, and all ladies and gentlemen who are non-members.

This treat is in the form of a lecture by Mr. Max Dennistoun on the famous "Jean Valjean" of "Les Miserables" written by Victor Hugo. This is a most wonderful and thrilling story and is told by Mr. Dennistoun in a masterly manner.

There will also be a musical programme rendered by local talent.

This will be the first of a series of Saturday night Pops.

Everybody, whether a member or not, is cordially invited. *No charge for* admission. Saturday night, 8 o'clock, Y.M.C.A. hall. Come, bring a friend.

INFORMATION WANTED

The following communication has been received by the Chief of Police:—

Ithaca, N. Y., Feb., 1905.

Dear Sir,—Would you please write and let me know if any of the Harris Family is living there or not. One of the boys name was Dick,

I have some important business which I would like to have them know about. Would you please write and let me know, I will write to them.

(Signed) Mrs. Frank Forkey,
181 Cherry St.

Anyone who can give any information with regard to the parties above mentioned will kindly inform the Chief. He will communicate with Mrs. Forkey.

Free Phonograph Concert at Street Railway Rink, to-morrow, Thursday night.

MUSICAL TREAT WAS ENJOYED

Meister Singers Delighted a Large Audience

Artistic Singing Greeted With Enthusiasm—Splendid Programme.

The Meister Singers were greeted by a very large audience at the opera house last evening on the occasion of their second visit to Peterborough. The audience was much larger than when the singers were here in December, and it is not stretching a point to state that a more popular high class concert company never visited Peterborough than that which was heard last evening. The audience expected a treat, and no one was disappointed. Whether in solo, duet or quartette the music was delightful, and the audience was unusually enthusiastic.

The quartette numbers were exquisitely sung, all the characteristics of ideal part singing, whether of harmony, articulation, delicacy of nuance, intonation, or effective expression, being displayed in a superb manner. The singing was very enthusiastically received, and every number was heartily encored. Several humorous selections were sung in a very popular style. The opening number was Becket's "The Little Church," a number full of beautiful harmonies and delightful modulations. The second number was Lamonthe's waltz song, "Breeze of Night," which was sung by request. The plantation melody, "Nellie Gray," arranged by Cozens, with humming and imitation banjo accompaniments, was a great favourite, as was the medical jest, "Jenks' Compound," by Macey. The encore numbers included, "They Kissed, I Saw Them Do It," "Spin, Daughter, Spin," and "Peter Piper."

The solo singing was equally fine last evening. Mr. Alfred Cunningham, the baritone, created the greatest of enthusiasm, by his artistic singing, his clear, ringing voice, his dramatic fervour and magnetism, being irresistible. He sang, "Beloved, it is Morn," very expressively, and as an encore, sang Adams' rousing "Veteran's Song," and was again recalled.

Mr. F. Waltham, basso, was equally successful last night, his magnificent voice and artistic execution delighting every listener. He sang "Sombre Woods" and was twice recalled, giving as his third number the famous drinking song "In Cellar Cool." The programme opened with a duet, Balfe's "Ladies Fly From Love's Smooth Tale," by Messrs. Cunningham and Waltham. This was one of the finest numbers on the programme.

Mr. Ager Grover, tenor, sang "Fragrance of the Mignonette" with great purity of tone and careful articulation. He was heartily recalled.

Mr. Roland Henry, one of the most popular humourists that has ever visited the town, was heard in several humourous musical sketches and again had the audience convulsed with laughter, with his funny sayings and actions.

Madame Roland Henry, mezzo-soprano, was heard in two well-rendered selections and was encored on each occasion. She has a pleasing voice and sings with considerable expression. Her numbers were, "You Laugh at Love," by Aspinall, and "Never Go to Sea on Friday," by Molloy. As encores she sang "Sing Me to Sleep" and "Awake."

A Heintzman & Co. piano of superior quality was used at the concert. Mr. Roland Henry was accompanist.

The Peterborough public is indeed grateful to those who secured these artists for two concerts in Peterborough and will be pleased to know that they will again be heard here in the autumn.

SAMPLE KID GLOVE SALE AT ADAMS'

On Friday afternoon from 3 to 6 o'clock and Saturday morning commencing at 9 o'clock, we will sell 480 pairs of the best makes of Kid Gloves, $1.00, $1.25 and $1.50 qualities for 55c the pair.

LIBERAL WORKERS PROSECUTED

Proof That Mr. Burnham's Statements Were Incorrect.

He was Doubtless Misled by Incorrect Information.

Mr. J. H. Burnham as a lawyer by education, will readily admit that a barrister examining a witness who desires to favour the side for which he appears, finds his greatest difficulty in getting a direct reply to a question, which if directly answered would lead to the witness telling something it was his interest to have concealed. This is illustrated by the following letter — evasively replying to an article of the Examiner of Feb. 4th, which proved the incorrectness of Mr. Burnham's statement at Zion, that under the Ross Government no Liberals had been prosecuted or punished for wrong-doing in election contests:—

Sir,—The amiable editor of the Examiner has quite excelled himself in his two-column attack upon the Premier of this Province and your humble servant. The controversy on the point involved has been a lively issue for some time, and most of us thought it had died appropriately on the day when without distinction of party the people of this province put Mr. Ross and his friends out of power. The Examiner wishes to attach a stigma to local Conservatives—the stigma of understating or overstating the truth. Of course, the Examiner's language is very violent, and, where possible, just a little bit juvenile.

The argument, however, matches the language. The point at issue, briefly stated, was that no Liberals were punished for corruption by the Ross Government. The Examiner in its last attack quotes presumably from the records with a heading of "Liberals Punished."

A careful reading fails to reveal any justification for this heading. But the Examiner's whole case is given away in its summing up. It says:—"It is to be explained in regard to the above record that all the persons prosecuted and punished were Liberals (in big type) except those mentioned in connection with the Calder (South Ontario) election trial. This absolutely disposes, etc." I should think it did. Most people will think that the necessity for such an "explanation" does "absolutely dispose" of the Examiner's contention. But the Examiner probably has quite a different object in view in this process of post-mortem. It is probably storing up something for the future. We can afford to wait the occasion.

I may say that a gentleman now living in town has told me that his knowledge some of those claimed by the Examiner as Liberals were and had been always Conservative. The Examiner is putting up a lively and where the head won't work it is probably good tactics to take to the heels, I do not propose to be "drawn" on to this subject any further at present, and will not reply again. Had it not been for our friends in the East Riding I should not reply now. The editor of the Examiner must have thundered to great effect during the recent contest to judge by the results hereabouts.

However, I would add for the benefit of those on the staff of the Examiner, who seem unable to see beyond their noses that the fate which befell Mr. Ross and his colleagues was not for the reason that no Liberals had been punished, but because political corruption had been reduced to a science by the machine and was ruining the moral life of a people and blasting its brightest hopes. A strong premier would have done at first what the people at last succeeded in doing, and thus have avoided a shame which he seemed content to profit by. If the verdict of the electorate the not made this clear, perhaps the tor of the Examiner would like to have another trial at the polls. There is a freedom in the air and a buoyant expectancy since Jan. 25th that gives Hon. Mr. Whitney an opportunity to which we all hope he may prove equal.

To some the highest point of human excellence is represented by the capacity to win. But it must be remembered that such a theory, had it been true, would have reduced Christ to Dives and have made Dives our Christ. Success to be permanent must be of the right kind, as we have recently seen. To reflect upon our sins is much more profitable than to fall into bad language, and I would invite the Examiner to join us in doing so.

Yours, &c.,
J. H. BURNHAM.

In a speech made at Zion, Ocontabee on Jan. 21st, Mr. Burnham made the statement—briefly put — that under the Ross Government, no friends of that Government, that is, no Liberals, had been prosecuted. He said as reported in the Review, "not one of the Liberals reported had been proceeded against or punished in any form." That's plain enough. On January 22—the next day after this incorrect statement was printed in the Review—the Examiner pointed out that this statement was untrue, that Mr. Burnham had been misinformed, that he had been "loaded up" with incorrect figures obtained at the Conservative headquarters — the Albany Club. The Examiner also gave figures showing that in South Ontario alone, not to speak of other places, nine Liberal workers were prosecuted, and most of them punished, as an answer to Mr. Burnham's Zion statement that "not one of the Liberals had been proceeded against or punished in any form." On Jan. 24th, the Examiner printed a letter from Mr. Burnham re-affirming his position, and stating that the figures he gave at Zion were furnished by Mr. Chas. Masten, "the well known and highly respected Toronto lawyer."

In taking this position, Mr. Burnham adhered to the false statements he had been led into making, and incidentally reflected upon the veracity of a gentleman who had previously spoken at Zion in the Liberal interests, and in so doing had asserted the punishment of Liberal workers for election misconduct. Therefore, the Examiner on Feb. 4th, published an article showing that Liberal workers had been punished in half a dozen ridings, giving names and particulars. The facts thus given are a matter of record of the courts in the several counties where the charges were tried, the convictions made, and the punishment awarded. Whether these facts are of importance or not, is a debatable question, but there is no doubt as to the facts themselves.

There is no answer in the above letter to the correctness of the Examiner's statement in this regard, and no denial of the correctness of the similar statement made by a Liberal speaker in Zion, whom Mr. Burnham contradicted, on information of a misleading character which had been supplied him.

One would have thought that Mr. Burnham would have accepted such evidence. He does not deny the correctness of the record the Examiner presents, but in the foregoing letter takes the puerile stand (while practically accepting as true the statement as to the prosecution and punishment of the persons mentioned, since he does not dispute them), that there is nothing to show that the persons punished were Liberals. The fact that these men were reported in connection with election trials, where the seats of Liberals were under protest, should be convincing evidence to any sane man. Mr. Burnham is rash enough to make the damaging statement that some of these men were Conservatives. So much the worse from his point of contention. They were working in the Liberal interests, and for misconduct in that connection, were reported, prosecuted and punished. At any rate, there is the same evidence that they were Liberals, as there was that the Conservatives, whom Mr. Burnham says were punished by a "time-serving government," were Conservatives.

Mr. Burnham, as will be seen from his letter, evades the question. He stated explicitly at Zion that "not one of the Liberal workers had been punished." The Examiner showed that Liberal workers reported by the trial judges of election petitions against Liberals, had been prosecuted and punished, in South Ontario, South Perth, North Waterloo and Halton. Now, Mr. Burnham crawfishes out of the stand he took, and says he "does not propose to be 'drawn' any further on this subject." Herein he exhibits the first evidence of discretion he has shown in this little controversy; and he might add to this a more creditable stand by frankly acknowledging that he was misled by inaccurate information into misleading others, by making statements, based upon such information, not in accord with the facts — all the Examiner has ever suggested Mr. Burnham as doing.

Mr. Burnham did the Examiner an injustice by not having brought his letter dealing with the article of Feb. 4th, to this paper for publication, so that both article and answer should be on even terms of publicity, and the impression be removed that the Examiner was unwilling to print the letter in question, which was by no means the case. The Examiner does not remember that it has refused any letter Mr. Burnham has offered, especially when its opinions were attacked, and it would not certainly have declined a letter, which, by the weakness of its logic, so effectively confirmed the strength of its position in the present controversy, as does the one printed above.

Free Phonograph Concert at Street Railway Rink, to-morrow, Thursday night.

Beautiful Valentines.

We are having an unusually large advance sale of valentines this year. Our novelties seem to be irresistable. The demand for score cards and evening games, as well as valetnines, indicates that many are preparing to celebrate the day in a social way. All supplies for party games at the Peterborough Bookstore. A. H. Stratton & Co.

Miss London, of Montreal, will be at Messrs. Richard Hall & Son's store for a few days demonstrating a new novelty in a fastener for neck ribbons. It is simple, neat and inexpensive, selling at 25c each. The economic feature of this novelty is that it does away with the trouble of remaking the bows every time you put a ribbon on and off, which does away with the soiling and creasing of them. She is also showing some new styles in bows and knots and will be pleased to make up ribbons into these styles for those purchasing the novelty fastener.

SPECIALS AT THE SALVATION ARMY

Coming Visit of the "War Cry" Editor

He Will Exhibit Pacific Coast Indian Curios.

The Peterborough Corps of the Salvation Army will have a visit from the editor of the War Cry, Lieut.-Col. Friedrich, who is also the superintendent of the Army's missionary work among the natives of British Columbia and Alaska. The Colonel will arrive on Saturday night and conduct special services on Saturday, Sunday and Monday next. He will be accompanied by Adjutant Arnold of the Territorial Headquarters, the well known violin virtuoso of the Salvation Army.

On Sunday afternoon Lieut.-Col. Friedrich will display a number of Indian curios from the Pacific Coast and explain some of the customs and superstitions of the natives. Among the curios are medicine charms, totem poles, Chief's ornaments and robes, fire-sticks, baskets, etc.

The subject for Sunday night's address will be "A Short-cut to Fortune."

On Monday night the Colonel will give his well-known stereoptican lecture, "The Red Man," illustrated by about 120 finely coloured slides, many of which are entirely original and give a most comprehensive idea of the lives and habits of the Pacific Coast natives, and the Army's excellent work among these strange tribes. The slides include some of the most magnificent scenery in the world. The admission to this meeting is 15c.

The Band will be at the Brock St. Rink tonight.

POLICE COURT NOTES

H. Rush, J. P., again presided at Police Court this morning owing to the illness of Mr. Dumble.

There was only one case on the docket. The defendant, who was charged with non-support of his wife and family was allowed to go on suspended sentence on promise to reform.

Free Phonograph Concert at Street Railway Rink, to-morrow, Thursday night.

Headache, Eyeache, Blurring of Print,

always show defective vision and require prompt attention. You will be surprised at the comfort experienced by wearing glasses we make for you. Our examination of your eyes is not guess work, nor the result of a few weeks study. But by a thorough knowledge of the anatomy of the eye acquired by years of study and practice, and the use of scientific instruments.

KARL H. HOHENTHAL

Name of the Assassin of Finland's Procurator-General.

WAS MARKED FOR VENGEANCE

Political Causes At the Bottom of the Murder—Poland's Deplorable Condition—Strikers Active and Executants of Their Own Kind Who Persist in Going to Work—War News.

Helsingfors, Finland, Feb. 8.—The assassin of Soisalon Soininen, Procurator-General of Finland, who was shot and killed Monday at his residence by a young man dressed in an officer's uniform, has been identified as Karl Lenard Hohenthal, formerly a student at the Imperial Alexander University here.

Hohenthal, who latterly had lived in Stockholm, returned to Finland, Jan. 18. He maintains obstinate silence.

The assassin was removed yesterday from the Surgical Hospital to the Russian Military Hospital, where he lies not fully conscious.

It was at first thought that his comatose condition was the result of a drug, but his head was badly injured while he was being dragged downstairs after the murder.

Due to Political Causes.

St. Petersburg, Feb. 8.—The assassination of Procurator-General of Finland, Soisalon Soininen, is believed to be undoubtedly due to political causes. Soininen was long ago marked for vengeance by the Young Fenoman, and no man was regarded as more of a traitor to his country. As Procurator-General he held a position independent of and in some respects even superior to that of the Governor-General, and he also was the leader of the old Fenoman party, the influence of which is no longer dominant in the Diet, though it is still preponderant in the Senate.

The crime is deplored by the Finns, who still hoped the Emperor would entertain the Diet's petition for a return to the former liberal Administration, and it is feared it may provoke a policy of repression, and especially in view of the recent disorders in Helsingfors. Is Finland about to witness a series of political murders? This is the question asked on all sides here.

BLOODY POLISH UNREST.

Mills Who Went to Work Killed By Strikers.

Warsaw, Russian Poland, Feb. 8.—Several men were killed here yesterday by strikers in bakeries and elsewhere, where attempts were made to resume work. Many arrests have been made.

Strikers yesterday morning attempted to bring out the employes of the electrical plant of the lunatic asylum, but the doctors succeeded in pacifying the men.

According to a report from Radom, 20 workingmen have been killed or wounded in strike disorders there yesterday, while at Sjarsysko 24 have been killed and forty wounded.

Grave trouble is also reported at Kutno to-day. Troops have been sent to Kunto from here.

Afraid to Go to Work.

Lods, Russian Poland, Feb. 8.—The factories were opened yesterday morning, but scarcely any of the workmen appeared. At one factory the men worked until lunch time, and then left and refused to return, saying they did not want to be killed by a bullet from the street fired through the door. Another factory abruptly ended work.

The situation appears to be growing worse, and a critical time is expected on Thursday, the date on which some of the largest manufacturers have decided to pay their employes the balance of their wages, dismiss them and shut down the mills indefinitely.

The strikers are becoming more aggressive. Yesterday morning they forcibly entered a mill and destroyed the machinery.

Getting Worse in the South.

Batoum, Caucasia, Feb. 8.—The strike situation here is growing worse. Business is practically at a standstill, although some steamers have succeeded in getting away. Food is becoming more scarce. The military Governor has issued a proclamation, warning the inhabitants against assembling in crowds.

They'll Get Him Yet.

St. Petersburg, Feb. 8.—The Berlin Tageblatt yesterday printed a report to the effect that Emperor Nicholas recently found in his study a letter threatening him with assassination. An investigation of the rumor elicited a semi-official statement that it was unfounded.

Something For Trepoff.

St. Petersburg, Feb. 8.—It is understood that Governor-General Trepoff is likely to become Minister of the Interior shortly or receive the specially created post of Minister of Police.

KUROPATKIN'S REPORT.

Cossacks, Commanded By Prince Magaloff, Attack a Village On Feb. 5.

St. Petersburg, Feb. 8.—General Kuropatkin reports that a detachment of Cossacks commanded by Prince Magaloff attacked a village occupied by the Japanese the night of Feb. 5, bayonetted fifty men and retired without sustaining any loss.

Gen. Myloff, commander of the Eighth Army Corps, has been appointed to replace General Grippenberg in command of the Second Manchurian Army.

Will Kuropatkin Be Allowed to Go?

The same widespread and high-placed influences which agitated for Gen. Kuropatkin's removal after the battle of Liaoyang are now endeavoring to induce the Emperor to accept his tendered resignation. It is suggested that either Grand Duke Nicholas Nicolaievitch, a cousin of the Emperor, who commands the Russian Cavalry; Gen. Sakharoff, Minister of War; or Gen. Linovitch, commanding the First Army in Manchuria, be appointed to succeed Gen. Kuropatkin as commander-in-chief.

National sentiment sympathizes with Gen. Kuropatkin, although the Southern Russian papers increasingly reiterate that the Russian soldiery is good, and that only the leadership is bad.

The War Must Go On.

The renewed peace talk resulting from the seeming concurrence of recent events in Washington finds no echo in official and diplomatic circles here, where Emperor Nicholas' repeated declaration that the war must be carried to a satisfactory conclusion remains the keynote of the situation. The prevailing opinion among diplomats here is that Japan and Russia would choose France rather than the United States when the time arrives to discuss terms of peace.

Setting Towards Peace.

The present current of press and public opinion in Russia appears to be setting towards peace. The newspapers no longer proclaim the necessity of continuing the war at all costs. Articles appearing in The Russ and The Novoe Vremya, over the signatures of well known war correspondents who have just returned from Manchuria, criticize the conduct of operations there in unmeasured terms, while these papers editorially declare that hopes of victory are remote.

The war has never been altogether popular. Present distress and discontent of the working classes, the general desire for reform evinced by the upper classes, may develop a strong peace movement with which the Government may have to reckon.

CENSORSHIP TO BE REVISED.

Committee of Ministers Institute a Special Conference.

St. Petersburg, Feb. 8.—The committee of Ministers has decided to institute a special conference to revise the censorship and press laws. The president of the conference will be appointed by the Emperor, and its membership will consist of officials especially cognizant of the question, members of the Imperial Academy of Science, prominent writers and representatives of departments. The president of the conference will have the right to invite persons from whom useful information can be secured and members of the provincial press. The president will present a draft of the revised laws direct to the Council of State.

The committee of Ministers has decided the following points:

First—Precedent to definite revision to abolish the right of the Minister of the Interior to prohibit the publication of items in newspapers.

Second—To abolish the existing order and permit of the transfer of a newspaper from one editor to another, conditioned on information of the transfer being given to the press department of both editors.

Third—The Minister of the Interior is only authorized to prevent street sales of newspapers. The Minister of the Interior may demand the name of the author of an article if needed for purposes of prosecution or in the interest of the security of the State.

Fourth—To request the Emperor to order that before a book is suppressed by the Minister of the Interior copies thereof shall be sent to scientific institutions.

Fifth—Grant the Minister of the Interior the right to revise censorship regulations.

Sixth—To request the Minister of Instruction and the Minister of the Interior, after conference with the Governor-General of the Kieff Academy of Science and the Universities of Kharkoff and Kieff, to revise the Imperial decree restricting the use of the little Russian language in books.

All these decisions were confirmed by the Emperor on Feb. 3.

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

ULTIMATUM FROM FRANCE.

M. Constans Demands Instant Satisfaction From the Sultan of Turkey.

London, Feb. 8.—The Daily Telegraph's correspondent at Constantinople reports that owing to the Sultan's decision to borrow money from a German group of financiers for the re-arming of Turkish artillery, M. Constans, the French Ambassador, has delivered an ultimatum demanding the instant satisfaction of the various outstanding French claims, failing which he will leave to-day (Wednesday) to consult his Government.

The German conditions of the loan, the correspondent says, were that all guns should be ordered from Germany. A French syndicate has been competing for the loan.

WAR COUNCIL.

Military Insurgents Will Be Taken For Trial to Buenos Ayres.

Buenos Ayres, Feb. 8.—A council of war for the trial of military insurgents is in session. The Government has ordered that military insurgents be brought here for trial.

In a fight near Pirovano, Province of Buenos Ayres, the revolutionary engineer, Baca, and former Senator Rhur were killed and several others were wounded.

The transport Primero Mayo has left the roadstead with 800 political prisoners.

The Government is in full possession of Cordoba and all the other provinces.

Fire At Portage La Prairie.

Portage La Prairie, Man., Feb. 7. —A disastrous fire broke out in Frank Sallow's furniture store in the Campbell block yesterday morning. The stores of Messrs. Bailey, Caldham and Cashes were in serious danger, as well as other business places within the block, where the Dominion Express Co., the C. P. R. telegraph office and a large photograph gallery are located. The fire was in the heart of the town, and it is hard to estimate what the actual loss is, but it will not be less than $40,000 or $50,000.

Managed By a Commission.

Ottawa, Feb. 7.—The Dominion Government is to be asked to take over and run the affairs of Ottawa. At the City Council last evening a motion was unanimously carried appointing a civic deputation to wait on the Federal Government and ask that the City of Ottawa and part of the surrounding districts, which would take in some fine park areas, be constituted into a federal territory and managed by a commission. This is the way the affairs in Washington are conducted.

Goes to Liege, Belgium.

Sandwich, Feb. 8.—Mayor Ernest Gicardet has received notice from Ottawa of his appointment as a Canadian Commissioner to the World's Fair at Liége, Belgium. He will make a collection of Essex County tobacco, corn and native wine for the Canadian exhibit.

A SIGNIFICANT ACT

Russian Government Took Control of Telegraph Lines.

TALK OF PEACE MEDIATION

Gen. Kuropatkin Stays On As Commander of the Army in Manchuria, But Gen. Gripenberg Has Departed For St. Petersburg—Japan Passes Law to Prohibit Foreigners Working Japanese Mines.

London, Feb. 7. — Considerable speculation has been caused here by the fact that the Russian Government on Monday assumed control of the Siberian telegraph lines from 8 o'clock in the morning until 4 o'clock in the afternoon. It is said to be the first occasion on which telegraph communication has thus been stopped since the war began. Various possible causes are discussed, such as the extension of the strike movement to the Siberian Railway and important correspondence with General Kuropatkin. Little attention is paid here to rumors of peace mediation, but The Chronicle's St. Petersburg correspondent sends the statement, which, however, is not confirmed in other despatches, that the recent conference of the Grand Ducal party to consider the far eastern prospects arrived at an agreement as to the desirability of ending the war, and that the rumor of General Kuropatkin's resignation was started to facilitate negotiations for peace.

Russians Entrench.

Tokio, Feb. 7.—Official announcement is made that everything is quiet in the vicinity of Changtan with the exception that the Russians are strenuously intrenching. The Russian force, which attacked Chiaitzu Feb. 4, retired northward Feb. 5. On the afternoon of Feb. 4 and the morning of Feb. 5 the Russian artillery west of Tanshan shelled Manchuartzu Mountain and vicinity. Small bodies of Russian infantry attacked, but they were repulsed. Before abandoning Songchin in Northeastern Corea, Jan. 24, the Russians burned all their stores. It is thought that the Russians intend to abandon all operations in Northeastern Corea.

Reported Russian Win.

St. Petersburg, Feb. 7.—Telegraphing under date of Feb. 5, General Kuropatkin reports as follows:

"A Russian detachment marched to Santaitz, 12 miles southwest of Sibonbay. The Japanese at Santaitz and Saodamieng were repulsed. The Russian losses were insignificant.

"The Japanese resumed the offensive along the line to Chuanchuantse to-day. Several of their batteries advanced, but the Russian artillery repulsed them."

Kuropatkin Stays On.

St. Petersburg, Feb. 7.—The Associated Press is authorized to announce that not the slightest information has been received at the War Office regarding the alleged illness or resignation of Gen. Kuropatkin. On the contrary, the War Office's information indicates no change whatever in the headquarters staff in Manchuria, and that the departure of Gen. Gripenberg for St. Petersburg is due to illness. The version of the departure of Gen. Gripenberg now given in the best informed unofficial circles is that the general left the front because he exceeded General Kuropatkin's orders in pushing beyond Sandepas and needlessly sacrificed thousands of men. This led Kuropatkin to demand Gripenberg's recall.

Japan Shuts Out Foreigners.

Tokio, Feb. 7.—After debate in the Japanese House of Representatives, the amendment to the mining law, prohibiting foreigners to work Japanese mines, was passed during Monday's session.

The bill was fought bitterly by the foreign residents here, having mining interests in Japan, and the Government has been severely censured for advocating a measure which must needs antagonize certain influential interests whose good-will is believed by many to be important and necessary at this time.

The friends of the measure insisted, however, that, as mining in Japan was only in its infancy and as the soil and mountains were rich in metal and mineral deposits, the benefits to be derived therefrom in the future should be reserved by the Government for native Japanese.

As the law is retroactive, it will play havoc with several British, American and French syndicates having large mining interests in the country.

Gen. Hamilton's New Post.

Gen Kuroki's Headquarters, Feb. 7, via Fusan.—Gen. Sir Ian Hamilton of the British army, who has been observing operations at the front, and who has been recalled to take command of the southern military district of England, left for Japan yesterday. On his way home he will stop in India to confer with Gen. Lord Kitchener, commander of the forces there.

Receipts of wheat during the past three days, 291,000 centals, including 18,000 centals American.

Receipts of American corn during the past three days, 66,600 centals.

NEW YORK DAIRY MARKET.

New York, Feb. 7.—Butter—Strong; receipts, 7873; renovated, common to extra, 17c to 25c; western factory, common to extra, 17c to 24c; western, imitation creamery, common to extra, 21c to 27c.

Cheese—Firm; receipts, 428; state full cream, large, late made, colored and white, choice, 11¼c.

Eggs—Quiet and unchanged; receipts, 4797.

CATTLE MARKETS.

Cable Reports Steady—Hogs Lower on the Buffalo Market.

London, Feb. 7.—Live cattle are quoted at 11c to 12c per lb.; refrigerator beef, 9¾c per lb.; sheep, 12c to 13c per lb.

TORONTO LIVE STOCK.

Receipts of live stock at the city market were 50 carloads, composed of 749 cattle, 1147 hogs, 550 sheep and lambs, with about 40 calves.

Only a limited number of loads of shipping cattle were offered, and these sold at $4.25 to $4.90 per cwt., the bulk going at $4.50 to $4.70. A couple of choice quality steers brought $5 per cwt. Export bulls sold at $3.25 to $3.75 per cwt.

Choice picked lots of butchers', 1150 to 1200 lbs. each, sold at $4.40 per cwt., but these were equal in quality to the best exporters, and quite likely were bought for export, altho reported as butchers', and there were only three or four lots of this class. Loads of best butchers' sold at $4 to $4.30, and there were few of these also; fair to good butchers', of which there were a large number, sold at $3.80 to $3.75 per cwt.; common to medium cattle sold at $3.25 to $3.40; rough and inferior at $2.75 to $3; canners at $1.75 to $2 per cwt.

For feeders there was a better demand than for some time. Short-keeps sold at $3.90 to $4.12½ for one or two choice lots, weighing 1050 to 1150 lbs. each. Feeders, 900 to 1000 lbs. each, of good quality, are worth about $3.25 to $3.50. Stockers sold at $3 to $3.12½, for good quality, weighing 700 lbs. But there were few offered.

About 30 milch cows and springers sold all the way from $30 to $56 each, the latter price being the highest quoted. One inferior cow sold at $20.

Deliveries of veal calves were not large, and prices were firm at $4 to $6 per cwt.

The run of sheep and lambs was light, and demand was good at firm prices. Lambs sold from $5.50 to $6.50 per cwt; export ewes, $4.50 to $4.75; bucks, $3.50 to $4 per cwt.

Deliveries of 1260 hogs sold at unchanged quotations. Selects at $5.50 and lights and fats at $5.25 per cwt.

EAST BUFFALO CATTLE MARKET.

East Buffalo, Feb. 7.—Cattle—Receipts, 250; good demand; steady to strong; prices unchanged.

Veals—Receipts, 200 head; slow; 25c lower; $4.30 to $5.50.

Hogs—Receipts, 7000 head; slow; 10c to 15c lower; Heavy, $5.20 to $5.25; mixed, $5.15 to $5.20; yorkers, $5.10 to $5.20; pigs, $5.05 to $5.10; roughs, $4.50 to $4.75; stags, $3 to $3.50.

Sheep and lambs—Receipts, 6000 head; sheep active; lambs, slow; native lambs, $6.50 to $8.25; Canada lambs, $7.75 to $7.85; yearlings, $6.50 to $7.15; wethers, $5.75 to $6; ewes, $5 to $5.50; sheep, mixed, $2.50 to $5.70.

NEW YORK LIVE STOCK.

New York, Feb. 7.—Beeves — Receipts, 1435; very little trading to-day; feeling steady; exports to-day, 1470 cattle, 1346 sheep and 3500 quarters of beef; to-morrow, 720 cattle and 2600 quarters of beef.

Calves—Receipts, 1120; market 25c to 50c lower; veals, $4.50 to $9.50; outside figures for choice lots; barnyard calves, $3; no demand for westerns.

Sheep and lambs—Receipts, 2412; sheep, steady; choice lambs, steady; undergrades more active; sheep $4 to $5.85; few choice westerns, $6; culls, $3.50; lambs, $7.50 to $8.05; culls, $6.

Hogs—Receipts, 1794; steady; good state hogs, $5.50; choice little pigs, $6.

CHICAGO LIVE STOCK.

Chicago, Feb. 7.—Cattle—Receipts, 8000; good to prime steers, $5.60 to $6.25; poor to medium, $3.75 to $5.45; stockers and feeders, $2.85 to $4.80.

Hogs—Receipts, 35,000; mixed and butchers', $4.70 to $5; good to choice, heavy, $4.90 to $5.05; rough, heavy, $4.65 to $4.80; light, $4.65 to $4.85; bulk of sales, $4.75 to $4.90.

Sheep and Lambs—Receipts, 18,000; good to choice wethers, $5.60 to $6; fair to choice, mixed, $4.50 to $5.25; native lambs, $5.75 to $8.

Canada's Trade With Britain.

London, Feb. 8.—The imports from Canada to Great Britain, according to the Board of Trade returns for January, were as follows:

	Number.	Value.
Sheep and lambs	3,876	6,227
Cattle	7,628	£127,006
Wheat, cwts.	254,400	93,684
Wheat meal and flour, cwts.	71,400	86,673
Peas, cwts.	20,650	7,118
Bacon, cwts.	63,250	129,262
Hams, cwts.	10,786	23,091
Butter, cwts.	1,472	6,531
Cheese, cwts.	93,736	231,871
Eggs, great hundreds	19,328	7,854
Horses	15	526

Britain's Imports Increase.

London, Feb. 8.—The January statement of the Board of Trade shows increases of $8,169,500 in imports and $4,332,000 in exports.

Sold His Paper.

Bracebridge, Feb. 7.—Duncan Marshall, the defeated Liberal candidate in the late Dominion election contest, has sold The Bracebridge Gazette printing business to L. B. Williams, formerly of Bowmanville. Mr. Marshall is going west.

Silesian Miners Return to Work.

Berlin, Feb. 7.—Two to three thousand miners who struck in the Silesian district returned to work yesterday, believing that the Government's bill, now in preparation, will readjust their relations with their employers.

Mr. Fielding in London.

London, Feb. 7.—Hon. W. S. Fielding, Minister of Finance of Canada, will meet Mr. Lloyd-George, John Morley and other leaders of the Liberal party at a dinner this evening at the National Liberal Club.

A NIGHTMARE
Gives point to the fact that excessive or irregular eating disturbs the digestion. Nightmare or night hag has its day time correspondence in the undue fullness after eating, with the belchings and sour or bitter rising so often experienced after too hasty or too hearty eating.
Dr. Pierce's Golden Medical Discovery cures dyspepsia or bad stomach. When the weak stomach is strengthened and invigorated the whole body shares in the increased strength derived from food properly digested and perfectly assimilated.
"I was a victim of sleeplessness and extreme nervousness induced by chronic indigestion and I felt heavy, tired and worn out generally," writes Mr. Mary Smith, of 1628 W. Columbia, Spokane, Colorado Springs, Colo. "Dr. Pierce's Golden Medical Discovery was the only medicine which relieved me. Within a week after I began using it that heavy oppressed feeling after meals had left me, and I found that I was able to digest more than for months previously. My appetite was gradually restored, general system was toned up, nervousness became a thing of the past and I have now been in splendid health for over nine months."
Sometimes a selfish dealer tempted by the little more profit paid on the sale of less meritorious medicines will offer the customer a substitute as being "just as good" as the "Discovery." It may be better for him because it pays better, but it is not as good for you, if you want the medicine that has cured others, and which you believe will cure you.
1000-page Doctor Book sent free on receipt of 21 one-cent stamps to cover postage only; 50 stamps for cloth-bound copy. Formerly sold for $1.50 to cover cost of over 680,000 copies. Every family should possess a copy for ready reference in case of sudden illness or accident. It is illustrated with hundreds of wood-cuts and several colored plates. Address, Dr. R. V. Pierce, Buffalo, N. Y.

LATEST SPORT

HOCKEY.

See the "Mic-Macs" play to-morrow night.

• • • •

Victoria Harbour won at Parry Sound by 10-6 last night.

• • • •

The much tooted Woodstock team lost at Goderich by 3-4 last night in a league game.

• • • •

In a senior O.H.A. game at Morrisburg last night, Smith's Falls defeated the home team by 14-3.

• • • •

In the Guild League to-night, Charlotte Street meets All Saints and George Street clashes with St. John's.

• • • •

The Guild game scheduled for to-night between St. John's and George Street Guilds has been postponed until a later date.

• • • •

On Monday night the Polishing Room of the Lock Works won from the Moulders by 7-2 in a great struggle. There were many stars.

• • • •

The Executive of the City Hockey League will meet at 7.30 o'clock this evening in the T. A. S. rooms. All members are asked to be present.

• • • •

The tie which exists between T.A.S. of Peterborough, and Campbellford for the championship of district No. 4 of the T. V. League will be broken at Cobourg on Friday night when Mr. George Brown, of Port Hope will officiate as referee.

• • • •

"Peterborough Intermediates are gradually climbing up. In the second round they defeated Smith's Falls on their own ice last night by 5-3 in a good game. Peterborough played their old trick—that of coaxing out their opponents' forwards and defence men and then making a fast three-men raid and scoring. Goals count in this round. Go it, Pete.—Lindsay Post.

• • • •

The George Street Guild team will line-up as follows in the game with St. John's to-night.
Goal—Metheral.
Point—Best.
Cover point—Wood.
Centre—Brownscombe.
Point—Rumbers.
Left wing—Geo. Robertson.
Rover—Mann.

• • • •

There should be a splendid game at Cobourg on Friday night, when Campbellford and the T. A. S. meet to decide the championship of this district of the Trent Valley League. The teams have met twice this season, Campbellford winning at home by 4-3, while the Total Abstainers turned the tables here by 7-3. Both teams will be accompanied by many supporters on Friday and a splendid contest is certain to be provided.

• • • •

The finals of the T. V. L. will consist of home-and-home games between the winners of the three districts. The winners are:—
District No. 1, Cobourg.
District No. 2, T. A. S. or Campbellford.
District No. 3, Fenelon Falls.
It is likely that the first game in the finals will be played in Fenelon Falls on Tuesday night of next week, between the winners of the Campbellford-T.A.S. match and Fenelon Falls.

• • • •

To-morrow night's game with the Smith's Falls team promises to be the fastest played here this season and the locals will have to hit up a lightning pace to hold the crack team from the east from winning. The game in Smith's Falls was a hard one and the great defence work of the Peterborough team saved a score time and time again. The Smith's Falls forwards check back very fast and the home forwards will have to work in the prettiest combination to beat them. If the locals win out they will go up against some of the Western teams and some fast hockey will be seen yet. Tickets for the game will be on sale at Sanderson's jewellery store, Clarke's fur store and at the Oriental. The game will start promptly at 8.15 and will be over early. "Chaucer" Elliott will likely be the referee.

• • • •

A GREAT GAME TO-MORROW NIGHT

Smith Falls and Peterboro' to Decide Winner of Second Round.

To-morrow night's game between Smith's Falls and the Peterboroughs is attracting much interest and there promises to be a record crowd present to witness the game. Contrary to the expectations of many hockey followers early in the season, the local team has shown itself to be a very strong one and one whose chances of capturing the championship are quite bright and the interest in the games will consequently increase as each game is played. It is a notable fact that the regular team which will play to-morrow has not been defeated this year in an O.H.A. game and the team which puts them out will be a champion proposition. On the fine showing of the team on Monday, another victory should result to-morrow, but it will be no snap for the locals. The visitors are fast and hard workers and will make a great effort to reverse the score of Monday. In Dunn and Poulin, the local hockey lovers will see two of the neatest stick-handlers that have ever played on local ice. Let there be a record crowd to-morrow night to cheer the boys to victory. Smith's Falls will have to win by three goals to put the locals out.

BIG BONSPIEL HERE IN FEW WEEKS

Games at Lakefield, Orillia and Toronto —Other Curling News.

Three rinks of curlers go to Lakefield on Friday next for a friendly game with that town.

Four rinks of curlers go to Orillia next Tuesday to play for the Sheppard-Neill trophy.

Six rinks of curlers go to Toronto on Friday, 17th February to have a game with the Queen City Club. The local club will run a monster excursion to Toronto on that date.

At the meeting last night it was decided to hold a big bonspiel here the last week in February. It is expected to be a big success as several outside clubs have already signified their intention to be present.

The following games were played last night:—

W. S. Dodd	F. J. McPherson
J. Robson	W. Smith
Dr. Wightman	J. McClung
G. H. Giroux, sk. 13.	F. H. Dixon, sk 7

T Rutherford, 11.	C. N. Brown, 4.

MISCELLANEOUS.

The sporting editor of the Examiner acknowledges the receipt of a vest pocket reference annual of 1905, complimentary of the Copeland Brewing Co., Limited. The book, which contains records of nearly thirty different sports revised and corrected up to the end of 1904, was edited by H. J. P. Good, of Toronto. It has been very neatly compiled and will be found very useful to those interested in sports. This is the eighth year of publication.

INTERESTING NEWS BRIEFY TOLD.

Things We All Like to Hear About.

—Twenty-one below. Whew!

—Ask your grocer for Clown brand oranges. 6d

—We need a new Opera House just as badly as ever.

—The Meister Singers appear at Montreal to-night.

—Nothing nicer than Paterson's Baby Sodas. Get a box and try for yourself.

—The session of St. Paul's Church will meet at the close of this evening's prayer meeting.

—The officers of the 57th Regiment will appear in uniform at the charity ball Friday evening.

—The German Conversation Club will meet at St. Luke's rectory to-morrow evening at 7.30 o'clock.

—The Hibernians will meet to-morrow night at 7.30 instead of 8 o'clock. J. Hickey, President.

—The Tennyson Club will meet this evening at the home of Miss Thompson, 300 Simcoe street.

—The subject at the regular week night service at St. Andrew's to-night will be "God's Kingdom First."

—The annual report of the Town Engineer, though in type, is unavoidably crowded out of this issue.

—Dressmaking done at 26 Louis street, on reasonable terms. Mrs. McClenahan and Miss Carscallen. 3t

—Piano tuning promptly attended to. Satisfaction guaranteed. A. E. Hoover, 222 McDonel street. 'Phone 199.

—The Never Learn Club is holding its regular dance to-night in the Foresters' Hall, from 8.30 to 11.30 o'clock.

—When you think of pictures or frames, think of "The Framery," 428 George street. You can get anything used by artists.

—Don't forget the Biograph pictures in the opera house to-morrow night, especially the General Slocum disaster.

—The regular fortnightly meeting of the Ladies' Literary Society, of St. Peter's T.A.S., will be held on Friday next, Feb. 10th, when a paper on "Joan of Arc," will be read by Miss A. M. Cahill.

—The regular meeting of the George street Young Men's Guild to-morrow evening promises to be one of much interest. A local barrister will give an address on "Commercial Law," and all young men are invited to attend.

—The George street Girl's Guild held their regular meeting at the parsonage last evening when arrangements were made for a social to be held in the near future. At the close of the meeting refreshments were served by the Misses Crothers.

—The lowest reading of the thermometer this winter was registered last night, and 21 degrees below zero was reached. At day break it was 20 below, but the weather being perfectly calm the cold was not felt as much as it would have been had there been any wind.

—The reception in St. Andrew's church last night was a very successful affair. Rev. Alex. Esler, of Cooke's church, Toronto, gave a splendid address on "Formation, Building up and Usefulness." There was an interesting musical programme.

—Mountain trout, flemish haddie, white cod fish, herrings, also wax candles, Lipton's jellies and pickles, fancy biscuits, clover honey, canned peas, tomatoes and corn, cheap; cabbage, celery, parsnips, beets, turnips, potatoes and spy apples. James R. Bell, 161 Hunter street. 'Phone 455. Also farm for sale.

Store to be Re-modelled

Must have more room—Growth of Business compells it.

Big Sale of Furs, Men's Furnishings and Hats to be started at once.

Present Stock must be cleared out so as not be destroyed by dirt and dust during alterations.

Sale commences this week—**Now** is the time to secure the choicest selections before stocks are picked up.

Our Stock of Furs is very choice, richer and better finished than any ready-made stock, as we have them manufactured in our own workrooms and know whereof we speak.

Our Men's Furnishing Stock is conceded by all to be the finest and highest grade in Peterborough.

Our Men's Hat Stock consists of the best makes of Great Britain, United States and Europe, in both Stiff and Soft Hat styles.

Here are only a few of our best lines. We have many more lines which are too numerous to mention.

Now is the time to buy your Spring Footwear.

Call early and avoid the crowd.

DOUGLAS SHOE STORE

DR. MACKAY'S SPECIFIC For the Treatment of ALCOHOLISM.

Used in Connection with the Province of Quebec Probation System with Unvarying Success.

The City Council of Montreal has endorsed this marvellous discovery. The Finance Committee of Montreal recently voted $500 to defray the expense of placing the medicine in each of the city Police Stations, as prompt application of the Treatment to bad cases will prevent the fatalities continually occurring in the cells.

No Satitarium is required. The treatment can be taken at home. No special diet required. The desire to reform is simply necessary and spirits avoided for a few days.

This medicine is now within the reach of all, the price having been reduced. The wonderful results obtained with the worst class of drunkards coming before the Judges of the Recorders' Courts in Quebec and Montreal warrants the statement that the disease of Drunkenness can be cured—readily and surely—under ordinary circumstances and with the reasonable desire upon the part of an inebriate.

This treatment is simply the medicine of the medical profession—the only secret is as to its administration.

Dr. Mackay's discovery is the result of 25 years of practice as a specialist and expert. He is a member of the College of Physicians and Surgeons of the Province of Quebec.

The Government of Quebec through the Judges ordered over 500 boxes of the medicine for prisoners appearing in the Courts in 1904—Official Reports establish 80 per cent. of cures with these cases.

With the public and official endorsation and the record of results published it is unnecessary to waste money experimenting further. All communications private.

ELIZABETH STREET

East of Hunter St. Bridge.

ASSUME CONTROL OF SWING BRIDGES

Deputation Waited on Government to ask Them to Maintain Swing Bridges Over Trent Waterway.

Counties of Peterboro', Northumberland and Durham Represented by Deputation at the Capital, Yesterday.

Hon. Mr. Emmerson Promises to Give the Matter Consideration—The Counties' Case was Ably Presented.

The prospects are, that as the result of a deputation to Ottawa yesterday, the county of Peterborough, and the adjoining counties of Northumberland and Durham, will, in the near future be relieved of the burden of paying for the maintenance of the swing bridges in those counties, on the Trent Waterway. At least, this was the impression given, after the meeting with the Hon. Minister of Railways and Canals, which meeting took place yesterday at noon in his private office in Ottawa.

The object of the deputation referred to above, and which was composed of representatives of the abovementioned counties, was to induce the Government to assume the control and the cost of operation and maintenance of the seven swing bridges in these counties which span the waters of the Trent Waterway, and although the Minister did not promise that this would be done, he expressed himself as being very favourably impressed with the arguments presented by the gentlemen, to whom the presentation of the case was entrusted, and promised to lay the matter before his colleagues, as soon as he was furnished with certain data, as to the present cost of maintenance of these bridges, and other information asked for.

The bridges of which the deputation asked the Government to assume the operation of the swings, are as follows:

Trent Bridge, below Hastings.
Benafort Bridge.
Wallace Point Bridge.
Locks Bridge at Peterborough.
Chemong Bridge.
Gannon's Narrows Bridge.
Pigeon Creek Bridge.

Of these, all but one, are altogether, or in part, in Peterborough county so that it will be seen this county is deeply interested in the proposal, and the present cost of maintenance and operation, as far as the labour is concerned, is divided as follows:

Gannon's, $100; Chemong, $250; Locks, $100; Benafort, $90; Wallace Point, $90. To this must be added the expense of repairs to the swings, which, in some cases, is considerable. It must be remembered also that the cost is increasing rapidly, both for labour of operating and for maintenance, for the traffic, which formerly was but slight, is increasing, and the recent opening of the lift lock, and the consequent increase in the volume of through traffic, has made it necessary to pay those intrusted with the work of operating the swings an increased salary, since their work has been increased, and the prospects are that it will still be further increased in the future.

It may be mentioned that in the case of the Hastings bridge, in which there is also a swing, the Government has, since its construction, itself paid for its operation, thus in the estimation of the deputation, admitting its liability for the operation of all bridges similarly situated.

Those comprising the deputation yesterday were: From the county of Peterborough, Warden Buck; County Councillors, Dennis Moloney, Doure, chairman of the Roards and Bridges Committee; J. Menogue, Otonabee, chairman finance Committee; S. Stinson, Smith; H. C. Garbutt, Smith; Thos. Webster, Dummer; Jas. Andrews, Asphodel; E. A. Peck, County Solicitor; John Belcher, County Engineer.

Northumberland and Durham:—Warden John Kennedy, Pontypool; Thos. Baker, chairman Roads and Bridges Committee; Thos. Davidson, Hamilton Township; Thos. Tweedie, Brighton; Thos. Donaldson, Cavan; W. J. Bragg, Darlington; R. H. Holland, Cobourg, County Solicitor.

In addition to these gentlemen, the members representing the five ridings affected were present at the conference, viz., R. R. Hall, M.P., West Peterborough; John Finlay, M.P., East Peterborough; W. J. McColl, M.P., West Northumberland; H. C. Ward, M.P., Durham; Ed. Cochrane, M.P., East Northumberland.

The deputation was received by Hon. Mr. Emmerson in his private office, and Mr. Collingwood Schreiber, Deputy Minister and Chief Engineer of the Department was also present in an advisary capacity.

Mr. R. R. Hall, through whose efforts the meeting with the Minister was arranged, introduced the gentlemen composing the deputation to the Hon. Minister in a few words, stating the object of the visit of his constituents with those of the other members, and introduced Mr. Holland, who had been chosen as the first to address the Minister.

Mr. Holland reviewed the history connected with the bridges over the Trent and Otonabee Rivers, those over the former river dating back a great many years. He stated that at present the lower part of the Trent Valley Canal now navigable extended through the two counties of Northumberland and Peterborough, and ended at Heeley's Falls, above which there is since the opening of the Lift Lock at Peterborough, 140 miles of navigable canal, partly through natural waterways and partly artificial waterways. The bridge at Heeley's Falls is below navigation and there is no swing on it. At the narrows on the Trent is situated the first bridge upon which there is a swing, and this is the first which the deputation asked the Government to assume the control of by paying for the operation of the swing. This bridge is the only one of the seven which is entirely in Northumberland County, and its maintenance at present is paid entirely by that county. This bridge was first built by the old Province of Canada for colonization purposes and later replaced by the present bridge.

The next bridge was that at Hastings, which was of many years standing and was entirely maintained by the counties except the swing, over the canal which the Government maintains, and Mr. Holland remarked that since the Government admitted its responsibility in the matter by maintaining this swing the deputation thought the same rule should apply to all swings. The next bridges were those at Wallace point and Bensfort, which at present are maintained entirely by the counties, including the swings.

It is true that until a few years ago there was comparatively little traffic through these bridges and, as a consequence, the cost of operation was small, but of late years, and more especially since the opening of the Lift Lock, the traffic on the river had increased materially, with a resultant increase in the cost of maintaining and operating the bridges.

The Trent and Otonabee Rivers were not normally navigable streams, but the Government dams at Hastings and Heeley's Falls had raised the water levels and had made them available for navigation purposes, widening the rivers and making the erection of large bridges necessary.

The counties were practically at

HON. H. R. EMMERSON,

Minister of Railways and Canals, who Received the Deputation Yesterday.

the mercy of the residents of the vicinity of these bridges for the operation of them, and those who are at present doing the work in connection with their operation are demanding higher pay because of additional work.

The prospects are that the traffic on these waters will continue to increase, and if the canal is opened at both ends, this increase will be very heavy, and unless the Government comes to the assistance of the counties, the latter will have to build houses for the caretakers of these bridges, at considerable cost.

The Minister interjected that even if the rivers were not navigable, bridges would still be necessary, to which Mr. Holland replied, that this was quite true, but that swings would not be needed.

Hon. Mr. Emmerson said that as he understood the request, it was that the Government in future should undertake the maintenance and operation of the swings on the bridges.

Mr. Thos. Donaldson, was the next speaker and said that if the Government had not made these rivers navigable, there would be no necessity for swings, and this request would not be made. The Benafort bridge had received assistance from the Government, but not that at Wallace Point, which was originally built by a joint stock company.

He pointed out the great increase recently in traffic, and said that last season there were five regular large boats, three of which made daily trips, and these with the number of other steamers passing through the river, made it necessary for the caretaskrs to open and close the swings from 13 to 15 times daily. One of these bridges had been operated by a woman, but she had refused to do it any longer on account of the increasing work.

Mr. Peck followed and said that the general reasons for the change suggested had been given, but he wished to specify some of them. The bridge at the Trent Narrows was entirely in Northumberland County, those at Benafort and Wallace Point were on the border between Peterborough and Northumberland. That at Benafort was built mainly by the Government though the township of South Monaghan, and the counties of Northumberland and Durham had contributed largely to it. The county of Peterborough had not paid anything towards its cost, and were not deeply interested in it since it was a convenience for those wishing to reach the town of Peterborough, which, however, was not a part of the county. The swing at the Locks bridge would not be required at all were it not for the canal system. It joined the county with the town of Peterborough. The Gannon's Narrows bridge was a floating structure, towards which the Government had contributed $1000 a short time ago, at the time of its construction. Chemong bridge was about three quarters of a mile long, and that at Pigeon Creek about a mile. The last two named were not on the main canal system, but were on waters tributary to it. The county of Peterborough had a considerable area of waterway within its boundary and has to go to considerable expense to maintain its bridges. This was a great burden on the county, and although the county had urged the Government to complete the canal, they had done so believing that the waterway was for the general benefit of the country. He could see no reason why the county of Peterborough should have to go to the expense of maintaining the part of the system within its area.

In answer to a question by the Minister, Mr. Peck gave the following figures of the present cost of maintaining these bridges: Chemong, $250; Gannon's, $100; Locks, $100; Benafort, $90; Wallace Point, $90, but he said these figures would have to be materially increased in the near future.

Mr. Belcher, who was the last speaker, said that in the County of Peterborough there were 15,000 feet of bridges with their approaches to maintain. That at Chemong was 3,200 feet long, and the Pigeon Creek bridge, 4,450 feet. The former was built thirty-five years ago and had been rebuilt by himself about two years ago. The Locks bridge was a steel structure of 200 foot span and those at Benafort and Wallace Point were also steel bridges with spans of 400 and 360 feet respectively.

In answer to a question from Mr. Emmerson, Mr. Belcher said that a dam had been built at the foot of Chemong Lake, he understood in 1835, previous to which time it was said to be unnavigable, and he had heard it said that one could walk across it, but this statement he had found it hard to reconcile with soundings which he had made and which showed the lake to be very deep in places.

In the early days there had been no occasion to use the lake for navigation, but the Government had constructed a wharf at Chemong and he had then made a swing in the bridge to accommodate the boats which sailed on the lake. This was about 10 or 12 years ago.

In replying to the deputation, Hon. Mr. Emmerson thanked the speakers for the business-like manner in which they had presented their case, and they had not taken up too much of his time.

He asked that a statement be prepared and submitted to him in the near future showing the present cost of maintaining these swings, which they now asked the Government to pay the cost of. He said that he understood that the reason the counties wished the Govern-

UNION LABEL

Daily Examiner.

THURSDAY, FEB. 9, 1905.

EDITORIAL NOTES.

Conservative journals are already giving lectures to Liberals upon the duty of an Opposition. Long experience especially qualifies them for this role.

Ministers in Minneapolis are "cutting out" the word "obey" from the marriage ceremony. They might stick to the form and save their consciences — wives have been eliminating the "obey" part of their marital obligations from time immemorial.

Mr. Whitney boasts that he won power by the help of Liberal votes. It is therefore "up to" him to give the Liberals the splendid and progressive administration they have enjoyed for the past generation. In this event Liberals will be easily reconciled to the change of Government.

Many in Peterborough will be interested in the fact that Mr. R. C. Clute, K. C., who spoke in the opera house in the last election campaign, has been elevated to the High Court Bench. His Lordship has been conspicuous as a champion of the rights of labour, and is so firm a believer in trade unionism, that we need not be surprised to see the union label on the judgments he hands out.

It is to be hoped that Mr. Whitney made a good choice of a Minister of Agriculture in selecting Mr. Monteith of South Perth. It is stated that Mr. Monteith is a graduate of the Ontario Agricultural College. He needs to be a good man to worthily grasp the handles of the plough, after Hon. John Dryden, an ideal Minister in his department. If Mr. Monteith aims to reach the efficiency that characterised Mr. Dryden's discharge of his duties, he will justify his appointment, and if he attains his ambition we shall the less regret the passing of John Dryden.

THE BOOMING NORTHWEST

A census every ten years is unable to keep up with the growth of the Canadian Northwest, and the Government proposes to cut the time in two. In the decade between 1891 and 1901 the population of British Columbia increased by nearly 82 per cent., Manitoba over 67, and the Territories almost 212. But all that only dimly foreshadowed the progress of the four years since 1901. Even a census every five years will be ancient history before the next is taken. Another proposition affecting the growing Northwest is to create two new provinces there, divided by a north and south line. The existing boundaries were drawn when the whole region was practically a blank sheet of paper. Now that it is rapidly becoming one of the richest and most populous parts of the American continent the lines will naturally have to be revised to fit the convenience of the people. By whatever name any given area may be known, its soil will be just as fertile and its farms as attractive. It has been suggested that the new boundaries should be drawn from east to west, so as to create provinces with different natural conditions, but the Territorial representatives have preferred the other arrangement.—Collier's Weekly.

INDIAN RIVER.

From our Own Correspondent.

Indian River, Feb. 7.—One of our citizens had an experience with a highwayman, while returning from work. A friend appearing in time, his pockets were saved.

Mr. W. O'Grady has returned from British Columbia, after an absence of eleven years.

Mr. John E. Devlin has been appointed agent for the Wakerville Wire Fence Company.

Mr. W. H. Borland will hold an auction sale on Feb. 14th, having sold his farm.

Miss L. Mann has returned home from visiting friends in Norwood.

Some of the C.P.R. employees from Montreal have returned home after completing the bridge over the river.

Mr. Torpey shipped from the station last Monday a car of hogs and cattle.

La grippe is prevalent among our citizens.

Best Rule of Health

AND HOW YOU ARE AIDED IN CARRYING IT OUT BY

DR. CHASE'S KIDNEY-LIVER PILLS.

"A movement of the bowels every day."

This is the fundamental rule of health. The one point on which doctors are unanimous.

But what causes the bowels to become constipated?

The inactivity of the liver.

Bile is nature's own cathartic and so long as the liver is active in its work of filtering bile from the blood and passing it into the intestines, there is no trouble from constipated bowels.

Dr. Chase's Kidney-Liver Pills cure constipation by setting the liver right.

This is the only means by which the bowels can be regulated.

Salts and castor oil will effect a motion of the bowels, but, once the effects of the dose passes off, you will be more constipated than ever. They fail to set the liver right.

By regulating the liver by use of Dr. Chase's Kidney-Liver Pills you ensure a healthful action of the bowels, and so prevent and cure scores of ills, such as indigestion, biliousness, constipation, kidney disorders, colds and contagious diseases.

Mrs. H. Trollope, 850 Water street, Peterborough, Ont., states:—"I have used two boxes of Dr. Chase's Kidney-Liver Pills and found them an excellent medicine. I had very severe pains across the back which came from my kidneys being out of order, and after using Dr. Chase's Kidney-Liver Pills for a time I began to feel a wonderful improvement in my health.

"I have no more pains in my back now, and am feeling as well as ever I did. Consequently, I am glad of an opportunity to recommend Dr. Chase's Kidney-Liver Pills."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers or Edmanson, Bates & Company, Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box. 5

TOWN ENGINEER'S ANNUAL REPORT

Complete Resume of Street Operations for Past Year.

Result of the Expenditure of $12,000 on Street Work.

At Monday night's Council meeting the annual report of Mr. T.A.S. Hay, Town Engineer, was presented to the council. It was voluminious in character and comprehensive in scope. The following summary gives the most important information it contains.

The regular appropriation for Board of Works for expenditure in 1904 was $11,000, supplemented by $1,000, making a total of $12,000:—

On the first of January, 1904, the former Village of Ashburnham became part of the Town, adding thereby 1212 acres to the area, 19.61 miles of streets and 8.40 miles of sidewalk. On the first of July 93-4 acres of Smith's township were annexed.

The total area of the town is now 2798 acres of which streets contain 392 1-2 acres, parks and squares 78 acres, and river and lake 289 acres.

In 1903 the town, having entered into an agreement with the Peterborough Radial Railway Company for opening the line formerly owned by the Peterborough and Ashburnham Street Railway Company, and extensions thereto and operation of five miles of track to be opened for traffic on July 1st, 1904, work was commenced on June 15th. The line was extended to the river on Lock street, and a branch built from Charlotte street north along Park and McDonel streets and Monaghan Road to Jackson Park.

The length of the line now in operation exclusive of turn-outs is 5 1-4 miles, of which 4 1-4 miles were laid and operated prior to Sept., 1904. Between Sept. 13th and 20th, four new cars were put into service. Since when traffic has been regularly maintained.

In the spring of 1904 the town purchased for the sum of $10,000 the property known as the Hilliard Estate Farm, containing about 66 acres. The buildings and greater portion of the land are under lease from which a revenue is derived in rent.

A gravel pit was opened at the north end in June, at a cost in labour of $29.25.

Total length of sewers laid in 1904, 1.26 miles. Total cost of same, $8,636.87. Total length of sewers now in use: Brick sewer, 9,150 ft; 15-inch pipe sewer, 11,197 ft; 12-inch pipe sewer, 21,855 ft; 9-inch pipe sewer, 22,507 ft; 8-inch pipe sewer, 889 ft. —65,598 ft, or 12.4 miles.

Fifty-four private connections with the sewer system were made in 1904 in addition to those included in contract No. 8.

Surface drainage of Simcoe street. As part of a plan for disposal of storm water, a 12-inch pipe drain was laid along the north side of Simcoe street from half way between Water and George streets, to the creek, with a 9-inch branch from south side of Simcoe street at the market lane, with catch basins at upper end and connected with old drain. This drain is destined to relieve the trunk sewers. The work was done by day labour at a cost of $413.90.

At several places throughout the town old wooden culverts have been replaced by cement pipes.

CONCRETE WALKS.

In April plans for construction of 6 miles of concrete walks were prepared, and tenders advertised for. It was found on opening tenders that notwithstanding the modification in cost of material and composition, prices ranged from 12 1-2 to 14 1-2 cents per square foot. It was then decided to try a few sections by day work. After a fair trial it was found that it could be done at a price not exceeding 9 1-2 cents per square foot. It was therefore decided to continue this method during the season. The work was carried on until near the end of Oct. when hard frost set in.

The season's work amounted to 140,788 square feet, or 5 miles lineal measurement.

The total cost amounted to $13,360.89, or 9 1-2 cents per square foot.

In connection with concrete walks the gravel and stone taken from the Hilliard pit cost for loading and hauling an average of 5 cents per cubic yard.

Total quantity of cement used was 2,664 1-2 barrels. It was Monarch Brand, made by the Lakefield Cement Company.

A concrete mixer was purchased at a cost of $500 which was used throughout the season's work, being operated for 106 days; cost for wages, gasoline and repairs, $2.37 per day. Total $257.58. The machine is estimated to save labour of three men. Net saving, after deducting cost of operation was $2.43 per day.

The total length of the sections of concrete walks built in 1904 was 26,422 feet, which represent 5.01 miles, or 140,787.72 square feet.

The total length of concrete walks completed was 79,791 feet, or 15.12 miles. There remain yet to be renewed in permanent material 86.21 miles of wooden walks.

MISCELLANEOUS.

A large number of new poles was erected by the Peterborough Light and Power Company, they having been awarded the franchise for street lighting at $50 per lamp, 26 additional lamps being ordered by the Fire, Water and Light Committee.

The Otonabee Power Company also extended their lines, erecting 127 poles.

The Canadian Machine Telephone Company, having secured the franchise of the streets, commenced construction in August. In the central part of the town, conduits, 42 inches deep, with wood fibre tubes, laid in concrete, for laying cables, were constructed, with man holes at street intersections. The work done by this company is of a very substantial nature in all respects.

The Bell Telephone and the G. N. W. Telegraph Company have also extended their lines, improving their systems in many ways by replacing defective poles by straighter and sounder ones.

The Canadian Machine Telephone Company, has filed a general plan of all their lines, and other companies are recommended to do the same, as such plans are necessary when considering applications for extensions.

Building operations have been very active during the year 1904, but principally outside of the fire limits. The building bylaw has been generally well observed, but it is advisable that the fire limits be extended. I would suggest that Hunter street east as far as Mark street be included, to cover a depth north and south of, say, 100 feet.

All houses in Ward Five were numbered at a cost of $32.48. New houses in other wards were also numbered.

The total cost of trimming and pruning shade trees was $216.18, this work making a marked improvement as to appearance, light and shade.

Owing to the pressure of work, the proposed diversion of the creek in Ward 5, which was to have been undertaken during 1904, had to be postponed. The preliminary work which was commenced, will be resumed as soon as possible.

Mr. H. Evans, street commissioner, having been appointed to carry out the work of concrete walk construction, Mr. Alex. Fitzgerald was appointed to act in his place. He performed the duties in a faithful and satisfactory manner from June to November.

REPORT OF THE STREET COMMISSIONER FOR 1904.

The total cost of snow ploughing, shovelling, opening water courses, cutting ice in creek, and sanding walks, was $1,099.95.

The cost of street cleaning was $797.39.

The cost of purchase, inspection and measurement of 616 cords of field stone was $,8192.85.

The amount of gravel taken from the town pit was 1,141 cubic yards; 550 yards were purchased by builders, making a total of 1,691 cubic yards.

The total amount expended in general repairs to streets in 1904, was $2,833; cost of repairs to Wolfe street wharf, $58.67.

Bridges.

Cost of repairs to town bridges, $332.12; town's share for repairs to county bridges, $1,857 67; total, $2,189.79.

Wooden Sidewalks.

The cost of repairs to wooden sidewalks, was as follows:

Labour	$755 02
Material	94 60
	$849 62

Owing to the large amount of old plank reclaimed by construction of five miles of concrete walks very little new material had to be purchased, the principal item being new scantling and labour.

The following extensions to wooden sidewalks were made during 1904:

Aylmer street	220 feet
Stewart street	240 "
Park street	450 "
Rogers street	130 "
Sophia street	150 "
Total	1190 "

In arranging contracts for concrete walks for the year 1905, it will be advisable to consider the following list of wooden walks requiring renewal:

Hunter street, both sides, Bethune street to Rubidge street, 1020 feet.

Simcoe street, north, Bethune to Rubidge, 510 feet.

London street, north, Bethune to Reid street, 750 feet.

Antrim street, north side, George to the G.T.R., 410 feet.

Reid street, east side, McDonnel to Murray, 350 feet.

Gilmour street, south side, Park street to lot 12, 450 feet.

Lake street, north side, George to Aylmer, 850 feet.

Rogers street, west side, lot 22 to Hazlett's, 300 feet.

Rogers street, west side, Hunter to Robinson, 750 feet.

A total of 5,590 feet.

Street Watering.

The water carts were kept regularly in use during the summer, one being a new one purchased in May. The total cost, which was covered by frontage tax, was $1657.06.

Miscellaneous expenditures amounted to $880.17.

T. A. S. Hay,
Town Engineer.
H. Evans,
Commissioner.

MR. BEATTY'S DEATH.

Ex-M.P.P. For Parry Sound Dies of Burns at Revelstoke, B.C.

M'TAGGART BURNS TO DEATH

Mr. Beatty Became Bewildered in Exciting Fire in Arrow Head Lumber Company's Boarding House—Rushed Through Room and Through the Flames Which Burned Him Fatally.

Revelstoke, B. C., Feb. 9.—W. R. Beatty died in the hospital of this city yesterday morning at 1 o'clock from the effects of burns on his head, shoulders and hands, just 24 hours after receiving injuries in the fire at the Arrow Head Lumber Co.'s boarding house.

Fire was discovered in the building at 1 o'clock Tuesday morning. It was caused by an exploding lamp. Five men, including Mr. Beatty, were in the building asleep at the time. All were aroused and three escaped without injury. Robert Taggart was burned to death after saving the life of one of the employes and trying to save another man.

Became Bewildered.

Mr. Beatty was aroused and could have escaped with the company's foreman, A. Edgar, whose room adjoined Beatty's, had he followed him through the rear, as he was requested by the foreman to do. Twice Edgar returned to Beatty's room after him and twice Beatty started to follow Edgar to safety, but became apparently bewildered, and turning back, made a rush through his room to the verandah and through the flames. He jumped to the ground ten feet below with his night clothes on fire.

Represented Parry Sound.

W. R. Beatty represented Parry Sound for two years in the Ontario Legislature, being first elected as a Conservative and afterwards as an independent. He was widely known in lumbering circles by his varied interests, being engaged alternately in Ontario, Nova Scotia and British Columbia. His sudden death created widespread sorrow at Parry Sound, where his personality was well known. By his geniality, his large-hearted sympathies and generosity, he was without doubt the most popular man in the Parry Sound district. W. R. Beatty was elected to the Legislature in the general elections in 1894 and 1898.

Switchman Run Down.

Toronto, Feb. 9.—Struggling with a gang of section men in an attempt to combat yesterday's blizzard and keep the switches at the Bathurst street junction clear, Jesse Rockover was struck by a train and so badly injured that he died in the Emergency Hospital within a couple of hours. Rockover was a married man with a wife and family in the city. He was 40 years of age.

Toronto Man Dies in New York.

New York, Feb. 9.—J. G. Strohmayer, a furrier of Toronto, was found dead in his room at the Hotel St. George, Broadway and Eleventh street, yesterday afternoon from gas asphyxiation. The police believe death was accidental. Strohmayer, who was about 60 years old, came here to purchase furs.

Falls to Her Death.

Toronto, Feb. 9.—Mrs. Mary McMillan, aged 45, who lived in the upper flat of 82 Elm street, fell and killed herself last night. Chas. Colby, who occupied rooms on the same floor, found her lying at the foot of the stairs. Dr. J. M. Johnston was summoned, but the woman died before she could be removed in the ambulance. The neighbors know little about her. She was supposed to have a couple of children living in New York. The body was removed to Stone's undertaking rooms.

Jarvis Held For Trial.

Windsor, Feb. 9.—Police Sergeant Nash appeared in court yesterday in the cases against Samuel Jarvis, the burglar, who nearly caused Nash's death several weeks ago. It was Nash's first appearance in public since the shooting. His face had a careworn look and was almost bloodless. The wound in the neck had healed, but the arm is still helpless. The bullet is still in his body, and he suffers a good deal of pain. The court was packed to its utmost capacity. Nash's evidence did not throw any new light on the shooting, but it was enough for the detention of the prisoner. Magistrate Bartlett held Jarvis for trial at the spring assizes on four counts, three of burglary, with offensive weapons, and one of murderous assault.

Given Hard Labor.

Windsor, Feb. 9.—Lodema Beaver, the Flying Roll disciple, was sentenced by Judge Horne to two months' imprisonment at hard labor in the county jail for spreading obscene literature on the public streets of Windsor. The Israelite colonists, both in Windsor and Detroit say they will call down vengeance on Judge Horne.

New States Created.

Washington, D.C., Feb. 8.—The United States Senate has passed the statehood bill without division. It provides for statehood for Oklahoma and Indian Territory as one state and New Mexico as another.

You can't cure a cough or cold from the outside. You must cure it through the blood.

Shiloh's Consumption Cure The Lung Tonic

is the only remedy that will do this. It gets right to the root of the trouble. It is guaranteed to cure.

7 Sutherland Sisters Hair Grower

GREW THIS HAIR

Testimonial No. 422.

MISS NORA GASTAGER
2108 Centre Ave., Pittsburg, Pa.

When the scalp throws off either dandruff or a gummy substance, it is an evidence of scalp disease, and no time should be lost in correcting it. You certainly would not hesitate to take treatment were you to look at this matter through a magnifying glass. When highly magnified it resembles a working mass of insects. These creatures absorb the nutriment or life-sap of the scalp causing the scalp to become dry and feverish, resulting in the loss of hair and finally baldness. Seven Sutherland Sisters' Hair Grower and Scalp Cleaner works wonders in all such cases. It thoroughly eradicates all trace of scalp bacteria and makes the hair grow unusually long, strong and beautiful. One 50 cent bottle is enough to show you that it will do all this and even more. NOW at all druggists, two sizes, 50c. and $1.00 per bottle.

SEVEN SUTHERLAND SISTERS
SOLE PROPRIETORS

CLYDESDLE NEWS.

Notes of the Movement of the Residents of This Vicinity.

(From Our Own Correspondent)

Clydesdale, February 6th.—The last week has been a fine one and the roads good shape again after the storm.

Mr. D. Gooley is gone to the shanty for a while with his team.

Mr. John Menogue is in town this week.

The many friends of Mr. Dennis Mahoney will regret to hear that he had the misfortune of having his leg broken last week while working in the shanty.

Mr. M. Hobbins and Mr. J. O'Brien paid a flying trip to Coe Hill on Saturday last.

Mr. Patrick Hobbins was the guest of Mr. Michael Hobbins on Sunday last.

Mr. Michael Cleary was the guest of Michael Hynes on Sunday.

Mr. Jos. Long paid a flying visit to Coe Hill last week.

The many friends of Mr. John O'Brien will be glad to know that he is able to be around again.

Mr. Michael Hynes is working at Coe Hill.

Mr. John Kirby was in this vicinity last week.

Mr. Thomas Trotter was the guest of Mr. E. Gooley on Sunday last.

Miss Lottie Mahoney was the guest of Mrs. Patrick Hobbins last Sunday.

Mr. John Gooley is in the employ of Mr. C. Hawkes at present.

A very pleasant evening was spent at Mr. Thomas Mahoney's on Friday last when a couple of sleigh loads of young people drove to his place to spend the evening in games and dancing. Mr. and Mrs. Mahoney did everything in their power to make the young people happy.

Mr. Patrick Menogue was home from the shanty for a few days last week. He was visiting friends at Mr. R. Hawkes, but has returned back to the shanty again.

Mr. Jas. Scott and family are spending the winter at Coe Hill. Their many friends are wishing they may soon return home again.

Mr. Frank Scott was in Lakefield for a few days last week.

Mr. Simon Mahoney was the guest of Mr. Maurice O'Brien.

A Conveyancer Convinced

He is Positive there is no Remedy for Kidney and Liver Troubles Equals

Dr. Pitcher's Backache - Kidney Tablets.

The story related by Mr. N. Ford, the well known conveyancer of St. Mary's, Ont., is but one of the thousands of tributes that are being paid to Dr. Pitcher's Backache Kidney Tablets. This is what he says: "For three years I have had a pain in my right side and back. I laid it to the liver and kidneys. I tried a good many medicines without relief, but finally got a bottle of Dr. Pitcher's Backache Kidney Tablets, and to my intense gratification they relieved both pains easily and quickly, and there has been no return of the symptoms since using them."

Dr. Pitcher's Backache Kidney Tablets are 50 cents a bottle at druggists or by mail. The Dr. Zina Pitcher Co., Toronto, Ont.

FOWLER'S CORNERS

From Our Own Correspondent.

Fowler's Corners, Feb. 7.—On Friday evening last a large sleigh load of our young people started for Omemee, to a tea which was being held there. Where they went to is not generally known, but they were back safe again before morning.

Mr. George Grover's new driver is causing quite a sensation in the driving circles just now.

Mrs. Frankish, of Lakefield, is spending a few days here, with her daughter, Mrs. A. Young.

Mr. John Scott is visiting friends in this vicinity.

Owing to the kindness of one of our farmers in turning out after each storm with his team and snow-plough the roads around here are kept in prime condition.

Mr. Victor Fife spent Sunday evening with friends near the village.

UNION LABEL BILL.

Reintroduced By Mr. Ralph Smith—Government Viewed It As An Open Question—An Amendment Carried.

Ottawa, Feb. 9.—The Minister of Railways stated in the House yesterday that there are 21 persons on the staff of the Railway Commission and 30 persons on the staff of the Grand Trunk Pacific Railway Commission.

The first sitting of the railway commission, Mr. Blain was informed, took place on Feb. 9, 1904. There has been paid on salaries to Mr. Blair $9041, to Mr. Bernier $8300, and to Mr. Mills $8302. The commission has cost, exclusive of salaries, $37,965. No private secretaries are employed by the board.

The total receipts and expenditures of the Intercolonial Railway and branches for the current year up to Dec. 31, 1904, were stated by Mr. Emmerson to be as follows: Working expenses, $4,104,018; receipts, $3,621,263. The amounts spent on the Intercolonial, including the purchase of lines, were, in 1897, $145,142; in 1898, $252,367; in 1899, $1,081,929; in 1900, $1,796,349; in 1901, $2,683,836; in 1902, $4,621,841; in 1903, $2,254,266, and from June 30 to Dec. 31, 1904, $733,221.

Sir Wilfrid Laurier stated in reply to Major Fowler that the minister of finance was considering the question of calling in and redeeming at their face value worn silver coins.

Mr. Henderson was informed that one charter has been granted by the governor-in-council under the penny bank act of 1903. The company has not, however, received the certificate of the treasury, which would enable it to carry on business.

Mr. Lancaster introduced a bill to amend the act respecting certificates to masters and mates of ships. He explained that the bill standing for a second reading contains an objectionable clause. He would, therefore, drop the first bill and introduce a new one.

Mr. Foster asked about the letter containing Mr. Blair's resignation as chairman of the railway commission, also the telegram to the prime minister on the same subject. Sir Wilfrid replied that both the letter and the telegram would be submitted to the house.

Mr. Bergeron called the attention of the government to the political crisis in Quebec. He said a member of the Dominion government had gone to Quebec to straighten out the tangle. He had heard it rumored also that Premier Parent had been promised a place on the Grand Trunk Pacific construction commission, provided he would retire from the premiership at the end of the session.

Sir Wilfrid jocularly dismissed Mr. Bergeron's suspicions, and assured the house that no promises of any kind had been made to Mr. Parent.

Ralph Smith's Bill.

The Government's refusal to pronounce their position gave every member a free hand in the House yesterday to discuss Mr. Ralph Smith's bill authorizing the registration of the union label. Opposition members, led by Mr. Borden, tried in vain to get the Government to commit themselves, but, as Sir Wilfrid Laurier said, there were bills introduced by private members upon which they were not called to make a decision, and every one was free to take the position he chose, irrespective of party lines. The bill was therefore discussed with much freedom. Considerable criticism was offered, and in the end Mr. Demers of St. John and Iberville offered an amendment that the label be only allowed to incorporated unions, thus fixing a responsibility on the unions which they did not otherwise have. Although Mr. Smith had just previously said this was his own view of what should be done, he was compelled to object to it as representing the views of those who asked for the passage of the measure. The committee then rose to give the matter further consideration.

When You Have a Cold

The first action when you have a cold is to relieve the lungs. This best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This Remedy will cure a severe cold in less time than any other treatment, and it leaves the system in a healthy and natural state. It counteracts any tendency towards pneumonia. For sale by all druggists.

Sealed tenders addressed to the undersigned, and endorsed "Tender for Stable, Kingston Ont." will be received at this office until Friday, 17th February 1905, inclusively, for the construction of a stable for "B" Battery at Kingston, Ont.

Plans and specifications can be seen and forms of tender obtained at this Department and at the office of Arthur Ellis, Esq., Architect, Kingston, Ont.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p. c.) of the amount of the tender, which will be forfeited if the party tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.

2d HARRY ADAMS

REPORTS SHOWED GOOD PROGRESS

Annual Meeting of the Peterboro' Industrial Fair

Was Held Yesterday Afternoon in the Council Chamber—The Election of Officers.

Yesterday afternoon the annual meeting of the directors of the Peterborough Industrial Fair was held in the council chamber. The reports presented showed the affairs of the association to be in first class condition and the prospects of its future success are excellent.

Mr. D. Hughes-Charles, president, was in the chair, and in his opening address said:

Gentlemen, — I think upon the whole, we may be satisfied with the result of our past year's work, for although our receipts were about $350 less than our expenditure, we still have a balance of $500 on hand, and our prize money, which was large, was [illegible], and therefore we [illegible] owing the credit of [illegible] so far as the directors are concerned they have nothing to be ashamed of, but I honestly think they ought to get a more hearty support from the town and county than they have received the past two years. A well conducted exhibition is as good an advertisement as the town can get, and with the liberal prizes we are offering, an impetus should be given to stock-raising in the county and this is much needed.

We had a large increase in the number of entries in horses and cattel, and the exhibits were of a high-class, but sheep, swine and poultry were not well represented.

To put down professionalism, the directors made the following rule:—"That exhibitors in dairy products, agricultural products, horticulture, fine arts and ladies' work must be residents of the County of Peterborough, or the townships of Cavan, Emily, Hamilton, Hope, Manvers, and South Monaghan," but I doubt if this rule were fully understood, for the entries in those classes were very few and if a better display be not made this coming fall I shall strongly recommend that these classes be cut out altogether. I doubt if the public generally know how much prize money we pay out and how it is distributed, and I think it well to draw their attention to this important matter, and I want them to carefully read the following statement:—

	Prizes Offered.	Prizes Paid.
Horses	$976 00	$759 00
Cattle	578 00	395 00
Sheep	250 00	117 00
Swine	156 00	101 00
Poultry	192 00	48 00
Dairy products	46 00	21 00
Agricultural	98 00	53 00
Horticultural	90 00	39 00
Fine Arts	95 00	49 00
Ladies' Work	120 00	51 00
Horse racing	900 00	838 00

In conclusion I may just say that the Directors cannot run the Exhibition without the hearty support of the citizens of the town and county and if they want the Exhibition to succeed they must give it; indeed if they want the Exhibition to go at all they must do much better in the future than they have done in the past.

was in the chair, and called upon Mr. K. Eardley-Wilmot, the secretary-treasurer, presented the following report of the directors:

RECEIPTS.

Examined and found correct.
P. Campbell,
John Crane, Auditors.

The election of officers took place, which resulted in these gentlemen being elected—

Honourary President—T. E. Bradburn, M.L.A.

President—D. Hughes-Charles.

First Vice-President—Alex. Elliott.

Second Vice-President—E. M. Elliott.

Honourary Members—Hon. Geo. A. Cox, John Finlay, M.P., Wm. Anderson, M.P.P., J. W. Flavelle, R. A. Morrow, E. R. Wood, H. Waddell, Robt. Stuart, Rev. E. A. Langfeldt, Fathers McColl, Fitzpatrick and Phelan.

Directors—Wm. Irwin, Robert Fair, K. Eardley-Wilmot, R. J. Munro, J. M. Brooks, G. W. Fitzgerald, D. Moloney, H. C. Winch.

Mr. K. Eardley-Wilmot resigned from the office of Secretary, and his successor will be appointed at an early meeting of the Board, when the several committees will also be appointed.

SHALL TOWN HAVE A SANATORIUM?

Question to be Considered at Council Chamber To-night.

A general meeting will be held in the town council chamber to-night to discuss the proposed establishment of a sanatorium for the treatment of tuberculosis.

The meeting will comprise the members of the Board of Health, the Board of Trade, the Town Council, and the Medical Association. Dr. C. A. Hodgetts, secretary of the Provincial Board of Health, will be present and will address the meeting.

Get yo skates on and enjoy a good time at the Foresters' Carnival, Feb. 14th. 3d

Awaiting the Plans.

At a meeting of the Special Committee in connection with the new rectory of St. John's Church, it was decided that plans be drawn up by Mr. J. E. Belcher. The rectory will be placed at the corner of Brock and Sheridan streets, facing the church grounds and Court House Park. When the plans and estimates are prepared, the matter will come before the vestry for its approval.

Your presence will help make a success of the Foresters' Carnival, Feb. 14th. 3d

PETERBOROUGH WATERWORKS

Interesting Report of the Secretary-Treasurer.

A Surplus of Assets of $3370.29 for the Year.

The following is the annual report of the Secretary-Treasurer of the Peterborough Waterworks for the year 1905, presented at the annual meeting of the Board of Water Commissioners:—

Peterborough, January 31st, 1904,

To the Peterborough Water Commissioners:—

Gentlemen,—I herewith submit the financial statements of the Waterworks Department for the year 1904.

The amount expended in the extensions of mains and setting hydrants was $7,490.93, and in laying services $3,006.31, a total of $10,706.13 expended in construction work. The practice inaugurated in 1903 of charging the whole cost of engineering and superintendence to expense account has been followed in 1904.

On the first of April the rate of discount allowed to consumers for prompt payment was increased from 20 per cent. to 25 per cent. The expenses on the dam were much larger than in 1903. Including the cost of procuring a report and plan from Mr. C. H. Keeler, C. E. these amounted to $3,793.27, as compared with $534.14 in the previous year, and were paid out of revenue.

The net water rates for the year amounted to $25,896.56, and the expense accounts, including interest on debentures and sinking funds and 15 per cent. written off tools and plant for depreciation, amounted to $25,590.34, leaving a balance of $306.52, which has been carried to the credit of profit and loss account.

Respectfully submitted,

S. R. ARMSTRONG,
Secretary-Treasurer.

MISSION CIRCLES ENJOYABLE EVENING

Large Attendance at the Park Street Church Last Night.

The Mission Circle of the Park Street Baptist church had a most enjoyable affair on Tuesday night. The president, Miss Maggie Mann, was in the chair, supported by Rev. Freeman Scott and Rev. A. H. Brace.

The choir was in full force and excelled themselves in two rousing choruses. A duet was given by the Misses Sarah and Nellie Pilling in fine voice. The dialogue, "How Polly joined the Mission Society," by five young ladies in costume, was well received.

Addresses were given by Miss Coleman, matron of the Nicholls Hospital, Rev. Freeman Scott, Rev. Robt. Russell, Fenelon Falls, and the pastor, all being much enjoyed, and will tell in the interest of the society. A feature of interest was Mr. David Holt's cornet, which blended harmoniously with the bass viol of Mr. Robert Wright, and together with the choir produced fine harmony. The executive of the Circle are to be congratulated on the success of the evening and the splendid addition to the Mission funds.—Com.

Miss London, of Montreal, will be at Messrs. Richard Hall & Son's store for a few days demonstrating a new novelty in a fastener for neck ribbons. It is simple, neat and inexpensive, selling at 25c each. The economic feature of this novelty is that it does away with the trouble of remaking the bows every time you put a ribbon on and off, which does away with the soiling and creasing of them. She is also showing some new styles in bows and knots and will be pleased to make up ribbons into these styles for those purchasing the novelty fastener.

STORM KING IN EVIDENCE

Heavy Fall of Snow Caused Railways Inconvience

Eastern Trains Arrive Late — Street Railway Copes With Elements.

The storm, which for some days has been raging in the eastern part of Canada, reached more westerly limits yesterday, and last night Peterborough was visited by a heavy fall of the beautiful, which, fortunately, however, was unaccompanied by the winds which made the storm so severe in the east.

The trains last night and this morning were late. The Montreal C. P. R. express due here at 5.12, did not arrive until after 7 o'clock, being about two hours late. It left its starting point on time, but snow storms were encountered during the night, and two engines were subsequently required to haul the train, which was an extra heavy one, two sleepers being from Ottawa alone.

The G. T. R. trains were also somewhat late, but not seriously so.

The heavy fall of snow also caused some trouble for the street railway company, and the sweeper was kept going during the greater part of the night. The service is being maintained to-day with little or no interruption.

NEW BANK'S NEW OFFICES

Bank of Nova Scotia Secured Premises Under the Town Clock

Will Take Possession on Feb. 15th—Tax Collector and Town Engineer to Move.

As the Examiner said some weeks ago would probably be the case, The Bank of Nova Scotia has made definite arrangements to open a branch in Peterborough.

The Bank has secured a lease for a term of years of the offices at present occupied by Tax-Collector Green and Town Engineer Hay, who will remove to the rooms over Mr. C. N. Brown's store on Simcoe street, which are now being prepared and the necessary fixtures and office furniture installed.

The name of the manager has not yet been revealed, but a Toronto gentlemen who was in town yesterday, conducting the final negotiations on behalf of the Bank, Mr. E. Hammett of the inspection staff, is, it is understood, likely to receive the appointment. By the terms of the lease the bank is entitled to possession on February 15th, and it is unnecessary to state that their offices will be fitted up in the most complete fashion and furnished with all modern equipments.

Mr. Hammett states that it is expected the offices will be open for business about Feb. 22nd.

The 73rd annual report of the Bank of Nova Scotia published on Dec. 31st, 1904, shows assets amounting to $30,523,236.38, a paid up capital of $2,000,000, and a reserve fund of $3,200,000. The dividends payable Aug. 1st, 1904, and Feb. 1st, 1905, amounted to $100,000 each. Of the assets more than 60 per cent. or $16,268,869.84, are of such a character as to be available at the call of the bank at any time, and $3,741,145.12 is in specie and Dominion notes.

The Bank's well known standing as one of the leading banks of the Dominion, will make it a welcome addition to the already satisfactory financial institutions of the town.

MRS. MORROW'S CHORUS CLASS

Interesting Work of Junior and Advanced Pupils in Solo Singing.

Mrs. Morrow's chorus class continues to retain quite a large membership. At the meeting which took place last evening in the T. A. S. hall about sixty members were present, and all showed by the active interest they displayed that they recognize the necessity of a musical training, and fully appreciate the value of the instruction imparted to them. Last evening's class was not merely instructive for those who are advanced in the theory of music, but was highly interesting and entertaining for the members who still consider themselves beginners.

At the opening of the class, Mrs. C. B. McAllister, Miss Gertrude Moloney, Mr. R. N. Jolliffe, and Mr. V. Morphett contributed vocal solos. For Mrs. McAllister and Mr. Jolliffe, praise is unnecessary. Their finished musical education, and the richness of their voices, always assure the success of the numbers which they contribute. The members of the class were greatly pleased with their solos, and were without doubt thereby incited to persevere in the work which will eventually bring such pleasing and beneficial results.

Miss Gertrude Moloney of Ennismore, and Mr. Morphett, are considered as junior pupils, but their solos were certainly well rendered. Their youthful appearance might not, at first, lead the audience to expect more than ordinary songs, rendered in an ordinary fashion. But the manner in which they sang, deserves more than ordinary praise for beginners. Miss Moloney's voice has a good range, and training has certainly added to it a pleasing fulness. Mr. Morphett has both a strong and a sweet voice, and will become, by the development of these qualities, a singer who will always please.

After the solos the chorus work was taken up, and this was followed by a lesson on the theory of music.

The members are evidently well pleased with the work, and, indeed, they have every reason to be pleased. It is to be hoped that they will all attend the classes regularly, and thus aid their teacher in bringing out the desired beneficial results.—Com.

A NEW GOVERNMENT

Installation of Premier Whitney and His Cabinet.

THE LIST OF THE MINISTERS

Premier to Act As Attorney-General For Awhile—Hon. Mr. Foy to Take Up Question of Law Reform—Three Ministers Without Portfolio—Mr. St. John For Speaker—Terms to Demonstration.

Toronto, Feb. 9.—A straight Conservative Government was yesterday invested with the power of conducting the business of the Province of Ontario for the first time in its history, the Sandfield Macdonald Administration from 1867 to 1871 having been the result of a coalition. The ceremony commenced at 4.30 in the afternoon at Government House, the members of the new Cabinet going there from the Queen's Hotel. They were sworn in by His Honor William Mortimer Clark, the oath being administered by Mr. J. Lonsdale Capreol, K.C., Clerk of the Executive Council. The new Government is as follows:

The New Cabinet.

Premier and Attorney-General—Hon. J. P. Whitney, K.C., M.P.P., Dundas.

Minister of Crown Lands—Hon. J. J. Foy, K.C., M.P.P., South Toronto.

Minister of Agriculture—Hon. Nelson Monteith, M.P.P., South Perth.

Provincial Treasurer—Hon. A. J. Matheson, M.P.P., South Lanark.

Minister of Education—Hon. R. A. Pyne, M.D., M.P.P., East Toronto.

Provincial Secretary—Hon. W. J. Hanna, M.P.P., West Lambton.

Minister of Public Works—Hon. J. O. Reaume, M.D., M.P.P., North Essex.

Without Portfolios—Hon. Adam Beck, M.P.P., London; Hon. J. S. Hendrie, M. P. P., West Hamilton, and Hon. W. A. Willoughby, M. D., M.P.P., East Northumberland.

Speaker—Hon. J. W. St. John, M. D., West York.

Formalities.

Premier Whitney's cabinet was sworn in by J. Lonsdale Capreol, clerk of the executive council, at government house at 4.30 o'clock yesterday afternoon. They will take charge of their departments this morning. Mr. Whitney has given it out that this cabinet is subject to modification. Mr. Foy will be attorney-general in a couple of months with the view to considering the question of law reform. This means that there will be practically a reconstruction with Mr. Whitney probably minister of education, Mr. Hanna minister of crown lands and Dr. Pyne provincial secretary.

The Farmer-General.

All the new cabinet ministers were on hand early, except Mr. Monteith, the minister of agriculture. He did not arrive until nearly 12 o'clock, and was greeted on his entrance by Mr. Whitney, who had grown rather restless waiting for the last one to come. "Oh, we are waiting for you, Monteith," the premier said as he grasped the hand of the new farmer-general and led him up the staircase. In three minutes Mr. Whitney came down and announced to the waiting newspapermen that his cabinet was complete, and that he would be back from government house in ten minutes after submitting the names to the lieutenant-governor. The waiting ones were rewarded within the time specified, and were taken upstairs, where the new cabinet were having an informal session.

The Speaker.

After naming the cabinet Mr. Whitney said he expected Mr. St. John to be the speaker of the next legislature.

Asked when the house would meet he said he had no idea—that will probably be settled at an early meeting of the new cabinet.

A department of mines is to be created, and it is expected that this will be one of the early acts of the new administration. The general public will have some time yet to guess who will be the head of this department.

Supped With His Honor.

new premier secured an appointment with the lieutenant-governor for 4.30, and at that hour the cabinet proceeded to government house to be sworn in. After the ceremony the cabinet ministers had supper with his honor and returned to the Queen's about 5.30. Major Hendrie had to leave early to catch a train for home and was consequently not in the city to attend the celebration ceremonies.

The first meeting of the baby administration will be held this afternoon. Probably the first act will be to call upon the clerk to issue the writs for the by-elections. All the members of the cabinet except the ministers without portfolio will have to go back their constituencies for re-election. It is not likely that any of the ministers will be opposed.

To Call the Legislature.

The cabinet will also at the earliest opportunity fix the date for the opening of the legislature. It seems to be the idea that the house will meet within a month.

TORONTO HONORS NEW PREMIER.

Conservatives Spend An Evening of Jubilation in Massey Hall.

It might be necessary to go back to the Restoration for an appropriate parallel to the enthusiasm displayed by the Conservatives of Toronto last night. Massey Hall has been the scene of many demonstrations, none of which have surpassed that of last night in cordiality, though its capacity may have been more severely taxed on other occasions. The introduction of a Conservative Premier, surrounded by the newly-sworn members of his Cabinet, for the first time in a generation was an occasion for pardonable pride on the part of his adherents, and they fully availed themselves of it.

The outside demonstration of torchlights and their bearers did not arrive at the hall till 8.30, but at 7.45 the two galleries were filled, the lower one chiefly with ladies. Decorations were confined to national flags and a "Welcome to Our Leader" above the platform, while a portrait of "the new Premier" supplied an accurate means of identification for those not familiar with the features of Hon. J. P. Whitney. A few preliminary arrivals were recognized and cheered as they joined the early occupants of the platform, among them being Mr. Alex. McCowan of East York, Mr. T. H. Lennox of North York and Hon. Nelson Monteith.

The crowd arrived at 8.30, and thereafter cheering, singing, and the enunciation of college yells by several parties of students filled the interval preceding the arrival of the guest of the evening. The Premier was received with vehement cheers, which lasted one minute and ten seconds, and were again renewed. All the members of the Cabinet, except Hon. W. J. Hanna and Hon. Nelson Monteith, who were on his right, sat on the chairman's left, flanked on the extreme left by Dr. Beattie Nesbitt, who was the first speaker, and who himself received an ovation second only to that given to the Premier.

The Hons. J. J. Foy, Lieut.-Col. Matheson, Adam Beck, R. A. Pyne, J. W. St. John, W. A. Willoughby and J. O. Reaume occupied the chairs between the Premier and Dr. Beattie Nesbitt.

A fine bouquet of dark crimson roses was presented to Hon. Mr. Whitney by little Miss Clara Nesbitt when he rose to reply to the address from the Central Toronto Conservative Association. The absence of Mr. Thomas Crawford, M.P.P., was explained by illness. Mr. R. R. Gamey was demanded by the audience, but was not present.

The Premier's speech was largely an expression of gratitude, and he desired not to say one word that might cause "a ripple of harshness to float across the city or through the Province." He recognized his triumph as not a party one, and hoped this would be remembered in future.

After stirring addresses by Dr. Beattie Nesbitt, Hon. J. W. St. John, and Hon. Dr. Willoughby, Ald. Geary read the following:—

Address to Mr. Whitney.

The following address was read to Premier Whitney:

To the Hon. J. P. Whitney, K.C., LL.D., Premier of Ontario:

The Central Conservative Association of the City of Toronto extend to you a most hearty welcome, and offer to you sincere and cordial congratulations on your accession to the high office of premier of this province. In these congratulations we feel that the citizens of Toronto generally concur and that we but voice the common sentiment in this public expression of respect and approval. This is evident by the strikingly large majorities recorded on Jan. 25 for the four candidates who were on that day elected by the city to support the government of which you are the head. The aptitude of our citizens has also been shown by the manner in which the result of the election has been greeted by the independent press and by many persons who were formerly opposed to the Liberal-Conservative party. You assume the responsible duties of the premiership under the most favorable circumstances, because your course as a public man has not only been endorsed by an unprecedentedly large majority of the constituencies, but also by a decisive majority of the popular vote. It is clear that your advent to power is hailed with satisfaction not only by your own political party, but by people of different political opinions in every part of Ontario. This general confidence in your rectitude and sincerity is based upon your record in the legislature during 17 years, when your devotion to the public business, your concern for the general welfare, and your zeal in maintaining the honor of public life have earned for you a high reputation in this and other provinces of the Dominion. The fact that you have promoted progressive legislation on every fitting occasion, and that you initiated such important lines of policy as the reform of abuses in the educational system and the upbuilding of native industry in the domestic manufacture of sawlogs, are accepted as evidence of the enterprising spirit which shall govern your administration. Your past work and history satisfy us that you will uphold the interests of Ontario, administer public affairs without fear or favor, and as prime minister, establish a record that you and we shall have occasion to be proud of. In the great and important task that you now have to perform, and the high duties and trust you have assumed, at the command of the people, you can confidently count, as in the past, on the loyalty and devotion of this association, and upon the assistance of its members. We wish you and the members of your family every happiness and prosperity, and express the belief that success will attend your efforts to re-establish honest and efficient government in Ontario.

J. H. McGhie, President.
G. R. Geary, Secretary.

Mr. Whitney was followed by Hons. J. J. Foy, Hon. W. J. Hanna, Hon. Dr. Reaume, Rev. Dr. Chambers, Hon. Adam Beck, Hon. Col. Matheson, and Hon. Nelson Monteith, each of whom delivered eloquent speeches suitable to the occasion. They all eulogized the new Premier for his many private and public virtues.

With cheers for the King and Premier the meeting was brought to a close a few minutes past ten.

Their Last Appointments.

Toronto, Feb. 9.—It is announced that the late Government made the following appointments before retiring:

Angus McDougald, bailiff of second division court at Alexandria, for Stormont and Glengarry; Welber L. Phelps of Kemptville, clerk of fourth division court of Leeds and Grenville; James Coleman, bailiff at Newcastle, for the second division court of Northumberland and Durham; George A. Aylesworth of Newburg, to be re-appointed clerk of fourth division court of Lennox and Addington; and David G. Gemmell, bailiff of third division court at Sault Ste. Marie.

When things go 'round like a Merry Go Round

and you have headaches and fainting spells, you'll find that the cause usually lies in the weakness of your heart. Unknowing persons regard it as temporary and blame the weather, diet, etc. By using

Dr. Agnew's Heart Cure

you can make your heart strong and healthy. Dizziness, fainting spells, palpitations of the heart, pains in the head, all will disappear. It is the greatest heart-builder the world has ever known. It brings relief in thirty minutes.

Mrs. C. Marshall, Strathroy, Ont., writes:—"The claims made by Dr. Agnew's Heart Cure have been strikingly fulfilled in my case. I have suffered from Heart disease, Stomach disorders, Nervousness and smothering spells. I dreaded to have night come. The first dose of the Heart Cure gave me relief and a few bottles of this wonderful remedy have entirely cured me." —18

One application of Dr. Agnew's Ointment will stop the itching, burning sensation caused by Piles—continued treatment will effect a sure cure.

Canadian Timber Burned.

London, Feb. 8.—Fire at the timber yard of Messrs. Watson & Todd, Liverpool, Monday night, destroyed some 30 stacks of Canadian pine and spruce deal boards stored in ventilated stacks. Much of the timber destroyed, it is understood, has been undergoing the process of drying for some years. The damage amounted to £15,000.

19,000 Miners Strike.

Monsa, Belgium, Feb. 8.—In the Borinage district, to the south of Monsa, and important for its coal mines, 19,000 miners are on strike.

Another Case of Rheumatism Cured by Chamberlain's Pain Balm.

The efficacy of Chamberlain's Pain Balm in the relief of Rheumatism, is being demonstrated daily. Parker Triplett of Grigsby, Va., says that Chamberlain's Pain Balm gave him permanent relief from Rheumatism in the back when everything else failed and he would not be without it. For sale by all druggists.

Bob English Passes.

Calgary, N.W.T., Feb. 9.—Robert English, well known in Toronto newspaper circles, is dead at Sierra Madre, near Los Angeles. The body will be taken to Toronto by his mother, who was present at the time of his death.

The Hay-Bond Treaty.

Washington, Feb. 9.—The Senate in executive session for four hours yesterday considered the Hay-Bond Treaty and adjourned without reaching any conclusion regarding the measure.

QUEBEC'S DEADLOCK

Parent Government Has 48 Members Against It.

NO DEFINITE CONCLUSION

Embassy of Peace From Ottawa Reticent About What Took Place in Conference—Resolution Passed Supporting the Three Dissatisfied Members—Meeting of Mr. Parent's Supporters "Adjourned."

Quebec, Feb. 9.—(Special.)—Supporters of the three resigned ministers of the Parent government; to the number of 48, met last night at the Chateau Frontenac and passed a resolution approving of the action of the three dissatisfied members and pledging to support them in the future. This is a majority of the members of th eassembly.

The Parent faction, numbering 38, met in the parliament buildings and was in session until 12.30 this morning. When the meeting broke up all those present would say was "The meeting has been adjourned." They would not say what took place.

Yesterday morning Hon. Mr. Broderr and Senator Dandurand arrived from Ottawa and had a conference with Goulin and Turgeon at the latter's residence. Treasurer McCorkill was also present, representing Parent. These also are reticent about what took place.

At this hour, 1 o'clock, the politicians are still about in force and will be for some time yet.

CAUSE CELEBRE ENDED.

Gaynor-Greene Case Decided By the British Privy Council in Favor of United States Government.

London, Feb. 9.—The Privy Council rendered its decision yesterday morning in the Greene-Gaynor case in favor of the American Government. The court reversed the two judgments of Justice Caron of Quebec, Aug. 13, 1902, and ordered the respondents to pay the cost of the appeal.

The Council's decision caustically criticizes the action of Justice Caron in releasing Greene and Gaynor, and Caron's "extraordinary intervention," and adds:

"Where a prisoner is brought before a competent tribunal charged with an extradition offence and is remanded for the express purpose of affording the prosecution an opportunity of bringing forward evidence whereby the accusation is to be supported, if in such a case upon a writ of habeas corpus a learned judge treats a remand warrant as a nullity and proceeds to adjudicate the case as though the whole evidence was before him, it would paralyze the administration of justice and render it impossible for proceedings in extradition to be effective."

John R. Carter, second secretary of the United States Embassy, was present to hear the decision, and also to watch the appeal against the decision of the Supreme Court of Canada in the case of the fishing steamer Kitty Dee, captured by a Canadian cruiser on Lake Erie.

Yankees Satisfied.

Washington, Feb. 9.—The United States Attorney-General, speaking yesterday of the decision of the Judicial Committee of the Privy Council, in the Greene-Gaynor case, said that for various and obvious reasons, and especially before the receipt of the full text of the opinion, it was impossible to speak of its effect, and the precise result upon the future program of the Government toward the accused. "The Government is, of course, greatly gratified at the result," he said.

Active proceedings to secure removal will now be resumed, as soon as the King's order is received in Canada. This is the real judgment and mandate in the case, the judgment of the Privy Council being simply a report of the Judicial Committee to the King-in-Council, upon which the King-in-Council makes order and decree.

WILL IT CURE ME?
That's the personal question a woman asks herself when she reads of the cures of womanly diseases by the use of Dr. Pierce's Favorite Prescription.
Why shouldn't it cure her?
Is it a complicated case? Thousands of such cases have been cured by "Favorite Prescription." Is it a condition which local doctors have declared incurable? Among the hundreds of thousands of sick women cured by the use of Dr. Pierce's Favorite Prescription there are a great many who were pronounced incurable by local doctors. Wonders have been worked by "Favorite Prescription" in the cure of irregularity, weakening drains, inflammation, ulceration and female weakness. It always helps. It almost always cures.
"I commenced taking your medicine, 'Favorite Prescription,' nearly a year ago for chronic inflammation of womb, and can truly say it is the only thing that ever did me any good," writes Mrs. L. C. Wagner, of 188 Edwin Street, Toronto, Ontario, Canada. "I could not walk any distance before using it. After taking six bottles of your 'Favorite Prescription' I find I can walk without difficulty and am greatly benefited in general health. Would advise all suffering women to use Dr. Pierce's medicine."
Pierce's Common Sense Medicine
These are the Original Little Liver Pills, first put up over 40 years ago, by old Dr. R. V. Pierce. They've been much imitated but never equaled. Smallest, easiest to take and best. They're tiny, sugar-coated, anti-bilious granules, a compound of refined and concentrated vegetable extracts. Without disturbance or trouble, constipation, indigestion, bilious attacks, sick and bilious headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured. Permanently cured, too, by their mild and natural action, these little Pellets gently lead the system into natural ways again. Their influence lasts.

LIVER COMPLAINT.

"Smith's Pineapple and Butternut Pills Cure All Liver Ills." Easy to Take. Always Effectual. They Cure in Nature's Way.

A celebrated English authority once said, "The liver is the direct cause of nine-tenths of the ills that flesh is heir to." It is the largest gland in the body, and naturally has a great deal of work to do, for the reason that through its cells and tissues the blood must pass many times every hour. Now suppose its functions should become impaired or interfered with. You know you would have pains or uneasiness in the right side, or a dull aching under the shoulder blade. The complexion would become sallow or yellowish, your appetite would be impaired, your bowels inactive, while headaches, dizziness and bad feelings would be your daily experience. In these cases relief that is speedy and full is always afforded by the use of Smith's Pineapple and Butternut Pills, which are a marvelous success in curing all forms of liver complaint, including biliousness and jaundice. Taken as directed they always restore an inactive and torpid liver to healthy action, regulate the bowels and cleanse the blood of impurities. A week's use of Smith's Pineapple and Butternut Pills by a bilious or constipated person will elevate the spirits and again make life really worth living. They are invaluable for all stomach and bowel troubles, and they always cure sick headache, constipation and biliousness in one night. 25 cents at all dealers.

All genuine signed W. F. Smith.

SMITH'S BUCHU LITHIA PILLS
A POSITIVE CURE FOR RHEUMATISM AND ALL FORMS OF KIDNEY AND BLADDER ILLS.
AT ALL DEALERS—25 CENTS.
A CURE AT THE PEOPLES PRICE.

Frosted Wheat Pays.

St. Paul, Minn., Feb. 9.—U. S. District Judge Lochren has handed down an order reversing the decision of the board of appraisers at Minneapolis and declaring that frosted wheat imported from Canada must pay the regular tariff rate of 25 cents per bushel. The case was that of F. W. Perreaux Co. of Minneapolis, which had imported a quantity of frosted Canadian wheat. The company contended that as the wheat was good neither for milling nor for seed, it should be rated as "unclassified;" and subject to an ad valorem of 10 per cent., amounting to but five cents per bushel.

Great Republican Victory.

Washington, Feb. 9.—At the conclusion of the count of the electoral vote by a joint session of the Senate and House yesterday, the tellers reported that Roosevelt and Fairbanks had received 336 votes and Parker and Davis 140 votes.

Perfect Confidence.

When there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford, of Pooleeville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success. My child, Garland, is subject to severe attacks of croup and it always gives him prompt relief." For sale by all druggists.

Regency in Sweden.

Stockholm, Sweden, Feb. 9.—King Oscar, who is 76 years old, is indisposed and unable to transact State business. At yesterday's session of the Council of State he handed over the reins of Government to Crown Prince Gustaf until further notice.

Uncle Sam Responsible.

Washington, Feb. 9.—U. S. Minister Dawson has cabled the State Department from San Domingo that the new protocol providing for the responsibility of San Domingo finances by the United States was signed Tuesday.

K&K K&K K&K K&K K&K K&K
THE OLD FOGY DOCTOR.

FAMILY Doctors are all right as general practitioners, but they are not specialists. The sexual organs comprise the most intricate and important system in the human body and require the most skillful treatment. You might as well expect a blacksmith to repair your watch, as a family physician to cure Sexual complaints. We have made a specialty of these diseases for over 30 years, have invested tens of thousands of dollars and have every facility known to medical science to cure them. Every case is taken with a positive guarantee of No Cure—No Pay.
BLOOD POISON—Whether inherited or acquired, is positively cured forever. The virus is eliminated from the system so no danger of return. Hundreds of cases cured by us 25 years ago and no return; best evidence of a cure.
NERVOUS DEBILITY—and other complications, such as emissions, drains in the urine, varicocele, sexual weakness, etc., are cured by our New Method Treatment under a positive guarantee—NO CURE—NO PAY.
WE CURE ALL DISEASES OF MEN AND WOMEN.
Consultation Free. Books Free. Write for question blank for private Home Treatment. Everything confidential.

Mrs. J. Byrne,

424 George St.

MRS. ROBT. HOWDEN PASSED AWAY

A Highly Respected Lady Died Early This Morning.

The death occurred this morning at her late residence, 678 Bethune street, of Mrs. Robert Howden, after a protracted illness, her death being no doubt hastened by a stroke of apoplexy, which she suffered some little time ago. Mrs. Howden's death has not been unexpected for she has been gradually sinking for some time.

The deceased, whose maiden name was Jane Sharpe, was the widow of the late Robert Howden, whose death occurred about one year ago, and she had been a resident of this town for nearly twenty years, coming here in 1885, and living here ever since.

She was born in the township of Cavan, where her one surviving brother now lives. Three daughters, Miss Ella, at home; Mrs. A. E. Scott, of Winnipeg, and Mrs. W. H. Staples, of Cavanville, survive her. The late Mrs. Robt. Fair was also a daughter of the deceased.

Mrs. Howden was a woman of excellent qualities and made a most devoted wife and wise mother. She was beloved by all who knew her, for her many womanly characteristics, and her death will be deeply regretted by all her friends.

The funeral will take place on Saturday afternoon at 2 o'clock, from the family residence, 678 Bethune street, to the Little Lake Cemetery. The family request that there be no flowers.

The Desire to Reform is Required.

Dr. Mackay's Specific for Alcoholism will reclaim the worst case of drunkenness. Directions are simple. It is the well-known remedy of the medical profession. It requires only the desire and determination to be cured to make an unhappy home happy. Write to the Leeming, Miles Co., Limited, 288 St. James street, Montreal, for full particulars. All communications private. 10

Everybody wants Paterson's Baby Sodas.

LATEST SPORT

HOCKEY.

The George Street team will practice to-night at the Y.M.C.A. rink.

• • • •

The George Street Guild team accepts the challenge of St. Andrews Guild and will play as soon as the latter secures the rink.

• • • •

The Nationals will go to Port Hope to-morrow to play the T.C.S. team of that town. The game will be played to-morrow afternoon.

• • • •

The team to-night to play Smith's Falls will be the same as that which defeated the Mic-Macs in Smith's Falls on Monday, and the local seven is determined to win the game to-night, if possible, and thus make it two straights from the Eastern bunch. As will be seen by a dispatch on this page, the Smith's Falls team were treated to a surprise party on Monday, and this defeat has put them on their mettle. The game will be called at 8.30.

• • • •

There promises to be something interesting in hockey to-night when Cressman's Counter Hoppers meet a picked team from Turnbulls and Sutcliffes. Cressman's Never Wins will line-up as follows:—

Goal—McWilliams.
Point—Johnston.
Cover point—Miller.
Rover—Bell.
Centre—Cressman.
Left wing—Harper.
Right wing—Cressman.
Spare—Hawley.
No spectators allowed.

• • • •

A Guild League game took place last night at All Saint's rink between All Saints and Charlotte Street. At the end of the game the teams were tied, the score being 4-4. This was broken by the teams playing five minutes each way. All Saints making a whirlwind finish and scoring four goals, making the final score 8-4. The line-up was:—

All Saints.—Goal, McCabe; point, Rickey; cover point, Hopkins; rover, O. Dusty; centre, Rush; right wing, B. Dusty; left wing, Campbell.

Charlotte Street.—Goal, Ryan; point, F. Roddy; cover point, Moore; rover, H. Roddy; centre, McWilliams; right wing, Saunders; left wing, Alford.

• • • •

The Maple Leafs defeated the Northern Lights in a game last night on the Y.M.C.A. rink by a score of 7-2. The game was played from 9.30 to 10.30. The Northern Lights were rough but the better handling of sticks by Maple Leafs soon told. The snow on the ice prevented a very fast game from being played. The line-up of the Maple Leafs was as follows:—

Goal—Killingbeck.
Point—W. E. White.
Cover point—S. Wade.
Rover—E. Legrandeur.
Centre—H. Desautel.
Left wing—V. Lewis.
Right wing—B. Heenan.

• • • •

Grafton's High Grades met Fair's Lions last night at Brock street rink and succeeded in defeating them by a score of 5-0.

The line-up was as follows:—

Graftons—Goal, Holland; point, J. Cox; cover point, McIntyre; rover, H. Conway; centre, J. Main; right wing, C. Hughes; left wing, J. Patte.

Fairs.—Goal, Westcott; point, White; cover point, Browning; rover, Darke; centre, F. Hughes; right wing, Johnston; left wing, Clarke.

Mr. Ross Craig made an excellent referee.

SMITH'S FALLS IS CONFIDENT

Bringing Their Fastest Team to Play Here To-night

Peterborough's Suprised Them on Monday—But They Will Try to Win To-night.

Special to the Examiner

Smith's Falls, Feb. 9th.—The Smith's Falls Intermediate team left here this afternoon for Peterborough to play the return game, which will decide the championship of districts Nos. 1 and 2, in the game here on Monday night the Peterborough team sprung a surprise on the Mic-Macs, who did not look to the western bunch to defeat them, and they took their fastest team away with them this afternoon when they left for Peterborough. The Mic-Macs have a fast forward line and expect to show that they are still in the running by defeating the Peterboroughs on their own ice to-night.

FINAL GAMES WERE ARRANGED

End of the City League Season is Approaching.

At a meeting of the City Hockey League Executive last night the schedule for the final games was arranged. The following games of the first round will be played on the undermentioned dates:—

Thursday, February 16th—Colonials vs. T. A. S., at 8 p.m. and Karnots vs. Earl Greys at 9 p.m.

Thursday, February 23rd—Verniers vs. T. A. S., at 8 p.m.

Final games as follows:—

Thursday, February 23rd—Karnots vs. Farriers, at 8 p.m.

Thursday, March 2nd—Winners of Karnot-Farriers game vs. the Colonials or T. A. S., at 8 p.m.

To make a double-header night of Thursday, March 2nd, the Verniers will play the Earl Greys at 9 p.m.

THIRD ROUND OF O. H. A. GAMES

Winners of this Group Play Again on February 14th.

The arrangement of the matches in the O.H.A. is:—

Senior—Finals.

Smith's Falls at Marlboros, Saturday, Feb. 18; Marlboros at Smith's Falls, Wednesday, February 22nd.

Intermediate—Third Round.

Winners of Victoria Harbour-Parry Sound at Thessalon on February 14, and return on Feb. 17.

Winners of Orangeville-Markham at winner of Peterborough-Smith's Falls, on Feb. 14, and return on Feb. 17.

Winner of Berlin-Welland at winner of Woodstock-Goderich on Feb. 15, and return on Feb. 17.

This will leave three clubs to go into the finals the week of Feb. 20. The northern club will have the bye.

Interesting Personal Items Gathered by Reporters.

Miss Viola Junkin, and her brother Mr. Randolph Junkin, of Fenelon Falls, are the guests of Mr. and Mrs. J. A. Tully, Water street.

GRAFTON & CO'S GENEROUS DONATION

Present the Dundas Y.M.C.A. With a New Building.

There is nothing one-sided about the well known clothing firm of Grafton & Co., of Dundas, who have a branch in Peterborough. They not only consider the material welfare of the public in the excellent manner in which they cater to the necessities of their patrons in the way of wearing apparel, but have also, in a most generous manner contributed to their mental, moral and physical advancement in their recent donation of a suitable building to the Y.M.C.A. of Dundas. In referring to the opening of the building, which took place on Jan. 26th, the Dundas Banner says, editorially:—

"The opening of the Y. M. C. A. last Saturday was a red letter day in the history of Dundas, and one that should be held in high honour by the descendants of Mr. J. B. Grafton and Captain Grafton, to whose munificence the association is indebted for its fine quarters. Men with anything that savours of the spirit of that great philanthropist, George Peabody, are very rare in this country, and when they make their appearance should receive due praise. The generosity of the Messrs. Grafton will be an effectual contribution to the happiness of others, and will doubtless be a fruitful source of pleasure to themselves. The Messrs. Grafton have shown by their generosity genuine sympathy for their fellow citizens, and their letter in handing the deed over to the Y.M.C.A. showed they had given the subject full and wise consideration. They have now enrolled themselves among a long line of noble men who have identified themselves with the Y.M.C.A. Doubtless the names of many who contributed to the very early movements which led up to these associations are lost in the mists of time, and many others who at one time perhaps triumphed over obscurity and trial are gradually sharing the same fate."

THE FORMAL OPENING ON MONDAY NIGHT

Of the Peterborough Conservatory of Music.

An important event in the musical history of Peterborough will be the formal opening of Peterborough Conservatory of Music on Monday night, Feb. 13th, an institution whose origination has attracted public interest for some time.

Mr. R. M. Dennistoun will deliver the inaugural address, but the musically important event of the occasion will be a musical recital by Herr Wilhelmy and other members of the faculty. It is to be hoped that the success of the opening occasion will be of so marked a character as to strike the key note of a most successful future for the Peterborough Conservatory of music.

Chamberlain's Stomach and Liver Tablets. Unequalled for Constipation.

Mr. A. R. Kane, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are in my judgment the most superior preparation of anything in use to-day for constipation. They are sure in action and with no tendency to nauseate or gripe." For sale by all druggists.

MARMALADE ORANGES

We have just received the first lot of fancy marmalade oranges. These are very clear and bright, being perfectly free from specks. As usual, we supply the only up-to-date slicers in use. W. H. Hamilton. 3t

Furriers and Furnishers

ASSUME CONTROL OF SWING BRIDGES.

(Continued from First Page)

ment to take over the maintenance of these bridges was that they feared the increased cost in the future, and they might be quite proper, but as to that he could not at present express an opinion. He promised the deputation that he would look into the matter carefully, and will deal with it. He had it in his mind to suggest to the gentlemen that they memorialize the Government on this matter, setting forth their views and give the facts in connection with the present cost to the counties.

It was all very well to get the impression from the speakers who had addressed him, but he was bound to say that it was a very favourable one, but the matter would have to be discussed by him with his colleagues, and the request if it were granted, would have to come about as a result of an order-in-council. For this reason he wished the matter presented in such shape that he could present the information to his colleagues as a matter of record. He again expressed his pleasure at meeting the deputation and promised that the matter should receive his most careful consideration.

NEW INDUSTRY FOR PETERBORO'

Proposed Established of Sand and Lime Brick Manufactory.

Mr. Donald Campbell, of Hamilton, Favourably Impressed With Peterboro' as Location for Plant.

Mr. Donald Campbell of Hamilton, is in town to-day interviewing some of Peterborough's citizens with regard to the establishment of a plant in Peterborough for the manufacture of brick from sand and lime. Several very large plants have been established in many of the cities of the United States, and it is said that a very superior brick is manufactured from these ingredients, and at a price much less than the ordinary brick. In appearance the brick is normally grey, but it can be made any colour in which the lime will not interfere with the dye.

He said that over 9,000,000 brick will be required in Peterborough for the coming season's building. The machinery is manufactured by the Bertram Engine Works, Toronto.

Mr. Campbell is visiting several places in Ontario where sand and lime are plentiful, with a view of seeing where these factories can be established to best advantage.

In an interview with the Examiner Mr. Campbell said that, Peterborough is well situated for an industry of this kind. Its railway facilities are good, it has plenty of power, abundance of sand, and as only five per cent. of lime is required, it is not a matter of serious importance. There is plenty of stone to make lime, and as the quantity required is limited, it was easily obtained anywhere.

Mr. Campbell left on the evening train for Lindsay but will return to Peterborough as soon as several other places have been visited.

BIOGRAPH PICTURES WELL WORTH SEEING

They Attracted and Delighted a Large Gathering Last Night.

The Biograph Company gave its first entertainment in the Opera House last night before a large attendance. A great number of excellent views was shown, among the best being "Scenes from the life of Kit Carson," "The Hero of Liao Yang," and "Little Red Riding Hood." The pictures were very clear, steady and natural and held the attention of the audience from beginning to end. A couple of popular illustrated songs were also well rendered. An entire change of programme will be given this evening, and during its stay in Peterborough the company should receive the generous patronage of the public as its performance is first-class in every respect; excellent out of all proportion to the moderate admission fee.

LOCAL SANATORIUM ASSOCIATION FORMED

Important Results of Last Night's Meeting at Council Chamber — Representative Citizens Present.

Dr. Hodgetts, Secretary of Provincial Board of Health read a Very Comprehensive Paper.

Meeting was Unanimously in Favour of the Project — Much Interesting Discussion Took Place.

Last night's meeting at the Town Council Chamber called to discuss the proposed erection of a tuberculosis sanatorium in Peterborough though not large, was representative of the best interests of the town. Many members of the Town Council, the Board of Trade, the Board of Health and the medical profession were present, the latter being particularly well represented and lending a valuable aid in the discussion of the question in its various aspects. Dr. Hodgetts, Secretary of the Provincial Board of Health, was present and read a particularly able and comprehensive paper on the the subject under discussion.

The special feature of the meeting was the practical result attained in the formation of an organization to be known as "The Peterborough Sanatorium Association" which will doubtless be of great assistance in the forwarding the proposed project.

The chair was taken by Mr. E. B. Edwards, who explained briefly the causes which led to the calling of the meeting and the purposes for which it was intended. In the course of his remarks he expressed the opinion that were the danger of contagion as great from smallpox as it at present is from tuberculosis the whole community would be stirred to its depths in an effort to stamp it out.

"At least eighty people are at present suffering from tuberculosis in the town and county of Peterborough and he thought the best means possible should be taken to prevent its further spread. He then called upon Dr. Hodgetts who read the following paper which was listened to with much interest and attention thoroughout:—

Like that great blessing to mankind vaccination — the sanatorium treatment of tuberculosis had its origin in England, and in both instances the originators were country physicians. In the year 1835, Dr. George Bodington advocated treatment by pure air and out door life, but so great was the opposition of his associates and the ridicule heaped upon him by the public that he had to give up practice and abandon the sanatorium. The result of his work was, however, published in 1840. Some 24 years later the second sanatorium was erected in Germany by Dr. Gorbersdorf, of Bremen. From this time on the work gradually extended chiefly, however, for the treatment of those in more comfortable circumstances, until at the present there are the following sanatoria:—In England, 25; France, 21; Germany, 13; Russia, 11; Switzerland, 8; United States, 63; Canada, 5. Besides many others in different portions of Europe.

The methods perused in Germany being somewhat different from those adopted on this continent may, with interest, be briefly referred to.

Many of the sanatoria have been established by the State, others by the Government Insurance Companies, and still others by philanthropists, and some as good investments by capitalists. During 1902 the insurance companies of Germany expended nearly two million dollars, half for the erection of sanatoria and the other half for their maintenance.

Since 1891 all hired workmen in Germany, estimated at over twelve million, are insured against invalidity, employer and employee paying equal parts so as to insure an annuity to all persons who are more than two thirds incapable of self-supporting, or over seventy years of age. This insurance is effected under the supervision of the Imperial State Insurance Departments also the Territorially Limited Insurance Companies. Naturally, therefore, these offices take a financial interest in deferring invalidity, for the longer the invalidity is deferred the longer the annual premium is paid. Hence these wealthy departments and companies, with funds amounting to seven hundred and sixty-four million marks in 1900, after nine years existence come willingly forward to assist in the sanatoria work.

CLASSIFICATION OF SANATORIA.

These sanatoria may be classified as follows:—

(a).—Those built and supported in whole or part by the State.

(b).—Those built and equipped by philanthropic persons to give climatic and other advantages to persons unable to pay, for to them, the excessive charges of hotels and boarding houses, the rate usually being $5.00 per week, while the cost to the institution is from eight to ten dollars per week, the difference being made up by philanthropy.

(c).—Those built as commercial speculations and are self-supporting, the charges ranging from fifteen to twenty-five dollars per week, or more.

OBJECT OF SANATORIUM TREATMENT.

The object of these three classes of sanatoria is to have the patients spend a large portion of each day in the open air, and by giving as much of the right kind of food as they can assimilate thereby improving the general nutrition, and for this purpose rules are laid down for their daily guidance these, of course, differing slightly in each institution. In the main they are briefly as follows:—

8 a.m.—Attendant closes windows, lights fires and serves light breakfast, after which the patient is comfortably placed in a chair out of doors protected from wind and weather.

10.30-11.—Nourishment is brought consisting of milk, eggnog or bouillon.

Noon.—Dinner is served after which promenade is indulged in of various degrees according to the condition of the patient, after which the reclining chair is then sought.

4 p.m.—Nourishment is again given.

6-6.30.—Dinner, followed by promenade and out-door reclining chair.

9.30-10 p.m.—Retiring in a flannel gown.

CLASSES OF SANITORIA REQUIRED.

Dr. A. Hillier in his recent work on "The Prevention of Consumption," page 129, very clearly sums up the three classes of institutions required as follows:—

(a).—Sanatoria for early cases who are able to get about and in whom there is a fair prospect of cure.

(b).—Special sanatoria or homes for advanced cases, who are unable to be up, and in whom the prospect of cure is not great.

(c).—Open air colonies which would be supplied for both classes (a and b). For (a) with patients who had improved, but were still not cured; for (b) with that small number of consumptives who, in spite of their advanced condition, had rallied sufficiently to be able to be up and follow some light occupation.

REQUIREMENTS OF A SANATORIUM.

A sanatorium should be placed on the southerly aspect of a hill, at a sufficient altitude to obtain a bracing air, with woods in its near vicinity and some acres of ground to permit of the construction of walks and the erection of summer houses. The soil should be by preference sandy, or on a rock, dry, with slope to ensure drainage. Given these, a consumptive must have all the sunlight it is possible for him to get. The following are given by the Commission of New Hampshire, appointed to consider a desirable site for a state sanatorium, as essentials in making a choice:

1. A considerable tract of land, say one hundred to two hundred acres, partly wooded, preferable, but not necessarily with pine, with a southerly or southeasterly slope, at least for building sites, within easy access of railway, at an elevation not less than five hundred feet above sea level, with dry porous soil.

2. Its proximity to railroad communication is essential, not only for the convenience of patients, but for the furnishing of coal and other supplies. It is not necessary that it should be close to an existing station, if it is near a line where a new station could be established.

3. Another requisite is a sufficient amount of good water for all the purposes that might be required, with opportunities or facilities for good drainage.

4. If the property should consist of a farm, the character and condition of buildings, number of acres under cultivation, number of acres woodland, also distance of property from nearest village or city should be considered. The location must be near a village or city, but not in it; it must be remote from the dust of town, and where the air is known to be pure.

5. The location must be such that the scenery will be pleasing and somewhat extensive; a nearby lake or pond would be an attraction.

CONSTRUCTION OF SANATORIA.

Having indicated the objects to be gained by sanatoria treatment and the various kinds necessary for the proper treatment of cases, and also indicated the locations most suitable on which to erect the same, we naturally have to consider the class of buildings that must be erected by a municipality or district. Naturally enough they are divided into the building in which either incipient, incurable, or chronic cases are to be treated.

There is a good deal of difference in the construction of buildings in Europe. They consist of a central building, containing offices, dining room, etc, with wings leading to bedrooms which open on to bread piazzas.

In the States the plan prevailing is to build a large number of small, detached cottages, each accommodating from four to eight patients, these being grouped around a central building. Such, in part, is the system adopted at Gravenhurst, where tents, with properly constructed floors, and wooden roofs are used, in this manner patients are at all times breathing fresh air.

The advantages of the American system are, the patients are not brought into such close contact; surroundings are more agreeable, and possibly the amount of fresh air obtained is greater.

The chief disadvantage is in the extra cost of heating, which in our cold climate is always heavy.

One other point to which I would like to refer before quoting statistics regarding Peterborough, is the objection so often advanced when the suggestion is made to erect a sanatorium in a particular locality, viz., that of it being a danger to the

(Continued on 8th page.)

PETERBOROUGH'S LEADING SHIRT STORE

Boys' Clothing That's Cheap

We find on listing our Boy's Clothing that we have only two hundred and ninety Suits left, but in these we have all sizes except 29 and 30 in Norfolk Suits.

This is a Genuine Sale, and when these Suits are cleared out it will close a buying chance for Boys' Clothing that does not come every season.

UNION LABEL

Daily Examiner.

FRIDAY, FEB. 10, 1905.

MR. WHITNEY'S CABINET MAKING.

The Ross Government is a thing of the past with a splendid record of administrative work to its credit; the Whitney Government is a thing of the future with its record to make. It would appear that Mr. Whitney's Cabinet as sworn in is not a finality—that changes are to be made in the near future, and until he and his cabinet associates are fairly and permanently — permanently—without prejudice, as the lawyers say—settled in harness it is not practicable to pronounce upon the probabilities of what can be expected. Of course considerable allowance may be made, for all are new to the business of governing and administration. Mr. Whitney seems to feel the weight of his responsibility and to recognize that there is a great difference between leading an Opposition and leading a Government. His speech on the occasion of his reception in Massey Hall was quite different in tone from those the late legislature was accustomed to hear in the House. He seemed to be quieted if not depressed by the new sense of responsibility his new position confers.

There is little to be said against the personnel of Mr. Whitney's cabinet. He evidently made the best selection he could make from the material available and to that extent the Premier deserves credit. But as to the administrative capacity of the New Cabinet members it is to be feared that they will be found wanting in the ability that is demanded for the satisfactory discharge of their duties in relation to the important affairs of this important province. However, the Examiner does not feel inclined to be over critical in advance; it proposes to give the new cabinet a fair chance and deal with its administrative acts as they arise and on their merits. It will however, be put amiss to point out—taking the Minister of Education, that in the matter of scholarship, ability and other essential qualities, it is a far cry from Hon. G. W. Ross and Hon. R. Harcourt, to Hon. Dr. Pyne. If Hon. Dr. Pyne possesses to any degree the qualities one should expect in a Minister of Education, and which the position itself demands, he has heretofore very carefully concealed them. But we need not anticipate. We shall soon how he justifies this selection.

One thing Mr. Whitney deserves unstinted credit for, and that is his selection of Speaker. It also illustrates the irony of fate, in a double sense, to put a man in the position of Speaker—where he can't speak—and that, too, a man who has an uncontrollable passion for speaking. It seems to be an act of positive cruelty to place Hon. Mr. St. John in the Speaker's chair, where, as far as oratory is concerned, he becomes a merely ornamental oyster. At the same time, Mr. Whitney deserves credit. He begins with a striking act of economy. If he had left Mr. St. John on the floor of the House, it would have represented a waste of thousands of dollars of the public money. A man who makes five hour speeches is an expensive luxury. Five hours practically represents a day's session of the Legislature, and a cost of $300 or $400. These, repeated, would soon mount into the thousands. Mr. Whitney seems to have appreciated the danger of turning Mr. St. John's oratory loose on a suffering Legislature. His appointment as Speaker will be a genuine act of patriotism.

HOLD UP THEIR HANDS.

In his address at the annual meeting, Mr. Hughes-Charles, the president of the Central Exhibition, appealed, on behalf of the directors, for a heartier support of the society. That such support is needed, is not to be denied. In a rich country, and district, of which this town is the centre, it is unfortunate that more cannot be found to identify themselves actively with the society, and give it a measure of support, that would bring the success which is capable of being achieved. It seems quite absurd that from a rich district, only 132 members can be gathered. The annual statement of the treasurer of the society showed that the receipts from members' fees was only $132. Not only should the farming community more heartily and generally identify themselves with the society, but the town people, merchants and business men, should accord it a much stronger measure of support. The more successful an exhibition can be made so much more will farmers as a class benefit. In like manner the more successful an exhibition is made, the more it will benefit our citizens in two ways: first, by direct stimulus to business, and, secondly, by advertising the town, by showing that its enterprise and push make the things it undertakes successful. It is to be hoped that the general public, both rural and urban, will unite to hold up the hands of the exhibition directors, and assist in making the venture the success, which, with only reasonable co-operation, it can easily be made.

MR. JARVIS OPENS MELFORT BANK

Former Peterborough Gentleman in the North West.

The Melfort, Assa., "Moon," of a recent date has the following:—

Mr. E. R. Jarvis, of Peterborough, Ont., arrived in Melfort this week to open up and manage the branch of the Bank of Commerce at this point.

As was stated in the Moon some time ago, this institution had decided to open a branch at this point, and had secured quarters in the new Monsees Block. As those quarters are now completed, and all arrangements made in connection with the introduction of this solid and reliable bank to the residents of the Carrot River Valley, we are pleased to be able to announce the fact through our columns that they will be prepared to do business here this week, and hope the business they secure will amply justify their faith in Melfort as the best point at which to begin operations in this section of the country.

At present the staff will consist of Mr. Jarvis, and Mr. Hall of Prince Albert, who is expected here in a few days.

Bleeding, Protruding Piles.

Mrs. Jas. Brown, Hintonburgh, fered from nearly every form of suffered from nearly every form of Piles for twenty years, both here and in the Old Country, and have tried nearly every remedy. I am only doing justice to Dr. Chase's Ointment when I say that I believe it is the best remedy obtainable for bleeding and protruding piles, of which it has cured me."

ST. PETER'S AND ST. MARTIN'S T.A.S.

Resolution of Congratulation and Sympathy

St. Martin's Acknowledgment of Brotherly Felicitations.

At the last regular meeting of St. Peter's T.A.S., of Peterborough, the following resolution was unanimously adopted:

"We, the members of St. Peter's T.A.S., desire to congratulate St. Martin's T.A.S. of Ennismore, on the completion of their handsome hall, and also on the rapid strides the society has made in the cause of temperance. The erection of such a beautiful meeting place, is a tribute to the catholicity of the good people of Ennismore, and the untiring zeal of their beloved pastor, as well as a distinct triumph for the cause of temperance. We desire further to extend our best wishes for success to St. Martin's T.A.S., and pray that God may bless and strengthen the members of that organization."

St. Martin's T. A. S. desires to gratefully acknowledge the receipt of the above encouraging and approving words, returns similar felicitations and good wishes to her elder sister of Peterborough, and promises by her fidelity and ever increasing numbers to merit the approval, not alone of St. Peter's T.A.S., but of all right-thinking men.

CRACKERS vs. BREAD.

Everyone thinks of bread as a food, but not one person in a hundred properly appreciates the wholesome nutritiousness of soda biscuits. Experiments by pure food authorities show that soda biscuits contain food elements in a better balanced proportion than any other article of diet. These biscuits also contain more strength and flesh forming material than does bread, meat, vegetables. Bread and milk are dilute nutriment. Soda biscuits are concentrated nourishment. They are practically all food, contain little water, and are rich in the elements that go to build up "the house we live in."

This is one reason why "Mooney's Perfection Cream Sodas" have been adopted in so many homes. Upon their first appearance people realised the difference between "Mooney's" and the "Ordinary kind." The combination of deliciousness and nutriment in one wholesome inviting biscuit, has made Mooney's Perfection Cream Sodas famous all over Canada. Mooney's Biscuits are packed in airtight moisture proof packages and tins, and are always fresh and crisp, whether bought in Halifax or Vancouver.

Leading grocers report that the demand for Mooney's Perfection Cream Sodas is constantly increasing, as more and more it is found out what superior biscuits they are.

ENDORSED FIRE HALL PROPOSAL

Trades and Labour Council View it with Favour.

On Wednesday night the Trades and Labour Council endorsed the proposal made by Ald. Johnston with refreence to the enlargements at the fire hall, and other improvements to the fire-fighting equipment, and expressed the belief that the proposition as made by the chairman of the Fire, Water and Light Committee, was one which should commend itself to the citizens generally.

The meeting was well attended, and the members joined in the discussion of the various subjects with enthusiasm.

Mr. Chas. Murty, president of the council, was in the chair.

The meeting endorsed the idea of a public lavatory for the town, and concerning the plumbing inspector, they will recommend to the council that Mr. Peter Thompson be given the appointment. They consider that he is fully competent and that he could fill the duties of the office to the satisfaction of the authorities.

The next meeting of the council will be held on Feb. 22nd.

GOOD MEETINGS AT WARSAW

East Peterborough Farmers' Institute's Meetings Were Well Attended.

Very successful supplementary meetings of the East Peterborough Farmers' Institute, were held at Warsaw on Monday afternoon and evening, Feb. 6th. Addresses were delivered by Mr. Field of Addison, "Farming as an Occupation," Mr. Sherrington of Walkerton, on "Small Fruit Culture," and Mrs. Jean Joy, of Toronto, on "The Relation of Food to the Body." The addresses were pleasingly interspersed with music and recitations.

There was a large attendance at both meetings, that at the evening session over-taxing the capacity of the hall.

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

Take Hall's Family Pills for Constipation.

BENEFIT SOCIETY'S CONCERT AND DANCE

A Most Successful Event Held in the Labour Hall Last Night.

On Wednesday night a most successful concert was given under the auspices of the Canadian General Electric Benefit Society, in the old Labour Hall, Water street. There was a fairly large attendance, and a most enjoyable evening was spent. Mr. Jas. Hickey acted as chairman and the programme rendered was as follows:

Instrumental duet ... ... Misses Doris
Solo... ... ...Miss N. Callaghan
Solo... ... ...Mr. W. Williams
Solo... ... ...Miss M. Gervey
Recitation... ... ... Mr. G. Lynch
Solo... ... ...Mr. Jos. Legg
Recitation... ... ...Miss Christie
Character song... ...Mr. C. E. Coleman
Quartette...Messrs. Weir, Williams, Pope and McGregor

After the concert a very pleasant hour was spent in dancing, music for which was supplied by Miss Doris.

It is the intention of the society to hold these dances and concerts periodically during the winter months.

ITEMS OF INTEREST DURING THE WEEK.

Interesting News Items From Keene. Personal Mention.

From our Own Correspondent.

Keene, Feb. 8.—Rev. D. D. McDonald preached at Harwood and Roseneath on Sunday. Rev. Mr. Johnson, of Roseneath, officiated at the services here and in Westwood.

Miss Ida Menuty, of Peterborough, is the guest of Mr. and Mrs. Spiers.

Mr. Duston, of Bowmanville, is the guest of Mr. P. Comrie.

Mr. Wm. Kempt returned from Toronto on Saturday.

Mr. Mooney, of Toronto is visiting his brother-in-law, Mr. Kempt.

Miss Ella Boyle returned to her home in Renfraw, after a pleasant visit with her aunt, Mrs. Jno. McFarlane.

Miss Carrie Newton returned to her home in Smith on Saturday.

Mr. and Mrs. D. Kerr, of Smith, formerly of Keene, visited friends here for a few days last week.

The Buffers and Duffers will hold their annual hockey match some night next week. This is one of the most exciting games of the season, and is well worth the small price of admission.

All Saint's hockey team will play a friendly game with Keene on Friday evening.

Three rinks of Peterborough Curlers drove down and defeated Keene on Saturday. The following are the rinks and score:—

SHOT THE STRIKERS

Fifteen Were Killed and Over Fifty Wounded.

FIRE VOLLEYS AT SOSONOVICE

One Hundred and Fifty Killed At Nifka Mine—Third But Bloodless Collision Between Troops and Strikers Near Milovice—Looked Grave For a Time At Lodz—Satisfaction With Witte.

Berlin, Feb. 10.—Press despatches from Sosonovice describe the bloody character of the conflict between the military and strikers at the Katherinen Iron Works. One correspondent telegraphs that 15 persons were killed and 35 wounded, while another gives the number killed at 50. The military fired eight volleys. Another collision occurred at Nifka mine, beyond Modrzef, where it is rumored 150 persons were killed. A third collision occurred yesterday afternoon near Milovice, but this affair was bloodless. It was feared that numerous outbreaks would take place last night in various parts of the strike district of Russian Poland, since strikers were gathering in groups, gesticulating and talking in a threatening manner.

Another Governor Slain.

London, Feb. 10.—Special despatches from Warsaw, published in the morning papers here, report the death of Governor-General Tchertkoff of the Province of Warsaw, who was wounded in the encounter between the troops and the strikers.

It Looked Grave.

Lodz, Feb. 10.—At several establishments the strikers yesterday were paid three days wages as an advance, although it was claimed that nothing was legally due them. The managers of Heintzel's mill refused to pay anything, and the workmen threatened to wreck the place. The military prepared to fire, and for a moment the situation was grave, but the management yielded. Another manager refused payment, but at the point of a revolver was compelled to promise payment to-day. Employers are paying only as a method of expediency. There were serious disturbances yesterday at Pabianive. The troops fired on the workmen, killing one and wounding two.

More Trouble Due.

St. Petersburg, Feb. 10.—The men in two more factories, one of which is a small concern, employing only 300 hands, ceased work yesterday, and more of the employes of the Putiloff Iron Works joined the strikers. The renewal of the strike, however, has not yet assumed a threatening form. At the Putiloff Works about one-third of the force are said to have quit work at the expiration of the night shift. Two battalions of troops are stationed at the works. Four other establishments are idle.

Gives Great Satisfaction.

St. Petersburg, Feb. 10.—M. Witte's policy favoring the widest discussion of the reforms, is giving the greatest satisfaction. It is understood that Privy Councillor Kobeko will summon a conference of editors before proceeding to discuss the press reforms and the Metropolitan of St. Petersburg is convoking ministers of all creeds prior to the consideration by a special committee of the point in Emperor Nicholas' ukase dealing with religious tolerance. The liberality and energy displayed by M. Wittee in directing the whole question of reform has startled the reactionaries.

IMPENDING BATTLE.

Oyama and Kuropatkin Will Clash Before Country Is a Bog.

Tokio, Feb. 10.—The impression prevails here that the impending battle between the armies of Field Marshal Oyama and Gen. Kuropatkin will occur before any material thaw takes place, which would convert the country into a slush bog and render the movement of guns, ammunition and stores impossible until the roads harden.

The Emperor and Empress of Japan have given 100,000 yen ($49,000) to the army and navy departments to purchase wines and delicacies for the celebration of the national holiday, which will take place on Saturday next, Feb. 11.

Vice-President Takahasi of the Bank of Japan, will leave for America and England, via Vancouver, on Feb. 17, to hold preliminary conferences with financiers of those countries regarding terms of a fourth domestic loan. Minister of Finance Yoshiro is arranging to meet Japanese bankers and capitalists on Feb. 13, to discuss the rate of interest and time for which this loan will run.

To Replace Kuropatkin.

Berlin, Feb. 10.—The Lokal Anzeiger says it learns that Grand Duke Nicholaivitch will, in a few days, be sent to Manchuria, either to relieve General Kuropatkin or be viceroy, and that Kuropatkin will have to report to him. Prince Leopoid of Prussia, it is added, will go with him. Emperor Nicholas, it is understood, telegraphed an invitation to Prince Leopoid. The latter intended to go to Manchuria as an observer in September last, but the Siberian Railroad was then regarded as unsafe.

Year's Review of the War.

St. Petersburg, Feb. 10.—Reviewing the twelve months of the war, the newspapers, with the single exception of The Nashashias, do not display discouragement, though they frankly record the almost unbroken series of reverses.

Lamsdorff Caused It.

St. Petersburg, Feb. 10.—M. Souvorin, editor of The Novoe Vremya, in a pessimistic review of the first year of the war, in yesterday's issue of his paper, attributes the responsibility for the Russian disasters, firstly to Foreign Minister Lamsdorm, Former Viceroy Alexis and Baron Rosen, late Russian Minister to Japan, whom he accuses of drawing Russia into a terrible war by complete ignorance of the true state of affairs in the Far East. M. Souvorin declares the reason for the fall of Port Arthur before the complete exhaustion of its means of resistance was the death of Major-Gen Kondratenko, "who was the real hero of the defence of the fortress, and who filled both the civil and military men with courage, while Lieut.-Gen. Stoessel only manifested civil courage."

10,000 POUNDS DYNAMITE.

Five Men Burned in Mine and Without Doubt Are Dead -Smothering the Fire.

Calumet, Mich., Feb. 10.—All shafts at the North Kearsage branch of the Osceola Consolidated Mining Company, where 10,000 pounds of dynamite exploded Wednesday, have been sealed at the surface. There have been no developments since the rescue party left the mine Wednesday. Not one body has been recovered, and at least five men are buried in the mine. They are dead beyond the slightest doubt. A drill boy, who was burned by escaping steam, is dying. The hospital at the mine is crowded with injured and the mine officials are besieged by relatives of the injured and missing miners. As all the openings into the mine are sealed, the fire will eventually be smothered, but when it will be possible to open any of the shafts cannot be said.

Broken Rail Causes Disaster.

Des Moines, Ia., Feb. 10.—Two men were killed, 24 persons were injured, eight passenger cars and engines are piled in the ditch, and a 200-foot bridge wrecked as the result of a broken rail on the Chicago, Milwaukee and St. Paul Railroad, near Melbourne, yesterday.

Many Killed in Explosion.

Birmingham, Ala., Feb. 10.—A report has just reached this city that many persons were killed in an explosion at the Birmingham Powder Mills, five miles north of Birmingham. The shock of the explosion was felt for miles.

Nineteen Severely Injured.

New York, Feb. 10.—Nineteen persons were seriously injured in a rear-end collision between two trains on the Third avenue elevated road at the 149th street station in the Bronx last night. One of the injured will probably die and another's recovery is doubtful.

Rescues 30 From Steamer.

New York, Feb. 10.—After having collided with and sunk the Norwegian steamer Leif Eriksen, off Cape Romaine, Fla., in a dense fog on Feb. 4, the Standard Oil Company's steamer City of Everett, returned to this port yesterday, bringing twenty of the crew of the sunken steamer.

Aged Woman Burned.

Otterville, Feb. 10.—A terrible accident happened to Mrs. Robert Tichbourne of this village about five o'clock yesterday afternoon, which will likely cause her death. She was lighting a fire with coal oil when her clothing became ignited, burning her terribly. Mrs. Tichbourne is over 70 years of age.

The Sixth Victim.

Langton, Feb. 10.—John Gee, another victim of the terrible saw mill explosion a few weeks ago, has succumbed to his injuries. This makes a total of six killed in this disaster. Mr. Gee was highly respected. He leaves a widow and family.

Hockey Player Killed.

Pembroke, Feb. 10.—During a hockey match here last night between Mackie & Ryan and Delahay & Company Robert Fraser, aged 16, son of Mr. Robert Fraser, fell on the ice, breaking his neck. He died instantly.

Dr. Heggie's Narrow Escape.

Brampton, Feb. 10.—About one o'clock yesterday morning The Brampton Conservator printing office was pretty severely scorched. The inside woodwork was entirely burned, and the type badly pied, but the presses were not seriously damaged. The fire originated under the stairway, and Dr. D. L. Heggie, who was trying to locate the fire, fell through the burnt stairway into the blaze. How he escaped being burned to death is miraculous. The loss will be probably $3,000; fully insured.

THE PAST WEEK AT LAKEFIELD

Happenings of Interest in the Northern Village.

News of Sport.—An Interesting "At Home."—Personal Mention.

(From Our Own Correspondent)

Lakefield, Feb. 7th. — On Friday evening last the Ontario Bank hockey team of Peterborough played a game with the local juniors in the rink here. The local youngsters proved too much for the visiting team and the score was 7—1 in favour of Lakefield.

Rev. Mr. Leggott of the Methodist church, preached a special sermon for the ladies in the Methodist church, on Sunday evening. The choir for the occasion was composed solely of ladies.

Miss Alice Isbister of Peterborough who has been the guest of Mr. Jno. Isbister, has returned home.

Mr. and Mrs. J. H. Sherin of the village are visiting friends in Detroit.

Mr. J. M. Kilbourn, who has been in the village for the past couple of weeks has returned to his home in Owen Sound. Mr. Kilbourn was here making preparations for a still further enlargement of the cement plant by adding three new rotaries.

Mr. Lillicrap, who has been in Toronto in the interests of the Lillicrap, Tate Lumber Co., has returned.

A load of young folks from the village drove to Mr. Webster Blewett's on Friday evening, where a most enjoyable evening was spent.

Dr. R. A. Fraser leaves for New York on Wednesday, where he intends to spend three months in the hospitals. The doctor expects to return to the village about June.

In curling circles the president and vice-president matches are causing considerable excitement. Thus far two games have been played, which resulted as follows:

President.	Vice-President.
C. Bravender,	B. Kidd,
F. Jory,	J. Bygott.
C. S. Tanner.	J. P. Strickland.
R. C. Strickland, sk.11	G. Baptie.....7
Dr. Gibson,	J. Moffatt,
T. Amye,	F. Jory,
J. W. Baptie,	F. X. Fortier,
J. W. Ridpath, sk...17	L. Payne...6

Mrs. T. Z. Webster spent a couple of days in Omemee last week, with her mother, who has been suffering from an attack of pneumonia.

The Woman's Institute held their annual at home in the town hall on Tuesday evening, Feb. 7th. A musical programme was rendered and refreshments served, after which the assembly enjoyed themselves at crokinole and other games.

Messrs. W. Millage and Agnew of Peterborough were the guests of Mrs John Millage on Sunday.

Mr. Beard of the Bell Telephone Company, was in the village on Thursday and Friday of last week, canvassing with the object of installing a complete metallic circuit throughout the village.

Mr. F. S. Kline has closed the butter factory for the season, owing to the scarcity of milk.

WINTER SEASON AT HALL'S GLEN

Many Interesting Items of News from the Village.

From Our Own Correspondent.

Hall's Glen, Feb. 7. — Miss Wilson, of Stony Lake, has been on a short visit with friends here.

Miss Payne of Hastings, is spending a few weeks with friends and relations in this vicinity.

The News printing press is now in good running order, after being carefully repaired from the breakdown of a few weeks ago, so all subscriptions will be immediately attended to.

The Apsley grain market is fully supplied at present with oats, this being the busiest season on record. If the grain buyers of this village would pay a reasonable price, many farmers would not seek a market at such a distance. We fear there will be a great scarcity of oats in this locality next spring.

A programme will be given in the hall on Thursday evening, the 16th inst, by the Literary Society, and any person who has not had the privilege of hearing the "Black Watch" band may do so on this occasion by coming out to the entertainment, which will doubtless surpass all others hitherto furnished by the society. This notable band will, it is expected, render several choice selections during the evening.

There has been some talk lately of establishing an electric light system in our village. This, we think, would be a good scheme, providing the institution of such did not raise the taxes of our few merchants and mechanics here too high, if so, they would likely rise in opposition, and defeat the project.

The scarcity of feed among the farmers here has resulted in raising the market price. The few farmers who have hay or straw for sale find a ready market at present.

The impromptu debate and lunch social which was held in the town hall on Thursday evening under the auspices of the Literary Society, was a decided success. The debate, "Resolved that city life is preferable to country life," was ably presented and well argued out by the leaders and their assistants, and was listened to with interest. The report of the judges was given in favour of the negative.

We have to report another serious accident which befel the Hall's Glen stage last week. It seems the driver with his high spirited team had scarcely passed the suburbs of the village, on his tri-weekly trip to Lakefield, when his horses, taking fright, became unmanageable. Fortunately for Mr. D. Madill he was thrown from the seat just before the "Black Mariah" was violently capsized, incurring no little damage to this valuable conveyance; fortunately no passengers were aboard of this express mail coach at the time or the calamity would have been much more serious.

Test the Kidneys.

Allow the urine to stand in a glass vessel for twenty four hours, and if at the end of that it is clouded, or has left a sediment in the bottom of the vessel, you may be sure that your kidneys are diseased. As a means of invigorating the action of the kidneys and making them strong and healthy, there is no preparation so prompt, and none so thorough, as Dr. Chase's Kidney-Liver Pills.

WHAT?

Colds

A cold is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces the congestion and inflammation of the nasal and bronchial membranes, commonly called a cold. As the slightest cold predisposes the individual to attacks of the most severe and dangerous character, the necessity for its quick cure need not be emphasized. Take

Chamberlain's Cough Remedy

as soon as the first indication of the cold appears and all dangerous results will be avoided. It not only cures a cold quickly but counteracts any tendency of a cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases having resulted in pneumonia when this remedy was used, has ever been reported to the manufacturers or come to their notice, which shows conclusively that it is not only the best and quickest cure for a cold, but a certain preventive of that dangerous disease—pneumonia.

There is no danger in giving this remedy to children as it contains no opium or other harmful drug. It is pleasant to take.

Price, 25c; Large Size, 50c.

Watch Repairing

The most careful painstaking given to every watch handed in for repairs. We give special thought to repairing of fine movements and the kind of watches that need careful adjustments.

Clock Repairing

Full particulars given by enquiry at the company's office, 129 Hunter street.

Sealed tenders addressed to the undersigned, and endorsed "Tender for Stable, Kingston Ont." will be received at this office until Friday, 4 February 17th, 1905, inclusively, for the construction of a stable for "B" Battery at Kingston, Ont.

Plans and specifications can be seen and forms of tender obtained at this Department and at the offices of Arthur Ellis, Esq., Architect, Kingston, Ont.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p. c.) of the amount of the tender, which will be forfeited if the party tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.

ADMISSION IS BY PROGRAMME

No Invitations Issued to the Conservatory Opening.

Mr. R. Gliddon, director of the Peterborough Conservatory of Music, wishes it announced through the Examiner, that there are no invitations being issued for the opening of the Conservatory on Monday night next. Programmes are being prepared, and possession of one of these admits the holder to the Conservatory. Copies of these programmes may be had on application to the Conservatory. This method has been adopted because of the limited space, and all who care to attend are welcome to the programmes entitling the holder to admission.

Mr. Wilhelmj, who will take part in the opening is regarded by Mr. F. Willemsen, at whose recital in Toronto, he assisted, as "a genuine artist," and added, that "Peterborough music lovers might look for a treat when he visited this town."

Everybody wants Peterson's Baby Sodas.

MARMALADE ORANGES

We have just received the first lot of fancy marmalade oranges. These are very clear and bright, being perfectly free from specks. As usual, we supply the only up-to-date slicers in use. W. H. Hamilton. 8t

INTERESTING NEWS BRIEFY TOLD.

Things We All Like to Hear About.

—A pair of gloves await an owner at the Police Station.

—Nothing nicer than Paterson's Baby Sodas. Get a box and try for yourself.

—A gold locket was found at the Brock street rink, where the owner may procure it.

—A $15,000,000 syndicate is being formed to construct canals from the Georgian Bay to Lake Ontario.

—Dressmaking done at 26 Louis street, on reasonable terms. Mrs. McClennan and Miss Carscallen. 3t

—Piano tuning promptly attended to. Satisfaction guaranteed. A. E. Hoover, 222 McDonel street. 'Phone 199.

—When you think of pictures or frames, think of "The Framery," 428 George street. You can get anything used by artists.

—Persons having accounts to adjust with the estate of the late Dr. Pigeon, will find Mrs. Pigeon at 328 Charlotte street. 3d

—Queen Alexandra Circle, A. O. F., intend holding a basket social on Wednesday evening, Feb. 15th, at 8 o'clock in the S.O.E. hall. fr-m-tu

—The Penny Readings entertainments, announced for the Y.M.C.A. for to-night, has had to be postponed until a later date, much to the regret of the committee.

—The lecture on Macbeth by Mr. Jefferies will be given under the auspices of St. Luke's Men's Guild on Monday, Feb. 13th. It will be open to both men and women.

—The case of William McCormack, who was charged with insanity, came before Judge Edmison, at the County Police Court this morning. The case was remanded for a week.

—Messrs. T. S. Hemsley and Sydney Saunders, inspectors for the Bank of Montreal are in town today paying their annual visit of inspection to the local branch of the Bank.

—To-night the regular fortnightly meeting of the Ladies' Literary Association of St. Peter's T.A.S., will be held in the T.A.S. hall, when Miss H. M. Cahill will give a paper on "Joan of Arc." The meeting should be one of special interest.

—A very enjoyable assembly was held last evening in the Labour Hall, Water street, under the direction of Prof. C. F. Davis, Toronto. Those present were delighted to learn the different dances shown by the professor, and which he proposes to introduce at his weekly assemblies. The next assembly will be held on Thursday, Feb. 16th, 1905.

—The senior Intermediate Gym. boys class, are asked not to forget the gym. class on Monday night, and also the social after class. All will repair to the parlour afterwards and there enjoy light refreshments. There will be music and addresses by a representative business and a representative professional man of the town. Every senior Intermediate is expected to turn out.

—At a recent meeting of the Orillia town council a letter was read from the Bell Telephone Company, asking for a renewal of agreement giving them a five years' monopoly, and offering to reduce business telephone service from $30 to $25, and residences to $20. Also to pay the town $100 yearly either in telephone service or cash, and pay taxes as fixed by the new assessment act. The reduced rates to take effect from subscribers' next new date.

LECH ESTATE SOLD PROPERTY

Mr. G. McGregor Purchased Good Business Stand

Will Open up Confectionery Store in a Short Time—Succeeds Mr. Gardiner

Another deal in real estate has been completed in Peterborough, Mr. Gregor McGregor, who was in business in the confectionery line in Peterborough for some time, has purchased from the Lech estate the three-storey building formerly occupied by Mr. E. W. Gardiner, and will in the course of a short time open up a confectionery business in the premises.

Mr. McGregor also purchased the stock of the former occupant, the price paid for the latter being $350, which includes the fixtures.

It is understood that the price paid for the building was a good one, and a recent valuation of the property placed it at $7,000

The property is a good one, and is well situated for the prosecution of the confectionery business.

THE SOCIAL WORLD.

Interesting Personal Items Gathered by Reporters.

Mr and Mrs. Jas. Lynch returned last night from their honeymoon trip.

Mr. D. W. Dumble passed a restless night last night, and is no better to-day.

Mr. C. LeBrun of Toronto, is in town for a few days visiting his brother, Mr. H. LeBrun.

Miss A. Horriott, of Warkworth, and Miss F. Hughes of Peterborough, are the guests of Miss Bella Gardner.—Norwood Register.

Mrs. J. Everett Oles, (nee Brodigan,) of Peterborough, will receive with her mother on Wednesday afternoon, February 15th, at 210 Carlton street.—Globe.

Mr. Fred Matashke of Cleveland, Ohio, of the circulation department of the American Newspaper Distributing Co., returns home to-morrow, after a week's visit with his mother, Mrs. B. Matschke, Dublin street.

Mr. John A. Nicoll, accompanied by his wife and child, of Lethbridge, Alberta, arrived on Monday evening last on a visit to his parents, Mr. and Mrs. Richard Nicoll of this place. We understood that Mr. Nicoll has disposed of his drug business in Lethbridge owing to his health having been rather poor lately.—Nor-Register.

Get yo stakes on and enjoy a good time at the Foresters' Carnival, Feb. 14th. 3d

REAL ESTATE CHANGE

Residence of the Late Mr. R. B. McKee Changes Owners.

Mrs. (Dr.) Wightman has purchased from the estate of the late R. B. McKee, his residence, on the corner of Charlotte and Rubidge streets. It is understood that the price paid was $5,000. It is expected that Dr. and Mrs. Wightman will resume residence in the old home in the near future.

FAULTLESS REMNANTS

We came into possession of a fashionable lot of Cloth, consisting of about

LOCAL SANATORIUM ASSOCIATION FORMED

(Continued from First Page)

neighbourhood. Experience in Europe has shown, that a properly conducted sanatorium is not a source of danger. The greatest danger is the phthisical patient at large. Houses without control are a source of danger, whereas in a sanatorium precautions are taken to disinfect sputum.

LOCAL NEEDS.

In considering the provisions that would have to be made by the district of Peterborough for the care of consumptives, I have collected the figures of deaths recorded during the past six years in the counties of Northumberland, Durham, Peterborough and Victoria:

DEATHS FROM TUBERCULOSIS.

1901

Counties.	Pop.	1898	1899	1900	1101	1902	1903
Northumber. l'd & Durham	69999	97	110	113	75	91	71
Peterborough	39496	60	60	76	46	44	44
Victoria	32271	50	41	35	36	23	33

1903

	Total Deaths	Total Death rate per 1000	Per Cent of deaths
Northumber. l'd & Durham	572	13.9	8.1
Peterborough	515	14.8	8.8
Victoria	363	11.9	8.4

To be brief in summary, it may be stated that one-twelfth of the total deaths happening in 1903 in the counties referred to were due to tuberculosis. In the county of Peterborough alone 44 died in 1903, being its quota of the 1,095,000 victims of the white plague for that year. This county lent its aid to the 3,000 who died each day of the year, and as each minute of the day two persons fell so twenty-two minutes of the time were used in this county.

ESTIMATE OF NUMBER OF CASES

With a death roll of 44 in Peterborough county, it may justly be computed that there are at least at the present time in the county of Peterborough 150 persons living in all stages of the disease, and allowing that there are as many in the incipient stage as die annually, then the figures would be about one third of this total for each of the following classes:

Fifty incipients;
Fifty advanced;
Fifty chronics;

and for this number provision would ultimately have to be made. Not that all those of the first class would be in the sanatorium at the same time; for it is found that after six months treatment and education in personal hygiene this class of patients often are able to return to their homes, having increased in weight and improved in general health. The chief bill of expense will be providing for those in the last stage of the disease; for these, of course, the sanatorium wards are, as a rule, their final resting place. Here even for this class of individuals in some instances, much can be done.

Regarding the chronics, who are able to engage in light work, it is more of a question of providing a house where industrial pursuits may be followed.

This brings us to the consideration of the question of what provision should be made for the care of tubercular patients in this district. In considering the district you may include the county of Peterborough, as this town is almost at the junction of four counties, the larger district may be considered. In either case, however, the requirements would be similar.

To begin the work I would not do more than recommend a central administration building, containing dining room, offices, kitchen and other rooms for staff, with possibly two wings having broad piazzas; these wings could be used possibly for the advanced cases, while tents similarly to those used in the Adirondacs, and other American sanatoria could be constructed.

Regarding financial assistance from the Provincial Government, I would state that owing to the efforts of the Hon. J. R. Stratton, when head of the Department, an act was passed by the Legislature, whereby municipalities or joint municipalities, on receiving the approval of the Provincial Board of Health of their plans, are granted an aid in the purchase of land and erection of buildings, a sum not exceeding $1,000, and thereafter an annual allowance of $1.50 per week per patient. It is quite apparent, however, that the Legislature for once went ahead of public opinion, for, unfortunately no municipal authority has, as yet, availed itself of the offer.

The reading of the paper was followed by a general discussion, in which many important facts were brought out. The desirability, as a site, of the Hilliard property, which has been purchased by the town and suggested as the probable location of an isolation hospital, was pretty thoroughly discussed, many of the medical gentlemen present giving their views on the subject.

Many of those who spoke favoured the use of the present building with the addition of wide verandahs and other improvements, as a central building which might be surrounded by cottages accommodating four or eight patients each. Others thought a new building more desirable owing to the constant expense which would be entailed for repairs. The advantages of the site, owing to its southerly and easterly aspect, were also commented upon. In reply to a question by Dr. Torrance, Dr. Halliday expressed the opinion that the erection of the proposed infectious hospital would not be an insuperable objection to the erection of the sanatorium; in fact, the two might be conducted under the same superintendance though with different staffs of attendants. This view was co-incided in by many of the others present. Dr. Hodgetts in reply to a query as to his estimate of the cost of a suitable sanatorium expressed the opinion that it could be built for between $10,000 and $15,000. Mr. Wm. Ayres thought the question should be submitted to the ratepayers before further action was taken.

As to the necessity of taking action in the matter at as early a date as possible the feeling of the meeting appeared unanimous, the speakers almost without exception favouring the local sanatorium project as preferable to the endowment of a cot at Gravenhurst. There was some difference of opinion as to the scope of the undertaking, some favouring the idea of making the proposed project purely local in its character and of confining their efforts to town patients alone, while others considered, as more advisable the plan outlined by Dr. Hodgetts which includes the four adjoining counties in the undertaking.

Mr. R. M. Deanistoun explained the causes which led to the calling of the present meeting, stating that a small association had been formed a short time ago for the purpose of endowing a cot at Gravenhurst, but public feeling had grown to such an extent that more extensive measures in their scope were deemed advisable in the consideration of the question. As a test of the feeling of the meeting he proposed the following resolution, which was seconded by Mr. Eyres: "That an association, to be known as the Peterborough Sanatorium Association be now formed."—Carried.

The following officers were then elected:

President—Dr. Boucher.
Vice-President—E. B. Edwards.
Sec.-treas.—J. W. Bennet.
Executive Committee — Messrs. Mayor Beat, Ald. Johnston, R. Neill, W. H Moore, R. M. Denniston, W. Eyres, Rev. Dr. Crothers, Dr. Halliday and Dr. McNulty.

The association was formed with a view of at a later date becoming affiliated with the National Society for the prevention of tuberculosis, at Ottawa.

INSTALLED THE NEW OFFICERS

Mount Hebron and Hiawatha Officers Take Their Places.

The officers of Mount Hebron and Hiawatha Encampments, I.O.O.F., were installed on Wednesday night by D.D.G.P. Wm. Scott, of Lindsay, and Grand Patriarch Ed. C. Garbutt, of Picton, assisted by P. C. Patriarchs, Morrow, Anderson, Emmerson, Lewis, Ringer and Lacey.

Officers installed for the coming term, Mount Hebron Encampment, No. 56, I.O.O.F.:

SOME CONCESSIONS WERE GRANTED

And as a Result the Peterboro' Cereal Company Will Locate Here

Committee of the Whole Met Last Night and a By-law Will be Passed

A meeting of the Committee of the Whole Council was held last night, when the proposition of the Peterborough Cereal Company was given further consideration, and the concessions asked for by the latter were discussed by the Aldermen in Committee. Some of these concessions were met, and an arrangement has been made which, it is expected, will be fairly satisfactory to both parties. A bylaw incorporating the provisions arrived at last night will be prepared by the town solicitor and will be submitted at a meeting of the council which will be held probably on Monday night next, and if the provisions of this bylaw are satisfactory to the town and the company, as it is expected they will be, the latter will commence operations almost immediately, in fact, it is stated from a high source that the Company will be turning out their product by March 15th.

One of the conditions of the agreement to be entered into between the two parties interested, viz., the town and the company, is that the latter shall spend not less than $100,000 in buildings and machinery, and on the other hand the town will give the company a fixed assessment for a term of years on their property.

Building operations will commence in the spring and four large buildings will be required for the company's business.

BYE-ELECTIONS DATE

New Ministry Has Selected the Last Day in February.

SALARIED MINISTERS RUN

First Formal Meeting of New Cabinet—Ministers Without Portfolio Leave For Home—Ministers With Portfolios Have Been Introduced to Their Staffs—Not Politics But Business.

Toronto, Feb. 10.—The bye-elections necessitated by the formation of the new Cabinet will be held on Tuesday, the 28th of this month, the date for nominations being Tuesday, the 21st. The writs were issued yesterday afternoon. Premier Whitney announced the date of the elections at 1 o'clock yesterday afternoon, following an informal meeting of the Cabinet, at which all the members were present. Ministers without portfolio are not compelled to seek re-election, and the contests, if the Liberals decide to oppose the salaried Ministers, will take place in Dundas, South Toronto, West Lambton, South Perth, South Lanark, North Essex and East Toronto, which were carried at the general election by the Premier, Hon. Messrs. Foy, Hanna, Monteith and Matheson, and Hon. Dr. Reaume and Hon. Dr. Pyne, in the order named.

First Cabinet Meeting.

Following yesterday's gathering, the members of the Cabinet had luncheon together in the Parliament buildings. Later Dr. Willoughby, Major Hendrie and Mr. Adam Beck, Ministers without portfolio, left the city for their homes. They will not be present at the first meeting of the Cabinet, to be held to-day. The Ministers without portfolio will each have an office in the Parliament buildings. The office in the Treasury Department formerly occupied by the Minister of Education will now be used by Col. Matheson, the Treasurer. The new Minister of Education will, however, have an office in the buildings. None of the Ministers will live in the buildings, as was formerly the case with some of those whose whose residences were out of the city, and additional office room will be gained in this way.

Introduced to Their Staffs.

The Ministers with portfolios were all at their offices at 10 o'clock, or shortly after that hour, yesterday morning, and they all sent for and received introductions to their staffs. When Hon. Mr. Foy, the Commissioner of Crown Lands, entered his private office he found there a tree of American Beauty roses and a basket of other flowers, sent by city admirers. The Ministers had many callers during the day.

To one of his staff who greeted him as he entered his office for the first time, Hon. Mr. Hanna, the Provincial Secretary, said, "I am glad to meet you. We talk politics on the stump, but we are here to do business."

Some Provincial Appointments.

It was announced at the Parliament buildings yesterday that on January 31, the following appointments were made:

Robert Emmet English, chief turnkey of Toronto Jail, to succeed his father, the late John English.

Wm. McLeod of Orillia, to be Sheriff of Simcoe County, in succession to the late Charles Drury.

Matthew Martin, jailer of Kent County Jail, Chatham; Geo. Bush, jailer of Lincoln County Jail, St. Catharines.

Speaker-to-Be Meets Press.

Mr. St. John, who on the opening of the Legislature will be elected Speaker, met representatives of all the newspapers in the morning and asked their views respecting improvements to the press gallery. The gallery is difficult of access and another stairway is absolutely necessary. The provincial architect was called in consultation, and will report to-day. It is fully expected that the wishes of the press will be met.

Railway Taxation.

The Railway Taxation Commission, consisting of H. J. Pettypiece, ex-M.P.P.; Prof. Shortt of Queen's University, and Judge Bell of Chatham, met in the Parliament Buildings yesterday to complete their report. Mr. Pettypiece, the chairman, called upon Premier Whitney and was instructed to go on with the report just as if there had been no change of Government. The Commission have spent some months investigating the methods of obtaining Government funds from railway corporations, in a number of the states of the neighboring republic, and will make their report to the Legislature.

Hon. Nelson Monteith, Minister of Agriculture, has promised to preside at the annual meeting of the Fairs Association, which will be held in Victoria Hall on Tuesday next.

Where Will They Reside?

Most of the new ministers have not yet decided on their place of residence. Hon. W. J. Hanna proposes to continue to reside at Sarnia. He has an extensive law practice there and has capable associates who will look after his business in his absence. Hon. Dr. Reaume will reside at Windsor, and some of the other ministers may not take houses in Toronto. The Premier will doubtless remove his family to Toronto, but he has been so engrossed with the affairs of state since he came here that he has not given the matter any consideration. Hon. Dr. Pyne proposes to relinquish his practice, but will continue as registrar of the Medical Council.

Headaches and Neuralgia from Colds.

Laxative Bromo Quinine, the world-wide Cold and Grip remedy, removes the cause. Call for the full name and look for signature of E. W. Grove, 25c.

MARKET REPORTS.

Wheat Futures Rise in Liverpool and Chicago—Live Stock Markets—The Latest Quotations.

Thursday Evening, Feb. 9.

Liverpool wheat futures closed to-day unchanged to ⅛d higher than yesterday and corn futures unchanged.

At Chicago May wheat closed ⅛c higher than yesterday, May corn ⅛c higher and May oats ⅛c higher.

Rye, bush	0 75	....
Peas, bush	0 70	....
Buckwheat, bush	0 54	....

LIVERPOOL GRAIN AND PRODUCE.

Liverpool, Feb. 9.—Wheat — Spot, nominal; futures, steady; March, 7s 7½d; May, 6s 11½d; July, 6s 11½d.

Corn—Spot, steady; American mixed, new, 4s ½d; American mixed, old, 4s 11½d; futures, steady; March, 4s 1d; May, 4s 2d.

Hams—Short cut, weak, 33s 6d.

Bacon—Cumberland cut, easy, 34s 6d; clear bellies, easy, 40s.

Shoulders—Square, dull, 30s 6d.

Lard—American refined, in pails, dull, 34s 3d.

NEW YORK GRAIN AND PRODUCE.

New York, Feb. 9.—Flour—Receipts, 22,081 barrels; exports, 4300 barrels; sales, 4200 barrels; firm but slow; Minnesota bakers', $4.30 to $4.65. Rye flour — Quiet. Buckwheat flour—Dull. Cornmeal—Steady. Rye—Nominal. Barley—Slow.

Wheat—Receipts, 13,650 bushels; sales, 3,500,000 bushels of futures; spot, firm; No. 2 red, nominal, elevator; No. 2 red, $1.22½, f.o.b., afloat; No. 1 northern, Duluth, $1.27¾ f.o.b., afloat; No. 1 hard Manitoba, $1.11¾, f.o.b., afloat; there was somewhat more activity in the wheat market to-day, attending a sharp advance in prices; support was based chiefly on a strong corn market, higher cables, small western receipts and a nervous short interest; in the last half hour prices yielded to realising sales and closed partly ⅝c net higher; May, $1.15⅝ to $1.16⅛, closed $1.15⅝; July, $1.04 7-16 to $1.06, closed $1.04⅝; September, 96c to 96⅞c, closed 96¼c.

Corn—Receipts, 40,850 bushels; exports, 218 bushels; sales, 40,000 bushels of futures, 72,000 bushels of spot; spot, firm; No. 2, 54¼c, elevator, and 51⅝c, f.o.b., afloat; No. 2 yellow, 51¾c; No. 2 white, 52c; option market was more active, strong and higher, on prospects for lighter receipts and on some complaint about the grading; last prices showed ½c net advance; May, 50¾c to 51⅛c, closed 51¼c; July closed 51¼c.

NEW YORK DAIRY MARKET.

New York, Feb. 9.—Butter — Receipts, 4286; held creamery, common to extra, 22c to 29½c.

Cheese—Firm; unchanged; receipts, 650.

Eggs—Easy; unchanged; receipts, 8250; state, Pennsylvania and nearby fancy selected white, 36c to 37c; do., choice, 33c to 35c; do., mixed, 33c to 34c; western firsts, 32c; do., seconds, 29c to 31c; southerns, 24c to 32c.

CATTLE MARKETS.

Cables Steady—Cattle Firm Hogs Lower at Buffalo.

London, Feb. 9.—Live cattle are quoted at 11c to 12c per lb.; refrigerator beef, 9¾c per lb.; sheep, 12c to 13c per lb.

TORONTO LIVE STOCK.

Receipts of live stock were 83 carloads, composed of 1000 cattle, 446 sheep and lambs, 2000 hogs and 325 calves. Of the above receipts, 13 cars were Chicago export cattle in transit.

There were no straight loads of shipping cattle offered. Several mixed loads of butchers' were offered. The exporters picked out of these loads sold around $4.40 to $4.50 for cattle 1250 to 1350 lbs. each. There were no shipping cattle sold over $4.50 per cwt. Had there been a better quality of export cattle, perhaps they might have brought more money. But many of the export dealers prefer to operate on the Chicago market, as they can do better. Export bulls sold at $3.25 to $3.50 per cwt.

The best butchers' cattle were in demand at $4.25 to $4.50 per cwt., but there were not half a dozen brought the latter price. Loads of good sold at $3.80 to $4; medium, $3.50 to $3.75; butchers' cows sold all the way from $2.50 to $3.50; canners at $1.50 to $2 per cwt. The bulk of the best butchers steers and heifers sold at $3.70 to $4.10 per cwt.

There is a fair demand for a limited number of good quality feeders at the following prices: Short-keeps, 1050 to 1150 lbs. each, sold at $3.90 to $4.20; feeders, 950 to 1050 lbs. each, at $3.50 to $3.90; stockers and light feeders, 750 to 950 lbs. each, sold at $3.25 to $3.50. Common eastern stockers sold at $2.50 to $2.75 per cwt.

About 80 milch cows and springers sold from $30 to $55 each. Good quality cows are in excellent demand.

Only a limited number of veal calves were offered, and prices were firm at $3.50 to $6.25 per cwt.

About 450 sheep and lambs sold at firm prices. Export ewes at $4.50 to $4.75; bucks at $3.50 to $4 per cwt.; lambs at $5.75 to $6.40 per cwt.

The market for hogs is showing signs of weakness, altho prices were unchanged at $5.50 for selects and $5.25 for lights and fats. Mr. Harris bought 2000 at these prices.

TORONTO JUNCTION LIVE STOCK.

H. P. Kennedy bought at the Union Stock Yards 400 hogs. Mr. Kennedy reports the market weak at $5.50 for selects and $5.25 for lights and fats.

EAST BUFFALO CATTLE MARKET.

East Buffalo, Feb. 9.—Cattle—Receipts, 100 head; firm; prices unchanged.

Veals—Receipts, 100 head; slow; $4.50 to $9.

Hogs—Receipts, 4400; active; 5c to 10c lower; heavy and mixed, $5.10; yorkers, $5 to $5.10; pigs, $4.90 to $4.95; roughs, $4.25 to $4.50; stags, $3 to $3.50.

Sheep and lambs—Receipts, 4000 head; slow; native lambs, $6.50 to $6.30; no Canadas; yearlings, $6.50 to $7; wethers, $5.75 to $6; ewes, $5 to $5.50; sheep, mixed, $2.50 to $5.70.

NEW YORK LIVE STOCK.

New York, Feb. 9.—Beeves—Receipts, 76; trade limited, a few cows and bulls sold at steady prices; exports, 702 cattle.

Calves—Receipts, 468; veals, $4 to $9; latter extreme; prices 25c to 50c off; barnyard calves, lower, at $2 to $2.60; no demand for westerns.

Sheep and lambs—Receipts, 1234; sheep, steady; prime lambs, firm to 10c higher; others slow but steady; sheep, $4 to $5.85; choice wethers, $6; culls, $3 to $3.75; lambs, $7.50 to $8.50; general sales, $7.50 to $8 for medium to good.

Hogs—Receipts, 6277; market slow; good state hogs, $5.40 to $5.50.

CHICAGO LIVE STOCK.

Chicago, Feb. 9.—Cattle—Receipts, 9000; good to prime steers, $5.60 to $6.45; poor to medium, $3.75 to $5.50; stockers and feeders, $2.35 to $4.20.

Hogs—Receipts, 62,000; mixed and butchers', $4.65 to $4.90; good to choice heavy, $4.85 to $4.95; rough heavy, $4.60 to $4.70; light, $4.55 to $4.75; bulk of sales, $4.70 to $4.85.

Sheep—Receipts, 15,000; good to choice wethers, $5.60 to $5.90; fair to choice mixed, $4.50 to $5.30; native lambs, $5.75 to $7.90.

Behavior is a mirror in which every-one displays his immage.—Goethe.

TO FLOG WIFE BEATERS

Montreal, Feb. 9.—The Society for the Protection of Women and Children this morning decided to send a deputation to Ottawa to request the minister of justice to change the law so as to provide to have wife-beaters flogged. This is the result of a meeting which showed this form of crime was altogether too prevalent.

Roosevelt Will Think it Over.

Washington, D.C., Feb. 9.—It is understood that the president will make no move in the matter of disposing of the arbitration treaties now pending before the senate, notwithstanding yesterday's action of the senate committee on foreign relations in amending these treaties in a manner to make them objectionable to the administration.

Separate Church and State.

Paris, Feb 10.—The Government's new bill, providing for the separation of church and State, was presented in the Chamber of Deputies yesterday amid applause, and was referred to a committee. The bill does not differ materially from the project of ex-Premier Combes.

Iroquois Theatre Fire Recalled.

Chicago, Feb. 9.—The indictment charging Manager Will G. Davis of the Iroquois Theatre with manslaughter on account of the loss of life in the theatre fire, was quashed to-day by Judge Kersten, on the ground that the document fails to show any omission of duty on the part of Davis.

Confesses to the Murder.

Reading, Pa., Feb. 9.—Mrs. Kate Edwards, who, together with Samuel Greason, is under sentence to be hanged next Thursday for the murder of Mrs. Edwards' husband, to-day confessed that she alone committed the murder. She entirely exonerates Greason.

Tried On March 6.

Cleveland, Feb. 10.—The trial of Mrs. Cassie L. Chadwick in the U. S. District Court has been set for Monday, March 6.

Commission to Fix Rates.

Washington, D.C., Feb. 10.—By a vote of 326 yeas to 17 nays, the House yesterday afternoon passed the Esch-Townsend Bill extending authority to the Inter-State Commerce Commission to fix railroad rates.

Father John is Dying.

Cronstadt, Feb 10.—Father John of Cronstadt, the venerable priest, who has been in ill-health for some time past, has suffered a relapse. His condition is critical.

THE U. S. DRAWBACKS

Mr. W. F. Maclean Thinks They May Injure Canadian Trade.

HE FAVORS EXPORT DUTIES

The Grand Trunk and the Canada Atlantic Railways—Cost of Free Delivery of Mails in Cities and Towns—Boxes For Packing Apples—Public Works Estimates in Committee.

Ottawa, Feb. 10.—The possibility of Canadian industrial development being checked as a result of the United States system of granting a drawback of duty paid on imports of raw material, the manufactured product of which is afterwards exported, was impressed upon the House yesterday. Mr. W. F. Maclean, who introduced the subject, advocated the imposition of export duties on wheat, among other commodities, even against the mother country, in order to stimulate milling in Canada. The members of the Government replied to the usual volley of questions upon diverse matters, and in supply satisfactory progress was made in voting money for the Public Works Department.

Mr. Blair to Sir Wilfrid.

A copy of the telegram in which Hon. A. G. Blair announced the resignation of the chairmanship of the Railway Commission to Sir Wilfrid Laurier was laid on the table of the House yesterday. It is dated Oct. 18, 1904.

Free Mail Delivery.

Mr. Wilson asked what was the total cost of free mail delivery in towns and cities in Canada, where such system is utilized.

The Postmaster-General supplied the following figures: Salaries of letter carriers, $415,241; uniforms, etc., $17,253; conveyances for delivering letters from stations, $10,252; a total of $432,748. The Department keeps no record of the number of letters, newspapers, parcels, &c., so delivered, and the Postmaster-General was not willing to make an estimate.

Mr. Roche was informed that the Grand Trunk Pacific Co. has not proposed or submitted to the Government any plan of the route of the Grand Trunk Pacific Railway west of Winnipeg.

The Minister of Justice explained to Mr. Lake the various steps taken to obtain an authoritative interpretation of the meaning of the Canadian Pacific Railway contract, in relation to the exemption of the lands of that company from taxation in the Northwest Territories. The case is now in the Supreme Court of Canada, and a decision is expected in a couple of weeks.

Mr. Lake was also informed that there have been sold of school lands in Alberta 804 acres, Assiniboia 148,481 acres, Saskatchewan 237 acres. The price obtained in Alberta was $19 per acre, in Assiniboia the highest price was $37.50 per acre, and the lowest price $7.20 per acre. The Saskatchewan lands brought a top price of $107 per acre, while the lowest price was $40 per acre. The average price in Alberta was $19 per acre, in Assiniboia $6.69, and in Saskatchewan $86.54.

Re Safety of Ships.

The House went into Committee on Mr. Sinclair's bill to amend the act respecting the safety of ships. The bill enables ships to carry during winter navigation lumber between the main and shelter decks. This is now forbidden by existing law. The various clauses of the bill were passed, but the bill will be held over till it is approved by the Board of Trade of England.

E. M. McDonald, Pictou, N.S., introduced a bill respecting the Grand Trunk Railway. The purpose of the bill is to authorize the Grand Trunk Railway Co. to acquire bonds and preference and common shares of the Canada Atlantic Railway Co., and hold the same either by themselves as a company or in the name of trustees, also to provide that the company may guarantee the payment of the principal and interest of the bonds so acquired and to be held by them, not exceeding the sum of £3,292,200 sterling.

Mr. McDonald introduced another bill respecting the Canada Atlantic Railway. This bill proposes to repeal section 8 of chapter 90 of 1903, to empower the company to issue bonds to the amount of £3,292,000 sterling, to be secured by mortgage on the company's property. Both bills were read a first time.

Mr. Fisher's Resolution.

Mr. Fisher moved the House into Committee to consider a resolution respecting the packing and sale of certain staple commodities. The resolution provides that:

(1.) When apples are packed in Canada for export for sale by the box, they shall be packed in good and strong boxes of seasoned wood, the inside dimensions of which shall not be less than ten inches in depth, 11 inches in width and 20 inches in length, representing as near as possible 2,200 cubic inches.

(2.) Every person who offers or exposes for sale, or who packs for export, apples by the box otherwise than in accordance with the foregoing provisions of this section shall be liable, on summary conviction, to a penalty of 25 cents for each box of apples so offered or exposed for sale or packed.

3.) When apples are packed in boxes or barrels having trays or fillers wherein it is intended to have a separate compartment for each apple, then the provisions of section 4 and 4a shall not apply.

Mr. Fisher added two important amendments to the resolution, one that the legislation should apply only to boxes for the export trade, and the other that the clause should not come into force till June 1, 1906.

After some explanation and discussion, Mr. Fisher moved that the committee rise and report progress.

The House went into Committee of Supply, taking up an appropriation of $1,250,000 for the Victoria Memorial Museum.

Railways Bills Passed.

The Railway Committee yesterday passed four bills as follows: Respecting the Columbia & Western Railway Company—Mr. Gilliher; respecting the Atlantic, Quebec & Western Railway Company—Mr. Guay-reau; incorporating the St. Mary's & Western Ontario Railway Company—Mr. McIntyre; respecting the Ottawa, Northern & Western Railway Company—Mr. Belcourt.

APPENDICITIS.

The Most Dreaded Disease of Civilization

is the condition known as appendicitis. Once fully established, nothing will remedy but the cold knife. It has once been thought that this inflammation was caused by seeds or foreign bodies entering the appendix, but this theory is long exploded.

The true cause of appendicitis is sluggishness of the bowels, constipation and the gases which are formed in consequence produce germs known to the scientific physician as the Bacilli Coli Communis. Now to avoid this formation of gas germs, constipation and the resulting inflammation, take Smith's Pineapple and Butternut Pills, which have been tested in all the various diseases of the stomach, bowels and liver, and found to be the greatest and best preventative remedy known.

You may be very sick at night; Smith's Pineapple and Butternut Pills make you well in the morning. They will quickly and permanently cure.

UNION OF CHURCHES.

Presbyterian Bodies in India United Into One Assembly.

New York, Feb. 10.—Information has been received by the board of foreign missions of the Presbyterian Church in this city that the Presbyterian Churches in India have been united into one general assembly, after a series of meetings at Allahabad. The News comes from Principal A. H. Ewing of the Allahabad Christian College. The churches included are:

The Church of Scotland; United Free Church of Scotland, Presbyterian Church of Ireland, Presbyterian Church in the United States of America, Reformed (Dutch) Church of America, and Presbyterian Church of Canada.

They have 33 Presbyteries and 332 churches, and a total community of 78,983.

This is said to be the first occasion in which churches of America and Europe have been united.

Snow Stops Legislature.

Montreal, Feb. 10.—A despatch from Charlottetown states that the storm there was so severe Wednesday that all trains and boats were hung up. As a result the members of the Legislature were unable to reach the capital, and as there was not a quorum here for the opening of the session, it had to be adjourned for a week.

Lieut.-Governor MacKinnon reached the capital in time by trudging in on snowshoes.

The storm also delayed the opening of the Nova Scotia Legislature, which was to have been opened yesterday afternoon. So many members were snowbound that the opening was postponed till to-day.

Held Elections First.

London, Feb. 10.—(C.A.P.)—Lord Spencer, Liberal leader in the House of Lords, in a letter to Gorrie Grant, the Liberal member for Rugby, says no conference can settle the fiscal question until the country has pronounced its opinion on it. It should be impressed on all classes that a tariff with low duties, as now proposed, admits the principle of protection. When once that is admitted, pressure, which will be irresistible, will force up low duties to high ones. Then every article of food and clothing, every article necessary in building, agriculture and manufacture, will be enhanced in price.

This Hits Canada Also.

Washington, D. C., Feb. 10.—The Senate Committee on Commerce yesterday authorized a favorable report on the Elkins Bill, providing for the amendment of the laws admitting foreign built vessels to American registry. The bill provides that foreign vessels wrecked on the American coast shall not be admitted to American registry unless repairs have been made in American shipyards, equal to three-fourths of the value of the vessel.

German Artist Menzel Dies.

Berlin, Feb. 10.—Adolf Von Menzel, the artist, died yesterday. He was about 90 years old. Menzel, whose death was due to weakness, superinduced by a severe cold, had been identified with the best in German art for sixty years and had been treated by this generation with that reverence and respect which Germans love to show to their old men.

$30,000 Fire At Moosomin.

Moosomin, N.W.T., Feb. 10.—Fire started in the White Block yesterday morning and the block was totally ruined. Total loss is over $30,000. A frame building in the next block, occupied by G. Freeman as a confectionery store and dwelling, was also completely destroyed.

DANGER SIGNALS.

No engineer would be mad enough to run by the flag which signaled danger. It is different with the average man or woman. They attempt constantly to run by the danger signals of Nature and that attempt costs thousands of lives every year. When the appetite becomes irregular or entirely gives out, when sleep is troubled and broken, when there is a constant feeling of dullness and languor, Nature is hoisting the danger signal. The stomach and its allied organs are failing in their work and the body is losing the nutrition on which its strength depends.

Such a condition calls for a prompt use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, purifies and enriches the blood and builds up the body with sound, solid flesh.

"I have had so much benefit from your medicines am glad to say a few words that you may use for publication." Write Mrs. J. R. Downes, Crystal Lake, Conn. "I had been troubled with a complication of diseases for over two years, but kidneys and liver bothered me most. Some of my worst ailments were headache, frequent pains around heart and under right shoulder-blade. My hands and feet were cold nearly all the time, and I had such chilliness between shoulders. Some days cared but little for food; I lost flesh; felt so tired and miserable it seemed I couldn't do any housework. Took medicine from my physician, but received no benefit. Bought a bottle of 'Golden Medical Discovery,' and after taking it I felt so much better we determined to give it a fair trial. Appetite soon improved and gradually the disorders disappeared until now I am well."

A Great Doctor Book Free.—Send 21 one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., to cover cost of mailing only, and he will send you a free copy of his 1008-page Common Sense Medical Adviser, paper-covered. Cloth-covered 50 stamps.

Dr. Pierce's Pellets Cure Constipation.

MATCHING THE LINNETS.

Odd Pastime and Business in the Slums of London.

In the little, swarming streets off Whitechapel road, down through Shoreditch and Bethnal Green, linnet singing is the pastime of thousands and the business of scores of men who will bet themselves to a standstill over the sweet voiced rivalries of two wee brown birds caged on the wall of some public house whose reputation makes respectability timorous of intrusion.

The hard faced "east ender," whose chief joy is a bloody "limited round go" in the prize ring of a resort in Whitechapel, may be seen next night in the back room of another "pub," sitting in breathless silence and behind locked doors, with a hundred of his kind, while his linnet sings a match for "pleasant song" and a stake of 10 shillings a side.

When the referee says "Now!" the watch is started, but this does not mean that the birds are yet engaged in any rivalry. They sit on their little perches in silence, and the crowd sits in silence watching them. Presently one of the rivals pipes up his opening lay. This is called the "lead off." The first note of a song is called the "chuckle." Perhaps the bird which makes the "lead off" may stop with this "chuckle" and not finish his song. The stimulus is enough to start the other bird, however, and he in turn makes his "chuckle" and then without a break performs the whole of his repertoire of ten "pleasant songs."

The sulky bird is frenzied at this superiority and to make up for lost time sings as if its heart would break. Both scorers are busy now "chalking the scores" as fast as their pencils can fly. To the untrained ear the torrent of piping notes is hopelessly intermingled, and even when one bird is singing alone it is impossible to tell where one song ends and another begins.

This sweet piping absorbs the attention of the audience, while just beyond the closed door a horde of bloated men and slatternly women are drinking themselves more sodden, with blasphemous and vulgar merriment.

The birds are all of purity and sentiment and sweetness that can be found in this east end "pub," and they sing as gladly as if green fields were their environment.—Outing.

Scientists Sent For Trial.

Toronto, Feb. 10.—After taking the evidence of Mrs. Isabella Stewart in regard to the practice of Christian Science, Magistrate Denison yesterday committed for trial for manslaughter Mrs. Sarah Goodfellow, Elizabeth Lee, Isabella Grant and William Brundette. Bail was renewed at $1,000.

LATEST SPORT

CURLING.

A special to the Toronto News from Winnipeg says:—

"The first thirteen end game of the 'spiel took place between Flavelle's combination from Lindsay and Ferguson, of Hamlota. Ferguson at first looked like an easy winner, the score at the end of the seventh end being 10-1, in the Manitoba rink's favour, but they evidently lost their tail then, as Flavelle got a brace, and in three ends made 11 points. On the extra end the easterners got the winning shot, Hamlota, skip 12, Lindsay, skip 13.

"Flavelle, Lindsay, won his game in good style from Paul, of Fort Frances, making some of his grand shots with ease. Lindsay, skip 15, Fort Frances, skip 8.

• • • •

The following games were played last night:—

R. Merrell	W. Bellegham
S. Clegg	G. B. Stevenson
E. B. Clegg	T. Rutherford
D. Davidson, 7.	W. G. Morrow, 19.

CURLING BONSPIEL HERE THIS MONTH

Three Days Sport Commencing on Feb. 28th.

The arrangements for the bonspiel which will be held here commencing on February 28th are progressing favourably, and the prospects for a most successful 'spiel are excellent.

The committee in charge of the event are:—Bonspiel Committee, Messrs. J. S. Knapman, chairman; F. Dixon and W. J. Thompson. Finance Committee, Messrs. W. G. Morrow, chairman; T. F. Matthews R. Neil and Geo. Giroux.

It is expected that there will be rinks from Toronto, Orillia, Barrie, Lindsay, Bobcaygeon, Port Hope, Lakefield, Keene, and other places and some valuable prizes will be offered for the winning rinks.

HOCKEY.

The members of the senior team are asked to turn out for practice to-night and to-morrow night.

• • • •

The Ringers defeated the Lakefield School team in Lakefield yesterday by a score of 7-1. At half time the score was 1-0 in favour of the losers.

• • • •

The T.A.S. team which plays in Cobourg to-night is composed as follows: Clancy, DeForge, Quigley, F. McGrath, T. McGrath, Rose and Maher. The team left on the 11.40 train and were accompanied by Messrs. Kennealy, Doris and McDonough. Mr. George Brown of Port Hope will referee.

• • • •

The Young Giants last night met the Dublin street hockey team at Dublin street rink. The game resulted in a win for Dublin street by a score of 4-4, the teams were:—Giants.—Goal, Fitzpatrick; point, Curran; cover point, Fitzpatrick; rover, Hart; centre, Little; left wing, Hougon; right wing, Sanderson. Dublin street.—Goal, Wade; point, Bogue; cover point, Doherty; rover, Emerson; centre, Wade; right wing, M. Bradburn; left wing, E. Bradburn. Referee—L. Thompson.

ARE CHAMPIONS OF TWO DISTRICTS NOW

Peterborough Intermediates Won From Smith's Falls Again Last Night by 8-2 Winning the Round by 13-5

Largest Crowd of the Season Saw a Good Game—The Visiting Team put up a Good Argument.

Some Fast Players and Good Stick-handlers on Smith's Falls Team—The Local Defence's Great Work.

It was like a revival of old times last night at the Brock street rink when the largest crowd of the season saw the local seniors defeat the Smith's Falls team by 8-2, making it 13-5 on the round in favour of the Peterboroughs, and gives them the District Championship of districts numbers one and two.

The attendance last night was entirely satisfactory, and was the largest that the rink has seen this season, but was not equal to that of the Belleville game last season, and yet the team this season has already taken two stages more than that of last year by winning, in the first place the district championship, and later defeating Smith's Falls, which makes them winners of the Eastern Ontario districts.

The local team will now meet the winners of the Markham-Orangeville group, the first game being scheduled for next Tuesday.

The game last night was not the fastest of the season by any means, but the home team played well enough to win by a good margin, and no doubt the fact that they regarded it as a comparatively easy matter to defeat the visitors was accountable for the somewhat loose nature of the play.

The Smith's Falls team is composed for the most part by young players, but they must not be despised for this fact, for their forwards play fast hockey, and could give most of the Intermediate teams a hard run on their own ice.

They had very little chance, however, against the great work of the local defence last night, for that section of the team played a superb game, and had it not been for their great work, the score would no doubt have been larger against the home team. As it was, the only two goals credited to the visitors they got in the first half, for in the second period they did not succeed in penetrating

Wasson Watches the Game.

the defence, and although some shots were made on goal, they were at long range, and Wasson took good care of them.

The two goals scored on Wasson were even extremely lucky ones, the first coming in on a *lift from near centre*, while the second was scored while Wasson went out of the goal to check a man who was right in on him. He succeeded in doing this, but the goal was left unrepresented, the forwards got coming in, and a side shot located the nets.

The visitors, however, played a good bold game, and with a defence equal to the forward line should present a pretty formidable bunch. The pick of the team is Poulin, a youngster who is said, by his admirers, who regard him as a phenom., to be only 15 years old, though his appearance throws doubt on the veracity of this statement. He is certainly a promising player, and a team of his equals would make things pretty interesting for any ordinary septette.

The style of hockey played last night was not of the championship calibre, but the winners did not find it necessary to exert themselves, and consequently took things easy, and there were times when the visitors were playing the better game.

The first goal went to the home team after five minutes' fast work, and in a short time the visitors evened things up. Peterborough added another one and again the visitors tied the score, which, however, was their limit. The half-time score was 4-2.

There was comparatively little rough work, although a number of the players were ruled off, the offences, however, were not of a serious nature. In the first half only one man was penalized, but in the second period seven players were sent to the fence, two of these being members of the visiting team.

The checking, particularly in the second half was close, and no one was allowed to go far with the puck.

For the winners the defence played a splendid game, and it is due to their work largely that only two goals were scored against them. Wasson stopped some pretty shots though he was not given as much to engage his attention as was his mate at the other end of the ice. At point, Glover excelled himself, spoiling a number of dangerous looking individual and combination rushes and frequently took the rubber into the enemy's territory. Crowley, at cover point was in splendid form and scored one of the goals after one of the nicest rushes of the night. He fed the forwards well and checked in first-class style.

The forward line did not play their usual game, and the passing and shooting was not as good as the team can do, nor as good as has been done this season, but as has been remarked in these columns before, the Peterborough team

Captain Cavanah in one of his Characteristic Rushes.

seems to play a far better game when they are pressed hard than when it is easy going, and this was evidenced last night.

Cavanah was perhaps the choice of the shooting division, and his work was good. His shots were deadly and he kept Merceau busy protecting the nets from the puck. Parnell played an aggressive game and scored several goals. He made a number of nice shots and got in some good rushes. Morgan and Graham played their positions to good advantage, and got in some nice combination rushes.

For the visitors Poulin was the star, his playing having already been commented on. The other players on the forward line assisted him well. They are speedy and check well, but their shooting is not as good as that of the winners. Merceau, in goal, stopped a number of hard ones, and played a good heady game. His work was worthy of the applause with which the spectators received it.

The teams were:—

PETERBOROUGH.
Wasson
Glover
Crowley
Cavanah
Parnell, Morgan, Graham,
Gallapeau, Dunn, Armstrong,
Poulin
Wild
Lee
Merceau
SMITH'S FALLS.

Referee, "Chaucer" Elliott.

THE GAME.

"Wally" Parnell took the rubber for a pretty run down the ice early in the struggle and shot on goal, but Merceau was in the way and the puck travelled back and forth until Cavanah and Graham got in a pretty rush, the latter passing to the former, who scored. Score 1-0.

Neither team did much for the next five minutes, and after a number of end to end rushes, one of them an individual effort by Dunn, and one of the nicest plays of the night, which, however, Glover spoiled for Smith's Falls, Gallapeau notched the first goal for the visitors *tieing the score on a long lift from the side.* Score 1-1.

Morgan sent in a second one for the home team in one-half minute after the face-off, making a nice run for it. Score 2-1.

The visitors got their second and last goal as a result of a shot by Poulin from the side, after the puck had been stopped by Wasson. This evened things once more with the figures 2-2.

Smith's Falls were now playing the better game, but they could not penetrate the defence, while during the first half the locals sent in two more, Graham and Crowley doing the trick. The half ended with the score 4-2.

The second half opened with the home team on the aggressive and in one minute Cavanah scored. Crowley is credited with the next one after a splendid rush. Morgan got the seventh, sending it into the nets from a scrimmage in front of the goal. The visitors were trying hard to get in another score, but could not succeed, and Graham added another for the locals, making the final score 8-2, and giving the Peterborough team the round by 13-5, a majority of 8 goals, which puts them into the race for the championship one step further.

FIRST OF SERIES OF WEEKLY "POPS"

Entertainment at the Y. M. C. A. Will be Held To-morrow Night.

A series of Saturday night 'pops' will be given to the Y.M.C.A. members and their friends from now on. The first one will be to-morrow night at eight o'clock. The chief feature of the evening will be the story of Jean Valjean, the famous character depicted in Victor Hugo's novel, "Les Miserables, told by Mr. B. M. Denistoun. This is not a lecture, but a wonderful and fascinating story of the most famous and beautiful of characters in fiction. The setting of the story is that of the great French Revolution. The story will also be very interesting because of its similarity to the social and industrial upheaval in Russia to-day. There will also be rendered some choice musical selections, both vocal and instrumental by the best local talent. Everybody both ladies and gentlemen, is cordially invited. There will be no admission charged.

Store to be Re-modelled

Must have more room—Growth of Business compells it.

CONFLAGRATION ON WHEELS

Exciting Blaze on the C. P. R. Express Last Night

Lamp Exploded in Smoking Compartment—Car is a Total Wreck.

The fire brigade last night had a mid-night run to the C. P. R. station to extinguish a blaze which was somewhat out of the ordinary.

As train No. 6—"the midnight"—due at 12.25, pulled into the station, it was noticed that a second class coach was wrapped in flames, which were spreading rapidly to the adjoining coaches. The fire originated in the smoking compartment in the rear end of the car. The cause of the fire is unknown, but it is generally supposed it originated in the explosion of a lamp.

When the train reached the station, the car was shunted on a siding and the brigade called. The blaze was soon extinguished, though not before the car was almost a total wreck.

Luckily the passengers on the other coaches were not aware of the serious nature of what was transpiring till the train reached the station here.

It is almost impossible to form an estimate of the loss, the entire interior being charred and defaced. The car will be sent to the works at Toronto Junction for repairs.

A C.P.R. car inspector from Havelock, came up this morning to look over the wreck.

THE SOCIAL WORLD.

Interesting Personal Items Gathered by Reporters.

Mr. L. F. Clarry of Hastings, is in town to-day.

Mr. E. C. Myers of Toronto, is in town over Sunday.

Mrs. John Nugent will not receive on Monday, as she is visiting in Toronto.

Mr. Dumble rested more easily last night, and his condition shows a slight improvement to-day.

Mrs. B. P. Thewlis, and little daughter, Frances, left yesterday for New Bedford, to join Mr. Thewlis, and they will take up residence in that city.

The following gentlemen were registered at the Oriental Hotel yesterday, being in town for the purpose of attending the Ball Poudre last night: Messrs. Geo. W. Nickels, H. C. Francis, J. L. Hopwood, Toronto, Chas. S. Tanner and F. H. Kilbourn, Lakefield.

—The local branch of the Bank of Commerce is undergoing the annual inspection. However, through the courtesy of Mr. Crompton, the inspector, work was suspended last night that the staff might attend the ball.

CHARITY BALL A GREAT SUCCESS

A Most Delightful Social Event Held Last Night

Oriental Hotel a Scene of Beauty—The Object of the Event was Realized.

Last night the "Ball Poudre," arranged by the ladies of the town in aid of charity, was held in the Oriental Hotel, and was an unqualified success, the consensus of opinion among those present being that it was one of the most thoroughly enjoyable dances that has ever been held in Peterborough.

The event was a great success from the financial standpoint, as well as the social, and the object which those who arranged the ball had in view, was fully met. The net receipts of the ball, which will be handed over to a charitable organization to be devoted to town charity, will be in the neighborhood of $150, which result is exceedingly satisfactory, to those who had the affair in charge.

The attendance at the ball was large and the beautiful costumes of the ladies contrasting with the more sombre hues of those of the gentlemade the scene one of great beauty.

The hotel in which the dance was held is one admirably adapted for such an occasion, and it was made particularly so last night by the generosity of Mr. Graham, who spared neither pains nor expense in his efforts to further the cause which the ladies had in view.

The whole of the hotel was placed in the hands of the committee, and the staff of servants were also at the disposal of the ladies. That they appreciated this spirit of generosity, on Mr. Graham, goes without saying, but the ladies wish to publicly thank Mr. Graham for his kindness.

The entrance leading directly upstairs immediately west of the Dickson Company's office was opened for the use of the ladies, while the palm rotunda was reserved for the use of the gentlemen, during the intervals in the programme.

The refreshments, which were served by the dining room staff of the Oriental, were fully up to the standard of the hotel's recognized excellent cuisine service, and served in splendid style by those to whom this duty was entrusted.

The music was furnished by the Gibonna Marsiconi Orchestra, of Toronto, of four pieces, and was thoroughly enjoyed by the dancers. A programme of sixteen numbers with six extras, included nine two-steps, four three-steps, seven waltzs, two lancers.

The ladies wish to thank Mr. Graham, for the use of his hotel; Messrs. Robt. Fair & Co., for the loan of rugs, and the daily press for courtesies extended.

The ladies, who acted as patronesses for the ball were:—Mrs. H. D. Burnett, Mrs. P. Campbell, Mrs. J. Crane, Mrs. R. S. Davidson, Mrs. R. M. Dennistoun, Mrs. K. Eardley-Wilmot, Mrs. R. R. Hall, Mrs. L. M. Hayes, Mrs. W. H. Hill, Mrs. D. J. Handy, Mrs. J. H. Larmonth, Mrs. C. B. McAllister, Mrs. R. B. Rogers, Mrs. A. H. Stratton, Mrs. J. R. Stratton.

The stewards were Messrs. P. Campbell, R. M. Dennistoun, H. D. Burnett, H. C. Rogers, John Crane, A. H. Stratton, K. Eardley-Wilmot L. M. Hayes, T. E. Bradburn, F. D. Kerr, H. Rush, Jr., Jas. Hamilton, W. P. Reynolds and H. Ritchie.

Mr. A. A. Hollingshead filled the duties of honourary secretary in a highly satisfactory manner.

FELL ON THE ICE AND BROKE ARM

Mrs. Geo. Armour Met With Accident at Post Office.

An accident occurred yesterday afternoon near the post office. Mrs. George Armour, who lives at the corner of London and Waterford street, slipped as she was coming out of the post office, and fell, breaking her arm.

She was taken to the office of Dr. Scott, where the bone was set, and she was afterwards removed to her home.

The fracture is not a particularly serious one, and it is expected that the injured member will in time regain its normal condition.

MR. C. J. BOYD MET HIS FATE

Is now Engaged to a Lakefield Lady.

His Search for a Wife Seems Likely to End Satisfactorily—Wedding Will Take Place Shortly.

The matrimonial search of Mr. C. J. Boyd of Coldwater, has at last ended satisfactorily and this afternoon that gentleman, who is a guest at the Queen's hotel, informed the Examiner representative, in response to the question as to whether he might congratulate him, that, while the nuptial knot had not yet been tied, that he had chosen the lady, who is to be his bride, and that he leaves to-night for his home in Coldwater, where he will make all preparations for the reception of his bride-to-be in the course of a short time.

The lady who is to be Mrs. Boyd in the near future, is at present a resident of Lakefield, and is a widow with five children, three of whom are small and live with her.

Mr. Boyd is evidently quite happy in his new found love, and tells with pride how a short time before he had bade her good-bye at the post office corner, and in the sight of those who happened to be there gave her a kiss as a parting salute, and added to the Examiner: "You may report this, because I am not ashamed of what I did!"

Mr. Boyd's efforts in the matrimonial search have been reported before, but, up to this time the story has not been characterized by many records of success, but all this has changed now, and the tide of events has taken a more hopeful turn. The story of the meeting of these two lovers and their subsequent experiences, reads like a page out of a romance, and like the course of true love, which never runs smooth, as the old saw has it, Mr. Boyd, too, has met with some reverses and disappointments, but he is happy now in the belief that all will soon be all right.

He met the lady who is to grace his home as his wife at her home in Lakefield, something more than a month ago, and the meeting was purely accidental, for at that time Mr. Boyd was in Lakefield to meet another lady, whom he heard was matrimonially inclined. He could not come to terms with her, however, and in conversation with a gentleman in that village, who, by the way is well known here, he acted the part of a match-maker and introduced Mr. Boyd to the lady referred to, who has now consented to become his bride. She invited him to take tea with her, but declined, saying that he had his tea and had paid for it, but that he would be glad to take breakfast with her, which he did, and she is a splendid cook, according to Mr. Boyd's view, and he is a good judge of such things.

The admiration was apparently mutual for they decided to be married at once, and Mr. Boyd hurried to town to inform a gentleman here who promised him a position if he could get a wife, that at last he had succeeded. He subsequently brought the lady in and introduced her to his prospective employer, who had a talk with her in the course of which he asked her how many children she had, and when he learned that she had three, that piece of information sounded the death knell of Mr. Boyd's matrimonial hopes, at least for the present, for the gentleman informed him that he could not have a woman with children around the place. Mr. Boyd remonstrated, but in vain, and he had to bid his lady a reluctant adieu and went to work for Mr. Jas. Crowley in Otonabee for a month. Yesterday the month was up and true to his promise to meet his lady in a month he went to Lakefield yesterday, when she again renewed her promise to marry him, expressing her love for her new found lover, and Mr. Boyd is going to Coldwater to-night to complete arrangements, and will return in the course of a few weeks to take unto himself a wife, when he will go to his Coldwater home to live.

The name of the lady who is to be Mrs. Boyd, was confided by Mr. Boyd to the Examiner, but only on the understanding that it would not be published until the day of the wedding.

TUXEDO.

The Tuxedo Coat usually gets a little rougher usage than the Dress Coat. It requires to be well made to retain its shape.

The Semi-ready Tuxedo has no objectionable sharp points on the edge of the front of the coat, such as is usually seen on the ordinary tailored garment. The line from the collar to the bottom of the coat is a graceful curve.

Just notice the difference in the Tuxedo worn by your friends whom you think are paying the high class tailors fancy prices.

If it is a particularly handsome coat you're likely to find it is a Semi-ready.

Semi-ready Tailoring

CRESSMAN'S, PETERBORO'

ANNUAL VISIT OF MR. GEORGE BUSKIN

The Veteran Itenerant Missionary Again Makes his Appearance.

George Buskin, agent of the International, Evangelical and Colportage Mission, of Algoma, and the Northwest, is making his annual visit to Peterborough on behalf of the 22nd year's work of disseminating the Holy Scriptures and Scriptural literature, through the districts, the influences of which are for much good in the land. The work is free from denominational limit. The travels and work of the past year were more extensive than those of any previous years. Mr. Buskin's travels extended from the Atlantic to the Pacific oceans, touching 105 cities, towns and villages. Bibles and books were supplied in ten languages, numbering 2746 copies, and many more were given and not entered; many thousands of the mission publications were also distributed free of cost; $338.91 was received from sales. There is still an indebtedness on the work of over $3,000, which has accumulated during the past 19 years; $600 also is necessary to meet the cost of publishing the second part of the Ojibway dictionary, which will be a valuable help to the Indians both in Christian and general knowledge. The cost will be a small matter compared with the benefits settlers received in the land of the Indian, and the sacrifices they have had to make room for the enlargement and gain of their white brothers.

The depot at 202 King street East, Toronto, is kept continually open for the sale of Biblical literature, at a cost of $600 annually, and necessary improvements cannot be made for lack of funds.

The donations received last year in Peterborough, in aid of the Mission were $41.15, which the Missionary gratefully acknowledges.

SPECIAL MEETINGS AT THE BARRACKS

Lieut.-Col. Friedrichs, Editor of War Cry to be Present—Special Music.

Do not forget the special meetings of the Salvation Army to-morrow. Lieut.-Col. Friedrichs, editor of the War Cry, assisted by Adjutant Arnold, will conduct a meeting to-night at the barracks, at 7.30, and special meetings will be continued all day to-morrow.

The band will play for the first time the "Maple Leaf March." All are invited to be present.

POLICE COURT NOTES

H. Rush, J.P., presided at Police Court this morning. Isaac Eastwood pleaded guilty to a charge of furious driving and was fined $2.00.

Wm. Huffmen and Stanley Harmor, two boys were fined $2.00 each, which was paid by their parents. They were charged with disorderly conduct at the C.P.R. station. The Chief wishes to issue a warning to other boys with regard to this matter, as should any similar cases arise in future they will not be dealt with so leniently.

THE FIRE HALL PROBLEM.

The Scriptural metaphor, "putting new cloth on an old garment," is suggested by the proposition to give another dose of tinkering to the much manipulated town buildings, and spend nine or ten thousand in remodelling the present fire hall premises in an attempt to meet the required improvements in our fire system. Alderman Johnston's proposal on the face of it is in the interests of economy, but that it is true economy is open to serious question. When we make improvements in this direction, permanency of improvement should be aimed at, which will not be the case if this plan is carried out, even in the best manner that circumstances will allow. After an expenditure of, say, ten thousand, the result will at the best represent only a make-shift, and we shall not have what we want, and if it should meet our requirements it would be only for a limited time.

We have expended enough already upon the block which we dignify with the title of "town buildings." The premises occupied by the Bank of Toronto were purchased from Mr. James Stevenson in 1881, Feb. 28th, for $4,500. The following year a bylaw was passed to raise $5,000 to put them in shape for town purposes, making a total of $9,500. The cost of putting the present fire hall in shape was about $8,000, and subsequent tinkering and additions would bring the total cost up to about $10,000, making another total of $19,500. In 1892 $360 was added for improving the clerk's office and in 1903 further accommodations were provided for the treasurer, etc., at a cost of $1,293, bringing the cost up to over $21,000. Add to that the cost of fitting up quarters for the Town Engineer and Collector under the town block, and the cost of shifting them again, as was recently done, and add to that the cost of the perpetual tinkering and "improvement" that has been going on in the old buildings for the past twenty years and we would have another $2,000 or $3,000, making the total cost of the present town buildings very close to $25,000, with, at that, no quarters for two of our town officials, and no fire hall worthy of the name.

It is desirable that all the chief town officials should have quarters under one roof and en suite. We could have that if we had new town buildings which are very desirable, but which we cannot afford just at present. The cost of a new city hall worthy of the present and future importance of the town would be at least $75,000 which would mean an addition of about $6,000 to the tax rate—$3,000 for interest and the balance for sinking fund. We have worried along fairly well with the old town buildings for the past twenty years and we can make them do for another fifteen years at least. This can be done by converting the present fire hall into offices for the Collector, Town Engineer and Assessors—for the growing importance of the town makes it necessary that we should have offices in the town buildings for our Assessment Commissioner or Commissioners. The structural changes to provide these offices would not be expensive and then we should have town offices, that would meet our requirements for fifteen or eighteen years—till we became a city and felt able to erect proper new buildings.

Then, what about a fire hall? Why, build a new one, one that will meet our requirements, and the demands of the underwriters, such as cannot be satisfactorily provided by remodelling, or adding to the present premises, no matter how skilfully and carefully it be done. At the best we should have an inferior fire-hall, and at an expense greater than the results would warrant. Those who have had experience know how costly, in proportion to the results, it is to pull down, and build over. And then many of the objectionable features of the present fire hall would remain. It is absurdly rural and improper to have horse stables and manure heaps, etc., at the doors of our civic offices; it would be just as appropriate to have a scullery in connection with a drawing room. It is proposed to enlarge the fire hall by encroaching twenty feet further upon the market square. The market square is already far too small, a defect that is being emphasized every year; and since additional market space, which it was proposed to provide at the foot of Charlotte street, is not available, on account of having been converted into a factory site, it is all the more urgent to prevent the market space from being lessened. To put another series of patches upon the town buildings, for fire hall purposes, would be unsatisfactory. We should have neither sufficient town offices, nor an adequate fire hall. Whereas, by converting the present fire hall into offices, and building a new fire hall, we should have town offices that would serve the purpose, and a fire hall, such as the town must have. We can get on for a few years with town offices, that may not be just as elegant and convenient as we may desire, but we cannot do with anything but a first class fire hall, and equipment. As Alderman Johnston very properly points out, in his interview with the Examiner, "it only needs a big fire to demonstrate the necessity, as well as practical economy, of an improved fire-extinguishing system."

This is very true, and that is a good reason for building a new fire hall, that will serve the purposes of the town for years to come. That will permit of the present town buildings being made sufficient for all practical purposes. The Examiner does not wish to adopt an obstructive stand; it sympathises with Alderman Johnston's laudable desire to practice economy, but, for the reasons suggested, it submits that it would not be true economy to spend ten thousand dollars to "warm over" the old fire hall—with improved conditions, of course, but not what we want, or require — and which the town will soon outgrow. We want the best fire department we can afford, and we certainly can better afford to spend $25,000 on it, and have it first-class, than we can afford to see some great conflagration melt our big business blocks or residences into cinders. This is the way it appears to us, and we have as much interest as anybody in keeping down taxes, and in what is more important, and possibly more profitable — having a first-class fire-extinguishing equipment — adequate to our needs — satisfactory to the underwriters, and worthy of the importance of the town.

To spend another $10,000 upon the present fire hall is to largely waste it—for we shall not have a fire hall in the proper sense of the word—only another apology for one. We have already had a surfeit of make-shift expenditure in Peterborough. We must adhere to a policy of permanency in our civic expenditures. If the cost is a little more we shall have what the expenditure represents. It is hoped that the council will not sanction any expenditure on merely temporary work—till it is prepared to do something of a permanent character in the way of a suitable fire hall.

Always Remember the Full Name: **Laxative Bromo Quinine** Cures a Cold in One Day, Grip in 2 Days — E. W. Grove — on every box. 25c

GREEK FIRM TO OPERATE HERE

Mr. Michael Pappas a Man who has Travelled Widely

He Will be the Proprietor of a New Business in Peterborough.

The work of remodelling for a Greek firm the store premises in the Dolan block, No. 337 George street, formerly occupied by Mr. C. Wilhelmy, was begun this week, and is now making rapid progress. The front half of the store is to be fitted up as a city shoe shine parlour, and the other half for a shooting gallery. A large room upstairs is to be converted into a pool room, with the most up-to-date furnishings and accessories.

Mr. Michael Pappas is the name of the gentleman who has secured these premises. He is a native of Greece, having been born in Athens, where his father carries on the business of a wealthy cloth merchant.

Mr. Pappas has apparently a happy faculty of making money where others would lose. He has travelled a great deal, having spent a year in Paris, afterwards living in South Africa, Sydney, Chicago, Montreal and many other cities. In most of his adventures he has "coined money, and delights to tell how he has spent it just as fast, to make more. He is at present associated with his brother, who is interested in several Greek confectionery and fruit stores in Montreal, and who is expected to arrive in Peterborough on Saturday, to commence re-modelling the store on the corner of George and Charlotte streets, at present occupied by Mr. George Carton, for a similar business.

Mr. M. Pappas has two of these shoe-shine parlours in operation in Kingston, and one in Toronto, each doing a thriving business. From an interview with him it is learned that both premises are to be elaborately fitted up. Already expensive marble and brass fittings for the Peterborough shoe shine parlour have been placed in position, the walls are being prepared for long ranges of mirrors, and the whole furnishings are to be on a scale of grandeur beyond what one would expect for such an enterprise in a city the size of Peterborough.

GROCERY FIRM OPEN BUSINESS

Messrs. Kinnear & Company, Wholesale Grocers Have Opened

An Addition to the Business Houses of the Town.

The new Peterborough branch wharehouses of Messrs. T. Kinnear & Co., wholesale grocers, of Toronto, which have been under construction on the corner of Simcoe and Bethune streets for some weeks past, have now been thoroughly-fitted up and active business was commenced on Monday. Mr. Chas. Richor, well known in town for a number of years as the district traveller for Messrs. Kinnear & Co., will continue to look after the outside interests of the firm. Mr. G. H. Rennie, resently of the head office, Toronto will be in charge of the business office. These two gentlemen, with their assistant salesmen, have been busily engaged placing the heavy stocks in the different departments and looking after the orders which are already being booked quite freely.

This addition to the wholesale warehouses of Peterborough has been made necessary by the rapidly growing trade which Messrs. Kinnear & Co. have developed in this district. Peterborough with its railway facilities, having been found to be a very convenient distributing point for their goods, and also on account of the saving in freight, was selected as an elegible point for a branch warehouse. The location secured, alongside the G.T.R. track and within easy access to the business thoroughfare of the town, must prove quite an additional convenience to our retail grocers, and one which they will doubtless properly appreciate.

The Messrs. Kinnear & Co. is a wholesale house which ranks among the most reliable in Canada. Its reputation has enabled it to build up a large trade all over the province, and its new venture in Peterborough will no doubt be instrumental in still further increasing that trade.

CRESCENT QUARTETTE'S SECOND SEASON

Ira Sneigrove and Harley Goldey Score Success in Queen City.

The Examiner was yesterday shown a very handsome leaflet containing the announcement of the Crescent Male Quartette of Toronto, who have entered upon the second season of concert work.

Two of the members of the quartette, Mr. Ira T. P. Sneigrove, and Mr. Harley B. Goldey, are fromer residents of Peterborough, and their many friends here will be pleased to learn of their success, their appearances last season being greeted everywhere by the highest praise from both press and public.

BABY'S ECZEMA

Top of Head Covered with Scales Which Peeled off Taking Hair with Them.

CURED BY CUTICURA

Now Six Years Old with Thick Hair and Clean Scalp. Cure Permanent.

"My baby was about six weeks old when the top of her head became covered with thick scales, which would peel and come off, taking the hair with it. It would soon form again and be as bad as before. I tried several things and then went to the doctor. He said it was Eczema, and prescribed an ointment, which did not do any good. A friend spoke of Cuticura Soap. I tried it and read on the wrapper about Cuticura Ointment as a remedy for Eczema. I bought a box and washed her head in warm water and Cuticura Soap and gently combed the scales off. They did not come back and her hair grew out fine and thick. She is now a year and a half old and has no trace of Eczema."

MRS. C. W. BURGESS, Iranistan Ave., Bridgeport, Conn., Feb. 21, 1898.

Mrs. Burges writes Feb. 28, 1903:

"My baby, who had Eczema very badly on her head, as I told you before, after using the Cuticura Remedies was cured. She is now six years old and has thick hair and a clean scalp."

Instant relief and refreshing sleep for skin-tortured babies and rest for tired, worried mothers in warm baths with Cuticura Soap, and gentle anointings with Cuticura Ointment, purest of emollients and greatest of skin cures, to be followed in severe cases by mild doses of Cuticura Resolvent. This is the purest, sweetest, most speedy, permanent and economical treatment for torturing, disfiguring, itching, burning, bleeding, scaly, crusted and pimply skin and scalp humours, with loss of hair, of infants and children, as well as adults, and is sure to succeed when all other remedies and the best physicians fail.

Cuticura Ointment, Resolvent and in the form of Chocolate Coated Pills, Cuticura Ointment and Cuticura Soap are sold throughout the world. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Australia, R. Towns & Co., Sydney; Boston, 137 Columbus Ave. Potter Drug & Chemical Corp., Sole Proprietors.

THE PORT HOPE DOG MYSTERY

Collie Still Haunts the Lake Shore Near That Town.

Some of the Theories Advanced, all of Which, However Have Failed.

The mystery of the collie which haunts the beach at the foot of King street, Port Hope, is as great as ever and the riddle remains unsolved, although several theories have been exploded. The dog still haunts the lake shore as if searching for its lost master, but no steps have been taken to drag the water and there is still no definite clue to the mystery.

There is a possibility that the dog's owner was a woman. Mrs. W. Ray, of King street, was looking out of her window on the evening of Tuesday, January 24th, and noticed a lady walking among the icebergs on the beach at about the spot which the dog has since haunted. She wore a light coat and was of moderate height. A dark dog was with her. Mrs. Ray did not give the matter much attention until the collie was discovered on the beach on the following Thursday. No one knows who the woman was or whether she was the owner of the dog or not.

During the week there have been many rumors in circulation to explain the collie's conduct, but it is difficult to ascertain what foundation they have. On Wednesday morning, January 25th, the morning before the dog was discovered on the beach an old man accompanied by a black collie was said to have been seen to have got off the nine o'clock train from the north. No trace of the man or dog can be discovered.

Another rumour was that Mr. Gibbs who leaves near Trinity College School, drowned some pupies in the lake and that the dog was their dam and was looking for them. This story is without any foundation. Mr. Gibbs did not drown any pups and has no dog and besides the dog on the beach is not of the female persuasion.

It was also rumored that Mr. Greenway who also resides near the college had left on a visit to Toronto and had not been heard of since, but Mr. Greenway has not left home so that rumor is also exploded.

Another story was that a rig and team of horses had been left at the Royal Hotel on election day and had not been called for. A similar rumor was also in circulation about the Queen's Hotel, but neither has any foundation.

On Mr. William Ray, King street, who is keeping the homeless dog received a telephone message from Mr. Gross, of Niagara Falls. Mr. Cross said he had heard of the stray dog at Port Hope. He had an English collie with a white breast and tail answering to the name of "Tony", which had got on the ice at Niagara Falls and had drifted away. The description did not correspond with the dog here.

The dog at Mr. Ray's is a collie, the upper half of its body and its head and tail are black and its legs and lower part of the body a greyish brown. Mr. Ray locks the dog up every night but when it is released in the morning it still immediately runs to the lake and onto the icebergs where it stays looking into the water. It does not stay in one particular spot as the iceberg on which it was found on the first day has been carried away. The dog when hungry returns to Mr. Ray's house for food.

Although Sunday was intensely cold, large crowds made their way to the lake all day long to get a glimpse of the faithful dog.

If the owner of the dog is drowned it is possible that the body may be washed ashore in the spring.

"THE DAYLIGHT STORE"

CLOTHING THE LITTLE MEN!!!

We want mothers who have boys to clothe to know all about the quality of our Clothing and the reasonable prices which we are disposing of our beautiful

Winter Suits and Overcoats

We have everything for the boy who wants things like pa's and for the little fellow who has just stepped out of dresses.

Suits, Overcoats, Caps, Shirts, Ties, etc.

We make a study of clothing boys of all sizes and **everything the boy wears is here.** Very few stores are able to show the variety of handsome wearables that can be seen here at anything like the **Bargain Prices we are offering.**

It's seldom, if ever, that a mother brings her boy here and does not find exactly what she wants, at the price she wishes to pay.

DOE SMINISTER FAVOUR PT. HOPE?

Mr. H. A. Ward M.P. Says so in a Speech at Pt. Hope

Report Says, Minister Said it was the Proper Place for Outlet.

Mr. H. A. Ward, M.P., speaking in Port Hope, recently at a banquet in response to a toast to the Parliamentary Institutions is reported in the Port Hope Times as having said that the chief function of the opposition, of which he was a member, was to criticize He wished to mention one matter of importance. Cobourg was making every effort to have the Trent Valley Canal taken there. He had a right to criticize any inclination to grant Cobourg's desire and a right to do all in his power to have the canal brought to Port Hope. He would not relax his efforts in this direction. He had recently had a conversation with one of the ministers and the minister had told him that he had no doubt that Port Hope was the proper place for the outlet of the canal. Mr. ward thought Port Hope had no reason to despair and he urged the Canal Association and the Board of Trade not to cease agitating. He would not relax his efforts to obtain the canal for Port Hope and if backed up by the Canal Association and the Board of Trade he anticipated good results.

A LIVE STOCK SHOW AT OTTAWA

Annual Poultry and Live Stock Exhibition to be Held Next Month.

Posters announcing the Eastern Ontario Live Stock and Poultry Show which will be held in Ottawa, on March 6th to 10th, 1905, have been received. The show will be held in the new Exhibition Buildings, and the exhibits will consist of horses, cattle, sheep, swine, poultry and seed grain. The stallion show will be a feature and will provide an excellent opportunity for buyers to get some good stock. During each day of the show there will be practical live stock and poultry lectures, which should prove not only instructive but interesting.

Reduced rates will be given for freight and passengers on all railways.

DR. MACKAY'S SPECIFIC

For the Treatment of

Alcoholism

Used in Connection with the Province of Quebec Probation System with Unvarying Success.

The City Council of Montreal has endorsed this marvellous discovery. The Finance Committee of Montreal recently voted $500 to defray the expense of placing the medicine in each of the city Police Stations, as prompt application of the Treatment to bad cases will prevent the fatalities continually occurring in the cells.

No Sanitarium is required. The treatment can be taken at home. No special diet required. The desire to reform is simply necessary and spirits avoided for a few days.

This medicine is now within the reach of all, the price having been reduced. The wonderful results obtained with the worst class of drunkards coming before the Judges of the Recorders' Courts in Quebec and Montreal warrants the statement that the disease of Drunkenness can be cured—readily and surely—under ordinary circumstances and with the reasonable desire upon the part of an inebriate.

This treatment is simply the medicine of the medical profession—the only secret is as to its administration.

Dr. Mackay's discovery is the result of 25 years of practice as a specialist and expert. He is a member of the College of Physicians and Surgeons of the Province of Quebec.

The Government of Quebec through the Judges ordered over 500 boxes of the medicine for prisoners appearing in the Courts in 1904—Official Reports establish 80 per cent. of cures with these cases.

With the public and official endorsation and the record of results published it is unnecessary to waste money experimenting further. All communications private.

THE DEBATE BITTER

A Very Lively Discussion in the House of Commons.

MULOCK AND FOSTER HIT OUT

Mr. Haggart Throws Some Light Upon the Bolt Under Sir MacKenzie Bowell—The Crisis in Quebec—Sir Wilfrid Denies Anything But a Personal Interest in Welfare of the Province.

Ottawa, Feb. 11.—The echoes of the famous bolt of 1896 re-echoed through the Chamber of the House yesterday, and the veil which has hitherto covered the mystery was partly drawn aside and a brief ray of light shed upon the facts. The debate, which for the bitterness which marked it has not been surpassed in recent years, arose out of an apparently harmless complaint regarding the delays in the mail service to Prince Edward Island. An interruption by Mr. Foster when Sir William Mulock was giving an explanation led to a quick retort, and the question before the House was speedily lost sight of in the discussion of the conduct of Mr. Foster in betraying his leader. During the discussion Hon. John Haggart lifted the veil somewhat, and declared that the party was rundown for want of management and for want of a leader, and it was with the consent of Sir Mackenzie Bowell, as well as the rest of his colleagues, that Sir Charles Tupper was asked to form a Government.

All Loyal to Bowell.

There was no person but was loyal to Sir Mackenzie Bowell until it was known by his colleagues that negotiations were in progress for his abdication in favor of Sir Charles Tupper. The inference which Mr. Haggart conveyed was that on learning of Sir Mackenzie's intention the "bolters" decided to forestall him by resigning. Mr. George Taylor to a certain extent corroborated Mr. Haggart, declaring that he had been the go-between who brought Sir Mackenzie Bowell and Sir Charles Tupper together, when the "bargain" which was afterwards carried out was arrived at between them that Sir Charles should conduct the session of 1896, and then become Premier. It was noticeable that Mr. R. L. Borden, leader of the Opposition, was not present during the debate, entering the Chamber immediately after it was concluded.

The Crisis in Quebec.

A repetition of the question respecting the alleged interference of the Government in the crisis in Quebec drew from Sir Wilfrid Laurier a dignified but emphatic denial of the report that the Dominion Government had taken or were taking any part in the controversy. At the same time he confessed that he and some other members of the Cabinet were concerned in the welfare of Quebec, and he repudiated the suggestion that members of the Cabinet might not take an interest as individuals in the affairs of their Province. He appreciated the interest taken by the Opposition in the crisis in the Liberal party in Quebec. They had had crises in their own ranks before now, which they had overcome effectively, and he hoped the Liberals would also be able to arrive at a solution.

Read a Third Time.

The following bills were read a third time and passed:

Respecting the Columbia and Western Railway Company—Mr. Galliher.

Respecting the Atlantic, Quebec and Western Railway Company—Mr. Geoffrion.

To incorporate the St. Mary's and Western Railway Company—Mr. McIntyre.

Respecting the Ottawa, Northern and Western Railway Co.

Several bills were advanced a stage, and the House again went into committee of supply, and the estimates of the trade and commerce department were taken up.

Mr. Paterson's Reply.

Mr. Paterson explained that there was no change in the appropriation for the Atlantic mail service.

Thereupon Mr. Maclean asked if there was to be no improvement in the service between Canada and Great Britain.

Mr. Paterson replied that there would be an improved service when the two new turbine steamers of the Allan Company were put on, one on March 23 and the other in April. Their speed would be an average of 17 knots, which would mean a trans-Atlantic passage in about six days.

Private Bills.

The following private bills were introduced in the House yesterday:

Respecting the Toronto and Hamilton Railway Company—Mr. Calvert.

Respecting the Century Life Insurance Company—Mr. McPherson.

To incorporate the Calgary and Battleford Railway Company—Mr. Turriff.

The several items for mail services were passed, and the House adjourned at half-past 11.

Former Mayor McCue Hanged.

Charlottesville, Va., Feb. 11.—J. Samuel McCue, former mayor of this city, was hanged in the County Jail here at 7.34 o'clock yesterday morning, for the murder of his wife, on Sunday, Sept. 4, 1904. McCue confessed.

Bleeding, Protruding Piles.

Mrs. Jas. Brown, Hintonburgh, fered from nearly every form of suffered from nearly every form of Piles for twenty years, both here and in the Old Country, and have tried nearly every remedy. I am only doing justice to Dr. Chase's Ointment when I say that I believe it is the best remedy obtainable for bleeding and protruding piles, of which it has cured me."

COLD CURE

Price 25c

Relieves the head, throat, and lungs almost immediately.

I WILL REFUND YOUR MONEY IF IT FAILS.

MUNYON, Philadelphia.

SAILORS FROSTBITTEN.

Crew of British Brig Have Awful Experience in Woods.

St. John's, Nfld., Feb. 11.—The crew of the British brig Vidonio, which was caught in an ice floe and blizzard while bound out of this port Tuesday night, were found Thursday wandering in the woods and badly frost-bitten, and were taken to Petty Harbor. The Vidonia was broken up amid the ice floes Wednesday night, and the crew abandoned the wreck and reached land on foot on the ice. Being unacquainted with the coast, they were compelled to remain on the beach all night unsheltered in a gale and snow. A furious storm was raging on Thursday morning when they left the beach and attempted to find a settlement. Losing their way they wandered through the woods and were in dire extremity when a rescuing party from Petty Harbor found them, too feeble to walk further, and carried them back to that village on dog sleds.

The brig Energy, which was also held fast in the ice, held together until yesterday, but it is feared she will go to pieces, as a heavy sea was running.

C. P. R. EXPRESS DERAILED.

Narrow Escape of Passengers 400 Yards From Bridge.

Medicine Hat, N.W.T., Feb. 11.—No. 1, the westbound transcontinental express of the Canadian Pacific Railway, in charge of Conductor Burton, was ditched Thursday night.

The entire train left the track with the exception of the engine.

The accident was caused by a broken rail

The injuries received by the passengers were so slight that it was unnecessary for any to be removed to the hospital, although a special train was sent to the scene of the accident from Medicine Hat with physicians.

The accident occurred only 400 yards from a bridge.

One of the baggage cars was completely overturned, but the passenger coaches remained on their trucks.

The passengers were brought to Medicine Hat on a special, and a new train made up here to carry them on out to the coast.

Perfect Confidence.

When there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford, of Poolesville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success. My child, Garland, is subject to severe attacks of croup and it always gives him prompt relief." For sale by all druggists.

TEMISKAMING RAILWAY.

Settlers Given Quick Schedule and Government Line Prospers.

Toronto, Feb. 11.—J. H. Black, traffic manager of the Temiskaming and Northern Ontario Railway, was in the city yesterday trying to arrange for joint freight rates with the Grand Trunk and Canadian Pacific Railways on settlers' effects going into New Ontario.

A great number of settlers are now going into the country and the traffic receipts so far have exceeded the most sanguine expectations of the management. A train of new cars now runs from North Bay at 10 a. m. on Monday, Wednesday and Friday, which arrives at New Liskeard about 6 o'clock the same evening. By taking the midnight train from Toronto on Sunday, Tuesday or Thursday nights the New Ontario settler can arrive at New Liskeard at 6 o'clock that evening.

His Head Torn Off By Crane.

Montreal, Feb. 11.—Amadie Daunais, a young man of 24 years, employed by the C.P.R. at the Angus shops, suffered the terrible fate yesterday of having his head torn off by a steam crane. The young man in some way got entangled in the machinery, and before the horrified onlookers could stop the machinery the headless body fell to the ground.

French Cruiser Sinks.

Paris, Feb. 11.—According to a private despatch received at Toulon last night the French cruiser Sully, which hit a rock in Along Bay, northwest of the Red River Delta, Tonquin, has glided off the rocks and sunk. There is no confirmation of this report.

Found Dead in Bed.

Quebec, Feb. 11.—Rev. Father Guimond, cure of St. Damien de Buckland, County of Bellechasse, was found dead in his bed yesterday morning. The deceased, who has been visiting in this city only last week, was 45 years of age.

To Be Tried April 10.

Sandwich, Feb. 11.—Samuel Jarvis, held on the charge of shooting Sergt. Nash of the Windsor police force, was arraigned before Judge Horne yesterday morning, and elected to be tried at the Sandwich Spring Assizes, April 10.

Sixth Field Battery.

Ottawa, Feb. 11.—A militia order authorizes the organization of the Sixth Field Battery, C.A., with headquarters at London, Ont.

WHEAT EXPORT DUTY

Some Objections in the Way Are Pointed Out.

ASKS PERTINENT QUESTION

Is Canada to Penalize the United Kingdom As Well As the United States?—Object of Canadian Farmers Is to Sell As Much Wheat As Possible—Britain Well Disposed to Canada.

London, Feb. 11.—(C.A.P.)—Referring to Mr. Robert Meighan's proposal to impose an export duty on Canadian wheat, the Standard says the difficulties and objection to the course proposed in Canada are obvious. It is problematical whether America will ever take the greater part of Canada's surplus wheat. For that the United Kingdom is the chief market, but is the United Kingdom to be penalized also? We do not think the Canadian farmer or average Canadian Imperialist would readily agree to that, yet there would be difficulty in drawing a distinction.

The crux may be got over, but even then there remains the increasing body of Canadian farmers to reckon with. Their object is to sell as much wheat as possible, and though he may succeed we think that Mr. Meighan will have some work to do before convincing wheat growers that "sending wheat to the United States might temporarily benefit the Northwest farmer, but in the long run it would be to his disadvantage."

There is much to commend the proposal, much in it to command the sympathy of the Mother Country. After all, it is for the trade of the United Kingdom that the millers, both of Canada and the United States are contending. Canadians may be assured that we mean to do what we reasonably can to help the industry of our fellow citizens in the Dominion.

SIGSBEE ISSUES ULTIMATUM.

United States Having Trouble With the Dominican Authorities.

Puerto Plata, Santo Domingo, Feb. 11.—Rear Admiral Sigsbee has notified the Dominican authorities that if any harm is done to Lieutenant Commander Leiper, the United States cruiser Detroit's executive officer, who is in charge of the Custom House in Monte Cristi, they would be held responsible for the consequence. He landed alone, without arms, and some persons threatened him.

The authorities in Monte Cristi pretend that they have received no instructions from the Dominican Government to hand over the direction of the Custom House. The telegraph wires are being cut.

Merchandise landed from the Seminole has been placed in bond. As the Dominican authorities decline to permit Lieutenant Commander Leiper to despatch it to its destination, Rear-Admiral Sigsbee also refuses to let the Dominican collector act. The people are threatening to take the goods by force. The cruiser Newark kept a searchlight on the Custom House last night and had boats ready to land bluejackets in case of any trouble.

Many persons of unimportant standing in Monte Cristi have signed a protest against the protocol, but, generally speaking, it is accepted gladly by the rest of the country as being the best arrangement for the settlement of the claims and debts. The country is perfectly quiet.

When You Have a Cold.

The first action when you have a cold is to relieve the lungs. This best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This Remedy will cure a severe cold in less time than any other treatment, and it leaves the system in a healthy and natural state. It counteracts any tendency towards pneumonia. For sale by all druggists.

Secure Complete Separation.

Montreal, Feb. 11.—A cable from Rome yesterday says Mgr. Bruchesi has secured from the Pope the complete separation of the Montreal and Quebec branches of Laval University. It is said that Montreal will benefit by the separation.

$450 to the Ton.

Sault Ste. Marie, Feb. 11.—There is excitement in the Webbwood gold district over the finding of ore running $450 to the ton.

THE CHURCHES.

ST. PETER'S CATHEDRAL. — At St. Peter's Cathedral there will be three masses celebrated — at 6.00 a. m., low mass; children's mass at 9.15 a.m.; high mass at 10.30; Vespers at 7.00 p. m., with sermon.

ST. JOHN'S CHURCH. —Rev. J. C. Davidson, rector. February 12th, 6th Sunday after Epiphany. Services at 11.00 a. m. and 7.00 p. m.; 3.00 p. m., Sunday School and Bible Class.

ALL SAINT'S CHURCH — (corner of Rubidge and Sherbrooke streets) Rev. Wm. Major, rector. February 12th, 6th Sunday after Epiphany. Services.—11.00 a. m., Morning Prayer and Sermon; 3.00 p. m., Sunday School and Rector's Bible Class; 7.00 p. m., Evensong and Sermon; Monday 7.30 p. m., Men's Guild meeting and the Senior Girls' Guild will meet on Monday at the same hour. The pastor will conduct both services to-morrow—Morning subject, "Modern Miracles"; evening, "A Storm at Sea". Hymn books provided and strangers made welcome. Short, hearty services.

BETHANY TABERNACLE. — George street, Rev. A. H. Sturnagel, pastor Services at 11.00 a. m. and 7.00 p. m.; Sunday School at 3.00 p. m.

The morning service will partake of the nature of a memorial service in behalf of Sister Fannie Baker who was laid to rest on the first of this month. The subject will be "The Departed Saints between Death and Resurrection." Evening subject, "A Three-fold Rejection." Baptism after the evening service.

SALVATION ARMY BARRACKS — Simcoe street.—Adjt. and Mrs. Jennings in command; Captain Gates, Assistant. Sunday—9.30 a. m., Prayer Meeting; 11.00 a. m., Holiness Meeting; 3.00 p. m., Salvation Meeting; 7.00 p. m., Adjutant Jennings will speak on the year's work and read the business sheet. All are welcome.

Colds

A cold is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces the congestion and inflammation of the nasal and bronchial membranes, commonly called a cold. As the slightest cold predisposes the individual to attacks of the most severe and dangerous character, the necessity for its quick cure need not be emphasized. Take

Chamberlain's Cough Remedy

as soon as the first indication of the cold appears and all dangerous results will be avoided. It not only cures a cold quickly but counteracts any tendency of a cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases having resulted in pneumonia when this remedy was used, has ever been reported to the manufacturers or come to their notice, which shows conclusively that it is not only the best and quickest cure for a cold, but a certain preventive of that dangerous disease—pneumonia.

There is no danger in giving this remedy to children as it contains no opium or other harmful drug. It is pleasant to take.

Price, 25c; Large Size, 50c.

SATURDAY, FEB. 11, 1905.

FIRST SATURDAY POP

Y. M. C. A. Hall to-night. Story of "Jean Valjean" told by R. M. Dennistoun, Esq., and music. No charge for admission.

Sale of Bibles To-night.

The Saturday night Bible sales at the Peterborough Bookstore are proving quite a feature. To-night we will offer $1.50 Bibles for $1; and $1.75 Bibles for $1.35. These are teachers' Bibles, with the Dominion indexes, from the press of the Oxford University Co. All the illustrated magazines and newspapers as usual on sale. A. H. Stratton & Co.

Curlers' Excursion to Toronto.

The curlers are having their big annual excursion to Toronto, on Friday next. The C. P. R. is anxious to give them first class accommodation and the committee would ask all citizens who intend to take advantage of this low rate to secure their tickets as early as possible, so that the necessary arrangements can be made. Excursion train leaves the C. P. R. station at 7.12 o'clock on Friday morning. Tickets good to return on any regular train up to midnight on Saturday night. Tickets for adults, $2.05, for the round trip, children half fare. 1d

James R. Bell, 161 Hunter street. 'Phone 455. Also farm for sale.

MIDLAND FIELD BATTERY PICTURE

Large Group Picture of This Military Organization.

The Roy studio, which has turned out some excellent samples of photography contains to-day one of the most artistic group photographs ever seen in Peterborough. It is a group picture of the members of the Peterborough section of the 14th Midland Field Battery, of which the local Commanding Officer is Capt. W. C. Ackerman, and is a triumph of the photographer's art. On a buff background, photos of the members of the section, with the Commanding Officer occupying the central position, are grouped, and at the centre top of the mount is the Battery's Coat of Arms, while worked through the group are well executed scrolls, done in colours. Six photos of the guns used by the Battery, made especially for this picture by Mr. Roy, who went to Port Hope especially to do this work, are shown. The trophies won by this Battery, viz., the Lansdowne, Oswald, and Montizambert silver cups, are represented by photographs. These cups were won in 1903, as well as the Minto Cup for general proficiency in 1903-4. Those whose photos are included in the group are:—Capt. W. C. Ackerman, Serg.-Maj. Scollie, Q. M. Serg. Thorne, Serg. Boyle, Serg. Henderson, Corporals Holyane Guerin, Rickerby, Roment; Drivers McGregor, Thompson, Kemp and McGregor; Riders, Hetherington and Chaney, and Gunners Guerin, Desautel, Holmes, Knapp, Anglesye, Cawthorne, McCarthy, Fountain, Galvin, Staunton, Legrandwer and Kimball.

The picture will probably be hung in the Mess Room of the 57th Regiment, in the meantime, and later, when the new armoury has been built, will be transferred to the quarters which the Battery will have in it.

SANATORIUM ASSOCIATION

To the Editor of the Examiner:

Sir,—We hope that the citizens will not suppose that the formation of the above Association means the stopping of the effort to endow a free cot at the Gravenhurst Sanatorium. The greater part of the money for one cot has been sent off already and it is proposed to continue the subscriptions and if a proper response is forthcoming there is no reason why we should stop short at one cot.

With some 60 consumptives now suffering in the Town of Peterborough, alone, we are only touching the fringe of the trouble in providing one cot. It is because of this that the larger movement is thought of.

But in the meanwhile, until we can deal with all the cases, there is no reason why we should give up the effort to help even a smaller number. The subscription lists are still open and those who are willing to help are asked to send in a mite even if they cannot send a large sum.

ONE OF THE COMMITTEE.

TO-DAY'S MARKET

No Marked Fluctuations in Prices—Large Attendance.

The market was well attended this morning. Prices generally did not show any marked variations from those of last week.

Quite a large number of chickens were offered at prices ranging from 90 cts. to $1.35.

The price of eggs has advanced slightly, 30 cts. being the price most frequently asked. Turkeys were quite plentiful, the price ranging from $1.05 to $2.00. There was also no scarcity of butter, which went for 25 cts. to 30 cts. Honey was 10 cts. lb. The quantity of potatoes offered was quite large, the usual price being 60 cts. The only varieties of apples observed were Northern Spies and Tallman Sweets, the former being 75 cts. and the latter 50 cts. There was plenty of beef to be seen, prices being 5 cts. and 6 cts. for fore, and hind-quarters, especially pork was 8 cts. and 9 cts. being offered in large quantities. Very little wood was seen, hardwood prices ranging from $4.00 to $7.00. Oats still sticks at the 40 ct. mark, which they struck in the sharp advance of last week.

FAULTLESS REMNANTS

We came into possession of a fashionable lot of Cloth, consisting of about

50 PIECES OF TWEED MILL ENDS

Bought at less than half original prices

These Ends are perfect and free from any incorrectness. They embrace correct effects of the new Tweed stripe patterns in large and small designs, in beautiful mixtures, just the thing for Men's Business Suits, Trouserings, etc and for Boys' Suits, Ladies' Jackets, etc.

$15.00 worth $18.00 and $20.00

is all we ask for making and trimming a complete mans' Suit from any of these stylish tweeds. Wide choice of patterns. Leave your measure early. See our window full of samples.

THE SETTLEMENT NURSES' WORK

Interesting Paper Read Recently by Miss Coleman

An Explanation of the Work and Those who Perform it by one who is Familiar With It.

At a recent meeting of the Ladies' Circle of Park street Baptist church, Miss Coleman, Matron of the Nicholls Hospital, read a highly interesting paper on a subject about which little or nothing is known in Peterborough, viz., the "Nurses' Settlement Work," and since the subject was dealt with in such an able manner the text of Miss Coleman's paper is published below:—

The subject of Nurses' Settlement Work is very dear to me, though I never lived as nurse in a nurses' settlement. Many of my friends are, or were, settlement nurses, I have often visited different settlements in New York, and spent two weeks in the College Settlement on Rivington street.

Home Mission work in some form is not new. Settlement work is a very powerful form of Home Mission work, and is comparatively new. Settlement work means settling among the people and showing by example and teaching how they could live if they wished, practically showing them how to get the best in every way out of life. No one can be a settlement worker who looks on his or her work as a drudgery, or who looks down scornfully on the peoplepeople by whom he or she may be surrounded. The settlement worker is better than the neighbours, only in that he or she has had a better chance, and it is his bounden duty to pass on to others the results of that chance, to lift others up to a higher plane of every day living. It is not the settlement workers' first duty to supply coal, feed people, and in other ways encorage pauperism, to induce people to go to this church or that, or to do this and refrain from that. No, there is infinite harm done by many well-meaning philanthropists, who give to the poor indiscriminately. The settlement worker shows people how to work, or how to make the best use of money earned—makes them living men and women, not beings who exist. The settlement worker finds out to what church people should go, and gets them to attend their own services. No proselytising is countenanced.

So far as I can learn the first actual settlement work of any kind was started in England about 20 years ago, by some University men, under the leadership of one Arnold Toynbee. Following his example the "Hull House" in Chicago, and "College Settlement" in New York, organized the first settlements in the United States, and I believe on the continent. Neither of these took nursing.

Nurses' Settlement Work grew out of the work of two graduates of the New York Hospital, of whom we are all justly proud. Miss Lillian Wald, a Jewess, and Miss Brewster. Miss Brewster after years of work married, but she has since died. Miss Wald is still at the head of Nurses' Settlement work in New York, and long may she remain so. I firmly believe New York's crowded districts directly, and the upper town indirectly owes more to Miss Lillian Wald than to any other one person, unless it be Jacob A. Rils, working in conjunction with him who is now President Roosevelt.

Some time after they graduated Miss Wald and Miss Brewster rented two rooms, down among the Jews on King street. Each went to her own church, they cooked their meals properly, had proper furniture, used things properly, served and ate their meals properly, went among the people and tried to show them how to do things properly. They visited the sick, not only did things for them, but showed those to the dwellings how to do them. If they went into a home and found dirt and unnecessary untidiness (which they usually did) they attedned to the patient, showing those around how to do what they could if they knew how. They also pointed out the necessity for a clean floor, clean hands and face, a clearing away of useless rubbish and showed them how to do it, and told them to have certain things done by the time they returned. If it were not done, they would not help them, until they had done all they could. Doing for people what they can do for themselves lowers them. Showing them how to do things, and making them do things for themselves raises them. These young women had the young women come to their rooms—showed them how to spend their evenings in a better and more profitable way than they they had been doing. They generally, and with undaunted energy helped those with whom they came in contact, to help themselves. Others became interested in them, funds were advanced, they got more rooms, took more nurses, got the whole of the beautiful old home at 265 Henry street. A hundred years ago these houses were the homes of the fashionable of the city, and the houses are beautiful. A wealthy Roman Catholic lady owning some property down there, gave the use of a beautiful house she owned, which fronted on another street, but the rear of it was at the rear of the Henry street house. In time a house was opened on the east side, away up town ,on 78th street. It was in charge, for a time, of Miss Whitehaw, a class-mate of my own. Shortly after there was another house opened in the country at Tarrytown, on the Hudson, and I believe other nursing settlement houses have been opened since. Many nurses are employed to do the work and there are no drones. Miss Wald does not care to have too many nurses from one school, in fact she likes different schools, fairly evenly represented. It is well, we can profit more by mingling with those whose training is different from our own. Neither does she approve of too many of one religious denomination. She aims to keep the religious denominations well and evenly represented. There are Jewesses, Roman Catholics, Presbyterians, Baptists, Methodists, Anglicans. I really do not know of any religious limit, but whatever the nurse pretends to be, she is supposed to be.

You may not all have any idea of the people in those crowded districts. They are crowded in 1200 or 1500 people to the acre. There is a great social distinction; those who live in the front houses are infinitely superior to those who live in the rear houses. Take a block, 20 of which form a mile, you can walk across that block easily in one minute, as you leave one street you pass a house in which perhaps fifty people, or a hundred, or possibly more may be crowded, fronting on the rear of that house, and reached by a hall (if you may call it so) through the front house is another house, filled with people. Backing on the back of that house is another rear house, then the front house facing another street. Whole families occupy one room, dirt squalor, untidiness, are all they know. They think it all right. There may be a bath hid somewhere in the building, but it is probably used as the coal bin, or a dumping place for refuse, or possibly the mothers put their babies in them and know they are safe while they run over to some store or push cart to buy or gossip. They have no possible chance to be alone, and known that they can remain so. No proper dishes, no proper anything; regular meals are unheard of. Lying, stealing and other vices are common, not because the people wish to be wicked, but they know nothing else. They live from hand to mouth because they know no better. Some of them have never been out of these districts. The people do wrong because they do not know how to do right. They are poor, not because of ill fate, but because they are extravangant, and do not know how to be anything else. If they read at all, it is trashy degrading literature because they do not know how really interesting good literature is. Their dress is an offence, not because they do not spend money on it and wish to look well, but they mistake loud colours and startling modes for style. Their food is not nourishing, because it is simply something bought and hastily prepared, eaten, or better swallowed, in a hurry at irregular intervals. Their homes and persons are filthy because they know nothing else. They do not go to church, because for some reason they have never gotten started, or if foreigners, when they reached the new country no one showed them where to go. They only exist. They are worse than useless citizens, and their children will be like unto them, and it is marvellous how many of them grow up under these conditions. Their highest ideals of life is to get enough to eat and wear, and have what they consider a good time. Some of them are desperately poor, yet deserving. I well remember one man, who came to the Hudson street Emergency Hospital both hands had been badly frozen, some days before. The doctor instructed me to remove the slough and dress the hands. I fixed each finger, and put the separate dressing on, then went to put a dressing over the whole hand, when he said, "Can't you cover them separately lady?" "Why? This is much the better way." "I want to be able to work." He had gotten his fingers frozen earning a quarter shovelling snow with bare hands, in a New York temperature of 8, which is colder than a Peterborough 8. Some make a brave and noble struggle. A man, Morris by name, came for years almost daily, to have a large wound, which would never heal, dressed. When I was there in 1895 he had been coming for five years, and, when I left New York, two and a half years ago, he was still coming. He was a cabinet polisher, and supported himself, his wife, his own three children and his dead brother's three children. Others again will submit to anything rather than work, and they try to make the hospitals their refuge. But people who can groan as regularly as clock work, have good appetites, normal temperatue and pulse, have not much the matter with them except laziness, and are not kept long. Many of them are anything but poor. They can on occasions don very grand clothes. They can pay for expensive things. I knew one family who kept a delicatessen store and had back of it a dark room just big enough to contain two beds, and another room, certainly not over 10x10 feet, for I could sit on a chair and touch every piece of furniture in the room, there were a man, his wife and his brother, his little son and a sick baby, and for one and a half nights and two days, myself. When I got them persuaded to do as the doctor said and take the sick baby to the Hospital for Diphtheria, they would not take it to the free Hospital, but the Minturn, a most expensive place, not only that, but they took a special nurse with the child, and more than that the mother felt she had to see the child every day, so she had to take another room at the Minturn, making a total expense weekly of nearly $100. At the end of one week, however, the mother thought she would recover and left. The money was paid weekly and they seemed quite proud of the chance to dispose of it thus. Many noble mothers struggle to bring up their children aright. Many brave "little mothers" try to do for their younger brothers and sisters what was not, or could not, be done for them. Many lessons in Christ-like patience, and other Christ-like virtues may be learned from down town and on the east side. Many broken hearts are there. Many are grasping after a better, higher life, if only some one would point the way. Human nature has more good than bad in it, the settlement workers' aim is to try to bring out that good, and to put away the bad.

All rise early, toss back their bedclothes, dress, tidy their room, and are ready for their breakfast at 8. Each resident does all the caring for her room, except scrubbing, and such extra work; that is done by a woman who is hired to clean the halls, etc. Most of the cooking, and some other things are done by hired help. But the tables are set and cleared away by residents. Each resident pays for her own laundry; the actual house-keeping expenses are shared equally by all. If the Settlement gives a dinner or reception, or any other social function, all take part and all pay.

Sometimes, some one resident gives an at home or entertainment, and invites the others. She bears the expense. These social functions are object lessons to the people who have never seen them. For Settlement "at homes" the invitations are sent alike to up-town millionaires and down-town janitors. The janitor needs to understand that he has not to pay, and he will come. All alike are served, and it is interesting to watch the effects of the mild attempts to do as the friends of the ladies do. Very seldom does any one try to act in a disagreeable manner; they wish to please those whom they recognize as benefactors. The boisterous manner will soften, the

RUSSIA'S UPHEAVAL

Troops and Strikers Meet Again in Bloody Conflict.

ANOTHER HEAVY DEATH LIST

Rapid Spread of Labor Disorders in Russia—Conflicts With the Military Reported From Several Quarters—Over 30,000 Men Out in St. Petersburg—Revolutionary Element Is Active.

St. Petersburg, Feb. 11.—St. Petersburg is face to face with a renewal of the labor upheaval, the immediate incitement being the failure of the workmen to secure payment for the time they were out on strike, added to the fact that there has been no adjustment of the demands which led to the strike last month. The Putiloff Iron Works, where the former strike originated, is playing the principal role.

There are 30,000 workmen already out within the metropolis, and the workmen at the torpedo factory at Kolpino, eighteen miles distant, also have joined the strikers. There is a strong prospect of the movement extending. Only energetic measures by the troops and the police prevented the resumption of the former tactics of the strikers, marching from factory to factory and inducing or compelling employes to lay down their tools. Thus far there has been no disorder in St. Petersburg, but circumstantial reports that the revolutionary element is about to join with the strikers and resort to bomb-throwing are causing grave apprehensions.

The workmen yesterday held several orderly meetings in open fields, and big assemblages are scheduled for to-day. Sunday will be the crucial time. The position of the workmen is distinctly weaker than it was three weeks ago, for they are without money.

The chief storm centre is about the Putiloff Iron Works and neighboring industries. The scenes in this vicinity resembled those of the troublous times in January.

28 Killed, 36 Wounded.

Sosnovice, Feb. 11.—On Thursday a mob invaded the yards of the Katherinen Works, demanding that the workmen in charge of the electrical machinery there join in the strike. A company of soldiers intervened and a Polish officer gave the order to fire, with the result that 28 persons, including a high school pupil, fell dead, and 36 were seriously wounded. These latter were removed to a hospital, where five of them have since died. A number of others were slightly wounded.

Czar Plans "People's" Assembly.

London, Feb. 11.—The correspondent at St. Petersburg of The Daily Chronicle says Emperor Nicholas received in audience for two hours on Thursday Count Tolstoi's son, Count Leo Deonvitch, who brought his father's draft of a scheme for a "people's" assembly. The Emperor told Deonvitch that he himself had been working on a similar scheme, which would shortly be put into execution.

4 Killed, 68 Wounded.

Lodz, Russian Poland, Feb. 11.—Four persons were killed and sixty-eight wounded in a riot at the Chiebler factory, and seven were killed and forty wounded at the Marcus Kohn factory. It is said that a general railroad strike will commence Feb. 14 throughout Poland.

24 Killed, 40 Wounded.

Berlin, Feb 11.—According to press despatches from Kattowitz, Russian Poland, a collision occurred between 15,000 strikers and the military at Skarzyske, in which 24 strikers were killed and 40 wounded.

WITTE'S RESIDENCE SEARCHED.

St. Petersburg Police Go Through All His Private Papers.

London, Feb. 11.—The correspondent at St. Petersburg of The Daily Mail sends to that paper the extraordinary report that the first act of the new Minister of the Interior, M. Bouligan, on arriving in St. Petersburg on Friday was to have the residence of M. Witte, President of the Council of the Empire, searched by the police, who removed a mass of documents for examination. M. Witte was at home at the time and the police made a systematic and thorough examination of all the private papers in the house.

WILL ADVISE CHINA.

Japan's Intentions After the Close of the Cruel War—Armies Closely in Touch and Harassing Each Other.

London, Feb. 11.—The Daily Telegraph's correspondent at Tokio claims the best authority for the statement that Japan intends after the war to establish herself in Pekin as China's principal adviser.

The correspondent adds that the warship which Japan is reported to have purchased is said to be the Chilean battleship Captain Pratt. The negotiations, he continues, were carried on through an American firm. The orders for four large battleships have been placed in England, and also contracts for guns to the value of $2,500,000.

The Japanese ambition he says undoubtedly now is to invade a small portion of actual Russian territory, and an active siege of Vladivostock, therefore, is expected soon.

Armies Closely in Touch.

Headquarters of the Russian Army, Huanshan, Feb. 11.—At present the attention of the Japanese is mainly concentrated on the narrow line east and west of the railway, where also pass the two main roads to Mukden. The armies are closely in touch all along the line of Sandiapu, Pachsingtun, Chenfianpu, Liuchangtun and Shakhe.

Notwithstanding the numbers of the quasi-fortresses. The Japanese are not slackening their energy in entrenching but persist in working in the daytime in the face of the Russian batteries, and at night the loud noise of rumbling of carts gives evidence of their untiring labors.

The Russians are equally persistent, and besides harrassing the Japanese working parties with rifle and canon fire, themselves are fortifying and refortifying.

Rojestvensky's Crews Dispirited.

Port Louis, Mauritius, Feb. 11.—Arrivals from Nossi Be (off the coast of Madagascar), report that the Russian second Pacific squadron was still there on Feb. 2. The Russian ships will not leave Nossi before Feb. 28. They are getting little news from St. Petersburg and the crews are dispirited owing to the fall of Port Arthur.

Japs Blockade Vladivostock.

Tokio, Feb. 11.—Information given out by the Navy Department last night shows that the harbor of Vladivostock has been practically blockaded by the Japanese naval forces.

Entry to Vladivostock from the sea is now limited to Tsushima Straits (Straits of Corea) and Tsurgaru Straits (between Hokkaido Island and the Island of Hondo). The Soya Straits (La Perouse Straits, between the Island of Hokkaido and the Island of Sakhalin) are barred by ice.

Reports received here from Hokkaido (the northernmost island of Japan) and also from coasting vessels say Soya Straits are not frozen over, but are filled with floes and bergs, making navigation practically impossible.

It was reported from Vladivostock, under date of Feb. 1, that the Russian armored cruisers Rossia and Gromoboi had been repaired, but it is doubted whether they will emerge from the harbor on account of the extensive seizures by the Japanese of coal-laden ships bound for Vladivostock. Large stocks have been purchased by Japan, which has not ceased purchasing coal.

Kuropatkin Loses Will Power.

New York, Feb. 11.—The Herald's correspondent in St. Petersburg cables: This town is talking of nothing else but the return of General Grippenberg and the revelation he will make. Society is divided into parties over it, taking sides for either of the generals.

Dr. Botkins, who has returned from the front, expresses himself freely that General Kuropatkin is suffering from a malady taking the form of loss of will power. Coming from such an eminent physician, this opinion causes a sensation.

The town is perfectly calm. Alarmist rumors circulated yesterday are a humbug.

I am told on what I am bound to consider good authority that the grand ducal party has decided definitely in favor of peace on the best terms obtainable. This is the result of a meeting at which a vote was taken.

Where Grippenberg Rests.

St. Petersburg, Feb. 11.—General Grippenberg, former commander of the second Manchurian army, is resting in the doctors' hands, near Irkutsk, Siberia. The Emperor has sent an aide-de-camp to the general to receive important documents which General Grippenberg intended to personally hand to His Majesty.

Stoessel Arrives At Aden.

Aden, Arabia, Feb. 11.—The French Line steamer Australian, from Japan via Shanghai and Colombo, with General Stoessel and his party on board, arrived here yesterday.

GOT NO HELP FROM DOCTORS

Afflicted for Years With Neuralgia Backache and Insomnia—Though Mrs. Hamilton's Case Was Serious She Was Cured by

DR. PITCHER'S BACKACHE-KIDNEY TABLETS.

As another striking evidence of the power of Dr. Pitcher's Backache Kidney Tablets, to cure diseases where other remedies, and even doctors' treatment has failed, we cite the cure of Mrs. Andrew Hamilton, Port Robinson, Ont., who gives the story of her case as follows:

"Words fail to express the high opinion I have of Dr. Pitcher's Backache Kidney Tablets. For some years I suffered from a distressing backache which would usually begin in the fall of the year, and continue until, for weeks at a time, I was completely prostrated. I frequently had headache and neuralgia, pains accompanying it and a poor appetite.

"My whole system seemed to become affected, and my nerves so unstrung that I could not sleep. I was certainly very miserable. I tried doctors' treatment, but gave it up, as it did not help me. The various patent medicines I used, likewise proved ineffectual.

"I happened to get hold of one of Dr. Pitcher's pamphlets, and after reading it, decided to try his Backache Kidney Tablets. I am glad I did so for they helped me from the start. After taking a few boxes I had complete immunity from pain, and the serious symptoms passed away, and living was once more a comfort. I can heartily recommend Dr. Pitcher's Backache Kidney Tablets as an ideal restorative."

Dr. Pitcher's Backache Kidney Tablets are chocolate coated, small and easily taken. 50 Tablets in a vial. Price 50 cents, at druggists, or by mail. The Dr. Zina Pitcher Co., Toronto, Ont.

Detective Cullen Dead.

Montreal, Feb. 11.—Andrew Cullen, Montreal's widely known ex-chief detective, died at noon yesterday at an advanced age. Mr. Cullen was one of the best known and most successful police officials on the continent. He leaves two sons and three daughters, one son being Rev. Father Cullen of St. Mary's parish.

Lady Curzon Sails.

London, Feb. 11.—Lady Curzon of Kedleston and her three children sailed for India yesterday on the British steamer Arabia. A crowd of friends bade them farewell at the docks.

NEWS TO THE PREMIER.

Report Regarding Salary For Opposition Leader Declared Untrue.

Toronto, Feb. 11.—At yesterday's meeting of the Provincial Cabinet a number of Orders-in-Council were passed, creating joint stock companies. No matters of policy were discussed.

Edward Gurney, one of the Temiskaming Railway Commissioners, called upon the Premier, but nothing was said about the resignation of the Commissioners.

Hon. Mr. Monteith got through early and went home, as did Hon. Dr. Beaume. Hon. W. J. Hanna stayed in his office till after 6 o'clock, and has a number of routine matters for his consideration to-day, which will prevent his making a week-end trip to his home. The Premier will also remain in Toronto over Sunday. He has not yet decided when he will move his family to this city.

Premier Whitney met representatives of the press at noon yesterday and promised to have the suggested improvements to the press gallery carried out at once. A spiral stairway will be cut immediately behind the Speaker's chair.

Premier Whitney, when asked by a Globe representative as to the truth of a newspaper report that the Cabinet had decided to give the leader of the Opposition a salary equal to that received by a Cabinet Minister, replied: "It is news to me. The leader of the Opposition will, as was formerly the case, have a secretary during the sessions. But the question of a salary has not been discussed or considered by me, nor has it been brought to my attention other than in the report mentioned.

Premier Whitney has appointed Horace Wallis of The Mail and Empire staff his private secretary.

Arthur Sample, private secretary to the late Premier, is acting in that capacity for Hon. W. J. Hanna, Provincial Secretary.

Yesterday, armed with his appointment from the late Administration, Robert E. English presented himself to Governor Vanzant and awaited installation as Deputy Governor. The Governor received him cordially, but declined to accept the appointment until the new Provincial Secretary confirms it.

HOW IT SPREADS.

The first package of Dr. Leonhardt's Hem-Roid (the infallible Pile cure) that was put out went to a small town in Nebraska.

It cured a case of Piles that was considered hopeless.

The news spread and although this was only two years ago the demand prompted Dr. J. S. Leonhardt, of Lincoln, Neb., the discoverer, to prepare it for general use. Now it is being sent to all parts of the world.

It will cure any case of Piles. There is a month's treatment in each box. Sold for $1.00 with absolute guarantee.

It is for sale by druggists, or by the Wilson-Fyle Co., Limited, Niagara Falls, Ont. 4.

WENTWORTH VACANT.

Judgment Rendered in the Smith-Sealey Election Case.

Toronto, Feb. 11.—A new election for the Dominion House must take place in Wentworth, Chief Justice Meredith and Justice Teetzel yesterday declaring that "neither the respondent (Smith, Conservative), nor the petitioner (Sealey, Liberal) is the duly elected member for the electoral district of Wentworth." The judgment follows a stated case hinging solely on the question of election, resulting from a deputy returning officer numbering the ballots after the poll closed. Sealey was elected, but on the recount, the numbered ballots were ruled out, and Smith secured the seat.

There Will Be An Appeal.

Hamilton, Feb. 11.—There will be an appeal from the judgment of Chief Justice Meredith and Justice Teetzel in the Wentworth protest case. During the progress of the argument here W. O. Sealey, the Liberal candidate, said that he would enter an appeal unless the Chief Justice decided that the ballots numbered on the back by Deputy Returning Officer Valens should be counted. His lawyer, J. P. Stanton, stated yesterday afternoon that the case would be carried to the Supreme Court, as it was very important that the point should be settled for good and many conflicting decisions have been given. The seat will be vacant pending the appeal.

Earl of Kenmare Dead.

London, Feb. 11.—Valentine Augustus Browne, fourth Earl of Kenmare, died yesterday in London, aged 80 years. Lord Kenmare is remembered in Ireland for the relentless vigor of his evictions during the disturbed period of twenty-five years ago. He was born on May 16, 1825, and succeeded his father in the title, in 1871. He was a member of Parliament for County Kerry from 1852 to 1871. From 1880 to 1886 he held the office of Lord Chamberlain. His heir is Viscount Castlerosse. His estate comprises 18,000 acres.

Alliance Meets to Convene.

Toronto, Feb. 11.—The advent of the new Government finds the prohibitionists on the alert, and the executive committee of the Ontario branch of the Dominion Alliance came to the conclusion yesterday that a big gathering of the temperance people was necessary to force intelligently the demands of the new situation. It will be held on Thursday, Feb. 23.

Chamberlain's Stomach and Liver Tablets. Unequalled for Constipation.

Mr. A. R. Kane, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are in my judgment the most superior preparation of anything in use to-day for constipation. They are sure in action and with no tendency to nauseate or gripe." For sale by all druggists.

The New Way to make Bread

Send for the "Royal Household" Recipes—they cost nothing—and may mean **better bread—better pastry—better baking generally** for the rest of your life—think of what that would mean to your family. If you have never used the new Royal Household Flour, there is a delightful surprise for you in the first batch of bread you bake with it—just send a postal card for the recipes.

NANAIMO, B.C., Nov. 25th, 1904.
I have been making bread for nearly twenty-five years, and Royal Household Flour is the best I have had for either Bread or Pastry.

Sealed tenders addressed to the undersigned, and endorsed "Tender for Stable, Kingston Ont." will be received at this office until Friday, 17 February 17th, 1905, inclusively, for the construction of a stable for "B" Battery at Kingston, Ont.

Plans and specifications can be seen and forms of tender obtained at this Department and at the office of Arthur Ellis, Esq., Architect, Kingston, Ont.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p. c.) of the amount of the tender, which will be forfeited if the party tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.
Department of Public Works,
Ottawa, January 31, 1905.

THEIR NIGHT OFF

By.... Thomas E. Blackburn

Copyright, 1904, by T. C. McClure

Twombley had been watching with silent satisfaction the very artistic smoke garlands he was reeling off his post luncheon cigar. Suddenly his glance fell to the figure of the girl bending over a desk by the window. Evidently she was puzzled by the letter he had given her to his father's Venezuelan representative. She shifted her position to throw a better light on the book. Incidentally it brought her profile out sharply against the early afternoon sunlight. Twombley forgot all about the smoke wreaths.

"By Jove," he said to himself, "that's a profile for the sculptor. I wonder where she sprang from and where the governor found her."

"The governor," otherwise Thomas Twombley, Sr., had been called suddenly to London, and Thomas Twombley, Jr., was spending his summer in the office instead of at Newport or on some friend's yacht, as was his usual custom. The summer nights in town were something of a revelation to the young man, who, despite his city birth, knew little of city life, so much had he traveled with his mother.

The girl swung round to her desk, and the typewriter clicked insistently. Tom laid down his cigar and bent forward, watching her curiously. It must be devilish hard to work like that when you know you were meant for better things, thought the young fellow, and the light of a strong resolution shone on his smooth, square-cut face.

"I wonder how she'd like to spend an evening as I do around town?"

Then he paused uncertainly. Would she have the clothes to wear? He remembered the filmy, extravagant gowns he had seen at the casino the night before. Then he as quickly decided that she'd look well no matter what she wore. He strolled across the room to draw down the shades just a trifle.

"Beastly hot, isn't it?"

"Very warm," replied Miss Carruth without looking up from her work.

"If I owned the Stock Exchange or controlled big business interests I'd stop everything short in hot weather."

She looked up at him with a grave smile. "Then I'm afraid you couldn't own a yacht and a shooting box in the Adirondacks."

"That's so. The wheels of commerce must grind on the year around, I suppose."

"And what a lot of poor people they grind down!" The girl spoke to herself rather than to him.

"Oh, but the town's not so bad in summer," he said. "It's corking jolly if you know the right sort of people. I've had some good times the last few weeks."

She looked at him almost pityingly, but he did not notice it.

"You know, there are the roofs and the gardens, and nearly all the fellows in town have their automobiles. Oh, it's not half bad."

She did not answer, but resumed her writing. He went back to his desk, but the idea of giving her an evening out had become thoroughly imbedded in his mind. About 4 o'clock he rose with sudden determination.

"Oh, I say, Miss Carruth, let's knock off for the day."

"Knock off?" she said wonderingly. "I don't understand."

"Let's take a trip around town."

The girl swung around in her chair and looked at him in silent amazement. Twombley looked back at her with an engaging, boyish smile, and the faint flush which had come into her face died down again.

"I think we have been working pretty faithfully since the governor went away, and we deserve a holiday. I'd be awfully much obliged to you if you'd have dinner with me tonight, and then we will go up on one of the roof gardens and see the show."

A faint smile curved the girl's lips, and he felt encouraged.

"It's awfully jolly, don't you know, and if you have never seen that sort of thing you'd like it."

"Oh, I understand," said the girl—"you're going to give me just a taste of the life you and your friends lead. But it might make me very dissatisfied with my surroundings, you know."

Twombley found himself actually blinking at her. She put it so baldly:

"Oh, I say, that's not fair. Just for tonight I think we might be jolly good pals and forget that my father pays your salary."

The girl laughed. Twombley pulled down the lid of his desk with a snap.

"Wait," said the girl; "you must sign these letters."

"Oh, hang it," he said, "I forgot."

While he dispatched that work the girl was closing up her own affairs for the day, and when she took the letters from him and touched the bell for the office boy to carry them away he noticed that she had her hat on and a neat pair of gloves were caught through the handle of her purse.

"We'll have time for a spin in the park before we go to dinner," he said.

"I must go home first and change my frock."

He looked her over critically. The shirt waist suit was simple, but it had an air. He didn't feel quite so safe about the finery she might deem necessary for evening wear.

"Oh, don't bother," he said quickly. "You look very fit in that."

She shook her head. "I must go home, because mother would worry, and I have no way of telephoning to her."

Twombley saw that it was useless to argue the question.

"When and where shall I call for you?"

The girl flushed suddenly. "Oh, I will meet you at the park entrance. It's not far from our house, and I would much rather do that than give you the trouble of calling."

"All right," said Twombley cheerfully, and under his breath he added: "Ashamed of mamma and the little flat, I suppose. You can't exactly blame her when she's made something of herself."

At 6 o'clock she met him at the park entrance, and just for an instant Twombley felt actually dazzled. Her statuesque figure was draped in some soft, billowy gray stuff. He knew somehow that it took an artist to design and make such a dress. Her face was shaded by a picture hat of softest gray chiffon clouding pink roses.

Twombley hailed a hansom and they drove rapidly through the park to the casino. With a thrill of satisfaction he noticed that as they passed down the aisle between the lines of tables all eyes followed the slender gray figure and low murmurs of approval reached his ear. He wondered whether this was a twentieth century Cinderella, this graceful figure at his side, transformed by shimmering gray silk from the tailor made stenographer who had worked beside him for the past few weeks. She was perfectly self possessed, only a slight flush and a singularly bright light in her eyes

All patronage died out of Twombley's bearing. He was genuinely anxious now to please her. As for the girl, she displayed a knowledge of books, plays and pictures of the hour which astonished Twombley. Wonderfully adaptive creatures are the American girls, he decided. That must be the reason why it was so hard to tell whether a family had been born to money or born to make it. Before they re-entered the hansom to drive to the roof garden he had decided that money really didn't count after all.

The roof garden seemed stupid and cheap. He looked at the girl at his side, then at the occupants in the boxes around him; then he leaned toward her and whispered: "Let's get out of this. I know it's boring you. We'll go over to the Beauclaire for a bit of supper and hear the mandolin club play."

She rose with evident relief, and they walked through the quiet side street to an odd, foreign looking cafe on whose roof the mandolin and guitars tinkled limpidly. Here no lights blazed, for the moonlight flooded the scene.

The girl leaned back restfully in her chair, and Twombley smoked in silence, studying her profile the while. Somehow his father's brownstone mansion on the avenue seemed very far away. His austere and critical mother faded into a vague background. It would not be any condescension on his part, he decided. They could slip away to Italy or Japan or some other far-away place for the honeymoon, and the world would get through talking about it before they came back. A filmy cloud passed over the moon. The girl's hand, white and slender, lay on the table, temptingly close within his reach. He leaned forward impetuously.

"Hello, Twombley! What are you doing in town at this season of the year?"

Twombley scowled at the intruder; then his face cleared.

"Hello, Davidson! When did you land?"

The girl had made a move as if to rise; then she sank back in the chair, her face white and set in the moonlight.

"I came in on the Lucania yesterday and thought I'd see something of little old New York before starting for"—

He had turned slightly toward Miss Carruth, and just then the moon slipped from under the cloud, and the clear light struck her face.

"Helen!"

He leaned heavily against the table. The girl's head was bent so low that he could not look into her eyes.

"Jack," she said softly, but not so softly that he missed either the word or the tender accent with which she lingered over his name.

They had forgotten Twombley's existence. Now the newcomer pulled himself together.

"I beg your pardon, old man, but Miss Carruth and I were once—very—good—friends, and"—

"I see," said Twombley, rising, with an amused smile, "and if you'll look after Miss Carruth for a moment I'd like to have a chat with an artist friend I see buried behind a row of steins."

Without so much as a "thank you" Davidson dropped into the vacant chair.

"Helen, I've come back to look after you for always, and, dear, if you'll forgive my selfishness I'll promise you can study sociology and found working girls' clubs and endow industrial schools—anything, so you will come to me."

* * * * * * *

Twombley had forgotten all about the artist friend. He was leaning over the parapet looking down on the flaring street lamps.

"And to think I patronized her and thought there was need of a secret honeymoon in Italy or Japan. Tom, my boy, you're a fool!"

He glanced across the area of tables. The gray picture hat and a stiff, white straw were close together.

"Yes, White!"

When John Duke, Lord Coleridge, who is now Lord Chief Justice of England, was a young boy, his father, Sir John Taylor Coleridge, sent him off to a boarding-school after the good old English fashion. Feeling a little anxious over having such a little chap travel alone, his father instructed him to telegraph the one word "yes" upon his safe arrival. The telegram was duly despatched and received, but Sir John was deeply immersed at that time in affairs of State and had forgotten his parting injunction. Therefore he promptly wired back the very natural question: "Yes, what?" It was then that Lord Coleridge's early training revealed itself, and his courtesy which is now far famed came to the front. In answer to his query the mystified parent received the simple answer, "Yes, sir."—Kansas City Journal.

"Shut your eyes, close your mouth and see what look will bring you."

Many a woman is weak and sick, nervous and discouraged. She suffers from headache, backache and other ills. She wants to be well, but all she does is to shut her eyes and open her mouth for medicine and trust to luck for results. She "doctors" month after month, often year after year, in this same blind, hap-hazard fashion, and receives no permanent benefit.

Women take Dr. Pierce's Favorite Prescription with their eyes open to the fact that it cures womanly ills. It cures irregularity. It dries debilitating drains. It heals inflammation and ulceration and cures female weakness. There is no trusting to luck by those who use "Favorite Prescription."

"In the year 1888 my health was poor," writes Mrs. J. Hack, of 263 Broadway, Buffalo, N. Y. "I suffered from falling of womb, a disagreeable discharge, painful monthly periods, headache, backache and pains in the limbs. Every month was confined to bed for two or three days. Was weak, nervous and hysterical; life was a burden to myself and I made every one in the family unhappy because I was so irritable. My husband got me four bottles of Dr. Pierce's Favorite Prescription, and before I had taken the first bottle I was finding some relief. The medicine made me well and strong, free from nervousness, aches and pain, and I felt like a new woman. Before I used the 'Favorite Prescription' I had been taking another physician's medicine for nearly three months, but had received no benefit. Your medicine is certainly the best in the world."

A man or woman who neglects constipation suffers from slow poisoning. Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. Don't let a selfish seller over-persuade you to accept a substitute for these Original and Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago. Imitated but never equaled.

MARKET REPORTS.

Liverpool Wheat Closes Lower and Chicago Higher—Live Stock Markets—The Latest Quotations.

Friday Evening, Feb. 10.

Liverpool wheat futures closed to-day ¼d lower than yesterday and corn futures ⅝d higher.

At Chicago May wheat closed ⅛c higher than yesterday, May corn ⅛c lower and May oats ⅝c higher.

FOREIGN MARKETS.

London, Feb. 10.—Close—Corn — Parcels mixed American, 29s 1½d. Flour—Spot quotations, Minneapolis patents, 31s. Wheat—On passage, quiet but steady. Corn—On passage, firm but not active.

HOCKEY

The Colonials are requested to be at the Brock street rink on Monday afternoon at 5.30 o'clock as they will practice with the Karnots at 6.45.

* * * *

The local senior team has made arrangements with the Markham team to have the games scheduled for next week changed, and the Peterboroughs will go to Markham on Tuesday, the return game being played here Friday.

* * * *

The undefeated Nationals went to Port Hope yesterday afternoon and succeeded in defeating the T. C. S. team of that town by a score of 4-3. The following team went down:—

Goal,—L. Giroux.
Point,—C. Cosroy.
Cover point,—K. Pentland.
Rover,—E. Coughlin.
Centre,—O. Giroux.
Left wing,—M. Nicholl.
Right wing,—J. Gorman.

* * * *

The Karnots will lay the Colonials on Monday at 6.45 sharp, and the following line-up will represent the Karnots:—

Goal, Kingsmotts,
Point, Dormer.
Cover point, O'Dette.
Rover, Campbell.
Centre, Mulhern.
Left wing, Gilman.
Right wing, Quinn.
All the above players please be on hand sharp on time.

* * * *

The Charlotte Street Guild team went to Lakefield last night and played the team representing that town, the result being a defeat for the visitors by 9-8. At half time the score was 5-3 in favour of the wingers. The visitors found the roads difficult to travel and did not reach there until 10 o'clock. They returned home this morning.

The team was:—Goal, Webb; point, F. Roddy; cover point, Moore; centre, H. Roddy; rover, Ryan; wings, Nicholls and Saunders.

Another Case of Rheumatism Cured by Chamberlain's Pain Balm.

The efficacy of Chamberlain's Pain Balm in the relief of Rheumatism, is being demonstrated daily. Parker Triplett of Grigsby, Va., says that Chamberlain's Pain Balm gave him permanent relief from Rheumatism in the back when everything else failed and he would not be without it. For sale by all druggists.

Get yo shates on and enjoy a good time at the Foresters' Carnival, Feb. 14th. 3d

T. A. S. WIN FROM CAMPBELLFORD

Played in Cobourg Last Night for District Championship.

Score was 5-2—Game was Never in Doubt.

The T.A.S. team went to Cobourg last night and succeeded in landing the district championship in the T. V. L., by defeating Campbellford by a score of 5—2.

Much interest was taken in the result of the game as T.A.S. and Campbellford were tied previous to this—each having won their home game.

The game though characterized throughout by close, hard checking, was never in doubt, the Abstainers showing their superiority all the way through. The score at half time was 2—0 in favour of T.A.S., which lead was increased to 5—2 at full time. The teams lined up as follows:—

T. A. S.	Campbellford.
Goal.	
Clancy	Shaw
Point.	
Meagher	Lowry
Cover Point.	
Quigley	Weir
Rover.	
Deforge	Shannon
Centre.	
T. McGrath	Garvey
Right Wing.	
Rose,.....	Blewett
Left Wing.	
F. McGrath.....	Patterson

Goal umpires—Hickey and Cole.
Timekeeper—Dryden.

Mr. George Brown of Port Hope, gave good satisfaction as referee.

A dispute arose as to the time, there being two minutes difference between that of the two teams. A compromise was effected however by splitting the difference and it was during the last minute left to play that the T.A.S. scored their final goal.

A most uncalled for assault, it is claimed by the T.A.S. supporters, was committed by Cole, Campbellford's goal umpire, who attacked T. McGrath, striking him with a hockey stick.

The game was witnessed by quite a large crowd of spectators. Quite a number of supporters accompanied both visiting teams.

MISS CAHILL'S ABLE ESSAY

On "Joan of Arc" was Enjoyed by St. Peter's T. A. S. Literary Association

Interesting Meeting was Held Last Night—A Delightful Programme.

The regular fortnightly meeting of the Ladies' Literary Association of St. Peter's T. A. S. was held in the Association hall last evening when an able essay on "Joan of Arc", was read by Miss H. M. Cahill.

Miss Cahill introduced her subject by giving a clear, and concise sketch of the events that brought about the dark and fermenting storms that had been gathering over France for many years. How France had become a province of England, and the battle of Agincourt had but re-opened the wounds of France. The great importance of the taking of Orleans by the French was cleverly dealt with.

Miss Cahill carried her hearers in imagination to the village of Domrimy, on the marshes of the Lorraine in France where the heroine of her sketch was born in 1412. In beautiful language she described the early childhood of this noblest of girls; the awning of Christian sanctity that spread over her childhood home, the sweet saintly demeanor and angelic gentleness of this marvellous peasant girl. It is needless to wonder that with such a prayerful heart that she should see angelic visions, and hear angelic voices which forever whispered to her the duty of delivering France. After five years of inward struggle she leaves her home forever, to present herself at the Dauphin's Court. Her teaching the Dauphin to blush at the idea of giving up the struggle, her entry into Orleans, her final taking of the city, her engineering skill unprecedented in Europe, her crowning of the Dauphin at Rheims, her deep sympathy for her own soldiers, and pity for the suffering enemy, were most beautifully portrayed.

The crowning excellence of Miss Cahill's essay was her beautiful picture of Joan's capture by the Burgundians, her trial for sorcery, her cruel martyrdom and most edifying death.

The artistic excellence of Miss Cahill's paper brought forth favourable comments from her audience.

The following programme contributed to the evening's entertainment:—

Vocal solo ...Misses Eve and Irene Clancy
Duet ... ... Masters S. Lewis and F. Dunn

Miss Fanny Holmes occupied the chair during the evening.

The next meeting will be held on February 24th, when a paper on Robert Emmet will be read by Miss Anna Hanley.

WILL SANATORIUM BE DESIRABLE?

Letter From "Common Sense" Who Says he Thinks not.

The question of the establishment of a consumptive sanatorium in Peterborough is one which is creating considerable interest in town among the leading citizens and different views are held as to the desirability of having such an institution in our midst, some favouring it, and others, from equally good motives, doubtless being against it. A letter in which the writer holds the later view has been received, and is published below, and one favouring it is withheld until Monday on account of its length.

The Examiner invites its readers to express their views on this important question, through this medium. But the letters must be short and to the point. Length, more than quality, will, in view of the limited space at present at our command, be considered in their acceptance or rejection.

To the Editor of the Examiner:

Dear Sir,—I was present at Council meeting at which the Peterborough Sanitorium Association was formed. This association aims to build a sanatorium in our midst, mainly to prevent the propogation of tuberculosis, by isolation.

We were told there were 28 deaths from tuberculosis in Peterborough last year. Wouldn't it have been much more inspiring to have told us how many living were suffering from tuberculosis and the means taken—and available without a sanatorium—to prevent their disseminating it.

I am sure this generous association will not neglect the really great benefit they can confer upon the public along this line.

The vaulting enthusiasm manifested towards a tuberculosis sanatorium seems a paradox in the face of a sorry and unintelligible statement by a member of the Board of Health at this meeting viz., the town council, or we cant see our way clear to the building of an isolation hospital, when they know that such a hospital is a necessary and indispensable part of a properly equipped sanatorium.

If the present method of dealing with infectious diseases is the measure of the enthusiastic inspiring philanthropy of its governors, whose names largely compose the sanatorium association one need not fear at the long distance view of what in other places is proving a distinct menace to the localities in which they are situated.

Yours truly,
COMMON SENSE.

Your presence will help make a success of the Foresters' Carnival, Feb. 14th. 3d

THE GREAT TITIAN.

His Was an All Embracing Genius, Courtly, Serene, Majestic.

At once a genius and a favorite of fortune, Titian moved through his long life of pomp and splendor serene and self contained. He was of old and noble family, born at Pieve, in the mountain district of Cadore. By the time that he was eleven years old his father, Gregorio di Conte Vecelli, recognized that he was destined to be a painter and sent him to Venice, where he became the pupil first of Bellini and then of the great artist Giorgine. From the first indeed he enjoyed every privilege that an artist of his time could need. The doge and council of Venice recognized his ability, as did the dukes of Ferrara and Mantua. As the years went on kings, popes and emperors were his friends and patrons. In his home at Biri, a suburb of Venice, from which in one direction the snowclad Alps are visible and in the other the soft luxuriance of the Venetian lagoon, he maintained a princely household, associating with the greatest and most accomplished men of Venice, working on until he had reached the age of ninety-nine years. Even then it was no ordinary ailment but the visitation of the plague, that carried him off, and such was the honor in which he was held that the law against the burial of the plague stricken in a church was overruled in this case, and he was laid in the tomb which he had prepared for himself in the great Church of the Frari.

No artist's life was so completely and sustainedly superb, and such, too, is the character of his work. He was great in portraiture, in landscape, in the painting of religious and mythological subjects. In any one of these departments others have rivaled him, but his glory is that he attained to the highest rank in all. He was an artist of universal gifts. His was an all embracing genius, courtly, serene, majestic. He viewed the splendor of the world in a big, healthful, ample way and represented it with the glowing brush of a supreme master of color.—Charles M. Caffin in St. Nicholas.

Dies At Stratford.

Stratford, Feb. 11.—William Mowat, a resident of Stratford since 1855, died yesterday afternoon. Two weeks ago he had a stoke of paralysis from which he did not recover. He was proprietor of The Stratford Beacon until 1868. Later he conducted a private bank, which failed a few years ago.

Everybody wants Peterson's Baby Soothe.

ARMY EDITOR IN PETERBORO.

Col. Friederichs, Editor of the War Cry, Holds Meetings Here.

Spoke on "A Short Cut to Fortune Last Night—His Experiences in Alaska.

Yesterday was the third Sunday of the annual siege at the Salvation Army, and special services were held conducted by Colonel Friederichs, editor of the War Cry, the official organ of the Salvation Army, assisted by Adjutant Arnold.

In spite of the most disagreeable weather conditions, the crowds at all the meetings were large, and the day was counted as a most successful one by the local officers in charge.

The early morning meeting at 7 o'clock, was well attended, as was also the holiness meeting at 11 a.m., at both of which addresses were given by the distinguished visitors.

The afternoon meeting was most successful, while at that held in the evening nearly every seat was filled, and the results could not have been otherwise than satisfactory.

Col. Friederichs, who is of German extraction, is a most interesting and convincing speaker, and his address last night on "A Short Cut to Fortune," was one which interested everyone who heard it. He has an almost endless fund of anecdotes, with which he illustrates his points, and is a widely travelled man who evidently does not allow much to escape his notice.

He has had considerable experience in the Salvation Army work in Alaska, and in this way has come into touch with all classes of men, and, especially, that class among which the Salvation Army has done so much good. He went to the gold fields in 1897, with the great rush of miners, and was in charge of the first Salvation Army contingent to go into that country, consisting of eight men, and he has some pathetic stories to tell of men who went into that country to make a fortune, but who failed, and, later, drifted into the Salvation Army, to be helped by that organization. He said that 40,000 men went into the Yukon country, and of these less than 1000 made money, the rest losing what they took in, and many of them, in addition, lost their health!

The text from which the Colonel spoke last night was "Seek first the Kingdom of God and His righteousness, and all these things shall be added." He remarked that the prevailing ambition of the young men, especially of the North American continent, and to a great extent throughout the world, was to get rich, and quickly, and this desire had increased to an alarming extent during the last few years. He did not condemn a desire to make money, but on the other hand he thought it was commendable so long as the desire was to get rich by legitimate means, but people were looking for a short cut to fortune, and so far as he could see there was no legitimate way to get rich quickly. Those who had amassed fortunes by lawful means had worked hard and long, and so long as the young men of to-day were willing to work for their fortunes, he could not say anything against their ambition. He deplored the fact though that the gambling spirit was abroad to an alarming extent in the world, and he mentioned the race track at Toronto as a factor in exciting the gambling instinct in the young men, and instanced cases where young men had lost position and money as well as honour by falling into the temptation to gamble on the race track.

The speaker qualified his statement made in the introduction of his address by saying that there was one short cut to fortune, that of being born into it, and it was this short cut to fortune that he wished to speak about. He emphasized the fact that we might be born into the Kingdom of Heaven, and this was the fortune that he referred to.

The Colonel's address was eagerly listened to by the large number present, and it could not help doing good.

To-night at the Barracks, Col. Freiderichs will give a lecture on "The Red Man," illustrated with 125 lime-light views, the majority of them taken by the colonel himself.

BRIGHT STUDENTS WIN SUCCESS

What the Graduates of the Collegiate Institute are Doing.

High Honours Which Some of Them Have Won—Good Work at Victoria University.

Mr. H. R. H. Kenner at the Examiner's request furnished the following article with reference to the successful career of the graduates of the Peterborough Collegiate Institute:—

"'Tis a pleasant task to rear the tender thought,
To teach the young idea how to shoot,
To pour the fresh instruction o'er the mind,
To breathe the enlivening spirit, and
To fix the generous purpose in the growing breast."

It is still more pleasing to "wielders of the birch", to learn of the success of their pupils, when, in time, the latter are forced to forego the pleasure of basking in the sunshine of their kindly dispositions, and are enrolled as pupils in the harsh, stern school of life.

It is but natural that teachers in watching the course of their pupils in after-life, should sympathize with them in their failures and take pride in their success.

As a ray of consideration to such pupils as look upon the years of their college life as dull, monotonous and gloomy, let me say that the purest ore is produced from the hottest furnace, and the brightest thunderbolt is elicited from the darkest cloud.

From time to time my attention has been called to the very prominent positions held by ex-pupils of the P.C.I. in the student life of Victoria College.

Thinking that it might be of interest to your readers to learn what the "old boys" and—I was going to say "old girls," but that would be unpardonable—the "sweet girl graduates" of the P.C.I., have done, and are still doing at this seat of learning, I present herewith the following facts.

STIMULATING EXAMPLE.

In publishing this, well merited honour will be bestowed upon those who so richly deserve it; a stimulating example will be set for their successors to copy; and pleasure will be given to their numerous friends.

Victoria University has had but a small percentage of ex-pupils of the P.C.I. among its students, but these have played a part in college life altogether out of proportion to their numbers. W. J. Spence, who was at College, as at the Collegiate, preeminently a student, and in this capacity won high honours, was also an influential member of the Literary Society and one of the best editors of personals and exchanges that Acta-Victoriana, which, by the way, is one of the very best of College journals, has ever known.

D. J. Thom also played a conspicuous part in College life, being at different times leader of the Government, and 1st Vice-President of the Union Literary Society; and local editor and president of the editorial board of Acta Victoriana.

Mr. J. Herman Beer, another of the "old boys," has been 2nd and 1st vice-president of the Union Literary Society; has served Acta Victoriana, first as scientific editor, later as literary editor, and president of the board; has been president for one year of the College Y.M.C.A.; and in his year of post graduate work, was chairman of the Conversazione Committee.

Mr. W. J. M. Cragg also carried a variety of honours in the Y.M.C.A. and the Union Literary Society, and in his final year was business manager of Acta Victoriana.

Mr. G. E. Porter, another of Vic's College luminaries, served in a single year as athletic editor of Acta, leader of the Government in the Union Literary Society, 3rd year representative on the executive of the Athletic Union, business manager of the Glee Club, and manager of the Rugby Football Club; and his other years were almost as busy.

MORE PROUD HONOURS.

After a couple of years' break a new group of Peterborough students entered Victoria. Of these Miss A. L. O. Fife, in addition to several minor offices, held the vice-presidency of the Y.W.C.A., and the presidency of the Woman's Literary Society, probably the proudest honour a woman can hold in Victoria.

H. H. Cragg has been recording secretary and leader of the opposition in the Union Literary Society, treasurer of the Y.M.C.A. and of Acta Victoriana, first editor of personals and exchanges, and this year president and editor-in-chief.

Mr. Percy Campbell has been an officer of the College Classical Association, served two years as Athletic Editor of Acta, and has been a standard bearer in Y.M.C.A. work, and in the management of College Athletics, and now in his final year has been honoured with the presidency of his class.

Miss Maggie Hamilton has been a leader in the athletic life of the women students and has served well in various class honours.

Last, but not least, Mr. Alex. Elliott has figured on the Acta board as secretary, local editor and literary editor; on the executive of the Union Literary Society, as corresponding secretary and leader of the Government; and on the Alma Mater Society, the most comprehensive and authoritative of student organizations, as one of the framers of its constitution, its first secretary and its second president.

These facts are very significant in view of the fact that there are only four men and three women students from the P.C.I. in a student body in the neighbourhood of 300.

Perhaps these facts are even more striking when presented in another light. In the academic year of 1899-1900 five of the most important members of a board of 12 of Acta Victoriana were Messrs. Thom, W. Cragg, Beer, Spence and Porter, all P.C.I "old boys" and representative of about 10 Peterborough students in a total of 250.

A similar condition has come over Acta again in the present generation, where in their final year, the two most significant offices on the board are held by Messrs. H. Cragg and Alex. Elliott, the former being editor-in-chief and the latter literary editor. In their junior year Messrs. Cragg, Campbell and Elliott held sub-editorships; and in their second year Messrs. Campbell and Elliott were on the board.

Or again at present H. Cragg is at the head of Acta; P. Campbell is president of the fourth year class; G. Brown president of 3rd year class and Alex Elliott is president of the Alma Mater Society.

At the present time D. Thom is practising law; W. Spence adorns a professional chair; G. Porter is pursuing advanced studies; and Messrs. Beer and W. Cragg are doing ministerial work.

GREAT CREDIT DUE.

All the more credit must be given to these pupils because of the fact that during their College course they did not get as much help as they should, and would have got, had there been better facilities for attending to one corporate life of the school. In anticipation of the new Collegiate there has been during the present academic year an awakening along this line. The annual field day for sports was again held; a flourishing literary society meets at the Y.M.C.A.; and in the near future a school journal is about to make its appearance.

In conclusion, though not an alumnus of Victoria, I am pleased to bear testimony to the very excellent work which is being done there. There is every facility afforded for an all-round development and amongst its students there is to be seen a strong esprit de corps which is good evidence that affairs are in a good state. Victoria is not, as some suppose, merely a preserve for "sky-pilots," nor an El Dorado for millinery artists.

SPECIAL ANNOUNCEMENT

PETERBORO' MEN AS GLADIATORS

An Exciting Experience With mad Bull in Otonabee.

How two Local men won Distinction for Themselves—They Went Well Armed.

Bull fights are not confined to the boundaries of Mexico, for on Saturday a portion of the residents of Otonabee had the privilege of witnessing a real genuine wild western bull-fight.

One of the farmers of this township was in possession of an animal of the bovine species, which, because of approaching old age, had become cross, and vicious. The owner, who was afraid that if the animal were allowed to live he would do someone injury, decided that the time had come when he should be put out of existence, but just here a serious complication arose, for who was to do the job? The owner did not relish the project of a personal encounter with his bovine highness, but a bright idea occurred to him and he remembered that he had heard of two gentlemen in Peterborough who had had some experience in western life, and who moreover had plenty of courage. So he decided to ask those erstwhile cowboys to help him in his dilemma. He came to town and saw the gentlemen referred to, who, when they had heard his request, scenting a taste of the western life which they had enjoyed in the days gone by, readily agreed to try their hand at the gladiatorial art. Accordingly on Saturday morning the two gentlemen referred to armed themselves to the teeth with revolvers, guns, knives, clubs, ropes, etc., and drove to the Otonabee farm, the home of the animal which was to be slaughtered.

They prepared themselves for the fray and after a half hour's bloody fight they were victorious, and they returned home in high spirits, cheerful in the successful result of their mission, having converted the bovine into beef.

The gentlemen are telling their friends to-day of their fight, and any others who have any bulls which they wish sent into another world, would do well to consult these gentlemen.

2 THE DAILY EXAMINER PETERBOROUGH MONDAY FEBRUARY 13 1905

We Paid $100,000

For Liquozone, Yet We Give You a 50c. Bottle Free.

We paid $100,000 for the American rights to Liquozone; the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years, through physicians and hospitals, in this country and others. We cured all kinds of germ diseases with it—thousands of the most difficult cases obtainable. We proved that in germ troubles it always accomplishes what medicine cannot do. Now we ask you to try it—try it at our expense. Test it as we did; see what it does. Then you will use it always, as we do, and as millions of others do. You will use it, not only to get well, but to keep well. And it will save nearly all of your sickness.

Kills Inside Germs.

Liquozone is not made by compounding drugs, nor is there alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of $1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

There lies the great value of Liquozone. It is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact that gives Liquozone its worth to humanity. And that worth is so great that we have spent over one million dollars to supply the first bottle free to each sick one we learned of.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Asthma	Hay Fever—Influenza
Abscess—Anæmia	Kidney Diseases
Bronchitis	La Grippe
Blood Poison	Leprosy
Kidney Diseases	Liver Troubles
Bowel Troubles	Malaria—Neuralgia
Consumption	Many Heart Troubles
Colic—Croup	Nervousness
Catarrh	Pleurisy—Quinsy
Cancer—Cancer	Scrofula
Dysentery—Diarrhœa	Smallpox—Syphilis
Dandruff—Dropsy	Skin Diseases
Fevers	Stomach Troubles
Female Troubles	Throat Troubles
Erysipelas	Tuberculosis
Fevers—Gall Stones	Tumors—Ulcers
Goitre—Gout	Varicocele
Gonorrhœa—Ghost	Women's Diseases

All diseases that begin with fever—all inflammation—all catarrh—All contagious diseases—all the results of impure or poisoned blood.

In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please, accept it to-day, for it places you under no obligation whatever.

Liquozone costs 50c. and $1.

CUT OUT THIS COUPON

for this offer may not appear again. Fill out the blanks and mail it to The Liquozone Company, 338-346 Wabash Ave., Chicago.

My disease is.....

I have never tried Liquozone, but if you will supply me a 50c. bottle free I will take it.

Daily Examiner.

MONDAY, FEB. 13, 1905.

THE LUMBER TARIFF.

The result of the Dominion general elections of 1878, when the Liberals, to use a seasonable metaphor, were snowed under, and the results of succeeding general elections certainly afforded convincing proof that the people of Canada were determined to adhere to a policy designed to build up Canada, not only as an agricultural country, but also as an advanced manufacturing community—and to extend as completely as possible to every national activity and undertaking the spirit of the motto, "Canada for Canadians." This national resolve has been so great a source of strength and success to the Conservative party, that the many scandals that marked their record the death of the Chieftan and even the internal disruption that resulted in the retirement of Sir Mackenzie Bowell, would not, it is certain, have resulted in Conservative defeat. It was the rising glory of Laurier, his potent personality and stainless record and his great ability, conjoined with Quebec pride of race, and the effect of the Remedial Bill matter upon the English speaking electors, which overshadowed the fiscal policy of the contending forces. In view of these facts which have had ample corroboration through all the intervening years to the present, there is little need for the Examiner to waste effort to convince its readers, that the people of Canada are strongly committed to a Canadian policy, that is a policy of Canada for Canadians in the large sense. The leading Liberal journals of Canada will have little call to contribute to the weakening, and, if the process is continued, ultimate overthrow of the Liberals, by fostering the idea that the Canadian manufacturer is a wolfish creature, with whetted fangs ready to rend and worry the people of Canada.

The recent submission of the case of the Canadian lumbermen to Sir Wilfrid Laurier and his Government affords food for thought, and the reply of the Premier affords grounds for the assumption that the Government at Ottawa will take an attitude on the subject which will relieve the lumbermen of Canada of the menace of the encroaching greed of our neighbours to the south. So long as the United States Government imposes a tax of $2 per thousand upon Canadian lumber entering their country, so long will the demand that a countervailing duty be imposed by the Government of Canada, be amply justified. We do not agree with the attitude of some of the Liberal press upon this question. The farmers of the Canadian West are prospering; they are erecting substantial houses, barns and sheds to protect their implements, etc., and in this connection, all that Canadian lumbermen ask, is to be permitted to supply the lumber for these purposes, and not be underbid by American lumbermen, who can run their lumber across the border duty free, while the Canadian lumberman, to find a market, if the home market is thus taken from him, has to pay a duty of $2 a thousand to get his lumber across the line. This does not seem fair or just, and the lumbermen of Canada expect justice at the hands of the Liberal party, as represented by the present Government. The discredited cry, that we must relieve them by letting in Americans, with flour and mill machinery, at a lower rate of duty, from fear that that they would cut into the business of the Canadian machine builders, can give no relief whatever to mill-owners, who have their places erected.

The Western farmer is by no means an object of pity, or in a distressed condition. This argument is too reminiscent of the old campaign cry of 1878, which landed the Liberal party in the "cold shades" of opposition for eighteen years. The Western farmer has had much done for him. We have built the C.P.R., and other railways, for him, thus opening up the country, and providing traffic facilities for his benefit. We are about to build the Grand Trunk Pacific for his further benefit. We have even surveyed his land, and then made him a present of it. He has not only this exercise of paternalism in his his favour, and also the most productive soil in the world, but he has tariff rates fixed in his favour. He is protected from the competition of the American farmer, by heavy duties on grain, roots, and the whole range of field production, and yet for the Northwest farmers further benefits are sought. There are those who want the Canadian manufacturer and lumberman exposed to open and onerous competition, for the benefit of another class of Canadians already well protected—to sit quietly by and see their mills and factories shut down by a policy of injustice. The Examiner will not defend an injustice of this kind. If lumber is a necessity for the West, so are boots and shoes, blankets, clothing, wagons, farm implements, furniture, etc., and the same argument that demands free lumber continued, might consistently demand the placing of the necessities mentioned, upon the free list as well. We believe that the West should be opened up, and we heartily approve of the policy of the Government, looking to this desideratum. There should be no obstacles avoidable placed in the way of the Western farmer. But there are other places in Canada besides Manitoba and the West. In the interest of the latter consists one of the strongest arguments for the opening up and development of the great Northwest as a market for the manufactured and commercial products of Eastern Canada, whose interests must be considered apart from the British, as well as the American manufacturer, and our estimate of the spirit and mettle of Sir Wilfrid Laurier is at fault, if he is not equal to the demands of the situation. We have faith in Sir Wilfrid Laurier. We believe his aims and his policy are directed to the building of a nation whose children shall find employment for their skilled enterprise and industry, and profitable markets, largely at home, for their products, and that, regardless of whether such conditions shall suit Dr. Meyers, and those who pose as loving the Empire better than their home.

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

THE SETTLEMENT NURSES' WORK

Interesting Paper Read Recently by Miss Coleman

An Explanation of the Work and Those who Perform it by one who is Familiar With It.

(Continued from Saturday.)

rough language will grow quieter. Notice is taken of the dress, and wild and amusing, and very pathetic attempts are made to dress more like the ladies. The more favoured ones take a pleasure in making the others comfortable and at ease. Only those who are likely to go so, are invited. They do not patronise; no one is quicker to scent patronage, and resent it, than the inhabitants of tenement houses. The actions, talk, manners, dress, etc., of the uptown guests are afterwards discussed at some of the clubs, and much good is thus done.

The blinds of the dining rooms and parlours are never drawn. Some little urchin may run in during a meal. He is given a place, and time is taken to show him how to eat properly. He must use knife, fork and spoon properly. He may not hold his cup in his hands, and lean his elbows on the table. He may not grab; he must wait till all are served. Thus a little seed is planted. He may return—he may not.

All must be prompt at meals. After any meal is over, each resident gathers up his own dishes, and all are packed, ready to be sent to the kitchen for washing.

Then, the day's routine of duties begins; each resident has her own work. One attends to the housekeeping; another attends to the business, and with different clubs, classes and individual cases, there is any amount of it. Some go to the dispensary; different doctors give their services, but most of the dressings are such as nurses can do. Another may go to the police court, and see that certain ones in whom the Settlement is interested get fair play, or she may be able to show why some one did some particular wrong. They are known to the officers, and very often can get some wrong doer who really did not know any better, or who stole because his children were hungry, or who for some reason deserves to be given another chance. The Settlement tries to watch and help these, and very often succeeds. This is a great work. A boy or girl is finished, when once an entrance is made to the House of Refuge. If they are adepts at one form of wickedness when entering they are at many when they go out. An adult may have been drinking; a helping hand given at this time often rescues them. One may have done wrong because he had not know how to get work. Work is found. Of course all cases which are thus helped do not profit by the help, but many do. All of these people are invited to some of the clubs or classes. Others work in the Nurses' Settlements, visit the homes of the sick, either old cases on their lists, or new ones whose names have been handed to them. If any one is ill, doctors are not very plentiful, and word is sent to Miss Wald. She appoints the house to the nurse on whose route it is, and that nurse does as she sees best. Remember it is very hard to get a doctor, and many who are called doctors the people do not trust, nor do we. Fortunately for the Settlement worker young doctors go down often—some for the practice, some through philanthropy. The nurse enters a house new to her. The patient may have been ill for a long time, and cannot be moved. The nurse fixes her up as well as she can, and sends for a doctor who is a doctor. She insists that those in the house make it clean. There are always lots of neighbours. She gets whatever the doctor orders, and prepares it so that the neighbours can give it. In fact she arranges so that the people who are there can carry out the orders, and get the place clean. She tells them that her directions must be carried out. If necessary, she comes again that afternoon, and if her directions have not been carried out they hear of it. In fact, she sees that they do their part, else she will not help. When she that they are trying to do as she desires, she invites them to the Settlement home, at such times as she sees especially fit for them. Does the case require hospital care? To the hospital the patient goes. Is it just a little care that is needed? The case is given to others, and they are shown how to give that care. Is it a mother with little ones, or, more pathetic, one of those "little mothers," with which the great city teems, if possible she is cared for where she is; but if not, her family is looked after while she is away, and they are really looked after, not simply put where they can get enough to eat, cannot poison themselves nor break their necks.

Where needed, dressings are done, beds are made, baths are given, nourishment is made and given. Of course in many cases the nurse has to provide these, food, medicines, soap, etc. Still every effort is made to have the people earn what they get. They give those who can work a chance to work, and if they will not take that chance they need not expect assistance. They must help themselves as much as they can. Indiscriminate giving is a dangerous enemy to decency. The Nurse's Settlement worker meets the people by going into their homes, and the patient is not dropped until the patient goes to the hospital, or gets better, or dies. If the patient goes to the hospital an effort is made to have the home and family ready to receive the patient when well enough to return. Except in cases where very sick ones require evening visits the nursing part is over by one or half past. Then club or class work begins. There are mothers' classes. They come and bring their babies; the babies are cared for while they are at the club. They are taught how to dress and feed their little ones. They are talked to about the care of their homes, etc., and must profit to a greater or less extent. They are taught the use of soap and water, combs, etc., and tooth brushes. The Settlement residents try and use in every day life only such things as their neighbours could use if they knew how and would.

They are taught how to buy meat economically and cook it to get the most good out of it. They are taught the value of bread, vegetables and fruit, rather than the cheap pastry, cakes, candies, etc. They are told how they may buy good plain furniture. They use the daintiness of white table linen. They are taught to mend their clothes. The little children are taught kindergarten work. In the evening there are classes for young men and young women, and older ones, too, who are employed by the day. All sorts of classes and clubs meet in different rooms on different evenings. There may be two or three going on at one time. They are not all working; some are purely social, some are religious, but all aim to make useful, all-round, God-fearing citizens. Sometimes two or more of the clubs unite and give an entertainment.

Right is right, because it is right, not because gain is to be gotten, though the matter of gain must be counted at first. They are taught to buy and sell honestly, to be clean in person and in speech, to go to whatever church they should go, and efforts are made to provide proper clothes to attend service, but they are not asked to go to this or that church—they are told to go to their own, and the people's prejudices are repected.

If it is found that any particular boy or girl has some talent, an effort is made to give him or her a chance to have that talent cultivated, and if the talented one works honestly, his success is ensured. In St. George's church there was a wonderful boy soprano, an Armenian aged 11. Some Settlement worker had brought him to the notice of the choir-master, and the result was that one of the church societies took the child were training him, and paid his board and lodging in the house where nine nurses bourded. We were interested. One of our number was then at the Settlement, so one of the nurses got some pink flannellette and made him some nice warm night shirts. The poor child was very grateful but did not know if it were right for him to have such nice nighties when they were better than his mother and sister had!

While conditions in Peterborough are not anything like they are in a large city, still human nature is the same the world over, and it becomes degraded if it is neglected.

You all know the result of the canvas about a year ago. It was revealed that there were many houses were people never went to church, where a minister had never set his foot. You know better than I, the life the foreign element leads. Many of you must know of cases where a mother is ill, and cannot leave her family to go to an hospital. A Christian nurse going in once or twice a day would hasten recovery. The doctor cannot go so often, and if he could, no man could do what the nurse could, any more than can a nurse do a doctor's work. They are distinct and each needs and is dependent on the other. There are chronic cases which are not proper as hospital cases; a daily visit from a nurse would be a great comfort. There are homes to be prepared for the home-coming of the patient, well but not strong, and once a Settlement nurse gets into a home, if she is tactful she can do a lot of uplifting.

You all know how some families will go to a certain church for a time to get a ton of coal, or less; how our Sunday schools fill up before Christmas. I think there is too much giving of that sort, and it pauperizes, and there is far too much given free in this town. Settlement workers aim to teach people the true value of themselves and of their immortal souls—that it is not honest to take for nothing what they should work for. I hope the day is not far distant when there will be Settlement work done in this town, and that work provided for by the united efforts of ALL the churches of the city, perhaps in conjunction with the charity board of the town, though Settlement work is not charity work in the ordinary sense of the term.

THEY KNOW IT.

Thousands of people throughout the country know that the ordinary remedies for piles—ointments, suppositories and appliances—will not cure.

The best of them only bring passing relief.

Dr. Leonhardt's Hem-Roid is a tablet taken internally that removes the cause of Piles, hence the cure is permanent. Every package sold carries a guarantee with it.

It is perfectly harmless to the most delicate constitution. A month's treatment in each package. Sold at $1.00. At any drug store, or The Wilson-Fyle Co., Limited, Niagara Falls, Ont. 5

ST. PETERSBURG IS QUIET

Although It Was Expected Neither Students Nor Strikers Attempted to Make a Demonstration Sunday—Joint Commission of Masters and Workmen Created By the Emperor—The Effect Good.

Warsaw, Feb. 13.—Baron Von Nolken, chief of the police of Warsaw, who had just returned from a conference with Governor-General Tchertkoff of the Province of Warsaw yesterday gave the following details regarding the state of affairs in this district.

"The strike continues in all of the big factories. To-morrow the manufacturers are coming to me to discuss the situation, and Tuesday I purpose seeing some representatives of the strikers.

"Unless the strikers return to work, the police will expel all those living outside of the Warsaw district. If they will not work they must go home. The men have no money, and it seems impossible that the strike can continue much longer. Our task is one of great difficulty. We are fighting not an economic, but a political movement, having its origin in St. Petersburg.

"The worst troubles, however, probably are over. Small disturbances may break out here and there, but not on such a scale as the earlier riots here."

Czar Grows Wise.

St. Petersburg, Feb. 13.—The news that the Emperor has endorsed the scheme for the revival of the Zemsky Zabor has spread through the city and created intense satisfaction among the Liberal classes. The newspapers this morning were filled with articles descriptive of this ancient Russian institution. The general verdict is that the Emperor has succeeded in shaking off reactionary influences and now proceeds in good faith to summon the Zemsky Zabor. He will rally to his support the Liberals, and perhaps arouse a wave of genuine enthusiasm.

CREATES A COMMISSION.

By Order of the Czar Masters and Workmen Will Investigate.

St. Petersburg, Feb. 13.—The anticipated renewal of trouble among the workmen yesterday was not realized. Neither strikers nor students made the slightest attempt to demonstrate, and throughout the day the city presented a normal appearance. The Emperor's creation of a joint commission of masters and workmen chosen by themselves to investigate the causes of discontent among the laborers has made an exceedingly good impression, being considered definite evidence of the Government's purpose to compel some of the rapacious masters who have paid starvation wages to do justice to their employes.

The Imperial decree ordering the formation of the committee, reposes the presidency of the body in Senator Chidlovski and instructs the committee to ascertain immediately the causes of discontent of St. Petersburg workmen and devise measures to prevent such discontent in the future. The committee consists of representatives of Government departments, the various industries and the workmen. The president is authorized to report in person to the Emperor and determine the number and mode of selection of the committee.

At the Mali Theatre last night, a scene was created by cries of "Down with the autocracy!" and personal abuse of the Emperor. The demonstrators were ejected from the theatre. The police continue to make arrests. M. Souverin, in the course of a sarcastic editorial article in The Novoe Vremya, suggests that the best egress from the present trouble is to invite an American syndicate to come in and take over the Government, "as Americans make the best managers of big enterprises."

FORMER REVOLUTIONIST.

Proposes View of Independence Party On the Emperor-King.

Vienna, Feb. 13.—Francis Kossuth, the leader of the Independence party in the Hungarian Parliament, was received yesterday morning by the Emperor-King and discussed for an hour with him the Hungarian political situation and Cabinet crisis. Owing to the sweeping victory at the polls on Jan. 26 the Opposition now controls the Lower House.

Herr Kossuth has declared that it is now impossible to govern Hungary without the help of the united Opposition party or against its wishes. He expressed fully the views of himself and his party. The Emperor listened attentively, but did not make any reply affecting the situation.

Herr Kossuth's interview with the Emperor is regarded in Austria and Hungary as an historical event because, it is believed, it will actually lead to closer relations between the House of Hapsburg and those Hungarians who have been opposed to the existing double form of Government.

Bleeding, Protruding Piles.

Mrs. Jas. Brown, Hintonburgh, fered from nearly every form of suffered from nearly every form of Piles for twenty years, both here and in the Old Country, and have tried nearly every remedy. I am only doing justice to Dr. Chase's Ointment when I say that I believe it is the best remedy obtainable for bleeding and protruding piles, of which it has cured me."

FLESH BUILDER

The liver of the cod fish produces oil that is a wonderful flesh builder. No fat or oil can compare with it in that respect. To get the best out of it, it must be emulsified and made like cream. In Scott's Emulsion it is prepared in the best possible form to produce the best possible results. Thirty years have proven this.

We'll send you a sample free.
SCOTT & BOWNE, Chemists, Toronto, Ont.

RUSSIANS REPULSED

Attacked Waitaoshan Village and Were Driven Back by Japs.

SAME FATE AT LIUCHIENTUN

Russian Dead Buried After the Battle of Keikoutai Numbered 2,000—At This Battle Japs Captured Two Thousand Rifles—Kuropatkin Reports Repulsing a Japanese Attack—To Join Rojestvensky.

Tokio, Feb. 13.—Japanese Manchurian Headquarters telegraphs that a company of Russians attacked Waitaoshan Village on Friday night and were repulsed.

The Russian batteries on the western foot of the mountain shelled Putsaowo on Friday.

A company of Russians attacked Liuchientun early on Saturday morning and were repulsed.

The Russian artillery then slowly shelled Liuchientun and vicinity.

The Russians have continued their defensive works to Liuchientun, and seem to have extended their right along the railway to Siaofangshion, which is about a mile and a quarter east of Mentapaon.

Dead Numbered 2,000.

Tokio, Feb. 13.—The Japanese captured an eminence south of Chankchiehia on the morning of Feb. 9, driving off two companies of Russian infantry.

The Russians have continued shelling Field Marshal Oyama's centre and left since Thursday.

The Russian dead who were buried after the battle of Keikoutai totalled two thousand.

The Japanese on that occasion captured two thousand rifles.

Kuropatkin Reports.

St. Petersburg, Feb. 13.—General Kuropatkin reports:

"Our sharpshooters repulsed Thursday a Japanese attack on a hill three miles southeast of Tunkou."

Large bodies of Japanese troops have been noticed in the last few days manoeuvering on the Russian right flank, where part of General Nogi's army is. The Japanese are energetically fortifying Vandyanopu, Yatzupo and Malandan Villages, south of Sandepas, and also the districts of Toutoitzi, Tzutsaphedzi and Hunantai, on the right bank of the Hun River.

Kuropatkin and Grippenberg.

St. Petersburg, Feb. 13.—There is a new crop of rumors concerning General Kuropatkin and Lieut.-Gen. Grippenberg. One of them is that Vice-Admiral Bezobrazoff has gone to Irkutsk to try and persuade Gen. Grippenberg to return to Manchuria. Gen. Grippenberg's illness is declared to be not serious. Another is to the effect that the admiral's mission is to report to the Emperor the truth concerning allegations made that Gen. Kuropatkin is no longer fitted to command.

To Join Rojestvensky.

Algiers, Feb. 13.—The Russian torpedo boat destroyers Prosolivy and Prouzitelny, after having been repaired, left here Saturday to rejoin Rear-Admiral Rojestvensky's squadron.

German Steamer Seized.

Tokio, Feb. 13. — The German steamer Paros, bound for Vladivostock, was seized off Hokkaido on Friday. Her cargo consisted of shipbuilding materials and food stuffs.

Lew Wallace Sinking.

Crawfordville, Ind., Feb. 13.—Gen. Lew. Wallace is sinking. The venerable soldier has been battling against death for nearly a week, with two nurses in attendance, and is declared to be at death's door. The friends and family of the general have been keeping his exact condition from the public, but late last night it was announced that his condition was hopeless.

Get An Increase.

Detroit, Feb. 13.—The first labor contract concluded this season on the great lakes was signed here Saturday night when the Great Lakes Tug and Dredge Owners' Protective Association reached an agreement with the International Brotherhood of Steam Shovel and Dredge men. Improved incidental conditions are considered equal to a general increase of 7½ per cent.

$500,000 Damage By Ice.

Cincinnati, O., Feb. 13.—Half a million dollars worth of river property was placed in jeopardy, one steamer sunk, another carried down the river in the ice, 150 barges torn loose and sent down the river, and several steamers seriously damaged yesterday from the break-up of the ice gorges at this point in the Ohio.

ATTEMPT TO ASSASSINATE.

Stranger Fired Two Revolver Shots At Bishop Kaminski of Buffalo.

Buffalo, Feb. 13.—An attempt to assassinate Bishop Kaminski of the Independent Catholic Church (Polish), was made Saturday night. Two revolver shots were fired at the bishop at close range, but he escaped uninjured. The would-be assassin escaped and no arrests has been made.

A stranger called at Bishop Kaminski's house late Saturday evening. He asked for the bishop, who at once went to the door. The stranger asked for money, and without waiting for a reply pointed a pistol at the bishop's head and fired. The bullet struck the door casing.

Bishop Kaminski hastily retreated to his studio, followed by the stranger, who fired a second shot before the revolver was knocked from his hand by another occupant of the house. The stranger then ran out of the house and escaped.

The secession of Bishop Kaminski's Church engendered much bitter feeling among the Poles on the east side.

CARS TOPPLED OVER.

Accident On C.P.R. in Which Six Persons Were Hurt.

Ottawa, Feb. 13.—Six persons were injured in an accident Saturday forenoon on the Gatineau division of the C.P.R. The express bound from Manwahi to Ottawa was partly derailed near Low, two passenger cars leaving the track on account of a snow flanger attached to the rear end running off. The cars toppled over and nearly went down an embankment.

The injured were: J. A. Cameron, Rockland, head bruised, hand badly cut; A. W. H. Gibson, Hull, nose broken, leg cut; Lewis Henry, Ottawa, cut in head and back injured; Mrs. Thomas Grace, Ottawa, cut in face, teeth knocked out; M. Mahoney, Low township, head and chest injured; J. A. Gifford, Ottawa, left leg bruised.

The injured people were attended to by doctors from Wakefield and Ottawa.

Aged Farmer Found Hanged.

Brantford, Feb. 13.—With head partly severed, the dead body of Joseph Jellis was found dangling from a rope in an outhouse at 304 Chatham street yesterday morning. Jellis was about 70 years old and some time ago sold his farm near Calnsville and came here to live. On Saturday morning he disappeared. It was not until noon yesterday that he was found. He was well off and there is no reason for his rash act. The coroner, Dr. Fissette, has investigated the case and decided to open an inquest to-day.

Colds

A cold is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces the congestion and inflammation of the nasal and bronchial membranes, commonly called a cold. As the slightest cold predisposes the individual to attacks of the most severe and dangerous character, the necessity for its quick cure need not be emphasized. Take

Chamberlain's Cough Remedy

as soon as the first indication of the cold appears and all dangerous results will be avoided. It not only cures a cold quickly but counteracts any tendency of a cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases having resulted in pneumonia when this remedy was used, has ever been reported to the manufacturers or come to their notice, which shows conclusively that it is not only the best and quickest cure for a cold, but a certain preventive of that dangerous disease—pneumonia.

There is no danger in giving this remedy to children as it contains no opium or other harmful drug. It is pleasant to take.

Price, 25c; Large Size, 50c.

AN ELECTION AFTERMATH.

C. G. E. Test Department Spend an Enjoyable Evening—The Losers "Settled."

A pleasing event took place on Saturday evening at Long's Palm Parlours when the members of the C.G.E. Test Department, who are of the "Grit" persuasion, "settled" with their "Tory" brethren, a debt which was contracted at the time of the recent election.

Fourteen members were present at the affair, which was in the form of an oyster supper. An informal toast list was run off, which with some well-told anecdotes and a few songs completed the evening's amusement, which was enjoyed fully as much by the losers as by the winners—the "soreness" which usually follows elections having largely disappeared through lapse of time.

The Rose's Red, the Violet's Blue, etc.

To-morrow will be St. Valentine's Day, Feb. 14th. Don't forget to call at the Peterborough Bookstore, and see the beautiful stock of dainty missives to send to friends. Valentines are quite in vogue this year, and for that reason we show a complete line, equally as pretty as any Christmas card or booklet. A. H. Stratton & Co.

Everybody wants Peterson's Baby Socks.

PRETTY WEDDING IN BOSTON, MASS.

Miss Edith Wright Married to Prof. J. J. Ackin.

A beautiful wedding was solemnized on February 7th, 1905, at St. Mark's Church, Madrid, N. Y., in the presence of a large number of relatives and friends, when Miss Edith Augusta Wright only daughter of Mr. and Mrs. Wright was united in the holy bonds of matrimony to Prof. J. J. Ackin, of Boston, Mass. The church was beautifully decorated and as the chimes pealed forth their joyful sound on the evening air, and amid the strains of the wedding march, Prof. Ackin led to the altar his beautiful bride who was given away by her father and looked charming in a gown of pure white satin, with no trimmings, she carried a pouquet of tulips and snowdrops, wearing the bridal veil and orange blossoms her only ornament being a costly necklace with three diamond settings intermingled with pearls, a gift from the groom and being an old heirloom in the family. Her bridesmaids were Miss Nettie Homer, of Boston, Mass., and Miss Alice Wheelock, of New York, both were gowned in white silk with lace trimmings; while Dr. Houstin ably supported the groom. Prof. W. B. Harrison played the wedding march after the ceremony which was performed by Rev. George C. Champlin, assisted by Rev. H. P. Forbes. The bridal party left the church amid the sweet sound of the pealing organ. As the choir sang "The Voice that Breathed o'er Eden." The drawing room was beautifully decorated with pink and green, with streamers of white ribbon, where the bride and groom stood under the wedding bell, which was daintly adorned with smilax and snowdrops to receive the congratulations of their numerous guests.

The invited guests from a distance were Mr. and Mrs. Wright, Camden, N. Y., Dr. and Mrs. Champlin, the Misses Champlins, Rev. George Champlin, N.Y., Mr. and Mrs. Pink, Utica, Miss Pink, Miss Moore Malone, Mr. and Mrs. Harper, Ogdensburg, Dr. Harper, Hugh and Mrs. Mellilmot, nee Miss Vlaunderbourgh Dr. Vlaanderburgh, all of England; Miss Laughlin, of Montreal; Mrs. Sam Hay, of Peterborough, both college friends of the bride. The happy couple left on an extended tour where they will remain until April, and on their return will reside in Boston, Mass., Mrs. Akin will not receive until June owing somewhat to impaired health. The bride's going away gown was snuff coloured velvet courdoroy with hat to match.—Com.

CEREAL COMPANY WAS INCORPORATED

This week's issue of the Ontario Gazette contains the notice of the incorporation of the Peterborough Cereal Company, with a capital stock of $250,000. The provisional directors are:—W. H. Meldrum, W. A. Collier, W. G. Ferguson, Adam Hall, adn R. R. Hall.

MR. J. O'BRIEN'S HOME DESTROYED

Disastrous Fire on Saturday Morning.

Children Have Narrow Escape—Brigade Answered Call—Loss About $800.

At about four o'clock on Saturday morning the house of Mr. John O'Brien was visited by a most disastrous fire, which completely destroyed the house and its contents, and gave its occupants a close call.

The building, which was a red brick house, was situated on the boundary line, and was the first house on the east side, south of the G. T. R. track, leading to Port Hope. The origin of the fire is unknown, but it is supposed to have originated in a shed at the rear of the house.

The brigade answered the call, but took only the hose reel with them, as practically nothing could be done toward checking the flames, the house being situated outside the town limits, and about a mile from the nearest hydrant.

A distressing feature of the affair was the condition in which Mr. O'Brien's nine little children—seven girls and five boys, the eldest fourteen years of age—were placed. They were obliged to hurriedly escape from the house, clad only in their sleeping apparel. The brigade very kindly looked after them, bringing them in to the residence of their uncle in town.

It was with great difficulty that the barns and out-houses were saved, the high west wind blowing directly toward them from the house.

The loss on the house, which is the property of Mr. J. J. Lundy, will approximate $800. It was insured for $400. The contents of this house were also totally destroyed, and it was only by the almost Herculean efforts on the part of Mr. O'Brien that the stable was saved. This was accomplished only after three hours continuous shovelling of snow.

PROF. CARRUTHERS ON GREEK SCULPTURE

An Interesting Lecture under the Auspices of the Fortnightly Club.

Prof. Carruthers of Toronto University, will lecture in the Y. M. C. A. Hall next Friday night on "Greek Sculpture." He will bring a large number of slides with him so that the audience will be able to see pictured reproductions of the finest specimens of Greek Sculpture. It will be like making a trip to Greece, under the most favourable auspices, and there is hardly any doubt that a large number will take advantage of this opportunity of hearing a lecture by a competent man upon so attractive a subject. However, it is not merely a matter of entertainment, but one of education, and all those who take an interest in what may be called the cultivated side of life, cannot afford to miss this lecture. It is one of the Fortnightly Club's course.

DEATH IN DOURO OF MR. EDWARD ALLEN

Died of Pneumonia—Was Fifty-six Years of Age.

The death occurred in Douro, on Sunday, February 12th, of Edward Allen, son of the late Robert Allen. Deceased was 56 years of age, and succumbed to an attack of pneumonia, the illness being only of a few days duration.

Surviving members of the family are his five sisters, and two brothers—Mrs. David Connery of Peterborough; Mrs. Heffernan, Mrs. Leahy, and Mrs. Tangney, of Otonabee; Mrs. Barrie of Douro, John R., of Douro, and Robert, of Peterborough.

The funeral will take place tomorrow from the residence of Mr. John R. Allen, Douro, and will proceed to St. Joseph's cemetery for interment.

Pastoral Letter Read Yesterday at St. Peter's Cathedral.

New Diocese of Sault Ste. Marie is Extensive—27,000 Catholics and 64 Churches.

At St. Peter's Cathedral yesterday the following letter was read by His Lordship Bishop Dr. O'Connor, with reference to the consecration of Bishop Scollard to the Diocese of Sault Ste. Marie:

Richard Alphonsus O'Connor, by the Grace of God and the favour of the Holy See, Bishop of Peterborough.

To the Clergy, Religious Communities, and Laity, of our Diocese, health, peace and benediction in the Lord:

Dearly Beloved Brethren:

The Apostolic See, ever watchful over the interests of the Catholic Church, and solicitous for the spiritual needs of her members in every portion of the Christian Commonwealth, places Bishops to rule the Church of God, and dispense the mysteries of religion to the faithful. As a country becomes more populous, and the wants of the people are multiplied, new Dioceses are created, and Bishops are appointed to direct and govern them.

On account of the large influx of settlers of late years into New Ontario, which embraces the northern and western part of the Diocese of Peterborough, the Holy See has been petitioned to establish a new diocese in that district.

Our Holy Father Pius X. has been graciously pleased to grant our request, and has erected the new Diocese of Sault Ste. Marie, which comprises the western part of Nipissing District, the Districts of Algoma and Thunder Bay, including Manitoulin and St. Joseph's Islands. This new Diocese will extend from North Bay west about 600 miles to the eastern limit of the Rainy River District, whilst the Diocese of Peterborough comprises the counties of Northumberland, Durham, Peterborough and Victoria, with the Districts of Muskoka and Parry Sound.

A glance at what has been accomplished in the western portion of the Diocese during the fifteen years of our administration will, no doubt, be interesting, as well as showing the rapid growth of the Catholic population in that district. During that time 72 churches have been built, 49 are within the limits of the new Diocese of Sault Ste. Marie. In addition, 22 other churches have been enlarged or improved. To provide suitable dwellings for the clergy, 19 Presbyteries have been erected, and of these 13 are in the new diocese. Four hospitals have been constructed and three of these are located in important towns of the new Diocese, viz, Sault Ste. Marie, Port Arthur and Sudbury—suitable centres to afford relief and consolation to the sick and injured that are brought from the surrounding districts. In most of the parishes and missions Catholic schools are established, where the children receive religious and moral training. Moreover, there are about 6,000 Catholic Indians, or 52 per cent. of the total Indian population in the Diocese. These are provided with three boarding schools, where the children are educated and

BISHOP SCOLLARD,
Whose Consecration Will Take Place on Feb. 24th at St. Peter's Cathedral.

trained by devoted and self-sacrificing Sisters, under the direction of the Jesuit Fathers. Besides, there are several day schools where the rudiments of religious and literary education are imparted to these aborigines.

The Catholic population of the Diocese of Sault Ste. Marie is about about 27,000, with 35 priests and 64 churches, whilst the Catholic population of what will henceforth constitute the Diocese of Peterborough, is about 24,000, with 29 priests and 45 churches. Thus, the new Diocese will contain a larger extent of territory and also a greater number of priests to attend to the spiritual welfare of the people.

From these few details it can be easily perceived why the Holy Father was pleased to establish a new Diocese and appoint a Bishop, who will build upon the foundations already laid, and continue more effectually the works of religion in that section of the Province. In the action taken to urge the partition of our Diocese, we sought not to avoid the burden of personal labour in God's vineyard, but were actuated by the desire of providing for the increasing demands of religion and of promoting the expansion of the church. Experience has taught us that many of the descendants of the early Catholic settlers of Ontario have been lost to the Faith, owing to a scarcity of priests, who would seek them in their isolated homes, and to the want of churches in which they might assist at the Holy Sacrifice of the Mass, receive the Sacraments and secure a knowledge of their religion.

Our Holy Father, Pius X. has selected as Bishop of this new Diocese, The Rt. Rev. David Joseph Scollard, Pastor of the flourishing parish of North Bay. For several years he was our secretary and chancellor, and discharged the duties of these offices with marked ability and fidelity. During the past nine years he has proved himself a pious, zealous and energetic pastor, whose labours have been blessed with much fruit and great success. The faithful of the Diocese of Sault Ste. Marie will find in their new Bishop a kind and loving father, who will be ever ready to encourage them in their undertakings and sympathise with them in their trials. We part with one of our devoted and gifted priests, a true friend, who has ever been loyal to the church and obedient to his Bishop.

For many years past the opportunities for the development of New Ontario in agriculture, commerce, mining, manufacturing and other industries have been recognised, thereby causing a large increase in population.

It has been our consistent desire that religion should keep pace with the material advancement of the country. Hence our motive for building churches and schools wherever possible. The establishing of an Episcopal See in the midst of this extensive district will carry our our designs in regard to religious progres, and will encourage Catholics to flock to the vacant and fertile lands of these regions, and to the centres of industrial enterprises.

The severing of the happy and intimate ties that bound us to the faithful of the new diocese, causes a pang of regret, and our heart is deeply moved at the thought of bidding farewell to this part of our beloved flock. However, as the separation is for the greater advancement of God's church, and the promotion of religion, we willingly make the sacrifice of our personal feelings.

We cannot forget the many sacrifices made by the new settlers to preserve the traditions of their fathers, and build up the works of religion and education in their new homes. With pleasure we recall the many pastoral visitations to the distant missions of our Diocese, when we witnessed the strong faith of the people and their attachment to the practices of their religion, as well as their reverence and expressions of joy in receiving their Bishop into their humble dwellings. Our purpose was to bring them the blessings of Heaven and offer them words of encouragement and advice for their spiritual and temporal progress.

How edifying and consoling, on visiting the Indian missions, to behold the fervent faith and reverential conduct of those beloved children, whose simple piety and fervour might well be imitated by those who enjoy a larger share of the benefits of civilization and learning.

We shall ever remember the noble and zealous Jesuit Fathers who have proved themselves worthy disciples of St. Ignatius in training the Indians to follow in the path of religion and infusing into them habits of morality, sobriety and industry. To these fellow-labourers who have charge also of the parishes and missions in the new Diocese, must be attributed the glorious success attained by God's church in this extensive district. They have borne the heat of summer and endured the hardships of winter, in bringing the Bread of Life and announcing the word of God to the faithful of the sparse missions of early years, and the more populous parishes of recent times. Like the Good Shepherd, they have laboured in season and out of season, searching after the scattered sheep, guiding them into the true fold and to the fountain of living waters. Nor can we fail to extol the zeal and self sacrifice of our secular clergy who have likewise laboured energetically in building up religion in the missions entrusted to them.

We cannot praise too highly the Religious Communities whose members are devoted to forming the moral and intellectual character of the youth, or consecrated by their life of charity to alleviate the sufferings of the sick and helpless members of our Divine Lord. Their life of self-denial in promoting works of education and charity have won for them the love and reverence of the members of the Church, as well as the admiration and esteem of those who do not share our faith. Truly they are the spotless virgins, who, after saving and relieving the afflicted of God's children will be amongst those who in Heaven "sing a new canticle before the throne and follow the Lamb whithersoever He goeth.....for they are without spot before the throne of God."—Apoc. xiv. 3, 4, 5.

We bid a paternal and affectionate farewell to all our beloved priests, devoted Sisters and faithful people of the Diocese of Sault Ste. Marie. Though no longer their Bishop, we shall ever retain a pleasant memento of the many visitations we made to the parishes and missions, when we were amply repaid for the inconveniences attendant upon travel in a new country, by the ardent faith and fervent piety we witnessed in these pioneers of religion.

In conclusion, Dearly Beloved, we earnestly exhort you to pray Almighty God to bestow upon the new Bishop, in abundance, the graces of the Holy Spirit, that he may be spared for many years to zealously labour for the advancement of religion and the salvation of souls; that the Holy Ghost may enlighten, protect and guide him in all his ways; that the flock entrusted to his charge may afford him joy and consolation; that that the priests and faithful co-operating with him, the Diocese of Sault Ste. Marie may become one of the most flourishing in the Province.

The Consecration will take place in our Cathedral, Peterborough, on Friday, February 24th, Feast of the Apostle St. Mathias.

This letter shall be read in all the churches and chapels of the Diocese as soon as convenient after its reception.

RICHARD ALPHONSUS O'CONNOR,
Bishop of Peterborough.
M. J. O'BRIEN, D. D.,
Secretary.

Peterborough, Feb. 9th, 1905.

FUNERAL OF THE LATE MRS. J. W. TAYLOR

Took Place Yesterday—Was Largely Attended.

The funeral took place yesterday of Ruth Grover, wife of Mr. J. W. Taylor, of Smith township, who died on Friday morning.

The deceased was 32 years of age, and was born in England. The funeral, which was largely attended, took place yesterday at two o'clock, from the family residence, lot 5, con. 32, Smith township.

Services at the house and grave were conducted by Rev. Mr. McKimmon, of the Gilmour Memorial church. Interment took place at the Little Lake Cemetery.

RECEPTION AT WINDSOR.

New Minister of Public Works Honored—Office-Seekers Are Active.

Windsor, Feb. 13.—Hon. J. O. Reaume, Commissioner of Public Works in the new Conservative Cabinet, was tendered an informal reception here Saturday afternoon, at which all the representative men of the riding were present, Liberals as well as Conservatives. President C. Ada of the North Essex Conservative Association acted as Chairman, and speeches were delivered by Senator C. E. Casgrain, Mayor E. S. Wigle, Mr. George White, Mr. Solomon White, ex-M.P.P., Mr. D. B. Odette and Mr. H. R. Casgrain.

A Congratulatory Address.

The congratulatory address was read by Captain G. H. Gauthier.

In reply Dr. Reaume thanked his friends for their good wishes, and promised to do his utmost to conduct the affairs of his department in a thorough and businesslike manner. No mention of matters political was made. It is improbable that any opposition will be offered to Dr. Reaume's re-election, which will likely be made by acclamation.

Office-Seekers Active.

Since his arrival home the new Minister has had a busy time evading office-seekers, who attempted to waylay him at almost every turn. No recommendations for appointments will be made for some time. Dr. Reaume will return to Toronto this afternoon in time for the meeting of the Cabinet on Tuesday.

ARABIAN MOVE FOR EMPIRE.

Appeal to European Powers and U.S. to Remain Neutral.

Damascus, Feb. 13.—A great national Arabian movement is at present in progress in Mesopotamia, Syria and Palestine, the object of which is indicated by the motto adopted by its executive committee: "Arab Countries for the Arabs." Branch committees have been formed in all of the chief towns of these three countries whose operations are directed from Egypt and Europe.

The ultimate aim of the leaders of this movement is to establish a great Arabian Empire free from the tyranny of the Turk, governed by a constitutional and liberal monarchy of which the head shall be an Arab Sultan. Incidentally, it is hoped to help in the liberation of the other oppressed nationalities at present within the Turkish Empire.

An appeal has been addressed to the European powers and the United States begging them to remain neutral in respect to the Arabian national movement, the leaders of which undertake to assume and maintain all the international obligations and guarantees of the present Turkish Government relative to the Christian churches and peoples of the Near East.

THE COURT ANNOUNCEMENT.

Hon. J.P. Whitney Succeeds F. R. Latchford, Esq., Resigned.

Toronto, Feb. 13.—This is the formal style in which the changes at Queen's Park are noted in The Ontario Gazette of this week:

"James Pliny Whitney of the Village of Morrisburg, in the County of Dundas, one of His Majesty's counsel learned in the law, to be a member of the Executive Council of the Province of Ontario."

"The Hon. James Pliny Whitney of the Village of Morrisburg, in the County of Dundas, one of His Majesty's counsel learned in the law, to be Attorney-General of the Province of Ontario, in the room and stead of Francis Robert Latchford, resigned."

And so on, through the whole list of Cabinet honors and retirements.

OPEN WORKS IN CANADA.

Efforts Being Made to Establish Tinplate Industry At Toronto.

London, Feb. 13.—(C.A.P.)—Much uneasiness is created in tin plate trade circles of Llanelly, owing to the determined efforts being made to establish the industry in Canada. Inducements are offered several well known Welsh manufacturers to open works in Toronto. Canada at present is one of the best customers of tin plate. A most notable feature is that the Sheffield cutlery trade exports to Canada in January were double those of January, 1904.

Traced By Thumb Print.

Pittsburg, Pa., Feb. 13.—The mystery surrounding the disappearance of an Adams Express Co. package containing $5,650 consigned on Jan. 13 by the Treasury Department at Washington to the Citizens' National Bank of New Castle, Pa., has been cleared by the confession of Leroy Love, a messenger in the employ of the company.

Love was in the "sweat box" five hours. He then accompanied the detectives to his home and returned $5,377 of the money. He had spent $125 for a diamond ring and $10 for a heavy gold wedding ring, both for his intended wife. The robbery was traced by a thumb print on the seal.

Struck By a Train.

Cobourg, Feb. 13.—At an early hour Saturday morning a fatal accident occurred at the Division street crossing, when Jean Palmer, a young woman who has been employed as a domestic at the Commercial House here, was struck by a passing train and instantly killed. A coroner's inquest will be held.

Test the Kidneys.

Allow the urine to stand in a glass vessel for twenty four hours, and if at the end of that it is clouded, or has left a sediment in the bottom of the vessel, you may be sure that your kidneys are diseased. As a means of invigorating the action of the kidneys and making them strong and healthy, there is no preparation so prompt, and none so thorough, as Dr. Chase's Kidney-Liver Pills.

OPINION AT OTTAWA

Politicians Say Mr Parent Will Resign Early This Week.

HON. L. GOUIN TO SUCCEED

Mr. Parent Will Probably Be Appointed to the Transcontinental Railway Construction Board—Senator Choquette Totally Against Any Compromise—Will Begin Aggressive Campaign in Le Liberal.

Ottawa, Feb. 13.—Premier Parent was in town Saturday, and is reported to have said that he had no intention of resigning. The politicians here, however, say that Mr. Parent will resign early this week, and be succeeded by Mr. Gouin. Mr. Parent, it is said, will be appointed to the Railway Construction Board in place of Mr. Brunt, who is credited with the desire to withdraw.

Choquette Against Compromise.

Quebec, Feb. 13.—Senator Choquette is totally against any compromise, and intends to wage even a more aggressive campaign against Hon. Mr. Parent, and in order to further his ends will publish a newspaper to be called Le Liberal. This paper, with Senator Choquette in the editorial chair, is expected to appear on Monday next. Yesterday morning he filed his declaration for a license in the Police Court. Le Liberal will be printed and issued from The Chronicle office, the English Conservative organ of Quebec.

SEPARATION OF CHURCH AND STATE.

New French Cabinet Closely United on This Issue.

Paris, Feb. 13.—Premier Rouvier's ministry is still alive and even appears to be more firmly established. Debates in the Chamber and discussions in the press have shown that of the three reforms the ministry has adopted that on which it is most strongly united of all is the vote for the separation of church and state.

The other two reforms—that is to say, the income tax and workmen's pensions—present almost insolvable difficulties. For workingmen's pensions the necessary funds do not exist. As to the income tax, it is feared the taxpayers will be discontented.

On the other hand, the separation of church and state will not cost a cent and will even save money. That is why separation comes first.

It is almost certain there will be a majority of votes for this bill but we must not conceal the fact that with it we are entering into a period of interminable debates. This is the greatest event of the pass week.

MAY SPEAK IN THE SENATE.

Sir Mackenzie Bowell and the Belt of Nine Years Ago.

Belleville, Feb. 13.—Sir Mackenzie Bowell was Saturday interviewed by your correspondent. In reply to the question whether he had anything to say for publication regarding Friday's debate in the Commons with reference to the crisis of 1896, the hon. gentleman said: "I have not yet read the report of the debate, not having seen the Toronto papers. If anything calls for reference from me I shall speak of it in the Senate."

TO TAKE A REST.

Hon. C. W. Ross Will Visit the Bahamas Very Shortly.

Toronto, Feb. 13.—Ex-Premier Ross will leave for the Bahamas shortly, probably Monday or Tuesday of next week. He said last night he had not quite decided on the date.

It is his intention to be away several weeks, and he may not be back for the opening of the session. On his return he will take his place as leader of the Opposition.

Sent Down For Three Years.

Regina, N.W.T., Feb. 13.—The trial of J. B. Davies was concluded Saturday at Regina. T. C. Johnstone, Crown prosecutor, called Messrs. Baubie, Boyd and McLeod, hotel proprietors of Virden, Whitewood and Regina, respectively, whom Davies had got to cash drafts. He drew on a fictitious company. A. M. Trant counsel for accused, put up the argument that Davies had made no false pretence. Judge Newlands, however, ruled that giving a succession of such drafts when the accused knew they would not be met, was false pretence by conduct, and he sentenced Davies to three years in the penitentiary.

Fire Followed Threats.

Belleville, Feb. 13.—Angus McDonald of Point Ann, Thurlow Township, who has been trying to establish an alleged will of his father in court, and against whom a decision was given last week, went Saturday night to the house of his brother, and threatened to kill him within two days. During the night the brother's barn with a number of cattle and other stock was burned. Yesterday afternoon Angus was arrested by a constable from Belleville on a charge of threatening, and is now in jail here.

FIRE IN CHURCH AT ST. MARY'S

For the Second Time Knox Presbyterian Is Destroyed.

St. Mary's, Feb. 13.—About nine o'clock yesterday morning fire broke out in the basement of Knox Presbyterian Church, contiguous to the furnace, and, despite the efforts of the brigade, the building was completely destroyed.

This is the second time this church has been destroyed by fire since its erection. The last fire was about thirteen years ago. The present loss, including a new pipe organ, which had only been installed a few weeks ago, will probably reach twenty thousand dollars, insurance $7,000 on building and $1,600 on organ.

FARMERS' INTERNATIONAL.

Plan Meets With Favor in Austria, France and Italy.

Rome, Feb. 13.—Austral and France have given their adherence to the International Agricultural Institute, proposed to the King of Italy recently by David Lubin of Sacramento, Cal., and warmly welcomed by the King.

The plan is to hold a conference here on May 5 to consider the formation of an international body which will collect and furnish reliable statistics of crops and labor in all parts of the world, promote measures for the control of diseases of plants and animals, guide immigration movements, exercise influence in the furtherance of rural co-operation and the development of agricultural insurance and agrarian credit and otherwise aid agricultural interests.

The Emperor Joseph and President Loubet warmly congratulated Mr. Lubin on the initiation of the movement.

Senate Opposes Roosevelt.

Washington, Feb. 13.—The Senate, by a vote of 50 to 9, Saturday passed an amendment to all the arbitration treaties substituting the word "treaty" for "agreement" in the second article of each. It was this amendment the President opposed. The treaties were then ratified. President Roosevelt sent a letter to Senator Cullom yesterday, announcing his intention to decline to submit to the other Governments the amended arbitration treaties.

There is nothing like Sunlight Soap for Household Utensils.
When you have to use hard water it is not an easy matter to wash household utensils. To do good washing you should have good soap and soft water (rain water). If you use hard water you must have good soap, and the best soap you can get is Sunlight Soap because it softens the hard water and makes a copious creamy lather. Use Sunlight Soap for all household purposes and the results will surprise you.

THE DISSATISFIED ONES.

Lives Spoiled by a Fruitless Longing For Other Fields.

Everywhere we find people who are dissatisfied with their lot, who think they would be happy if they could only get somewhere else, into some other occupation. They see only the thorns in their own vocations, the roses in those of others. The shopgirl would be an actress; the cook would change places with her mistress, the butler with his master. The lawyer would be a doctor, the doctor a lawyer. The farmer bemoans his hard lot and longs to exchange his life of drudgery for the career of the merchant or the manufacturer. The country boy leans on his plow handle and looks toward the city with hungry eyes. If he could only be free from the slavery of the farm, he thinks, wear good clothes, get hold of a yardstick and stand behind a counter! Happiness, opportunity, fortune—everything, lies yonder; around him misery, toil, poverty—nothing desirable. A city youth behind a counter or sitting on a high office stool rails at fate for confining him to the limits of brick walls and the dreary details of merchandise, buying and selling, or of figuring up accounts. Oh, if he could only go to sea and travel to distant countries, become a captain in the navy or skipper or owner of a merchant vessel! Life would be worth something then. But now—

How much energy has been lost, how many lives have been spoiled by this fruitless longing for other fields, other opportunities out of reach. What is the use of sighing or dreaming of what you would do if you were in somebody else's place? What is the use of trying to reach into your neighbor's pasture when you do not know what bitterness may lie at the root of it, hidden from your sight, when you have never tried to develop or to call out the sweetness and juiciness which thrive in your own?—O. S. Marden in Success.

WESTERN STATES STRUCK.

Great Loss of Cattle Predicted—Fear in Cities Suffer..

Kansas City, Mo., Feb. 13.—Reports last night from Missouri, Minnesota, Kansas, Nebraska, Iowa, the Dakotas, Colorado, Wyoming, New Mexico, Northern Texas, Indian Territory, Arkansas and Oklahoma, say that unusually cold weather prevails. High winds prevail in many localities, drifting the snow badly and delaying railroad traffic in all directions.

At Moran water tank, Kansas, yesterday a Missouri, Kansas and Texas double-header passenger train from Kansas City to Oklahoma City was wrecked. The water from the tank had formed a heavy coat of ice upon the rails which derailed the first engine, causing the second engine, two baggage cars and mail car to pile up. The engineer of the first engine was killed. From all parts of Oklahoma and Indian Territory come accounts of suffering as the result of the sudden northern storm, which began Saturday. The Territory is covered with a coat of ice and snow. Cattlemen say that range stock will suffer the greatest loss in years. In Northern Texas the worst blizzard in 10 years with the thermometer at zero and below prevails. The severe weather will inflict hundreds of dollars in loss to cattlemen. The poor in cities are suffering severely.

Sunday's Big Snowstorm.

Toronto, Feb. 13.—Ontario was again in the throes of Boreas yesterday, when a severe snowstorm blew in from the southwest. The storm was a general one, and extended west to Windsor and into the United States and north to Georgian Bay. The observatory reported the storm to be general throughout Ontario, with a fall at Buffalo about the same as at Toronto—about eight inches. In New England they had rain instead of snow. The highest temperature yesterday was 33, one degree above freezing, and the outlook for westerly winds, turning very much colder, which will last for several days. The snowstorm extended to Quebec, and the storm signals were displayed in the Maritime Provinces, where gales are expected. Nova Scotia is to be visited with rain.

Fortunately, the snow did not fall heavily for any continued length of time, and both the C.P.R. and G.T.R. found no great difficulty in keeping their lines open.

Food Memories.

A young Oxford student one day received an unexpected visit from his pretty sister and was very indignant that she came without a chaperon. "Look here," said the young man, "I will not have any of the fellows see you in my rooms, so if any one knocks at the door you just get behind that screen. In a few minutes a knock was heard, and the girl ran behind the screen as her brother went to the door. An old gentleman stood on the threshold, who, after profusely apologizing for his intrusion, said: "I am just home from Australia, and many years ago I occupied these rooms. Would you allow me, sir, to look at them once again?" "Certainly," exclaimed the student. "Come in." "Ah!" exclaimed the old man. "Everything is just the same. Same old table, same old fireplace, same old screen." Then, catching sight of the girl: "By Jove! Same old dodge." "Sir!" exclaimed the student. "That is my sister." "Ah, sir," was the rejoinder, "same old lie!"—London Tatler.

Preparedness.

Begin the morning by saying to thyself, I shall meet the busybody, the ungrateful, arrogant, deceitful, envious and unsocial, but I, who have seen the nature of the good, that it is beautiful, and that of the bad, that it is ugly, can be injured by none of them.

Cause For Sorrow.

Brown—Smith is down with brain fever. Green—You don't say so! Brown—Yes. The doctor says if he recovers his mind will be a blank. Green—Well, I'm sorry to hear that. He owes me $10.

Let go or die. That's the alternative of the shipwrecked man with the money bags. A great many people have a like alternative before them. Business men come to a point where the doctor tells them that they must "let go or die." Probably he advised a sea voyage or mountain air. There's an obstinate cough that won't be shaken off. The lungs are weak and perhaps bleeding. There is consolation and other symptoms of disease, which if unskilfully or improperly treated terminate in consumption.

Thousands of men and women in a like condition have found complete healing by the use of Dr. Pierce's Golden Medical Discovery.

"It gives me pleasure to send you this testimonial so that some other poor sufferer may be saved as was, by Dr. Pierce's Golden Medical Discovery," writes Geo. A. Thompson, of Sheldon Ave., Chatham, Ont., Canada. "I had a cough for years, expectorated a great deal, and was slowly failing. Was losing flesh every day. Lost in weight from 165 down to 125. My fiends got alarmed, and I had no strength. Did not say anything to any one but made up my mind that was the end, was safe for all. One day my wife was reading in the Christian Guardian an Advertiser about Dr. Pierce's Golden Medical Discovery, and I said, the scamps mayn't tell common sense than anything else that I had heard. So at once bought a bottle of your famous remedy and before I had taken half of one bottle I felt better. Took thirteen bottles and it made a new man of me. Healed sixteen wounds and never have had a cough since. I feel grateful and give all the credit to your medicine."

Given away. The People's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. The book contains 1008 pages, over 700 illustrations and several colored plates. Send 21 one-cent stamps for the paper-bound book or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

INDUSTRY AND LABOR IN 1904.

Less Disputes Than in Former Years—Fatalities and Their Causes.

The Labor Gazette for January, in addition to its usual monthly survey of conditions of employment, trade disputes, immigration returns, industrial accidents, etc., contains a series of special reviews, dealing with the calendar year of 1904 from an industrial and labor standpoint.

The leading article gives a detailed account of the general condition of industry throughout Canada. The year on the whole shows a somewhat lower degree of activity than was reported under the usual conditions of expansion which prevailed during 1903, though in the great majority of the branches a very favorable showing was presented, and a marked advance occurred in several localities, notably in Western Canada. The wages movement, as compared with 1903, was practically stationary, though farm and unskilled labor received higher remuneration than ever before. Prices of staple commodities were on the whole higher than in 1903, rents in particular showing a marked increase.

In the number of strikes and lockouts, the year showed a great improvement as compared with 1903, the total number of disputes in existence being 103 as compared with 160 in the preceding year, and 123 in 1902. The number of workingmen involved in strikes during 1904 was 15,605, and the loss of time in working days approximately, 278,956.

A review deals with the industrial accidents which were reported as occurring in Canada during 1904, this being the first return of the kind ever presented in the Dominion. These statistics are carefully analyzed from various points of view. The railway service with a total of 243 fatalities was shown to involve the greatest amount of personal danger to employes, though heavy returns were also shown under the heading of mining with 106 fatal accidents, general transport with 100 fatal accidents and the lumbering and sawmilling industry with 69 fatal accidents. Comparatively few fatalities were reported in the other branches of employment. Among the branches reporting accidents which did not result fatally the metal trades stood first with 492, the railway service following with 331. Under general transport 169 accidents of this class were reported, in the woodworking trades 153, in the building trades 133, in the agricultural industry 117, and amongst unskilled laborers 121. A large number of the fatal accidents reported to agriculturists are shown to have been the result of farmers being struck by trains while marketing their produce. In the lumbering industry the largest number of fatal accidents were caused by falling trees. In mining, explosions caused the greatest loss of life. In the building trades the largest number of fatalities resulted from workmen falling from buildings. In the metal, woodworking, food and tobacco preparation and leather trades the great majority of the injuries, fatal and otherwise, were received by workmen while employed about machinery.

Standard Oil Fights Kansas.

Pittsburg, Pa., Feb. 13.—The Standard Oil Company has taken steps to defeat the purpose of the Kansas Legislature, who have dared to take a step in the direction of public control of the oil business in that state. The 900 hundred men who have been made idle by the Standard will not be returned to work until the lawmakers of Kansas say they will be good and not molest the Standard any more.

Schooner Gets Free From Ice.

St. John's, Nfld., Feb. 13.—The schooner Energy, which has been fast in the ice floes for several days, got clear Saturday and entered the port. The steamers Portia and Eagle have arrived, and the steamer Silvia, for whose safety much anxiety was felt, is expected shortly.

Palace of Peace Plans.

The Hague, Feb. 13.—The Weekly Journal of Architects says the administrators of the Carnegie Palace of Peace have decided to admit architects of all nationalities to the competition for the selection of plans and designs.

Miss Lillian Little, of Toronto, is the guest of Miss Mabel Wareham, Sherbrooke street.

Yesterday Rev. E. A. Langfeldt of St. Luke's, and Rev. Geo. Warren, of Lakefield, exchanged pulpits.

Mr. W. J. Weatherit, of Bethany, is in town to-day, on business connected with the cheese industry.

Mr. George E. Templeman, of Montreal, who has been visiting in town for the past few days, has returned home.

An interesting sermon was preached last night in St. Andrew's church by the pastor, the subject being "The Human Voice."

Miss Violet McCartney and Miss Edythe Craven, of Ottawa, spent a few days with Miss Caldwell, McDonel street, last week.

Professor Davies who has been suffering from an attack of la grippe, is much better this morning, and hopes to resume teaching on Wednesday.

Last night Rev. J. C. Davidson, of St. John's, and Rev. Wm. Major of All Saints' churches, exchanged pulpits and preached to good congregations.

Mr. Dumble's numerous friends will be pleased to learn that his condition to-day shows a marked improvement.

Mr. and Mrs. W. G. Macfarlane, and two children, of Winnipeg, Man., are in town, visiting with Mr. and Mrs. Andrew Macfarlane, Homewood avenue.

The Trustee Board of the George street Methodist church, is advertising in the Toronto dailies for an organist and choir leader, duties to commence on May 1st.

To-night the members of the Men's Guild of St. Luke's church, will listen to a talk on Shakespeare's "Macbeth," given by Mr. J. J. Jefferies, of the Collegiate Institute staff.

Next Sunday in Charlotte street and George street Methodist churches, sermons in behalf of the educational institutions of the Methodist church, will be preached by Rev. Dr. Galbraith, and Rev. Dr. Potts, of Toronto. Offerings will be taken for the funds of the Educational Society.

At the Salvation Army Barracks yesterday, splendid meetings were held, the barracks at night being crowded. The "siege" is progressing favourably, and during the two weeks that it has been in operation twelve converts have been secured. For the nine weeks, forty-five converts are aimed at. Colonel Freidrichs of Toronto, the editor of the War Cry, was present yesterday, and will lecture to-night on "The Red Man."

Yesterday morning in Bethany Tabernacle, the pastor, Rev. A. E. Steurnagel, conducted a memorial service for the late Mrs. Fannie Baker, a member of that church, who died recently. The subject of the sermon was, "The Departed Saints between Death and the Resurrection." In the course of his sermon the pastor referred to the devout Christian character of the departed lady. At the service in the evening there was a public baptism, eight persons being immersed.

A QUIET BRIDAL AT LAKESIDE BRIGHTON

Wedding of Reginald A. Sutcliffe and Miss Mabel L. Fife.

A quiet wedding was celebrated at Brighton on Saturday, Mr. Reginald A. Sutcliffe, of the office staff of the Canadian General Electric Company being united in marriage to Miss Mabel L., daughter of the late A. E. Fife, M. D., of Brighton. The ceremony was performed by Rev. W. Creswick, of St. Paul's Church. Mr. Sutcliffe, who is a son of Rev. Charles Sutcliffe, Vicar of Holy Trinity Church, Starleybridge, Eng., has only been in town a short time, and won many friends among our best citizens who will extend to him the congratulations the occasion calls for. Mr. and Mrs. Sutcliffe have arrived in town and are on pension at 279 Sherbrooke, corner Stewart street.

MISHAP TO MR. F. ROPER

Stepped off Train Last Night at Leaside Junction.

Was on His Way Home to Spend a Month for His Health.

Last night the C. P. R. train due to reach here at 12.25 from Toronto and the west was to have brought to Peterborough Mr. F. E. Roper, who was coming here to spend a month to recuperate after having suffered for some little time from nervous prostration. Mr. Roper was on his way to Peterborough, and when the train reached Leaside Junction, or was nearing it, he suddenly got up from the seat in which he was sitting in the smoking compartment, talking to some gentlemen, and stepped off the train, which was at that time running very slowly. He did not get on the train again, and when he did not arrive as expected, inquiries were made and the above was learned.

The brakesman saw him step off but the train was going so slowly that he thought nothing of it.

Mr. R. H. Fortye, a brother-in-law of Mr. Roper, went to Toronto to-day to find out the whereabouts of Mr. Roper.

A despatch from Toronto says that Mr. Roper was found, and had stayed in a shanty near the track all night. He is now in Toronto in good hands.

INTERESTING NEWS BRIEFY TOLD.

Things We All Like to Hear About.

—The Town Council meets to-night.

—Ask your gro er for Clown Brand oranges. 6d

—Charlotte street Young Men's Guild will meet to-morrow evening.

—The Manufacturers' Committee meets to-night at 8 o'clock, and Central Charity Board at 7.45.

—Nothing nicer than Paterson's Baby Sodas. Get a box and try for yourself.

—The members of the B.A.C. enjoyed their weekly supper at McCallum's on Saturday night.

—The annual meeting of the Albany Club will be held in the Club rooms to-night at 8 o'clock.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. E. Hoover, 222 McDonel street. 'Phone 199.

—When you think of pictures or frames, think of "The Framery," 429 George street. You can get anything used by artists.

—Persons having accounts to adjust with the estate of the late Dr. Pigeon, will find Mrs. Pigeon at 328 Charlotte street. 3d

—The local stock-broking offices were closed to-day on account of Lincoln's birthday being a holiday in the United States.

—The committee which had charge of the Charley Ball, is asked to meet to-morrow morning at 11 o'clock at the Y.M.C.A. to wind up the affairs in connection with the ball.

—Steam hose lost between White & Gillespie's grocery, George street, and going west on Hunter street to Aylmer and along McDonel to Jackson Park. Finder will confer favour by leaving at White & Gillespie's. 3d

—It's hard to beat Hawley & Son's baking. Have you tried our favourite orange cake? You'll never tire of it. We bake all kinds of cakes and cookies and everything else in breadstuffs that's good. Whipped cream cake for Saturday. Order at 426 George street. 'Phone 455. 3d

—Mr. W. A. Stabler resents the assertion made in another evening paper that a certain drover had purchased 180 hogs on the market last week. He states that this is not correct, and further says that it is not the drovers who go through the country buying hogs that raise the price for the farmers.

—Mountain trout, Shuman haddie, white cod fish, herrings, also wax candles, Lipton's jellies and pickles, fancy biscuits, clover honey, canned peas, tomatoes and corn, cheap; cabbage, celery, parsnips, beets, turnips, potatoes and spy apples. —Rev. Mr. Trotter, formerly pastor here, will lecture to-night at 8 o'clock in Murray street Baptist church upon "Songs of the Sanctuary." Those who have heard this lecture speak of it as highly interesting and instructive. Members of the church and congregation, as well as friends of Mr. Trotter, are cordially invited to attend.

MINISTERIAL ASSOCIATION

Special Meeting This Morning—Resolution Adopted.

At a special meeting of the Ministerial Association this morning, Rev. Dr. Torrance presiding, in the absence of the president, the following resolution was moved by Rev. A. H. Brace and seconded by Rev. J. G. Lewis, and carried unanimously:—

The Ministerial Association of Peterborough have seen with much regret the letter which appeared in the Examiner of February 6th, reflecting upon the consistency and honour of their president, Rev. J. C. Davidson, M.A., The Association wishes most emphatically to affirm that Rev. J. C. Davidson used no improper means to secure the presidency and never attempted to foist any political resolution upon them against the wishes of the members. The Association further would protest against attacks of a personal nature being made by any anonymous correspondent in the public press.

Store to be Re-modelled

Must have more room—Growth of Business compells it.

Big Sale of Furs, Men's Furnishings and Hats to be started at once.

Opening of Fine Wash Goods Dress Fabrics

Foremost in thought at this early season are the "NOVELTIES" in Summer Wash Dress Fabrics that come from abroad—the daring weaves that have stepped aside from the beaten track of the dead line of conservatism, and so we have gone to the foreigners, who originate, and have gathered liberally of the many remarkable weaves that this season has brought forth.

To-day we are opening for your inspection our first consignment of these goods, embracing among many others

Scotch Zephyrs, Printed French Organdies, Plain and Check Chambrays, Oxford Suitings, Fils de Sole, Linen Suiting with coloured embroidered spot, Printed Silk Organdies, etc., etc., etc.

THE NEW SILKS

A consignment from the great silk centres of the world, embracing

Lovely Dresden Silks

Floral designs printed on the warp, giving them that indiscribable shadowy effect now so much in demand.

$1.25 per yard

Sheperd's Check Dress Silk

The Chic Material for Summer Shirt Waist Suits, in brown, white, black and white, navy and white, green and white, etc., stylish and serviceable.

50c per yard

Shederds Check Dress Silk in all the colourings of the above, with a harmonizing embroidered spot, the most stylish silk novelty to be shown this season.

only 75c yard

DEBATE COULD NOT TAKE PLACE

St. Andrews' Young Men's Guild Could not go to Centreville.

St. Andrew's Young Men's Guild were to have gone to Centreville last night to take part in a debate to be held by the Literary Society in connection with the Centreville Presbyterian church. A telephone message was received, however, from Centreville, stating that the roads were in a serious condition, and it would be difficult, if not impossible, for the young men to reach that village last night.

Consequently the trip was postponed, and it will probably be taken next Monday night if the roads are passable.

AN EPOCH-MAKING MUSICAL EVENT

Formal Opening of the Peterborough Conservatory of Music.

High Class Musical Programme, Artistically Presented — Opening Address by Mr. Dennistoun— An Unqualified Success.

Last night the Peterborough Conservatory of Music, was formally opened, under auspices and circumstances which forecast a successful and brilliant future — if their promise is even only partially fulfilled.

The attendance corresponded in character with the splendid and high-class musical programme presented—representing, as it did, the best elements of our citizenship in respect of social standing and musical and general culture. Throughout, the music performed was of an uniquely high character, and given with an artistic effect which was very satisfying, and if the other members of the faculty are equal in their several spheres to those who delighted their cultured and critical auditors last evening, the people of Peterborough have opportunities for the pursuit of musical art, which leave little to be desired.

It may be said in passing, that the building itself is excellently adapted to the work of a conservatory, day by day, though the spacious concert hall was quite inadequate to meet last night's unusual demands upon its accommodation.

Preliminary to the programme of the evening, came the contribution of the chairman, Mr. R. M. Dennistoun, who delivered the following excellent

OPENING ADDRESS.

"It is with great pleasure that we all join to-night in marking the progress which Peterborough makes by having in our midst this handsome Conservatory of Music, under the able leadership of Mr. Rupert Gliddon—a man who has laboured unceasingly to elevate music to its proper position, and to cultivate the musical taste of our citizens.

"The objects of a Conservatory of Music, are:

"1. To afford musical instruction upon a system both logical and scientific.

"2. As part of such a system, to advance pupils in regular progression, paying particular attention to the aptitudes and attainments of the individual pupil by means of a curriculum carefully prepared.

"This cannot be done under private instruction in the same way, for

MISS ALICE ROGER,

Member of the Faculty (Piano and Theory) of the Peterborough Conservatory of Music, and Performer and Accompanist at Last Night's Recital

each teacher has his own method, with most unsettling effect upon the student.

"3. To afford opportunities for musical intercourse, which tends to develop a lively interest in music itself. In this building students will be afforded frequent opportunities for recitals before audiences; this develops confidence and self-control and exposes the pupil to educated criticism, which is, after all, the best educator and monitor.

"4. Last, but not least, it will afford opportunity to many who have no particular talent for technical work, to master the theory and fundamental principles of music, and enable them to cultivate a musical taste, which will open great and delectable sources of improvement, which age cannot wither or misfortune obliterate.

"The question, whether or not, the child shall receive instruction in music, comes to every parent. The answer to this question is often given upon an entirely wrong hypothesis. It is generally thought that the child which shows no musical talent should, for that reason, have no musical education. We take particular pains to teach the child which is deficient in the rudiments of our common education, the particular branches in which he is lacking. So it should be with music, poetry and the fine arts.

"Music occupies a unique position among the nations of the earth.

"In the language of Longfellow: 'It is the universal language of mankind.' Every ear can understand the tragedies or comedies which the great composers tell us, provided the ear has been trained to unravel these mysteries.

"A father once objected to Dr. Arnold teaching his boy Latin, because he could not see what the boy could do with it. Arnold replied: 'Sir, it is not for the sake of what the boy will do with the Latin, but for what the Latin will do with the boy.'

"So it is with music. Our children may not become musicians. They may never charm large audiences, or even small ones, but the benefit which music may have upon their lives may be incalculable. It will enlarge and uplift the intellect, assuage the ills of fortune and improve the morals of our race.

"It will have a lasting and fostering influence upon the other talents which lie dormant until awakened, and may stimulate the child to efforts in quite unexpected directions.

"As Mme. de Stael says so beautifully, 'Architecture is frozen music.' So, too, poetry, painting and sculpture are closely allied to it.

"In conclusion, let us make this Conservatory an institution upon which the warmest affections of our people will centre, and let us endeavour one and all to use it for the improvement and enlightment of our community.

"I now declare this Conservatory duly open for the work it has to do, and I wish the Musical Director and his most talented and efficient staff every success in their labours."

The first number on the programme was the Mendelssohn

MR. R. M. DENNISTOUN,

Who Delivered the Opening Address at the Conservatory of Music Last Night.

Prelude, in E minor, performed with artistic excellence, by our deservedly popular young pianiste, Miss Alice B. Roger, who opened the second part with a prelude by Chaminade. Miss Roger's execution is brilliant and expressive with a charming quality of tone.

The artist of the evening was Herr August Wilhelmj, the member of the faculty, whose department is voice culture, and if his capabilities of teaching correspond to his capabilities as an artist, too much cannot be promised of his work as an instructor. Herr Wilhelmj, a son of the great violinist of that name, favoured the audience with four vocal numbers, taking the place in two of them of Miss Helen Davies, prevented from singing by indisposition. His selections were classic in calibre and varied in character, and, in this respect, permitted of a display of the, so to speak, versatility of his voice. They were Lotti's "Pur dicesti o bocca bella;" "Dream in the Twilight," (sung to German words) by R. Strauss; "Eldorado," by Clarence Lucas, (who, by the way, is a clever Canadian composer, doing excellent work in London, Eng.); Schumann's "Nussbaum," and an extra number "Tis May," by Brahms, a beautifully dainty and sprightly song, given with charming effect. This applies to all the numbers, which, it will be seen by those who are in any way familiar with them, cover a wide range of style and motif. Herr Wilhelmj's voice is of rich clarity and even quality throughout his register, always retaining its pure character, in both piano passages and tours de force. He sings with just appreciation of the sentiment of his selection his enunciation is good, his colouring warm; he is, in fine, admirably equipped with all the requirements of a genuine artist, and aspiring vocalists are fortunate in being able to avail themselves of his services. It must be mentioned that the accompaniments furnished by Miss Roger were played with admirable judgment and artistic subordination.

Mr. Gilbert Markle, violinist, another member of the faculty, gave very satisfactory interpretations of two numbers, a "Serabande," by Le Clair, and "The Bee" by S. Schubert, to which Miss Wilhelmina Gumpricht, another member of the faculty, supplied satisfactory accompaniments.

Altogether the opening recital of the Peterborough Conservatory of Music was promisingly successful, and the thanks of those privileged to be present are due Mr. Gliddon, who is to be congratulated upon the excellent beginning made.

THE FACULTY.

The following at present composes the faculty:—

Mr. Harry Field, Piano Pedagogue.
Herr August Wilhelmj, Voice.
Mr. W. E. Fairclough, F.R.C.O. Organ Theory.
Herr Heinrich Klingenfeld, Violin.
Miss Alice Roger, Piano Theory.
Miss Estelle Foy, Kindergarten.
Miss Helen Davies, Voice.
Miss Wilhelmina Gumpricht, Piano.
Miss Amy K. Bennet, Art.
Miss Ivy Coventry, Physical Culture and Swedish Gymnastics.
Mr. Gilbert Markle, Violin.
Mr. Alfred Davies, Piano and Theory.
Mr. E. W. Gibbs, Clarinette and Saxophone.
Mr. L. N. Watkins, Mandolin, Guitar, Banjo.
Rev. R. A. Langfeldt, M. A., German.
Prof. Raymond Aconlas, French.

R. Gliddon, Piano, Musical Director.

While the audience was gathering Gliddon's orchestra, stationed in one of the studios on the second floor, played in excellent manner several selections.

PETERBOROUGH'S LEADING HAT STORE

Cressman's

COL. FRIEDERICHS ON "THE RED MAN"

An Interesting Lecture in the S. A. Barracks Last Night.

Was Illustrated with over One Hundred Views—Some Interesting Stories Told.

The Salvation Army Hall was comfortably filled last evening, when Lieut.-Col. Friedrich, editor of the War Cry, gave his lecture on "The Red Man." It was most interesting and instructive throughout, and was heartily enjoyed by the large audience present. Lieut.-Col. Friedrich proved a most capable and eloquent speaker.

The lecture was illustrated by over one hundred magnificently coloured stereopticon views, which gave a clear conception of Indian life and customs, as well as the appearance and characteristics of the different tribes. Many views illustrative of the beautiful scenery to be found in British Columbia and Alaska, were also thrown upon the canvas, and evoked much admiration. The speaker dealt with his subject in a capable manner.

Lieut.-Col. Friedrich dealt with the customs of the red men and their peculiar life and gave some idea of the difficulty of carrying on the operations of the Salvation Army among the natives of Alaska and British Columbia. Views of Army headquarters in some of the towns and villages on the Pacific Coast were shown and the speaker briefly but clearly explained each, giving much interesting information about the work in each place. The portraits of many of the converted Indians were displayed and interesting anecdotes were told of each. A characteristic of the views of Alaska houses illustrated was that before nearly every one of them was found a totem pole. Many pictures of these were thrown on the canvas, and gave a clear conception of the various kinds to be found on the Northwest coast.

DISPENSE JUSTICE ALSO MERCY

Will Chairman of the Charity Board Adopt the Suggestion?

The Central Charity Board met last night at the Town Clerk's Office, when the following were present:—Messrs. H. Rush, chairman; F. Miller, Wm. Fowler, (Rev.) J. G. Lewis, (Rev.) R. A. Langfeldt, W. Kemp and J. Batten.

The minutes of the meeting of Jan. 30th were read and confirmed.

A number of appeals for assistance were considered.

The meeting then adjourned till Feb. 27th.

PRETTY WEDDING IN NORWOOD

Miss Nellie Morrison Married to Mr. E. Vallean.—Other News.

(From Our Own Correspondent)

Norwood, February 7th.—Mr. Wm. T. Buck, Warden, and Mr. James Andrew, Councillor, joined the delegation of County Councillors at Norwood on Tuesday, on their way to Ottawa. The purposes of their visit is to interview the Dominion Government regarding the bridges of the County of Peterborough.

Mr. John Brown and Mrs. Brown, of Rockdale, are visiting at the home of Mr. J. P. Pearce.

Mr. and Mrs. Samuel Griffin, of Groton, South Dakota, who have been staying friends for the last two months, left on Tuesday for home.

Miss Mapel Foster, of Picton, is at home for vacation.

Mr. Thos. Fraser, was in Peterborough on business on Monday.

Messrs. Buck and Walsh shipped this week, a car load of hogs to Hull. Price paid $5.10.

Mr. and Mrs. John Nichol and child, of Lethbridge are here on a visit to his father, Mr. Richard Nichol. Mr. Nichol has been conducting a drug store at Lethbridge for some years past and has just very lately disposed of it.

A pretty home wedding took place on February 7th at 9.30 a. m., at the home of the bride's brother-in-law, Mr. E. P. Cuffe, when Mr. Ernest Vallean, only son of Mr. J. W. Vallean, of Hastings, was married to Miss Nellie Morrison. The bride was given away by her brother in-law. The ceremony was conducted by Rev. Mr. Steele, Methodist Minister of Hastings. Mr. and Mrs. Vallean left on the 12.5 train for Ottawa, Montreal and other points east.

Miss Preston, of Selwyn, is staying with her friend, Miss Minnie McLaughlin.

REMARKABLE SPEED IN FACTORY BUILDING

Six Story Annex, 230x52 Feet Completed in Forty-six Days.

The addition to the factory of the Thos. G. Plant Company, at Jamaica Plain, Mass., sets a new mark for the rapid construction of a shoe factory.

The contractor was given 60 days in which to erect the building. At the end of 46 days he had the job completed and the addition was turned over to the Thomas G. Plant Company.

The addition is 53 feet wide, 230 feet long and six stories high, and over 1,000,000 bricks were used in its construction. The contractor was F. C. Alexander of 227 Highland Avenue, Somerville, Mass.

This addition to the factory of the Plant Company was an absolute necessity, because of the increased demand for shoes of their manufacture and the orders on hand, and future business in sight demanded larger quarters in order that the business may be properly handled, hence the addition was authorized and its completion at a time limit of 60 days was insisted upon in order that part of the spring and summer run could be taken care of in this building.

The Thomas G. Plant Company to-day have the largest shoe factory in the world.—Shoe Retailer.

CHURCH CHIMES.

The music at the Charlotte street church Sunday was of an especially interesting nature. At the morning service the choir sang "Thou Art My Life, My All," Miss Bellegham taking the solo. Mr. R. N. Jolliffe sang Pinsuti's "Angel land," and during the offertory the male quartette, Messrs. Freund, Mitchell, Jolliffe and Jones, sang "The Wayside Cross." At the evening service the anthem was "The Good Shepherd," with baritone solo by Mr. W. Stocker. A mixed quartette, Misses Bellegham and Gray, Messrs. Freund and Jolliffe, sang unaccompanied, "Oh, Tolling Bells." During the offertory Miss Bellegham sang "O Lord Correct Me."

Large congregations attended each service. In the evening the pastor preached the third of a course of sermons on the life and character of Jacob. Next Sunday will be the Educational Anniversary, when Rev. Dr. Potts of Toronto, and Rev. Dr. Galbraith, of Belleville, will preach.

At All Saints church on Sunday Miss Mary Rush sang very sweetly "The Way of Peace."

At the George street church last Sunday Mr. Jas. Browne and Mr. Charles Thornton, sang the duet, "Come unto Me and Rest," to the delight of the large congregation.

Mrs. John McPherson spoke at the Y.W.C.A. Gospel meeting on Sunday, her subject being "Prayer." Many young women heard her and were interested.

On Sunday Rev. R. G. MacKay, of Knox College, Toronto, preached in St. Paul's church and St. Paul's Mission, in the absence of Rev. H. B. A. Ketchen, who was in Norval preaching. It is understood that Mr. Ketchen may accept a call to that place, and in view of this fact Mr. MacKay was preaching here as a possible successor to him.

SATURDAY NIGHT "POP" AT Y. M. C. A.

Address by Mr. R. M. Dennistoun—A Series of Weekly "Pops" Arranged.

The first of a series of Saturday night entertainments was held last Saturday evening and was enjoyed by a full house. The programme was begun with a very pleasing piano duet rendered by Miss Gumpright and Miss Tully, after which the chief feature of the evening was introduced by the chairman, Mr. Holmes, it being the story of Jean Valjean the great and wonderful central figure in Victor Hugo's novel "Les Miserables" told by Mr. R. M. Dennistoun, in a very interesting and masterly manner. It was a most fascinating story and everybody listened for an hour and fifteen minutes with unabated interest and unwilling to lose a single thought.

At the conclusion of the story Mr. Dennistoun was heartily shown the appreciation of the audience by applause and personal thanks.

The evening's programme was concluded by all singing God Save the King.

A series of these Saturday night pops has been arranged to be held every other week. The next one will be an old fashioned concert on February 25th, and this will be followed by an evening of Scotch, Irish and English wit and humor for March 11th. Ladies and gentlemen non-members are cordially invited as well.

INVESTIGATION OF CLAIM FOR DAMAGES

On Account of Construction of Hydraulic Company's Dam.

The matter of the claims of the executors of the estate of the late Edgcumbe Pearse against the Peterborough Hydraulic Company, for compensation in respect of the damage caused through the raising of the water in the river, by the construction of the company's dam, was before His Honour Judge Weller, at the court house this morning.

There being no witnesses on behalf of the claimants present, the evidence of Messrs. W. Langford, Thos. McKee and Wm. Aldridge, on behalf of the company, was taken, and the further hearing of evidence was postponed until Feb. 28th.

Mr. E. B. Edwards, K. C., appeared for the Pearse estate, and Messrs. Dennistoun, Peck, Kerr and Stevenson for the Hydraulic Company.

Y. M. C. A. NOTES.

Boys don't forget that you are all personally requested by the physical director to be at the gymnasium class to-night at the usual hour and that after class, which will close at nine o'clock, you are to be gathered in the parlour, where a cheery fire will be burning and partake of light refreshments, enjoy pleasant music and listen to inspiring and helpful addresses by a representative business and a representative professional man. Refreshments will be served by the Leaders' Corps.

The boys' section of the Red and Blue Membership Contest at the Y.M.C.A. was organized on Friday and promises to be a big factor in the Red and Blue Battle with the following line-up:—Reds, R. Dutton, Captain; M. Dobbin, S. Maddill, H. Kerns, H. Jeffries, G. Potter, M. Hartley, M. Turner, S. Pringle, M. Nicholls. Blues.—A. Dawe, Captain; F. Turner, M. Fife, L. Brace, H. Johnston, E. Mann, H. Meldrum, H. Blackwell, H. Reid, R. Stewart.

Red and Blue Contest score—Reds, 33; Blues, 17.

The second "Penny Readings" entertainment at the Y.M.C.A. on Friday evening at 8 o'clock.

The first Y.M.C.A. pop on Saturday evening was a great success.

Despite the storm there was a good attendance at the Popular Men's Meeting at the Y. M. C. A. yesterday. Rev. Dr. Crothers gave his concluding address of the series on the subject "A Young Man's Reading." Reference was made to Sunday being a special day all over the world in connection with the Student Volunteer Movement.

A duet was furnished by Messrs. Brown and Thornton and a solo by Mr. R. Freund. Both added to the interest of the meeting. Rev. A. H. Brace will speak next Sunday on the subject "Slippery Places."

PRETTY WEDDING IN SMITH TP.

Nuptials of Mary McEwen and Frederick Wm. Scott, on Feb. 7th.

A pretty wedding took place in Smith Township, on Tuesday, Feb. 7, when Mary E. McEwen was united in marriage to Frederick Wm. Scott, of 4th Line Smith.

The marriage took place at the residence of the bride's father, the ceremony being performed by Rev. L. McKinnon, of Gilmour Memorial Church.

The many beautiful presents received testify to the esteem in which both parties are held by their many friends.

LAKEHURST.

(From Our Own Correspondent)

The funeral took place on Saturday of Thomas, the infant son of Mr. and Mrs. John Ireland, of Deer Bay.

The remains were interred at Lakehurst, the services being conducted by Rev. Mr. Batterby, of Young's Point.

IS A SANATORIUM OBJECTIONABLE?

"Amateur" Claims That its Proximity to a Town is Not Dangerous.

Argument and Authorities Cited to Prove This Position.

To the Editor of the Examiner:

Sir,—In the Sanitary Record (London, England) Sir James Crichton Browne, an eminent London physician, in a recent lecture, said, the fears of danger in assemblages of large numbers of consumptives in sanatoria, "were old wives' fables." And an editorial in the same journal, we are told that Bournemouth has half a dozen sanatoria for consumptives, and it is probably the most popular health and pleasure resort in Great Britain; that Ventnor has one, but its proximity to town does not deter visitors; and that "such fears are largely based on pure ignorance."

According to a late New York medical weekly, a Russian physician, Dr. Jhankoff, has been studying this question of infection during a practice of many years in Russian villages. Most of the consuptives there were men who had been in Moscow and St. Petersburg for years and had returned home. He never saw a case of the disease transmitted to their wives, children or relatives, although all lived in "crowded conditions."

In the Saranac Sanatorium for Consumptives (Adirondacks, N. Y.), in its twenty-five years, there has been no instance of consumption amongst all of its many employes, though many of them appeared to be good subjects for it on entering the service. In the town of Saranac, nearby, with its two thousand people, during fourteen years the mortality from tuberculosis has been less than in most other towns of like size, "results which coincide with the experiences of other like resorts."

In Tuberculosis, of April (Journal of British National Association for Prevention of Consumption), we find Dr. Arthur Ransome, F.R.S., etc., a most eminent physician of Manchester, says, "tuberculosis is truly a "filth disease", very rarely, if at all, directly in actions from person to person, and apparently the bacillus can only live and retain its virulence in presence of organic impurity, derived chiefly from emanations from animal bodies or a damp subsoil. "This is the teaching of years before disinfection of sputa was thought of." And before such disinfection was thought of the mortality from this diseases had been gradually lessening in England from 25 per cent. to 50 per cent. owing to general public sanitation.

In Tuberculosis, Dr. C. Theodore Williams, F.R.C.P., etc. (consult, Brompton consumption hospital), writes that some hold that the principal object is the destruction of the tubercle bacillus, and when this has been accomplished the work is done, forgetting that the bacillus would never have presented itself had not the conditions and habits of patients invited him; and unless these predisposing causes of tuberculosis be removed he will return, and may be accompanied by numerous and dangerous allies, streptococci and staphylococci, "and they will enter in and dwell there, and the last state of that patient may be worse than the first."

Dr. Ransome, above mentioned, to whom was awarded the Weber-Parkes prize for the best essay on the control of tuberculosis, says in this essay:—"I have shown by actual experiment with both pure cultivations of the bacillus and tuberculosis dust derived from sputum, that the infecting material retains virulence for a long time in unsanitary places, but loses the power of infection, after exposure to pure air and sunshine for periods of time far too short for the sputum to dry up into dust."

A circular from the British Association for the Prevention of Consumption, among the officers of which are about twenty London physicians of the highest standing, advises that the inhabitants of houses in the immediate vicinity of any consumption sanatorium, where the open air treatment is properly carried out, are perfectly safe from local propagation from this source.

From Dr. Playter's book on consumption it seems clear that no evidence of infection can be shown by the Brompton Hospital for Consumptives in the midst of London, close to a closely built up street, with its many hundreds of resident patients, and many "out patients" visiting it daily, nor by the Fredrichshain hospital, Berlin. Dr. Austin Flint, of New York, in a collection of 670 cases bearing on its communicability between husband and wife, declares the cases did not furnish facts sufficient to render infection probable. And the late eminent Sir B. W. Richardson stated (the Asclepaid, ap. 94) that in the early part of his career he determined to "watch intently, without bias, and persistently," for evidence of infection in this disease, but in a large practice of half a century, largely dispensary, too, he had not found "a single particle of evidence" of it, or that "gave colour to it on reliable data."

Such want of evidence of the infectiousness of this disease could be multiplied indefinitely, or especially that it is anything more at most than a "non-contagious, communicable disease". The only reliable evidence of infection is that the disease may be inoculated into animals and has been accidently inoculated into man. All else is mere conjecture, which we have evidence everywhere to the contrary. I will conclude with the latest contra evidence and statistics, Sir Hugh Beevor, Bart., M.D., etc., at the annual meeting of the British Medical Association gave some statistics he had collected on rural phthisis. He says:—"The uniformity in the history of rural phthisis strikes me as most cogent evidence of the insignificance of case-to-case infection." His quotes and fully agrees with Dr. Anvord's similar statistics of Swedish towns:—"That the special constancy of any tuberculosis does not point to any place among infectious diseases."

Yours, etc.,

AMATEUR.

IN MEMORIAM.

To the memory of the late Sgt. George Stanley, who died Jan. 27, 1905, aged thirty-nine years.

Angels came and took your wife
From the scenes of strife and care,
To a land where all is beauty,—
For the Saviour reigneth there.

Now no more she'll sweetly slumber
In a loving husband's arms,
Death's cold arms have now embraced her,
But for her they'd no alarms.

Tired hands at last are folded
On that tired and pulseless breast,
Darling sister and loving wife
Now is laid away to rest.

Faithful heart has ceased its beating,
Loving voice is ever still,
Kindly eyes for others' sorrows
Now no more with tears will fill.

Those dear lips are closed forever,
That sweet voice no more we'll hear,
Breathing words of love and kindness
Our poor lonely hearts to cheer.

Unseen, unheard, she still is near,
So be not sad of heart;
You soon will meet beyond the veil,
Where loved ones never part.

Like an infant, sweetly sleeping,
Her poor spirit passed away,
And she wakened up in Heaven,
Evermore with Christ to stay.

Our Father is too wise to err,
Too good to be unkind;
Our work all done, He calls, but ne'er
Forgets those left behind.

Where she is, sickness is unknown,
No death, nor grief, nor pain;
How can we then lament our lot
Or wish her back again?

Your loved friends will meet her
In that glorious spirit land,
There to dwell for Christ forever,—
An unbroken family band.

—By Beatrice F. Whyte.

"WITHIN 48 HOURS"

Premier Parent Is to Quit According to M. P. From Quebec.

HON. L. GOUIN TO SUCCEED

Senator Choquette Will Withdraw His Charges Against Mr. Parent and Peace Will Once More Reign in the Liberal Ranks—Mr. Parent Out of Touch With the Party—Premier's Blunders.

Toronto, Feb. 14.—The Globe's Ottawa correspondent last night wired his paper the following despatch:

"Within 48 hours," said a member of Parliament from the Province of Quebec to The Globe correspondent this morning, "Mr. Parent will have resigned from the Premiership and Hon. Lomer Gouin will be at the head of the Provincial Government. Senator Choquette will withdraw his charges against Mr. Parent and peace will once more reign in the Liberal ranks. Mr. Parent has been for some time hopelessly out of touch with the party. He is a poor speaker, lacks savoir faire, and has always stood aloof from instead of going out and mixing with the people

Mr. Parent's Blunders.

"The suddenness with which he sprang the last Provincial elections, in spite of the Governor's protest, was outrageous. We Liberals have always stood up for fair play to our political opponents. Mr. Parent's coup d'etat was most unfortunate for himself, as it turned out. His conduct was not that of a Liberal. He was guilty of other blunders. Before the elections he wrote to certain men, endorsing their candidature. Those men were Parent supporters, but were not chosen by the Liberal party. Consequently in every case they were defeated.

Mr. Gouin An Able Man.

"Mr. Gouin, the coming Premier, is an exceedingly able man. He is an orator and born administrator. He is not revolutionary, but conservative in his policy. I expect to see Mr. Parent go to the Transcontinental Commission to succeed Mr. Brunet. The latter is a wealthy man, but he is not much in line with his present position. He is attached to Montreal, and does not like the idea of moving to Ottawa."

Perfect Confidence.

When there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford, of Poolesville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success. My child, Garland, is subject to severe attacks of croup and it always gives him prompt relief." For sale by all druggists.

COLD IN THE WEST.

18 Degrees Below Zero At Chicago—Western and Southwestern States Have Many Deaths By Freezing.

Chicago, Ill., Feb. 14.—With almost unprecedented cold and deep snow, delays in passenger and freight transportation much loss of human life and some damage to live stock were reported from a vast territory, west, south and north of Chicago yesterday. Moderation set in last night north and west.

In Chicago the rare temperature of 18 degrees below zero was reported yesterday, causing great suffering among the poor. The most unusual of the present cold weather hardships are experienced in the southwest, including Oklahoma, Indian Territory, Arkansas, New Mexico, Missouri and Northern Texas.

With a record breaking temperature of 25 degrees below zero at Kansas City and fifteen inches of snow under a clear sky—and this indicates conditions in the whole southwest—a dozen persons have been frozen to death in Oklahoma, Indian Territory, and adjoining States.

Snow Delays Trains.

Trains are delayed by snow drifts, but wheat is protected and live stock losses will not be extensive. The temperature in the southwest last night tended toward moderation. Henry Ball of Ponca City, Okla., was frozen to death while driving.

Chas. Williams was found yesterday near Guthrie, Okla., frozen stiff. In the middle west, including Iowa, Kansas, Nebraska and adjoining States the cold was intense.

Trains are much delayed and coal is scarce at several places. Herders and travelers have been frozen on the prairies in several States.

Intense cold and deep snow are killing hundreds of deer and other wild animals in Northern Wisconsin and Upper Michigan. Even wolves' carcasses have been found. Farmers report that wild cats and wolves appear to have lost all fear, raiding chicken coops, pig pens and even cattle barns.

Greatest Live Stock Losses.

L. E. Bolton, secretary of the Oklahoma Live Stock Association, says the live stock losses this year will be the greatest since 1896. He places the number of head lost on the ranges in Western Kansas, Western Oklahoma and the Panhandle of Texas at 50,000 head.

Railways Blocked By Snow.

Kingston, Feb. 14.—The Kingston & Pembroke Railway is closed, owing to the snow blockade, and a large force is out clearing the tracks. The Bay of Quinte Railway has had no train into Kingston since Wednesday last. The Kingston Street Railway is only half open.

NORTH SEA INCIDENT.

No Torpedo Boats There Say British; Some Torpedo Boats There, Say Russians Would Pay Indemnity.

Paris, Feb. 14.—The international commission, which is inquiring into the North Sea incident, yesterday heard the conclusion of the British and the Russian agents upon the testimony presented.

The British conclusion maintained that the testimony showed that no torpedo boats were present, and that, therefore, firing was unjustifiable, whereas the Russian conclusion held that the testimony showed that torpedo boats were present and that the firing was fully warranted.

However, the Russian statement closed with a declaration of profound regret at the fact that innocent lives had been sacrificed and announced the willingness of the Russian Government to pay an indemnity to the survivors and families of the victims, leaving the amount and partition of the indemnity to "The Hague Tribunal."

Yesterday's session practically closed the work of the commission until a decision is reached, when Admiral Fournier (the president of the commission), will call a meeting for the public announcement. The admirals in the meantime will hold daily private sessions to deliberate upon the decision. It is expected that some days will elapse before definite results are reached.

War Barely Escaped.

London, Feb. 14.—The diplomatic correspondence regarding the North Sea incident and leading up to the appointment of the Paris International Commission, issued last night, shows that the affair severely strained Anglo-Russian relations. The correspondence gives a significant conversation between Lord Lansdowne and Count Benkendorff, the Russian Ambassador, when the British Government was apprehensive that Vice-Admiral Rojestvensky would continue on his voyage to the Far East without calling at Vigo. Lord Lansdowne told Count Benkendorff that, "in that case we might find ourselves at war before the week is over," and pointed out the news of the concentration of the British fleets at Gibraltar and elsewhere.

Game in British Columbia.

In Southern British Columbia you would get elk (wapiti), mule deer, and white-tailed deer, the last two most numerously. In the Rocky Mountains and in the Cascades, mountain sheep, growing scarcer; and high on the summits of the Selkirk Mountains, the white goat. Fur-bearing animals are rather numerous, from bears, wildcats and wolverines, down to weasels. Rabbits (large and small hares), and various squirrels, gophers and ground-squirrels abound in the valleys, and on the high mountains a marinot (or mountain woodchuck), and the pikas or "conies." The game-birds include several grouse, and in the neighborhood of the Shushway, or Okanagan Lakes, or in many places in the Kootenay region and along the lower Fraser, wild-fowl of all sorts, and shore-birds will be found numerous

TRADE WITH SOUTH AFRICA.

Our Exports Show a Gratifying Increase—Direct Steamship Line—Chinese Tax Effective Barrier.

Ottawa, Feb. 14.—The House spent the greater part of the day yesterday in supply on various estimates for steamship subsidies. One of the gratifying features was the announcement of a great increase in the trade with South Africa under the favorable conditions of the preference and the steamship service. Most of the subsidies were, however, for small lines of vessels in remote and sparsely settled portions of the Dominion, where the returns of the traffic alone would not sustain a service to meet the needs and carry the mails for the few settlers.

In dealing with the vote for the administration of the Chinese immigration act it was shown that the raising of the tax to $500 had been a most effective barrier. Early in the afternoon Hon. Mr. Emmerson declined to bring down, before they were approved by the Government, the plans deposited by the G.T.P. for terminal points in the west, on the ground that it would be in the interests of speculators.

Mr. Calvert introduced a bill to incorporate the Canada & Middlesex Railway Company.

Hon. Mr. Emmerson laid on the table the annual report of the Department of Railways and Canals.

A long list of miscellaneous questions were answered by members of the Government, most of them of interest only to the particular locality affected.

The following private bills were given second reading and referred to committee.

Respecting the Grand Trunk Railway Company—Mr. Macdonald.

Respecting the Canada Atlantic Railway Company—Mr. Macdonald.

Respecting the Toronto & Hamilton Company—Mr. Calvert.

Respecting the Century Life Insurance Company—Mr. Macpherson.

To incorporate the Calgary & Battleford Railway Company—Mr. Turriff.

The Minister of Finance, Hon. W. S. Fielding, will sail from London on Wednesday for New York.

Jumped From Moving Train.

Toronto, Feb. 14.—While being taken to Peterboro by his sister on Sunday night, F. E. Roper, a lunatic, jumped from the moving train into the snow near Taylor's brickyards at Todmorden. He spent the night wandering around the vicinity and was taken in charge by the county police in the morning, and is now in custody awaiting inquiries from friends.

Prussian Strike Ends.

Essen, Prussia, Feb. 14.—The coal strike is entirely ended. Full shifts went into the mines yesterday morning.

The superiority of Dr. Pitcher's Backache-Kidney Tablets over other forms of treatment is due to the fact that they are the prescription of Dr. Zina Pitcher, the famous specialist—were used successfully and tested in private practice by him for many years before they were given to the public at large. They contain expensive specific ingredients not found in any other Kidney remedy. Is it any wonder, then, that they cure lumbago, diabetes, gravel, Bright's disease, uric acid in the blood, rheumatism, neuralgia, dropsy, irritability of the bladder, and Kidney troubles of old people and children when other remedies fail?

Read what Mrs. W. Martin, Orangeville, Ont., has to say: "Some time ago I had a good deal of trouble with my back, due to a cold that settled in the Kidneys. I was also troubled with dizziness and headache.

I started taking Dr. Pitcher's Backache-Kidney Tablets, and by the time I had used one bottle the backache, headache and feelings of dizziness had all disappeared. I consider the Tablets a good medicine."
